Resolution

Whereas, the philosophy of program for The United Methodist Church
for maximum initiative on the part of local churches in program planning
implementation;

Whereas, the Committee on Structure of The United Methodist Church
submitted to the Church, among other things, the question of centralizatio
decentralization;

Whereas, a staff at the Annual Conference level, regardless of size,
hardly be expected to render direct service to approximately 800 local chur
in The South Carolina Conference, even if this were desirable;

Whereas, the District Superintendents in the structure of our church,
the most knowledgeable and most available to local church needs;

Whereas, under the 1968 Discipline of The United Methodist Church,
District Superintendents are further freed for administration in their districts

Whereas, now, while the Program Council approach is being implemen
in our Conference, is the proper time to determine the direction in which
Conference intends to move in program planning, implementation, and staf

Whereas, discussion at the local church level is needed and desired be
the South Carolina Conference determines the final form of The Program C
cil:

**Therefore, be it resolved by The South Carolina Conference, in sessio
Main Street United Methodist Church June 9-13, 1969:**

(1) That the Conference express its appreciation to The Program Co
for its study and report to this session of our Conference:

(2) That, without prejudice to that report at this time, this Conference g
record as wishing to consider an alternate plan for The Program Co
which would embrace the following principles:

(a) The Conference Program Council professional staff be comp
of a minimum professional personnel, with sufficient office cle
assistance to care for necessary correspondence, resource mate
etc.

(b) That the Conference Staff confine its direct services of trai
resources, etc. to the Annual Conference and District levels, and
local churches of the Conference not make requests of The Pro
Council staff for direct services.

(c) That the Districts, under the guidance of the District Superi
dents, form District Program Councils covering the same area
the Conference Program Council, and that they (The Dis
Program Councils, under the District Superintendents), be cha
with the implementation of the Conference program at the
church level.

(3) That the Program Council be requested to present to District (or
regional) meetings in the bounds of The South Carolina Confe
during the 1969-70 Conference year, the alternate plan proposed
and the plan outlined in the pre-conference booklet, for the purpo
discussion and determination of what type of program supervisio
local churches of the Conference want and need.

(4) That the Program Council determine the approximate total co
each of the two proposed plans in terms of (a) administration an
program, and that such costs be presented along with the two plan

(5) That pending such consideration during the 1969-70 Conference year, the Annual Conference Program Council and staff be maintained on the present basis, and that the Commission on World Service and Finance be requested to make adjustments in Conference apportionments in conformity with this resolution.

POINT OF ORDER—Harvey Floyd informed the Conference that this was phrased as a resolution and asked if it should not be referred to the Committee on Resolutions. Comments were made by M. D. Moore. Mickey Fisher spoke for the substitute.

Further that a report on these findings be made to the Program Council and through it to the Annual Conference along with the Program Council's recommendations, and

That we express confidence in, and appreciation to, the Program Council for the report presented to us, and

Lastly that we grant the Program Council a year of experience with its proposed program setup and that an evaluaton be made at the next Annual Conference in the light of the year's work and that we continue to remain open to new directions and new changes when such a need seems indicated."

3. In the paragraph marked (5) add a new sentence following the fi sentence in this section as follows: This does not prevent salary a justments to existing staff positions.

SECTION VI
BOARD OF CHRISTIAN SOCIAL CONCERNS
REPORT NO. 1
INTRODUCTION

In the Book of Deuteronomy there is a verse that says, "I put before you today life and death, and you chose life."

In God's call to us today to see reconciliation of all people, He is again putting before us the choice of life or death. We have too many Methodists, both lay and clergy, who are trying to buy a few more years of their interpretation of the good life. The price they will pay is the ultimate death of us all. I can't see how any of us Methodists can fail to work for the goals of reconciliation that were set forth by the last General Conference. It seems to me that any member of the clergy who does anything to block the goals of this conference is compromising his own integrity as a minister. It is a sad fact that too many are putting barricades on the highway of reconciliation and counteracting the paving efforts of the United Methodist Church.

This may be a serious charge, but a study of our conference will show too many of our clergy guilty. How they justify themselves, I do not know. Of course, I do not believe in any separation of the ministry as to lay and clergy, and I know that there is much guilt also on the laity. What we must decide, and the time is late, is that we must unify and resolve to support the positions of the United Methodist Church in all of its stands. The most serious crisis of reconciliation is before us; we must commit ourselves to it. We must be bold and imaginative enough to see beyond the frontiers of our own social existence. It will take a powerful force to stop the inertia of the social forces of the past, but we have this force. It is Jesus Christ! What are we afraid of.

In a short paragraph let me say that I look forward to working with the new structure of our annual conference with great confidence. If our board can give up anything to strengthen the Program Council and the ultimate service to the people of South Carolina, we will be happy to do it. On the other hand, we want to add anything to the Council that will increase its ability to serve. There is some sadness in losing part of the relationship with the Executive Secretary, Spencer Rice, and with Bill Brown, Charles Dunn, and Lake Waldrop, but their ministry will be broader and deeper. Their contributions to the Board of Christian Social Concerns over the years is immeasurable, and we will all be forever grateful.

Respectfully submitted,
RHETT JACKSON, President

REPORT NO. 2
THE STAFF

The good news that every person is of the greatest value is to be woven into the social fabric of all of life. The Conference Board of Christian Social Concerns sees its work primarily in terms of social change that will result in full humanity for every man. For this purpose it exists and to this end it is committed.

In response to this overall objective, the staff has been involved in many activities designed to bring about desirable changes in our society. In doing this it has endeavored to execute policies and instructions of the Conference Board.

An effort has been made to keep up with developing legislation in areas of social concern and to convey to our representatives in government the stand of the Board on particular matters. Among the positions taken is support for:

The Ratification of the Nuclear Non-Proliferation Treaty
A More Equitable and Voluntary System of Military Service
A Unified Code of Laws on the Sale, Control, and Use of Alcoholic Beverages in South Carolina
The Implied Consent Law
The Abolishment of Capital Punishment
Stricter Gun Control Laws

The staff has co-operated fully with our allies in service, especially the Christian Action Council, the Alston Wilkes Society, the South Carolina Council on Human Relations, and the Adult Literary Crusade of the S. C. Junior Chamber of Commerce.

The staff has been active in matters of reconciliation, the Executive Secretary serving as a member of the Conference Committee on Reconciliation.

The directors attended the National Convocation on Christian Social Concerns, held in Washington in March. The entire staff and a large representation of Board members attended the Regional Conference on Christian Social Concerns at Junaluska last July.

OTHER STAFF ACTIVITY

Mrs. Waldrop has worked with the UNICEF State Committee in the Columbia Area, where children and youth collected over $17,500.00. Mrs. Waldrop assisted by the Reverend Layton Gregory conducted a U.N.-Washington Seminar in October.

Mr. Dunn assisted St. John's Church of Aiken in planning a service project with migrants on St. John Island last summer. He is now working with the Presbyterians, Lutherans, and the Methodists of the Conference of '66 on an expanded migrant ministry to be conducted on St. John, Mt. Pleasant, and Edisto Islands for the summer of 1969.

The purpose of this program is to provide an opportunity for developing understanding and meeting needs of children, youth, and adults through a ministry of concern between cultural groups.

We have continued to support Task Force Community Uplift.

Mr. Brown is Chairman of the S. C. Advisory Committee on the Pastoral Care of Alcoholics, which functions in an advisory capacity to the South Carolina Commission on Alcoholism. He also chairs a Christian Action Council Committee which is making a study of where we are in handling the alcohol problem.

Mr. Brown also works with the S. C. Department of Corrections as an instructor to Methodists at the Central Correctional Institution.

JOINT MEETING

The February meeting was a joint meeting with the Board of Christian Social Concerns of the Conference of '66. We have welcomed all opportunities to work with our brothers of our sister conference.

SUMMER PROGRAMS, 1969

June 23-28	Charleston Innercity Work Project for Seniors Only
July 19-26	United Nations-Washington Seminar for Seniors Only
July 25-26-27	Weekend Conference on Christian Concerns for Mid-Highs and Seniors

These activities are planned for youth of the '66 and the '85 Conferences.

INVOLVEMENT IN PLANNING

The staff has spent much time and effort in study and training in anticipation of the new plan of operation which is to go into effect in June and in planning learning experiences for the local church.

Our experience in serving as the staff of two boards and the study we have done make us excited over the prospects of further co-ordination of the conference program under one staff.

GOALS FOR 1969-70

I. To lead every local church into a full and creative experience in the understanding and functioning of the Council of Ministries.

To design learning experiences for local church leaders. This will be done in consultation with representatives of the local church, the area and the district.

To develop competency in district staff members to the end that they become effective "enablers" for ministry to the local church.

1. To stilmulate work area chairmen to become informed about duties and skills necessary to minister effectively.
2. To create awareness of and sensitivity to the needs of the local community.

II. To minister on behalf of the church through:

1. UN-Washington Seminars
2. UNICEF
3. Migrant Ministry Project of United Church Women in Co-operation with the United Methodist Conference, 1866 and Presbyterians U. S.
4. Statewide Seminars

III. To support and challenge all agencies engaged in social change which results in the full humanity for every man.

1. Christian Action Council
2. Alston Wilkes Society and the S. C. Department of Corrections
3. South Carolina Council on Human Relations
4. Adult Literacy Crusade of the South Carolina Junior Chamber of Commerce

IN APPRECIATION

In Report Number 2 of the Board of Education, we expressed appreciation to you who support us in service. We add here our special gratitude to Rhett Jackson for his great courage and his inspiring leadership.

Respectfully submitted,
SPENCER M. RICE, Executive Secretary
B. B. BROWN, Director of Alochol Problems and General Welfare
CHARLES DUNN, Director of Human Relations and Economic Affairs
LAKE WALDROP, Director of Peace and World Order

REPORT NO. 3

Section on Alcohol Problems and General Welfare

A. We recommend that each community seek to aid the poor. Specificially, this can be done through the church acting as the catalyst or as servant.

1. The District Directors have a copy of the plan which deals with effective administration of the Food Stamp Program. The purpose of the plan is: To enable the Food Stamp Program to more effectively serve the poor. Churches needing resources for implementing this purpose should contact the District Director or write directly to B. B. Brown, 1420 Lady Street, Columbia, S. C. 29201.
2. The proposals for some form of "guaranteed annual income" are being studied by various agencies — both governmental and church. An excellent resource which analyzes the proposals and makes some specific suggestions is the book — **Guaranteed Annual Income: The Moral Issues** — by Philip Wagoman (Abingdon Press, $1.95).
3. An "Adult Literacy Campaign" is being sponsored by the South Carolina Jaycees. A major part of the plan is to locate the 230,000 illiterate adults (according to the 1960 census) in South Carolina. The churches will be asked to help canvass each community (September, 1969) and to help enroll the illiterate adults in night school. Facilities for this will be through the public school system.

REPORT NO. 4

Section on Human Relations and Economic Affairs

REPORTS

Through our Section on Human Relations and with approval from the Board of Christian Social Concerns, Conference of 1785, we invited Mrs. Bernice Robinson, Chairman of the Board of Christian Social Concerns, Conference of 1966, to make a brief presentation as introduction to the report of our entire Board at our Annual Conference, 1969. We appreciate her willingness to assume this task and welcome her on behalf of our Conference, 1785.

Mrs. Robinson is asked to comment on the position of the United Methodist Church relative to race relations. It is hoped that her presence will serve as an embodiment of this principle of our Church and become effective communication to all of the Conference of 1785.

Ministry to Migrants

We have planned and are now involved in a "Ministry to Migrants," in the Charleston area — St. Johns Island, Edisto Island, Mt. Pleasant. This is for youth now in the 10th, 11th or 12th grades, of the United Methodist Churches in South Carolina and the Presbyterian Churches in South Carolina. This will be for two, two-week periods, May 30 - June 14, and June 13 - 29.

We are most grateful for the guidance and advice of Miss Wilhelmina Hand, Educational Assistant, St. John Church, Aiken, who led a ministry to migrants last summer. She was in charge of the day of training, April 19, for all participants.

We appreciate the fine work in this area performed by our Section Director, Charles Dunn.

"Trap of Affluent Values" Study

A study for the local church in this area of the relationship between Christian discipleship and economic life has been prepared.

The title of the study is **"What Determines Your Way of Life?"** It is divided into three sessions: (1) "What Determines Your Life?" (2) "Who Are You?" (3) "What Are You Living For?" For each session there are three parts: (1) A Scripture passage (from the Sermon on the Mount); (2) A basic study paper; (3) An audio-visual.

The outline of the study, the papers and the audio-visuals can be secured from our Conference Board of Christian Social Concerns and the Conference Audio-Visual Library.

We encourage every local church to engage in this study this Conference year, 1969-70.

RECOMMENDATIONS:

I. We recommend that we as a Conference representing every local church, affirm and actively support the Social Creed of the United Methodist Church and the resolutions relating to respect for the law and right of dissent, adopted at the 1968 General Conference, in Dallas, Texas.

II. We propose that there be local meetings of persons from the white and black Conferences of the United Methodist Church in South Carolina, who have some responsibility in the general area of Christian Social Concerns. In the local meetings, the following persons should be invited to participate: Pastors; District Superintendents; District Directors of Christian Social Concerns; Local Church Chairmen of Christian Social Concerns; District Fund for Reconciliation Committee Members; Annual Conference and National Staff Members who happen to be residing in the area; Representatives from the WSCS, UMM and UMYF; Representatives from the Ecumenical Affairs Committee; the District Lay Leaders and Associates.

The purpose of these meetings would be to form "Task Forces," which could carry through the following functions: (a) Get acquainted; (b) Discuss the meaning of inclusiveness; (c) Discuss the possibility of co-operative projects

(for example, special observance days); (d) Set up study committees in economic affairs, politics, social and cultural affairs; (e) Training of local church leadership for work with the quadrennial program theme, "A New Church For A New World."

We recommend that Annual Conference support this proposal in spirit and action.

III. We recommend the establishment of 'pilot churches' in several key areas of the state, for the sake of the mission of the church. These 'pilot churches' would from the outset be composed of persons who have convenanted together to form socially conscious and racially inclusive local church congregations.

We recommend that serious consideration for the establishment of 'pilot churches' be given this year, by our Bishop Paul Hardin, Jr., the District Superintendents of the Columbia Area, and the Boards of Missions, Evangelism and Christian Social Concerns of the Columbia Episcopal Area.

IV. Recognizing with gratitude the worthy and commendable programs of rehabilitation for older and adult offenders in our correctional institutons of the state, we now call upon the general assembly, the Governor of the state of South Carolina and the S. C. Department of Corrections to (1) recognize the overwhelming needs of youthful offenders in our state institutions of corrections (2) devise a comprehensive program of education and rehabilitation for youthful offenders in the industrial schools and state training schools.

V. Whereas the South Carolina Senate has acted favorably on Bill S. 32 which, when passed by the House of Representatives, will make it possible for a licensed medical doctor to perform legal abortions; and

Whereas, Bill S. 32 has incorporated safeguards to protect the health of the woman involved and the practice of doctors, and

Whereas, it is common knowledge that unlawful abortions place in jeopardy the lives of women and the practice of doctors, and

Whereas, it is estimated that there are 1,000,000 illegal abortions in this country and an estimated 10,000 lives lost along with health impairment and sterility, and

Whereas, a total of nine states have passed similar legislation, and

Whereas, in the interest of reality and common humanitarian consideration and

Whereas, experience in the states of North Carolina and Georgia show conservative use of the law, to wit 98 abortions in North Carolina and 11 abortions in Georgia—both statistics are for the past year—

Be is resolved that the Board of Christian Social Concerns commend the South Carolina Senate for its concern for the preservation of lives and its concern for law and order and that we urge the House of Representatives to act favorably on passage of Bill S. 32.

Respectfully submitted,
JAMES H. NATES, Chairman

Report on Section on Peace and World Order

I. The Section on World Order shared the responsibility for the following programs in the past conference year:
   A. The observance of World Order Sunday.
   B. Promotion of UNICEF (United Nations Children's Fund). Many of our churches are sharing in this cause. Our collections for 1968 were $18,677.10.
   C. United Nations - Washington Seminar, October 19-26, 1968.
   D. Initiated resolutions sent to the Senate of the United States for the immediate ratification of the Nuclear Non-proliferation Treaty.
   E. Initiated resolutions sent to the Congress regarding volunteer Selective Service.

II. The United Methodist Church upholds the principle of unconditional love as manifested in Jesus Christ Our Lord. As Christians, our first allegiance is to God, who placed the welfare of human beings above the existence of any nation. We are called by God to express His love in every relationship of our life — individual and corporate. Hopefully, we as the Church will become the means of reconciliation and the instrument of peace in the world. This leads us to an expression of the following concerns:
   A. We recommend that the Annual Conference endorse any world-wide conference, including the Paris Peace Talks, from which a just, honorable, and lasting peace may evolve; and, furthermore, we commend the present United States policy of reduction of troops in Southeast Asia.
   B. We recommend to the Annual Conference that we support resumption of diplomatic relations of the United States with all nations with whom we have broken relations, including Cuba and Red China, not as a means of showing our approval of totalitarian dictatorship but only as an open door to better communications.
   D. We recommend that the Selective Service System be abolished if a more equitable and voluntary system be employed in the security of our country.
   E. We reaffirm the statement as previously adopted by the South Carolina Annual Conference (1785) as printed in the Journal and Yearbook of 1966 (P. 130), pertaining to METHODISTS AND MILITARY SERVICE, which in essence supports both the conscientious objector and the active participant in war. Realizing that individuals object for various reasons to serving in the Armed Forces of our nation, especially when violent destruction of life and property is involved, that some wars are considered immoral and unjust; that it ought to be stated as a principle of our land that it is just as honorable to work for peace as it is to fight for survival against the threat of any enemy; and further, that working for peace should be considered as a preventive measure to the alternative of war; we the Board of Christian Social Concerns recommend to the Congress of the United States of America that the Peace Corps be elevated to the status of any other branch of the Armed Forces, and that these people be given similar considerations and benefits thereof.
   F. We recommend that the Conference staffs of Christian Social Concerns survey the need for a depth study on Communism, which could be implemented on a local basis.
   G. We encourage the continued study by the Board of Christian Social Concerns of the proposed Cabinet-level Department of World Peace in the hope that details with regards to conscience and war can be devised and presented to the Annual Conference.
   H. We affirm our opposition to militant violence as a means of carrying forward the work of the United Methodist Church. Our connotation of the term "militancy" is the by-passing of normal judicial and legislative procedures for social change in favor of the use of threats, force, coersion and the destruction of property. We believe that the true work of God can only be carried forward through the true Word of God preached, taught, proclaimed and lived.

III. For the 1969-1970 program we recommend the following:
   A. That WORLD ORDER SUNDAY be observed in every church in our Conference on Sunday, October 19, 1969. Materials for this special observance can be procured through the General Board of Christian Social Concerns. We hope that every church member will become more acquainted with world issues and the need to seek peace in every area of the world.
   B. That collections for UNICEF (United Nations Children's Fund) be made on October 31, 1969. It is hoped that this will become an ecumenical effort of all churches in a given area. The United Methodist Church of South Carolina has been a leader in the promotion of UNICEF.

C. That the UNITED NATIONS-WASHINGTON SEMINAR ... held on July 19-26, 1969, for Junior and Senior High School stude... and adults. It is hoped that this Seminar will become an inclusive ... lowship, with representatives from the South Carolina Conference ... 1866 and the South Carolina Conference of 1785. COKESBURY INSTITUTE REPORT

Progress has been very much in evidence at Cokesbury this year! Priority has been given to the completion of the exterior of the building and to landscaping the lot. No work has been done to the interior. In addition to the progress listed last year in weather-proofing the building, some of the improvements you will observe are:

1. The entire exterior stucco has been re-done.
2. The boxing around the roof and the front porch ceiling have been completed. The steeple is being remounted, repaired and painted.
3. A deep well, pump and house, septic tank and drain lines were installed.
4. A couple has been secured to live on the lot. The space for their house trailer is provided rent free.
5. The landscape has been cleared of bushes and debris. An old well has been filled. A gravel drive has been constructed. Hundreds of azaleas, magnolias and other plants have been donated and planted in a most attractive plan donated by a professional landscape designer.

All items have been donated by friends or paid for by the Board of Trustees as the work was completed.

You are invited to ride by to see this famous landmark which was made a shrine of the South Carolina Conference in 1968. It is located about two miles from Hodges.

Nell S. Graydon's Cookbook, **From My House to Your House.** Mrs. Graydon secured the services of a civic club in Greenwood in 1968 to solicit advertisements for the cookbook. She contributed the text and worked with the printers. The books were presented to the Board of Trustees for sale with the proceeds to apply to restoration. The response has been most gratifying. Churches all over the state have ordered copies and a number of copies have been sent to individuals. Many people are finding that the low price of the book makes it an ideal shower present. Others have used it as a gift of appreciation to a hostess. The South Carolina Methodist Advocate and Greenwood's Main Street United Methodist Church have handled consignment orders. The cost of the book is $3.09 or $3.25 when ordered from the Rev. Lewis R. Sherard, Secretary, P. O. Box 398, Holly Hill, South Carolina 29059. Your Board of Trustees is grateful to Mrs. Graydon for this wonderful gift, efforts in overseeing the construction work, and for inspiring hundreds of persons to provide gifts, labor and items of historical value for use in the restored building. The conference owes a very high debt of gratitude to this gracious lady.

Cokesbury Day 1969

This special day of emphasis observed in the local churches on January 12, 1969 was set by the Program Council according to the action of the 1968 Annual Conference. Each church was asked to support Cokesbury by supplying their members with information and by giving the loose offering on that day. Fifty thousand bulletin inserts and three thousand posters were distributed to 767 churches in preparation for the day. Volunteer youth and adults did all the preparation for the mailing. Nearly a hundred churches have remitted over $2,100. Each church treasurer, where possible, and the pastor of each contributing church has been thanked. Hundreds of dollars were saved by asking the churches for the loose offering rather than having to print and mail envelopes.

Finances

About $12,000 has been spent this year. The conference support of $1,000 is included within this amount. The Gregg-Graniteville Foundation of Graniteville, South Carolina, sent a contribution of $2,500 and the Riegel Corporation of Ware Shoals, South Carolina, made a contribution of $100. The local churches contributed over $2,100. Some support has come from individual gifts. Except for a balance of $3,500 at the beginning of the year, the rest has come from the sale of Mrs. Graydon's cookbook.

Visitors

The Conference Women's Society of Christian Service toured the property and attended a tea at the Cokesbury United Methodist Church during their annual meeting in March.

The Masons

In the April 1969 meeting of the Ancient Free Masons of South Carolina, the members unanimously adopted a resolution calling for their acceptance and support of the responsibility for restoring the third floor. It will be furnished as a Lodge Hall in keeping with the original. The Grand Lodge also agreed to assist in furnishing a parlor in the small room on the third floor and in preparing a bronze marker to be placed near the entrance of the building. The marker will coincide with a similar marker to be prepared by the church. Each marker will briefly depict its historical connections with the property. The Grand Lodge will also officiate at a ceremony re-layng the old cornerstone and the dedication of the restored building when it is completed. These plans will be implemented by the Grand Master's appointing a committee of three Master Masons to work with the Board of Trustees in following through with the plans. The committee is to meet with the Trustees to agree on a plan of restoration and receive bids. Afterwards the committee will circularize the Lodges and individual Masons in South Carolina for voluntary contributions to raise such an amount as will be necessary to accomplish the desired results.

Honors

Application had been made to register Cokesbury as a Methodist Historical Site. The action of this conference last year in making it a shrine is the first step toward application to the General Conference through the Commission on Archives and History as a Nation Methodist Historical Shrine. It is the high hopes of your Board of Trustees that Cokesbury will qualify as a Shrine due to her worthwhile history.

Goal

The goal of this Board of Trustees is to have all work done, all rooms furnished and the museum open to the public by mid-1970 during the celebration of the South Carolina Tricentennial. Work on the inside will continue as funds become available.

Respectfully submitted,
HARVEY O. PEURIFOY, Chairman

COMMITTEE ON CONFERENCE ENTERTAINMENT

The 1970 session of the Annual Conference will be held at Columbia College in Columbia, S. C. The invitation to meet at Columbia College in 1970 was accepted by the 1968 session of the Annual Conference. An invitation will be extended this year for the 1971 session of the Annual Conference to be held at Wofford College in Spartanburg, S. C., and the committee recommends that this invitation be accepted.

THE CONFERENCE COMMITTEE ON MERGER

The Conference Committee on Merger of the Two Conferences of Methodism in South Carolina makes the following report:

The joint committee has met during 1968-69.

The sub-committees have had a number of work meetings.

It is the plan of this committee to continue to have such meetings and to have a proposal for merger ready to be voted upon at the 1970 session of the Conference.

RHETT JACKSON, Chairman
WRIGHT SPEARS, Vice-Chairman

CONTINUING EDUCATION COMMITTEE

The Committee would point to Par. 355, The Book of Discipline 1968 to lift up the following:

"The minister shall be encouraged to continue his education throughout his career, including a carefully developed personal program of study augmented periodically by involvement in organized educational activities. In most cases the minister's continuing education program should allow for leaves of absence for study at least one month during one year of each quadrennium. Such leaves should not be considered as part of the minister's vacation and shall be planned in consultation with his charge or other agency to which he is appointed as well as his bishop, district superntendent, and Annual Conference continuing education committee".

Your Committee has been fortunate during the past year as it has attempted to implement this provision of the Discipline, in that funds have been available through Conference appropriation and a grant from the Department of Ministry, through which partial scholarships have been provided for eleven ministers of the Conference to attend seminars at Interpreter's House, Lake Junaluska. We hope that to some extent such a program will be possible during the coming conference year. We feel that this has been a worthy investment. Scholarships were awarded only to those men who had the direct nomination of their district superintendent and who, in the opinion of the district superintendent could profit most from such an experience.

Your Committee, acting as a Board of Managers for the Pastors' School, has elected the Rev. James A. Merchant as Dean for the 1969 session of Pastors' School. The Rev. R. Richard Blocker has been elected Registrar. Our Committee, acting in conjunction with the Committee for the South Carolina Conference '66 by a majority vote, has set Pastors' School for August 18, 19 and 20, 1969 at Claflin College, Orangeburg.

Many opportunities are available for the minister to project his own program of study. Your Committee recommends in particular that consideration be given to participation in the Duke Seminars, Emory Ministers' Week, Pastors' School at Furman University, in addition to our own Pastors' School. In addition we lift up for consideration the possibility of graduate study at the Lutheran Seminary in Columbia, and we express appreciation to the administration of the Seminary for the splendid cooperation given the men of our conference.

We believe there has been special value in the orientation seminars provided for new men coming into our Conference. It is proposed that the orientation seminar this year be held simultaneously with the regular summer Pastors' School and that all new men in our Conference be encouraged to attend.

We would remind our churches of the benefits that accrue from the continuing education and training of its ministry. We would urge all of our churches, where possible, to include a minimum of $100 in the local budget to assist the pastor with the expense of continuing education, and in addition, to cooperate in providing necessary time away from the charge in order to receive such training.

Your Committee recognizes that this whole area of concern is one where the responsibility rests ultimately on the individual minister. Personal study, discipline and reading are the prerequisites of any program of education. To this end we urge the dedication of each minister in our Conference.

W. C. STACKHOUSE, Chairman
QUAY W. ADAMS, Sec.-Treas.

COMMISSION ON ECUMENICAL AFFAIRS

Purpose

At an early meeting the new Commission on Ecumenical Affairs formed this statement of purpose: **The purpose of the Conference Commission on Ecumenical Affairs, as we envision it, is to aid the local church in discovering and encouraging unity in mission to the needs of the community.**

Preparation

In the beginning approximately three dozen ideas were gathered from invited responses of several members of the Annual Conference beyond our Commission known to have real concerns in this area, from reports by Commissions on Ecumenical Affairs last year in other Annual Conferences, and from insights contributed by our own Commission members.

With these ideas about possibilities which were in keeping with our stated purpose before us, we participated in a four-hour conversation with Dr. Albert Outler, United Methodism's ecumenical statesman, discussing, "Ecumenism Today," in cooperation with the Columbia Minister's Association and the Christian Action Council (tapes are available!)

During a subsequent meeting, several ideas were given priority status (please note these below).

Wofford College President, Paul Hardin, III, and Mr. Walker E. Solomon, South Carolinians involved in the Consultation on Church Union, were invited to serve as counselors for our Commission on COCU.

Through Program Director Matthew McCollom, representatives of the South Carolina Conference, 1968, were invited to assist in the planning and to share in the carrying out of projected plans.

In the total absence of allocated funds for this Conference year, $500 was borrowed for program aid. Commission members have waived personal reimbursement for travel and for any other Commission-necessitated expenses for the year.

Involvement

In May of 1968, Bishop Hardin received a letter from Bishop Ernest Unterkoeffler of the Charleston Diocese of the Catholic Church requesting that he appoint a committee of Methodists to begin dialogue sessions with a committee of Roman Catholics. Bishop Hardin responded affirmatively but did not appoint this committee immediately, waiting for the formation of the Commission on Ecumenical Affairs at Annual Conference. Immediately after the formation of this Commission, the request from Bishop Unterkoeffler was turned over to the Commission. On November 13, 1968, the first meeting between the two groups was held in the Franciscan House on the University of South Carolina campus. Representing the Methodists were the Reverend Don Bundy, Chad Davis, Eben Taylor, Clarence Stokes, and a layman, Mr. Joel Hand, of Bamberg. In order that the opening session of dialogue might have as much meaning and validity as possible, Don Bundy did some groundwork with Fr. Bonaventure Brown in preparation for the meeting. It was decided that we would talk about Spirituality. We chose this subject because we felt that the Catholics had a great deal to offer Methodist people at this point. Their great work in devotion, contemplation, meditation, and prayer is unparalleled. The session opened with a presentation by Fr. Gregory Faye, Institutional Chaplain for Catholics in Columbia. He presented the Spirituality of the Dominican Order. Fr. Faye's presentation was followed by a presentation by Fr. Trappist, Fr. Gerald Groves. He gave the historical background of Spirituality in his order. Conversation then centered around the subject at hand. The exchange was good. There was a friendly atmosphere, and before the meeting was over, it was decided that we would have another session on December 9 at the Wesley Foundation Building, the University of South Carolina. When the second session began, we continued our discussion of Spirituality and went more in depth. As we proceeded, one could sense that we were beginning to talk each other's language;" we were beginning to accept each other as individuals. Again as the hour of adjournment came, we had decided that we needed to go further. A retreat was suggested, and one was planned for Tuesday through Wednesday, January 28, 29 at the Dominican Retreat House, Our Lady of Springbank, near Kingstree, South Carolina, during which time we would actually go through some of the forms and types of meditation and devotional practices available. We who have been participants so far are looking forward to the continuation of these discussions. One of the most amazing points of

discussions is that at no time has there been an emphasis on differences. There is a cooperative spirit existing as we seek to know and help each other. At no point have we experienced any rejection or subordinating attitudes in these Christian friends.

Projections

(1.) As a result of these United Methodist-Roman Catholic sessions, this Commission recommends that such sessions be held throughout the entire Conference with the ministers of a town meeting with the Catholic priest(s) of that town. We do not want to keep the dialogue on the central type setting it is now on, but we want to expand to the grass roots where possible. This might be accomplished by ministers, priests, and laymen joining together for prayers and discussion of some devotional or other work. It might also be accomplished by cooperating then in some community cause. The Committee dealing with Ecumenical contact with the Roman Catholics has been acting on the presupposition that without the depth grounding supplied by prayer, meditation, and contemplation, social action leads to do-goodism and cynicism. We feel that we Methodists have much to learn from the Roman Catholics and much to share with them. The format of our meetings thus far has been to focus together on prayer and meditation with the conviction that to deal with prayer in an authentic way leads, not so much to self-improvement, but to renewed concern for the needs of the world. The shared vision of a common mission is necessary for The Church to be most effective. Thus we are proposing that we begin to bring together clergy and lay leadership on the local level for such study.

(2.) The Commission is in process, through Bishop Hardin, of inviting similar conversation with Assembly of God leaders in South Carolina, thus giving us two diverse thrusts in ecumenical coordination (the basic purpose again being that in local communities local churches begin cooperating at points of need they determine and address together).

(3.) The Commission is planning an experimental Travelling Lay School of Theology for small towns, bringing the advantages of more established Lay Schools in Columbia and Anderson to smaller communities.

(4.) On local Church Councils on Ministries next year will be entirely new Work Area Chairmen on Ecumenical Affairs. In order to assist them (beyond such excellent preparatory materials as may be found in **The Interpreter**, April, 1969, issue, pages 15-22), the Commission is planning to present a one-day orientation seminar which hopefully will include as a resource person, Robert W. Huston, General Secretary of the General Commission on Ecumenical Affairs, and will seek to deal with such questions as:

(a.) How can we, far removed from any real, alive former EUB's, truly receive the gifts which our sister church brings to the union that has already taken place, rather than just hear that there has been some organizational moves that really don't affect us anyway?

(b.) What ought we on the local level know and do now about COCU?

(c.) How can we further some meaningful lay ecumenicity in our local communities?

(d.) How can we helpfully be brothers to our Roman Catholic friends and neighbors and enter into their concerns in ways that matter? For instance, in regard to controversies over birth control, can we make a contribution toward mutual understanding and express sympathy in the internal struggle instead of just standing detached or even gloating that "we don't have a Pope?"

(e.) How, in quietly unfolding ways, can we assure white-black ecumenism?

(f.) Are there stances we ought to take toward Jewish neighbors, too?

Conclusion

"Let us return to our basic understanding of the nature of the Christian Church. Christian unity is not something which we will create by our work. It is already given to us. But as children must pay a disciplined price to receive

the gift of education provided by their fathers, we are called to pay the price for this gift. We are held together as individuals and as congregations through the very center of our existence, **Jesus Christ.** As we get closer to this center in loyalty, we will get closer together. In your openness to the ecumenical way may you find the helpful joy of the whole Gospel." **(The Interpreter,** April 1969, page 22)

THE COMMISSION ON ENLISTMENT FOR CHURCH OCCUPATIONS

The Commission on Enlistment for Church Occupations was organized in the South Carolina Conference for this quadrennium on October 30, 1968. Prior to this date the Commission on Christian Vocations had carried on the work of this commission for this year.

Accomplishments during the year have been:

(A) **1968 WORK MISSION TO HAWAII.** A team of South Carolina college young adults spent an eight-week work period in the Palolo Community Methodist Church in Honolulu, Hawaii. They were accompanied by the Rev. and Mrs. Mickey Fisher serving as adult leaders. The team was composed of two young men and four young ladies, in addition to the Fishers. They served in an area of poverty conditions and offered redemptive love to all with whom they came in contact. Before arriving they met with some opposition from local members of the Palolo Church because of fear that opening the church to every one might create problems they did not want to face. After the team's summer work, the fruits were great and a request has come for another team from South Carolina to work in the same church in the summer of 1969. The participants of the team experienced a deepening understanding of the mission of the Church and some of the participants are considering full-time Christian Occupations as a result of their endeavors.

(B) **CHURCH OCCUPATIONS AND VOLUNTARY SERVICE 1969** The Commission on Enlistment has made available through the District Secretaries, copies of the book CHURCH OCCUPATIONS AND VOLUNTARY SERVICE, 1969. One copy was provided for each pastor and one copy for each local church secretary within the conference. We hope that this material will be utilized to further the work of Enlistment within the local church.

(C) **CHANGING VOCATIONS CONFERENCE:** A conference for persons contemplating a change in their vocation or persons who have retired from one work and yet have many years of fruitful service remaining. This conference was planned for February and the Rev. Clyde Hendrix and a committee did a good job of preparation and planning. However, response to the conference in terms of registration proved too small to make the holding of the conference feasible, so it was cancelled. If, in a future date, enough requests for such a conference come in, we will be glad to reschedule it.

(D) **LOCAL CHURCH STUDY:** The Committee felt the need for discovering ways in which local churches have been successful in re-

cruiting persons for church occupations. A Committee under the direction of the Rev. F. Oscar Smith is currently surveying churches and pastors to find which have been successful and why. We hope to utilize this information in the coming year to increase recruitment in all our churches.

(E) **FINANCIAL SUPPORT FOR TRAINING FOR CHURCH OCCUPATIONS:** There are considerable means of financial support for persons planning to enter full time church occupations. Sometimes these scholarships and grants are not known by the persons seeking education in preparation for these occupations. At the request of the Commission on Enlistment, Mrs. Lake Waldrop is currently surveying the colleges in our state seeking information on such scholarships and grants available. This information will be put into booklet form for distribution to high school seniors.

Projected plans for 1969-70:

(A) **MISSION TO HAWAII, 1969.** A team of six to eight young adults under the guidance of the Rev. and Mrs. Charles Barrett will go to the Palolo Community Methodist Church in Honolulu, Hawaii for an eight-week mission of redemption and reconciliation. The Board of Missions, the W.S.C.S., and the Deaconess Board are cooperating with the Commission on Enlistment in sponsoring this effort. We are deeply grateful for their support.

(B) **PLANNING RETREAT:** A planning retreat for district and conference workers in enlistment is planned for the fall. This will provide opportunities for sharing ideas and projecting further work within the conference.

(C) **SURVEY RESULTS:** We hope to utilize the results of the local church survey to provide means of training local church secretaries and pastors in the work of guiding the local church Council of Ministries in the call of Christ to persons in their work.

(D) **DISTRIBUTION OF MATERIALS:** We hope to continually keep the need for persons in church occupations before our churches. This will be done in part through materials that are relevant and helping in the program. We hope that the booklet on financial assistance will be distributed this year. We hope also that local church pastors and secretaries of Enlistment will utilize the materials provided in **INTERPRETER.**

CONCLUSION: The work of Enlistment within an annual conference cannot be left to the Conference Commission on Enlistment for Church Occupations alone. Our Commission is composed of representatives from every area of work within the Conference. Each Board and Commission is involved in the business of recruitment. But regardless of what is done on the Annual Conference level, unless the grass roots area do the work of actual recruitment, then persons will not be reached with the Call of Christ. The Commission on Enlistment for Church Occupations covets the support and enthusiasm of the local church. We stand ready to help in anyway that we may. We appreciate the devotion of those who have been so successful through the years in aiding persons to respond to the Call of God. We challenge every minister and every church to present God's Call that it may be heard.

Respectfully submitted,
HENRY M. THOMSON, Chairman

BOARD OF EDUCATION REPORT NO. 1

Introduction

The objective underlying the ministry of The United Methodist Church in the field of Christian Education has been stated as follows:

The objective of the church as manifested through its educational ministry is that all persons be aware of and grow in their understanding of God, especially of His redeeming love as revealed in Jesus Christ, and that they respond in faith and love — to the end that they may know who they are and what their human situation means, increasingly identify themselves as sons of God and members of the Christian community, live in the spirit of God in every relationship, fulfill their common discipleship in the world, and abide in the Christian hope. (DESIGN FOR METHODIST CURRICULUM, p. 11)

The Board of Education — through its general meetings, committee work and staff implementation and execution of objectives — has honestly tried to translate the above objective into concrete and constructive action. This has been attempted through seminars, workshops, Christian Workers' Schools, institutes, consultations, lab schools, camping experiences, assemblies, campus ministries, Christian Higher Education, and countless hours of person-to-person consultation between members of the staff of the Board of Education and local church pastors and members.

We owe a real debt of gratitude to Dr. Spencer Rice, the Rev. B. E. Brown, the Rev. Charles Dunn, Mrs. Lake Waldrop, Mr. Wesley Voigt, our college trustees and administrations, our Wesley Foundation directors, our district directors, our office personnel, and the countless volunteer workers for their invaluable contributions in this effort to "teach the Gospel" and to make the Gospel relevant to the needs of men in this complex society. We are always dependent on, and grateful for, the helpful co-operation of the ministers and officials of the local churches and of the Bishop and his Cabinet. Dr. Wallace Fridy and the Rev. Louis Fowke, of the Program Council, have been generous in offering their co-operation.

I am personally indebted to Dr. Rice and his co-workers for their efficient and dedicated work and to the members of the Board of Education, who have shown a refreshing willingness to work, a remarkable depth of understanding of the task set before us, and a resolute determination to venture forth in the sure faith that the blessed Holy Spirit will guide us in the seeking of God's will in the mission that is ours.

Respectfully submitted,
CLAUDE R. HARPER, President

REPORT NO. 2

REPORT TO THE EXECUTIVE SECRETARY

The Conference Board of Education this first year of a new quadrennium has demonstrated a keen sense of duty and an awareness of the heavy responsibility encumbent upon it. With a large majority serving for the first year, members have made a conscientious and effective effort at orientation.

During this year of transition, the staff has spent much time and study in efforts to understand the program council plan of operation and the assumptions from which it grew. Its members have appreciated the opportunities to participate in discussions and decisions in developing recommendations which are to come before the Annual Conference in June.

Staff members have had several training experiences led by staff members of the General Board of Education and the Program Council of the United Methodist Church.

The stance of the "New Church" authorized at the General Conference in Dallas is one which frees the local church for ministry. This calls for more initiative and creativity in determining the mission and ministry in the local setting.

This, likewise, requires new approaches by district, conference and general church staff in terms of aiding the local church in determining its goals in serving the needs of its own members and the community in which it is located and in determining the structure necessary to serve those goals.

These approaches recognize the importance and significance of the local church in the work it is now doing and in the greater potential of which it is capable.

The concept of a whole ministry has emerged more clearly than ever before. This focuses sharply on the need and function of Council on Ministries as a co-ordinating and unifying agent in the local church.

TRAINING ENTERPRISES

The customary programs of training were conducted in the Conference. Christian Workers and Laboratory Schools, district and sub-district seminars and experiences in other settings led by conference and district staffs.

Worthy of special mention here is the "Task Force Experience for Local Church Leaders" held in October at Cayce United Methodist Church sponsored jointly by the '66 and the '85 Conferences.

Under General and Annual Conference leadership, the purpose as stated was to offer a learning and/or training experience to leaders from each district of the two Conferences "who will become resource persons for enabling the local church to:

(1) Define its ministry
(2) Set goals for ministry
(3) Structure itself in order to achieve the goals
(4) Acquire necessary skills to implement the goals
(5) Be able to evaluate its progress"

This enterprise resulted in the development of district task force teams which have been available to superintendents and others within the districts.

From this group, also, a large contingent of leaders have emerged who are certified to lead the course on "The Ministry and Organization of the United Methodist Church," which has been taught in many of our schools and which has been of much value to local church leaders.

Another valuable experience was a conference on the function and purpose of the Council on Ministries held in February at Lake Junaluska and directed by staff members of the general boards of the United Methodist Church.

Attending were eleven persons, including all the staff of the Board of Education, from the Conference of '85 and four from the Conference of '66.

This group worked as a group and stated its assumptions, goals, intentions, and strategy as follows:

I. ASSUMPTIONS
- A. The local church is already in ministry
- B. There are various levels of helping to implement the local church's ministry: district, sub-district, local church
- C. The local church has potential for creativity through Council on Ministries
- D. The local church, district, or sub-district may or may not recognize needs; may or may not want help
- E. Task groups have already played a valuable and significant role in each district
- F. The team members have limitations but are willing to use abilities in ministering to the local church

II. GOALS

To enable the local church in ministering to the needs of persons
To enable the local church in discovering its nature and ministry

III. INTENTIONS — in offering our services as helpers we intend:
- A. To affirm the validity of the local church and its ministry. (We recognize that the local church has been in ministry prior to the new structure.)
- B. To be concerned for persons
- C. To foster freedom and autonomy (in decision-making) on the part of the local church.

IV. **STRATEGY**

A. Be willing to offer ourselves to the district superintendent and work with him and his district by:
— being available for evaluation
— helping to discover the content in order to achieve goals
— being available either as consultants or as leaders in the learning experiences that are planned by the District Superintendent and his team

B. Be willing to build on what has already been done

C. Be willing to work with previous efforts on a district or sub-district level

1969 - 70 GOALS

The staff of the Board of Education acting in response to (1) the objective of the Church's Educational Ministry, (2) the action of the 1968 session of the Annual Conference, and (3) the imperatives inherent in the program adopted by the Conference Board has outlined the following goals for the next conference year:

I. To lead every local church into a full and creative experience in the understanding and functioning of the Council on Ministries.
To design learning experiences for local church leaders. This will be done in consultation with representatives of the local church, the area and the district.
To develop competency in district staff members to the end that they become effective "enablers" for ministry to the local church.
   1. To lead the local church age-level and family co-ordinators to become acquainted with their duties and to develop skills toward effect performance.
   2. To stimulate work area chairmen to become informed about duties and skills necessary to minister effectively.
   3. To prepare persons for a teaching ministry.

II. To minister on behalf of the local church to the following:
   1. Children (through Elementary Camps)
   2. Youth (through camps, assemblies, seminars, tours, work and study projects, retreats)
   3. Adults (through campus ministry, colleges, assemblies and conferences)
   4. Families (through camp and conferences)

On February 8, 1969, The Board of Education decided to extend camp registration for the week of June 16-21 to Midlanders and Senior Highs of the '66 Conference. For the past several years, registrations in this age group have been far short of available space. The following three resolutions on policies governing participation in summer activities were passed in the February 8 meeting.

1. That the Board of Education as an agency of the South Carolina Conference (1785), United Methodist Church, reaffirms its policy to accept, as far as space permits, all applicants to the Methodist Camp, approved by Pastors of the South Carolina Conference (1785). As space permits, applicants from other denominations will be given approval.
2. That this year we will invite participation by the South Carolina Conference (1866) Youth Council and Adult Counselors for the Youth in Missions Conference, Junior High Week, and the Charleston Inner-City Mission. Passed.
3. That the Senior High and Mid-High Camps be opened for participation from the Columbia Episcopal area of the United Methodist Church on a first-come-first-serve basis for the summer of 1969. Passed.

OTHER ITEMS

Youth Council Formed

During the year a Conference Council on Youth Ministry, authorized by the Board last year, was organized. This is reported in more detail in the report of the Conference Director of Youth Ministry.

Library Workshops Held

Under the administration of Reverend Charles Dunn, two area workshops for local church librarians were held, one in Trinity Church, Greenville, and one in Cherokee Place Church in Charleston. Miss Maxine Gilliam of Cokesbury, who conducted our first conference workshop in Columbia last year, was the leader.

Opening Doors to the Handicapped

The General Boards of Education and the National Division of the Board of Missions are showing a deepened and active concern for the aged and the physically handicapped. Many churches, acting on new insights, are asking, "What can be done to open the doors of our churches to the physically handicapped?" Every church and church school should evaluate its physical plant in terms of accommodating those who are denied church attendance unless special parking, ramps, etc., are provided.

Assistance in planning such features may be obtained by writing to Dr. Glenn Gothard, General Board of Education, Box 871, Nashville, Tennessee, or by contacting the Crippled Children Society of South Carolina, 1517 Laurel Street, Columbia, South Carolina, or by writing this office.

Higher Education

This year Wofford College received its new President, Paul Hardin, III. The vigorous and able leadership of this dedicated Christian and responsible churchman is a valuable asset to Wofford and the entire State of South Carolina.

South Carolina Methodism is indeed fortunate in having a man of statue at the head of each of our colleges. We acknowledge here, also, the superior qualifications of the Directors of our Wesley Foundations.

To minister adequately to our Methodist students in our own and other colleges and universities, it is necessary that more of our churches accept the "asking" for the support of higher education.

I call your attention to the report of the Conference Committee on Higher Education.

Joint Meeting

The February meeting of the Board was a joint meeting with the Board of Education of the Conference of '66, with whom we have enjoyed working on many programs during the year.

Ayers Property

Property in the Orangeburg District known as the "Ayers Property" which was donated by The Rev. A. W. Ayers has been returned to the donor with gratitude. After due deliberation, it was agreed by the Board of Education that this property could be more advantageously used if returned to Mr. Ayers for the purpose intended. It was not the opinion of the Board of Education that this Conference could presently use this property as a camping site. We are deeply appreciative to Mr. Ayers for his generosity and interest and trust that this property can be used now as he desires.

IN GRATITUDE

This is the last report to be made over the title "Executive Secretary." In closing this sixth report to you who have been so supportive and courteous in dealing with the staff of the Boards of Education and Christian Social Concerns I find it impossible adequately to express my gratitude.

I am grateful to God for the opportunities which have come to me in this position.

I am deeply indebted to my colleagues on the professional staff for the strong personal ties which bind us together. It is a privilege to work with Lake Waldrop, Charles Dunn, and Bill Brown. Their dedication, their confidence, and their understanding have given inspiration to carry on in the most difficult situations. I look forward to a continuation of a close relationship with these fine people in the new conference structure.

Our secretaries deserve our thanks. They are faithful and efficient and their patience is abounding even in the most "rushed" periods of the year.

We pray for God's continued guidance and blessing as we launch out into new and greater opportunities under the Program Council plan of operation. This year of association, study, and work with Dr. Wallace Fridy leads us to believe that under his leadership good days are ahead for the conference program.

Respectfully submitted,
SPENCER M. RICE, Executive Secretary

REPORT NO. 3

CONFERENCE DIRECTOR, ADULT MINISTRY

As a department of the Board of Education, Adult Ministry exists to assist the local church in her ministry to and with adults. This is done through the following:

A. Being available to churches for leadership education.
This has been done this past year for individual churches and for cluster of churches. Specifically, this means assisting adult groups in their preparation for ministry.

B. Consulting and aiding District Directors of Adult Ministry.
District directors are close to the local church. This department constantly and periodically consults with district directors and aids them in developing sensitivity and skills for ministry.

C. Consulting with the Adult Ministry Committee.
This committee, under the able leadership of Mrs. Eloise Parish, has set as its goal for 1969-70: "To equip the local church adult coordinator for ministry." We will work through various levels — local church, sub-district, district, conference — to achieve this goal.
Since the new local church structure will focus on persons and their ministry, this particular goal has great significance.

D. Consultation for designing learning experiences.
During the coming year, every Christian Workers' School or other learning experience should plan for implementation of ministry through the local church Council on Ministries. Consultation will be offered to see that the learning experiences will be relevant to the local church structure.

A plan of consultation is being offered to District Superintendents. This includes #C (above) but broadens the scope to include those learning experiences which the District Superintendent deems necessary for his district.

Respectfully, submitted,
B. B. BROWN, Director

REPORT NO. 4

Conference Director of Youth Ministry

I. In 1968, the Conference Program served youth as follows:

Junior High Camps	362
Mid High Camps	78
Senior High Camps	22
Junior High Week, Spartanburg Junior College	57
Youth In Mission Week at Columbia College	137
Leadership Conference	39
United Nations - Washington Seminar	12

Our Junior High Week, at Spartanburg Junior College, has turned out to be very fruitful for this age. Our theme last year was "Who Am I?" We tried to help these youth see life as it is today.

A Week In Mission at Columbia College for Senior and Mid High proved to be interesting, helpful and very rewarding.

For the third year, work groups have gone to the State Hospital, Crafts Farrow and Pineland School for Negro Children, mentally retarded, and older adults, some of whom have no connection with the outside world. Different plays were read or presented for discussion to help us relate to these people. (Our evaluation from the youth said to please do this again.)

II. There are ten (10 members on our State MYF Council, and their desire is to help any way they can. All local MYF's and subdistricts are encouraged to call on the Council Members. Their names and addresses follow:

III. For some time now, the Methodist Youth Fund has gradually dropped off.

THE METHODIST YOUTH FUND is uniquely youth's own giving, to help provide opportunities for people the world around to come into "more abundant life." When you think of the MYF Fund you see . . .

an African mother learning to read so that she can take better care of her family and read God's Word in the Bible

a little boy in the Philippine jungle receiving a life-saving injection at the mobile medical clinic

a youth club at a neighborhood house in a metropolitan center in the United States where young people experience a different kind of life from that in the city's streets

a farmer of India learning more efficient ways to take care of the soil, to plant and to harvest

young people of Angola working in their MYF

Bolivian young people living 10,000 feet up in the Andes, going to a Christian school for an education

Methodist youth in the United States involved in the church's ministry through the National Conference of the Methodist Youth Fellowship

Japanese girls in a Christian school learning to take responsibilities as citizens of their country.

IV. The New Day in Youth Ministry has progressed by leaps and bounds and we are getting good reports all over Conference concerning our new literature.

The most valuable part of our Youth Ministry has been the cooperation of all District Workers, Youth Laboratory Leaders and Leadership Teachers.

We have certified two ministers in Informal Training — W. R. Kinnett and W. K. Coble. They have conducted a class for our Council Members which meant a lot to these youth in helping them to be themselves.

We now have twelve (12) Laboratory Leaders in Junior, Mid and Senior High Ministry, who are quite capable of leading the laboratories. Your Conference Director is in charge of setting up all labs and so far this year we have had thirty-three (33) classes during the 1968-69 year.

A class in sensitivity training was held at Camp to help these Youth Leaders in their work with youth.

An expanded Youth Committee composed of three (3) members of the Board of Education Youth Committee, a representative of the Cabinet, one (1) District Director of Youth Ministry, and three (3) members at large with five (5) Youth Council Members are working with the Conference Director of Youth Ministry in the Youth Program of the Conference.

V. Douglas Pridgeon of Spartanburg was our representative at the National MYF meeting in Washington.

Randy Kinnett of Chester represented our Council at the Jurisdictional Youth Leadership Conference at Junaluska.

Respectfully submitted,

MRS. LAKE WALDROP, Director

REPORT NO. 5

Conference Director of Children's Ministry

A Study Seminar was held during the week of June 24-27 at Pfieffer College, Misenheimer, N. C. for the recertification of Laboratory Leaders in Children's Work. In this Advanced Seminar, the purposes were:

1. To increase the skill of the laboratory leaders in working with adults.
2. To help laboratory leaders increase their ability to set goals in terms of pupil needs and pupil goals rather than in terms of goals of curriculum materials.

This seminar helped our laboratory leaders of children to see their new role and new insight into the ministry with adults and children.

We have six (6) ministers who will be certified to teach laboratories in the Elementary grades after attending the Southeastern Jurisdiction Laboratory and Seminar at Lake Junaluska, N. C.

We are grateful for the interest and time given by these who went to the Advanced Seminar for recertification and those who are becoming certified to teach the leaders of our children.

Our summer camp program served 529 elementary boys and girls. A number of ministers saw serving as a counselor at camp with these boys and girls as a part of their total ministry. In this challenge of living with one of the elementary groups twenty-four hours a day it gave these men a chance to see

the needs of this age group, and the boys and girls to see the minister as a friend.

The children's offering for the Vacation Church School sharing projects this year amounted to $2,394.56. Of this amount $1,328.24 was given toward paying for the addition to the Children's Building at Lake Junaluska, N. C. $252.20 was given to the Methodist Camp, Cleveland, S. C. $522.84 was given to the Children's Fund for Christian Mission. $38.74 was given to Breakthru. $252.44 went for other causes.

The Children's Council met December 7, 1968. Out of the meeting came the following recommendations:

1. That a Vacation Church School Workshop be held in each district, keeping in mind the opportunity this gives for the local church to discover and develop new teachers.
2. That Day Camping be included in Vacation Church School Workshops.
3. That the Board of Managers of every area training school include a course on training leaders of children in the area program each year.
4. That the District Director attend the District Pastor's Meeting at least once a quarter to exchange information about the needs of children, what the Director expects of the Pastor and what the Pastor expects of the Director.
5. That the importance of attendance at **every** session of a laboratory school be stressed by every leader.
6. That the facilities and training opportunities in every district be open to all United Methodists, and that this be especially discussed and encouraged in Pastors' meetings where it is not already practiced.
7. That Conference Teams for short term (6-8 hours) lab-type training schools be created, and that these be financed under the budget for training schools.
8. That a setting for the training of local church Coordinators of Children's Work be developed as soon as possible.

The Director is a member of the Executive Committee on Christian Education of Children in the Southeast, National Council of Churches of Christ. With this committee, he is able to work with the projected program for the Christian education of children that is sponsored by the National Council of Churches of Christ. The program this year was to have representatives from all denominations to send a person from their denomination to the Workshop on Day Care. This committee thought the day care service that the churches could render should be considered as a priority in meeting the needs of their communities. The Children's Director worked as a coordinator for this project for South Carolina.

The Director taught in the Area Christian Workers' Schools in Inman, Spartanburg, Manning, and Newberry.

The Church is trying to further meet the needs of children, especially the boys by encouraging men to teach in the Children's Division. This will give the children from one parent homes and from homes where the father is traveling a chance to identify with a man during the Church School and additional sessions.

The Children's Director has acted as Consultant to Local Church Children's Councils. The purpose of these consultations has been to make decisions about ways of meeting the needs of children in the community.

Respectfully submitted,
CHARLES L. DUNN, Director

REPORT NO. 6

The Superintendent of the South Carolina Methodist Camp

"The objective of Christian education is to help persons to be aware of God's self-disclosure and seeking love in Jesus Christ and to respond in faith

and love to the end that they may know who they are and what their human situation means." The purpose of the camp is to minister, and as ministry we see camping as a growing aspect of Christian education.

Camping is not just learning about the problems that are related to living; camping is living together. This calls for relationships—Christian relationships. The natural world is an environment in which persons may experience discovery and growth. Small group camping is one way to personalize a camper's experience in developing his relationships.

With the above statement as a rationale for camping in our South Carolina Conference we offer the following as information of the number of children and youth whom we have served in the past three years.

	1966(9)*	1967(10)	1968(9)
Elementary Camp	470	510	525
Junior High Camp	368	437	362
Midlander Camp	55	47	78
Senior Camp	47	52	22
Christian Family Life Vacation	55	51	46
Counselor-In-Training	8	3	7
	1003	1100	1040

*Indicates the number of weeks of Conference Camping offered.

To provide the necessary staff for working with the 1040 campers who attended last summer, we had 36 ministers and 35 college students and adults who assisted in our Conference programs at the camp. At a time when many camps close their facilities ours was open and 61 groups took advantage of the opportunity to provide programs for 1509 members of their churches. Reservations to use the camp facilities during the winter months should be made with the camp superintendent.

The Commission on World Service and Finance has recommended that each church set as a goal $1.00 per church school member for our South Carolina United Methodist Camp. During the year of 1967-68 our camp received from all the churches of the South Carolina Conference $43,930.16, for an average of $.31 per church school member. If we are to continue to meet our obligations on our building debt of $81,509.77 as of April 1, 1969, it will become increasingly necessary for each church to strive toward and accept the recommended goal. The camp superintendent will be happy to assist any church in promoting the camp program by visiting and showing slides to the members of a local church. In addition to this, information about the camp may be obtained from the members of the Commission on Camp Property listed below.

REPORT NO. 7

Conference Committee on Christian Higher Education

The author of one of the chapters recently studied by some of our adult classes quotes Philip H. Phenix, a leading philosopher of education as saying, "The central aim of education should be the transformation of persons so that they will serve the good instead of pleasing themselves." The author of the chapter observes that "A theology of education calls for education to be an instrument through which persons might discover the deeper purposes of life." These affirmations are indeed in harmony with the Christian faith. Christian higher education serves these high purposes in the context of the redeeming love of Jesus Christ.

You are requested to read thoroughly the reports of the Conference Director of Campus Ministry and those of the presidents of Columbia and Wofford Colleges which follow. Here you will find a record of significant work done in behalf of the local church.

The Conference Committee on Higher Education has the responsibility of creating an understanding of these programs and their importance. The Committee is, also, charged with promoting adequate financial support for Methodist higher education within and beyond the annual conference.

In the past few months, the public and the religious presses have repeatedly acknowledged our debt to the independent college. Our society depends on these institutions to supply more than their proportionate share of leaders; for example, though they enroll 40% of college students, 44% of the teachers in South Carolina public schools last year were graduates of church related and other independent colleges.

Our State government would find it impossible to take over the task of educating the students now attending these colleges. It is important, however, that a way be found to subsidize part of the tuition of the student who attends the church college, unless we are to restrict the enrollment only to the affluent.

Recognizing this, the committee supports the Tuition Equalization Program now being recommended by the S. C. Council of Colleges. This would offset part of the amount, varying from $1,000 to $1,600, now paid by the state for the current cost of a student in a state institution.

If and when this comes about, it will not lessen the need for increased and sustained church support of our colleges but will lighten the burden of the parent and may make it possible for students of moderate means to attend a church related college.

The size of our state universities and colleges has increased by such proportions, with the accompanying threat of the loss of identity to the individual student, that strong Wesley Foundations programs are increasingly important.

Under the leadership of the Conference Director of Campus Ministry and District Directors, "talk back" sessions have been held in Charleston and Orangeburg Districts. Another is scheduled for Rock Hill and several more are in the planning stage. These sessions, led by the college presidents and representatives of Campus Ministry, have been effective in creating a better understanding of Christian higher education and its needs.

Under the new plan of financial support, the churches have accepted for this year a total amount equaling to approximately $27,500.00 more than was contributed to Wofford, Columbia, and Campus Ministry last year. This total of $358,224.15 is far short of the $490,000.00 which these institutions were counting on this year.

The Committee believes the new plan, which bases the asking on 5.7% of "net giving," is sound and is recommending its continuance. At the same time it urges all churches to accept the asking for the coming year. The need is urgent.

The Committee is grateful to the growing number of churches which are recognizing the importance of Christian higher education by placing this item in the budget.

Goals for 1969-70

1. To lead every Methodist into a fuller understanding of the ministry of our colleges, Wesley Foundations, and other Methodist student groups.
2. To observe in each church Christian Higher Education Sunday on the first Sunday in November.
3. To lead every local church to place in the budget for next year an amount equal to 5.7% of the "net giving" for the 1967-68 Conference year.
4. To support our directors, presidents, faculties, and others in developing a stronger Christian witness to students on the campuses of South Carolina colleges and universities.

Respectfully submitted,
MRS. E. L. RICE, Chairman

REPORT NO. 8

Conference Director of Campus Ministry

The Department of Campus Ministry exists as an arm of the Board of Education on behalf of the local church.

I. Campus Ministry operates under the following purpose:
   A. To lead all members of the college and university community to accept the Christian faith in God according to the Scriptures, to live as true disciples of Jesus Christ, and to become members of Christ's Church.
   B. To deepen, enrich and nurture the Christian faith of college and university men and women through commitment to Jesus Christ and his Church and to assist them in the service and leadership in the world, and through the Church.
   C. To witness in the campus community to the mission, message, and life of the Church.

II. During the past two years, our nation has been frustrated and confused by the events taking place on campuses. Analyses and articles through the news media have sought to diagnose the causes of campus discontent and disorder. There is not general agreement as to what is happening or what should be done about it.

In light of recent history on the campus, it is even more imperative that the United Methodists of South Carolina support a ministry of responsibility and reason. Christians on the campus need the support of the local church through funds, through prayers, and through commitment to the Gospel.

III. Relationship of Campus Ministry to Students from Local Churches.
   A. Students reach the campus after eighteen years in the home and local church. The local church has a continuing responsibility for Christian witness and nurture.
   B. Campus Ministry has the same purpose as the local church: To lead all members of the college and university community to accept the Christian faith—To deepen, enrich and nurture the Christian faith of college and university men and women—To witness to the mission, message, and life of the Church.
   C. Campus Ministry calls on students to make responsible Christian decisions about their lives and vocation. The local church does the same.
   D. Campus Ministry calls students to participate in a ministry of reconciliation to the world and helps to equip students for this ministry through worship and study. The local church does the same.

IV. The Local Church and Campus Ministry Financial Support.
   A. Ministry on the campus is almost totally dependent (some colleges support chaplains from their budgets) on the financial support by the churches.

   In the plan of support for Higher Education, Campus Ministry should receive $90,000. All of this amount is needed by the three Wesley Foundations (on state campuses) and by the ministry to students on independent and church-related campuses.
   B. Local church groups and pastors can inform the congregation of Campus Ministry through the following:
   —contact and concern for college students from the local church
   —Youth groups can invite college students to sessions dealing with the mission of the church on campus.
   —campus ministers are available for meetings with local church groups
   —student recognition through Higher Education Sunday or other special emphases
   —the District Directors of Higher Education are available for consultation with local churches concerning ways to interpret Campus Ministry.
   —the Conference Director is available to churches for interpretation and and presentation of the nature, purpose, relationship to churches.

V. Goals of Campus Ministry for 1969-70
   1. An ecumenical approach to ministry on the campuses of independent and/or church-related colleges.

      Purpose of the ecumenical approach is to equip the campus denominational groups (students and advisors) for more effective ministry.
   2. When requested, the creation of Local Church-Campus committees. The purpose of this structure is to aid the local church in its ministry to the students, faculty, and administration.
   3. Design a consultation for local churches located near community (commuter) colleges.

      The purpose of this consultation is to offer insight and resources to churches engaged in ministry to community colleges.

4. Introduces high school seniors to campus ministry.
The purpose is to relate high school seniors to campus ministry and to strengthen the relationship between the local church and campus ministry.

Respectfully submitted,
B. B. BROWN, Director

REPORT NO. 9

Report of the President of Columbia College

It is my privilege to submit my eighteenth Annual Report as President of Columbia College. Allow me to set forth, in brief form, salient facts about the life and work of the college during the Conference year 1968-69. Those who wish to study more in depth our record of work for the year will remmeber that a copy of the minutes of all the Board of Trustees meetings of Columbia College are filed in the archives of Wofford College, in accord with the standing rules of the Conference, and full audit copies are filed with the Conference Treasurer and the World Service Commission, the Board of Education, and the Conference Secretary. These records may be inspected at any time by those interested.

Student Concerns

During the past few years student concerns have been brought sharply into focus. Today's student generation has assumed a more important role in the entire process of education. Is this not to be expected, since it is clear that young people today are more articulate and more sophisticated than they were ten or fifteen years ago?

With the emergence of student strength, college administrators and faculties have been challenged as never before to make sure that there is on our campuses that proper balance between freedom and responsibility. Our wisest students have seen the necessity of assuming greater responsibility, as larger freedoms are required. Events of the past several months across our nation, and to some extent on all of our campuses, offer convincing evidence of the absolute necessity for small Christian colleges in our society! Is it not obvious that there is less disruption today on campuses that are small and undergirded by Christian philosophy? This is not to say that our type of college is free of difficulty, but it is to say that the personalized, individualistic approach in education still pays great dividends.

It is stated by some that the current academic year has been "our winter of discontent." This may be true because there has been such complacency about such matters in former winters. It should be added also that there is rather strong evidence now to support the belief that there are roving squads of dissolition operating across this nation, particularly on campuses where there seem to be fertile ground for spreading dissension and discontent. Many of us believe that such a movement has its aegis in the strategy of communism. If communism is not directly responsible for much of the campus disturbance and violence, it appears certain that communists have seized upon current unrest to promote their philosophy.

Some of us have observed that on many campuses there is evidence of poor teaching and poor administering. If the teaching is unchallenging and inferior and if the administering is uncommunicative and undemocratic, is it not reasonable to expect that the results will be disruption, frustration, and revolt on the part of students?

Certainly this is no time for conceit on any campus of higher education. At long last many are learning what all of us should have known long ago: These "seats of learning," with all of their sophistication and aloofness to society's great problems, do not have all the answers for the problems of the world. In many instances colleges and universities do not possess answers to their own campus problems. Mr. Norman Cousins, editor of The Saturday Review, upon returning from visits to campuses in California, where trouble has been at white heat for some time, indicates that he finds many students now turning back to

churches and synagogues for answers. Apparently these students have become disenchanted with their universities, thinking of their institutions as mere adjuncts to the government and unqualified to arrive at strong solutions to the great moral issues of our day. Is it not good to note that many students would seem now to be turning back to the church, as did their forefathers, for guidance in the great social and moral issues of our time?

The Columbia College President of the Student Government for next year has spoken most thoughtfully to our college community as she writes in the February 21 issue of the Post Script:

> "I challenge you, Trustees, to take your roles seriously. Remember that we are not a congregation, nor a business proposition with gross profits in mind, nor a block full of passive, ticky-tacky 'ladies!'
>
> I challenge you, Administration, to air decisions and reasonings as soon as possible, so as to eliminate much misinterpretation; to not conveniently appease us; and to seek for honest consistency.
>
> I challenge you, Faculty, to throw away your authoritarian ways, your ten year old lecture notes, and your neat, compact answers for yesterday. We have history books for that.
>
> Finally, and most vehemently, I challenge myself and the student body to meet these other three groups at least half way; to realize that divided we fall; to know that enough involvement can breed strength. Let us be sure that we are sure."

We are greatly concerned lest our student body be drawn more and more from the affluent sector of society. If this college moves under the necessity of continuing to raise fees and tuition, there is real danger that many students who want to attend Columbia cannot afford it. The cost differential between our college and the state-supported institutions continues to be substantial. The great hope we see is for the State of South Carolina to be wise enough to see to it that every student in our state be given the opportunity to decide where he or she wishes to attend. For lower income families, this is simply not the case at present! In our opinion, the state must find a way to undergird students wishing to attend independent colleges by giving these students at least a substantial part of the differential. This plan, of course, is known as the Tuition Equalization Program, now proposed for consideration in the General Assembly. It is our prediction that if some such plan is not implemented, colleges like ours of necessity will increasingly attract affluent student populations, excluding many students who ought to be enrolled here!

Administration, faculty and students continue to work on the matter of communications. Three committees from these groups comprise a President's Advisory Committee. These committees, in consultation with committees of the Board of Trustees, have been most helpful in dealing with campus problems.

New Academic Thrusts

Today's interests demand more flexibility in curricula. Columbia College, after several years of careful study by faculty committees, has adopted a General Education Program, reducing our requirements from 64 hours in General Education to approximately 46-48. Total credit hours required for graduation remain at 127. This means that our students have more freedom and fewer demands in electing courses of a general nature. It is our belief that this freedom will have a broadening effect and that our curriculum will be more effective.

Dr. Imogene Lipscomb, Director of Special Studies, and Mr. John Devens in Audiology and Speech Correction have introduced new programs which are attracting much attention throughout the state. Dr. Eloise Snyder, in Sociology, has completed several research projects involving a number of our students. This research will be helpful to the Juvenile Domestic Relations Court and other governmental agencies.

Cultural Programs

The small, church-related college in our society has an obligation to extend to students the best cultural programs available. In this area 1968-69 has been

a particularly good year in that a number of outstanding leaders have been available to us. The following list will indicate the quality of this leadership: Dr. Leroy Augenstein, bio-chemist; Dr. Albert Outler, theologian; Dr. Ralph Sockman, preacher; Dr. Darrell Randall, specialist in African Affairs; Dr. Carlyle Marney, Director of Interpreter's House; Dr. Francois Boucher, specialist in architecture and art.

A number of forums were held with some of Columbia College's recent graduates, who have completed their doctors' degrees in their disciplines, prominent in their disciplines, speaking: Dr. Linda Weathers Dudycha, psychologist; Dr. Sally P. Kennedy in English; Dr. Rebecca Swanson in Education.

The college continues to profit from the cultural assets of the City of Columbia, particularly as our students participate in programs of enrichment at the Columbia Museum of Art, the churches, and at U.S.C.'s new Coliseum.

Building Program

Columbia College has experienced great delay in beginning the proposed Physical Education Center. For months this project has been delayed because the federal loan has not been provided. One-third of the money, approximately $277,000, is available through a federal grant of the College Facilities Act Program. The college has available its own funds needed (about 30% of the money) but the final $340,000 (approximately) has not been released to us. It is our hope that this building can be begun in early summer and completed in time for us to entertain the Annual Conference in June of 1970. It should be remembered that this building is a multi-purpose facility which can be utilized for large gatherings on occasion.

Our Board of Trustees has authorized an addition to Ariail-Peele Administration Building, so that more adequate space will be available for growing needs in offices of the registrar and the dean. This work should be begun in early summer and completed by January 1 of 1970. Also, we plan to begin an addition to Gonzales Hall, providing needed lobby space, a facade for the building, and additional rooms for some twenty students. Again, this project should be completed by January 1970.

A renovation program, supported by our alumnae, has been in progress for some time now in the old library building, "Alumnae Hall." This really has come to be a restoration project, whereby the main lobby, formerly a large reading room in the old library, will be a very attractive meeting place for alumnae and other groups. Also, housed in this building is an interesting addition to our college program: A Materials Center for Special Education which has come to be a depository of special materials to be used by persons through the state.

College Finance

Cost of operating our college continues to mount year after year, so that our comprehensive fee for 1969-70 will be $2250.00 per student. We expect a substantial increase in the giving of the churches throughout our Conference. Already there has been movement forward in this matter, but we will fall far short of the $200,000 from the Conference which we had budgeted. We hope that next year the increase from church support and increased student fees will offset a substantial expected deficit. Meantime, we are cooperating with other independent and church-related colleges in the area to get all possible support from other sources. Our Business Office under the leadership of Mr. R. E. Barham, Business Manager and Treasurer of the college, and recently Mr. D. S. Judd, Assistant Treasurer, continues to use wisely our revenues, and to plan as carefully as possible for the future. Mr. R. D. Coleman, Jr., Director of Development, is an able adviser and assists most helpfully, not only in securing bequests for the college and promoting other development plans, but in advising and planning in several business areas.

Board Committees

This has been one of our most fruitful years in committee work of our Board of Trustees. The Committees on Academic Affairs, Self-Study and Investment have been particularly helpful. New ideas are being tried in investments, in curricula changes, upgrading faculty, communications on campus, etc. We believe that real progress has been made. Better rapport has been emerging between Board of Trustees and faculty, students and Board Trustees, administration and students, staff and faculty.

In Appreciation

This college is indebted to many people and many organizations for continuing supportive thought and guidance. Particularly are we grateful for the wise counsel of our bishop, Bishop Paul Hardin, Jr., The South Carolina Conference Board of Education, our own Board of Trustees, the Board of Visitors, the Commission on World Service and Finance of the Conference, and the South Carolina Methodist Advocate. On behalf of my colleagues in the administration, let me express deep appreciation for able student leadership, for wise faculty support, for the continuing support of our Alumnae Association, and for the tremendous help from parents of our students as we continue to deal with the great issues affecting the life and work of Columbia College!

REPORT NO. 10

Annual Report of the President of Wofford College

This is, of course, my first report to the South Carolina Annual Conferen since assuming the presidency of Wofford College. I want to begin by expres ing deep appreciation to all United Methodists of South Carolina for their co tinued strong interest in Wofford and our other fine institutions and for the warm hospitality to my family and me—very happy newcomers to this fine sta

I also want to say at the outset of my administration that our church h built a grand Christian college at Wofford. It is an institution of true excelle and strong dedication. I pledge to you that our every effort in the future will devoted to insuring that there is no finer college in our country than Wof Along with our sister institutions, we are the United Methodist Church in high education in South Carolina. We take this Christian calling very seriously inde

In the following paragraphs I want to summarize as briefly as possi some of the important Wofford College events and activities of 1968-69.

Faculty and Administrative Staff

One of my great joys in coming to Wofford was to find able and dedicat men and women in positions of teaching and administrative responsibility. N faculty members this year include Wilfred H. Callcott, History (visiting p fessor); Anne A. Clay, Psychology; Dwight J. Harris, Philosophy (seco semester); W. Kenneth Warmbrod, Philosophy (first semester); Lawrence Wilkinson, English; Captain Raybon C. Sanderson, Military Science; and, un a federal grant to the South Carolina Foundation of Independent Colleg Denis Marchand, Roving Professor of International Studies.

J. Michael Preston joined our administrative staff as Assistant Director Admissions. In addition, several top administrators already on campus assum new responsibilities as follows: Joe M. Lesesne, Director of Developme Edward E. Greene, Director of Finance and Planning; J. R. Cogdell, Assist to the Dean and Director of the Interim; and Edward B. Sydnor, Director Special Educational Programs.

Dean of Students, S. Frank Logan, because of an extended illness, reques a temporary leave of absence in January and subsequent assignment to oth duties. With genuine regret and deep appreciation for Dean Logan's gre diligence and ability in this demanding office, the trustees honored both quests. I am glad to report that Mr. Logan is recuperating rapidly and will assuming new responsibilities later this summer.

On July 1, 1969, Rev. Donald Welch will become Dean of Students Wofford. Mr. Welch is now Assistant Dean of the Duke Divinity School gifted preacher, teacher, and administrator, and a person known by many Uni Methodists in South Carolina and throughout the country. We welcome gladly to our administrative team.

Two of our younger faculty members, Professor James R. Gross, and Professor Thomas V. Thoroughman, completed all requirements for and were awarded Ph.D. degrees during the year. Several other faculty members are to receive their advanced degrees shortly.

We have cause to appreciate our faculty and staff for good campus citizenship and useful community service, as well as for their principal duties.

Academic Affairs

Several important academic innovations of recent years were continued and strengthened this year. Our 4-1-4 calendar with its January Interim is now two years old. It is probably the outstanding feature of our curriculum and is being adopted by other colleges in South Carolina and our region. In January, 1969, we developed a unifying theme, "The Urban Crisis," for our Interim. A number of outstanding speakers came to the campus to explore this important subject. A number of off-campus and even overseas projects also attracted widespread attention and provided unique experiences for students and faculty members.

We also extended to a larger group of freshmen this year our Experiment in the Liberal Arts, a two-year-old project in which high-ranking students are given the opportunity to plan their own academic programs. This privilege was extended to 17 freshmen in 1968. Our evaluations of the program led us to expand to the 34 leading freshmen in 1969.

This is a time of great soul-searching about our academic program. We believe it is sound, but we want to make it even better. We are discussing the consolidation of certain existing courses, the reduction of the number of courses considered to be a normal load, with a corresponding "beefing up" of the remaining courses. Finally, we are exploring the establishment of certain interdisciplinary "core" courses designed to tie together the heretofore discrete departmental offerings and demonstrate the organic relationship between learning and life. This, we think, is an appropriate response to the oft-repeated student request that education be made more "relevant." The students have a point, and we should not lose sight of that point in our anxiety about excesses in activism on the part of a small minority of students on some campuses.

Our enrichment programs, presented approximately 20 times per semester, continue to supplement the regular academic experience, bringing to the campus a wide range of speakers and programs, frequently representing viewpoints not often perceived in the regular curriculum. Our students react to these programs with courtesy and a healthy skepticism. They well understand that the college does not endorse the views of visiting speakers but permits them to be presented for careful analysis and scrutiny.

Students and Student Affairs

Statistically and academically the student body at Wofford this year compares favorably with those of recent years. Some may be interested to know that there are still approximately twice as many Methodists as members of the second-ranking denomination in our student population. Nevertheless, our student body is characterized by healthy diversity of denominational and social background.

Many of our students are highly talented academically. In fact, Wofford has more National Merit finalists in its student body than any other college in South Carolina. However, intellectual brilliance is not an absolute requisite for admission, and Wofford admits many young men whose all-round leadership qualities and proven capacity for hard work compensate for high school records and college board scores in the average range.

Wofford students share the concerns of students everywhere about the difficult moral and social issues of our times. As they mature they ask for and deserve more responsibility in the decision-making process of the college. Happily, we have avoided disruptive emergencies such as have plagued some other campuses, and we give much credit here to the good sense of our student body and good leadership of student officers.

Our faculty and administration enjoy good communications with our students. We are placing student members on many college committees and listening in other ways to what they feel and think about their college and their world. During January the president, the dean, and 27 students, representing all four classes, participated in an Interim project entitled "A Study in College Rules Governing Student Conduct." A month of hard work and lively discussion produced a proposed code of student responsibility, which has already been approved in broad outline by the Board of Trustees. The students showed keen intelligence and sound discretion in this exercise and vindicated our judgment that they are capable of assuming much responsibility in the governing of their own affairs.

Wofford students are on notice that the trustees, faculty, and administration will hear and consider their views with openness and honesty. They are also on notice that disruptive student conduct, if it should ever occur, will be contained and punished fairly and swiftly. These are difficult days, but we have a high regard for our students and great optimism about the present and future quality of campus life at Wofford.

Religious Life

Responsibility for activities relating to the religious life of the college rests principally upon our chaplain, Dr. Donald S. Stanton. His preaching, teaching, counseling, hospital visitation, and other ministerial activities bring spiritual enrichment to our college community. We are grateful for his leadership.

During our annual period of Religious Emphasis our community heard addresses by Dr. James Glasse and Rev. Jackson Pyles, enjoyed a film and discussion session led by Rev. Gene Norris, saw the performance by student actors of an original drama written by Wofford Professor James Gross, and partook of a service of Holy Communion led by Chaplain Stanton.

The Student Christian Council assisted in the Religious Emphasis observance, sponsored several special Chapel programs, and conducted a tutoring program, faculty-student dialogue sessions, and a student speakers' bureau.

The Fellowship of Christian Athletes brought Dr. Loren Young and Mr. Bill Leach to the campus for Chapel programs, held regular meetings, and sponsored basketball games involving the Wofford faculty.

Pre-ministerial students held group meetings on campus and at the Chaplain's home and individually participated in many church-related activities. The Methodist Student Movement held meetings during the first semester and then, in the second term, merged experimentally with an ecumnical discussion group on campus. This group has explored many theological and ethical issues and has attracted a number of students who normally had not attended meetings of religious groups.

Finances

During the fiscal year ended August 31, 1968, the college's net assets (total assets less total liabilities) were increased $437,000, from $7,419,000 to $7,856,000. This increase included $230,000 in Federal grants toward the cost of the new library and $165,000 in gifts from private sources for the construction program. There were $29,000 in gifts for the endowment fund.

The total book value of institutional property and equipment at August 31, 1968, was $7,750,000 as compared with $6,739,000 at the end of the previous fiscal year. The increase is attributable to partial completion of three new buildings: a library, a campus center, and a 184-bed dormitory. Construction of the $1.7 million library began in October of 1967; the building will be in use this summer. Construction of the $1.25 million campus center began in May of 1968; completion is scheduled for July, 1969. The new dormitory, which is expected to cost just over $1 million, has been under construction since July, 1968; the building will be in use in September, 1969.

August 31, 1968, the book value of endowment funds was $2,387,733; market value was $2,708,938. Investment income during fiscal 1968 from endowment and from temporary investments was $144,238. The college should have an endowment five times as large as at present to undergird the educational program. Major additions to endowment must, of course, come from bequests, and the college plans to develop a strong estate planning program.

Liabilities were approximately $500,000 higher on August 31, 1968, than at the end of the previous fiscal year because of our construction program. When the program is complete, the college will have bonded indebtedness totaling almost $3.5 million, which will require annual interest payments of some $125,000. The indebtedness is not considered excessive, particularly in view of the fact that college property will have a replacement value of about $15 million.

Current fund expenditures during fiscal 1968 totaled more than $2.6 million. Expenditures exceeded income by $56,000. This book deficit did not require borrowing cash for college operations because of the practice of providing for depreciation of income-producing properties, such as dormitories, food service facilities, etc. It meant, instead, that there was less cash available to set aside for debt retirement, improvement of facilities, etc.

Financial pressures continue to mount, and there appears to be no end in sight. The current year's budget calls for expenditures of $2,790,000, and the Board of Trustees approved in February a budget for 1969-70 calling for expenditures of $3,020,000. Our comprehensive fees for 1969-70 will be $2,500 for resident students and $1,570 for day students. Increases were $200 and $170, respectively, for resident and day students. Continued efforts, through an enlarged annual giving program and support for a state tuition equalization plan, will be made in an attempt to hold costs to students and their families in line with similar, strong liberal arts colleges.

The financial picture would be bleak, indeed, except for the support which Wofford College receives from the United Methodist Church and from individuals, corporations, and foundations. During the calendar year ending December 31, 1968, a total of $296,590 in unrestricted funds was contributed to the college, of which $129,590 came from the Church. These funds provided the extra margin between operating an ordinary college and a good one. Gifts and grants from private sources for capital and other restricted purposes totaled $471,884.

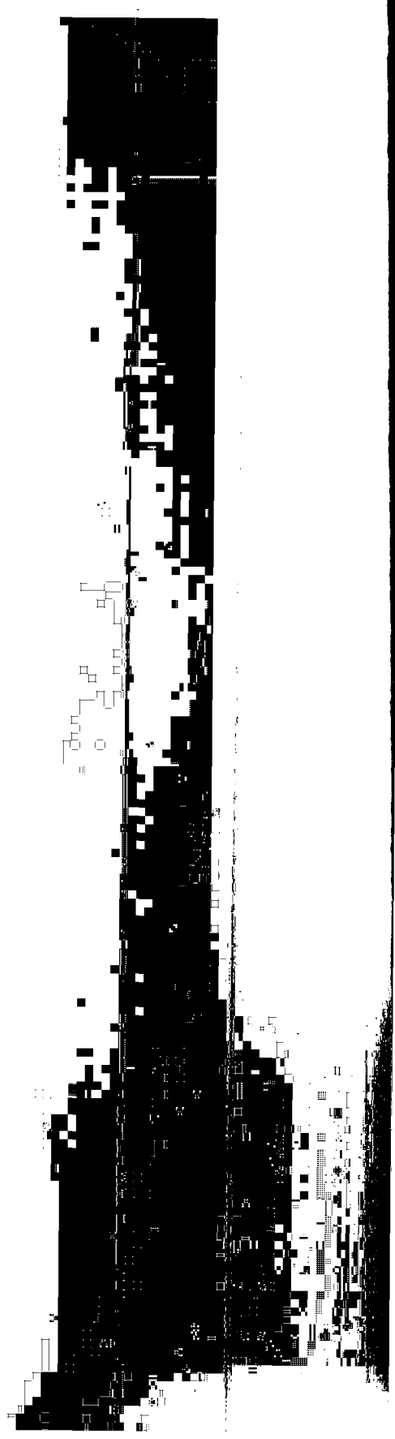
The expanding program of the United Methodist Church in higher education is vital to us. Although the increase in support of Wofford in 1968, over 1967, was only $4,000, the plan was in effect for only part of that year, and we see new momentum which promises great success for the future. This new plan for the funding of our two senior colleges and the Wesley Foundation programs on the campuses of state supported institutions is a good one, and it is one of the strong pillars on which we plan to build a greater Wofford. We are deeply grateful for the continuing and strengthening support of United Methodists in South Carolina, and we are determined to be worthy of that support.

We find, as do other Methodist-related institutions, that many Methodists make contributions to our college over and above special Conference programs and mission specials. We learn each year of bequests to Wofford which have been included in the wills of our Methodist friends.

A Final, Personal Word

Barbara and the children and I have rejoiced in opportunities to get to know personally many of the United Methodists in this fine state. Our visits in the various churches have been marked by warm hospitality. We want very badly to serve all of you well by serving Wofford College to the last ounce of our abilities and energies.

We ask your help in several ways. Of course, we hope you will continue to strengthen your financial support. Beyond that, send us promising young men from your congregations and communities; visit the campus soon and often so



that your faith in what we are doing can be strengthened and renewed; give us your advice; and remember us always in your prayers. Thank you.

PAUL HARDIN, III, President

REPORT NO. 11

The Family Life Committee

1. The Family Life Committee has given its support to and participated in courses on Family Life in Christian Workers' Schools during the year.
2. Due to the sudden illness of Dr. Leon Smith, the Conference Wide Family Life Convocation scheduled for September, 1968, had to be cancelled.
3. We began the task of informing ourselves and conference officials of the new emphasis on Family Life in the local church through the Council on Ministries.
4. A team, including members of the Family Life Committee, attended a week long regional workshop studying the new functions and structures of the church at Lake Junaluska, N. C., in February, 1969.
5. It is recommended that there be appointed a Family Life Co-ordinator on the conference level. Through this position we plan to offer materials, workshops, conferences, and consultations to district, sub-district, and local churches to assist in the development of Family Ministries.

Respectfully submitted,

BOARD OF EVANGELISM

REPORT NO. 1

This year the work of The Board of Evangelism has been the responsibility of the Program Director of The Conference Council with the assistance of Reverend J. Louis Fowke of The Conference Staff. To Mr. Fowke, the Chairman of the Board and all members of the Board, The Program Director expresses his gratitude for their support and concern in the Evangelistic mission of the church.

Here is a brief summary of some of our program for this year.

1. **Seminar on Evangelism:** Following a pattern already established a group of 47 ministers representing 10 districts, appointed by their respective district superintendents, attended a two-day conference on Evangelism held at The Methodist Camp. The leader for this seminar was Dr. Chuck Thompson of the Candler School of Theology at Emory University, who considered some of the basic beliefs which give motivation to our lives and those attitudes and mind-sets which hinder the evangelistic mission of the church.

2. **Summer Evangelistic Missions:** For the third year a summer evangelistic mission has been conducted at Lake Murray in the Columbia area. The activities were under the direction of Reverend John D. Evans of The Candler School of Theology, Emory University. A meaningful visitation program was instituted, an emphasis on youth ministry was made and the morning worship services were well attended.

   A second special evangelistic mission was assistance given to the Campground Ministry on The Grand Strand at Myrtle Beach. This was largely a family ministry and reached some 24,000 people. It is ecumenical in approach and our share in it was under the direction of Dr. Wood Robison of The First United Methodist Church at Myrtle Beach.

3. **Training Opportunities:** The Board of Evangelism provides an opportunity to its officers and district secretaries to take advantage of a week of evangelistic emphasis at Lake Junaluska. This experience brings inspiration and practical help for conference, district and local church evangelism.

4. **Day Apart:** This year the Board of Evangelism held a Day Apart at Epworth Children's Home. This was a meaningful experience and offered an opportunity to explore the evangelistic mission of the church in our day. Attention was given to the role of the minister and laymen in this mission. It was the consensus of those in attendance that this type of experience proved so thrilling and beneficial that it should be repeated throughout the conference, perhaps on a district basis, enabling as many other interested persons as possible to profit from such an exploration.

5. **Council on Evangelism:** The Council is a semi-independent group which works closely with the General Board of Evangelism in promoting the program of Evangelism of the church. Opportunity is provided for the exchange of ideas of what is being done across the church. Each year one district superintendent, one district secretary of Evangelism, the Chairman of the Board of Evangelism and the Executive Secretary are sent to this significant meeting.

WALLACE FRIDY, Program Director
LOUIS FOWKE, Conference Staff

REPORT NO. 2

Aims and Goals of Evangelism

As we plan our program for the future, we could do no better than call attention to **A Position Paper** prepared by The General Board of Evangelism from which the following is quoted:

"The aim of Evangelism is to bring all persons into living, active, fellowship with God through Jesus Christ as divine Savior and Lord, and through the regenerating power of the Holy Spirit to gather them into the fellowship of the church and lead them to express their Christian discipleship in every area of human life that the Kingdom of God may be realized." P. 1202, **The Discipline 1968.**

"Evangelism is the winning of persons to Jesus Christ as Savior and Lord. It is an attitude, a spirit, and a living faith that finds expression in a continuous cooperative effort on the part of the Holy Spirit and man to bring the individual into vital relationship to God and his fellowmen through faith in Jesus Christ, God's Son. It results in a definite personal experience of salvation, a growing sensitivity to the social relevance of the gospel, and progressive building of Christlike character. It seeks to bring each into complete harmony with the will of God, into the fellowship of the church, and into involvement in the world to be God's servant of reconciliation. It helps him to grow spiritually through the means of grace and to serve God in daily living.

"Evangelism is the task of the whole church. Every minister, department, agency, local church, and member of The United Methodist Church is responsible for its accomplishment." P. 1202, **The Discipline 1968.**

The world is questioning whether the church has a valid message for modern man. It contends that strategies and methology hewn out of an age conditioned by other psychological, social and technological influences are inadequate for the present era. This situation demands that the church seek out new and viable ways.

"However the verdict of the culture, the Church has been placed in the world by her Lord to serve the world. She stands at a time in history much like the church of the first century. Empowered by the Holy Spirit she can, like that church, be a redemptive revolutionary influence in today's culture. Here it is that Christ calls the Church to be faithful and obedient in contemporary witness by being renewed in spirit and speaking to the world with honesty, power and devotion in His name.

"The relevance of the Gospel is found in the presence and activity of the Holy Spirit. He not only leads the church beyond false security, but creates within her the inspiration and courage to respond in new ways to the needs of men. He alone equips the people of God to accept their mission with the patience and courage to risk all.

Commitment. The commitment to which we are called includes:

Listening to the living God, who is speaking and acting NOW. We must listen to the Lord of the Church as he speaks through the scriptures, through disciplined habits of prayer and worship, through the lives of others and in the events of our time.

Listening to the world. We shall be poorly equipped for our task unless we listen so as to hear what the world is really saying. If we do not listen to what the world is saying, we cannot expect the world to listen to us.

Communicating the Word. God is communicating in his world. Our task is to identify God's reality in the world through our presence, proclamation, witness and action. Under the mandate of our Lord, as expressed in the great commission, we are to call men to discipleship which means to accept him as Lord and serve him as Lord. As disciples we must be free to experiment with creative evangelistic models, and a variety of organizational structures. We dare not come with simplistic answers to complex questions.

Here we need the Biblical understanding of the laos, all the people of God. To the laos is delegated both the responsibility and the authority to be communicators of the Gospel in the world.

Present barriers to the communication of the Word are not insurmountable. Since the form or medium may say more than the content of the message, we must live out the gospel of reconciliation in terms of concrete action. Directed

by the Holy Spirit, our motivation is to help the person move beyond his basic requirement for mere subsistence to a life of wholeness and fulfillment in Jesus Christ.

4. **Participating in the Community of Faith.** The Christian cannot live in isolation. It is essential that we demonstrate our discipleship in fellowship (koinonia) as we participate historically in the Christ-event recorded in Holy Scripture and expressed through the Church in its faith, corporate worship, fellowship, and missional activities.

5. **Growing as responsible disciples.** Men challenged by God in Christ are accountable both to him and to the fellowship of believing people for a vital corporate and personal ministry through study, prayer, work, action, and leisure. We are responsible as individuals and as a church for becoming included in the struggles of all persons with the sincere hope that each will come to know Christ and participate in the unceasing love of God for his world.

6. **Celebrating oneness.** To celebrate our oneness in Christ and each other in the midst of the world as well as in the places of formal worship requires openness toward all with whom God joins us. Together we must explore the ways for authentic communication of our deepest convictions. We commit ourselves to a common evangelistic witness by joining with others in all ministries except where conscience demands a separate witness.

REPORT NO. 3
LOCAL CHURCH EVANGELISM
Recommendations

1. That each local congregation in its Council on Ministries give prayerful consideration to the three basic queries of evaluation: (1) Where are we? (2) Where ought we be? (3) How do we get there?

2. That in our consideration of the third question above: "How do we get there?" we sincerely weigh the effectiveness of our traditional methods of evangelism and in the event that the competency of such historical methods as "revivalism", weeks of services," etc., is questionable, each Council on Ministries redesign its program of evangelism into a vital, capable, enthusiastic effort to reach people where they are with the "Good News" of Jesus Christ.

3. That each local congregation consider the possibility of forming small groups for prayer, study and exploration of the primary mission of the Church and for ministry to the people of the community.

4. That the Lay Witness Mission be given consideration as a method of deepening the spiritual life and carrying the message of redemption beyond the bounds of the local parish.

5. That the local church encourage the personal and private devotional life of its individual members, recommending the use of such aids as "The Upper Room" and other devotional literature. And further, that those responsible for evangelism in the congregation give consideration to the Tidings program for providing religious literature in the church and community.

6. That in our philosophy of conversion we become aware of the all-permeating power of God: The ministry of the Holy Spirit unto the whole man and unto all men.

8. That, by precept and example, we encourage and call men to the "disciplined life" as taught and demonstrated by our Lord.

REPORT NO. 1
Epworth Children's Home

In recent years the reports of Epworth Children's Home to the South Carolina Annual Conference of the Methodist Church have reflected a changing and expanding program. In fact, every effort has been put forth to acquaint our Annual Conference with the fact that Epworth is now in a new day of service to many children and their families that have never been served before. During the past conference years this program has continued at an increased rate. Many fine things have happened and at the present time it appears that the service of Epworth Children's Home is more effective than at any time in its history.

The real secret to program growth and development has been in the accumulation of an adequate staff during the last several years. At the present time there are a number of staff members who are professionally trained for specialized work. Among these are several staff members who have Master's Degrees in Social Work, one a Master's Degree in Education, and three consultants who have Ph.D. Degrees. One of our consultants is a psychiatrist who is working very closely with the counselling program and the program for emotionally disturbed children, another is in the field of psychological testing and evaluation, and yet another is in the field of general consultation concerning our program. The latter of these is Dr. Alan Keith-Lucas from the School of Social Work of the University of North Carolina. For two years now Dr. Keith-Lucas has been making regular monthly visits to the Epworth campus and has been giving guidance to the various staff members in the development of our present program. His presence on the Epworth campus and his work with the staff have made a tremendous difference in the quality and type of care offered to the children in this day by the Methodist Children's Home.

The most recent program added to the other services of Epworth has been a full scale counselling program. This program is designed to assist not only the children under care but sometime ago was extended to services for members of their families that needed special help. To date it has already been extended to other families that may have need for such services but are not concerned with the placement of children. The psychiatrist who provides consultation for the counsellors and the head of this department are unusually well equipped to serve in these capacities and we believe that this program has a tremendous contribution to make to those families who are confronted with serious problems.

The placement of children in family homes is now well underway. Already a number of children have been placed and the results are most encouraging. These families are very carefully selected and screened before children are assigned to them for care. These families are actually employed by Epworth and are under constant supervision and guidance by staff members. In addition to this they are provided training so as to better help them to know how to live with the children, work with their relatives, and provide quality care.

The program for the retarded child has been expanded during the year and in September, 1969, an additional class for the retarded will be added to the campus program. One class has been held on our campus during the past year and in addition to this eight different public schools have been used to provide for the children who need special consideration in the educational field.

The emotionally disturbed child continues to be a constant concern and every effort is being put forth to provide adequate assistance to these. Staff personnel are available who are well equipped to diagnose their problems and offer corrective therapy to them.

The number of children cared for on the Epworth campus has not been increased by 28. During the year two additional cottages were opened up and children have been admitted to fill them during the past several months. One of these cottages is a new arrangement to the Epworth staff. It is a family cottage in which both boys and girls live and it is used primarily to house the families of brothers and sisters. At the present time it is working well and has every promise of being a most acceptable pattern for the grouping of children who must live away from their own homes.

The building program at Epworth has moved forward during the year. The new Herman Wright Child Care Center was completed in the spring of 1969 and is now in use. This is a multi-purpose building, housing the administrative offices on the second floor but with three-fourths of the building used by the various programs provided by Epworth Children's Home. This section of the building will house the counseling services, special education program, the director of the cottage life on the Epworth campus, the entire social service department, the home placement program, the program for temporary care of children, and eventually several other areas which are being projected for the near future. This building was built as a result of four contributions which included the construction of the building, all the furnishings of it, and the landscaping. The largest of these contributions was from Mr. Herman Wright for whom the building is named as his contribution was sufficient to pay for the entire construction cost.

The matter of financial pressure continues to be an ever present problem. During the past ten years the contributions from the Methodist churches of South Carolina have increased only about 12%. Inflation has more than absorbed this amount. In fact, the report indicates that living costs increased last year by 5.4%. This one increase alone moved the Epworth expenditures up around $20,000.00. When the matter of inflation is considered, it is a fact that Epworth Children's Home is operating on a smaller income insofar as the dollar value is concerned than ten years ago.

To date $211,425.94 has been received from the various Methodist churches. This is $93,076.00 below the giving for the entire conference year of 1967-68. Only the month of May is left to bring the church giving up to a level of the previous year. It is not known whether or not this can be done but if there should be further cutbacks in contributions it will seriously handicap the Epworth program and the number of children and their families that can be served. The Board of Trustees, the administration, the staff and children of Epworth Children's Home continue to be indebted for those Methodist people who seriously consider this work as an important part of the church. Even though one-half of the church contributions come from only about 8% of the Methodist churches, it is a fact that there are many people who are constantly working to make certain that the Epworth children have adequate provision.

It is sincerely hoped that the recommendation which goes before the Annual Conference this year will be adopted and the churches will be willing to accept a quota for their giving to Epworth. This will not only assure a more adequate income but it will more especially give an indication of the income that can be expected from the Methodist churches. This will enable the Board and the Administration to work on a much more dependable income and budget. Full details of this program will appear in the Report of the World Service and Finance Commission for action by the Annual Conference.

REPORT NO. 2

Progress Report

The Methodist Home — Orangeburg, S. C.

I. Background

In October of 1953 the Methodists of South Carolina purchased 113 acres of land near Orangeburg at the cost of $105,000.00 to be developed as a home for aging persons. On the land was situated an array of buildings designed as the temporary, wartime quarters of an Air Force flight training center.

Within three months after the purchase sufficient renovations had been completed to accept the first ten residents. Across the past sixteen years almost $500,000.00 has been spent for the original purchase, needed renovations and the construction of two new dormitories and a 51-bed infirmary. Today there are about 205 residents at The Home.

II. Need for Facilities

At the September 13, 1966 meeting of the Board of Trustees of The Methodist Home the administrator, the Rev. C. L. Woodard, presented the sketch of a plan to up-date the physical facilities. At the same time new concepts could be introduced into the overall life of The Home. The Board of Trustees was unanimous in favoring the plan. Subsequently two events made this plan become a reality.

One was the inspiring capital funds campaign which resulted in gifts and pledges totalling more than $2,500,000.00 for The Home and for a new facility to be built at Greenwood. The other event was the employment of the firm of McMillan, Bunes, Townsend and Bowen as the architects for The Home.

Our architects developed a program in which the individual person was paramount. Every step of the planning took into consideration the special needs of elderly persons. The desire for a home-like atmosphere dictated designs which will provide a facility of which South Carolina United Methodists can be proud. It will be a home in which individuals and their loved ones can find happy, productive years of living.

As the 1969 Annual Conference meets, plans will be ready for the ground-breaking ceremony. The two million dollar program will replace buildings which were never intended for the use to which we have put them for the past sixteen years. The buildings being replaced were considered physical obsolete at the time of purchase in 1953. When completed the new building complex will provide residential care for about 300 persons.

III. Anticipated Programing

As the new facilities are occupied, it will now be possible to expand The Home's program in several areas. These have hitherto been impractical or impossible. You will be interested to know some of the plans invisioned.

It is expected that the religious program will be placed under the care of a resident chaplain. Currently, The Home's chaplain, a retired member of the Annual Conference, serves on a part-time basis. He has begun the development of a religious program which deserves expansion. The resident chaplain will be trained in geriatric work and should give unique dimensions to the spiritual life of The Home's residents.

The services of a program director will be obtained to develop a day-by-day program utilizing recreational and craft facilities being built into the new buildings. Such a program will offer to The Home's residents new opportunities to fill many hours with creative activity. Such a program will necessitate materials which many of our residents cannot afford to purchase from personal funds. This, of course, means that an over-all subsidy will be required to make the program of this department available to every resident.

The chaplain and the program director will share in developing a comprehensive plan making available to our residents such cultural opportunities as develop in Orangeburg. Because of their age and their physical condition many of the residents are extremely limited in the amount of travel they enjoy and even a short trip to Orangeburg can be exhausting to these. Many of the residents, by the very nature of their environmental backgrounds, are satisfied with a rather spartan kind of living. These do not readily respond to many attractive on-campus activities. All of the residents, because they are at The Home, are in that area of life when "old things" are more attractive than are "new things". Therefore, your Trustees and The Home's administration shall be patient and understanding when the residents react at their own pace to the opportunities which our new facilities and new personnel will make available. Your Trustees hope that the Annual Conference will be as patient and understanding.

Probably the most important new aspect of The Home's program will be in the realm of Intermediate Care. This new concept is a recognition that many elderly persons are not in need of constant care as bed patients, but that many, nevertheless, are not capable of taking full care of themselves. They might need assistance in getting dressed or need someone to make sure that medication is taken on schedule. A large portion of the new residential construction will incorporate the concept of "Intermediate Care". The surroundings will be home-like, not hospital-like. Those in residence in these areas will receive whatever special care is demanded by each individual case. The availability of "Intermediate Care" will make it possible for The Home to receive persons of less mobile physical condition than is now the case. "Intermediate Care" faces the fact that increasingly, elderly persons wait until they are less than totally active before they decide to seek admission to a geriatric care facility. This type of care is so new in concept that neither the South Carolina State Board of Health nor the Department of Health, Education and Welfare at the Federal Government level have comprehensive guide-lines for construction requirements. However, these agencies have cooperated with our architects in making our new

facilities acceptable for accreditation standards. For several years The Home has been a pioneer in this type of care through the specialized use of the Whetsell Building, The Home's original infirmary. Therefore, we enter into an enlarged program of "Intermediate Care" with confidence of its need.

IV. Personnel

The field of geriatrics, or the concerns of the aging, is a new discipline in practically every area where one turns in search of employees. There is a popular myth that specialists are always being trained in the American education system. However, this just is not true of even the recent past in the field of geriatrics. Only now are specialists beginning to become available for consideration. For example, we were informed that the nation's first two nurses with post-graduate training in geriatric nursing completed their work at Duke University within the past year and they were immediately hired for teaching and not for actual practice of their speciality. The University of North Carolina will, within this calendar year, begin a course for recreation directors specializing in work with the elderly. Clinically trained chaplains with a speciality in geriatrics are almost non-existent. We are advised that it will be best for The Home to find such persons as a Chaplain and a Program Director and subsidize the specialized training of these whom we feel will fill our needs.

All of this is to make you aware that because of the rapid nation-wide expansion of geriatric work, the supply of specialists does not begin to meet the demand. Our administrator could, in a secular geriatric residential center, find ready employment on the basis of his experience at The Home and command a salary double what we now are paying. This will mean that we shall have to bear the burden of training certain key persons such as the Chaplain and the Program Director and must expect to pay salaries which will enable us to keep the persons after they have been trained and served out some obligatory commitment. Nevertheless, because of the enthusiastic support given The Home's expansion plans, your Trustees are confident that the persons needed can be obtained and retained.

V. Financing

The current campaign to raise capital funds is expected to supply much of the funds needed to underwrite the expansion of the physical facilities of The Home. However, when we turn to the operational funds to be needed for the future, we face another matter. A prinmary source of operational funds is the fee which each resident pays for residential care. Each resident pays according to his ability, and only about 100 residents are able to pay the full amount of their fees. The Charter of The Home provides that as many as one-third of the residents may be those whose sole support is that paid by Welfare assistance or some other such source. Currently, about 65 persons are in this category. None of these persons receiving Welfare assistance are granted amounts equal to that received by persons receiving Welfare assistance who are residents of non-church related homes. The Department of Public Welfare in South Carolina has an arbitrary ruling which is most favorable to geriatric homes designed as "profit-making". We cannot change this inequity but must live with it. Many of our residents receive checks from Social Security and they pay somewhat more than the residents on Welfare assistance but still less than the full fees.

Another primary source of income is from the contributions made by South Carolina Methodists through their local churches. At present the World Service and Finance Commission recommends a goal of $1.00 per member for each local church. Heretofore, the goal was 50¢ per member. Although many congregations go far beyond this small goal, we regret to report that the annual giving to The Home never reaches the goal on a Conference-wide level.

Additional support from gifts, memorials and bequests have, across the years, enabled The Home to pay most of the cost of the original purchase and the renovations and new construction of the first 16 years of The Home's life.

The Home is caught in the same inflationary squeeze which every American knows so well. Consequently, the residential fees must be re-examined from

time to time. However, there is a constant lag between the increase of the costs of operation and the increase of welfare assistance, social security payments, and Annual Conference support. As a result, the threat of a deficit is a constant challenge to The Home's administration.

VI. Anticipated Budget

Currently, The Home's budget stands at about $538,000.00. Trustees estimate that by 1970-71 the increased cost of living, coupled with the expanded facilities and program will necessitate a budget of at least $1,060,000.00 for operational costs. There may be need for non-operational funds to apply to debt retirement involved with the current building program.

You may wonder at such a rise. One example will help you to understand the situation. A pharmacist will be a "must" with the increase in the number of residents and the influx of persons in the "Intermediate Care" program. A pharmacist starting salary, just out of college, will be at the $13,000.00 level or more than a thousand dollars more than the highest salary currently paid at The Home. Other specialists require correspondingly equal salaries. Our nursing staff of Register Nurses and Licensed Practical Nurses will be about doubled. Administrative and other ancillary personnel will require expansion. The result will be a budget which will probably look like this:

ANTICIPATED OPERATIONAL BUDGET, 1970 - 1971

Administrative	$ 158,050.00
Dietary	241,940.00
Household	109,500.00
Maintenance	67,000.00
Medical	392,575.00
Utilities	65,000.00
Specialized Services	25,600.00
TOTAL	$1,059,665.00

Your Trustees of The Methodist Home, Orangeburg, are convinced that such a budget will be a necessity to provide the type of care and the program which our residents deserve.

REPORT NO. 3

Greenwood Methodist Home

It is with a sense of genuine gratitude that I submit to the South Carolina Annual Conference my first Annual Report as Administrator of Greenwood Methodist Home. Permit me to share with you briefly some of the highlights of this past year which have served to make it truly a year of "progress and promise."

Planning and Development

The principal activity of Conference Year 1968-69 has been that of planning and development in connection with the construction of the first unit of the Greenwood Methodist Home, a 102-bed Nursing Center. Under the inspired and inspiring leadership of the Reverend W. Harry Chandler, Chairman, the Building Committee has labored long and faithfully to discharge the responsibility committed to it by the Annual Conference in 1967: "to proceed as far as possible, as soon as possible, to plan and erect the first unit of a home for care of the elderly." As this report is being written (late March), final plans and specifications are being reviewed; it is anticipated that actual construction will begin before the end of Spring.

It has been the Administrator's privilege to work closely with the Building Committee in the planning stages of the project. In addition, he has traveled across the Conference throughout the year, interpreting not only the Greenwood project, but also our **total ministry to the aging** as it is directed through the Conference Board of Health and Welfare Ministries, the Methodist Homes Campaign, the Methodist Homes Support Fund, and The Methodist Home, Orangeburg. The forum for this interpretation has included Sunday Services of Worship, District Conferences, Official Board meetings, and meetings of Methodist Men and WSCS groups.

Another important dimension of the Administrator's responsibility during these days of planning and development has been that of handling a growing volume of correspondence from prospective patients, employees, vendors, and professional organizations in the field of geriatric care. From every indication, Greenwood Methodist Home will be in a favorable position when the time comes to process applications for admission and employment.

Training

From the inception of the Methodist Homes Campaign (and the Greenwood project) questions were raised by concerned members of the Conference regarding the philosophy that is to govern our ministry to the aging; in particular, questions were raised concerning professional training for those rendering service and concerning "programming" that offers more than simple custodial care. These concerns have been taken seriously by the Conference Board and by the Administrators of the Homes.

Training opportunities have been actively sought and utilized. Among these opportunities shared in by the Administrator of the Greenwood Home have been: (1) A week-long "Short Course" for New Administrators, taught by the Reverend William T. Swaim, Administrator, Presbyterian Homes of Central Pennsylvania, Dillsburg, Pennsylvania, in June, 1968; (2) the Annual Workshop for Methodist Home Administrators, directed by the General Board of Health and Welfare Ministries, at Birmingham, Alabama, in October, 1968 (also attended by the Reverend Cellis Woodard); (3) a Health Care Cost Conference, sponsored by the Regional Commissioner of Social Security, at Atlanta, Georgia, in October, 1968 (also attended by the Reverend W. Harry Chandler); (4) A Conference on Human Values in Ministry and Medicare Education, sponsored by the inter-denominational Committee of the same name (in which The United Methodist Church is a leading participant), at the University of Florida, Gainesville, November, 1968 (also attended by the Reverend John M. Younginer, Jr.); and (5) a 14-week Residential Institute, sponsored by The Institute of Gerontology, The University of Michigan - Wayne State University, at Ann Arbor, Michigan, January 13 - April 18, 1969.

Space would not permit a more detailed exposition of the invaluable training afforded by these opportunities, but I would be remiss in my duties if I did not say that the Residential Institute at Ann Arbor was the training highlight of the year. Under the skilled direction of Dr. Wilma T. Donohue, internationally recognized pioneer in the field of gerontology, the Institute combined the resources of one of America's greatest universities with practical experience "in the field." It was my privilege to serve a five (5) week Internship on the Staff of the Chelsea Methodist Home, Chelsea, Michigan, where I found my host, the Reverend John T. Fall, to be both an able Administrator and effective teacher. The entire program was funded through a special training grant from the Administration of Aging, United States Department of Health, Education and Welfare.

Construction Plans

As noted earlier, it is anticipated that construction of the Nursing Center, Greenwood Methodist Home, will be underway before the end of Spring. It is estimated that twelve (12) months will be required to complete the building; if there are no unforeseen delays, we will be able to report to the Annual Conference in June, 1970, that the Nursing Center is operational.

Support

The response of the Methodists of South Carolina to the Methodist Homes Campaign in March, 1968, was clearly a "mandate" to action. Those charged

with the responsibility to develop plans for the Homes at Orangeburg and Greenwood have regarded it as such. It goes without saying, therefore, that we must undergird our planning with the necessary financial resources. It is imperative that every pledge to the Methodist Homes Campaign be paid in full; that increased giving through the Methodist Homes Support Fund be sought; and that we remember the Methodist Homes, and these whom they serve, with memorials, special gifts, and in wills and bequests. Our ministry to the aging will be limited to the extent that we limit our support of our Methodist Homes; our ministry will be extended to the measure that we are generous in our gifts.

In Appreciation

When a project has had the measure of support and devotion that has been directed to the Greenwood Methodist Home, it is a risky undertaking to attempt thanking anyone by name. But I will take that risk and attempt to minimize the risk by citing principally some of the major agencies that have played key roles during these past two years. First, the Methodists of South Carolina — laymen, pastors, Churches — have given freely of their time, talent and treasure to support our ministry to the aging, and for this we are grateful. Second, the people of the City of Greenwood and Greenwood County — Methodists, non-Methodists, civic, religious and fraternal organizations, charitable foundations, business and industry — continue to redeem their pledge to the Annual Conference to support fully the Methodist Home which they sought actively for Greenwood. This measure of devotion to a cause has been an inspiration to all who have been associated with the Greenwood project, and a word of appreciation is really adequate — but we are grateful for this support. Third, we shall forever be in the debt of those who have provided the long hours of "pick and shovel" work to produce the plans for our Nursing Center: the Building Committee, whose Chairman, the Reverend W. Harry Chandler, combines wisdom, patience and vision to produce matchless leadership; the South Carolina State Board of Health, whose J. Richard Coney, Director of the Division of Health Facilities, has provided invaluable technical advice in the course of serving as our reviewer under the Hill-Burton program; and Louis E. Asbury, Jr., our architect, who with his associates, has "translated" myriad ideas and a guiding philosophy of "the best of facilities and care" into working plans and specifications.

Finally, there are many who have worked quietly behind the scenes: our General Board of Health and Welfare Ministries, which has provided financial support for administrative and development expenses, through Kendall Trust Fund grants; our Conference Board of Health and Welfare Ministries, which has served as the "Acting Board of Trustees" for the Greenwood Home during the past year; and a host of friends like the Reverend Cellis Woodard, Superintendent of The Methodist Home, Orangeburg, and Willard S. Farrow, Administrator, The Methodist Home, Charlotte, who have not only directed valuable support to the overall project, but who have also served as helpful counsellors and loyal friends to a fledgling Administrator.

In Conclusion

One of my ministerial colleagues frequently reminds his congregation that in their undertakings "We build not for the bigness that is impressive . . . but for the greatness that is enduring." My hope for the Greenwood Methodist Home is that across the years it, too, may flourish under that philosophy as it serves the needs of the aging in the Name and in the Spirit of Jesus Christ.

Continuing Committee of Methodist Homes Campaign

REPORT NO. 9

The Continuing Committee of the Methodist Homes Campaign has endeavored to keep the needs of the aged in South Carolina before the Methodists of this Conference to insure collection of the pledges that were made. To this end the following has been done:

1. Periodic statements to the churches on the amount paid.
2. Several articles in the Advocate on what is being done at both homes.
3. Brochures prepared and distributed to the churches.
4. Articles in the newspapers — both dailies and weeklies — on what is being done and the needs of the homes.
5. The employment of a part-time secretary-director, Mrs. Nancy Faulling, to keep records and assist in any way that will help keep the needs of the homes before the people.

For the future, follow up work is planned after conference for those churches that are delinquent in their payments. If the committee can assist any church, we'll be glad to.

The committee submits the following budget:

Salaries and office expense	$1,800.00
Printing	2,000.00
Postage	300.00
Travel	500.00
Stationary and office supplies	200.00
Contingencies	700.00
Total	$5,500.00

Other Information About the Group Life Plan

No medical examination will be required of new men joining the Conference provided application is made within 31 days after they became eligible.

If you have dependents, it is necessary to enroll all of them.

Employees may not enroll in the Group Life Insurance Plan without also enrolling in the Major Medical Hospital Insurance Plan.

A brochure, **Your Group Insurance Plan,** outlining the complete insurance plan is available from the Office of the Administrator of Ministerial Affairs.

Donald A. Foster, Administrator of Ministerial Affairs, will be the administrator of the combined Group Life and Major Medical Program. All requests for information on insurance should be directed to the Administrator. All premium payments should be made to S. D. Clarkson, Conference Treasurer.

REPORT NO. 2

Major Medical Hospital Insurance

This program is also carried by the Prudential Insurance Company of America, and the Conference receives advantages in having the entire insurance program with one company.

At present there are 567 active and retired ministers and accepted supplies enrolled in this program, 541 of whom have dependent coverage.

All active and approved supply pastors and their dependents have a lifetime maximum coverage of $15,000. Ministers retiring on or after June 11, 1968, will have a maximum coverage of $7,500 or the unused portion of the maximum, whichever is less. No change has been made in the Major Medical Maximum available to ministers who retired before June 2, 1963, nor to those who retired between June 2, 1963 and June 11, 1968.

Major Medical Coverage includes dependent children as long as they are in school, dependent on their parents, and unmarried. Other dependents living in the home may convert to an individual policy at the standard conversion rates.

Hospitalization costs continue to increase each year, and consequently, the claims against the Major Medical Policy have increased sharply. Members enrolled in the program can aid materially in protecting the insurance plan if they will heed the instructions contained in the brochure, **Your Group Insurance Plan,** on page 25, under the heading, "How You Can Do Your Part."

REPORT NO. 3

Medicare

MEDICARE is now the law of the land, under the auspices of the Social Security Administration. All ministers 65 and over, or whose wives are 65 and over, have been requested to sign up on an individual basis for both the general and optional provisions of MEDICARE. Coverage under our Major Medical Insurance policy has been adjusted to the provisions of MEDICARE for those 65 or over, effective as of July 1, 1966. The adjustment in the Major Medical coverage was made to prevent double payment of medical bills; under the adjusted coverage, the Major Medical policy will provide payment at the point where MEDICARE coverage terminates. To derive greatest benefit from MEDICARE, the insurance must be covered by both the general and optional provisions of the plan; since the optional provisions of MEDICARE cost the insured $4.00 per month, all Conference members 65 or over who enroll for both the general and optional provisions of MEDICARE will have their Major Medical premiums reduced by $4.00 per month and $8.00 per month if both husband and wife are over 65.

REPORT NO. 4

Commission Aims and Objectives

Your Insurance Commission constantly reviews and evaluates your insurance program. In order to strengthen the insurance program the Annual Conference gave approval to the Commission's recommendation that eligible participants desiring to enroll in the program be required to enroll for both Group Life coverage and Major Medical coverage. This provision of enrolling for the complete program was made effective for new participants immediately upon Conference approval of the Commission's recommendation on June 17,

1966. All eligible participants serving the Conference at the time the recommendation was approved, and who were not then covered by both the Group Life plan and the Major Medical plan, were required to meet the necessary underwriting requirements within the 1966-67 Conference Year, or forfeit all rights and privileges to enter the plan thereafter. This requirement coincides with standard business practices governing group policies. In order not to work a hardship on Men on Trial or in Full Connection who are in Seminary, said seminarians will not be required to pay Group Life premiums until they take a pastorate except for the $2.00 per month required to pay for the paid-up portion of the policy. The same provision will apply to those who have been covered as Approved Supplies, but who at a given time are enrolled in Seminary and not serving an appointment. Such Seminarians will continue to pay the standard rates on the Major Medical coverage. These provisions have been made in agreement with the Carrier. The Conference pays the Life Insurance premiums for the retired men. Approximately $30,000 will be required for this purpose for the next Conference year. When the paid-up insurance portion of this policy has been in effect for several years we can expect the cost of premiums on our retired men to be reduced gradually.

REPORT NO. 5

Billing

The Administrator mails quarterly statements to everyone enrolled in the Insurance Pogram. Statements are mailed February, May, August and November. **Monthly payments will be welcomed from those who prefer this procedure.** Bank drafts and post-dated checks may be used for payments. Participants in the program are urged to use the system of payments best suited to their needs. The important thing is to keep payments current. Sometime during the Conference year 1969-70 our billing system will be changed to reflect one monthly payment for the combined program.

Premium Rates For Full Family Coverage

Group Classification	Monthly	Quarterly
Group 1	$18.34	$55.00
Group 2	17.50	52.50
Group 3	16.67	50.00
Group 4	16.34	49.00
Group 5	15.50	46.50
Group 6 (Unless retired)	6.67	17.00

Premium Rates Without Dependent Coverage

Group 2	11.67	35.00
Group 3	11.67	35.00

Group 5	10.50	31.50
Group 6	5.67	17.00

REPORT NO. 6

Coverage of Lay Employees

We have had requests from Conference Boards and Agencies for coverage of lay employees. The following policy has been adopted:

Conference Group Insurance is available to all employees of the Methodist Church directly related to the South Carolina Annual Conference, who are not under the direction of a Board of Trustees, provided the employee (the insured) and the agency concerned bear their share of the cost of the insurance. Individuals making less than $5,000 per annum will be covered by $2,000 Group Life Insurance and will not be eligible for Term or Paid-up coverage.

Coverage under the Major Medical plan shall be the same as for all other persons covered, and all other provisions governing eligibility for the Conference Insurance Program shall apply.

REPORT NO. 7

Your Commission is now operating under a "Coordination of Benefits" plan. Under this plan if a dependent, employed wife, for example, is covered by another group plan, application for coverage should be made under the employee's own policy first, then apply to the Conference Program for any additional benefits that might be due. This will insure not more than 100% of benefits payment, as far as Group plans are concerned.

We cannot urge too strongly strict adherence to this policy. With rising hospital costs full conformity will help us maintain good benefits under our Program.

REPORT NO. 8

For the purpose of proper cost analysis, all Conference Boards and Agencies, which ministers and others eligible for insurance are serving, will pay one-half of the cost of the program. This shall apply to all in this category with the exception of George Beach, Retired, and shall include District Superintendents.

The same shall apply to those serving Methodist colleges and other institutions and agencies operating under a Board of Trustees. Also those serving institutions and agencies outside the Annual Conference, should such persons desire coverage under our program.

REPORT NO. 9

Recommendations

The Commission recommends that:

(1) The Commission on World Service and Finance appropriate the sum of $[illegible],000 for the Conference year 1969-1970 to be used as follows:

(a) $13,392 for Administration

(b) $30,000 to pay Life Insurance premiums on retired members

(c) $73,608 to be used as the Conference's share of the Group Life and Major Medical payments for the active members for the ensuing Conference year.

(2) Participants in the group insurance program pay their premiums monthly in advance, and that any participant who fails to keep his premium paid, or who fails to make satisfactory arrangements with the Administrator by the end of the quarter, shall have his insurance cancelled.

(3) The Commission recommends that the dividend received each year from the Prudential Insurance ($56,489.00 this year) and all future dividends be held in a special reserve fund and used to provide extra coverage for our insured Ministers and their families as outlined:

(a) Add $5,000 of term life insurance to all now covered and under age 65

(b) Increase the hospital benefits to 100% on the first $1,000 (now $500) and 80% above $1,000.

(c) Raise the maximum life time benefits available from $15,000 to $30,000

(d) Add a $150 Supplemental accident benefit.

All of the above to be accomplished for the next two Conference years with NO ADDITIONAL COST to either the members or the Conference. Hopefully a good dividend experience could carry these additional benefits on the same basis.

(4) Donald A. Foster has been elected Administrator of the Office of Ministerial Affairs.

CONFERENCE BOARD OF LAY ACTIVITIES
REPORT NO. 1

Introduction

The South Carolina Conference Board of the Laity appreciates this privilege of greeting the clerical and lay members of the 1969 Session of the Annual Conference and through them the members of the local churches from which they come. This is not merely a friendly overture, however. This Board, in coming to churches, which can benefit by its services. It is hoped that the members of this Conference will assist in keeping the lines of communication open by sharing this report when they return home. Feedback will be welcomed, as the Board has much to learn as well as to offer.

Reference to the Journal of the 1968 Session of this Annual Conference discloses a wide variety of contents in the reports of the various boards, commissions and agencies, with the amount of statistics and the recitals of accomplishments being influenced by the nature of their work. The new stance of the United Methodist Church, which is in more of a posture of listening to the local churches, underscores the need, especially for the average layman, to have a better understanding of the structure and functions of the conference and district organizations available to counsel with and assist him in increasing his effectiveness, and this is a primary consideration in this report.

STRUCTURE AND FUNCTIONS

Structure

In the beginning, it should be pointed out that in addition to the Conference Board of the Laity, and linked with it organically, there is in each district a District Board of the Laity having a substantially similar program structure. A majority of the conference board is made up of representatives of the district boards, and a majority of the district boards consists of local church lay leaders who, by virtue of their local church office, are members of their district boards.

In addition, there is the General (church-wide) Board of the Laity, charged by the **Discipline** with a fairly well defined body of responsibilities designed in general to increase the interest and effectiveness of the laity in the total mission of the Methodist Church and in special aspects specifically assigned to the General Board for attention. Consequently, the General Board is continuously engaged in efforts to focus attention upon the role of the laity and in the search for better methods for their training to render effective service.

Functions

The General Board publishes manuals, leaflets and other supportive materials and conducts conferences, workshops and clinics for the exchange of information with the program leadership of the annual conference boards of the laity. The conference boards endeavor to organize the total program into components deemed suitable for effective promotion within their borders, organize accordingly (within the limits prescribed by the Church), and undertake to counsel with and assist their district boards of the laity to equip themselves to interpret the program to the local churches. It should be apparent, therefore, that although the local churches receive communications from the general and conference boards and are free to deal directly with them, the district boards are the nearest physically and psychologically to the local scene and are in the best position to interpret the program for ultimate consumption.

Changes

During the current conference year the conference board and the district boards have been engaged in adjusting to the new structure prescribed or encouraged by the 1968 General Conference legislation, and in utilizing the new structure to improve the quality and increase the momentum of the six program emphases which have been in effect in recent years. Representation from the Women's Society of Christian Service and United Methodist Youth have been added to the conference and district boards. The district superintendents have heretofore been members at both levels, but at least one pastor (usually the

now been added to each district board. Conference and district boards have been divided into two equal commissions with three program emphases assigned each, as follows:

Commission on Stewardship and Finance:
- Stewardship Education
- Every-Member Commitment
- Wills and Special Gifts

Commission on Lay Life and Work:
- United Methodist Men
- Certified Lay Speaking
- General Training

Associate conference lay leaders are now related to each of the two commissions and conference directors, as heretofore, to each of the six program emphases. However, an innovation is the assignment of the members of the two commissions to committees to undergird the directors, thus specifically identifying each member of the conference board with one of the concerns for which his commission is responsible. This arrangement has the twofold advantage of providing each director with the counsel of two district superintendents, two district lay leaders and four associate district lay leaders (on the average) in program development, and providing each of the eleven districts the intimate knowledge of the planning for four of the six emphases which will be presented to them later for implementation.

The greatest rewards and the greatest difficulties have attended the attempt to apply substantially the same structure to the districts. The difficulties may stem from the fact that the districts are not often compact territories or natural trading areas and the laity do not appear to be well acquainted among the widely dispersed churches. (One instance was encountered where three months after the conference year began, the district lay leaders had not even become personally acquainted with two of his district directors.) Consequently, the selection of district committees has in some cases been somewhat peremptory and attendance at meetings less than satisfactory.

Evaluation

One of the greatest rewards of the committee system is that for the first time it permits the district board to be a board. Heretofore, numerous local church lay leaders have not been aware of the existence of the board, much less that they were members of it by virtue of their local church office. The committees are drawn from the rank and file of the boards, which consist of the local church lay leaders, so that with eight men assigned to each of the six committees about fifty church lay leaders become involved for the first time in each district, strengthening the connectional structure and taking the experience back to their own churches as well as sharing it with others. Some of the best committee work and the greatest interest has been demonstrated by men who have just been elected church lay leaders and are interested in the total range of their responsibilities in this office.

Time has been short to give a fair test to the new structure, but a substantial majority of the district committees have been active and momentum has been actually gained in the lay activities program. In most cases district nominating committees are being utilized to provide greater care in the selection and enlistment of prospective leaders for the coming year. Pastors can benefit themselves and their churches by recommending their church lay leaders to their district superintendents and suggesting the committee on which they might be most effective.

STEWARDSHIP AND FINANCE

As indicated above, the stewardship emphasis for which the Conference Board Commission on Stewardship and Finance, under the leadership of Dr. T. S. Buie, is responsible, is broken down in this Conference into three segments, as each is sufficiently distinct and exacting to warrant enlisting a separate voluntary director.

Stewardship Education

For instance, Christian Stewardship Education under Mr. Douglas A. Broome, Director, is concerned with acquainting the local churches with the availability of a variety of options which can be selected from year to year to focus attention on the basic principles, the range of their application and their applicability to different interest groups. Its objective is to suggest practical means for permeating the local church activities with a sense of their stewardship significance and to encourage planning and the use of available materials by the leadership. It is hoped that pastors will lead their people to maintain a constant emphasis upon the stewardship theme, which is very close to the heart of the Gospel and provides both stimulation and expression to the spiritual life.

Every - Member Commitment

What has just been said about the spiritual impact of the stewardship theme applies equally to its financial application known as the Every - Member Commitment and directed by Mr. Ray H. Matthews, Jr. If planned and executed in accordance with the tested procedures recommended, the spiritual, educational and fellowship benefits frequently overarch the satisfaction of having a fully pledged budget. The Plan, designed by the General Board, is strictly professional in caliber, based on the sound principle of involvement of the maximum number of members in the operation rather than streamlinging. Pastors contemplating its use for the first time will be well advised to study the Manual in depth and at leisure, preferably with a group in his church, some time before it is necessary to select the personnel and order the supportive materials.

Wills and Special Gifts

One of the most important challenges of stewardship relates to accumulated possessions in cases in which the owner has overlooked the making of orderly arrangements for the protection of his loved ones and the opportunity to provide significant support for cherished institutions. This third prong of the Board's stewardship thrust, known as the promotional program of Wills and Special Gifts, headed by Mr. W. L. Brannon, is pointed in this direction. This is a continuing educational project rather than a crash program and is channeled by the Board to the appropriate leaders of the local churches by direct mail and at special meetings at the district and sub-district levels. Information gleaned at meetings in this Conference indicates that 40 per cent, including preachers, do not have a valid will. This program can therefore be of great benefit to the families of this Conference, as well as having enormous financial potential for its institutions.

LAY LIFE AND WORK

Certified Lay Speaking

The work of the Conference Board Commission on Lay Life and Work, headed by Dr. J. C. Holler, is also focused on three primary emphases, with a director for each.

Methodist Men Fellowships (Clubs)

Mr. I. E. Lausman is Conference Director of this activity. The greatest innovation in program emphases and one which has received church-wide publicity by the General Board of the Laity, is an attempt, originating under this direction, to rejuvinate Methodist Men Fellowships in the local churches. Known as the Blue Ribbon Club project because of a provision for the recognition of superior performance, it encourages a friendly rivalry in the achievement of twenty standards of performance, in which the use of church-related program topics and projects and the support of lay training retreats and conferences predominate. The project brochure offers a wealth of ideas on worthwhile program topics for club meetings and on church-related and community projects. To the thoughtful pastor the cementing effect of such fellowships upon the membership of the church will rank high among his reasons for initiation or active support of this activity in his church.

The Certified Lay Speaking program under Mr. Nelson L. Peach, Conference Director, is another feature which can contribute materially to the solidarity of the connectional church. Not only do these speakers see Methodism in a great variety of congregations and situations and make wholesome new friendships, but they are also in a position to lift morale by their testimony and example. At the suggestion of the Conference Committee on this emphasis, several districts are providing recognition and fellowship for these lay speakers at appreciation banquets or similar occasions and it is strongly recommended that other districts do likewise. Training courses for new speakers are continuing to be offered and refresher courses for those previously qualified. Pastors are urged to acquaint themselves with the diversity of services which these dedicated lay people are available to render and to encourage their capable laymen to enlist in this program.

General Training

General Training is the term used to designate other educational activities sponsored by the Lay Life and Work Commission of the Board. Under the leadership of Mr. W. L. Brannon, it is directed particularly to increasing the effectiveness of laymen named to local church positions which are not the direct responsibility of other conference boards, such as:

— The Church Lay Leader
— The Administrative Board
— The Board of Trustees
— The Lay Member of the Annual Conference
— The Committee on Pastor - Parish Relations
— The Committee on Nominations and Personnel

New manuals are now available on several of these and pastors are urged to acquaint themselves with their contents and to encourage their lay leadership to attend district lay retreats and other such events where one or more of these topics is likely to be presented.

District Retreats

Another responsibility lodged with the conference and district commissions on Lay Life and Work through their committees on General Training, is the promotion of attendance at lay conferences, workshops and retreats. The planning and conducting of such events at the district level is of concern to the entire lay leadership of most districts, but the district lay leader may delegate to his associate on Lay Life and Work the coordinating responsibility. Nine districts held lay retreats during the calendar year 1968 and the prospects are as good or better for 1969. Such retreats utilize the Methodist Camp, or similar detached facilities more easily reached, extend to include one or two nights and provide inspirational, educational and fellowship features. Two districts which conducted lay retreats also held lay rallies which brought together hundreds of Methodist and friends for dinners followed by music and inspirational addresses.

Junaluska Laymen's Conference

The Southeastern Jurisdiction Laymen's Conference at Lake Junaluska, North Carolina, will be held this year July 31 - August 3. South Carolina ranked 2nd in attendance last year with 269 present, compared with 195 in 1967. About 1,840 people from throughout the Southeast were registered, providing fine opportunities for fellowship, in addition to the inspirational, informative and entertaining features of the program.

Purdue Laymen's Conference

The quadrennial National Conference of Methodist Men meets July 11-13, 1969, on the campus of Purdue University at Lafayette, Indiana, and offers an unforgettable experience in fellowship and inspiration.

GENERAL

Looking ahead to the next conference year, it is reasonable to expect that effectiveness in promoting the six emphases will continue to increase as experience is gained in utilizing the new structure. At the time of writing this report (March), plans are being considered for next year and dates have been set for orientation sessions for persons who are to serve as district directors. The

districts are presently engaged in selecting their lay leadership for 1969-19[illegible] and the Conference Board will present its prospective leaders in a separate report.

It is appropriate to express here the appreciation of the Board for the devoted and effective services of Dr. T. S. Buie of Spartanburg, S. C., who is retiring from the position of Associate Conference Lay Leader on Stewardship and Finance and of Mr. Nelson L. Peach of Columbia, S. C., who is retiring from the position of Conference Director of Certified Lay Speaking. To gratitude of the Board is also extended to Mr. W. L. Brannon of Denmark S. C., for his varied and untiring services, including his present position a Executive Secretary. He has requested lighter work and has consented to con tinue in the role of Conference Director of Wills and Special Gifts. All three of these men have served the Church in the lay activities sector over a signifi cant span of years and rendered invaluable services.

Thanks are also extended to the great number of laymen who have accepted roles at the conference and district levels and have discharged their tasks so faithfully. On the ministerial side, the Bishop, the District Superintendents and the preachers have provided encouragement and assistance in the common task and other boards and agencies have cooperated with grace and cordiality.

Respectfully submitted,

THE FUND FOR MINISTERIAL EDUCATION

The Fund for Ministerial Education has been known as the One Percent Fund. It was the brain-child of the Southeastern Jurisdiction, and has been responsible for thousands of dollars for the education of ministerial students, with an equal amount going to the Seminaries with our jurisdiction.

At the General Conference in May (1968) this program became one of The United Methodist Church. As a result of this becoming a General Church Program several changes have resulted. These changes were explained in detail to all pastors and Church Lay Leaders in a general mailing from our Committee which included an explanation of the new program (this was explained in two brochures) and a letter appealing to the local churches to continue to undergird this program with additional gifts.

During the Conference Year (1967-68) our churches gave $44,457.00. One half of this was sent to Duke and Emory (divided according to the number of students enrolled) while one-half was kept for use by our committee to assist S. C. students preparing for the ministry. Please note that we work one year in arrears, distributing the money raised in the 1967-68 Conference Year, during the 1968-69 Conference Year.

Our Committee had $22,236.50 to use as Grants-In-Aid this Conference Year. We have granted about $21,500.00 as of March 30, 1969.

We are in the process of contacting men who have received these Grant-In-Aid, but who have now left school or transferred to some other conference. This amount totals about $8,000.00 and we received $2,100.00 of this amount upon our first inquiry. We will continue our efforts to recover these funds.

We are also faced with a sharp reduction of funds for our students under the General Conference Plan unless our local church increase the amount being given.

On behalf of our Seminaries and our students the Ministerial Education Fund Committee wishes to thank each Methodist Church and each Methodist in South Carolina for their fine support of a very worthwhile project.

The Committee on The Ministerial Education Fund is composed of the following:

Thomas N. Brittain, Chairman
Ted H. Walter, Secretary
Ben Cunningham, Treasurer
George Duffie, Sr., Chm. Board of the Ministry
Ralph Cannon, Registrar
Carl Parker, Cabinet Representative

Arthur Taylor, Lay Representative

REPORT NO. 1
1969 - 1970

Whereas, the DISCIPLINE of 1964, paragraph 826, provides for fixing a minimum salary by the Annual Conference, therefore be it resolved: That the

South Carolina Annual Conference fix its minimum salary according to this following scale to become effective on the adjournment of this conference session and continue until changed by the Annual Conference.

1. Minimum Salary of Conference members on trial who are not seminary graduates shall be $4,600. The Minimum Salary of Conference members on trial who are seminary graduates shall be $5,900. The Minimum Salary for traveling elders in full connection shall be $6,200.

2. The Minimum Salary of a Retired Supply Pastor serving full time shall not exceed $2,200, the exact amount to be determined by the request of the District Superintendent with the approval of the Commission on Minimum Salary. Amounts for those not living on the charge and not serving full time shall not exceed $1,200, the exact amount to be determined by the request of the District Superintendent with the approval of the Commission on Minimum Salary.

(a) The Minimum Salary of full time lay pastors shall be $4,400.

3. The Minimum Salary of Student pastors shall not exceed the following amounts, whether they be supplies, lay pastors, probationary members or elders in full connection:

(a) Seminary students $4,000.

(b) Junior and Senior academic undergraduates living on the charge $2,200; living off the charge, $2,000.

4. The District Superintendent shall recommend the adjusted amounts which must be approved by the Commission on Minimum Salary before payment can be made. Any person shall be considered a student pastor if he is enrolled in an accredited college or seminary for a degree.

5. Supplements for years of service for ministers who are under 65 years of age or who have had less than 40 years of service shall be as follows: Traveling Elders with ten years' service, $200, and for each additional five years, $150 up to 25 years' service. Full time approved supplies (except retired supplies) with ten years' service, $100, and each additional five years, $100 up to twenty-five years' service.

6. Any minister shall be entitled to $200 additional, if married: $200 additional for each dependent unmarried child under twenty years of age; or if such child is in college $600 for this child while in college, as undergraduate; also $100 for each church beyond two on the charge.

7. (a) Conference members in full connection and probationary members whose total income from church sources is $7,200 or less: the travel supplement will be 30% of the difference between a man's total salary and $7,200.

(b) Lay Pastors whose total income from church sources is $5,400 or less: the travel supplement will be 30% of the difference between the man's total salary and $5,400.

8. It is recommended that if a charge is to receive minimum salary help it should have a minimum of 150 members for a student pastor or 300 members for full time pastor, except in the case of a church extension situation approved by the Board of Missions and Church Extension as such. Also, neither side of a split charge should be on minimum salary unless one side is clearly designated church extension situation, approved by the Board of Missions and Church Extension.

A. It is the policy of Minimum Salary to support a church for three years. Exceptional cases for an extended period will be considered upon recommendation of the District Superintendent to the Commission on Minimum Salary. (This will not apply to church extension situations.)

9. Be it resolved that the Annual Conference through its Minimum Salary funds shall not pay in excess of 35% of the above amounts. The local churches shall be encouraged to pay the other 65%, but this resolution will not hinder the Board of Missions and Church Extension or other agencies of the church from making appropriations from its discretionary funds. Exception to this resolution will be allowed under the following conditions:

A. The church must meet all the requirements of Minimum Salary Commission.

B. The official board of the said church must declare in writing to the District Superintendent that the above requirement having been met, it cannot pay the 65%.

C. The District Superintendent and the Cabinet must recommend this exception unanimously.

10. Be it further resolved that $2,000 be set aside as a discretionary fund to be administered by the Commission on Minimum Salary on application of the District Superintendent.

11. Minimum salary funds shall be dispersed at the end of each month, and shall be given only to the minister involved.

MINIMUM SALARY NEWLY SET-UP WORK 1969 - 70

Schedule A

Notes: 1. Schedule A applies to ministers serving first pastorates.

2. These schedules apply to ministers serving on trial or in full connection only. In case of the appointment of an approved supply, the salary will be the responsibility of the Minimum Salary Commission.

3. First full year of the church's organization.

1st Year: The salary shall be the top amount allowed under existing Minimum Salary Commission regulations applied to one in this category. The local church from its funds may increase this amount by not more than $300 without reducing the minimum salary appropriation.

2nd Year: The salary of the second year will depend upon that paid the first year and may be increased by not more than $300, but the local church must assume one-fourth of the total salary paid.

3rd Year: The salary of the third year will depend upon that paid the second year and may be increased by not more than $300, but the local church must assume one-half of the total salary paid.

4th Year: The salary of the fourth year will depend upon that paid the third year and may be increased by not more than $300, but the local church must assume three-fourths of the total salary paid.

Schedule B

Notes: Schedule B applies to ministers who are on trial or in full connection and who have had a minimum of four full years of service prior this appointment. Time served in this present appointment under Schedule A does not count as a part of the four years' experience required under Schedule B.

1st Year: Note: First full year of church's organization.
The Minimum Salary shall be $6,200.
Special Note: The District Superintendent may apply to the Church Extension Section of the Board of Missions for a salary that is more in keeping with the amount received by this minister in his previous appointment.

2nd Year: The salary depends on amount received first year. At the beginning of the second year, the newly established church must assume one-fourth of the minister's salary.

3rd Year: The salary for the third year depends on amount received second year. At the beginning of the third year, the newly established church must assume one-half of the minister's salary.

4th Year: The salary for the fourth year depends upon the amount received the third year. At the beginning of the fourth year, the newly established church must assume three-fourths of the minister's salary.

NOTES:

1. Except where the administrators of this salary schedule feel an extreme case of hardship exists, no salary funds will be granted to a church after the fourth full year.

2. A "new church" may be interpreted to mean an "engulfed" situation or a relocation project, if it is determined to be a church extension responsibility by the Church Extension Section of the Board of Missions.

3. The local church share of this salary schedule is interpreted to mean salary plus any travel and utility allowances.

4. These figures are maximums, and any amount of funds from any source in any guise added to these figures will be subtracted from the conference support given.

5. In all cases where a newly set-up work is attached to an existing charge, these become charge figures.

Respectfully submitted,
MICHAEL WATSON, Chairman
JOHN W. ROBISON, Secretary

REPORT NO. 2

SPECIAL REPORT OF THE COMMISSION ON MINIMUM SALARY SOUTH CAROLINA ANNUAL CONFERENCE

The Annual Conference of 1968 directed the Commission on Minimum Salary to conduct a special study of ministerial support based upon the following: theological training, years of service, family responsibility, travel expense and continued ministerial education. This special study committee was requested to report to the 1969 session of Annual Conference a comprehensive plan for consideration for adoption.

The Commission on Minimum Salary appointed a special Fact-Finding Committee for the study. Those appointed to the Committee were:

Dr. McKay Brabham	Mr. John B. Maxey
Rev. Joel Cannon	Colonel Roy C. Moore
Rev. Dewey Dean	Dr. J. W. Robison
Mr. Harris DuBois	Dr. Carlisle Smiley
Rev. Harvey Floyd	Dr. John Stapleton
Rev. Don Foster	Mr. B. O. Thomason, Jr.
Mr. L. L. Hyatt	Dr. Michael Watson

This Committee met and elected the Rev. Harvey Floyd as Chairman. Eight months of work went into this study, and this is found in **Plan B.**

Three (3) plans are presented for your consideration, and these are as follows:

PLAN A

Paragraph 925 of the 1968 **Discipline** provides for a basic salary plan. This provision is concerned with the equalization of the total income of all active itinerants. The ministerial support would be paid into and distributed from a centralized Conference treasury based on present ministerial income from all sources in 1967-1968. Such a plan would provide for an amount of approximately $6,250 for each itinerant. This amount has increased approximately 4% in 1968-1969 to an average of $6,500.

It is anticipated that at this rate of growth, the 1969-1970 basic salary would be $6,750 and $7,000 by the Conference year 1970-1971.

In summary, all itinerants would receive the same basic salary. The Minimum Salary Commission does not recommend Plan A.

PLAN B

A REPORT OF THE FACT-FINDING COMMITTEE

Appointed By The
Commission on Minimum Salary
Rev. Harvey Floyd, Chairman

INTRODUCTION:

At the 1968 session of Annual Conference the Minimum Salary Commission was assigned the following task (p. 95, 1968 **Journal**):

(1) "That the Commission on Minimum Salary devise a plan by which ministerial support be based on the following: theological training, years of service, family responsibility, continued ministerial education.

(2) That this special study committee shall present to the 1969 session of the Annual Conference a comprehensive plan on the above for consideration for adoption."

The Minimum Salary Commission in turn appointed a Fact-Finding Committee to assist in this task. It was apparent at the first meeting that the committee members represented a wide variety of opinions. This fact helped make each meeting both interesting and creative.

From the very beginning the committee found unanimous agreement on three points:

(1) **The present salary situation is a very serious one.**

(2) Something creative must be done as soon as possible.

(3) The seriousness of the salary and related concerns should be communicated to all charges in the most effective ways.

We have sought the facts to face this issue in the following ways:

(1) Opening hearing

(2) Questionnaire—including an opportunity for each minister to express feelings without betrayal of identity

(3) Special hearing of the S. C. Methodist Guild

(4) Study of the ADVOCATE dialogue

(5) Study of other Annual Conferences

(6) Study of the best business practices and procedures

(7) Committee discussion of all six of the above and other related matters

The facts learned revealed to us that salary was not the only problem with which we were dealing. Three (3) most important related concerns brought to light were:

(1) The whole concept of mission—for the minister and the church

(2) The factors which enter into the making of appointments

(3) An adequate ministerial work-load—an adequate number of members (at least 300 by present Conference legislation) or a mission which will both challenge and use effectively a professionally dedicated pastor in ministerial tasks.

However, all of these related issues pointed to, rather than covered up, this most important fact—each minister and his family should receive an adequate salary to meet the human needs and ministerial responsibilities.

One plan suggested for meeting our present salary crisis was the Basic Salary Plan which is outlined in paragraph 925 of the 1968 **Discipline:**

"¶ 925. Basic Salary Plan (1) An Annual Conference may by a two-thirds majority vote at any regular session adopt a basic salary plan for the support of its active itinerants and lay pastors who are giving their full time to the ministry of the church **provided,** however, that it shall not institute the basic salary plan until the plan has been approved and ratified by a majority vote of the members of the Charge Conferences present and voting in 75 percent of the pastoral charges of such Conference. The District Superintendents shall certify to the Conference Secretary the results of the votes taken in the several Charge Conferences.

(2) The basic salary plan shall provide an established salary schedule for the support of the regular active itinerants and lay pastors giving their full time to the ministry of the church, which may allow for differences of living conditions, number of dependents in the family, and other variants. On recommendation of the Commission on World Service and Finance the basic salary schedule may be changed from time to time by a majority vote of the Annual Conference.

(3) The Commission on World Service and Finance shall estimate the amount necessary to provide such ministerial support as may be required by the schedule adopted, which amount shall be distributed as an apportionment to the districts or pastoral charges by a method to be determined by the Conference.

(4) The amounts due from the pastoral charges on apportionment shall be paid to a Conference treasury established for that purpose, and all basic salaries due shall be paid from that treasury. The basic salary provided for each minister concerned shall constitute his entire salary except as hereinafter provided.

(5) Any pastoral charge which has made adequate provision for paying its apportionments for all ministerial support items in full may augment the basic support of its pastor.

(6) The Commission on World Service and Finance shall administer the basic salary plan and shall be responsible for collecting and disbursing the funds."

Some possible advantages of this plan are:

(1) Meeting the basic needs of all ministers regardless of appointment.

(2) Encouraging a more mobile ministry, which enables the appointments to be made more easily regardless of a minister's age or field of ministry.

(3) The church's mission receiving more attention in appointment making if freed of the salary question.

Some possible disadvantages to the basic salary plan are:

(1) Disassociating the office of the ministry from the involvement of the local congregation and increasing the centralization of authority.

(2) Not recognizing the emotional, sociological, and psychological needs of the ministers in our society.

(3) The covering of only active itinerants and lay pastors by the basic salary plan seems to eliminate the legality of special appointees being under the plan.

(4) Creating a disappropriate financial load on some churches.

(5) The impossibility of placing a "ceiling" on such salaries. (paragraph 925.5) After weighing the possible advantages and disadvantages of the Basic Salary Plan, we believe that our salary crisis can be met under current legislation through (1) stronger support by the Annual Conference and (2) stronger support by the Charge Conferences.

We recommend the following ways of increasing the support by the Annual Conference:

(1) The payment of all retirement through Conference claiments.

(2) The payment of 3/4 of the Conference insurance program by the Annual Conference.

(3) The Minimum Salary Commission assist in those cases where it is not possible to have a self-supporting charge arrangement.

(4) We recommend that the Bishop and Cabinet arrange charges or churches in such a manner to make them as near self-supporting as possible and that each Charge Conference to do it best to meet the following salary scale:

SALARY SCALE

1. Base Minimums
   - a. Conference Members $5800
   - b. Associate Members 5600

We recommend that the effective date of these proposals be the 1970-1971 Annual Conference Year.

CONCLUSION:

Perhaps some may feel that this committee has assumed a role greater tha that assigned. We admit that we may have. However, we felt that we shou share with the Conference all of our facts, even those outside of the salar assignment since they have such a bearing upon one another and the future o the Conference. We are confident that our Conference will weigh all of the facts and make decisions that will shape a strategy for mission worthy of **New Church In A World.**

We commend the Fact-Finding Committee for their diligent pursuit of t task assigned. Special commendation goes to Mr. L. L. Hyatt.

We feel that the plan of this Committee provides an idealistic solution the ministerial problem but since it carries a price tag of more than a millio five hundred thousand dollars in excess of the present cost of ministerial suppor we can not recommend it.

It is our opinion that local churches would not support such a plan which there would be an increase of 40% of total ministerial support and a 10 increase in total Conference giving to all causes.

PLAN C

The Minimum Salary Commission is vitally concerned with every minis having an adequate salary. In consideration of ministerial support by the co ference, it is our feeling that the Conference needs to know something of o plans for 1970-1971 Conference year. It has been the experience of the Minim Salary Commission that the present approach to salary support is worka and effective. The Conference has supported our efforts in an excellent fash and we have been able to raise the minimum ministerial support considera faster than the general cost of increases. We recommend that we apply an increase across the board for ministerial support which would mean a $ additional increase. We recommend that any minister shall be entitled, if ma ried, an increase from $200 to $500; each dependent unmarried child an increa from $200 to $300; for each child in college an increase from $600 to $1,000.

An example of our proposed salary scale is as follows:

Conference member with 20 years service:

$6,700 Salary
500 Wife
900 Three Children
1,000 One Child In College
500 20 Years Service

$9,600

A Minister with less than 5 years experience:

$6,700 Salary
500 Wife
600 Two Children

$7,800

With this plan we feel this would bring our minimum salary for all C ference members up to the $8,000 figure. We would bear in mind that Minimum Salary continue to advance yearly in the cost of living index.

We recommend this program.

BOARD OF MISSIONS AND CHURCH EXTENSION
REPORT NO. 1

I. This year the work of the Board of Missions and Church Extension has been the responsibility of the Program Director of the Conference Council with the able assistance of Reverend Louis Fowke of the Conference Staff. The Program Director expresses deep gratitude to Mr. Fowke for his able leadership and support. Appreciation is also extended to the members of the Board, and especially the District Missionary Secretaries for their genuine interest and undergirding.

A brief summary is here given of the work of the Board during this conference year 1968-1969.

1. The two scheduled meetings of the Board were held October 9, 1968 at Spartanburg Junior College, and March 11, 1969 at Boylan-Haven-Mather Academy.
2. **Fall Mission Study Conferences:** Dr. Francis L. Brockman of UMCOR visited our conference and spoke at the Fall District Mission Study Conferences. He made a stirring appeal for the needs of the world and of how UMCOR is attempting to respond to them. Helpful suggestions were offered for those responsible for Mission Studies in the local church
3. The District Missionary Secretaries with the Program Director visited the General Board of Missions office in New York City for briefing sessions on missions.
4. Reverend Marion Way and Reverend Van Harbin itinerated in the conference during the year. Miss Eulalia Cook will visit several churches during September and October, 1969.
5. A survey was made by the Department of Research and Survey of the National Division of the Board of Missions in the Greenville District in the summer of 1968. Following this the Conference Board of Missions requested that the entire state should be surveyed.

   Consequently, a Survey Committee composed of representatives of both South Carolina Conferences (66 and 85) was appointed by Bishop Paul Hardin, Jr. The Committee met on February 27, 1969 with Dr. Robert Wilson and Dr. James Davis from the Department of Research and Survey of the National Division, Board of Missions.

   Two types of studies were given priority and requests for these studies were initiated: 1. "Design for Mission"—a state-wide analysis and interpretation of available secondary data to identify missional needs and opportunities; 2. "Pilot District Study"—a pilot study in two overlapping districts to attempt to deal with problems of the small, rural churches, as well as the urban churches within the chosen area. For this study Charleston District '66 and Charleston District '85 were selected.
6. **Urban Work Committee** and **Town and Country Committee** function as separate committees but meet jointly dealing with matters of mutual concern. Both of these committees have representatives on the Conference Survey Committee. The **Urban Work Committee,** M. L. Meadors, Jr., chairman, is one of our newer committees and is very active in the development of inner city ministries. **The Town and Country Committee,** formerly a separate commission, by General Conference legislation has been placed within the framework of the Conference Board of Missions. This is one of the most creative committees of our conference program, and has initiated many of our policies and practices today.
7. **Church Extension Progress:** (See report No. 2)
8. Douglas Estate: A financial statement of the Douglas Estate is presented in Report No. 12. Our deep gratitude we continually express for the generous contributions to home and world missions that this fund has provided. Our report shows that a total of $30,115.43 has been received from this estate.
9. **Mission Activities:** A grant was made again to Grace United Methodist Church in Pickens to assist in the survey and evaluation of the Duke

Power Keowee-Toxaway Project in order to keep the Board of Missions and the Annual Conference informed as to the need for church projects in the area as well as to minister to the needs of new residents in this area.

10. **Hawaiian Mission:** The Board of Missions is cooperating again with the Commission on Enlistment for Church Occupations in planning a work team for Hawaii. The Board has contributed $500 from its funds to help make this possible.
11. **Medical Missions:** A special Committee concerned with Medical Missions is composed of the following: Dr. Michael Watson, Chairman; Reverend George Strait; Mr. H. R. Richardson; and Dr. Wallace Fridy. (See SECTION II on the activities of this committee.)
12. **Mission Study and Mission Special Packets:** In the fall an inclusive packet of Mission Study Materials is furnished each pastor and Local Church Chairman of Missions for their planning. In the spring a packet of mission special materials is furnished so that information may be at hand as budgets for the new year are prepared.
13. Summer Program of Missionary Education at Lake Junaluska:
    a. The Jurisdictional Missionary Conference will be held July 21-27. This is for Board officers and District Secretaries.
    b. The Youth and Missions Conference dates are July 21-27. Our quota for this conference is one (1) from each district.
    c. Workshop for Commission Chairmen—July 25-27. This provides a week-end of intensive training for our Commission Chairmen.
14. **Mission Study Emphasis for 1969-1970:** The studies for next year will be INNER LIFE AND THE CHRISTIAN OF TODAY'S WORLD, RECONCILIATION IN A BROKEN WORLD and TOWARD UNDERSTANDING CHINA AND CHINESE PEOPLE.

    Mission Study Committees at the Conference, District and Local Church level will help promote these studies.

WALLACE FRIDY, Program Director
LOUIS FOWKE, Conference Staff

II. MISSION: ANGUILLA

The South Carolina Board of Missions for some time has been concerned about providing opportunities for South Carolina laymen to express their Christian concern in some form of involvement out of the United States. The Medical Committee of the Board first looked into the possibility of sending a Medical Team to a country for a tour of several weeks. For a number of reasons these plans never quite materialized.

Dr. M. C. Watson, a committee member and also a member of MCOR's Medical Committee, brought to our attention during the fall of 1968 the fact that the tiny island of Anguilla had no physician and desired some temporary help until they could secure one. It was agreed that he would go to Anguilla and survey the situation. Dr. Watson did so and returned enthused with the possibilities for Christian service. The need was there, the government and religious leaders on Anguilla were eager for some help and so at the next meeting, Mission: Anguilla was underway.

Dr. and Mrs. Jennings Owens of Bennettsville and Dr. and Mrs. John Shingler, Jr. of Spartanburg were the first to go and they spent the first two weeks of January, 1969. They have been followed by Dr. John May of Bennettsville, Dr. James G. Halford, Jr. of Anderson, Dr. and Mrs. J. C. Holler, Jr. of Rock Hill, Dr. and Mrs. Marion Dwight of Bamberg, Dr. and Mrs. Charles May of Bennettsville, Dr. and Mrs. Bruce Elliott and Dr. and Mrs. M. C. Watson of Bamberg, Dr. Melvin Medlock, Spartanburg, Dr. and Mrs. John Simmons, Spartanburg and Dr. Grier Linton of Charleston.

The experience has been a rewarding one for each of the doctors and they have returned with a real love for the people and the feeling that they have rendered a real service in the name of Jesus Christ. The people and the government leaders have had nothing but the highest praise for the fine work and the excellent calibre of the men.

Plans are underway and prospects look good toward securing a permanent physician. Until that time Mission: Anguilla will continue. What the future holds we do not know. We do believe that there will be much interest in further medical teams to other needy places of our world.

REPORT NO. 2

Church Extension Section

1. State of Church Extension Donation Policy.

   The Church Extension Section of the Board of Missions carries on its activities with the understanding that it has responsibilities mainly in situations that fall within the following categories: (1) New church buildings for newly organized congregations, (2) Parsonages for these new congregations, (3) Relocated congregations—where it is felt a church must move its base of operations if it is to render its most effective service to the community. (4) Churches that are being engulfed with expanding population making it impossible on their own to care for the influx of new people. (5) Parsonages for divided charge situations. (6) The section feels that on rare occasions there may exist an emergency in a local church for which it should assume some responsibility.

2. New Church Pastor's Salaries.

   The Church Extension Section has the responsibility for working with the Minimum Salary Commission in establishing and administering a salary scale for pastors in new churches. This scale is printed in conjunction with Minimum Salary Commission report.

3. National Division Salary Support.

   In most cases the National Division shares in the support of the pastor of a new church in the amount of $1,000 for the first year and $500 for the second year. This does not raise the level of salaries which are set by Church Extension and the Minimum Salary Commission but has the effect of saving the Conference this amount each year.

4. National Division Donations for Buildings.

   If the National Division accepts plans for a new church building for a new congregation they will make a donation for $1,000 to the building fund.

5. National Division Loan Funds.

   Every Methodist Church has a wider community and world responsibility which it shares with the district and annual conferences by accepting a part of the financial obligation called World Service and Conference Benevolences. Thus The Board of Missions of the Methodist Church has set up under its National Division a Methodist Investment Fund. The main purpose of this fund is to make available loan funds for local churches with special emphasis on new congregation building funds. Application blanks should be secured from the conference office.

Advance Specials 1969-1970

A Message From Our Bishop

"The idea of Advance Specials was born about twelve years ago. Since that time the people called Methodists have poured more than $100,000,000 into certain projects which have caught their particular fancy and interest. It is now estimated that at least one-half of the amount needed for the support of missionaries comes from these special gifts.

I believe that there is a very special and easily understood reason for the popularity of advance specials, namely, the people like to choose the particular projects and places to which their money will go. Years ago a young public school teacher walked into my study at the First Methodist Church, of Birmingham, Alabama, and laid upon my desk a check for $400. This, she said, was her tithe and she wanted to direct it to a particular mission in Africa. She had chosen to support a native pastor. At that time it could be done for $400 and she wished her tithe to be spent in that manner. I was not too surprised when three years later, this talented and intelligent young woman followed her tithe to Africa as a missionary.

All of us can't go to Africa or to other fields of missionary enterprise but all of us individually and church groups, church school classes and other organized bodies of the Church can through advance specials, project a part of ourselves into these particular situations of our choice.

You are invited to personalize your giving to the Church by choosing from a list of Advance Specials those particular projects that appeal to you most. Many people and groups all over Methodism find special joy through a keen sense of participation in missionary projects by contributing to Advance Specials."

$50,000 FOR CHUNG DONG CHURCH
THIS IS A WORLD SPECIAL

Chung Dong Church, Seoul, Korea, "mother church" of Korean Methodism was established over 80 years ago. During the Korean Conflict a bomb caused massive damage to the barn-like sanctuary. It was repaired with a tin roof and tin ceiling. Now when it rains, water leaks down on the congregation. Where additional church workers are needed in this center of youth and student work

the highest priority is for a new building. It is needed not only as a place of worship for its large membership, but also as a center that will meet the needs of its community in general. With local members trying to raise $130,000, the South Carolina Conference (1785) wants to help by raising the remaining $50,000 of the total needed. This project has been designated as our first priority Advance Special for the 1969-1970 Conference year.

*WORLD SPECIALS

*World Missions include projects and countries in forty-four (44) nations of the world. Your Conference Board of Missions in cooperation with the General Board commends to our churches these two projects for special consideration:

1. MISSIONARY SUPPORT
   Your church can accept a share in the support of a missionary for as little as $50. You may provide full support for a single missionary for $6,000 or your congregation may need to accept the challenge of full support for a couple for $12,000.
2. Chung Dong Church, Seoul, Korea
   See description above under "First Priority Special".

**National Specials

**National Missions include those projects within the fifty states of the United States plus Puerto Rico, the Virgin Islands, and the West Indies (Dominican Republic) excluding certain projects within the bounds of our Conference that are activities owned or sponsored by the Conference.

1. PAINE COLLEGE, AUGUSTA, GEORGIA
   For more than 80 years, Paine College has been planting seeds of ambition, dignity, and a strong spiritual foundation in the lives of its students. Now an interracial college with an enrollment of 700, Paine is faced with the possibility of being denied the possibility of any future growth due to a mushrooming medical complex on one side and by urban renewal on the other. In the months ahead, land will be available adjacent to Paine's campus. If the school is not prepared to purchase this property it will be permanently handicapped. Advance Specials directed to Paine College will be used to insure the institution's opportunity for continued service.
2. ALASKA METHODIST UNIVERSITY, ANCHORAGE, ALASKA
   Alaska Methodist University is having a large role in preparing leadership for the Northland. Fully ⅓ of AMU's graduates are now preparing another generation as they teach in Alaska's schools. Now, as 4 General Conferences have commended Alaska Methodist University for Advance Specials, we find that as support from within Alaska continues to grow, substantial aid is still needed to meet the need for leaders on America's last frontier.
3. BOYLAN—HAVEN—MATHER ACADEMY, CAMDEN, SOUTH CAROLINA
   A whole new experience would be open for 106 high school students enrolled at this United Methodist academy if they had a dependable bus. Many out-of-town invitations for the students to participate in cultural, educational, and sports activities must be turned down. Their school bus (bought for $200 several years ago from U. S. Government surplus) is old, undependable, and unsafe. Because commercial transportation is too expensive, they are deprived of opportunities for enrichment. Through Advance Specials, these youngsters are asking our conference to provide them with a bus.
4. HINTON RURAL LIFE CENTER, HAYESVILLE, N. C.
   Appalachia is the most publicized poverty area in the United States. Once a prosperous coal-producing center, it became impoverished when automation in mining put thousands out of work. The impact of social and technological

change hit Appalachia hard. The Church's ministry here is taking on a new approach instead of the traditional hand-out of food and used clothing. The Hinton Rural Life Center, one of three major United Methodist centers, serves as "home base" for this new approach.

5. CHEROKEE INDIAN MISSION, CHEROKEE, NORTH CAROLINA

When thousands of Indian men, women, and children of the Cherokee Nation were deported to the West during the bitter winter of 1838, several hundred fled in rebellion and hid in the Appalachian Mountains until given asylum by the U. S. Government. Methodist ministers came to live with them on the reservation, to give them aid, and to help the Indians gain self-confidence. United Methodists continue to work today with the Cherokee Indians at Cherokee, North Carolina.

***United Methodist Committee for Overseas Relief

UMCOR is truly a miracle. It transforms one dollar or one hundred dollars into a tangible witness of God's love. This miracle is seen:

In the gratitude of a Vietnamese refugee who has been able to establish a home; in the word of a refugee mother whose child is changed from a skeleton to a plump baby because UMCOR sent wonder drugs; on the face of a refugee child receiving a hot meal, day in and day out; in the settlement of a Chinese refugee family in Hong Kong or Taiwan.

The heart of UMCOR's support is "second mile" giving by United Methodists who care enough to share with millions of homeless and hungry people. UMCOR is authorized by the General Conference to accept and give credit for Advance Specials in any amount.

Gifts designated simply "UMCOR" help most to meet emergencies. Undesignated gifts do these specific things:

$1 will distribute more than three hundred pounds of surplus food.

$5 will provide lunches for a week for thirty-five tubercular school children.

$10 will buy sixteen pairs of shoes for orphan boys in Korea.

$25 will produce a chest operation for one tubercular patient in India.

Your church can be a part of this program of relief, rehabilitation, and refugee work through your Advance Special gifts designated "UMCOR."

****Conference and District Specials

1. SPARTANBURG JUNIOR COLLEGE SUPPORT FUND.
Spartanburg Junior College does not share in the college maintenance fund of the conference benevolence program but must depend on mission special giving for much of its support. The first $20,000 of this support is used for operations while those funds beyond this amount are earmarked for payments on the student center building.

2. BISHOP DAWSEY SCHOLARSHIP FUND
This scholarship fund was set up to honor Bishop Cyrus B. Dawsey for his long service in the mission field. The proceeds from this fund are administered in keeping with the policies of the college. Your gift will help some student who might otherwise not be able to finance his college education.

3. BETHLEHEM COMMUNITY CENTERS
There are two Bethlehem Centers within the geographical bounds of our conference, one in Columbia and the other in Spartanburg. These most effective centers minister to the needs of people in the low income bracket in many ways. Gifts received from the Columbia District will automatically be credited to the center in Columbia while those contributed in the Spartanburg District will be allocated to the Spartanburg center. Funds received from other districts of the conference will be equally divided between the two unless specified otherwise.

4. CHURCH EXTENSION
New churches have been organized this year in Columbia and on Hilton Head Island and other new organizations are in the planning stage. Your gift to Church Extension will enable these new congregations to become realities.

5. LAUREL BAY
The Laurel Bay congregation is one of the most unique in South Carolina Conference because of its ministry to servicemen and their families, people on the move. This rapidly changing membership must depend upon our support.

6. INNER-CITY MINISTRY
Bob Hopper has rendered a tremendous service to our conference in pioneering the Inner-City Ministry in the North Charleston area. Supported in large measure by the Women's Society of Christian Service this first year, the work must depend upon other sources of support in the future. Conference Advance Specials is one of those sources that must provide the needed financial backing for the project at Charleston and those yet to be begun in other cities of our conference. Designate your conference advance special INNER-CITY MINISTRY.

REPORT NO. 5

Spartanburg Junior College

Spartanburg Junior College broke all records this year in enrollment, admitting 738 students for the first semester, and 682 for the second semester, 328 of these being day students. Indications point toward a graduating class of 120—the largest group in the institution's 58-year history. We are proud of the fact that 92% of our graduates transfer to senior colleges or universities to complete their work toward an academic degree.

Our graduates have done so well in these institutions of higher learning that three of them this year agreed to receive some of our "D" students along with those who made higher grades.

After nearly two years of self study by faculty, administration, and trustees, and an intensive examination by a visiting team of academic experts, our accreditation was reaffirmed last December by the Southern Association of Colleges and Schools. As a result of this experience, many improvements in every phase of our college program have already been made. Not only is Spartanburg Junior College a stronger college when measured by educational standards, but her work is accepted without question by other educational institutions.

The By-Laws of the college were amended by the Board of Trustees at its semi-annual meeting March 6, 1969, to provide for two Student Advisory Trustees to serve one year, to be entitled to all the rights and privileges of regularly elected trustees, except the right to vote on legal matters. They are to be nominated to and elected by the South Carolina Conference of the United Methodist Church. Students are also being named to those committees of the faculty when policies are formulated concerning the students. These and other changes are helping to keep the lines of communication open between students, faculty, administration, and trustees.

Spartanburg Junior College has been invited to coordinate the Junior College Section of the Methodist Higher Education Institute, the annual meeting of all Methodist colleges and universities of the nation, to be held June 16-18, 1969 in Nashville, Tennessee. The directors of our Summer Prep Program, with the assistance of fifty students enrolled in that program, will present a live demonstration of the program designed to bring high-risk applicants for admission to college up to minimum clolege performance standards. As of March 20th, 101 students had been admitted to the Summer Prep Program, compared with 64 last year. Already, records are showing that these students are performing better academically in the Freshman class than students who did not have this special training.

Over 300 friends of the college attended "Open House" Sunday afternoon, March 16th, for our three newest buildings, the Montgomery Science and Math Building, the Willard Hall for men, and the Women's Dormitory. The cost of the Science Building was covered by Federal grants amounting to $298,000 and a generous donation by the Montgomery family. The indebtedness on the two dormitories is being liquidated over a period of fifteen years with the rental charges plus a small supplement by the college.

We have been advised that Federal aid might be available for a Physical Education Building and Gymnasium after July 1, 1969. Your trustees authorized the drawing of plans for this building by our architect and the application for grants to construct and equip the same as early as possible.

Spartanburg Junior College, like her predecessor, The Textile Industrial Institute, provides work opportunities for young people from homes of low economic income. No student is denied admission for financial reasons. However, if we continue this practice in the face of increasing educational costs, the Methodist Churches, as well as friends of the college in other denominations must increase their financial support of this institution. We look toward the day when EVERY CHURCH in the Conference will accept a Mission Special for Spartanburg Junior College, and that the total given will be $100,000 annually instead of the current $70,000.

As a Christian college we seek to provide the atmosphere and influences that will challenge the student to establish Christian values as the guiding factors in his life. The college desires to train students to search for truth, to learn to think creatively and responsibly. We seek to serve three types of students: those who seek a solid academic foundation in the liberal arts in order to transfer to a four-year college; those who need the particular services of a small junior college to help them bridge the gap between high school and a larger, more complex institution; and those who plan a terminal course of two years.

Whoever he is, we strive to treat each individual as a person, giving him individual attention and guidance as he matures toward a dependable and effective member of the human family.

Respectfully submitted,
H. LESTER KINGMAN, President

Urban Work Committee

During the conference year 1968-69, the Urban Work Committee engaged in the following activities:

1. Cooperated with the Department of Research and Survey of the National Division of the Board of Missions in conducting a survey of the Greenville area. Although the survey was incomplete, it was a first step in surveying the resources and needs of Methodism in the metropolitan areas.

2. Decided to delay detailed surveys of the other metropolitan areas and instead to cooperate in making a thorough survey of Methodism in South Carolina. The Reverend A. M. Fisher and William Burroughs were appointed to represent the UWC on the conference survey committee.

3. Recommended that the Conference Board of Missions establish a Conference Mission Special for Urban Work.

4. Requested that the district superintendents in Charleston, Columbia, Greenville and Spartanburg establish District Mission Specials for Urban Work in their districts.

5. Requested that financial assistance be appropriated in the budget of the Board of Missions to support the North Charleston Inner-City Ministry ($5,000 and the work of the Oliver Gospel Mission ($5,000).

The UWC has set the following goals for the 1969-70 conference year:

1. To inform South Carolina Methodists of the positive values of urban life, emphasizing the need for constructive planning.

2. To seek the creation of District Urban Work Committees in all districts, especially in those with cities having a population of 40,000 and over.

3. To initiate a pilot project in an industrial church, employing unique and creative forms of ministry to meet the needs of the people living in the area immediately surrounding the church.

4. To conduct a seminar on industrial churches, searching for the problems and possibilities of changing neighborhoods.

REPORT NO. 13

Report of the Town and Country Committee of the Board of Missions

The mission of the Town and Country Committee, of the Board of Missions, is to work for the most effective ministry to God's people in non-metropolitan areas. Although our state is following the national trend of urbanization most of our churches are still in areas under 10,000 population. These churches are our special concern.

To fulfill this mission the Town and Country Committee has set the following goals:

A. SPECIAL GOALS FOR THIS YEAR

1. Conference Survey
To assist in determining an appropriate state wide strategy for mission.

2. Self-Evaluation
Each local church is encouraged to look at itself and the community to determine its mission. An excellent self evaluation is available from the Conference Program Council.

3. New Ministries
A special workshop to investigate the possibility of new forms of ministry to serve our rural areas. As a result of this workshop it is hoped that some Pilot Project might be established.

B. CONTINUING GOALS

1. Rural Life
We request all churches to observe Rural Life Sunday the fifth Sunday after Easter each year. All of us are dependent on rural areas for food and other necessities of life. Materials are made available to each church.

2. Moving Expense
We recommend that the Church or Charge pay the moving expenses of its incoming preacher, but not the packing expenses, and that the I.C.C. rates be the basis upon which the minister's moving expenses be paid and that the maximum of 7,500 pounds be the weight limit. We recommend that a bonded mover be employed to move the minister's possessions which, while they may not be many, are sometimes costly. We recommend that the incoming minister be informed whether the moving expenses are to be paid and arrangements made with him. The lay delegate to Annual Conference should have this information for the new minister.

3. Parsonage Standards
We recommend that our Churches be guided by the latest revised edition of "Parsonage Standards" in building, furnishing, landscaping, maintaining and remodeling of parsonages; and that both churches and parsonage families give careful consideration to the "Standards" in all matters pertaining to the minister's home. Furthermore, we recommend that any future proposals concerning parsonage standards be referred to the Parsonage Standards Committee for study and recommendation.

4. District Advisory Committee
A district advisory committee, with the district director of Town and Country as chairman and other persons as determined by the District Superintendent, is to be organized to assist in the district work of the Town and Country.

5. Christian Vocations
We recommend that the Town and Country Committee of the Conference in each District co-operate with all boards and agencies in an effort toward recruitment of full time leaders in the church with special emphasis placed on Deaconess and other rural workers.

6. Continuing Ministerial Education
The Committee helped to foster this committee and will continue to be interested in this program.

7. Scholarships
We recommend that the Town and Country Committee give yearly four $50.00 scholarships to the Town and Country Workshops which will be beneficial to Town and Country Work.

8. Minister's Salary
We support the principle of an adequate minimum salary for all ministers.

C. CHARGE LINES
We continue to endorse the Charge line guidelines approved at the last session of Annual Conference. (pages 276-277 of the 1968 Journal)

ROY L. OWENS, Secretary

REPORT NO. 14

Recommendations

The following recommendations are made for the year 1969-1970.

1. That our Board of Missions meet jointly with the Board of Missions of the Conference of '66 during 1969-1970;
2. That areas of cooperation be explored and where feasible a joint effort be made in projects of mission concern;
3. That a Bishop's Convocation on Missions be held this year, and that this effort be jointly sponsored by the two conferences in this Episcopal area;
4. That the conference give support to and cooperation with the work of the Survey Committee, composed of representatives from both conferences, and appointed by Bishop Paul Hardin, Jr.;
5. That special attention be given to the development of Inner-City Ministries;
6. That, as a conference, continued emphasis be given to the designation of mission special funds for the Camak Auditorium at Spartanburg Junior College;
7. That continued support be given to the expansion of The Medical Mission Ministry a short term opportunity for service on a mission field;

8. That training be provided on a district level, for district and local church leaders;
9. That every local church in the conference accept in full apportionments for World Service and Conference Benevolences;
10. That every local church set as a goal becoming a four star church by assuming mission specials in four areas: *World Missions, **National Missions, ***United Methodist Committee for Overseas Relief, and ****Conference and District Specials.
11. That special opportunity be provided on the district and sub-district level for Mission Study Training.
12. That each local church select an outstanding young person to be nominated to attend the Youth and Missions Conference at Lake Junaluska on July 21-27. From this list of nominations at least one young person from each district will be selected to attend.
13. That each local church make plans to observe and take an offering for One Great Hour of Sharing on March 15, 1970.
14. That support be given to the Migrant Ministry in cooperation with the Conference of '66.
15. The motivation and inspiration of our people is still one of our great needs and we have found no program that comes nearer to meeting this need than the week-end workshop for Missions Commission Chairmen at Lake Junaluska. This workshop this year is to be held on July 25-27. We recommend that every pastor seek to enroll his laymen who may be responsible in this area of missions.

REPORT NO. 15

REPORT OF INTER-CONFERENCE RESEARCH AND SURVEY COMMITTEE

1969 SOUTH CAROLINA ANNUAL CONFERENCE ('85) UNITED METHODIST CHURCH

The Inter-Conference Research and Survey Committee, appointed by Bishop Paul Hardin, Jr., met on February 28, 1969 with Drs. Robert Wilson and James H. Davis of the Department of Research and Survey, National Board of Missions, present.

The Situation:

The following were stated by a representative of the '85 Conference as needed by urban churches:

1. A comprehensive picture of South Carolina United Methodism—its structure, institutions, leadership, people and churches—the latest data processing technology being utilized to evaluate the findings.
2. Identification of human need and missional opportunities in South Carolina which demand a response from the Church.
3. Specific proposals for the reformulation of the Church so that merger of the Conferences may result in something other than business as usual.
4. Delineation of priorities and strategies for mission on a time line of several years.

Representatives of the '85 Conference Town and Country Committee expressed a need for: study of ministerial work load, length of pastorate, pattern or group ministry, role of the laity, pilot projects in group ministries, new forms of missional activity, development of guide lines and procedures for closing churches and rearranging charge lines and a self-study by individual churches that their probable future might be determined from past trends.

Representatives of the '66 Conference reported as problems: Effect of the movement of church members from rural areas to urban centers with consequent decline or membership of country and small town churches, the lack of trained ministers which necessitates the merger and consolidation of many small rural churches, the problems presented by such action and the need for new urban churches.

Conclusions:

After consideration of the total needs of both Conferences it was the conclusion of the Committee that first consideration should be given to the following:

1. Design for Missions: Based on demands being made on the Church resulting from a changing economic base, urbanization, etc.

This to be a state-wide analysis and interpretation of available secondary data to identify missional needs and opportunities. Data to be collected from a wide variety of sources including the State Development Board, City and County Planning Units, etc., and reviewed by a panel of experts from various fields of endeavor who deal professionally with the state and its future.

The National Board of Missions will take the lead in preparing this report for presentation to the 1970 Annual Conference.

2. Pilot District Studies:

Pilot studies to be made in overlapping districts of the two Conferences in an attempt to deal with the problem of the small rural church and churches in towns and metropolitan areas.

This study will involve planning for the collection and assimilation of data with evaluation and recommendations for presentation to District and Annual Conferences.

The National Board of Missions will provide leadership in the collection of data throughout the pilot districts with publication and related costs to be borne locally or by the Annual Conferences. The major effort will be the commitment of dedicated individuals who will devote the time necessary to collect a great deal of data on the churches and ministers in the pilot districts.

This activity will start with a 2-day joint meeting of the two Conference Committees on Town and Country Work in the fall of 1969 to work on criteria for establishing administrative patterns of circuit realignment, mergers, associate churches, chapels, group ministeries, etc. It will culminate with a report and evaluation meeting of the Committees with the Cabinets a year later.

On the recommendation of the Research and Survey Committee the Boards of Missions of both Conferences, the Program Council and both Cabinets have approved the Pilot District Program and final selection of the Pilot Districts will be made at an early date.

If the method of study used in the Pilot Districts provides a helpful basis for action it is the hope and expectation of the Committee that it can be applied later under the leadership of a Conference Staff and with active local participation throughout the remaining districts.

OFFICE OF PASTORAL CARE AND COUNSELING

The following is a detailed report of accomplishments of the present year to date together with recommendations for the coming year.

It must be borne in mind that the counseling sessions listed are formal scheduled counseling sessions and do not include informal conversations concerning personal problems which have taken place at retreats, church meetings of various kinds, or over the telephone. By the same token, the programs of clinical training with clergy do not include travel time.

Accomplishments of Present Year: (1968-69)

I. Counseling:

(a) Counseling sessions with ministers	178

II. Consultations:

Formal consultations by appointment in office only 41
In addition, numerous ministers have made use of this service, but most have done so informally. It is impossible to present any meaningful statistics since by the nature of the case most of these contacts have been informal, i.e., conversations between other counseling appointments, before and after speaking engagements, or by telephone or letter. Most frequent help sought: (1) Diagnosis and referral, e.g., What is the nearest helping resource available? (2) How can the pastor minister most effectively to the person and to the family of the person seeking help?

I. (A) The Board of Pensions requests that the South Carolina Annual Conference fix $81.00 per service year as the rate for annuity payments to retired ministers which shall include approved supply time prior to admission into full connection. In the case of special Conference Claimants, the rate shall be 50% of the rate for Conference Members. The Board requests that the annuity rate for widows be 75% of the husbands rate: (1) based on ten years if her approved years are fewer; (2) for her approved years of service if less than 15 but not more than 10; (3) for her husband's total years of service if her service years are more than 15. The Board requests that the annuity rate of dependent children of deceased ministers be 25% of the father's annuity rate, with payments based on his years of approved service, with a minimum of 10 years credit.

Provisions of paragraphs 3451, 3452, and 3471 of the Pension Manual are to be followed in making these payments.

(B) The Board requests that an appropriation be made that will give The Board of Pensions (Conference Claimants) $638,427.66 for the pensions program of the Conference for the fiscal year ending May 31, 1970, and that this sum be apportioned to the charges of the Conference on the basis established in continuing resolutions. This amount includes the new entrant program which pays pensions for ministers serving in our Conference for the first time and entitled to pension credit.

(C) Where a new charge is formed by a combination of churches already established, the District Superintendent shall work the adjusted amounts to be asked for the Conference Claimants Fund according to the method established by the Conference.

All Conference members and full time approved Lay Pastors whose permanent pension record was established prior to 1963 are under our Current Income Pension Program, commonly known as the 2% Plan. They are requested to meet the requirements of the 1968 Discipline, as outlined in Section 1381—page 432, ppg. 4. It is the ruling of our Annual Conference that each minister in this program contribute a sum equivalent to 2% of his total income from all sources. Please refer to The 1968 Conference Journal, Page 329, top of page, pp. B, concerning 6% interest due on unpaid arrears. The instructions contained in the ppg. have been followed in every instance where applicable as of May 31, 1969.

The names of those students who have not been billed during the past Conference year do not appear in this report.

All men enrolled in the Ministers Reserve Pension Fund, with the exception of Seminary Students, are required to contribute to the Fund annually an amount equivalent to 3% of the average salary of the Conference. He may contribute more than this amount in order to increase his pension at retirement if he so desires. The only exception to the above ruling is, in the event that a member's total support, as defined in Section IV, Ppg. E (1) Page 6 of the Pension Manual—MRPF—Rules and Regulations, is less than the average salary of the Conference, in which case he may elect to contribute 3% of the lesser amount.

Although Seminary men not serving an appointment are excused from making contributions to the Fund they may do so if circumstances permit.

The annual Conference contributes annually a sum equivalent to 9% of the average salary for each member enrolled. During the 1968-1969 Conference year this amounted to $694.84 per member. During the 1969-1970 Conference year the Conference will contribute $728.64 per member.

PROGRAM COUNCIL—SOUTH CAROLINA CONFERENCE (85) UNITED METHODIST CHURCH

REPORT NO. 1

Report of the Program Director

This has been a year serving under the directive of the Annual Conference to study the needs of the conference in terms of program, the legislation of the church and to study the policies and programs of other Annual Conferences. From insights gained the Annual Conference asked that a proposed program and structure, including staff and budget needs, be presented to the Annual Conference of 1969.

Added to this task the Program Director was given the staff responsibility of the Board of Missions and Church Extension and the Board of Evangelism. To help in this Reverend J. Louis Fowke was added to the staff and his able leadership has been invaluable. I am most grateful for all he has done and is doing to undergird our program.

To fulfill this responsibility your Program Director studied carefully the legislation of the Church, attended meetings of most of the Conference Boards and Agencies, and made trips to National Conferences concerned with the program and mission of the church. Many hours were spent in consultation with other members of the Conference Staff and their cooperative assistance is appreciated.

As far as time allowed Sundays have been spent in visiting churches throughout the state and in preaching in most of them. This has kept me close to the local church and to people, for which I am the richer and I trust have gained some understanding of the needs of our people.

In developing a program care was made to be sure that the values of past programs would not be lost as we embraced new forms, new structures and new ministries. Deliberately an effort has been made to start with current programs and to begin new ventures from where we are. Ours has indeed been and is a significant conference program, and we hope to retain the best of the past as we seek to enhance it with the new.

The suggestions which follow are the result of group sharing and exploring. Our Executive Committee has met almost monthly, and frequent staff consultations and idea exchange—these have led us to where we now are.

I am indebted to Bishop Paul Hardin, Jr. for his counsel and genuine concern, to Dr. J. Carlisle Holler, Chairman of the Program Council, for his wise guidance and shared insight, and to the other members of our Executive Committee along with the members of the Conference Staff, for their cooperative spirit and honest search with me for the best approach and procedure for our Annual Conference.

This is not an easy job and demands the best I have to give. For understanding and encouragement which this conference has shown, I am indebted, and with such good will I labor with hope.

Interpretation

The Annual Conference Program Council comes into existence in response to need and is part of the mandatory structure of the United Methodist Church. The **Discipline** states: "In each annual conference an Annual Conference Program Council shall be organized." The Manual for the Program Council states that "the study of the Mission of the church is basic to program planning. On the basis of this Mission the council determines the program emphasis necessary for fulfillment of this mission."

The boards and agencies of the Annual Conference have a more vital and significant role in the mission of the church in our time. More responsibility is placed upon them to be creative and working units. Programs should be initiated by boards and agencies of the conference in answer to the needs of local churches. The Conference Staff does not create program but implements program. These programs should be submitted to the Program Council for review and evaluation. The Program Council formulates a coordinated conference program to be presented to the Annual Conference for consideration. After the Annual Conference has approved or amended the program, then the Council seeks to implement the plan.

All boards and agencies of the program council are to submit their budget askings to the Program Council, which will study and coordinate these askings and make recommendations regarding the same to the Commission on World Service and Finance.

All boards and agencies will have access to and service from the entire Program Council Staff. Although the personnel of the Program Staff are expected to have specialized skills, training and competence, they are to serve any and all the various boards and agencies. The Program Council Staff shall be responsible to the Council.

The Program Council Staff will have flexible job descriptions. Some conference agencies need some staff devoted to their part of the program but they do not need full-time executives. Some agencies have programs which require a great deal of effort at some times of the year and less at others. Other agencies may require considerable staff time for the duration of a special emphasis year, but do not need a continuing staff. A conference Staff enables one staff person to serve wherever he is needed and many boards and agencies, giving every staff person full-time responsibility.

The Program Council and Program Staff are intended means toward simplification of the organizational structure of the Annual Conference. This Council seeks not only to coordinate and simplify but to give greater emphasis on the primacy of the local church, which seeks to serve persons. "Although the Annual Conference is the dominant body, the local church is the most important body. Within this context, therefore, all conference boards and personnel are useful and meaningful only insofar as they are responsive to the needs of the local church."

The Staff serves as resource persons, as enablers. This new emphasis is on training the local church and district leaders to equip them to initiate and operate their own programs, adapting standard plans or originating their own program ideas.

REPORT NO. 4

(Possible Relationships and Functions for Program Areas)

The program areas will be grouped, as far as possible, to serve functional operations and concerns of the boards and agencies. This follows the emphasis in our new church that "form follows function." For effective operation and liaison relationship the boards and agencies will be assigned specifically to a staff person. This may change from time to time as program demands, and two or more persons could be assigned to a Board or Agency if the need arises. The intent of programming and operation will seek to coordinate and prevent overlapping of activity.

The staff will serve as a team. As an illustration of how the staff might be assigned, the following is given with the understanding that flexibility will be followed as program develops.

BOARD OF LAITY

The program elements of the Lay Activities sector will eventually come within the ambit of the Council for implementation. Lay Activities program staff and related budgetary appropriations will sooner or later be transferred to the jurisdiction of the Council, and it should be distinctly adventageous to the Council and to the momentum of the Lay Activities program for the Council to inherit an Executive of the Lay Activities sector with a significant period of practice in close association with experienced leaders. (From Report by Conference Lay Leader to Program Council).

COMMISSION ON PUBLIC RELATIONS AND UNITED METHODIST INFORMATION

The Commission organized following the election of its members at the 1968 Annual Conference.

The intent of this Commission is to gather together the varied and professional talents in the field of public relations and communications within the bounds of our Annual Conference to aid both the local church and the Conference causes in dissemination of church news.

The Commission has adopted the following statement of purpose:

"The purpose of the Commission on Public Relations and Methodist Information shall be to promote and to further the cause of the United Methodist Church through planned programs and activities of public relations and dissemination of information, and through cooperation with the director of United Methodist Information of the South Carolina Conference."

It has been noted that our Commission is organized under paragraph 1396 of the 1968 Discipline. It will seek to fulfill on a Conference level the functions ascribed to the General Commission for the Church (cf. pars. 139-97).

The office and function of the Conference News Director is described on page 187 of the 1961 Minutes of the Conference. The Editor of the Advocate serves as Director of Methodist Information and Public Relations.

Because of the cooperative relationship which exists between this work and that of the Advocate, we are able to carry out the functions of this office at a minimum cost since the Director does not receive additional compensation beyond his salary as editor.

The Commission plans to hold a workshop on Public Relations and Communications for the local church during this Conference year, at a time and place suitable to the Commission and at the best convenience of the ministers and interested laymen of the Conference.

The Commission expects that the Office of Methodist Information (News Center) will continue to operate a Press Room at Annual Conferences, keep the secular news media informed as to the activities of the agencies of the Church, and serve such agencies when requested in their Information and Public Relations programs.

JOHN DAVENPORT, Chairman

CONFERENCE COMMITTEE ON PUBLISHING INTERESTS

Union of The Methodist Church and The Evangelical United Brethren Church in April, 1968, and the subsequent combining of operations and personnel of the publishing interests of the two former churches has brought our Methodist Publishing House to a new day of increased service to eleven million United Methodists.

The Publishing House is able to report that General Conference directives with respect to personnel have been met and that the transition to a revised organizational structure is progressing smoothly, enhancing the House's ability to provide good service to churches, individuals, and agencies of United Methodism.

The General Board of Publication, at its annual meeting in October, 1968, appropriated from the proceeds of the publishing operations of the two former churches $1 million to be distributed to conference claimants during the 1968-69 conference year, 13,613.52 being our conference's share.

Production and distribution of books and church supplies under the Abingdon Press imprint showed an increase during the year. **The Methodist Hymnal**, published in 1966, continues to be well received by the church, with distribution now in excess of 4 million copies.

In spite of a general downward trend in church school enrollment and attendance, circulation of church school curriculum materials, published under the imprint of Graded Press, showed an increase. Since 1964 and the introduction of preferred audio-visual and multi-media class teaching packets, Graded Press has produced more than 103 audio-visual projects accounting for distribution of 800,000 records and 1,100,000 feet of films, primarily in the form of filmstrips.

A completely new youth curriculum for youth was introduced in United Methodist church schools in fall, 1968. Work is progressing on the second series of materials for adults, scheduled for use in church schools in fall, 1969.

Circulation of the general church periodicals, **Together** and **Christian Advocate**, experienced further decline. Merger of **Church and Home**, general publication of the former EUB Church, with **Together**, however, now gives The United Methodist Church a general family magazine with a circulation of more than 6 million copies every month. This committee will seek next year to again double the number of subscriptions to this Methodist monthly in our Conference. We request that each local church have a **TOGETHER** agent, elected on a quadrennial basis if possible by Quarterly Conference, so he or she can be in contiuing contact with TOGETHER. These persons have the responsibility of gaining local church readership of the magazine, and handling the subscriptions. Individual subscriptions through the local agent or local church are $3.00 for one year. The church sends in the money; the individual home receives the copies of TOGETHER in the mailbox each month. Otherwise, individual subscriptions are $5.00.

Another aim of ours is to have District Secretaries of our Committee. He would represent the Publishing House to the churches of his District, and would help in carrying out our program for the year in the Conference. Such a person could also encourage and assist in activating Committees on Good Literature in the local churches, and aid in the formation of Church Libraries.

The filmstrip, "THE METHODIST PUBLISHING HOUSE, WHAT IS IT? WHERE IS IT?" is available from the S. C. Conference Film Library, and widespread use of it by you is encouraged. It tells in colorful way the story of the Publishing House. Also, a filmstrip, "THIS TOGETHER MAGAZINE," is available from this Committee for your use at any time. It is with sound, and is composed of 93 color slides made all over the country. The story is told by professional voices.

This Committee asks each church, to consider having a strong Good Literature Committee, as per The Discipline. This group can give information to the church folk about the availability of good reading matter, and what it is and from where it can be procured.

Highlights of the year's activity of the Publishing House include the following:

—Nine Abingdon titles were major book club selections during the year; 110 new titles were published.

—Circulation of Abingdon Weekly Church Bulletins averaged 1,637,031 per Sunday.

—A new Cokesbury Bookstore was opened to the public in Houston, Texas, on May 13, 1968; the Boston Cokesbury was relocated to provide better service to the Boston metropolitan area.

Respectfully submitted,
W. A. HORNE, Chairman

The report of our auditors, Derrick Stubbs, and Stith, of Columbia, has been filed with the Commision on World Service and Finance. Copies are on file at the Business Office of the Advocate, Room 100, The Methodist Center, 1420 Lady Street, Columbia, S. Subscription Cost

The cost of printing continues to rise, but the trustees wish to continue the subscription rate as follows:

1. Single subscription
   4 years for $10.00
   1 year for $3.00
2. Subscription for quota churches: $2.50 (Quota is 1/8 of membership)
3. All-Family Plan: $2.00 per year, with funds remitted by church treasurer on an annual or quarterly basis.
4. Ministers' subscriptions: at the same rate as the church they serve.
5. Complimentary: Retired ministers, widows of ministers, missionaries, chaplains, seminary students.

REPORT NO. 3

In past years, the Conference has requested that churches and congregations give their support to the Advocate by placing $2.00 per resident family in the local church budget to provide subscriptions for each church family.

In accord with this plan, through the volunteer efforts of the Rev. W. Fred Harris, and with the complete cooperation of Bishop Hardin and the District Superintendents, we attempted a massive state-wide program of interpretation of the Advocate's place and purpose in the life of the Church.

Five regional meetings were held the first week in March, at Greer Memorial Church, Greer; First Methodist Church, Winnsboro; Edgefield Methodist Church; Highland Park Methodist Church, Florence; and St. George Methodist Church. At this writing, the results of these efforts are incompletely seen.

We recognize that , on the surface, this appears to be a campaign for new subscribers. We hope that its deeper meaning is apparent to those who follow closely the work of the Church, and that this effort is being seen as a part of the total approach of a Church which is struggling to gain an informed laity which will be intellectually and spiritually equipped to do the work which faces the Church today.

Our Church was born in America in the days of the Revolution. In this land, she was nurtured in the atmosphere which demanded the Bill of Rights. Freedom of religion, freedom of assembly, free speech and a free press have characterized our Church's demands for humanity in Her moments of greatest glory. Today humanity demands as much of the Church. In this context we see the South Carolina Methodist Advocate making a vital contribution which deserves the support of Methodist people.

We are grateful for the support which we have, and we hope that it will increase.

REPORT NO. 4

Recommendations

1. The Board of Trustees requests the World Service and Finance Commission to appropriaae for 1969-70 the sum of $25,000 for the publication of the South Carolina Methodist Advocate.

2. The Trustees recommend that February and March of 1970 be observed in all churches through the Conference as "Advocate Campaign Months", with continued special emphasis upon the "All-Family Plan" in all of the churches.

3. We request World Service and Finance Commission to approve again this year our request that $2.00 per resident family be placed in each local church's budget to provide subscriptions to the Advocate for all families in each church. It is requested that this money be paid directly to the Subscription Department of the Advocate on at least a quarterly basis.

4. We recommend that the price of the Advocate be continued as outlined in Report No. 2.

5. We request that provisions be made for reports to first church conference and on Annual Conference reports on the number of subscriptions to the Advocate in each church.

6. The Board has elected A. McKay Brabham, Jr. as Editor and Manager of the South Carolina Methodist Advocate, the Socamead Press, The Methodist Center, and respectfully requests the Bishop to make this appointment.

SOUTHEASTERN METHODIST AGENCY FOR THE RETARDED

REPORT TO THE ANNUAL CONFERENCE

Southeastern Jurisdiction

The United Methodist Church

May, 1969

Since 1964, you have listened to the countdown on the launching of one of the most vital ministries of our time—a ministry to the mentally retarded. For a time it must have appeared that the countdown was "holding" and that little, if any progress was being made. However, just as any "holding" comes in a launch countdown, it is only to safeguard the success of the project and to eliminate any possible mechanical malfunctions.

Such has been the case with the launching of the SEMAR project. There has been no hesitation on the part of the Board of Trustees since they were organized in 1966. They have proceeded to move forward as rapidly yet as carefully as possible—being certain to work within the framework of the mandate to study the problem and recommend a plan for ministering to the retarded which the Jurisdictional Conference had given them in 1964.

The final countdown began in July, 1968, when the plan for the establishment operation and financing of an agency to be known as the Southeastern Methodist Agency for the Retarded, Inc. (SEMAR) was given overwhelming

approval of the Southeastern Jurisdictional Conference. This approval includes (1) Constitution and By-Laws of the agency, (2) Authorization for the establishment of an office in Atlanta, (3) the hiring of an Executive Director, and (4) budget request and plans for operation of SEMAR.

In March of this year the Board of Trustees, meeting in Atlanta, moved to launch the program on which they had been working for nearly four years—a program which would begin to lead the church into new and creative ministries to the mentally retarded and their families. At that meeting, the Board moved to establish an office in Atlanta and to employ the first Executive Director of SEMAR. Elected to this important post was The Reverend Mr. Robert M. Pitzer, former Director of the Department of Communications and Church Relations of the General Board of Health and Welfare Ministries in Evanston.

On April 15, SEMAR was launched with the opening of an office in the Methodist Center, 159 Forrest Avenue, N.E., Atlanta, Georgia. This office, agency of the Southeastern Jurisdiction is designed, basically, to function as a coordination body for the development of needed services to the mentally retarded and their families within the Jurisdiction. It will seek to stimulate and support those ministries which may be owned and operated by individual Annual Conferences or groups of Conferences or individual congregations.

SEMAR shall seek to:

I. ENCOURAGE AND PROMOTE DIRECT SERVICE MINISTRIES TO THE RETARDED AND THEIR FAMILIES

1. Develop residential service for those who need either short or long term care.
2. Establish education and rehabilitation centers for the educable and trainable retarded children and youth.
3. Create sheltered workshops, half-way houses, and community residential care facilities to enable mildly and moderately retarded persons to live in society with a minimum of care.
4. Stimulate local church ministries such as special church school plans, homemaker services, and week-day activity centers to relieve and support the families of the retarded.

II. ENCOURAGE AND PROMOTE EDUCATION OPPORTUNITIES TO INFORM THE CHURCH ABOUT THE NEEDS OF THE RETARDED

1. Encourage Foundation Grants for comprehensive ministries to the role the church can play in ministries to the retarded.
2. Stimulate community planning involving local congregations to meet the spiritual needs of the retarded and their families.
3. Cooperate with national, state, and local organizations in coordinating programs to the retarded.
4. Prepare and distribute materials on the retarded throughout the Jurisdiction.
5. Encourage and sponsor research in the field of prevention and treatment of mental retardation.

III. ENCOURAGE FOUNDATION, FEDERAL, STATE, AND INDIVIDUAL GRANTS TO FUND THESE NEW MINISTRIES

1. Encourage Foundation Grants for comprehensive ministries to the retarded across the Jurisdiction.
2. Cultivate Federal and State Grants for coordinated community services to the retarded.
3. Encourage individual philanthropy to establish and maintain the highest standards of care in this very specialized field.
4. Work closely with the General Board of Health and Welfare Ministries, Annual Conference Boards and Agencies and non-Methodist agencies, public and private, to be aware of the latest trends and developments (including legislation) in the field.

SEMAR derives its sole support from the Jurisdictional Conference Council budget. As such, SEMAR and its ministries to the retarded is a part of the ministry of each local congregation of Methodism in the Southeast. It is our ministry together—A ministry of compassion and concern to children in need.

Jesus said, "Whoso shall receive one such little child in my name receives me."

We, in the church, have long been aware of our responsibilities for our children—our normal children—and have devoted considerable time and energy in their guidance and nurture. Our concern for our special little ones—retarded—handicapped—is just now being manifest.

How much more do the words of Jesus, "one of these little ones" carry new and profound meaning with respect to the little ones when they are "the little retarded ones" who remain—"the little ones" in need of love and care as long as they shall live.

In the words of John F. Kennedy, "Although children may be the victims of fate, they need not be the victims of neglect."

SEMAR is already at work in these three major areas of concern, and will be working with each Annual Conference Board of Health and Welfare Ministries and the Committee on Retardation which it names. SEMAR is governed by a Board of Trustees elected by the Jurisdiction on nomination by each Annual Conference. Presently serving on the Board of Trustees are:

REPORTS OF STUDY COMMITTEE ON SPECIAL APPOINTMENTS

The Committee would like to propose the following steps to the South Carolina Annual Conference in an attempt to clarify the question of special appointments to non-church related agencies or institutions.

I. That the South Carolina Annual Conference, acting under Discipline paragraph 1715, Section 2 (i), petition the Judicial Council of the Methodist Church for a Declaratory Decision on the meaning, application, and effect of Discipline paragraph 352 (1) on Special Appointments and 391 (6) on "limitations observed by the Bishop when fixing the appointments."

1. Does consultation with the bishop and the securing of his permission to employ a conference member under provisions of 352 (1) fulfill the requirement for a "request by an appropriate official, agency, or institution" as indicated in paragraph 391 (6)?

2. Does the provision of 391 (6) regarding a "request by an appropriate official, agency, or institution" raise questions of the relationship between church and State, should the official agency or institution be in the public sector?

3. Does the "request" indicated in paragraph 391 (6) have to be in writing?

4.Does a conference member have an avenue of appeal should there be disagreement concerning "consultation and approval" (paragraph 352 (1) and "request" (paragraph 391 (6)?

II. That the South Carolina Annual Conference, acting under Discipline paragraph 1715, Section 2 (i), petition the Judicial Council of the Methodist Church for a Declaratory Decision on the constitutionality of Section IV of this report.

III. That the South Carolina Annual Conference petition the next session of General Conference to clarify legislation regarding appointments and procedures relating thereto.
Specifically:

1. That General Conference clarify the meaning of **ministry, ordination,** and **conference membership** and their relationship to each other.

2. That General Conference consider placing conference membership into two categories—

   a. Traveling or itinerate members who are actively serving in appointments that subject them to moving as directed by the bishop and his cabinet.

   b. Special appointment members who are employed by an agency or institution, whether it be United Methodist, or a non-United Methodist related agency or institution, and who are therefore not directly subject to moving as directed by the bishop and his cabinet.

IV. That the South Carolina Annual Conference adopt the following procedural steps to be followed as guidelines for the making of Special Appointments to non-church related agencies or institutions:

1. Any minister who wishes to move from the regular itinerary to a Special Appointment in a non-church related agency or institution will first serve in that capacity on an evaluation basis for one conference year. During the evaluation year, the minister will serve under one of these three possible relationships, as recommended by the Conference Board of the Ministry.

   a. Sabbatical year (p. 356)

   b. Discontinuance (p. 325)

   c. Voluntary location (p. 366)

2. This year is intended to be one in which evaluation of both the appointment and the minister might take place. This would include self-evaluation by the minister of his own understanding of his vocation. It would include evaluation by the local pastor of the charge conference with which the minister is affiliated and by the Superintendent of the District. Such evaluation will take place together with the Conference Board of the Ministry. Evaluation should be completed no later than three months prior to the meeting of the next Annual Conference. "See Appendix A."

3. After receiving these evaluations, the Bishop, after consultation with the District Superintendents, will determine whether or not to make the appointment.

4. If the appointment is to be made, the Annual Conference must confirm it by two-thirds vote as indicated in paragraph 391.6 of the Discipline.

5. It is expected that normally this procedure be followed on the basis of the Annual Conference year, since only the Annual Conference may grant any ministerial relationships.

Appendix A:

FURTHER NOTES ON WHAT IS MEANT BY EVALUATION

FOR THE MAN HIMSELF - - - -

Do I still want to be known as a clergyman in this job? Do I consider myself a clergyman and do I act like it? Is the fact that I am a clergyman adding a dimension to the job that otherwise would not be there.

FOR THE PASTOR OF THE LOCAL CHURCH - - - -

Is this man participating in the life of this local church in a Clerical Role, or does he consider himself a Layman? What is the attitude of his wife?

FOR THE DISTRICT SUPERINTENDENT - - - -

Is this man in fact keeping himself under the authority of the church? Does he participate on a District level? Has he accepted willingly calls to serve within the District, such as preaching and administration of the Sacraments as needed?

FOR THE COMMITTE - - - -

Is Christian Ministry going on through the job or service that this man is rendering?

TELEVISION, RADIO AND FILM COMMISSION
REPORT NO. 1

"The success of TRAFCO during the past several years has won for it a significant place in the life of the Church (in the South Carolina Conference), and has focused attention on the importance of developing a creative sensible plan for using the best communication methods available. It is proper, therefore, that TRAFCO as a communications agency should continue to concentrate every resource of time and money on assisting the United Methodist Church (and the South Carolina Conference) to fulfill its missions in today's world."

The above is adapted from a recent statement by Dr. Harry C. Spencer, General Secretary of the General Staff of TRAFCO. It is important as an expression of the concept held by the Conference Committee on Television, Radio And Film Communication,TRAFCO.

It is essential that communication efforts be integrated into every facet of the Annual Conference activities. Most important are new, experimental efforts to communicate with persons who are now out of touch with the church. An important venture in this direction is "Night Call," a radio program which reaches more than 200,000 persons five nights a week — persons from all classes, races and various religious beliefs. This broadcast is being heard on WOIC, Columbia, S. C., and on several stations in North Carolina and Georgia, which are heard in our state also.

Another experimental venture is due to the greater appreciation of art, more intelligent use of theatrical films are frequently efforts to communicate the Christian message to persons who have in many instances rejected the church's message when it was presented only in the traditional forms of preaching and worship.

TRAFCO must assume its responsibility in helping to develop the emerging patterns of Christian communication. It is not enough merely to provide audiovisuals or broadcast programs. TRAFCO must be involved in communicating the Christian faith, and must assist in the re-thinking of the church's beliefs, goals and methods.

The following indicates some ways that TRAFCO is related to this essential communication activity of the church, both within the membership and with non-members:

1) Realizing the habits of listeners and viewers cause them to turn to radio and television largely for entertainment and information — much of what they see and hear is escapist in nature — TRAFCO recognizes an opportunity to move into this complexity with its Television - Radio Ministry. It is not suggested that the Church become a broadcasting organization; however, broadcasting has become a major factor in the life of the average American. For this reason the United Methodist Church has an interest in placing significant resources into a broadcast mission and ministry. The television evaluation project of 1967 encouraged Methodists to learn more about the nature of the media of broadcasting and their influence, to watch and react to TV programs and to respond with their comments and criticisms to stations and networks. The result was significantly important as a guide.

2) S. C. TRAFCO wishes to commend "The Protestant Hour", "The Word and Music", "Night Call", "Profile", "The Place", "Frontiers of Faith", "National Pulpit of the Air". These are either productions of TRAFCO or productions in which TRAFCO gives cooperative participation.

3) Broadcasting is never undertaken unless productions contribute to the unique mission of the Church. For instance, "The Word and Music" brings the local minister into relationships with radio stations and helps him to be a better broadcaster. "The Word and Music" programs deal with social and personal problems such as, Bridging the Generation Gap; Helping children deal with death; The Ghetto; Parents and the Draft; Drug Abuse; Sexual freedom in Teenage Culture. "The Place" is a program FOR and BY local TEENS and trained hosts who act as moderators only. Teams of teens listen to and probe for less obvious moral and religious messages in TOP 40 TUNES called by some: "ROCK - TUNES". This is a "youth ministry to youth outside the membership of the church". "The Place" is ecumenical, in that teens and hosts are recruited from many denominations in the local community. It is on the air once a week in more than six radio markets in the state.

4) A major endeavor sponsored by TRAFCO was the Consultation on Communication Concepts for Local Churches held at Shandon church in January 1969. Two days were involved — one for churches under 500 members — one day for DCE's, Ministers, AV leaders, and laymen, chairmen of Conference Boards and Agencies, and TRAFCO leadership. The Program Council Director was a leading force in the Consultation. The latest concepts of Christian Communication were presented, and the most up-to-date equipment demonstrated both by Rev. Alvin Weston and Dr. Jim Sells of Atlanta Protestant TV - Radio Center, and by Mr. John Jackson commercial AV dealer, a member of TRAFCO in business in Columbia.

5) The TRAFCO chairman taped conference events such as Annual Conference sessions; Pastors' School; Bishop Goodson's sermon on Reconciliation; Dr. Albert Outler's Ecumenical seminar; Anti-Semitism and Christian Concepts. Each event was taped at the request of the Boards involved. Orders were filled for these events, the total was 230 to be used by ministers and laymen in local church contexts for study and promotion.

6) The chairman attended workshop for "The Place", as did one other TRAFCO member. The chairman also attended the Jurisdictional Consultation for TRAFCO chairmen of the SE Jurisdiction in a quadrenial planning session.

A representative attended the AV Communication workshop in Clairmont, Calif. for a two-week period.

7) S. C. Conference TRAFCO accepted assignment to produce a promotional filmstrip titled "Where in the World am I?", depicting in pictures and narration, the work of Conference Boards, Commissions, and Institutions interspersed with descriptions and pictures of our General and World Service activities. Conference agencies are assisting with color slides and financial aid, and consultation on narration.

8) Reports of daily happenings from Annual Conference sessions, and from the SE Jurisdictional Conference were fed to a network of 34 radio stations. This is being done this year, with Dr. A. McKay Brabham, Jr. preparing the news releases daily.

9) S. C. TRAFCO is prepared to cooperate in TV and radio productions involving the Bishop, members of the Cabinet, and other conference personalities. TRAFCO will also help, if requested, in production of TV spots during major sports' events, a project of the Board of Evangelism. All plans this year will be projected through consultation and assistance of the Program Council.

TRAFCO thanks the Commission on World Service and Finance for its generous allocation. We thank Bishop Paul Hardin, Jr., chairmen of every Board, Commission and Committee, and Dr. Wallace Fridy, for their fine spirit in giving advice and counsel to TRAFCO and its chairman.

We also thank TRAFCO committee chairman in AV training, Mr. Ted Thompson. Thanks also to all District Directors of TRAFCO, and to all District Superintendents.

Respectfully submitted,
W. GRADY NEWMAN, Chairman TRAFCO
EDITH M. JOHNSON, Secretary

WOMEN'S SOCIETY OF CHRISTIAN SERVICE

It has been little more than a year now since two great streams of Protestant Christianity united and gave birth to a new and great church — The United Methodist Church. This merger brought together two groups of women, The Woman's Society of Christian Service and The Women's Society of World Service, with mission traditions varying in their type of work and approaches to human need. We have now become chartered as The South Carolina Conference Women's Society of Christian Service of The United Methodist Church.

These have been days of anxiety and concern caused by the shaping of a new organization; but with structural and procedural matters almost entirely accomplished, we are now reaching a level of maturity that will enable us to be more effective in the new role of the women of The United Methodist Church. This role is a challenging one which has filled us with determination that we will go forward recognizing that all that has become past is now blended into the present from which we are called to build the future. Although there have been many changes, our goals continue to be rooted in the great love of Jesus that causes us, through our living, to say that we have something that means so much to us that we want to share it with others.

Our pledge of $205,000 to missions for the year, our support of $14,000 to the Inner - City Ministry in Charleston, and other work express for us the worth or value we place in both National and World Missions.

Today, as it has been in all past times, Christians grow when they take time to seek from God the power that only God has to transform us into persons for the living of these days. Two Retreats, the study of the book of Acts, and Day Apart programs have given us Spiritual Growth.

The Area of Christian Social Relations has been referred to as the conscience of the church. Our work and giving in this area is saying that we have not become careless regarding our image as Christian women. A World Understanding Workshop was held in Aiken and three such workshops are being planned for the coming year. Through the S & H Green Stamp Saving Plan, pews are to be purchased for the two South Carolina Methodist Homes.

The Conference School of Christian Mission made education and leadership opportunities available to us. Here we have seen the skills of our hands and the strength of our minds linked to work in the Women's Society of Christian Service.

We have not let the uniting of last April lead us toward becoming an island unto ourselves". Our work in ecumenical outreach has been observed in a Workshop on Human Rights which was held at Penn Community Center, Frogmore, S. C., mission studies held with other denominations, denominational exchanges for programs and services, and participation in Church Women United.

The passing of time has brought our churches in the South Carolina Conference to a time and place of testing. The women of our Conference believe life is too short to waste doing anything less than loving and respecting a brother. In this spirit, we see our church as it faces the possible 1972 Merger

of the '66 and '85 Conferences. The Women's Society of Christian Service moves toward merger with steps comparable to those being taken by our Annual Conference. Realizing that at the point of merger, it will be impossible to take the stride in one step, some steppingstones are being placed. Several members of the 66 Conference attended the '85 Conference School of Christian Missions at Columbia College and members of the '85 Conference attended the '66 Conference School of Christian Mission at Claflin College. The Executive Committees have met jointly, Day Apart programs have been observed jointly and committees have been working together.

As women have worked patiently and untiringly this past year, much more has been accomplished — we call it good only because it has served to encourage us to continue in the ministry of Jesus Christ.

MRS. W. ROY PARKER, President

COMMISSION ON WORLD SERVICE AND FINANCE

REPORT NO. 3

Special Recommendations

1. It is the recommendation of the Commission on World Service and Finance that all churches accept an amount equivalent to 2% of the local church operating budget for ministerial training. The money thus received shall be sent to the Conference Treasurer who will divide it as follows:
2. We recommend that the District Superintendents and the District Stewards be allowed to make adjustments in salary items (District Superintendents, Conference Claimants, and Minimum Salary) where there is evidence of inequity in these items. However, no changes affecting district totals may be made.
3. We recommend that every active minister who is a member of the Annual Conference, and not on MRPF, pay 2% of his total cash salary, including travel and expense fund to the Conference Claimants Fund. This applies to approved supply pastors.
4. The fiscal year for which all recommendations are to be operative shall be June 1, 1969 through May 31, 1970.
5. During the first six months of the Conference year, we recommend that the Conference Treasurer be authorized to advance from available funds amounts not to exceed $5,000.00 or 50% of the annual appropriation, whichever is lower, to the several commissions and committees of the Conference for the purpose of meeting current expenses where the appropriation has not been received from current collections. However, the Committee on Conference Journal and Yearbook shall be allowed to withdraw its full amount at any

time during the year when its bills come due, since all of its funds are needed for the printing of the Annual Conference Journal and Yearbook in the early part of the year.

6. We urge each pastor to check with his treasurer (or treasurers) before sending his report to the statistician to see that all amounts reported paid have been remitted.
7. We recommend that at the close of the fiscal year of the South Carolina Annual Conference the Statistical Secretary bring his records into conformity with the records of the Treasurer of the South Carolina Annual Conference. (The minister should be notified immediately where adjustments have to be made in the records of a local church.
8. The Commission on World Service and Finance recommends a bond of $250,000.00 for the Conference Treasurer, Mr. S. D. Clarkson. He will serve as Treasurer for all Boards, Commissions and Agencies as outlined in Paragraph No. 914 of the 1968 DISCIPLINE and shall submit to each board or agency, monthly, a statement showing the amount of the disbursement.
9. We approve the recommendation of the Conference Board of Missions and Church Extension that all local churches be urged and encouraged to include in their Advance Special giving a share for Conference and District Church Extension needs.
10. All Boards, Committees or Commissions receiving funds from the Conference Treasurer shall with each voucher submit adequate supporting data.
11. Boards, Agencies, and Conference Institutions which are allowed to withdraw lump sums from the Conference Treasurer shall submit an audit by a Certified Public Accountant to the World Service Commission.
12. It is the recommendation of the World Service and Finance Commission that all Boards, Commissions and Agencies of the Church pay a standard rate of 8c per mile when a representative travels on church business and that other actual expenses be paid.
13. We recommend that all District Superintendents, Pastors, and Laymen take advantage of every appropriate opportunity to encourage will and bequest support of our churches, church colleges, Epworth Children's Home, The Methodist Home, World Service causes, Missions and any other church-related agency or cause the donor may desire to support, and that information concerning such bequests be published in the South Carolina Methodist Advocate as information and inspiration to others.
14. We recommend to the Annual Conference that $2.00 per resident family be placed in the local church budget to provide subscriptions to the ADVOCATE for families of that church, and that this money be paid directly to the ADVOCATE on at least a quarterly basis.

REPORT NO. 4

Annual Conference Entertainment

We recommend that:

(a) Each local church or charge assume responsibility for the entertainment expenses of its clerical and lay delegates to the Annual Conference.

(b) The District Fund be responsible for the entertainment expenses of the District Superintendent to the Annual Conference.

(c) A per diem of $10.00 per day be paid from the Conference Entertainment Fund to all retired members in attendance at the Annual Conference.

(d) A per diem of $8.00 be paid from the Conference Entertainment Fund to each full-time ministerial student at Emory and Duke Universities, and others who may be required to appear before the Conference Commission on Ministerial Training and Qualifications and who are not serving a pastoral charge. The Conference Commission on Ministerial Training and Qualifications will be requested to furnish the Conference Treasurer with a list of all such persons at least two weeks before the meeting of Annual Conference in order that he may have funds due these individuals available to them at the time they arrive for Conference.

(e) Conference Boards, Commissions, and other Institutions, as appropriate, should provide for the expenses of their representatives to Annual Conference.

REPORT NO. 7

At the close of this Conference year, there will be a balance in the Episcopal Residence Mortgage Payment Account, which depending on the per cent of the World Service and Conference Benevolence Budget collected, should be somewhere around $10,000.00. This came about as a result of having been placed in the budget last June at the Annual Conference. When the Episcopal Residence was sold last December, this amount was no longer needed to pay the 1969 payment and interest. We request that this fund be distributed as follows:

(1) One-half to Journal and Yearbook

(2) Balance to the Ministers' Judicial Proceedings Fund. These funds to be administered by World Service and Finance.

(b) Obligations to be re-paid:

According to the Auditor's Report, S. C. Conference Board of Trustees, May 31, 1968, the Trustees had invested from restricted funds of the Board the sum of $22,008.25, as a down payment on the Episcopal Residence when purchased in 1961. It would seem that this should be re-paid. Also, it is noted that the first annual payment due E. W. Easom became due on November 1, 1962. Since the Annual Conference, meeting in June of 1962, did not set up any amount to cover this payment, the sum of $8,200.00 was transferred from the District Superintendents Revolving Fund to meet this first payment, this action being approved later by the Annual Conference. From that point on, the Annual Conference has approved yearly payments which have been included in our World Service and Conference Benevolences Budget. It would seem that it would be in order to repay this "loan".

(c) Based on (a) and (b) above it would seem that the following statement as of June 30, 1969, would give us a reasonably accurate statement of funds

which the Annual Conference should be called upon to approve distribution of.

Balance on Hand for Distribution, 6/30/69	$47,744.15	
Less Amount Due Board of Trustees	22,008.25	$25,735.90
Less Amount Due D. S. Revolving Fund	8,200.00	17,535.90

Respectfully submitted,
S. D. CLARKSON, Treasurer

NOTE: The $8,200.00 transfer referred to in (b) above, is reflected in Auditors Report of the S. C. Conference of the Methodist Church SEJ, May 31, 1963.

THE COMMISSION ON WORSHIP
REPORT NO. 1
General Statement

The Commission on Worship feels that we are living in exciting and challenging times. Never has there been such an interest in worship as has been shown in the past years. We find ourselves running to keep ahead of questions and demands and this is as it should be. We find ourselves concerned about "contemporary" worship. We do not feel that guitars and folk songs make a service contemporary even though these may at times be used effectively. We say than any service that meets man and speaks to him and his working relationship with God here and now is a contemporary service. It may be "by the book" or "far out" by some standards.

The Commission hopes to give ministers and laymen some valuable help and guidance as they attempt to make worship real and meaningful. The Good News of Jesus allows ample room for creative experimentation. It also has been proven too often it allows the ridiculous to occur. It is the desire of the commission to aid in intelligent experimentation.

REPORT NO. 2
Summary for 1968 - 69

The Commission found itself with many new members. The first order of business was to educate and inform its own members before advising others. This we have attempted to do and will continue to do throughout the quadrennium.

1. Eight members of the commission attended an orientation convocation in Atlanta sponsored by the Association of Conference Commissions on Worship of the South Eastern Jurisdiction. The theme was "Worship — Celebration". Appearing on the program with Bishop Lance Webb was three members of the South Carolina Commission; Walker Breland, Eugene Holmes, and Thom Jones.

2. More United Methodist Churches have received new editions of THE METHODIST HYMNAL. We have offered suggested services for the introduction of these hymnals to their congregations.

3. Courses on Christian Worship, Music and Worship, Hymn Appreciation, and Introduction of the Methodist Hymnal continue to be offered in Christian Worker's Schools. We are grateful for this.

4. More Commissions on Worship have been organized in local churches. This will now be a work area under the Council of Ministries.

5. The Commission is represented on the executive committee of the Jurisdiction Association of Conference Commissions on Worship by having the vice-chairman and a member-at-large.

6. Members of the Commission attended the National Convocation on Worship in St. Louis in April. Two members of the commission, Eugene Holmes and Thom Jones, were leaders of interest groups.

7. We have cooperated with the S. C. Chapter of the NaFOMM in planning a Youth Music Camp to be held this August.

8. During the year the commission has been planning a convocation on contemporary worship to be held next November in Columbia.

9. The commission has been active in the Program Council of the Conference during the year.

REPORT NO. 3
Recommended Annual Conference Program

Recognizing the new trends that are taking shape throughout the church and that are inherit in the creative use of the new structure of the United Methodist Church we propose the following for serious consideration.

1. We propose that a convocation for contemporary worship be held in November of 1969 in Columbia to give guidance in the setting, language, movement and use of Art forms in contemporary worship. This is to be open to all ministers and laymen.

2. We propose that drama be a valuable part of the annual conference program. This is done in the light of the request and reactions from the "Warm Hearts and Saddlebags" presented at last years' conference.

3. We propose that a drama library be set up at the Methodist Center to contain copies of good religious and related drama for ready reference by local churches.

4. We propose that district seminars for clergy be held to provide new insights into worship.

5. We propose that Ecumenical Services of Worship be held in local communities to provide a basis of understanding and appreciation for various liturgical traditions.

6. We continue to urge local area Christian Worker's Schools to include in their plans courses on worship, church music, hymnody, art, architecture, and drama.

7. We offer our services to any board or agency that might desire them.

REPORT NO. 4
Recommendations for the Local Churches and Ministers

Recognizing that serious study and thought is essential for both layman and ministers, and that new structure demands new thought and insight we recommend:

1. That the work area in worship be developed to meet the needs for every local congregation.

2. That local churches use the METHODIST HYMNAL and BOOK OF WORSHIP as resources for the worship life of the congregation.

3. That the orders and rituals of the church be intrepreted and explained by the minister to his congregation.

4. That the use of drama and other art forms be used as a resource for worship.

5. That provisions be made for ministers, organist, choir directors, ushers and others having responsibility in worship to attend training institutes.

6. That the Christian Year be studied, explained, interpreted; as we believe it offers the best guide for the systematic organization of the worship life of the people.

7. That policies for the proper use of the sanctuary for special services such as weddings, funerals, etc., be set and enforced in each local church.

8. That both laymen and ministers continue to study and develop in the area of worship and liturgical development.

9. That where candles are used (if they are present they should be used) the use of acolytes be encouraged.

JAMES HARVEY DANNER

James Harvey Danner, son of Noah and Sarah Elizabeth Booe Danner, was born August 28, 1885, in Mocksville, North Carolina. His boyhood was spent on a small farm in Davie County where living was rough, the work was hard, money was fairly unknown, and schools were in session for only about three months out of each year. At the age of seventeen, following a community custom, he left for the mills and worked as a weaver in Cooleemee, North Carolina. The restless spirit called him beyond the hills, and he moved to Columbia where he and his brother Sam were converted in a cottage prayer meeting. Their Christian testimony was so real that friends encouraged both of them to become preachers. With help and encouragement from the Herbert family, these young men attended Leesville College. From there they went to Meridian College in Mississippi. During this time they accepted invitations to preach and whenever the opportunity came, they engaged in revival services. They spent their entire summers in evangelistic campaigns and the contributions from these campaigns helped pay their way back to college.

In 1906 Harvey Danner received his license to preach in the Methodist Church and in 1910 was admitted to the South Carolina Conference and ordained a deacon. He received elder's orders on November 28, 1915. On December 19, 1909, he was married to Miss Pearl Elizabeth Delk of Bamberg, South Carolina, who was to be a gracious and charming companion until her death on February 26, 1952. To this union were born five children: James Harvey, Jr., a medical doctor; Mary (Mrs. A. C. Thompson, Jr.); the late Martha Ann (Mrs. J. C. Horne); John Elliott; and Pearl Elizabeth (Mrs. Ben E. McLeod, Jr.). This family of God served appointments at Reidsville; South Union; Pelzer; Gilbert; Conference Evangelist—1920; Spring Street, Charleston; Mullins; Conway; Central, Florence; Trinity, Sumter; Lake City; Georgetown; Marion; and Johnston, Harmony.

Harvey Danner, unique in compassion and fervent in zeal, immediately became a sought after minister and an even more sought after preacher for almost everyone's revival. He was a flaming evangelist for the first half of the twentieth century. Wherever he preached the churches were filled, and he was more in demand for evangelistic campaigns than any other man in the South Carolina Conference. There was a time when he almost decided to devote his time to evangelistic work. In tent meetings and in warehouses, he lifted the sagging spirits of those who came. He was gifted in personal evangelism and in the course of the years received more people into the church than any of his contemporaries. He was a pastor, a preacher, a sermonizer. He was a man's man, he was a family man, but first of all he was God's man. I walked in and out of his home for years having felt the influence of his life on mine and having developed a respect for him that has not dimmed through all the years.

In 1932 Asbury Theological Seminary conferred upon this man a Doctor of Divinity degree. The quickness of his mind and the depth of his thoughts often overwhelmed those of us whom he influenced to enter the ministry. Not of these young men were ever allowed to feel that they had enough education. Perhaps this is because he felt so deeply a need for more learning as he walked in the footsteps of the Master.

On March 23, 1953, Dr. Danner married Virginia Hutchinson of Florence who was a faithful and watchful companion until his death at the age of eighty-three. His funeral service was conducted by the Reverend Carl Parker and the Reverend Tom Brittain, interment in the cemetery at Conway.

Dr. James Harvey Danner became a legend in his own lifetime. There were those of us who loved him. To us he offered opportunities to climb above our little selves and gave us the challenge to be ministers of the Gospel. Grady Griffith, Walter Johnson, along with countless others came to feel that they belonged in some special way to him. His love reached across the miles and kept us going when the hills were steep and the years were difficult. I did not have an opportunity to attend his funeral for I did not know of his passing

time. I had visited him a few weeks before and sat beside the feeble man that had once been robust, dynamic, enormous in my sight. As I heard of his passing, these words came to my mind:

"Crowned Son of God! Behold, Thy friend,
Departs from us, to bide with Thee."

ROBERT N. DuBOSE

WALLACE DUNCAN GLEATON

A mighty voice was stilled and a brilliant intellect ceased to function—that is, in this world—when on November 28, 1968, at the Loris Community Hospital, the immortal spirit of Wallace Duncan Gleaton left its earthly abode.

A man of commanding appearance, but of gentle mien, of dignified bearing, yet a man of deep humility, Wallace Gleaton was a leader among men who endeavored to follow his Leader. He was one who could walk with the great and never lose the common touch, who was equally at home with the wealthy and the poor, the wise and the unlearned. Of winsome personality, gracious demeanor, charming grace and unaffected friendliness, he was effective in the pulpit and out of it. Of unfailing good humor and a hearty laugh, he was affable, courteous, and polite.

A son of the late Reverend William C. and Agnes Dawsey Gleaton, he was born at Bayboro on July 9, 1894. He had the advantage of devout and cultured parents. From them he learned of the trials and tribulations, the joys and sorrows, the glory and disappointments of the ministry, lessons he learned anew in his own long, fruitful ministry.

A brilliant student, in school and out, Wallace Gleaton took into the ministry a keen, hungry, seeking mind. An omnivorous reader, he learned much from the Bible, the classics, current literature, and the press. He knew well the value of short sermons. His brief sermons were luminous in their beauty, rich in their imagery, with their basis in eternal truths. His preaching ability was also evident in the many revival meetings in which he assisted other ministers and in his eight years of Quarterly Conference rounds as a district leader. He was effective in all his relationships—as pastor, district leader, revivalist, and conference member. A builder, he sought to leave his churches, members, districts better for his service. He wrought well.

Dr. Gleaton was a leader, whose leadership was accomplished without flair or display. He did not exert authority as a driver, but as a co-worker. As pastor and presiding elder (now district superintendent), he got close to people. He knew how to deal with members, pastors and pastoral relations committees in a calm, quiet, effective manner. He never promised more than he could deliver.

A graduate of Wofford College in the Class of 1916, he received from Wofford in 1949 the honorary degree of Doctor of Divinity. For some years he served the college as a trustee. He also rendered such service to Columbia College and Spartanburg Junior College.

He was admitted on trial into the South Carolina Conference in 1917, was received into full connection and ordained deacon in 1919, and two years later was ordained elder. His conference service included membership on various boards, commissions, and committees, and as a delegate to the General Conference of 1939, the Uniting Conference of 1939 and the Jurisdictional Conference of 1948. In 1959, because of ill health, he retired and since then had made his home at Conway.

His appointments were Heath Springs, St. George, Kingstree, McColl, Bishopville, Sumter District, Trinity (Sumter), Orangeburg District, Washington Street (Columbia), Central (Spartanburg), and Summerton.

In 1925 he was married to Miss Ellyn Allen of Spartanburg, who survives with a daughter, Carolyn (Mrs. Gilbert H. Cox, Jr.), two grandchildren, Gilbert

Henry Cox, III and Mary Ellyn Cox of Spartanburg; two sisters, Mrs. S. H. Sheider and Mrs. W. C. Grooms of Hanahan, and four brothers, Munsey S. Gleaton of Wrightsville, Pa.; the Rev. Bascom C. Gleaton of St. Paul Charge, Yonges Island; Halsey W. Gleaton of Wilmington, Calif., and the Rev. Dennis J. Gleaton of Lodge Charge, Williams.

The funeral services were held November 29 at First Church, Conway, conducted by the Rev. Carl L. Parker, District Superintendent; the Rev. Thomas N. Brittain, the pastor; Bishop Cyrus B. Dawsey, an uncle of Dr. Gleaton, and the Rev. J. Ross Johnson, a long time friend. Interment was in Hill Crest Cemetery, Conway.

A gifted, golden voice has been stilled here, to lift its resonant, vibrant notes to the angelic hosts.

MELVIN KELLY MEDLOCK

Melvin Kelly Medlock was born on September 29, 1906 in Greenwood, South Carolina, the son of James Travis and Kate Bullock Medlock, and educated in the schools of South Carolina, Wofford College and graduate seminars at Union Theological Seminary. He leaves three sons — Melvin Dubose, Thomas Travis and Robert Freer.

The closest human relationship is that of friendship and Melvin Medlock spread his splendid capacity for being a friend over the years of his life and over the entire state, into the lives of students, ministers, physicians, men, women, black and white, and in all of life's stations. This quality of knowing how to be a friend blossomed in his work as a pastor where he excelled. In the field of personal counseling he was especially gifted. He was a patient listener and an understanding and wise guide. Lay people and ministers sat across his desk and poured out their trials, temptations, their success and failures.

He was a keen student, a wide reader and a careful and very helpful preacher. Few men were as well read and as astute a scholar as he was. He was always heard with keen interest. His quick wit and penetrating mind linked together to contribute many columns to the South Carolina Advocate. His sharp thrust always with a smile gave voice to his deep convictions.

He loved his minister friends and was beloved by them. Perhaps no other minister was more loved by his brethren than was Melvin Medlock. Many a minister has trusted him with his trials and heartaches and Melvin received them all with sympathy and understanding. As district superintendent he was a leader who led to high places. He was compassionate and always reached down to give a fallen and discouraged comrade a lift and set him on the way to being a minister of Christ again.

He served his appointments, all of them, with obedient gladness and was loved by all who lived under his ministry. He served on the various Boards of the Church, as a delegate to General and Jurisdictional Conferences and all with quiet distinction. He served on the Board of Directors of the South Carolina Methodist Conference Credit Union for a number of years and was always interested in its welfare and how it helped the ministers.

Melvin loved with pride and justified devotion his family. Theirs was a close knit group who enjoyed living with and for each other. In this relationship we see not only man and wife, father and son, but the closest friends.

Melvin loved new places and new adventure. I remember how eager and interested he was on his first commercial flight. To him it was an adventure which he looked with keen anticipation. The morning he left this life I watched out of my house and heard the long, hoarse blow of an ocean steamer as it pulled away from its quay into the main channel that led to the open sea. I saw it was throwing the lines that held it to the dock to make its way into the open sea. On the morning of April 1, 1969 Melvin Medlock slipped free of the lines that held him to this life and headed for the open sea of God's love. We shall miss him, we shall remember him and we shall constantly be reminded of his dedicated labors as a faithful minister of Christ.

JAMES ERNEST MERCHANT

One of the laborers in the vineyard of the Lord has passed on! On Sunday evening, November 17th, in the year of our Lord, 1968, the Gates of Heaven opened wide to receive the spirit of James Ernest Merchant. The toils of his life are over. He has borne graciously the burdens of others, he has shared the anxieties and the heartaches of those whom he served as pastor and countless others he met along the way. He has preached again and again the unsearchable riches of the Lord. For him this task is now completed and the joys of heaven are begun. The earthly tabernacle of this servant of God was assigned to its resting place in beautiful Woodlawn Cemetery, Greenville, South Carolina.

Mr. Merchant was well born and he had a good religious background. He learned in his home, in his Church School, Church, and the colleges that he attended the type of training that had a tremendous effect on his life. He responded to these religious influences and they lifted him to heights of devotion and service. Mr. Merchant was born in Branchville on October 15, 1896, son of James E. and Janie Caroline Merchant. He received his education at Wofford Fitting School, Wofford College, and Candler and Garrett Schools of Theology.

On February 1, 1918, Miss Lautrelle Vivian Gatlin became Mrs. James Ernest Merchant. To this union was born one son, the Reverend James A. Merchant, who is an outstanding minister in the South Carolina Conference. Jimmy and his wife, Ruth, have two children—James Adelbert, Jr. and Carol Ruth.

Mr. Merchant early in his ministry distinguished himself as a leader in developing our Area Training Schools. In his itinerant ministry among us Mr. Merchant served Chesnee, Cowpens, El-Bethel in Spartanburg; Pelzer, Bethel, St. Mark, and Triune in Greenville; O'Neal Street in Newberry; Green Street in Columbia; First Church and Alice in Easley; St. James in Charleston; Broad Street in Clinton; Myrtle Beach; St. Mark in Sumter; Inman; Belton; as retired supply at Mt. Bethel and St. Paul and at the time of his passing was continuing in such capacity at Antioch. The churches that he served loved him as a pastor and those of us who know the difficulty of winning souls for Christ respected him for his tremendous success in this field. In the height of his ministry in Myrtle Beach he brought in more than three-hundred members in one year and followed that the next year, in spite of illness in his family, with two-hundred additions. This man of God was serious about the ministry and those of us who called him friend recognized his interest in and concern for our ministries whenever we were in his presence. His life of Christian faith and obedience is an inspiration to all who knew him.

The Lord of the servants in the Parable of the Master committed unto each one of them a certain number of talents according to their several abilities. James Ernest Merchant was a faithful steward of all that God committed unto him, and he has now rendered a faithful account to his Master. He is with us no more, he has passed on to his eternal reward. These appropriate words from Scripture and from hymnal, the basic books of his life seem most applicable in this memorial: "Well done, thou good and faithful servant: thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy Lord," and

"Now the laborer's task is o'er; Now the battle day is past;
Now upon the farther shore, Lands the voyager at last,
Father, in Thy gracious keeping, Leave we now Thy servant sleeping."

ALISTER ELZY SMITH

Alister Elzy Smith, a son of Conley McDowell and Emma Ward (Callahan) Smith, was born at Lincolnton, North Carolina, April 24, 1886. He attended schools in Lincolnton and Caroleen, North Carolina, and in Gaffney and Pacolet, South Carolina. He was graduated from Textile Industrial Institute (now Spartanburg Junior College) in 1915. He also continued further special study under the late Dr. David English Camak while serving as Field Agent for T. I. I. He completed the Course of Study by correspondence through Emory University.

Mr. Smith was licensed to preach in 1915. He was admitted on trial in the Upper South Carolina Conference on November 7, 1919; was received into full connection and ordained a deacon November 6, 1921; and was ordained an elder in 1923.

He served the following charges: Mollohon and Oakland, Newberry; Butler Circuit; Poe, Greenville; Laurens Circuit; Concord and Apalache; Monaghan and Woodside, Greenville; East Lancaster, Richburg; Rock Hill Circuit; North Easley; Westminster and Townville; Limestone Street, Gaffney; Pomaria-Twitty Chapel, Hartsville; Rembert; Jefferson; and Kelton. He retired in 1956. But during his retirement Mr. Smith was called into service twice. He served King's Chapel in the Anderson District, 1959-1962. And when someone was needed to serve Lydia and Sandy Springs in the Greenwood District in 1967 Brother Smith responded gladly and served effectively until illness and an accident forced him to give up.

Mr. Smith led the people he served in many property improvements, including: building a parsonage at Mollohon; renovation and addition at Butler church; movement to build and selection of site for Central, Laurens; educational building, Friendship (Rock Hill Circuit); erection of parsonages at Twitty, Hartsville, and at Jefferson; as well as other repairs and improvements in several places.

But Mr. Smith was primarily an evangelist. He was evangelistic in his preaching. His theme was Christ. His aim always was to make converts to Jesus Christ as Lord. And he was very successful in this. He often led his district in the number of accessions on profession of faith. For example, in the **Journal and Yearbook** of 1931 his report shows 104 persons received into membership that year on profession of faith. He was also instrumental in the decisions of several young men to enter the ministry, including men serving today in Methodist, Baptist, and Presbyterian churches.

Brother Smith was a kind man, and he and his gracious wife of more than a half century enjoyed life. They enjoyed their work and they enjoyed retirement. Mr. Smith had varied interests, such as making or re-making furniture and making apple cider for his friends. During retirement they were faithful in all of the services of First Church, Laurens, and they enjoyed attending district meetings. Some time ago they made a pilgrimage back to all of their former charges for a visit and for worship in those churches. And I think no one ever enjoyed a Golden Wedding anniversary celebration more than he. It was a great occasion and he insisted that the celebration last for a season and not just for a day.

Brother Smith is survived by his widow, the former Miss Iris Dorn Cooper, of Greenwood, to whom he was married September 19, 1917; a son A. E. Smith, Jr., of Ware Shoals; three daughters, Mrs. Azalee Edna Max of Simpsonville. Mrs. Iris Frances Harris of Laurens, and Mrs. Mary Lou Morgan of Charleston; two brothers, Rostand E. BARNWELL RHETT TURNIPSEED

Barnwell Rhett Turnipseed was born in upper Richland County March 10, 1878, the son of Dr. Barnwell Rhett and Matilda Turner Turnipseed. He attended the grade schools in Winnsboro and Columbia and graduated from Columbia High School 1892. He enrolled at Clemson College in 1893 and was graduated with a B.S. degree in the first class in 1896. He spent another year at Clemson in graduate studies and the year 1897-1898 at the Medical College of S. C. in Charleston. Honorary degrees conferred on him were as follows: By Wofford College D.D. 1924; University of S. C. D.D. 1924; Lander College D.D. 1958; and Clemson University L.H.D. 1958.

Dr. Turnipseed was licensed to preach by Columbia District Conference 1900 and entered the S. C. Conference on trial at Chester 1900. He was admitted into full connection, and ordained Deacon 1902, ordained Elder 1904. He served the following appointments: Junior Preacher, Ridgeway Circuit 1900; Olympia, Columbia 1901-02; Aiken 1903-05; Green Street, Columbia 1906-09; Darlington, 1910-13; Marion 1914-15; Transferred to U.S.C. Conference and appointed to Main Street, Columbia 1916-17; Main St., Greenwood 1918-21; Central, Spartanburg, 1922-23; President Lander College 1923-27; St. Johns, Rock Hill 1928-30; Buncombe St., Greenville 1931-34; Bethel, Spartanburg, 1935-36; Rock Hill District, 1937-38; Buncombe Street, Greenville, 1939-42; Greenville District 1943-48; Simpsonville 1949-52; (Retired at 1950 Conference, but continued to serve as a retired supply).

Dr. Turnipseed was married to Miss Emma Major Greene of Greenwood March 10, 1900. Mrs. Turnipseed died Nov. 22, 1949. There were two sons, Barnwell Rhett, Jr. who died in the midst of a busy, useful life July 7, 1962, and Robert Edward, of Statesville, N. C. Dr. Turnipseed made his home with Robert and his beloved wife after 1958.

For fifty-six years this noble servant of God labored as a beloved minister of the Gospel-fifty years as an effective preacher, and six additional years as a retired supply. But whether serving a small congregation or a large church, as presiding elder or as College President, made little difference in the time, thought, prayer, study—yes the complete dedication of himself to his work; he always labored diligently as unto God and was indeed a workman that had no need to be ashamed. In addition to giving himself unstintedly to his appointed tasks he carried many extra responsibilities. Among these he was a member of six General Conferences—Secretary of the Upper S. C. Conference for sixteen years and was a member of the General Board of Pensions for six years.

Dr. Turnipseed was in great demand as a preacher for special occasions and often assisted his brother ministers in evangelistic meetings. God richly endowed him with many gifts and graces. He had a strong body—a ready mind, a retentive memory, a keen sense of humor, a resonant voice, and a heart that was warm, tender and responsive to all who needed him. Without doubt he was always much beloved and widely approved, both as a pastor and preacher. He made friends readily and held them tenaciously. Such qualities made Brother Turnipseed a most welcome guest wherever he went. All who really knew him sorely miss his warm affection and benign presence.

He came to the end of his long and useful life in the nursing unit of the Methodist Home in Charlotte, N. C. on Saturday, December 7, 1968. Just a short while before he died he told the writer he was ready whenever the Lord summoned him. On Monday A.M., December 9, funeral services were conducted by his pastor in Wesley Memorial Methodist Church, Statesville, N. C. which he attended and where he had taught a Sunday school class and occasionally preached. That afternoon the body was laid to rest in the family plot in Elmwood Cemetery, Columbia, in the presence of a goodly company of his fellow-ministers and former parishoners along with his family. Brief graveside services were conducted by Dr. E. E. Glenn and the writer.

With Charles Wesley we affirm:

"Servant of God, well done!
Thy glorious warfare's past;
The battle's fought, the race is won,
And thou art crowned at last."

HOWARD GAY BOWLES, JR.

Howard Gay Bowles, Jr., was born March 22, 1919 in Logan, West Virginia. He attended Morris Harvey College and the University of Maryland. Howard was licensed to preach in 1963, the year that he retired from the Army of the United States.

For twenty-two years, Howard served in the Military Service. He was a member of the 101st Airborne Division and was a Company Commander at the Battle of the Bulge in Belgium. He also served in Trieste, Iran, and Korea. He was awarded the Silver Star and the Bronze Star with Oak Leaf Cluster, and retired as a Lieutenant Colonel.

He was married to Ruth McGahee of Kelton, S. C., and there are three children: Thomas Edward, Howard G., III, and Ruth Ann.

It is amazing how much this devoted soldier of the Cross accomplished in the few years he spent in the ministry. He was a tireless worker, and was enthusiastic concerning the mission of the Christian Church. At Hicks Memorial (now St. Luke's), Whitney, Main Street Columbia (Associate Minister) and at the new church Windsor Estates. He gave himself without reservation to the work, and he suffered his fatal stroke on the first Sunday the new church at Windsor had a formal service. He had literally done the impossible in organizing this church in a few short months, and it was due to his zeal, enthusiasm, tireless energy and the grace of God that so much was done in such a little time.

In addition to his heavy responsibilities as a preacher and pastor, Howard inaugurated a most successful radio program. He was producer and moderator of the radio show, "Man in God's World", and on the program he had local, state and national leaders discuss questions vital to the church today.

Although Howard lacked formal theological training, he was a learned man and was one of our most devout scholars, always seeking to know more in order that he might have more to share. A good man served amongst us. We thank God for him and his family.

The funeral service was held on September 22, 1968, the day after his death at Wesley Memorial Church in Columbia, with the Reverend David W. Reese in charge, assisted by Chaplain C. M. Manus and Melvin Medlock.

MELVIN K. MEDLOCK

DONALD RAY EDWARDS

After thirty-five winters, Don's earthly struggles ceased, and he now enjoys a spiritual body in heaven. His dearest dream was to preach the Gospel and be assigned a Methodist Church by the Conference. The climb was steep and rugged due to ill health and a late start in life. However, he climbed to the top of the mountain and realized his dream.

Although his body was small and frail, he preached like a spiritual giant with clearness and power. The love of God and man reflected from a tender heart and a devoted daily walk in life. The tragedy of the cross, that he bore so well, and the triumph of the Easter season describes his life.

His wife, Shirley and two children Donna and Debra, continue to enjoy the influence of a good husband and father; and the friends with whom he loved so well also benefit from his ministry, and the pastoral charges in which he served.

Donald was the son of the late Mr. M. T. Edwards and Mrs. Edwards. He was born March 26, 1933 in Rock Hill, S. C. where he attended public schools. He was enrolled in the Conference Course of Study by correspondence at Emory University.

Donald was licensed to preach in 1964. The charges that he served were: Dorchester Circuit—1965-1966, and Hendersonville—1967, both in the Charleston District. After serving one year at Hendersonville, he was forced to retire due to bad health. He and his family returned to Rock Hill, S. C. to live and became active members of the Main Street United Methodist Church.

Donald died March 11 in Rock Hill from a heart condition. Funeral services were conducted in the Main Street United Methodist Church, Rock Hill, by Rev. Thomas B. Wilkes, Sr. and Rev. E. Wannamaker Hardin. Burial was in Grand View Memorial Park, Rock Hill, S. C.

WILLIAM W. WARRINGTON

William W. Warrington was born in Lewis, Delaware, July 30, 1889. He was the son of Joseph M. and Lovy Ann Smith Warrington. He received his education in the public schools of Lewis, Delaware; he studied for 4 years at Redding Pennsylvania Law School, and completed the Conference Course of Study by correspondence at Southern Methodist University, Dallas, Texas.

Mr. Warrington was licensed to preach by the North Arkansas Conference, October 16, 1927. He was ordained deacon at Batesville, Arkansas, by Bishop Charles C. Selecman, November 6, 1942, and as an elder at Morrilton, Arkansas, by Bishop Paul E. Martin, November 3, 1944. Both ordinations were administered in the North Arkansas Conference.

Mr. Warrington was a member of the North Arkansas Conference for about six years. While in the North Arkansas Conference, he served the following churches: Viola, Springfield, Hillcreek and Prairie View in Aubrey, Arkansas. In 1948 Mr. Warrington transferred to the South Carolina Conference and served as an Approved Supply the following charges: Cades and Union. After Mr. Warrington retired, he moved to Hartwell, Georgia, and opened up the New Harmony Methodist Church on March 10, 1963. This Church, which had been closed for nearly 20 years, he served as Pastor for 27 months. When he had to retire at New Harmony because of ill health, the Church there was doing real well under his leadership.

Mr. Warrington was twice married. He was first married to Miss Nataliae Chewning of York, S. C., and Louisa, Virginia, at Hotsprings, Arkansas, November 23, 1940. Mrs. Nataliae Warrington died January 31, 1963. His second marriage was to Miss Alice Tisdale Wilson of Lousia, Virginia, at Denton, Maryland, November 12, 1963. There were no children in either marriage. His only survivors are: his widow, Mrs. Alice Wilson Warrington of the home; one sister, Mrs. I. Webster Warren of Greenwood, Delaware; one brother, Joseph M. Warrington of Wilmington, Delaware.

Mr. Warrington was a man of great convictions. He was not swayed by every wind of doctrine. He certainly was not a compromiser. One only had to be in his company for just a few minutes to find out where he stood and what he believed. One never had to worry about having to second guess this man. Mr. Warrington had a heart of gold, and one was soon made aware that it had been touched by the Spirit of God. While Mr. Warrington was Pastor of the Union Charge in the Lake City District, I assisted him in revival services. On this occasion, I got to know this dedicated man as a very unique person. He had a warm brotherly love for his fellowman and a deep interest in the work of the Kingdom of God. It would bless your heart to hear him tell of his conversion.

After Mr. Warrington retired at New Harmony Church in Hartwell, and Mrs. Warrington visited our Church in Anderson on several occasions. was always an inspiration to have him worship with us. His last visit to Church will never be forgotten. When he and Mrs. Warrington started to le he turned to me and said, "Brother Carter if I don't see you and Mrs. Car again in this life, I will see you over there."

On November 27, 196[illegible], the Lord called him home. Funeral services w conducted at the Smith's Funeral Home in Hartwell, Georgia, by Rever Robert Kerr, Pastor of the First Methodist Church of Hartwell, and the writ He was buried in Hillcrest Cemetery in Louisa, Virginia, with Masonic R conducted at grave side.

On December 25, 1912 she was married to Reverend William Thomas Bedenbaugh. To them the following children were born: William Thomas, Jr., Roland Ervin, Rev. Kenneth Wilson, Esmond Denny, Harvin Clemson, Edward Ackerman, Alice Betty (Mrs. Woodrow Smith) and Mary Frances (Mrs. Holland Oneal).

Her husband went to be with God February 13, 1947.

On April 13, 1949, she was married to Rev. Irvin Frye who went to his eternal reward September 14, 1960.

Of this devoted wife, mother and servant of the Church, it can be truly said that to know her was to love and respect her. Her influence and character will long be felt by those who had the privilege of knowing her. She was always ready to make her contribution to her home, community and Church.

Knowing of her abiding faith in the Lord, it is not unreasonable, to believe that toward the end, this child of God might well have said with the poet:

"So when my latest breath
Shall rend the veil in twain
By death I shall escape from death,
And life eternal gain.
Knowing as I am known,
How shall I love that word
And of repeat before the Throne
'For ever with The Lord'."

BESSIE PARKER

MRS. EMMETT FRANCIS SCOGGINS

The death of Mrs. Cora Bell Lupo Scoggins on March 14, 1969, ended a long life of faithful, effective, and loving service. The widow of the Rev. Emmett Francis Scoggins of the South Carolina Conference, she died at the Dorchester County Hospital, Summerville, after an illness of two weeks.

The funeral services were held March 16 at the Thomas Cemetery, Olanta, where her body was laid to rest by that of her husband who died in 1949. The services were conducted by Dr. Feltham S. James, Lake City District Superintendent.

Mrs. Scoggins, 85, was a native of Marion, a daughter of the late John Dallas and Laura Odom Lupo. In 1903, she was married and shared in her husband's pastoral ministry for 44 years until his retirement.

Mrs. Scoggins was "a noble woman, nobly planned," one who belonged to "the aristocracy of personal goodness." To know her well was to love her greatly. Her unselfishness, her living for her family and friends, her humility, her generous nature, her gracious demeanor were marked. She shrank from publicity and wanted to stay out of the limelight. Her home was her throne. A choice spirit, she delighted in serving her loved ones and others in the communities where she resided. Her children indeed "rise up and call her blessed."

She is survived by two daughters, Mrs. J. E. (Frances) Vaughan of Ridgeville, with whom she had made her home for the past 17 years, and Mrs. J. M. (Laura) McDaniel of Bennettsville, and three sons, Bates L. Scoggins of Wofford College, Spartanburg; Emmett T. Scoggins of Virginia Beach, Virginia, and The Rev. E. King Scoggins of the Kingstree United Methodist Church. Also surviving are 15 grandchildren and 21 great-grandchildren.

MRS. HENRY W. SHEALY

Mrs. Lula Bell Shealy, widow of the Rev. Henry W. Shealy of The South Carolina Conference, was born in Ridgeville, South Carolina on April 4, 1886. She was married to Mr. Shealy on December 5, 1922. Until the time of her husband's death on October 18, 1941, they lived in the parsonages where they were appointed to serve. With the one great goal to serve God and her Church, she went about her tasks with cheerfulness and self-forgetfulness that is seldom emulated. To know her was to appreciate the love, understanding, and generosity that were the hallmarks of her life.

Following the death of her husband, she made her home for a while with a beloved daughter-in-law, Mrs. Sybil Shealy Asaro, in Charleston. Some nine years ago she became a resident of The Methodist Home in Orangeburg. During her years there, "Granny" Shealy was loved and appreciated for the cheerful, uncomplaining disposition that was hers. And, to the end, her energies were spent in the service of the Lord and in doing good to others.

Mrs. Shealy died in Orangeburg on November 15, 1968. She was a member of Bethel Church in Charleston. Funeral services were conducted by this writer in Charleston on Sunday afternoon, November 17, 1968, and her body was placed to rest in the Boone Hill Cemetery in Summerville.

To us she has left the high heritage of a dedicated life, nobly lived. We thank God that she passed this way.

W. C. STACKHOUSE

MRS. PAUL T. WOOD

Jesus of Nazareth found great comfort in the home of his friends Mary and Martha. Mary offered him a companionship of mind and spirit, while Martha devoted herself to the simple ministries of hearth and stove.

Bessie Wood was a lovely blend of Mary and Martha. Her life had about it an attitude of quiet depth. She trusted God and walked humbly with Him. At the same time her delight and satisfaction lay in being useful. By making of home a priestly altar, she extended the lives of others and released them into wider worlds. Of such is the kingdom of God.

Mrs. Wood was born on January 18, 1888, a daughter of William Rosier Reasonover and Arleiva Flynn Reasonover. She died on September 26, 1968, in Camden, S. C., following a long illness. The funeral service was conducted by the Rev. George Duffie, Jr., and the Rev. Ralph A. Cannon at Bethel Methodist Church, Bethune, S. C., where she had been a devoted member for several years. Burial was in Clinton, S. C.

During the ministry of her husband, the Rev. Paul T. Wood, Mrs. Wood resided in Grover, Rowesville, Cottageville, Loris, Floyd Dale, Ruffin, Pageland, Norway, Salters and Woodford.

When her years of faithful ministry with her husband were ended by his death, she made her home with her daughter and son-in-law, Mr. and Mrs. Lewis Pitts of Bethune. Her son, Dr. Paul A. Wood, is a physician residing in Camden. There are eight grandchildren and one surviving sister. To know Mrs. Wood's family is to watch the power of goodness multiplying itself from generation to generation.

SECTION VIII
SUSANNA, MOTHER OF THE WESLEYS
Historical Address Delivered To South Carolina Conference, 1969

January the twentieth of this year marked the three hundredth birthday of Susanna, mother of the Wesleys. Though Susanna would never have been known to the world except for the accomplishments of her famous sons, she is, in her own right, one of the most remarkable women in history. Therefore, it is highly appropriate for Susanna Annesley Wesley to be the subject of the historical address to the South Carolina Conference in this year of our Lord, 1969, her three hundredth anniversary.

1669 to 1742—the life span of Susanna—was a long time ago, and to present a true picture of her it is necessary to view her against the background of her ancestry and the time in which she lived,—and I do this even at the risk of telling many of you who are Wesley buffs things you already know.

She was born in a Dissenter's parsonage on Spital Square, off Bishopgate in London. The five-storied brick house is still standing and is now headquarters for the Women's Fellowship of the British Methodist Church. Susanna's was an aristocratic and godly ancestry. Her grandfather, John Anslye, was a Church of England priest. He and his wife Judith dedicated their only son Samuel at his birth to ministry in the Church of England. John Anslye died when Samuel, his son, was four years old and the boy was reared by his mother in a pious tradition.

Susanna's maternal grandfather was John White, a Welsh Puritan. He was an eminent lawyer and for many years a member of Parliament from Southwark. He demonstrated the strength of his character when, as chairman of a committee from the House of Commons to investigate the immoralities of the clergy, he made a fearless expose of his scandalous findings. Perhaps it is from this ancestor that Susanna inherited the merciless logic of her reasoning —a quality she passed on in abundant measure to her famous son John.

Susanna's father, Samuel Annesley, entered Oxford at the age of fifteen and like his father before him became a priest of the Established Church. In due time he was made rector of St. Giles, one of the most distinguished parishes in London. He was an intrepid leader and greatly beloved because of the winsome goodness of his personality. But in 1662, after the return of Charles II, the so-called "Merry Monarch," and his accession to the throne, Parliament passed the Act of Uniformity whereby each minister of the Established Church had to promise, among other things, compliance with everything in the newly revised Book of Common Prayer. To do this was contrary to the dictates of Dr. Annesley's conscience and so he and two thousand of his fellow Dissenting ministers were ejected from their parishes and forbidden to preach any more from any Anglican pulpit. Dr. Annesley had been a man of some means but his fortune was lost to him also—much of it having been given to Dissenting clergymen who had no means of livelihood; the rest was confiscated. He set up a tiny "meeting house" in London called Little St. Helen's, and this became a large and influential church under his ministry.

Susanna was the youngest of twenty-four or twenty-five children, no one seems to remember which. Little is known of her childhood but she is considered to have been more beautiful and of a more serious temperament than any of her gay and rollicking sisters. She was cultured and gracious and of an even disposition. She had a deep and natural piety which she is said to have inherited from her mother. In a letter written to her son John in later years she says that early in life she made it a rule "never to spend more time in any matter of mere recreation in one day than she spent in private religious duties. . . ."

Dr. Annesley kept a sort of "open house" for Nonconformist pastors of London and vicinity as well as for young students of that persuasion. Among

the many visitors to the hospitable house in Spital Square one day came Samuel Wesley, a student at the Reverend Edward Veal's Dissenting Academy, and himself a son and grandson of Nonconformist parsons. And so it was that he and Susanna met when quite young.

Susanna, of course, never went to college. In her day women's education was "sadly to seek," as Trevelyan put it. There were a few girls' boarding schools of poor quality, but generally speaking, even a high-born lady's library was limited to a prayer book and a collection of receipes. That Susanna received a good education, however, is attested by the classic simplicity of her writing and her ability to hold her own in the learned theological discussions that constituted the table talk in homes such as Dr. Annesley's. Her father recognized the unusual mental powers of his favorite daughter and took a hand in seeing to it that she had a superior education.

It is quite likely that Susanna had a knowledge of French. Some historians state that she was well versed in Latin and Greek, but this is highly improbable for her letters to her sons at Oxford are completely devoid of classical phrases as are their replies to her. The letters to their father, on the other hand, are heavily embroidered with Latin and Greek. Furthermore, in a letter to his oldest son Samuel at Westminster School, Samuel Wesley, Sr., urges Samuel to write freely about his inmost thoughts:

"I will promise you so much secrecy that even your mother shall know nothing but what you have a mind she should; for which reason it may be convenient you should write to me still in Latin"—which, incidentally, proves something else about the status of women in the eighteenth century beside the quality of their education.

Unquestionably, though, Susanna's was a "well-stored" mind and a logical one, and her exercise of it was to have great effect in fashioning the mores of the people called Methodists.

Susanna Wesley could hardly be called a mystic in the accepted meaning of the term. Devout and good she was from childhood, but common sense was always dominant, especially in her religion. In writing to John at Oxford she once said: "I take a Kempis (this was the great mystic who wrote THE IMITATION OF CHRIST) to have been an honest, weak man, who had more zeal than knowledge, by his condemning all mirth or pleasure as sinful or useless . . ." and again she wrote: "Let everyone enjoy the present hour . . ." Again in her MEDITATIONS she writes: "Religion is not to be confined to the church or closet, nor exercised only in prayer and meditation, everywhere I am in His presence." Hers was a religion of enlightened principle rather than transient emotion."

William Fitchett calls Susanna "a theologian in short dresses." (That phrase is used in the eighteenth century sense and he didn't mean mini-skirts.) The was an apt appellation for when she was a little girl of thirteen she had carefully sifted the tenets of her father's Dissenter beliefs. She had weighed them in the balance against the doctrines of the Established Church and had decided **in favor of the Church of England!** Samuel Wesley before ending his Academy days had made a similar decision. He, too, was the son of a Dissenting clergyman, and what was more natural than that he and the beautiful Susanna should become attracted to each other!

A quaint courtship this must have been, these two serious young people withdrawn a bit from the merry group in the rectory parlor, in earnest discussion of deep religious principles. Samuel was able to lead his future wife out of the mazes of Socinianism in which she was then wandering—not that you or I know exactly what Socinianism was!—and to help her establish a firm and lasting belief in the Trinity.

And what of this young cleric who was to be Susanna's life companion? The will not permit us here to speak at length of Samuel Wesley's distinguished ancestry, of his father and grandfather, Church of England clergymen who turned Dissenter for conscience' sake and thrown out of their parishes as Susanna's father by the Act of Uniformity. Samuel Wesley was a fine scholar and a young man of excellent character. While a student in a Dissenting

academy he made a thorough study of the beliefs of the Dissenters and decided that the Church of England was for him! And then, without any financial backing whatever, he turned his face toward Oxford University and ministry in the Established Church.

Historians have not always been fair to Susanna's husband. True, he was peppery and quick-tempered in contrast to Susanna's even disposition, and tact was completely lacking in his makeup. True, he was never practical, but for culture, industry, devotion to his calling and his family, and downright courage, Samuel Wesley should receive a high rating. Grinding poverty stalked the life of the little rector from birth until his last hour but he was never daunted by it.

Susanna and Samuel were married when she was nineteen or twenty—Dr. Frank Baker says nineteen and Samuel was in his twenty-eighth year. It was a love match and so continued to the end of their lives together.

Susanna and Samuel had been married for eight years when they arrived at the Epworth parish where they were to serve for thirty-nine years. The tiny, low-lying "Island" of Axholme, site of Mr. Wesley's parish, was surrounded by four rivers. Though the swampy terrain had been drained for farming purposes the rivers still overflowed the low countryside, increasing the insularity of the place. There was not even the semblance of a road within forty miles of Epworth. Mr. Wesley's parishioners were fenland folk who were the product of their isolated environment. They had little contact with the outside world and no education to speak of and so viewed with suspicion any intrusion either of new people or fresh ideas.

Susannah gave birth to nineteen children in twenty-one years. Her life was restricted to her family and her husband's parish, yet she gave to the world two geniuses of the first rank: John, the founder of Methodism, and Charles one of the greatest hymn writers of all time.

As a wife Susanna Wesley was a strange combination. In most respects she was the typical dutiful wife of the eighteenth century. She spoke of her husband as "my master," and when he proved completely inept in business affairs she quietly took over the management of the glebe lands and the family finances, in addition to her household duties and her frequent child bearing. Samuel was too much the scholar and city man to make easy **rapport** with the country folk who composed his flock, but Susanna was ever loyal to him and firmly taught her children to be so. His many church-wide activities were frequently at the expense of their meager income but she never complained. In all their stay at Epworth she is said to have made only one trip back to London of her childhood.

Susanna's wifely obedience is strikingly exemplified in her attitude toward their daughter Hetty's tragedy. This intelligent and attractive daughter "went wrong altogether," as one historian expresses it. She and her lover eloped to be married, and spent one night together. There was no marriage and the prospective bridegroom left her next morning. Samuel Wesley, strait-laced and disapproving, and lacking in understanding where his daughters were concerned, repudiated Hetty completely. When it was discovered that she was pregnant he forced her to marry a coarse, illiterate journeyman plumber and never to the very end of his days did Samuel allow Hetty to be re-instated as a member of the family. Strong-minded as Susanna was, historians do not record any registered disapproval on her part of this cruel treatment. In all the bitter agony thru which Hetty passed there is no record of Susanna's going to London to share in her daughter's sorrows. Yet after Samuel Wesley died and Susanna was living with John at the Foundery in London, Hetty was closely associated with her mother and was at her bedside when Susanna died.

But in contract with this usual wifely submissiveness, Susanna on many occasions showed that she had a mind of her own. She and her husband Samuel differed often. Indeed, later in life she wrote to her son John indicating her sorry that she and his father "rarely agreed on a particular matter." Most of you are familiar with the famous upheavel in the Epworth household when Susanna at family prayers one evening failed to say **Amen** to the prayer for

the King. Now the King at that time was William of Orange whom Susanna considered not to be in the royal succession. When she stuck to her guns in spite of Samuel's remonstrations, he uttered his famous **ipse dixit**: "Sukey, if that be the case we must part, for if we have two Kings, we must have two beds." He thereupon took his departure for London in high dudgeon and did not return until Queen Anne's accession to the throne saved face for him. It is true that a trip to the Convocation coincided with this departure, but the episode exemplifies how uncompromising Susanna could be.

In another matter Susanna was not in agreement with her husband. This had to do with John's ordination. "I approve the disposition of your mind," wrote Susanna to John, "and think the sooner you are a deacon the better . . . Mr. Wesley differs from me, and would engage you, I believe, in critical learning . . . I earnestly pray God to avert this great evil from you of engaging in trifling studies to the neglect of such as are absolutely necessary." And here she sowed she could be diplomatic as well as firm: "I dare advise nothing: God Almighty direct and bless you!" It was his mother's advice, not his father's, that John followed.

The episode of Susanna's so-called Kitchen Preaching is well known to most of you—when she dared to hold evening services in her kitchen for her family and neighbors during one of her husband's absences. This was something unheard of for an eighteenth century woman. So effective was this innovation that even the unbending Samuel Wesley reluctantly gave his sanction to it.

But in spite of differences of opinion between Susanna and her husband against a background of adversity and the ever complicating spectre of poverty the rectory of the Wesley's was a happy home,—"they had the common fame of being the most loving family of Lincoln," writes Adam Clarke.

At the time Susanna and Samuel were rearing their family, the education of children was in the hands of private tutors, since public education was then unknown. But it soon became apparent, even to impractical Samuel, that such an expenditure was out of the question, so Susanna undertook the task herself. Six hours a day for twenty years she kept school for her children and did it well. She was a born teacher; she had the patience for it. In order to accomplish this gargantuan task, at the same time managing her household with the help of but one servant, attending to the glebe lands and the family finances, it was necessary for Mrs. Wesley to work out a **methodical** plan. Each child was placed in a rigid regimen of life, "constructed on the principle of a railroad time table," as William Pitchett expressed it. Thanks to her son John's insistence, in her late years she wrote down for him her whole plan of procedure for the raising and teaching of her children, and this strict regimen was adapted by John in many respects in the organization of the Methodist movement.

But all the credit for the Wesley children's education does not belong to Susanna, for their father played an important role in this also. He was acknowledged to be "one of the best classical scholars of his day," and it was he who took care of this part of his children's schooling. It is highly probable that his sons began their study of Greek and Latin under their father before they went off to preparatory school. The girls, too, received a classical education from their father—those of the daughters who were willing to take it.

"My prime intention," says Susanna, "was in hopes of saving the souls of (my) children . . . . however unskillfully and unsuccessfully managed." To this end she worked out a system of individual religious instruction for her children, devoting her evenings to this project. Nor was the education of Susanna's children finished when they left home. Both father and mother followed them wherever they were with letters of wise counsel and lengthy discussions of religious problems with which they were wrestling. And when young Susanna and Hetty were sent to their Uncle Matthew Wesley in London during the rebuilding of the rectory after their disastrous fire, Susanna composed and sent to them a treatise on "the chief articles of the Christian faith, based on the Apostles' Creed."

No address on Susanna Wesley would be complete without some mention of her intellectual acumen. It was no small achievement for a girl of thirteen to

be able to analyze all the tenets of the Dissenters' belief—and the doctrines of the Established Church; then decide to cast her lot for life with the Anglicans. This decision took great strength of character when her father had lost this all to stand by the Dissenters. However, Dr. Annesley never seems to have held it against his favorite daughter when she dared to dissent from the Dissenters.

Susanna's writings were of a high order for a woman of her day. Her letters to her sons showed her to be a theologian of no mean stature, as did her dissertations based on the Ten Commandments and the Apostles' Creed.

Another thing she did was that when she was thirty years old she began the practice of spending an hour morning and evening in private devotions, and sometimes a period at noon. Nothing interfered with this procedure. During these periods of retirement from her busy life "when her mind," in the words of Adam Clarke, "was at full liberty to converse with itself and with its Maker, she thought deeply on many subjects connected with her spiritual profiting, and often wrote down her thoughts. These, in several cases, she digested into discourse and letters for the benefit of her family."

Also, one should never lose sight of the fact that while both Susanna and Samuel conducted their whole married lives in line with the tradition of the Church of England and reared their children in that faith, the effects of the Puritan upbringing of them both runs like a silver thread through every aspect of their lives together. It is especially reflected in the methodical strictness of the children's upbringing and the sense of conscience meticulously inculcated in each one.

John Newton characterizes Susanna as "the daughter of Puritanism and the Mother of Methodism," and so she was. The emphasis of the Puritans on holy living as exemplified by Dr. Annesley was reflected in Susanna's training of her children. But it came to full flower in the doctrine of Christian Perfection which John Wesley established as an integral part of his Methodist Movement.

In spite of the extreme modesty of this unassuming parsonage mother, Susanna Wesley, who once said: "I am content to fill a little space if God be glorified," she is generally acknowledged to be the greatest influence in the life of that tremendous little preacher, John Wesley, who founded Methodism. His genius for organizing he breathed from the very air of his mother's well regulated household. From her he inherited his calm disposition, the logical mind and singleness of purpose that characterized his leadership, and his capacity for merciless self-examination. It was her disciplined regimen of life that thru John gave the very name to the people called Methodists. From her and to a lesser degree from his father, he received his preparation for the place of world leadership which he was to assume.

Both Samuel and Susanna were in sympathy with the doings of the Holy Club in John's Oxford days. However, it was not until after Samuel's death when Susanna had gone to live with John at the Foundery in London, the center of the Methodist movement, that she became personally caught up in its activities.

In the beginning of that movement Susanna was highly suspicious of the evangelistic fervor and the street preaching of the Methodists. After all, she had been accustomed through a long life to the strict ritualism of the Church of England, and her adjustment must have been difficult. At the Foundery, however, she had opportunity to talk at length with her sons John and Charles about the work to which they were not dedicated heart and soul. And when she came in close contact with the Methodists of London and saw at first hand their remarkable accomplishments, she was won over to the Methodist movement and found herself enthusiastically a part of it.

One of the most striking examples of Mrs. Wesley's direct influence on Methodism took place at the Foundery during the closing years of her life. Whenever John and Charles Wesley were away on evangelistic missions, a layman named Thomas Maxfield was left in charge of the meetings of the Societies. Being a layman he was never permitted to preach. Maxfield might read the Scriptures and explain them, but that was as far as an unordained man

could go in the services. But on one occasion he dared to do an unprecedented thing: he preached to the congregation! When John Wesley got wind of this he hurried back to London. The imperious leader of Methodism was in no good mood. Who was Thomas Maxfield to presume to take over the sacred function of preaching!

But when John Wesley strode into the Foundery he was met by none other than his mother. His face betrayed his marked displeasure. "Thomas Maxfield has turned preacher, I find," was his curt remark.

And here his mother took a stand which was to affect the whole course of Methodism. "Take care what you do with respect to that young man;" she said to John with her customary composure, "for he is as surely called to preach as you are. Examine what have been the fruits of his preaching, and hear him yourself."

John was fair. He heard young Maxfield preach, and was convinced. "It is the Lord!" he said. "Let him do what seemeth him good. What am I that I should withstand God!"

Thus began lay preaching as a regularly constituted part of Methodism.

The common criticism of biographers is that they cannot refrain from beginning their writings with a birth and ending with a death. However Susanna's story would not be complete without a brief mention of her last days. These were days of fulfillment for Susanna. Looking back over her eventful life she could not fail to realize that the most important objective for which she had worked in the training of her children had been attained. She had always had a meticulous care for their education and their decorum, but the development of their character was the real goal of all her striving, and she had reached her goal. As the years unfolded each of her children had measured up to what life brought and found the faith sufficient for all their needs.

By early summer of 1742 Susanna's children were aware that the sands were running out for their mother. The end came on July twenty-third, 1742. She was seventy-three years old. All her surviving children except Charles were with her in her final hour. John repeated the stately commendatory prayer for his mother as he had done for his father seven years before. They dutifully carried out her final request: "Children, as soon as I am released, sing a psalm of praise to God."

Dr. Maldwyn Edwards, one of the greatest modern exponents of the Wesleys had this to say about Susanna:

"It is altogether proper that she should have her place in the window of great women in Liverpool Cathedral . . . And though she wears an eighteenth century dress and speaks with an eighteenth century accent, her personality has a timeless appeal. She is still a contemporary. And still she teaches for those who are willing to learn."

Whereas, the DISCIPLINE of 1964, paragraph 826, provides for fixing a minimum salary by the Annual Conference, therefore be it resolved: That the South Carolina Annual Conference fix its minimum salary according to the following scale to become effective on the adjournment of this conference session and continue until changed by the Annual Conference.

1. Minimum Salary of Conference members on trial who are not seminary graduates shall be $4,600. The Minimum Salary of Conference members on trial who are seminary graduates shall be $5,900. The Minimum Salary for traveling elders in full connection shall be $6,200.

2. The Minimum Salary of a Retired Supply Pastor serving full time shall not exceed $2,200, the exact amount to be determined by the request of the District Superintendent with the approval of the Commission on Minimum Salary. Amounts for those not living on the charge and not serving full time shall not exceed $1,200, the exact amount to be determined by the request of the District Superintendent with the approval of the Commission on Minimum Salary.

(a) The Minimum Salary of full time lay pastors shall be $4,400.

3. The Minimum Salary of Student pastors shall not exceed the following amounts, whether they be supplies, lay pastors, probationary members or elders in full connection:

(a) Seminary students $4,000.

(b) Junior and Senior academic undergraduates living on the charge $2,200; living off the charge, $2,000.

4. The District Superintendent shall recommend the adjusted amounts which must be approved by the Commission on Minimum Salary before payment can be made. Any person shall be considered a student pastor if he is enrolled in an accredited college or seminary for a degree.

5. Supplements for years of service for ministers who are under 65 years of age or who have had less than 40 years of service shall be as follows: Traveling Elders with ten years' service, $200, and for each additional five years, $150 up to 25 years' service. Full time approved supplies (except retired supplies with ten years' service, $100, and each additional five year, $100 up to twenty-five years' service.

6. Any minister shall be entitled to $200 additional, if married: $200 additional for each dependent unmarried child under twenty years of age; or if said child is in college $600 for this child while in college, as undergraduate; also $100 for each church beyond two on the charge.

7. (a) Conference members in full connection and probationary members whose total income from church sources is $7,200 or less; the travel supplement will be 30% of the difference between a man's total salary and $7,200.

(b) Lay Pastors whose total income from church sources is $5,400 or less: the travel supplement will be 30% of the difference between the man's total salary and $5,400.

8. It is recommended that if a charge is to receive minimum salary help it should have a minimum of 150 members for a student pastor or 300 members for full time pastor, except in the case of a church extension situation approved by the Board of Missions and Church Extension as such. Also, neither side of a split charge should be on minimum salary unless one side is clearly designated church extension situation, approved by the Board of Missions and Church Extension.

A. It is the policy of Minimum Salary to support a church for three years. Exceptional cases for an extended period will be considered upon recommendation of the District Superintendent to the Commission on Minimum Salary. (This will not apply to church extension situations.)

9. Be it resolved that the Annual Conference through its Minimum Salary funds shall not pay in excess of 35% of the above amounts. The local churches shall be encouraged to pay the other 65%, but this resolution will not hinder the Board of Missions and Church Extension or other agencies of the church from making appropriations from its discretionary funds. Exception to this resolution will be allowed under the following conditions:

A. The church must meet all the requirements of Minimum Salary Commission.

B. The official board of the said church must declare in writing to the District Superintendent that the above requirement having been met, it cannot pay the 65%.

C. The District Superintendent and the Cabinet must recommend this exception unanimously.

10. Be it further resolved that $2,000 be set aside as a discretionary fund to be administered by the Commission on Minimum Salary on application of the District Superintendent.

11. Minimum salary funds shall be dispersed at the end of each month, and shall be given only to the minister involved.

MINIMUM SALARY NEWLY SET-UP WORK 1969-70

Schedule A

Notes: 1. Schedule A applies to ministers serving first pastorates.

2. There schedules apply to ministers serving on trial or in full connection only. In case of the appointment of an approved supply the salary will be the responsibility of the Minimum Salary Commission.

3. First full year of the church's organization.

1st Year: The salary shall be the top amount allowed under existing Minimum Salary Commission regulations applied to one in this category. The local church from its funds may increase this amount by not more than $300 without reducing the minimum salary appropriation.

2nd Year: The salary of the second year will depend upon that paid the first year and may be increased by not more than $300, but the local church must assume one-fourth of the total salary paid.

3rd Year: The salary of the third year will depend upon that paid the second year and may be increased by not more than $300, but the local church must assume one-half of the total salary paid.

4th Year: The salary of the fourth year will depend upon that paid the third year and may be increased by not more than $300, but the local church must assume three-fourths of the total salary paid.

Schedule B

Notes: 1. Schedule B applies to ministers who are on trial or in full connection and who have had a minimum of four full years of service prior this appointment. Time served in this present appointment under Schedule A does not count as a part of the four years' experience required under Schedule B.

1st Year: Note: First full year of church's organization.
The Minimum Salary shall be $6,200.
Special Note: The District Superintendent may apply to the Church Extension Section of the Board of Missions for a salary that is more in keeping with the amount received by this minister in his previous appointment.

2nd Year: The salary depends on amount received first year. At the beginning of the second year, the newly established church must assume one-fourth of the minister's salary.

3rd Year: The salary for the third year depends on amount received second year. At the beginning of the third year, the newly established church must assume one-half of the minister's salary.

4th Year: The salary for the fourth year depends upon the amount received the third year. At the beginning of the fourth year, the newly established church must assume three-fourths of the minister's salary.

NOTES: 1. Except where the administrators of this salary schedule feel an extreme case of hardship exists, no salary funds will be granted to a church after the fourth full year.
2. A "new church" may be interpreted to mean an "engulfed" situation or a relocation project, if it is determined to be a church extension responsibility by the Church Extension Section of the Board of Missions.
3. The local church share of this salary schedule is interpreted to mean salary plus any travel and utility allowances.
4. These figures are maximums, and any amount of funds from any source in any guise added to these figures will be subtracted from the conference support given.
5. In all cases where a newly set-up work is attached to an existing charge, these become charge figures.
