#### WOFFORD

Wofford College consistently finds itself as a benchmark for what higher education should be now and in the future, and how students can find an exciting and fulfilling undergraduate experience that also is a good value both in financial investment and in value-added by that educational experience.

The college consistently has scored high on the National Survey of Student Engagement (NSSE), which measures the level of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and a supportive campus environment.

Wofford can be found in numerous commercial and non-commercial college guides that provide statistical information as well as perspectives from a variety of sources. Among those are U.S. News & World Report's "America's Best Colleges," The Princeton Review College Guide; The Fiske Guide to Colleges, The (Yale) Insider's Guide, and Peterson's Colleges for Top Students.

Forbes.com ranked Wofford as one of "America's Best Colleges" in 2009, with the college being the highest rated institution in South Carolina.

In its November 2009 issue, *Kiplinger's Personal Finance* magazine ranked Wofford among the nation's best private college values, at number 31.

Wofford consistently lands on "best value" lists in various other national college guides and publications. In U.S. News & World Report's 2010 "America's Best Colleges," Wofford was included in "Great Schools, Great Prices," a listing of 31 liberal arts colleges.

Wofford ranks 6th in the country in the percentage of undergraduates receiving credit for studying abroad, according to Open Doors 2009, an annual report published by the New York-based Institute of International Education (IIE).

The Village, Wofford's apartment-style housing for its senior students, has earned a number of national recognitions. In July 2008, The Village was named as the top "Dorm of Distinction" in its category by *University* 

**11** Wofford Baseball Med

*Business Magazine*, a national publication. In October 2007, the complex was recognized nationally in the 27th Annual Builder's Choice Design & Planning Awards presented by *Builder* magazine.

Wofford was named to the President's Higher Education Community Service Honor Roll with Distinction for 2010, presented by the Corporation for National and Community Service, an independent federal agency tasked with fostering an ethic of volunteerism and service in America. Wofford also was included in the 2009 Guide to Service-Learning Colleges & Universities, highlighting the college's programs to encourage student engagement.

Wofford's entire 175-acre campus is a national arboretum, which was named the Roger Milliken Arboretum at Wofford College in honor of the longtime trustee and benefactor. More than 5,000 trees have been planted on the Wofford campus since 1992.

Wofford offers distinctive learning opportunities that set it apart from other liberal arts colleges. They provide students with meaningful study-abroad experiences, exciting and socially useful service opportunities, career-related and experiential learning possibilities, interaction with great academians from across the world, and exposure to renowned authors, artists, and business and professional leaders. Such "focal point" programs include, but are not limited to:

The Bonner Scholar Program, a service-learning scholarship program that places deserving students in volunteer positions throughout the community.

The Success Initiative, a leadership and scholarship program that offers practical, project-based experience.

The Vocational Discernment and Pre-Ministerial Program, a counseling and mentoring approach to helping students make personal decisions regarding further study and careers in the ministry.

**Environmental Studies** provides a creative and supportive learning environment that helps students pursue their goals in the rigorous and challenging program. It operates both on Wofford's campus and at the new Glendale Shoals Environmental Studies Center at Glendale, S.C. The property where the center is located borders 19 acres of protected green space along the Lawson's Fork Creek.

**Neuroscience**, a program in which students examine the nervous system and its regulation of behavior through an experimental approach, offered jointly by the Departments of Psychology and Biology.

#### THE CAROLINA PANTHERS

The Carolina Panthers have held training camp at Wofford since their inaugural season in 1995. The camp provides Wofford tremendous national exposure and vis-

ibility. Media members that visit Wofford during the five-week camp include ESPN, Fox Sports Net, USA Today and Sports Illustrated. Local print and television media from markets including Columbia, Charlotte, Raleigh/Durham/Chapel Hill, Asheville and Greensboro/Winston-Salem are on campus on a daily basis.

According to SI.com's Tim Layden, "as

I like to think of it: Training Camp Heaven. Wofford is 70 miles west of Charlotte on

I-85, and presents all the reasons why there is something special about taking the team on the road for camp. Three pristine, Bermuda-grass fields with a stand of tall pines on two sides and a steep hillside -- where fans sit and watch -- on another. Fans, many of them young boys and girls, lined up along the fence, getting autographs after practice. It's a scene straight out of football's past."

# **WOFFORD TRADITIONS**

#### THE EARLY YEARS

The first baseball team at Wofford took the field in 1889 under the direction of Professor Marshall. In 1896, the Wofford team took on South Carolina and won 18-6. Wofford pitcher Gus Chrietzburg struck out 19 batters against Wake Forest that season as well. In 1899, the team was undefeated with wins over Clemson, South Carolina, Furman, Citadel, Erskine and College of Charleston.

#### MARK LINE

The winningest coach in Wofford baseball history is Mark Line. He served as head coach from 1985 to 1994, posting a career record of 229-182 for a .557 winning percentage. He was named NAIA District VI Coach of the Year in 1987. In 1990, the Terriers won 30 games, the most in a single season in school history. He currently is the Associate Athletic Director at Wofford.

#### FIVE DAYS IN MAY

In 2007, the Terriers pulled off one of the most amazing runs in conference tournament history as they entered as the ninth seed. A 5-3 play-in game victory against Furman led to a 19-6 shellacking of the top seed, the College of Charleston on Wednesday. Thursday's 12-5 win over UNC Greensboro put Wofford in the winner's bracket. The result, a 6-2 win over The Citadel and a rematch in the championship game. Pitching on two days rest, Austin Redwine limited The Citadel to one run and four hits over nearly seven innings of work to give Wofford the 4-2 victory and the 2007 Championship.

#### NCAA TOURNAMENT

The Terriers made their first appearance in the NCAA Baseball Tournament during the 2007 season. Sent to the Columbia Regional, Wofford faced South Carolina in the first game and North Carolina State in the second game.

#### BRANDON WARING

Brandon Waring had one of the best single-season performances of any Terriers in 2007. He set a school record with 27 home runs, which was second in the nation. In the Southern Conference Tournament, he earned MVP honors. An All-Southern Conference first team selection, he was also a first team All-American by the ABCA, *Baseball America* and *Collegiate Baseball*. Waring was a semifinalist for the Brooks Wallace Award. He was selected in the MLB Draft by the Reds and has since been traded to the Baltimore organization.

#### **TERRIERS**

Wofford's nickname dates back to the early 1910's when Professor E.H. Shuler recalled seeing a terrier named Jack at Wofford baseball games. A cartoon showing a Jack-like dog doing gymnastics

appeared in a Wofford Journal about the same time. By 1914, the nickname Terrier was firmly established for the college's athletic teams. Wofford has had a number of real life mascots including Spike in the mid-50s and Jocko in the early 1960s. Stymie was Wofford's mascot in 1972 and '73. Most Wofford Terriers have been Boston Terriers which have a smooth black coat with white markings on the face, neck, chest, legs and feet. They usually pack a muscular 20 pounds on a foot-high frame.

#### BEN WOFFORD

Born on October 19, 1780, Benjamin Wofford rode a Methodist circuit as a lay exhorter in 1806

and 1807 in western Kentucky, but soon returned to South Carolina in that year to marry Anna Todd. With the death of her father in 1809, he inherited control of the Todd family farm in the southern part of Spartanburg County. Ordained in 1814, he served as an itinerant for only three years.

A year after the death of Anna Todd Wofford in 1835, he married Maria Barron. His business interests and their diminished enthusiasm for rural life led them to move to the village, at the corner of present-day Magnolia and St. John Streets. There he continued to invest conservatively and live simply until his death on December 2, 1850.

Wofford's will provided \$100,000 for the establishment of a college for literary, classical, and scientific education in Spartanburg, to be under the control and management of the state's Methodist Conference. Within four years of Benjamin Wofford's death, the trustees he named took the money he bequeathed, secured a charter, bought land, built a college and five houses for professors, hired a faculty, and opened its doors.

#### THE TERRIER SCULPTURE

A sculpture of a Terrier was unveiled on March 25, 2008 outside of the Student Life Building as a gift to Wofford College from the Class of 1956. The following is the text of an address given by Talmage Boyd Skinner, Jr., 1956, Chaplain Emeritus of Wofford College on the dedication.

The mascot of a college should, in large measure, represent the character of the place. In this Palmetto State, we are surrounded by a bevy of mascots. There are Gamecocks and Tigers, Bulldogs and a Rooster named Chanticleer, Indians, Paladins, Cougars, Valkyries, and one school has a sock for an ensign. There are Trojans, Pioneers, and Spartans, and various Cats and feathered creatures. In all the land, only two other schools are Terriers. Some will laugh when we affirm that we are the only true Terriers. Some chuckle when we are audacious enough to claim to be unique and even superior in so many aspects of being a college.

The most arrogant of us will admit that there are many good colleges. We have even tried to copy some. I have always been a bit uncomfortable when we talk of another school being a – "flagship" that we need to emulate. Hey! We ARE the flagship! Forgive the pride of some old guys who have loved this little school for over half a century. Yes, we did not come to Wofford just to purchase an education; we joined Wofford. We were adopted into the family with a bond that cannot be broken. Many colleges claim to be family. We truly are.

Ours is a bond of shared experience hammered out on the playing fields against foes our size and those with more students than we have living alumni. It does not stop with athletics. The term "student athlete" has authenticity at Wofford. The bond is from a shared academic experience that is not content just to pass on socalled facts, but prepares students to think and to continue to grow. The "proof of the pudding" is in the doctors, lawyers, college presidents and professors, teachers, coaches, leaders in business and service - even in the ministry of the Church. A bond is created in the experience of the arts - the theater program, choral music, strings. One thing we lack - a band - not just the band class that plays well once or twice a year, but a BAND for spirit and musical experience. A bond is created through service programs and the physical arts witnessed by so many exhibitions on campus. Not the least is a religious life program that is open and tolerant, that walks with students seeking answers and helps them first learn to ask questions.

We, the Class of 1956 present this Terrier to our college as a symbol of Wofford Spirit in all aspects of this place like no other. We want to add to the tradition of this sacred ground. We want to remind the present Wofford that there is a past on which she stands and remind all of us that it all will be forgotten if we do not have a vision for the future. Our goal should be deeper than the usual quest for reputation, wealth, and prestige. Dr. Dunlap has always called Wofford a "kingdom of the just." May that ever be our watchword. It may be a simple, unsophisticated phrase, but we are called not to be powerful, but good. As the prophet Micah said, "What does the Lord require of you but to do justice and to love kindness and to walk humbly with your God."

The Class of 1956 proudly and humbly presents this physical representation of the Spirit of Wofford College and all those members of our family who ever lived or presently live on the "City's Northern Border," and all who are yet to dwell in the shadow of the Twin Towers.

#### **FAC ILITIES**

A commitment in excess of \$1 million from a trustee and former Terrier baseball player made it possible for Wofford College to play its home games on campus again.

In May 2003, the Wofford Board of Trustees approved the \$1.8 million project, which bears the name of Russell C. King Field. The new field is located at the site of the former facility on campus. A past chairman, King has served on the Wofford Board of Trustees for 25 years.

Russell C. King '56 made it possible for NCAA baseball to return to campus after an eight-year absence. Since beginning Division I play in 1996, Wofford had played its games off-campus at Duncan Park, a former minor league baseball facility. The Terriers' existing baseball facility, Law Field, did not meet Division I standards.

Lights were installed at Russell C. King Field allowing the Terriers to play the firstever night game on campus on March 10, 2004 when the Terriers hosted Clemson.

"Wofford has been envied and praised for the number of gathering spaces on our campus where students and faculty can interact," Wofford president Dr. Benjamin

Dunlap said. "There could be no better springtime addition to that list than a handsome, centrally-located baseball facility — and that is what Russell C. King and other generous donors have made possible.

"As a sometime Yankee fan, it pains me that no one remembers King Kong Keller. But, as an ardent Terrier supporter, it gives me real satisfaction to know future generations will recognize the name of one of the best power hitters in Wofford's

history. Russell King used to launch homers over the railroad tracks and, according to a legendary account for which there are several purported eyewitnesses, one of his shots fell into a coal car and traveled all the way to Arizona — surely the longest home run on record!

"Russell C. King Field is as significant an addition to our campus as Russell himself was to Wofford baseball in the 1950s."

King is part of a three generation family at Wofford that also includes an athletic background. His father, Russell Calvin King '29, played baseball and football for the Terriers as did one of his four uncles who attended Wofford. King's son, Russell C. King, Ill'81, is also a Wofford graduate.

Mr. King was a stalwart on Wofford's baseball teams from 1953-56, he was a .338 career hitter who led the '56 team to a 14-4 record while leading the squad in home runs and RBIs.

"I've been a long-time advocate of bringing baseball back to campus," King said. "Back in my day, and in the future, a lot of students would come and watch at least part of the game. It was a good atmosphere and a place for students to gather.

Wofford Baseball Med

"This will be a first-class facility and will have a significant impact on the beauty

and activity for that corner of the Wofford campus. This is something I was prepared to do and wanted to do. It will help us attract some quality opponents and we'll be able to have some night games. As a former player, I'm excited about having a new field for our program."

Other components of the new facility include a major gift from Toccoa Switzer and her family for the construction of the seating area, which has 1,000 permanent seats located behind home plate. Grass banks behind each dugout bring total capacity to 2,500. A series of rocking chairs, overlooking the field, highlights the plaza area.

The Switzer family also has a long relationship with Wofford, spanning four generations. Toccoa Switzer is a former member of the Wofford Board of Trustees. Her late husband, James L. Switzer, Sr. '40, and his father, Dr. Paul K. Switzer '07 are Wofford graduates, as are her two sons, James L. Switzer, Jr. '80 and Dr. Paul K. Switzer, III'77. The next generation has begun as Toccoa's granddaughter, Lizzie Switzer '07, is a junior.

"The Switzers made the first gift on the project," Dunlap said. "Without their generous support, Wofford baseball might have wandered in the alien corn a lot longer than it did.

"Long before 'Field of Dreams' made the thought a by-word, the Switzers were convinced that, if we built it, the springtime crowds would return to Wofford to enjoy an afternoon at the ballpark. Each season it is proven how right they were."

Wofford President Dr. Benjamin Dunlap (center) speaks to the crowd as part of the Dedication Game on March 23, 2004. Dunlap is flanked by Toccoa Switzer (left) and Russell C. King (right).

#### THE FIELDHOUSE

The Wofford baseball team utilizes Andrews Fieldhouse as an indoor practice facility during inclement weather. Andrews has several batting cages along with portable pitching mounds.

#### LOCKER ROOM

The Wofford baseball team returned to campus in 2009 to a new locker room facility in Andrews Fieldhouse. Located next to Russell C. King Field, the facility has lockers for 37 players. A full bathroom and shower area is included which was also recently renovated. In addition, there is a coaches locker room and auxillary office area.

A focal point of the room is a mural highlighting the history of the baseball team

over the years. The area is approximately 1,600 square feet and has a new heating and air conditioning system. A seating area with two sofas and two flat-panel televisions is also provided for the players, along with a ping-pong table. Laundry facilities have also been added in addition to an equipment room.

#### THE JOE E. TAYLOR CENTER

Wofford alumnus and South Carolina Secretary of Commerce Joe Taylor donated \$1 million for the renovation of the Curry Building into the Joe E. Taylor Athletic Center The Taylor Center features a 7,000 square foot weight room and offices for athletic department staff. The building, located next to Gibbs Stadium, was completed in June of 2009.

The weight room facility is equipped with a total of 24 racks with built-in pull-up bars and nearly 25,000 pounds of plates, dumbells and olympic weights. The 24 racks are divided, with twelve used with platforms and twelve used with benches. Additional equipment includes four pulldown machines, four low row machines, five power runners, six glute/ham machines, two decline ab machines, a leg press and exercise bike. Also included is a large area of Mondo track flooring, which is used with the step-up boxes, plyo boxes and hurdle sets in speed development.

The Taylor Center also provides offices for administration and numerous sports, including men's and women's soccer, baseball, men's and women's golf, volleyball, men's and women's tennis and cross country and track and field. A conference room and several work areas give the coaching staff much needed space.

# **MISSION STATEMENT**

The Wofford College Strength and Conditioning Department embraces the mission of both the college and athletic department. The mission of our program is to foster a positive, safe, challenging, and training environment. Our approach allows coaches, athletic trainers, and athletes to work together towards developing an athlete's full physical and mental potential.

A focal point of our training programs will be to not spend too much time training one specific aspect of development, but to train with balance. We will be hitting all areas, not neglecting another to prevent injury. Our coaches will inspire the athletes to be consistent, disciplined, and to put forth a great effort every day; never allowing their feelings to affect their performance.

# THE PHILOSOPHY

The Strength and Conditioning Program consists of a year-round training philosophy designed to improve all aspects of physical and mental development of each athlete. The training cycles consist of different phases, all of which follow sound fundamental training principle and periodization ranging from low to high intensity and high to low volume. These are all encompassing sport specific macrocycles, mesocycles, and microcycles, which will allow each athlete the best opportunity for reaching maximum genetic potential.

# <u>GOAL</u>

The goal is to improve the strength, speed, agility, balance, and coordination of the athletes. We will further develop proprioception, kinesthetic awareness, eye-hand and eye-foot coordination. We will be focusing on injury prevention, flexibility, and overall power of the athletes trained under the direction of the strength and conditioning department. This will enable each athlete to have the skills and tools necessary to achieve success.

#### THE RICHARDSON BUILDING

The home of the Wofford College Athletic Department is the Richardson Physical Activities Building. The facility includes offices for the administration, football, basketball and other sports on the second floor. Also included on the second floor is an aerobic dance room and weight room with machine and free weights along with a variety of cardio machines. Locker rooms for football, men's and women's basketball, men's and women's soccer and a training room are located on the first floor.

Wofford alumnus and Carolina Panthers owner Jerry Richardson made a \$1 million donation in 2008 that was used for enhancing the Richardson Building. Numerous improvements were made in the twelve-year old facility to ensure that it is one of the most advanced athletic facilities in the nation.

Enhancements to the Richardson Building include new paint and carpet in the entire facility. The coaching and administration suites have been reconfigured to provide better reception areas. Football and men's basketball offices are outfitted with a new video system, including computers, editing software and large-screen monitors. This new system is similar to those being used by the NFL and NBA.

Inside the Harley Room, a new audio/video system was installed to handle the variety of events held in the room. New displays for academic honors, Southern Conference honors and the Hall of Fame are a part of the project. Additional murals and photos compliment the building and give it a fresh look.

In addition, the fitness facilities have been upgraded as well. Nearly \$100,000 worth of new equipment was added to supplement the current selection of treadmills and elliptical machines. The cardio area features six flat panel televisions for viewing while working out. The fitness area is used by the entire student body at Wofford.

#### 2011 OUTLOOK

Entering the 2011 season, the Wofford baseball team will look to veteran leadership as the squad returns seven starting position players and twelve pitchers. Overall 25 players return to the team from last season.

The Terriers will look to improve on last season's 17-38 overall record in which the team won nine SoCon games, the most since 2002. This will be the fourth season under the direction of head coach Todd Interdonato. Leading the team will be seven seniors: Landon Bennett, John Cornely, Tom Dolinak, Alex Lee, Josh McKinney, Thomas Nichols and Drew Sheridan.

The schedule includes 55 games, with 33 contests at home on Russell C. King Field. Included are games against Duke, Pittsburgh, Harvard, Clemson and South Carolina, in addition to the ten Southern Conference series. **PITCHING** 

The pitching staff will be led by coach Dusty Blake for the fourth season. He will have seventeen pitchers available, including thirteen right-handers and four lefties.

The group is led by three right-handed seniors, John Cornely, Tom Dolinak and Drew Sheridan, and a lefthander in Thomas Nichols. Cornely was the top starting pitcher for the Terriers last season with a 6.41 ERA in 15 starts. However, he will be moving this season to a closer role on the mound. Dolinak made eight starts last season and was third on the team in strikeouts. He will be a starter in 2011 for the Terriers. Sheridan was one of the top relievers on the squad with a 6.43 ERA in 18 appearances a year ago along with three saves. He is expected to move into the starting rotation this season. Nichols did not see time on the field last season.

Seven pitchers are in the junior class. Left-handers include Cash Collins, Pete Noordsy and J.D. Osborne, while Mason Bradley, Anthony Rowland, Bobby Streisel, and Gus White are right-handers in the group. Collins led the team with a 6.00 ERA last season and also led the team with 33 appearances. He is expected to move into the starting rotation for the 2011 campaign. Noordsy started four games with 25 appearances with a 2-4 record. Osborne was second on the team with 60 strikeouts last year and had a 3-4 record in twelve starts with a 7.89 ERA. He is expected to continue a starting role in 2011. Bradley missed the 2010 season due to injury and will be back on the mound this spring. Rowland made 23 appearances with two starts and a 1-2 record. Streisel had 20 appearances and a save with a 7.28 ERA that was among the lowest on the team. White was 2-5 overall in ten starts and was fourth on the squad in innings pitched.

The sophomore class includes three right-handed pitchers with Ryan Traylor, Alex Wilson and Brandon Yarusi. Traylor was second on the team with 27 appearances and he picked up the win in the Duke game. Wilson made 12 appearances with eleven strikeouts. Yarusi started against Duke and made 17 appearances. He made great strides towards the end of the 2010 season and should be amongst the starters this season.

Joining the Terriers' pitching staff this season are three right-handed freshmen. Nathan Bridges, Eric Eck and Jesse Morris all had ERAs of under 2.00 during their senior seasons in high school and can contribute this season.

#### CATCHERS

The Terriers will have three players available at catcher this season in David Roney, Mac Doyle and Luke Feisal.

Roney, a junior, started 40 games behind the plate last season and batted .283. He also started three games as the designated hitter. Mac Doyle, also a junior, played 15 games at catcher last season and 26 games his freshman season. He had a .377 batting average in 2010 with 83 hits and 75 RBIs to earn All-America honors. Doyle is expected to play primarily in the outfield and as the designated hitter this season.

Luke Feisal is the newcomer at catcher. He was a three-year starter behind the plate at Greenville High School and is expected to see substantial playing time as a freshman.

#### INFIELD

The infield will feature a core of three returning starters this season, along with three veterans and four newcomers.

Junior Konstantine Diamaduros started 47 games at first base in 2010. He led the team with 372 putouts with only six errors, posting a .985 fielding percentage. Diamaduros hit .231 on the season with 47 RBIs.

At second base, senior Alex Lee returns to the spot where he started all 55 games last season. Lee batted .243 on the season and led the team with 13 sacrifice hits. Sophomore Matt Moore is back at shortstop, where he started all 55 games a year ago. Moore hit .283 on the season.

Senior Josh McKinney will move from the outfield where he started 27 games last season to third base in 2011. McKinney posted a .254 batting average with 29 hits. Sophomore Taylor Rozier returns after seeing time as a starter last season at first base, designated hitter and right field. Sophomore Bradley Evsich played in ten games in the infield and as a pinch runner last season.

Newcomers to the infield include freshmen Eric Brenk, Julian Bridges, Stephen Cantrell, and Stephen Smoak. All four freshman are expected to see time this season. **OUTFIELD** 

Another one of the more veteran areas for the Terriers this season will be the outfield, with three players returning with starting experience.

Junior James Foster played all 55 games last season in center field. He led the team in batting average at .387 and also was third in the SoCon with 89 hits. Foster is also one of the team's leaders in stolen bases, going 18-of-24 last season.

In right field, senior Landon Bennett returns after playing 49 games in that spot last season. He was fourth on the team in batting with a .333 average and added 35 RBIs.

### **S**PARTANBURG

The town of Spartanburg was incorporated in 1831 and later as a city in 1880 by the 13 Original States and Tennessee. During this time Spartanburg was booming due in large part to the rapidly expanding textile industry.

In the 1870s, Spartanburg became a railroad "hub city," with mainline railroads extending from Magnolia Street depot in all directions, taking passengers and freight to Charleston, Augusta, Atlanta, Asheville, Charlotte and points beyond. As many as 90 trains per day could be seen and heard operating in Spartanburg during the golden age of the American railroad, 1900-20.

During the 1920s, Spartanburg built South Carolina's first municipal airport and claimed the state's first commercial radio station (WSPA). Its leadership in the state was reflected by the election of several residents as governor.

Thousands of U.S. soldiers bound for overseas service in World Wars I and II trained at camps in Spartanburg. The post headquarters for Camp Wadsworth (1917-19) was located at the present site of WestGate Mall, and the Camp Croft (1940-45) was located south of the city. Much of that military reservation has become Croft

State Park.

HUBCITY

After World War II, Spartanburg made a concerted effort to promote its location at the junction of Interstates 85 and 26 to international business. One of the greatest successes of this campaign was the development of the BMW manufacturing center near the Greenville-Spartanburg Airport.

Spartanburg's downtown, which always has been anchored by the campuses of Wofford and Converse Colleges, has been undergoing a major revival since the mid-1990s. In addition to the corporate headquarters for Denny's, Advance America, QS-1 and several other companies, the city has acquired a magnificant public library, the Marriott Hotel at Renaissance Park and most recently, the Chapman Arts Center and the USC Upstate George Dean Johnson School of Business. The area surrounding Morgan Square gradually is redeveloping with a variety of interesting restaurants and urban apartment-style housing.

Throughout the 20th century, textile manufacturing companies formed the backbone of the Spartanburg

economy. The most significant of these companies still in operation is internationally respected Milliken & Company.

Blessed by geography and climate as well as by energetic and well-educated citizenry, Spartanburg is emerging as one of the centers of a 21st century metroplex that extends along the South Carolina portion of the I-85 corridor.

# Southern Conference

2

of intercollegiate competition in 2010, is a national leader in emphasizing the development of the student-athlete and in helping to build lifelong leaders and role models.

The Southern Conference has been on the forefront of innovation and originality in developing creative solutions to address issues facing intercollegiate athletics. From establishing the first conference basketball tournament (1921), tackling the issue of freshmen eligibility (1922), developing women's championships (1984), to becoming the first conference to install the three-point goal in basketball (1980), the Southern Conference has been a pioneer.

The Southern Conference is the nation's fifth-oldest NCAA Division I collegiate athletic association. Only the Big Ten (1896), the Missouri Valley (1907), the Pacific 10 (1915) and the Southwestern Athletic (1920) conferences are older in terms of origination.

Academic excellence has been a major part of the Southern Conference's tradition. Hundreds of Southern Conference student-athletes have been recognized on ESPN The Magazine/ CoSIDA Academic All-America and all-district teams. A total of 19 Rhodes Scholarship winners have been selected from

Wofford Baseball Med

conference institutions.

The Conference currently consists of 12 members in five states throughout the Southeast and sponsors 19 varsity sports and championships that produce participants for NCAA Division I Championships.

The Southern Conference offices are located in the historic Beaumont Mill in Spartanburg, S.C. A textile mill that was in operation from 1880 until 1999, Beaumont Mill was renovated in 2004 and today offers the league first class meeting areas and offices as well as a spacious library for storage of the conference's historical documents.

#### **MEMBERSHIP HISTORY**

On Feb. 25, 1921, representatives from 14 of the Southern Intercollegiate Athletic Association's (SIAA) 30 members met at Atlanta's Piedmont Hotel to establish the Southern Intercollegiate Conference. On hand at the inaugural meeting were officials from Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi A&M (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia, Virginia Polytechnic Institute (Virginia Tech)

and Washington & Lee.

Dr. S.V. Sanford of Georgia was chosen as acting chairman and N.W. Dougherty of Tennessee was named secretary. The decision to form a new athletic conference was motivated by the desire to have a workable number of conference games for each league member. With 30 schools in the SIAA by the early 1920s, it was impossible to play every school at least once during the regular season and many schools went several years between playing some conference members. In addition, in 1920, the SIAA voted down proposed rules that an athlete must be in a college a year before playing on its teams and refused to abolish a rule permitting athletes to play summer baseball for money.

ONFERE

Play began in the fall of 1921 and a year later, six more schools joined the fledgling league including Tulane (which had attended the inaugural meeting but had elected not to join), Florida, Louisiana (LSU), Mississippi, South Carolina and Vanderbilt. VMI joined in 1925 and Duke was added in 1929.

By the 1930s, membership in the Southern Conference had reached 23 schools. C.P. "Sally" Miles of Virginia Tech, president of the Southern Conference, called the annual league meeting to order on Dec. 9, 1932 at the Farragut Hotel in Knoxville, Tenn. Georgia's Dr. Sanford announced that 13 institutions west and south of the Appalachian Mountains were reorganizing as the Southeastern Conference. Members of the new league included Alabama, Alabama Polytechnic Institute, Florida, Georgia, Georgia School of Technology, Kentucky, Louisiana, Mississippi, Mississippi A&M, University of the South, Tennessee, Tulane and Vanderbilt.

According to the minutes of the meeting, Dr. Sanford stated that the division was made along geographical lines. Florida's

Dr. J.J. Tigert, acting as spokesman for the withdrawing group, regretted the move but believed it was necessary as the Southern Conference had grown too large. The resignations were accepted and the withdrawing schools formed the new league which began play in 1932.

The Southern Conference continued with membership of 10 institutions including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina, Virginia, VMI, Virginia Tech and Washington & Lee.

The second major shift occurred some 20 years later. By 1952, the Southern Conference included 17 colleges and universities. Another split occurred when seven schools including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest departed to form the Atlantic Coast Conference which began play in 1953. The revamped Southern Conference included members The Citadel, Davidson, Furman, George Washington, Richmond, VMI, Virginia Tech, Washington & Lee, West Virginia and William & Mary.

Today, the league continues to thrive with a membership that includes 12 institutions and a footprint that spans five states: Tennessee, North Carolina, South Carolina, Alabama and Georgia. Current league members are Appalachian State, College of Charleston, The Citadel, Davidson, Elon, Furman, Georgia Southern, UNC Greensboro, Samford, Chattanooga, Western Carolina and Wofford.

#### **CHAMPIONSHIP HISTORY**

The first Southern Conference Championship was the league basketball tournament held in Atlanta in 1922. The North Carolina Tar Heels won the tournament to become the first recognized league champion in any sport. The Southern Conference Tournament remains the oldest of its kind in college basketball.

Commissioner Germann spearheaded the Southern Conference's expansion to include women's athletics during the 1983-84 season. That year, league championships were held in volleyball, basketball and tennis. Cross country joined the mix in 1985 and the league began holding indoor and outdoor track championships in 1988. Most recently, the conference instituted golf and softball championships in the spring of 1994 and added soccer in the fall of 1994.

The Southern Conference declares champions in 10 men's

sports - football, soccer, cross country, basketball, indoor track and field, outdoor track and field, wrestling, baseball, tennis and golf - and nine women's sports - soccer, volleyball, cross country, basketball, indoor track and field, outdoor track & field, tennis, golf and softball.

At the end of the last academic year, there were approximately 2,000 four-year colleges in the United States. Only 262 of them have the right to induct their graduates into Phi Beta Kappa, the nation's most prestigious liberal arts honor society. There are five independent Phi Beta Kappa colleges and universities in the Carolinas: Wofford, Davidson, Duke, Furman and Wake Forest.

Phi Beta Kappa has an interesting history. Founded at the College of William and Mary in December 1776, Phi Beta Kappa was the first of the Greek letter fraternities and adopted such rituals as the badge, the secret oath, and the special handclasp from the various secret societies of the day.

Phi Beta Kappa, however, was also devoted to the principles of "friendship, morality, and literature (or learning)," and these characteristics gradually attained the greatest emphasis. John Quincy Adams, Edward Everett and Joseph Story, members of the Harvard chapter, are credited with making the fraternity a public literary and honor society for undergraduates in the 1830's. Women were first admitted to Phi Beta Kappa in 1875 at the University of Vermont.

Only two chapters of Phi Beta Kappa existed in the Southeast before 1900, but gradually the historic state universities and the most outstanding private colleges began to secure chapters. The process of earning a charter often takes many years and standards are very high. Final approval comes by vote of all the chapters at the triennial meetings of the United Chapters of Phi Beta Kappa. At the August 1994 triennial meeting in San Francisco, 53 colleges and universities sought chapters, but only seven institutions even qualified for a vote.

Wofford received its chapter at the 1940 triennial meeting, bringing to fruition more than ten years of work by three Phi Beta Kappa members who were then serving on the faculty: President Henry Nelson Snyder, Dr. David Duncan Wallace, class of 1894, and Dr. John West Harris '16, a brash and brilliant young English professor not afraid to campaign vigorously in the conviction that his alma mater deserved membership. (Dr. Harris later founded the National Beta Club, which still has its headquarters in Spartanburg).

Lane Glaze '88 is one of a number of Wofford baseball student-athletes who have earned membership in Phi Beta Kappa

With about 350,000 members across the country, Phi Beta Kappa today sponsors numerous programs to encourage scholarship and learning, including the Phi Beta Kappa Book Awards and the visiting scholar, academic fellowship and leadership programs.

Name

For these reasons, Phi Beta Kappa Day at Wofford has institutional significance, as well as being especially memorable for the new members, each of whom will receive the traditional Phi Beta Kappa watch key or pin.
