WOFFORD COLLEGE

THIRTY-SEVENTH COLLEGiate YEAR, 1890-1891

BENJAMIN WOFFORD, 1780-1850.

SPARTANBURG, S. C.,

WARREN DUPRE, BOOK AND JOB PRINTER.

1891.

The Session is divided into two terms, with no intervening vacation.

First day of October: First Term begins.

First day of February: Second Term begins.

First Tuesday after Second Sunday in June: Session closes.

COMMENCEMENT EXERCISES, 1891.

Last Sunday of Session, June 14:

11 A. M.—Commencement Sermon by Bishop Chas. B. Galloway. D. D.

8:30 P. M.—Sermon before Y. M. C. A. by Rev. R. N. Wells, D. D.

Last Monday of Session:

9 A. M.—Annual Meeting of the Board of Trustees.

11 A. M.—Address before the Literary Societies, by Jno. T. Graves, of Georgia.

9 P. M.—Joint Debate of the Calhoun and Preston Literary Societies.

Last Tuesday of Session:

Commencement Day, June 16.

10 A. M.—Speeches by the Graduating Class.

9 P. M.—Address before the Alumni Association, by Geo. E. Prince, of the Class '76.

BOARD OF TRUSTEES.

WILLIAM K. BLAKE.

FACULTY.

JAMES H. CARLISLE, A. M., LL. D.,

President, and Professor of Mathematics and Moral Science.

REV. WHITEFOORD SMITH, A. M., D. D.,
Emeritus Professor of English Literature and Elocution.

DANIEL A. DUPRÉ, A. M.,
Professor of Chemistry, Physics and Geology.

J. A. GAMEWELL, A. M.,
Professor of Latin.

E. B. CRAIGHEAD, A. M.,
Professor of Greek and French.

H. N. SNYDER, A. B.,
Professor of English and German.

*
Professor of Metaphysics and Political Science.

S. R. PRITCHARD, A. M.,
Assistant Professor of Mathematics.

D. A. DUPRÉ,
Treasurer.

REV. J. C. KILGO,
Agent.

J. A. GAMEWELL,
Secretary of Faculty.

*For the present Rev. J. C. KILGO, Agent, will give instructions in this Department.

WOFFORD COLLEGE LIBRARY

SPARTANBURG, S. C.

Department of Instruction.

The intention is to give for this year a general idea of the course of study. Each Professor is free to make such changes as may be best.

Wofford College offers to students in the four college classes two parallel courses of study, each leading to the degree of Bachelor of Arts.

I.—MATHEMATICS AND ASTRONOMY.

Applicants for admission to the Freshman class will be examined on Arithmetic—Fractions, Percentage and Proportion—and Algebra (Wentworth's) through Quadratic and Irrational Equations. A thorough knowledge of these subjects is essential to the satisfactory pursuit of a course in Mathematics.

FRESHMAN CLASS.—Four hours weekly. Wentworth's Geometry.

SOPHOMORE CLASS.—Four hours weekly. Wentworth's Trigonometry, Surveying and Navigation.

JUNIOR CLASS.—Three hours weekly. Wentworth's Analytical Geometry.

SENIOR CLASS.—Two hours weekly. Loomis's Astronomy.

II.—PHYSICS, CHEMISTRY AND GEOLOGY.

SOPHOMORE CLASS.—Three hours weekly.
Gage's Physics.

JUNIOR CLASS.—Three hours weekly. Mixter's Inorganic Chemistry.

SENIOR CLASS.—*Four hours weekly.* LeConte's Elements of Geology; Dana's Manual of Mineralogy and Lithology; Blowpipe Exercises; Landauer's Blowpipe Analysis.

CLASS IN CHEMICAL ANALYSIS.—*Four hours weekly.* Appleton's Qualitative Analysis; Appleton's Quantitative Analysis; Bowman's Practical Chemistry.

During the Sophomore year the elementary principles of Physics are illustrated by easy and simple experiments, and the importance of accuracy in the use of scientific terms and methods emphasized.

The Junior class consumes the first part of the year in the study of Inorganic Chemistry, the text being supplemented by frequent lectures. The latter part of the year is given to work in the Laboratory, in chemical experimentation, and in qualitative and quantitative analysis.

The Senior class devotes two hours per week to Geology and two hours per week to Mineralogy and Lithology.—During the year occasional excursions are taken to parts of the country where best can be seen examples of geological formation, and where are to be found a variety of minerals and rocks. Three additional hours per week may be given to laboratory work by those members of the Senior class who desire to pursue the study of Chemistry beyond what is required for graduation.

The blowpipe exercises, after a few month's experience, enable students to determine and classify all the more common minerals and rocks.

An unusually large collection of minerals of this and of foreign countries is accessible to the class in Geology and

Mineralogy. At least 1200 specimens of minerals were the gift of Rev. H. A. C. Walker, of the S. C. Conference, and of Dr. William Dogan, of Union, S. C.

III.—LATIN.

FRESHMAN CLASS.—*Four hours weekly.* Applicants for admission into this class are required to stand an examination on the second book of Cæsar's Gallic War, or its equivalent, and to translate simple English sentences into Latin. Forms are rapidly reviewed and simple constructions are taught by reading and daily exercises in Latin prose composition.

Text-books: Sallust; Ovid; Allen & Greenough's Latin Grammar; Exercises.

SOPHOMORE CLASS.—*Three hours weekly.* A good knowledge of Latin constructions is acquired by the careful study of Latin prose and poetic authors, and by weekly exercises in composition. The Dactylic Hexameter verse is taught.

Text-Books: Livy; Cicero; Vergil; Allen & Greenough's Latin Grammar; Weekly Exercises.

JUNIOR CLASS: *Three hours weekly:* Attention is given to the more difficult constructions and some acquaintance with Roman literature is acquired.

Text-Books: Pliny; Cicero; Horace; Exercises: Roman History.

NOTE.—The Roman method of pronunciation is used.

The Eighteenth Century Literature is studied and the reading is taken from Goldsmith, Johnson, Swift, Sheridan, Addison and Burke. In addition to this, Thackeray's Lectures on the English Humorists and Parts Gosse's History of the Eighteenth Century Literature, are read.

Written Essays and Compositions are required every two weeks.

JUNIOR CLASS.—*Three hours weekly.* The historical study of the Language is continued with the Middle English based upon the Prologue and Knight's Tale of Chaucer. This is followed by the study of the Language and Literature of the Elizabethan period. Two plays of Shakespere, two Books of Milton's Paradise Lost and some of Bacon's Essays are read in the class. A more advanced study of the qualities and elements of style, based upon the best models, is undertaken.

Text-Books: Genung's Practical Rhetoric, Saintsbury's History of Elizabethan Literature, Taine's History of English Literature. The course of reading includes several plays of Shakespere, Bacon's Essays, some of Milton's Prose works, selections from Macaulay, Sidney, Webster, Ruskin. Tri-weekly Essays and Compositions.

SENIOR CLASS. *Two hours weekly.* Advanced and critical studies in style are undertaken, with especial reference to the historical development of English Prose. Frequent essays are required, showing independent and critical treatment of literary subjects.

Text-Books: Minto's Manual of English Prose in connection with Garnett's Prose from Elizabeth to Victoria, Reference: Earl's English Prose; Gummere's Poetics; Minto's Characteristics of English Poetry.

The reading is taken from Carlyle, DeQuincey, Ruskin, Thackeray, George Eliot, Hawthorne, Emerson, Tennyson, Lowell.

VII. FRENCH AND GERMAN.

1. German.

FRESHMAN CLASS.—*Four hours weekly.* In this class the forms and elementary principles of the language are studied. Translation of easy selections from German literature will be taken up during the year. Daily Exercises.

Text-Books: Joynes-Meissner's German Grammar; Joynes-Otto's German Reader.

SOPHOMORE CLASS.—*Three hours weekly.* In this class proficiency in translation is acquired; the forms and syntax of the language are thoroughly studied. Lectures are given upon the history and Literature of the Language. Weekly Exercises.

Text-Books. Otto's German Grammar; Auerbach's Bartüszele; Schiller's Maria Stuart; Goethe's Faust; Hosner's History of German Literature.

2. French.

JUNIOR CLASS.—*Three hours weekly.* This year will be given to the study of forms and simpler constructions. Translation will be begun early in the session; the idioms of French and English will be carefully compared. Weekly Exercises

Text-Books: Otto's French Grammar; Feuillet's Le Roman d'un Jeune Homme Pauvre; Racine's Esther; Saintsbury's Primer of French Literature.

SENIOR CLASS.—*Two hours weekly.* In this year special attention is given to syntax. Translations from French to English will be continued throughout the session; in the latter part of the year French History and Literature is studied. Original compositions in French will be required each week.

Text-Books: Schele de Vere's French Grammar; Auguste Brachet's Historical Grammar of the French Tongue; Laboulaye's Paris en Amerique; Corneille; Racine; Molière.

General Information.

—‡—

ORGANIZATION OF CLASSES.

Applicants for admission will be assigned to such classes as the Faculty shall, after examination, determine.

Believing that irregular courses of study are demoralizing to untrained minds, the Faculty urges all matriculates to take one or other of the two Bachelor of Arts (A. B.) courses that the College offers. Recognizing, however, the fact that a few applicants have neither the time nor the fitting for a regular course, the Faculty is willing to grant, in exceptional cases, the privilege of an election of studies within limits determined by itself, and always with the condition that the time of the students be fully occupied.

TIME OF ENTRANCE.

Attention is invited to this paragraph.

Patrons of the College are earnestly requested to take care that their boys are present on the first day of October, when the entrance examinations are held, the classes organized, and the recitations begun. Those who enter after this time necessarily lose some part of the instruction, and are thus at a disadvantage in comparison with their more punctual classmates. Students that delay their coming for a few weeks usually find themselves hopelessly behind, and are thus forced to drop into lower classes. Let it be especially noted that the middle of the session is not the time for entrance; for, as the classes are then half advanced, it is almost impossible to classify those who at that time

apply for admission. So far from gaining time, the whole year is often lost in this way. The Faculty begs that parents, guardians, and students give serious attention to this matter.

EXAMINATIONS.

Written and oral examinations are held, both to test the qualifications of applicants for admission and also to determine, in connection with the current standing of the student, his fitness to pass on to the higher classes. The time and manner of these examinations are left to the judgment of each professor; their length is limited to three hours. The professors determine the conditions of advancement from lower to higher classes in their several departments. A student failing to pass will be required either to take the same class another year or to do such extra work as the professor may deem necessary.

Pupils from our Fitting School will be admitted into the Freshman Class without examination, upon the certificate of the Headmaster. We would suggest to Principals of other High Schools preparing boys for Wofford the propriety of modeling their course of instruction after that pursued by the Fitting School.

REPORTS.

During the Session four reports are sent to the parent or guardian, in which is given an approximate estimate of the class standing and deportment of each student.

The Faculty begs parents to note carefully any failure or falling off in their son's work and appeal to him at once. When it is thought necessary, special remarks will be added to the reports.

HONORS AND DEGREES.

1. Certificates will be given to irregular students that complete the course of study in any department.

2. The degree of Bachelor of Arts (A. B.) will be conferred upon students that complete either of the following parallel courses of study:

I. The Departments of Mathematics and Astronomy; Physics, Chemistry, and Geology; English Language and Literature; Latin; Greek; Metaphysics and Political Science.

II. The Departments of Mathematics and Astronomy; Physics, Chemistry, and Geology; English Language and Literature; Latin; German and French; Metaphysics and Political Science.

3. The degree of Master of Arts (A. M.) will be conferred on any Bachelor of Arts of this College who shall pass a satisfactory examination on courses of study prescribed by any two professors the student may choose.

Students offering for the degree of Master of Arts (A. M.) are required to stand their examinations at the College.

LITERARY SOCIETIES.

The Calhoun and Preston Literary Societies meet weekly in their well furnished Halls, for improvement in Declamation, Composition, and Debate. Their orderly management and generous emulation make them a helpful element of collegiate training, and they are regarded by both students and Faculty as an indispensable part of the machinery of instruction. Their Anniversaries are held in November, and their final celebrations during the Commencement Exercises.

WIGHTMAN HALL.

The Wightman Hall offers peculiar advantages to those wishing economical boarding. The average monthly expenses for the table is under seven dollars. Very material reduction in the expenses of a College course is gained by those wishing to board themselves. We invite correspondence with parents or students on this point.

ALUMNI HALL.

This building is now completed, and is a model of beautiful art and convenience. It is furnished with all modern appliances; and board is given young men at the minimum of cost.

EXPENSES.

Board, tuition, matriculation, washing, lights, fuel, books, and stationery, the necessary *College* expenses for the year, can be met with ONE HUNDRED AND FIFTY DOLLARS. The advantages offered by Wightman and Alumni Halls, enable students to meet their college expenses with this very small amount. Thus many of our students are able to meet their own expenses by money made during the summer vacation. Board in private families increases the expenses.

Tuition fee, payable in October and February, . . . \$40 00

Matriculation fee, payable in October and February, 10 00

Board from \$7 to \$15 per month.

Thus the expenses of the whole Collegiate year are:

Tuition . . .	\$ 40 00	Tuition . . .	\$ 40 00
---------------	----------	---------------	----------

Matriculation	10 00	Matriculation	10 00
---------------	-------	---------------	-------

Board . . .	127 50	Board . . .	59 50
-------------	--------	-------------	-------

—————	—————
\$177 50	\$109 50

Chemistry Fee (for Chemistry Students only)

strictly in advance	\$ 4 00
Diploma Fee	5 00

The authorities beg leave to remind patrons that tuition fees must be paid in advance, half in October and half in February, and are not refunded in whole or in part except in case of protracted sickness.

If, for any reason, indulgence is desired, special arrangements must be made with the Treasurer of the College.

The Matriculation Fee must be paid in advance, half in October, half in February. This fee is not refunded in any case, and no indulgence is granted.

The Board of Trustees has made the following regulations to govern the financial administration of the College:

"Resolved, That the Treasurer shall have entire and sole charge of all matters connected with the finances of the institution; shall collect all fees due the College from students; and be responsible to the Board of Trustees, through the Executive Committee, for the proper discharge of his duties.

"Resolved, That the Treasurer shall collect the fees for tuition and incidental expenses for each session *in advance*. But whenever this cannot be done, he may, in his judgment, receive, *for tuition alone*, the note of the parent or guardian for the amount, bearing interest at the rate of eight per cent. per annum, and payable ten days before the close of the session, with the distinct understanding that, if not paid by that time, the pupil will not be allowed to pass to a higher class or to graduate. This is not intended to apply to the worthy young men, who are, under present regulations received, and who give their own note, payable after graduation."

DISTRICT BOARD OF EDUCATION.

1. It shall be the duty of this Board to examine thoroughly into the case of any applicant for beneficiary aid in preparing for the ministry at Wofford College, and no student shall be admitted to the college as a beneficiary, who does not bring with him the written certificate of the District Board of Education of the District from which he comes, signed by the President and Secretary.

2. It shall be the duty of each District Board to render a report of their proceedings, in writing, to the District Conference.

3. It shall be the duty of each District Board, in conjunction with the Circuit Board, hereinafter to be provided for, to raise the sum of Fifty dollars per annum to pay the tuition and contingent fees of each beneficiary recommended by the Board for admission into Wofford College.

SENIOR.

W. D. Brown,	L. P. McGee,
E. F. Keels,	F. H. Shuler,

ORIGIN AND OBJECT,

The lack of a sufficient number of preparatory schools in which the course of study leads up to the curricula of our Colleges, has compelled most of the Colleges in the South to provide for sub-collegiate classes.

This extension of the College curriculum to include one or more sub-Freshman classes necessarily subjects to the same discipline, and, with slight modifications, to the same training, two distinct classes of students—collegiate and preparatory—the difference between whose ages and mental training should, and does, require a corresponding difference in method of training and in kind of discipline.

To this end the Fitting School was established by means of the hearty and generous coöperation of the friends of education.

Its growth has been encouraging—from a matriculation of 60 during the first year to one of 120 for the current or fourth year.

At the opening of the next session, October 1, 1891, the School will begin its fifth year.

BUILDINGS AND GROUNDS.

The location of the buildings is beautiful, being on a high sandy ridge, overlooking the town and in full view of the mountains. An observatory on one of the buildings gives

a fine view of the surrounding country. The campus consists of fourteen and a half acres of land, part of which is beautifully shaded.

There are three brick buildings, three stories high, containing twelve rooms each, used as dormitories. There is also a large, two-story brick Chapel, the upper story of which is divided into recitation rooms. There are several wells of fine free-stone water on the premises.

BOARDING DEPARTMENT.

This Department is under the control of Mr. T. D. Durant, late of Lynchburg, Sumter County.

In the management, every effort is made to supply the tables with nourishing and well prepared food, and with as great variety as the price will allow.

In case of any apparently well-founded complaint, parents will confer a favor by writing at once to the Manager or to the Head Master.

EXPENSES.

It has been the object to reduce the expenses to the lowest possible figure consistent with health and a proper degree of comfort.

From the following table of fixed and estimated expenses, it will be seen that the necessary expenses for the entire year (2 sessions) may be brought within \$150.00.

EXPENSES FOR ONE SESSION.

(NOTE: Expenses for year may be obtained by doubling the following:)

Tuition	\$20 00
Incidental Fee	2 50
Board and Room Rent $4\frac{1}{4}$ months . . .	42 50
Fuel and Lights—estimated	4 00
Washing	3 00
Medical Fee	2 50
	—————
	\$74 50

RULES GOVERNING PAYMENT OF DUES.

Tuition, Incidental and Medical Fees, and Fee for Fuel and Lights, must be paid *by the session in advance*. Board promptly at the *beginning* of each month.

For late entrance deduction will be made as follows. Charges for Tuition, Incidental and Medical Fees will include month of entrance. Charges for Board, Fuel and Lights will include week of entrance.

No deduction will be made for leaving school for any reason other than absolute necessity, or sickness. In no case will deduction be made from Incidental Fee.

FURTHER NOTES ON EXPENSES.

The Medical Fee insures the *daily* attendance of a physician at the school, and the best medical attention *without further cost* during any attack of sickness.

Each student is required to furnish his own towels, pillow, bed-clothing for single bed, and toilette articles.

Each student on entrance will be required to deposit with the Treasurer \$3, from which will be deducted the cost of repairing any injury done by him to the furniture or premises. Whatever remains after these deductions are made will be returned at the end of the year.

When requested to do so, the Head Master will see to the expenditures of students in town and prevent their making bills. In all such cases the parent must deposit money in advance to meet such expenditure, or make special arrangements with the Head Master. *In no other cases will money be advanced to students.*

MANAGEMENT.

In dealing with the students placed under our care, we try to adapt our method of teaching and discipline to their mental, moral and physical requirements, and to this end encourage among them a high moral tone, diligence, perseverance and accuracy, and a proper participation in healthy exercises.

The discipline of the school room is kind but firm, and each student is given as much work as he can accomplish consistently with thoroughness and good health.

In recognition of the great and lasting value of the Reading Habit united with an appreciation of standard works, each student is required to devote a half hour each afternoon to the reading of such books as the teachers suggest or approve.

The following are the rules for the government of boarders, obedience to which is firmly enforced :

- I. Students must not leave the grounds without permission of the Head Master.
- II. No profane or obscene language is allowed.
- III. Scribbling on the walls and soiling the floors by the use of tobacco are prohibited.
- IV. Rooms must be kept neat and clean, and at no time are scuffling and disorder allowed therein.
- V. The reading of trashy books is prohibited.

VI. Hours appointed for study must be strictly observed. During these hours there must be no visiting nor wasting of time.

VII. Borrowing or lending money is prohibited.

VIII. Punctuality at meals is required.

IX. Students are positively forbidden to own or have in their possession *fire arms* any where on the premises. Any violation of this rule is visited with expulsion without further inquiry.

Demerits are given for every violation of the above rules, and in proportion to the degree of the offence—100 subjecting the student to expulsion.

Students coming from a distance, who have no near relatives in town, are required to board in the school. The reasons for this requirement are obvious. Parents look to the school authorities for the good behavior and diligence of their sons. The oversight and control necessary to assure these cannot be exercised over students who pass more than two-thirds of their time away from the school.

RELIGIOUS ADVANTAGES.

The students have organized a Y. M. C. A., which holds weekly meetings.

On Sunday students are required to attend Sunday School and at least one service at the church that their parents designate.

LITERARY SOCIETIES.

The Legaré and Simms Literary Societies, with their growing libraries, offer to the students advantages that must prove a useful auxiliary to their mental training. In view of these advantages, the authorities feel justified in requiring all students to join.

SESSIONS.—EXAMINATIONS.

The scholastic year is divided into two sessions, beginning October 1 and February 7 respectively, and is coextensive with that of Wofford College.

At the close of each session the student will be required to pass a written examination on the work accomplished during the session. This with the class-stand will determine his fitness to advance with his class.

There is a tendency among parents to withdraw their sons just before or in the midst of June examinations. This results in loss to the student. Examinations are more than a test of knowledge. They are an educational instrument for teaching method, promptitude, self-reliance, for training in accuracy, and for developing in the student the power of concentration of attention, and readiness in the shaping and arrangement of thought.

Unless in exceptional cases, and then only when the class stand is above the average, all students failing to stand their June examinations will be required on their return in October to stand the regular entrance examination.

I.—PREPARATORY COURSE.

In this course the pupil is prepared for the Freshman class in College. The requirements for admission into Wofford College are taken as the standard.

The course will cover three years.

JUNIOR CLASS.—For entrance into this class, the pupil must have some knowledge of the rudiments of English Grammar and of Geography, and must be well grounded in addition, subtraction, multiplication and division.

Frequent dictation exercises will be given to drill the pupil in spelling, in the simpler rules of punctuation, and in the grammatical usages of the language. Throughout the English course, suitable books will be assigned for parallel reading—selections from which will be read aloud in the class as a drill in reading.

English Text-Books: Hyde's Practical Lessons in the Use of English, Book I.; Reed's Word Book; Hawthorne's Tanglewood Tales and Wonder Book.

Mathematics: Fractions, Common and Decimal, and Compound Quantities, will be thoroughly studied and reviewed. Text-Book: Wentworth's Grammar School Arithmetic.

Geography: Maury's Manual; Ballou's Footprints of Travel.

History—Text-Books: Montgomery's U. S History; Dickens' Child's History of England; Practice in writing in connection with dictation exercises.

Bible: Foster's Story of the Bible.

INTERMEDIATE CLASS.—For entrance into this class, the pupil must pass a satisfactory examination on the work accomplished by the Junior class, or its equivalent.

English. Thorough drill in parsing. Analysis of simple sentence—synthesis of compound sentence. In composition, short and simple stories will be read to class for reproduction.

Text-Books: Hyde's Practical Lessons in the Use of English Language, Book II., with Supplement; Meiklejohn's English Grammar; Reid's Word Lessons; Parallel Reading.

Mathematics: Arithmetic completed and reviewed. Algebra begun.

Text-Books: Wentworth's Grammar School Arithmetic; Wentworth and Hill's Examination Manual in Arithmetic; Intellectual Arithmetic: Venable's Easy Algebra (1st session); Wentworth's Algebra (2nd session).

Latin: Thorough drill in Accidence. Text-Book: Beginner's Latin Book (Collar and Daniell); Gradatim (Scudder).

Greek: Thorough drill in Accidence. Text-Books. White's Greek Lessons; Goodwin's Greek Grammar; Moss's Greek Reader.

Note:—Students who do not take Greek in this or the Senior class will be required to take some other study as an equivalent.

SENIOR CLASS.—For entrance into this class, the applicant will be required to pass a satisfactory examination on the studies of the Intermediate class, or their equivalent.

English: The work of this year will, for the most part, be devoted to Analysis and Composition. Text-Books: Meiklejohn's English Grammar; Westlake's 3000 Practice Words; Strang's Exercises in English; Scott's Ivanhoe; Franklin's Autobiography; Parallel Reading—Irving, Scott.

Mathematics: Algebra completed and reviewed. Text-Books: Wentworth's Algebra; Wentworth and Hill's Examination Manual in Algebra.

Arithmetic will be required of those who do not take Greek.

Text-Books. Harper's Advanced Arithmetic; Examination Manual in Arithmetic; Intellectual Arithmetic.

Latin: Continued study of Accidence, with the study of the simpler rules of Syntax, in connection with frequent exercises in the translation of English into Latin, as practice in forms and in the application of rules.

Text-Books: Gildersleeve's Latin Grammar; Gildersleeve's Latin Exercise Book; Cæsar.

Greek. Continued study of Accidence, and the study of simpler Rules of Syntax, in connection with exercises illustrative thereof.

Text-Books: White's Greek Lessons completed; Goodwin's Greek Grammar; Xenophon's Anabasis (Goodwin).

Physical Geography (Maury).

BUSINESS COURSE.

By reason of the small number of applicants for this Course, it has been decided to withdraw it for the present from the catalogue.

Arrangements will be made to offer a full course in English, Mathematics and History to those who do not wish to take Latin or Greek.
