# Department of Instruction.

Wofford College offers to students in the four college classes two parallel courses of study, each leading to the degree of Bachelor of Arts.

## I.—MATHEMATICS AND ASTRONOMY.

Applicants for admission to the Freshman class will be examined on Arithmetic—Fractions, Percentage, and Proportion—and Algebra (Wentworth's) through Quadratic and Irrational Equations. A thorough knowledge of these subjects is essential to the satisfactory pursuit of a course in Mathematics.

**FRESHMAN CLASS**—Four hours weekly. Wentworth's Geometry.

**SOPHOMORE CLASS**—Four hours weekly. Wentworth's Trigonometry, Surveying, and Navigation.

**JUNIOR CLASS**—Three hours weekly. Wentworth's Analytical Geometry.

**SENIOR CLASS**—Two hours weekly. Young's Astronomy.

## II.—PHYSICS, CHEMISTRY, AND GEOLOGY.

**SOPHOMORE CLASS**—Three hours weekly. Gage's Physics.

**JUNIOR CLASS**—Two hours weekly. Barker's Chemistry.

**SENIOR CLASS**—Four hours weekly. LeConte's Elements of Geology; Dana's Manual of Mineralogy and Lithology; Blowpipe Exercises; Landauer's Blowpipe Analysis.

**CLASS IN CHEMICAL ANALYSIS**—Two hours weekly. Appleton's Qualitative Analysis; Appleton's Quantitative Analysis; Bowman's Practical Chemistry.

During the Sophomore year the elementary principles of Physics are illustrated by easy and simple experiments, and the importance of accuracy in the use of scientific terms and methods emphasized.

The Junior class consumes the first part of the year in the study of Inorganic Chemistry, the text being supplemented by frequent lectures. The latter part of the year is given to work in the Laboratory, in chemical experimentation, and in qualitative and quantitative analysis.

The Senior class devotes two hours per week to Geology and two hours per week to Mineralogy and Lithology. During the year occasional excursions are taken to parts of the country where best can be seen examples of geological formation, and where are to be found a variety of minerals and rocks. Three additional hours per week may be given to laboratory work by those members of the Senior class who desire to pursue the study of Chemistry beyond what is required for graduation.

The blowpipe exercises, after a few months' experience, enable students to determine and classify all the more common minerals and rocks.

An unusually large collection of minerals of this and of foreign countries is accessible to the class in Geology and Mineralogy. At least 1,200 specimens of minerals were the gift of Rev. H. A. C. Walker, of the S. C. Conference, and of Dr. William Dogan, of Union, S. C.

### III.—LATIN.

**FRESHMAN CLASS—Four hours weekly.** Applicants for admission into this class are required to stand an examination on the second book of Cæsar's Gallic War, or its equivalent, and to translate simple English sentences into Latin. Forms are rapidly reviewed and simple constructions are taught by reading and daily exercises in Latin prose composition.

Text-Books: Sallust; Cicero; Allen & Greenough's Latin Grammar; Exercises.

**SOPHOMORE CLASS—Three hours weekly.** A good knowledge of Latin constructions is acquired by the careful study of Latin prose and poetic authors, and by weekly exercises in composition. The Dactylic Hexameter verse is taught.

Text-Books: Livy; Cicero; Virgil; Allen & Greenough's Latin Grammar; Weekly Exercises.

**JUNIOR CLASS—Three hours weekly.** Attention is given to the more difficult constructions and some acquaintance with Roman literature is acquired.

Text-Books: Tacitus; Cicero; Horace; Exercises; Roman History.

NOTE.—The Roman method of Pronunciation is used.

### IV.—METAPHYSICS, MORAL PHILOSOPHY, AND POLITICAL ECONOMY.

#### JUNIOR CLASS—Three hours weekly.

Text-Books: Jevons'-Hill's Logic; F. A. Walker's Political Economy; Lectures.

#### SENIOR CLASS—Four hours weekly.

Text-Books: Dewey's Psychology; Robinson's Principles and Practice of Morality; Thorpe's Government of the People of the United States; Valentine's Natural Theology; Butler's Analogy.

In each class a course of Parallel Readings will be prescribed, and Theses on the subjects discussed from time to time required. In this Department one hour a week is given to Bible Study in each class. Text-Book is "Steele's Bible Study."

### V.—GREEK.

**I. FRESHMAN CLASS—Four hours weekly.**—Text-Books: Selections from Xenophon and Herodotus. This class takes a review of the Grammar (Goodwin's), both Ety-

mology and Syntax, looking to the construction of cases and modes. They write weekly exercises in Prose Composition, involving the leading grammatical forms as well as the syntax of simple sentence.

**II. SOPHOMORE CLASS—Three hours weekly.** Text-Books: Homer (Books I. and XVIII. of the Iliad and Book I. of the Odyssey); Plato's *Apology* and *Crito*, or the Olynthic and Philippic Orations of Demosthenes. In connection with Homer they use Beren's Myths and Legends of Greece and Rome; Greek Prose Composition; compound and complex sentences, involving the modes and tenses of the *Oratio Obliqua*.

**III. JUNIOR CLASS—Three hours weekly.** Text-Books: Euripides; Sophocles; Æschylus; Greek History; Greek Literature; Prose Composition; Greek Metres.

#### VI.—ENGLISH LANGUAGE AND LITERATURE.

**FRESHMAN CLASS—Three hours weekly.** This class undertakes the more difficult constructions by the method of logical analysis of sentences. It makes a careful study of English idioms and begins the study of the historical development of the mother tongue. Here, as in all the English classes, the critical reading of the best English is required and some special branch of English literature emphasized.

Text-Books: Meiklejohn's English Language; Addison's *Spectator* Papers for daily class-drill in the analysis and construction of sentences.

The course of reading is taken from the easier Nineteenth-Century Writers: Scott, Lamb, Irving, Longfellow, and Dickens. Weekly written exercises and compositions are required.

**SOPHOMORE CLASS—Three hours weekly.** In this class is begun a systematic study of the development and growth of the language.

Text-Books: Sweet's Anglo-Saxon Primer; Morris'

Elements of Historical English Grammar; Hale's Longer English Poems.

The Eighteenth-Century Literature is studied, and the reading is taken from Goldsmith, Johnson, Swift, Sheridan, Addison, and Burke. In addition to this, Thackeray's Lectures on the English Humorists and Parts Gosse's History of the Eighteenth-Century Literature are read.

Written Essays and Compositions are required every two weeks.

**JUNIOR CLASS—Three hours weekly.** The historical study of the Language is continued with the Middle English based upon the Prologue and Knight's Tale of Chaucer. This is followed by the study of the Language and Literature of the Elizabethan period. Two plays of Shakespere, two Books of Milton's *Paradise Lost*, and some of Bacon's Essays are read in the class. A more advanced study of the qualities and elements of style based upon the best models is undertaken.

Text-Books: Genung's Practical Rhetoric; Saintsbury's History of Elizabethan Literature; Taine's History of English Literature. The course of reading includes several plays of Shakespere, Bacon's Essays, some of Milton's Prose works, selections from Macaulay, Sidney, Webster, Ruskin. Tri-weekly Essays and Compositions.

**SENIOR CLASS—Two hours weekly.** Advanced and critical studies in style are undertaken, with especial reference to the historical development of English prose. Frequent essays are required, showing independent and critical treatment of literary subjects.

Text-Books: Minto's Manual of English Prose in connection with Garnett's Prose from Elizabeth to Victoria. Reference: Earl's English Prose; Gummere's Poetics; Minto's Characteristics of English Poetry.

The reading is taken from Carlyle, DeQuincey, Ruskin, Thackeray, George Eliot, Hawthorne, Emerson, Tennyson, Lowell.

## General Information.

## ORGANIZATION OF CLASSES.

Applicants for admission will be assigned to such classes as the Faculty shall after examination determine.

Believing that irregular courses of study are demoralizing to untrained minds, the Faculty urges all matriculates to take one or other of the two Bachelor of Arts (A. B.) courses that the College offers. Recognizing, however, the fact that a few applicants have neither the time nor the fitting for a regular course, the Faculty is willing to grant in exceptional cases the privilege of an election of studies within limits determined by itself, and always with the condition that the time of the students be fully occupied.

## TIME OF ENTRANCE.

*Attention is invited to this paragraph.*

Patrons of the College are earnestly requested to take care that their boys are present on the first day of October, when the entrance examinations are held, the classes organized, and the recitations begun. Those who enter after this time necessarily lose some part of the instruction, and are thus at a disadvantage in comparison with their more punctual classmates. Students that delay their coming for a few weeks usually find themselves hopelessly behind, and are thus forced to drop into lower classes. Let it be especially noted that the middle of the session is not the time for entrance, for, as the classes are then half advanced, it is almost impossible to classify those who at that time apply for admission. So

far from gaining time, the whole year is often lost in this way. The Faculty begs that parents, guardians, and students give serious attention to this matter.

#### *EXAMINATIONS.*

Written and oral examinations are held, both to test the qualifications of applicants for admission and also to determine, in connection with the current standing of the student, his fitness to pass on to the higher classes. The time and manner of these examinations are left to the judgment of each professor; their length is limited to three hours. The professors determine the conditions of advancement from lower to higher classes in their several departments. A student failing to pass will be required either to take the same class another year or to do such extra work as the professor may deem necessary.

Pupils from our Fitting Schools at Spartanburg or Bamberg, S. C., will be admitted into the Freshman Class without examination upon the certificate of the Head-Master. We would suggest to principals of other High Schools preparing boys for Wofford, the propriety of modeling their course of instruction after that pursued by the Fitting Schools.

#### *REPORTS.*

During the session four reports are sent to the parent or guardian, in which is given an approximate estimate of the class standing and deportment of each student.

The Faculty begs parents to note carefully any failure or falling off in their son's work and appeal to him at once. When it is thought necessary special remarks will be added to the reports.

#### *HONORS AND DEGREES.*

1. Certificates will be given to irregular students that complete the course of study in any department.

2. The degree of Bachelor of Arts (A. B.) will be conferred upon students that complete either of the following parallel courses of study:

I. The Departments of Mathematics and Astronomy; Physics, Chemistry, and Geology; English Language and Literature; Latin; Greek; Metaphysics and Political Science.

II. The Departments of Mathematics and Astronomy; Physics, Chemistry, and Geology; English Language and Literature; Latin, German, and French; Metaphysics and Political Science.

3. The degree of Master of Arts (A. M.) will be conferred on any Bachelor of Arts of this College who shall pass a satisfactory examination on courses of study prescribed by any two professors the student may choose.

Students offering for the degree of Master of Arts (A. M.) are required to stand their examinations at the College.

#### *LITERARY SOCIETIES.*

The Calhoun and Preston Literary Societies meet weekly in their well-furnished halls for improvement in Declamation, Composition, and Debate. Their orderly management and generous emulation make them a helpful element of collegiate training, and they are regarded by both students and Faculty as an indispensable part of the machinery of instruction. Their Anniversaries are held in November, and their final celebrations during the Commencement Exercises.

The beneficial influence of these Societies confirms the authorities in enforcing the rule that every student on entering College shall connect himself with one of them.

#### *READING-ROOM.*

An excellent Reading-Room has been established and provided with a good assortment of magazines and news-

papers. To the privileges of this Room all students are admitted. This has become one of the most popular and helpful educational influences of the College. Its effect is marked in the encouragement of a thoughtful inquiry into current questions; and it has conducted in no small degree to the growth of good reading habits among the students.

#### *LIBRARIES.*

The Libraries of the College and of the Literary Societies, containing six thousand volumes, conveniently arranged, are opened, under proper restrictions, to all students.

The Classical Library, bequeathed to the College by the late Prof. David Duncan, is a valuable collection of fifteen hundred volumes, comprising the Latin and Greek Classics, numerous commentaries and histories, and many old and interesting books not to be found outside a few select libraries.

#### *RELIGIOUS OPPORTUNITIES.*

All students are required to attend daily prayer in the College Chapel, and each student is expected to attend divine services on Sunday in any church he or his parents may prefer.

The Young Men's Christian Association is a blessing to every student. It is the object of its members to enlist every new-comer and to help him to become a Christian.

Its semi-weekly prayer-meetings are invaluable to the young Christian.

The new students may expect a hearty welcome, for a committee will meet them at the depot, and a reception will be given them in the Alumni Hall.

#### *PRIVILEGED STUDENTS.*

The sons of itinerant ministers are exempted from the payment of tuition, but are required to pay all matriculation fees.

#### *LOCATION.*

Wofford College is located in Spartanburg, a healthy and thriving town of upper South Carolina, situated twenty miles from the mountains, in a region noted for its healthfulness, its pleasant scenery, and the excellent moral tone of its people. It is the summer resort of many living in malarious parts of the State, and the abundant productions of the surrounding country make the cost of living in it unusually cheap.

#### *ROUTES.*

Spartanburg is easily reached by the following railways and their connections: Spartanburg, Union and Columbia Railway; Atlanta and Charlotte Air-Line Railway; Asheville and Spartanburg Railway; Greenwood, Laurens and Spartanburg Railway. Several telegraph lines offer students speedy communication with their friends.

#### *WIGHTMAN HALL.*

The Wightman Hall offers peculiar advantages to those wishing economical boarding. The average monthly expenses for the table is under seven dollars. Very material reduction in the expenses of a college course is gained by those wishing to board themselves. We invite correspondence with parents or students on this point.

#### *ALUMNI HALL.*

This building is now completed, and is a model of beautiful art and convenience. It is furnished with all modern appliances, and board is given young men at the minimum of cost.

#### *EXPENSES.*

Board, tuition, matriculation, washing, lights, fuel, books, and stationery, the necessary *college* expenses for

the year, can be met with ONE HUNDRED AND FIFTY DOLLARS. The advantages offered by Wightman and Alumni Halls enable students to meet their college expenses with this very small amount. Thus many of our students are able to meet their own expenses by money made during the summer vacation. Board in private families increases the expenses.

Tuition fee, payable in October and February, -	\$40 00
Matriculation fee, payable in October and Feb-

Thus the expenses of the whole Collegiate year are:

Board, -	127 50	Board, -	59 50

The authorities beg leave to remind patrons that tuition fees must be paid in advance, half in October and half in February, and are not refunded in whole or in part except in case of protracted sickness.

If, for any reason, indulgence is desired, special arrangements must be made with the Treasurer of the College.

The Matriculation Fee must be paid in advance, half in October, half in February. This fee is not refunded in any case, and no indulgence is granted.

The Board of Trustees has made the following regulations to govern the financial administration of the College:

"*Resolved*, That the Treasurer shall have entire and sole charge of all matters connected with the finances of the institution; shall collect all fees due the college from students; and be responsible to the Board of Trustees, through the Executive Committee, for the proper discharge of his duties.

"*Resolved*, That the Treasurer shall collect the fees for tuition and incidental expenses for each session *in advance*. But whenever this cannot be done, he may, in his judgment, receive, *for tuition alone*, the note of the parent or guardian for the amount, bearing interest at the rate of eight per cent. per annum, and payable ten days before the close of the session, with the distinct understanding that, if not paid by that time, the pupil will not be allowed to pass to a higher class or to graduate. This is not intended to apply to the worthy young men, who are, under present regulations received, and who give their own note, payable after graduation."

#### DISTRICT BOARD OF EDUCATION.

1. It shall be the duty of this Board to examine thoroughly into the case of any applicant for beneficiary aid in preparing for the ministry at Wofford College, and no student shall be admitted to the college as a beneficiary who does not bring with him the written certificate of the District Board of Education of the District from which he comes, signed by the President and Secretary.

2. It shall be the duty of each District Board to render a report of their proceedings, in writing, to the District Conference.

3. It shall be the duty of each District Board, in conjunction with the Circuit Board, hereinafter to be provided for, to raise the sum of fifty dollars per annum to pay the tuition and contingent fees of each beneficiary recommended by the Board for admission into Wofford College.

# Wofford College Fitting School,

SPARTANBURG, S. C.

## SPECIAL FEATURES.

I. During its history of six years it has enrolled 596 students; has sent 82 students to Wofford, several to other colleges, and now has a Senior Class of 56, of whom 40 expect to enter college.

II. Location exceptionally healthy. Abundance of freestone water. Three large, comfortably-equipped brick buildings used for dormitories, each in charge of a teacher. Dining-hall and school-house, and society halls occupy two separate buildings. Ample and beautiful grounds.

III. Aim and Method of Work.—Our specialty is thorough work. Instruction and discipline are directed to the formation of habits of accurate, systematic, persevering study. No time allowed for idling. Constant effort is made to arouse the interest of the student in the quality and quantity of his work.

IV. Private instruction is given by the regular teachers and by a special review teacher to young men who are backward but of sufficient earnestness and maturity of mind to advance more rapidly in their studies. The same plan is adopted to press forward the lagging and indifferent.

V. In order to form in the students the habit of systematic and thoughtful reading, and to awaken a taste for pure and elevating literature, a three-years' course in reading, graded to suit the age and advancement of the student, is conducted by one of the teachers.

VI. Discipline.—The discipline is kind but firm; the supervision as complete and constant as is consistent with the development in the student of a proper and honorable self-respect. Attendance on church and Sunday-school is required.

VII. Separate business course, including instruction in Stenography and Type-writing.

VIII. Expenses.—The school expenses for the year, including tuition, board, fuel and lights, and medical attention, are covered by \$140.

For catalogue and further particulars, address

A. G. REMBERT, Head-Master.
