## Upcoming Events and Opportunities

January 5<sup>th</sup>

**Application Deadline - American Rivers announces 2015-2017 Lapham River Conservation Fellowship:** The Fellowship gives talented post-graduates the opportunity to engage in relevant research and work in the field of river conservation. This is a paid, two-year, full-time position. See <http://www.americanrivers.org/about/lapham-fellowship> for more details.

February 1<sup>st</sup>

**Application Deadline - Santee Cooper's 2015 Environmental Intern Program:** Only 12 South Carolina college students will be chosen to participate in this year's program (May 26– July 31). Come by the ENVS office and talk to Dr. Savage for more information. Two Wofford ENVS graduates loved their internship experiences! (*See profile below*)

Upcoming in  
February

**Fierce Green Fire Student Group:** Meetings will resume spring semester.

## PROFILE OF THE WEEK:

### *Santee Cooper Environmental Internship for Summer 2015*

Each summer the Santee Cooper Environmental Intern Program invites 12 South Carolina college students to work in key environmental departments at one of the nation's largest public power utilities. *"In the field, interns will see what rural electrification has done for our state and what Santee Cooper continues to do to protect our natural resources. From the drafting table to the backwoods, they will see how the process of generating power while preserving the environment is a never-ending one of search and discovery."*

The program is located in Moncks Corner, SC and runs May 26-July 31. Students are provided

housing, food allowance, and hourly wages. Our own *Charlotte Perrow '11* and *Bedford Wooten '12* participated in this exciting and competitive program while they were *ENVS* majors at Wofford.

The deadline to apply for one of these 12 positions is February 1, 2015. If you are interested in applying, contact Dr. Savage. You can also visit the website for additional information:
