Risk Management Policies: Fraternity/Sorority Social Events

To: Wofford College Students
From: Mr. Jim Hartell, Director of Greek Life
Mrs. Meri Lynch, Panhellenic Advisor
Subject: Risk Management Policies covering Fraternity and Sorority Social Events
Date: February 8, 2001

On behalf of the Inter-Fraternity Council and the Panhellenic Council, we are distributing this memo to inform all students about the social policies of fraternity and sorority events. As you know, Wofford has 6 fraternities that are members of the North American Inter-Fraternity Conference, 4 sororities who are member of the National Panhellenic Conference and 2 fraternities and 2 sororities that are

1 fraternity conference, 4 sororities who are member of the National Panhellenic Conference and 2 fraternities and 2 sororities that are members of the PanHellenic Council. These 14 Greek-letter organizations add an active component to the social life on our campus.

As chartered organizations of the college, every fraternity and sorority is obligated to abide by Wofford College policies. In addition, each organization follows policies outlined by their national office designed to help the chapters minimize their risks in chapter operations especially at social events. Risk Management must be enforced by the chapter officers and learned by all members and their guests. Our Inter-Fraternity Council (IFC) is working with the college's administrators to ensure that Risk Management efforts are better coordinated and executed by all Greek-letter organizations and the student body.

The policies state:

1. Social events will be open to chapter members and their invited guests only.
2. Chapters will submit a master guest list to the Student Life office once a semester (Additions or deletions to this list will be accepted on a weekly basis).
3. Every member and guest will be required to present identification to be identified as either over or under the age of 21 (Wofford students must show their Wofford ID and non-Wofford students must present a valid driver's license).
4. No one under 18 years of age may enter a social event where alcohol is present.
5. All members and guests will check-in at the entrance to the social event.
6. Any social events sponsored by chartered organizations will be "BYOB" events and will follow BYOB guidelines.
7. Consumption of alcoholic beverages is only authorized for those people over the age of 21 and in areas designated by Wofford College.
8. Chapter officers will ensure that all entrances/exits to the event are controlled.
9. Chapter officers will ensure that sober individuals are present to help monitor the social event.
10. The IFC will commit personnel to monitor events, and a college Public Safety officer will maintain a presence in the immediate vicinity of the row to assist in Risk Management efforts.
11. Chapter members must comply with City Noise Ordinance and College policy with regard to live music, DJ, or stereos.
12. All Wofford College students will abide by the Code of Student Rights and Responsibilities.
13. Any Wofford College student or organization found in violation of these policies will be charged with a violation.

The IFC/Panhellenic organizations are committed to making risk management an active part of their chapter operations and thank you in advance for your continued support and cooperation.

Literary Salon 2001: Deadline Extended

The deadline to submit selections to read in the Literary Salon for Black History Month has been extended. If you would like to read a selection it can still be submitted to Debbie at deasds@wofford.edu until Monday, February 12th. All entries should be for, by, or about African-Americans or something that is inspiring to all people. The reading will take place on Sunday, February 18, 2001 at 7pm in the Pa padopolous Room. Please send any questions, suggestions, or concerns to the above mentioned address as well. Thank you.

- Virus Warning
- Men's Basketball vs. Chattanooga
- Campus Union Elections 2001-2002

Virus Warning

A new VIRUS has hit the Internet named "AnnaKournikova.jpg.vbs".
The subject line on the Kournikova virus email reads: ``**Here you have, ;o)**." The text field reads ``Hi: Check this!"
When users of Microsoft's Outlook email software open the attachment, which is disguised as a photo file, the virus infects their computers and sends itself to every name in the users' address book.

The Kournikova virus and others like it are damaging because they have the potential to clog email systems and crash servers. If you receive an e-mail with this attachment, make sure you do NOT open it. If you do you will infect your system and potentially everyone else on your address book. The best way to prevent getting this virus is to delete the e-mail in your 'inbox' that contains this attachment by highlighting the email, press and hold the 'shift' key, and press the 'delete' key. This will permanently delete the email (and attached file) from your computer.

Worship at Wofford

Tuesday - Holy Communion - 5:00p.m. - Mickel Chapel

Thursday - Ecumenical Bible Study -
2nd Floor Campus Life Building - The Leader this week will be Hunter Phillips, Bonner Scholars Director.
Lunch will be provided.

Intramural Basketball

Intramural basketball is going to begin on Feb.20th. All those who are interested in playing should get your team of 5 together and sign the sign-up sheet on the bulletin board in the Richardson building by Friday Feb. 16. There will be a men's and a women's league. Fraternities and sororities must put together teams; simply calling and telling me to use your old rosters will not be sufficient. There will also be strict adherence to the forfeit rule unlike the fall semester. Any team having 2 no-shows will be removed from the league permanently, no exceptions. We only want those who really want to play to sign up.

* There are a couple of teams from the fall who still need to come by my office and pick up championship t-shirts.

** Anyone interested in refereeing intramural basketball and making some extra money please call me

To All Faculty & Staff

Two of the Maintenance Department supervisors will be leaving – Friday will be the last day for Larry Ellis and for Patricia Yates

Larry has been with Wofford for 21 years while Patricia has been with us for about 5 years. Most of Larry's time has been as Grounds Supervisor while Patricia's efforts have been directed towards housekeeping within the residence halls.

We enjoy the fact that, with Larry at the helm, the grounds are perhaps the best they've ever been. Also, we appreciate the fact that the residence halls have made tremendous strides under Patricia's watchful eye and efforts.

Please join us at Papadopoulos on Friday, 2/16/01, between 2 and 4 pm to express our heartfelt thanks to each of them for their parts in these achievements as well as to recognize their years of service to Wofford College. In addition, we want to wish them success in their future endeavors.

Please join us.

Faculty Talks - Spring Semester 2001

Join students and faculty for presentations on topics of scholarly interest by members of the Wofford College faculty.

Wednesday, February 28

"Why Is God Hidden? Some Possible Explanations"

Professor James Keller, Department of Philosophy

There are vast differences among people on whether there is a God, and if there is, on what God is like and what God wants from humans. These differences strongly suggest that these matters are not as clear as they might be; I call this lack of clarity "the hiddenness of God." This talk will assess some reasons for divine hiddenness given by believers.

Wednesday, March 21

"Skiing the Scientific Slopes of Human Nature:

Comparative Cognition as an Adventure Sport"

Professor Alliston Reid, Department of Psychology

This talk will take you on a personal adventure of discovery of the universal principles that govern behavior, cognition, and motivation.

This story tells the excitement of discovery, the passion for simple explanations, the lust for understanding, the delight in the search, the beautiful complexity of the scientific slopes, the awesome views from the summits of interdisciplinary thought, and a triple-black-diamond computational run that leads to the cheese and surreptitiously protects third-world children from land mines. And the adventure is just beginning.

Tuesday, April 17

"The Feminine Language of Landscape Painting"

Professor Karen Goodchild, Department of Fine Arts

Women have long been linked to nature. Given this association, it is not surprising that Renaissance authors write about landscape painting as a feminine genre. This talk will explore those aspects of landscape painting which helped to determine its femininity, and how Renaissance theorists betray their gendered assumptions of the genre in the language they use to describe it.

3:00 Coffee and dessert in the Papadopoulos Room.

3:30 Introduction of the speaker, presentation, and discussion.

Antivirus Software

The Information Technology group is implementing a campus wide antivirus solution which involves installing some software on all campus computers. We are in the process of installing the software one building at a time. For purposes of efficiency we are trying to gain access to all rooms in a building while there. If anyone has a concern about our installing the software on their computer without their being present, please contact Jim Sawyers (ext. 4277) or Matt Putnam (ext. 4274) to schedule a time when you can be present.

Intramural Basketball Update

The women's basketball schedule has been changed. There is a new schedule posted for the women and each team should check it out before play starts on Monday.

Games were accidentally scheduled for Spring Break. There will be no games that week and the entire schedule will be pushed back a week.

On another note, all players are (strongly) asked to be respectful of the referees who are officiating the games. Remember these guys are not professionals and are doing the very best that they can. Persistent problems with certain individuals will result in game suspensions or expulsion from the league. We appreciate your cooperation.
