REPORTS OF COMMITTEES.

REPORT OF THE AUDITING COMMITTEE.

Your committee on Auditing the Presiding Elders' Accounts begs leave to report that we have carefully examined the accounts of all the Districts and found them to be correct.

Respectfully submitted, D. M. MINUS, *Chairman.*

BIBLE CAUSE.

Your committee believes that there is a large increase in circulating the Bible and a corresponding increase in Bible readers. Still we do not think there is the increase that should be. The Bible is the word of God and contains His revealed will to man.

Therefore the Bible should be systematically read and studied daily. The presiding elders, the pastors, the superintendents and teachers are especially requested to urge this important duty upon our people. The importance of procuring and distributing among our people inexpensive copies of the Bible for use, rather than the more costly ones with which many homes are ornamented, is beyond estimate. The word is a lamp, the law is a light, therefore, "Search the Scriptures."

Respectfully submitted, J. B. THOMAS, *Chairman.*

BOOKS AND PERIODICALS.

We your committee on Books and Periodicals beg to submit the following:

We are pleased to note that our people are beginning to open their eyes to the fact that if we are to be a people, we must read and study. This is an age of investigation, and if we would know what is going on, it is imperative that we turn our attention to good books and good literature. We are also pleased to find among our people an increasing desire for knowledge.

It has been said before this Conference that our "Methodist literature is the best in the world for Methodist people." We heartily endorse that statement, and would urge upon the ministers of this Conference to do all in their power to interest our people, as never before, in the literature of our Book Concern; and to see to it, that no other but our own is used in our Sunday Schools.

We would call special attention to the "Southwestern Christian Advocate" in its present enlarged form, and would urge upon our brethren the importance of giving it their hearty and loyal support.

RESOLVED, That we recognize the Southwestern Christian Advocate as our official organ and pledge ourselves to make the most sincere effort possible to circulate the paper among the people of our charges.

Respectfully, W. S THOMPSON, *Chairman.*

DISCIPLINARY QUESTIONS.

CHURCH EXTENSION.

The Board of Church Extension of the Methodist Episcopal Church makes report of progress and needs in its bi-monthly magazine, Christianity in Earnest:

From 1866, when this began, to January 1, 1897, the Board collected and disbursed $5,746,000. Of this the General Fund derived chiefly from collections, personal gifts for frontier churches, aggregated, $3,702,000. The Loan Fund has a capital of $1,003,000, and churches borrowing have returned $1,041,000, making the aggregate above given—$5.746,000. With this the Board aided 10,251 churches, more than one-third of the entire number owned by our denomination.

The South Carolina Conference has given by collections taken, from the beginning to November 1, 1896, the close of the last fiscal year of the Board, $4,287.22; we have collected this year $1,401.20; total, $5,688.42. Three hundred and fifty-three churches within our bounds have received aid by donations $26,763.22, and loans of $11,175.00. We are asked to raise this year $600.

Such a noble showing is both commendable and praiseworthy and should cause us to use renewed efforts, thus emphasizing our gratitude to this Society and those who so faithfully plan and successfuly bring about these great results.

We recommend for adoption the following resolutions:

1. We heartily congratulate the Board of Church Extension and the Church at large on the remarkable success of this work through a period of thirty years.

2. That, our country, being new, with rapidly increasing population and unlimited resources, will continue to need church extension in the future as in the past, and that our Church by fostering and strengthening this work will increase its own power to promote all forms of Christian and benevolent activity.

3. That we, as a Conference, will not be content with anything less than a full response to the call of the General Committee for our proper share in Church Extension until everywhere, in communities now destitute, the people shall have opportunity to "enter His courts of praise."

4 That presiding elders be requested to apportion, with care, the full amount asked for Church Extension to the several Districts and pastoral charges for collection and that, availing ourselves of the helps provided by the Board, and especially Christianity in Earnest and Glad Tidings, we will present this cause in all our churches and endeavor to secure at least the amount asked in accordance with the plan of our Discipline.

REPORT OF THE COMMITTEE ON DISTRICT CONFERENCE MINUTES.

MR. PRESIDENT AND BRETHREN: Your committee begs to report as follows:

We have carefully examined the minutes of the Florence, Orangeburg and Spartanburg District Conferences, and it gives us pleasure to note the accuracy and neatness in which they are printed, in pamphlet form, furnishing thereby a most convenient and reliable journal of their proceedings. We regret to state that no minutes were presented to us from the other Districts of this Annual Conference. Respectfully submitted,

E. W. ADAMS, *Chairman.*

REPORT OF THE COMMITTEE ON EDUCATION.

The committee on Education submits the following report:

We realize the fact that Christian education is to the human family what the sun is to the earth, and without it the progress of Christian civilization would be greatly retarded, and we are glad to note an increased interest along this line in all parts of the State and that the Methodist Episcopal Church is not behind in her part of this great work. We are proud of the work that is being done at Claflin University, Browning Home and Gammon Theological Seminary in lifting our people. We earnestly urge the preachers of the Conference to interest the young men and women on their charges and to secure their attendance at one or more of these schools.

We further urge that Children's Day (second Sunday in June) be carefully observed on every charge.

Our wish is that the year 1897 will close with the largest collection for the cause of education that has ever been known in the history of the South Carolina Conference.

Respectfully submitted,

I. E. LOWERY,
For the Committee.

REPORT OF THE COMMITTEE ON EPWORTH LEAGUE.

Your committee on Epworth League begs leave to report, that they view with great delight the rapid strides made by this great organization among our young people during the past twelve months. The purposes as well as the achievements of this wonderful movement are too well known to require us to re-state them here. We are highly pleased over the action of the last General Conference in giving the Board of Control the power to elect an Assistant Corresponding Secretary to meet the peculiar conditions that exist and we recommend to this Annual Conference that, by resolution, it request the Board of Control to take action in this matter as soon as possible.

We are impressed with the belief that our Chapters are not as numerous or successfuly operated as they were two years ago, and we earnestly urge each pastor to take special interest in this work and where a Chapter is suspended, have it revived and put into successful operation, and where there is none at a church to proceed to organize one as soon as practicable.

Respectfully submitted,

J. L. GRICE,

REPORT OF THE COMMITTEE ON PARSONAGES AND FURNITURE.

The Committee on Parsonages and Furniture submits the following:

We are pleased to note that there has been a noticeable change in building and furnishing parsonages, and we see no longer the one room house sitting back on some unfrequented parts of the several towns, but tasteful, neat and cozy homes, whitewashed or painted, in which the pastor is not ashamed to meet his friends. Let us continue the good work.

THE FREEDMEN'S AID AND SOUTHERN EDUCATION SOCIETY.

This society was established about thirty years ago and during these years has proven a great help and blessing to the cause of education in the South. Bishop J. M. Walden, Dr. R. S. Rust and Rev. Luke Hitchcock are the only members of the original organization now living. This society has established about forty schools. Over 100,000 young men and young women have been trained and educated in them. The Society has expended since its organization for the founding and support of these schools about $4,500,000. Owing to the constant and imperative demand for a higher grade of teachers, for more elaborate equipment and more and better buildings, the society has become involved in a considerable debt. While the Society has property enough to cover the indebtedness several times, yet it is a constant expense and embarrassment to its administration.

The apportionment to be raised by the South Carolina Conference for 1897 is $2,500.00. This is $500 in excess of last year. By special permission the funds raised in this Conference are applied to building purposes at Claflin University. Your committee has noted with pleasure the increased interest manifested in this collection and wish to commend and urge its claims still further.

We would, therefore, recommend that the Presiding Elders and Ministers undertake to raise the full apportionment this year, and that it be applied to the erection of a dormitory for boys and the completion of the main tower of the main building. We would further recommend that owing to the imperative need of the above mentioned improvements that the Presiding Elders bring this interest before the first Quarterly Conference and arrange, so far as possible, to raise this collection during the months of February, March and April, for feeling as we do that since the divorcement of the school from the State that its maintenance and development depends upon our relation to it.

We also highly endorse and earnestly recommend Gammon Theological Seminary to all who may wish to avail themselves of a higher education, and urge that our young men attend in order to fit themselves for their life's work in the ministry, as they may be called.

MEMOIRS.

Mr. Chairman: During the past year the following named persons fell before the march of the Reaper whose name is Death: Revs. Brothers Lemuel Arthur, A. Adams, J. C. Tobias, F. C. Jones, R. J.

Scott and the dear wives of the Revs. J. L. Grice and S. S. Butler. These all died in the faith. "Blessed are the dead who die in the Lord." We, therefore, ask this Conference to adopt the following: Be it

RESOLVED, That we tender our profound sympathy to the bereaved ones.

RESOLVED, That we pray that the comforting influence and divine guidance of the Holy Spirit be given the sorrowing ones.

SUNDAY SCHOOLS.

Your Committee on Sunday Schools submit that we rejoice in the development of this auxiliary of our church. We have 30,259 schools, 352,627 officers and teachers, and 2,585,178 scholars. In 1895 we had in our schools 122,697 conversions. Over 3,000 schools have been aided by our "Sunday School Union." We ask the church for $50,000, of which $265 is asked of this Conference.

E. M. PINCKNEY, *Chairman.*

REPORT ON ORPHANAGE.

Your committee submits the following:

We recommend the appointment of a special committee to investigate the situation at this institution and report at the next session of this Conference—1898.

We further recommend that during the interim the President and Trustees of Claflin take charge of the property.

REPORT OF CONFERENCE VISITORS TO THE GAMMON THEOLOGICAL SEMINARY.

To the President and Members of the South Carolina Conference:

Dear Fathers and Brethren: Your committee appointed at the last session of this Conference as visitors to the Gammon Theological Seminary, begs leave to report, that we visited that school, heard all of the classes recite under the several professors, and we examined the classes in practical, exegetical, systematic and historical theology. Their instruction is thorough, their questions are practical and profound, and their examinations are very rigid. We were profoundly impressed with the Christian spirit that seems to prevail, both with the professors and the students. No recitation is made in any of the classes until a faithful prayer is offered to God, asking His divine light and guidance upon the lessons. We are also thoroughly convinced that as a Conference we have heretofore made mistakes by sending young men to this Seminary who were not mentally prepared to enter, and who should have been trained at least in the common branches of an English education. These mistakes have injured us as a Conference and have in some cases destroyed the parties sent. This Seminary is said to be the best equipped theological school in the South, and therefore offers superior advantages to its students. It has a library of 11,000 volumes, and a permanent endowment of $200,000. At a low estimate, besides its endowment, its grounds, buildings and equipments are worth $100,000.

RESOLVED, That, while we recognize the high prerogative of our Bishops to transfer, at will, a preacher from one Conference to another, in accordance with the discipline and time honored usage of the Church, we would respectfully ask that, owing to the present condition of our Conference, no additional transfers be made in the future unless there be more appointments in the Conference than there are effective members of the Conference to supply them.

The apportionment to be raised by the South Carolina Conference for 1897 is $2.500.00. This is $500 in excess of last year. By special permission the funds raised in this Conference are applied to building purposes at Claflin University. Your committee has noted with pleasure the increased interest manifested in this collection and wish to commend and urge its claims still further.

We would, therefore, recommend that the Presiding Elders and Ministers undertake to raise the full apportionment this year, and that it be applied to the erection of a dormitory for boys and the completion of the main tower of the main building. We would further recommend that owing to the imperative need of the above mentioned improvements that the Presiding Elders bring this interest before the first Quarterly Conference and arrange, so far as possible, to raise this collection during the months of February, March and April, for feeling as we do that since the divorcement of the school from the State that its maintenance and development depends upon our relation to it.

We also highly endorse and earnestly recommend Gammon Theological Seminary to all who may wish to avail themselves of a higher education, and urge that our young men attend in order to fit themselves for their life's work in the ministry, as they may be called.

A. E. QUICK, *For Committee.*

MEMOIRS.

Mr. Chairman: During the past year the following named persons fell before the march of the Reaper whose name is Death: Revs. Brothers Lemuel Arthur, A. Adams, J. C. Tobias, F. C. Jones, R. J.

Scott and the dear wives of the Revs. J. L. Grice and S. S. Butler. These all died in the faith. "Blessed are the dead who die in the Lord." We, therefore, ask this Conference to adopt the following:

Be it

RESOLVED, That we tender our profound sympathy to the bereaved ones.

RESOLVED, That we pray that the comforting influence and divine guidance of the Holy Spirit be given the sorrowing ones.

Respectfully submitted, E. M. PINCKNEY, *Chairman.*

SUNDAY SCHOOLS.

Your Committee on Sunday Schools submit that we rejoice in the development of this auxiliary of our church. We have 30,259 schools, 352,627 officers and teachers, and 2,585,178 scholars. In 1895 we had in our schools 132,697 conversions. Over 3,000 schools have been aided by our "Sunday School Union." We ask the church for $50,000, of which $265 is asked of this Conference.

E. M. PINCKNEY, *Chairman.*

REPORT ON ORPHANAGE.

Your committee submits the following:

We recommend the appointment of a special committee to investigate the situation at this institution and report at the next session of this Conference—1898.

We further recommend that during the interim the President and Trustees of Claflin take charge of the property.

E. M. PINCKNEY,
F. L. BAXTER,
W. G. WHITE.

REPORT OF CONFERENCE VISITORS TO THE GAMMON THEOLOGICAL SEMINARY.

To the President and Members of the South Carolina Conference:

Dear Fathers and Brethren: Your committee appointed at the last session of this Conference as visitors to the Gammon Theological Seminary, begs leave to report, that we visited that school, heard all of the classes recite under the several professors, and we examined the classes in practical, exegetical, systematic and historical theology. Their instruction is thorough, their questions are practical and profound, and their examinations are very rigid. We were profoundly impressed with the Christian spirit that seems to prevail, both with the professors and the students. No recitation is made in any of the classes until a faithful prayer is offered to God, asking His divine light and guidance upon the lessons. We are also thoroughly convinced that as a Conference we have heretofore made mistakes by sending young men to this Seminary who were not mentally prepared to enter, and who should have been trained at least in the common branches of an English education. These mistakes have injured us as a Conference and have in some cases destroyed the parties sent. This Seminary is said to be the best equipped theological school in the South, and therefore offers superior advantages to its students. It has a library of 11,000 volumes, and a permanent endowment of $200,000. At a low estimate, besides its endowment, its grounds, buildings and equipments are worth $100,000.

This Seminary has now entered upon its fourteenth year and offers to all students for the Christian ministry as thorough, extensive and well arranged a course of study as any institution in this country. During these fourteen years ninety-one students have graduated and gone out to lift up our people. These ministers represent twenty-one different Conferences, and one of whom is now at work on the dark continent of Africa. Therefore, be it,

RESOLVED, That we, the members of the South Carolina Conference, urge every young man who feels that he is called of God to the work of the Christian ministry, to attend this Seminary after he shall have completed a course of study in some of our other schools.

Very respectfully submitted, D. M. MINUS, *Chairman.*

REPORT OF COMMITTEE ON WOMAN'S HOME AND FOREIGN MISSIONARY SOCIETIES.

Your committee begs leave to submit the following report:

These two societies, the one organized for the more successful prosecution of the missionary work of the church among women in foreign lands and the other to do work among the neglected populations in the home field, we believe to be one of the many means that is instrumental in the hand of God in bringing the world to the knowledge of the truth as it is in Christ, His Son, our Lord.

There are two Homes established within the bounds of the Conference—Simpson Memorial Home at Orangeburg and Browning Home at Camden. In these are all the modern appliances and efficiency suitable to the great success that has been and is being achieved in the elevation of the young women of the present age.

At both of these schools there is an excellent corps of teachers—Godly women who are devoted to their work. Quite a number of our young women and girls live in the Home, thereby sharing the benefits of the training schools of the society.

The Woman's Foreign Missionary Society is doing a similar work among the people of foreign countries. To advance so glorious a cause should be our earnest desire and aim.

Respectfully submitted, J. McLEOD, *Chairman.*

REPORT OF COMMITTEE ON TEMPERANCE.

Your Committee on Temperance submits the following:

We believe the abominable rum traffic, by whomsoever conducted, a curse to humanity, a menace to the peace of the State and a disgrace to Christianity. We rejoice that there is a seeming inclination of all branches of the Christian church not only to legislate but to enforce with all the power at their command the laws prohibiting the use of intoxicants as a beverage. There is yet much to be done in creating a healthy temperance sentiment in the State. We therefore recommend the pastors and superintendents of the charges to secure temperance literature from the National Temperance Union, Reed street, New York, for distribution among the young people and also that they secure the co-operation of the Anti-Saloon League in the good work. A communication from the Massachusetts Total Abstinence Society showing the attitude of the House of Representatives of the United States against the sale of intoxicants as drinks within the limits of the Capitol or its grounds is a pleasing feature of the progressive sentiment of the times on this important subject.

RESOLVED, That we ask the aid and co-operation of our Senators in Congress, in securing the speedy passage of such measures by the Senate as will place the upper house abreast of the lower house on this line.

RESOLVED, That a sermon be delivered annually on this subject and that quarterly meetings be held to elicit the interest of our young people.

RESOLVED, That we discourage the use of tobacco in all forms.

RESOLVED, That a copy of these resolutions be forwarded our honorable Senators by the Secretary.

H. H. MATTHEWS, *Chairman.*

STATE OF THE COUNTRY AND CHURCH.

Mr. President: It is a great pleasure for your committee to state that the country in which we live is quasi republican and the church to which we belong is strictly evangelical.

THE COUNTRY.

In all respects the campaign of 1896 was a memorable one. It was a year pregnant with national concerns. There was less sectionalism and more patriotism, more general concern for the common good. It was an educational campaign in which everybody studied the issues. For these reasons there were more personality, forethought and reason. The old cry of "hard times" drove the American people to study and to think. It seems that people think more actively when they are hungry and in need. And now with a Republican president and administration, it is not too much for us to hope for a revival of industry and business and for "better times."

All honor to America! All hail the happy event! Let it come.

We could not fail to call your attention to the *wars in Cuba* and would add the torture and sufferings in *Armenia*. Everybody has been more or less interested in them. The Turks have slain many Christians and hurled them into eternity. Cuba and Spain have been at war. That Cuba should be free and that the Spanish forces have been cruel in their methods of war are obvious to all. Maceo was a soldier on the battlefield, a general, safe, well-poised and manly, a star in the dark camp ground around Pinar del Rio. Gen. Weyler was a shrewd political trickster, a self-glorification soldier. Maceo was struck in the rib when called upon to counsel and advise. He died a soldier, if the reports be true, on a soldier's mission, the father of his cause. But his face was turned toward the morning star and his sword was by his side. Weyler lives today, the crowned chieftain of his allies, the self-conceited victor and ambassador of Spanish greed and civilization.

We rejoice that Maceo was a negro. We rejoice exceedingly that he was the great insurgent leader, the nerve and soul and spirit of the whole rebellion. Peace to his ashes!

Your committee sympathizes with the Cubans in their noble struggle for liberty and independence.

The prevailing sentiment of America is in harmony with *arbitration treaties*. Pursuant to this sentiment President Cleveland appointed a commission on arbitration with Great Britain, April 22, 1896, whose duty it was to define the treaty, study the pecuniary and territorial claims of either country, settle all questions arising therefrom and to adjust diplomatic negotiations.

The commission of able and competent judges has been seriously engaged at work. There was some fear that said treaty might involve the enunciation of the historic "Monroe doctrine" or debate the legitimate rights of sovereign powers. This appears to be a mistake. It was a law school to settle geographical lines and maintain the peace of kindred peoples without war and without blood; which spirit is in perfect harmony with the progress of nations and civilization.

Your committee is truly thankful that, after over a year of very wide misunderstanding, the peace conference has "kept the peace."

Feeling the instinctive and natural touch of state pride, we regard it a part of our work to mention some of the things which give us most concern at home. Ninety per cent. of us, or thereabout, are disfranchised. The negro is not in it in South Carolina. Our enemies have played a large part towards eliminating us from the political arena, and they have temporarily succeeded in so doing.

Notwithstanding these contraries to our highest being and contradictions to state government, we are not wholly without hope. We are going to school. There are more negro children in school, both public and high, to-day, by far, than ever before. A father went to the polls last year, pressing his way to the ballot box, his boy standing near the scene. He failed to gain admission, then, turning away, wept and threw his right arm around his boy, with tears streaming down his cheeks, said: "My son, go to school and keep going."

We believe that after a while some relief in some way will come. May God hasten the day.

Socially, the races in South Carolina are far apart. We are glad to say, however, that with some there are kind and humane feelings cherished for the manly, the true and the good among us, but very often that feeling is either largely or wholly suppressed on account of society and surroundings. With many the feeling is strong that the negro is a small being created so, lived so, and has no claims on society, no rights to recognition. And, too, he has no voice in the conduct of government. Where we are numerically strongest we are politically weakest. At any rate, we are here to stay. We want to live with our enemies. May we live in peace!

This feeling has for the most part grown out of our adverse circumstances and changed relations begun at the close of the war. We would, however, advise our people to be good and honest and true. "Be patient in tribulation." It must be better after awhile. We believe it will be.

We are living in better homes than we did years ago and their has been marked improvement in the chastity of our homes, the purity of our firesides and the temperature of our passions.

It pleases us to state that sobriety, temperance and purity have made steady and noteworthy progress among us. We are marching onward and upward. Thank God for such visible signs of progress. It pains us to say in this connection that there is a very dark side to this picture. There is poison at the bottom of the cup. *Society*, which is the organized institution for the protection of its own legitimate and inherent rights on the one hand, and for the equal protection of the individual on the other, has been badly besmirched last year, eclipsing any previous historical record. There were in the United States 10,652 murders. Out of this number there were 122 legal hangings, and 131 cases of lynching. Last year well nigh all of the victims were negroes, and this Sunny South seems to color her rich soil with the blood of her black sons more and more each year.

The problem of society is: How can we best make man behave, advance his own personal happiness and maintain, at all hazards, the peace of the State and the progress of the Commonwealth? Your committee finds that in these Southern States the question is more puzzling. It adds to this: What shall be done with lynchers and lynchings? Shall society, through its licensed authority, do its own

work by dealing properly with its own disturbers of the peace, or shall the "mob" rule? Here in South Carolina, this fair land of palmettoes, their stately form an expression of rectitude and firmness, their shade a rest for the weary and their fan-like boughs kissing the heavens and reaching out after diviner things, "Judge Lynch" has been enthroned. Simon Cooper, of Lynchburg, charged with manslaughter and murder, and Lawrence Brown, of Orangeburg, charged with arson, were lynched during the month of January. With regard to the charges, in the first case the man was "guilty;" in the second case the man was "not guilty." So much has been said about "Cooper," the nature of this more than abnormal case being so well known, and as the recital of the facts would so easily disturb all our minds, with no definite good, we would pass it by. He was guilty, but was not legally punished. Lawrence Brown was not guilty. He was arrested and brought before a competent trial justice court; the witnesses in the case were carefully examined. He was a negro, but also a man. The prosecutor was one of the leading white men of the country. Yet, in the State of a white man's law and court and jury, where he can always get redress, poor Brown was discharged because of a lack of evidence against him. The court said he was "not guilty." "Judge Lynch's" court said "he was," and, in the usual manner, borne during the still hour of the night, to an old palmetto—cursed be the tree—and left the body, torn with bullets and a warning pretext on his bare form, dangling in the air.

The constitution of South Carolina forbids such atrocities and provides severe penalties. Has the law been enforced? If not, who is responsible?

And where are the ministers and the more than one thousand churches in the State? The press sometimes has been outspoken against lynchings. We believe that the religion of the Lord Jesus Christ is the greatest transforming agency in the world and religion has to do with peace and life as well as business and deportment. Ministers of Christ with white souls and white hearts, speak out! It is time!

Your committee most prayerfully requests the Ministers' Union, both white and colored, and all conferences and associations in the State, to adopt such measures, and with such earnest endeavors, that will tend to the wholesale rebuke and complete abolition of this diabolical crime of lynching.

THE CHURCH.

Last year was General Conference year. The address by the Episcopal Board to the members was a masterpiece. Methodism is the same as it ever was, only simpler in form, more revival in spirit, clearer in doctrine. It is more progressive in polity, in missions, in constitutional government; more philanthropic in spirit, more liberal in giving, more Christ-like. John Wesley's sound theology on the "witness of the Spirit" is stronger today than ever. We know that our sins are forgiven because His spirit tells us so.

The problem of Methodism is: to take hold of a man, needy, poor, forsaken, and train him and make out of him all that there is in him. Growing out of this truth, it maintains and sustains great societies with grave missions. Example: Claflin University, of Orangeburg, for South Carolina; also, great universities with qualified teachers.

The American University, forsooth, is the focus of its whole educational movement. The greatest mission of the church today is to bring the world to Christ. Methodism knows no seas, no sex, no nationalities—"Whosever will may come." The movement now is on evangelical lines—"to go out into the by-ways, to train the young people for useful and acceptable church membership, to help the poor and needy, and to guide and inspire, more and more, the thought of the people. In short Methodism means life," "I have come that they might have life, and have it more abundantly," says the Great Teacher. This well defines our name and mission. The Methodist Episcopal Church, we are happy to state, is the staunch friend of humanity. Her great heart and hand and fields say, "Welcome!" There was a commission appointed by the last General Conference, of three Bishops, three ministers and three laymen to confer with a commission of the M. E. Church, South, with an eye single to the union of the Methodist family. But that commission goes forward to do its work holding steadfastly to the cardinal doctrines, long cherished and always believed—"the fatherhood of God and the brotherhood of man."

The Church has not been indolent. The growth is simply tremendous—nearly 33⅓ per cent. in the last twelve years, and is still growing; still building her churches—five a day; still spreading missionary intelligence, only in more lands; still reading the Bible, only more prayerfully and studiously; still gathering in the children; still erecting seminaries and putting in them more living truth to teach a living Christ and to conduct all things to His glory. We praise God for active membership in such a great and grand church. Our 43,000 members in South Carolina must grow, in life, thought and missionary zeal, with the 2,700,000 members, world wide.

We are glad that we belong to a church with a bigger heart and mind and purse than she has ever had. The methods of her work and warfare are in harmony with this progressive age. The largest publishing and literary agency in the world is her possession.

We congratulate you in being members of a great church, heirs of large concerns and brothers of "good and faithful servants." We pray that this knowledge might encourage us all who have been thus favored to larger faith in God, more fidelity to the work and more gratitude to our friends.

REPORTS OF COMMITTEES.

AUDITING PRESIDING ELDERS' ACCOUNTS.

We, your Committee, have carefully examined the accounts of the Presiding Elders and found them to be correct. We recommend that the Preachers who have overdrawn their respective apportionments, return the amounts at once to their Presiding Elders.

J. W. MOULTRIE.

COMMITTEE ON BIBLE CAUSE.

Your Committee have examined the cause of Bible study, and find that a goodly number of our people are applying themselves to the reading of the sacred Scriptures. Your Committee recommend that each Pastor urge upon his people the importance of supplying their homes with the Holy Book, and also to take a collection for the American Bible Society.

Respectfully submitted,

J. D. MITCHELL,
Chairman.

PROPOSITION FOR CONSTITUTIONAL CHANGE.

We, your Committee, to whom was referred the proposition for constitutional change, beg leave to submit the following report. After due consideration we conclude that the change proposed is *not* in our judgment necessary, and believe that the best interests of the general Church demand no change; thereby leaving the numerical basis of clerical representation forty-five.

Respectfully submitted,

I. B. SMITH.
I. E. LOWERY.
R. A. THOMAS.

COMMITTEE ON CHURCH EXTENSION.

The Church Extension Society needs no introduction, for when we look back on its past record we can but see with delight its marvelous achievements: many charges have been helped by way of loans and donations, without which they could not have succeeded in building churches. We therefore urge upon our brethren to keep in touch with this great movement by way of raising our full apportionment.

W. G. DEAS, Chairman.

COMMITTEE ON DISTRICT CONFERENCE MINUTES.

We have very carefully examined the minutes of the Orangeburg, Charleston, Spartanburg and Florence Districts, and found them in good condition. The minutes of the other Districts have not been presented. We recommend that the Annual Conference authorize each District Conference to have the minutes in booklet form.

Respectfully,

W. S. THOMPSON.

COMMITTEE ON PRESIDING ELDERS' DISTRICTS.

The Committee on Presiding Elders' Districts beg leave to report that they have given the matter as thorough consideration as possible, and are forced to the conclusion that if some of the stations were made circuits, and some of the very small circuits made larger, it would be a blessing to both Pastor and people.

They are also firmly convinced that if the Conference were re-districted and one more district added to the number, it would tend to bring about an increase in the membership of the Church, an increase in the collections for benevolent and other causes and to promote spiritual growth in the membership. Under the present arrangement the visits of Presiding Elder are of necessity few. It is emphatically true with us that the visits of a Presiding Elder is important. The coming of a Presiding Elder who not merely meets the Quarterly Conference, preaches a sermon, and moves on, but can spend some little time with the Pastor and mingle with the people, would be of benefit to the Pastor and more for the people.

In support of our view in favor of smaller districts, we submit the following facts:

First. Our growth in membership does not keep pace with the growth of other Methodist denominations in the State. The statistics of 1897 show that our membership then was less by several thousand than it was ten years before. We believe the polity and doctrine of our Church best adapted to the needs of the people among whom we live, hence we ought to take advantage of every means we can use to get the people into our Church.

Second. By making a comparison between the aggregate collections on the Greenville District for the three years prior to its bisection and those for the three years since, we find that there is an increase in favor of the latter of $3,520 on Pastors' salary; $1,708 for Presiding Elders' claim; $318 for Missions; $321 for Freedmen's Aid and Southern Education Society, and $60 for Education, making a total of $6,000, besides the other collections for various purposes.

The Greenville District during the three years prior to its bisection gave for the support of the Presiding Elder eight cents per annum per member. During the three years that passed since its bisection it has given eighteen cents, showing a gain of over 225 per cent. One of the halves of the former district paid the Presiding Elder last year more than the former district, with nearly twice the membership; and both these new districts show gains over the larger ones in this report. From a moral and spiritual standpoint, as well as a financial one, did the making of an additional district benefit the work affected by the change?

We therefore recommend, that the Bishop and cabinet, in their arrangement for the work, make an additional district.

Respectfully submitted,

C. C. SCOTT.

REPORT OF THE COMMITTEE ON EDUCATION.

BRETHREN—The sculptor sees an angel in a block of marble; the Christian educator sees God's likeness, an image involved in the mind of his pupil.

The art of Christian education is a unique combination of beauty, utility, power, wisdom and virtue.

Mind is first-class substance, because created by Him who never did second grade work. "Man is a mortal god," says the myriad minded bard; "Thou hast diminished him a little less than God," says the Sweet Singer of Israel.

The great and necessary work which is accomplishing by Claflin University, other schools of the F. A. & S. E. Society, and by the Board of Education of the Methodist Episcopal Church, through her multiplied and efficient educational systems, is that of sending forth young men and women of trained hands, cultured minds and pure hearts, who in their turn shall do a

similar work for others, and thus perpetuate the higher art, which has for its object the entire preparation of the individual for time and eternity.

Let each pastor present the cause and take his collection on Children's Day, according to the discipline, that we may have more wise sons, more glad fathers, and less heaviness of mothers.

Let him teach and preach that mind is mind, and capable of Divine development and possibilities in spite of creed, race, sex or condition.

"Could I in stature reach the pole,
Or grasp creation in my span,
I'd still be measured by my soul,
The mind 's the stature of the man."

WM. R. A. PALMER,
For Committee.

REPORT OF COMMITTEE ON EXAMINATIONS.

The Committee on Examinations has agreed to hold semi-annual examinations in connection with the District Conferences. The annual examination will be held the day preceding the opening of the Annual Conference. The Committee will proceed at once to assign the subjects on which the various classes will be examined at the semi-annual examination.

L. M. DUNTON,
Chairman of Committee.

REPORT OF THE COMMITTEE ON EPWORTH LEAGUE.

The Committee on Epworth League begs leave to submit the following report:

During the Conference year the Church and the country have witnessed a remarkable gathering of Methodist young people. The coming together of the young people of the different Methodist bodies from various parts of the world, and their assembling in an International Epworth League Convention for the purpose of aiding the Church in saving the rising generation for Christ.

It is with just pride we mention the fact that the representatives of our Methodism in that gathering did honor to the Church, and that our colored representatives acquitted themselves in a manner to reflect credit upon the race.

The hope expressed by the Committee last year was realized soon after the adjournment of the Annual Conference, and we had the gratification of seeing a representative young man, full of activity and progressive ideas, appointed as Assistant Corresponding Secretary of the Epworth League.

Prof. I. G. Penn has rendered faithful and efficient services in this field, and has been welcomed everywhere and greeted with large and appreciative audiences.

We bid him a hearty God speed, and wish for him abundant success in his new field. What "The Youth's Companion" is to the country the "Epworth Herald" is to the Church; we therefore recommend that each pastor subscribe for this excellent young people's Church paper.

The Conference has acted wisely in organizing a Conference Epworth League. This means that every pastor will return to his charge determined to have a League at each Church, and to see that "The Epworth Herald" has a subscriber in each Methodist family.

We would respectfully suggest that the Conference take some action in the matter of requesting the Board of Control to have the Constitution governing the Chapters simplified, so as to enable the young people in some localities to better understand its operations.

Respectfully submitted,
C. C. SCOTT.

REPORT OF FREEDMAN'S AID AND SOUTHERN EDUCATION SOCIETY.

Your Committee ask the reception of the following report:

There is no department of our Church work more deserving our support than this Society. In the sixteen Southern States, with 4,454,843 illiterates, we have planted our banner, around which, since August, 1866, over 100,000 young men and women have rallied. The estimated value of property held by this Society is $1,978,800.

The Committee is glad to report progress for all of our institutions.

Perhaps the work of this Society will better be appreciated when we report to you the fact that we have expended on what used to be slave territory, up to June, 1893, $4,250,000.

The young people paid last year for tuition and room rent $51,655.92, a larger amount than that given in collections by all of our Conferences in the South.

The Society is in debt, owing to the demands on the treasury. Five thousand charges took no collections for us last year, and 3,000 reported only one dollar each. Such negligence not only imperils the faith of our Church and cripples the Society, but it is unfair to the equal number of charges that have been left to carry the burden of the whole work.

The South Carolina Conference this year goes far ahead of her collections of last year. Our Secretaries have been untiring in their efforts, and are meeting with encouraging success.

Respectfully submitted,
E. M. PINCKNEY, Chairman.

REPORT OF COMMITTEE ON INQUIRY.

We, your Committee on Inquiry, beg leave to submit the following relative to Bro. J. E. A. Keeler:

After praverful consideration we found nothing of a tangible nature against him. We therefore recommend that his character pass.

Respectfully submitted,
G. W. COOPER, Chairman.

Your Committee, in considering the case of Bro. Beckham, decided that his action in misapplying Conference funds from his charge, is worthy the protest, if not the stern rebuke of this Conference. In view of the evil consequences that may arise from such action, we strongly disapprove his course. While we recommend all possible leniency toward him in view of his financial embarrassment, yet we also deem it proper that Conference take such steps as will show its disapproval of the affair, to the end that the brother might feel that he has done wrong.

Respectfully submitted,
G. W. COOPER, Chairman.

COMMITTEE ON PARSONAGE AND FURNITURE.

We, your Committee on Parsonage and Furniture, beg leave to submit the following: The fact is clearly seen that it is quite important that all Pastors who would serve the people's best interest live with and among them, as he and his family are to be their example,—teaching by precept and otherwise the things that tend to develop true manhood and womanhood, in which is embodied the idea of home life; nothing along this line is more necessary than a home. We do recommend that each Pastor urge upon the peop'e the all importance of building comfortable parsonages on each charge practicable where there is none, and that these be furnished with at least heavy furniture, as the discipline directs.

D. G. JOHNSON,
For Committee.

COMMITTEE ON BOOKS AND PERIODICALS.

Your Committee beg leave to submit the following report. We are pleased to note the fact that our people are beginning to see the necessity of reading and studying, in order to develop the mind and thus prepare themselves to take their place in the race of life by the side of other men. Reading, says one, makes a full man. Good literature is to the mind what good food is to the body. The Methodist Book Concern furnishes the best literature that can be had for Methodists, therefore we recommend the literature published by our own Book Concern as superior to all others for our purposes. The South Western Christian Advocate is one of the best agencies published by the Church for our Southern work, and cannot be dispensed with without detriment to the Church. We recommend the exclusive use of the literature provided by the Church for our Sunday Schools.

Respectfully,
W. McWILLIE.

COMMITTEE ON SUNDAY SCHOOL UNION AND TRACT SOCIETY.

Your Committee on the Sunday School Union and the Tract Society submit the following report: We rejoice in the continuous development of this important auxiliary of the Church. The annual report of the former shows

that we have in existence 31,121 Sunday Schools, with 36,633 officers and teachers and 2,620,100 scholars enrolled. The number of conversions increases annually and are significant signs of progress in leading the children and youth to Christ, who are to become the future Church. The Tract Society affords a help which is indispensible to the great work of evangelizing the world. The cheapness and ease of circulating its literature and its adaptation to humanity in its variety is unique. We therefore recommend that the amounts asked by these Societies be apportioned among the charges, and that the collection be taken and immediately forwarded to the proper authorities in New York.

Respectfully,
M. V. GRAY.

COMMITTEE ON TEMPERANCE.

Your Committee on Temperance beg leave to submit the following report: The Word of the Great Preacher is still as true to-day as when first spoken. "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise." This hydra-headed monster rum has found its way into and destroyed homes that were once beautiful and lovely, societies that flourished, and even churches are made to feel its dreaded influence. The State, in its legislation, gave the Dispensary as a remedy for the evil, and this has failed, because the people asked and prayed for prohibition, pure and simple. Prohibition is what they want, and prohibition is what they must and will have, provided we can have the hearty co-operation of the Christian Church to take up arms against the curse, then it will soon be conquered. "If God be for us who can be against us" The Anti-Saloon League is doing much to annihilate the evil. There will be a meeting of the National Anti-Saloon League 11th, 12th and 13th of January, 1898, in Columbus, Ohio, to which we have been asked to send two delegates from this Conference, with alternates. We recommend that this be done. The League has as its single object the suppression of the saloon. It is expected that every religious denomination, as well as State and National organizations, opposed to the drunkard-making, home-destroying and church-antagonizing Demon should take up arms against him. Let every member of our Conference procure and distribute largely temperance literature among his people, and through much prayer, preaching and exhortation God will bring about results.

Respectfully submitted,
V. S. JOHNSON,
For Committee.

MEMOIRS.

Bro. W. W. Adamson was admitted into the South Carolina Conference of the Methodist Episcopal Church the year 1874, and for more than twenty years bent his whole moral and spiritual energies in cultivating Emanuel land. He was a faithful minister of the Word and an untiring, zealous Pastor. Everything that characterizes Christian prudence shone in him with fullest lustre. He was punctual, painstaking and careful in all his labors, especially in those labors pertaining to the interest of the Church and the care of souls. He was an exemplary husband, a kind father, a helpful neighbor, a Christian gentleman, a man of God, an eloquent preacher; "He has done what he could." He now rests from his labors and his works do follow him. On the 2d of February, 1897, he fell asleep. We pray God's blessing on his bereaved wife, whom he leaves, and the other relations of the family,

A. MIDDLETON, Chairman.

Joseph A. Sasportas was born in Charleston, S. C., February 15th, 1809, and died at Summerville, S. C., October 21st, 1897. He was converted at Old Goose Creek Camp Ground, April, 1831, and joined the M. E. Church. He was a man of sterling worth, an excellent preacher, powerful in prayer, a man of good judgment and a Christian gentleman. He filled for several

years some of the best appointments in our Conference; served as Presiding Elder four years, Pastor of Old Bethel Church in Charleston three years, and as trustee in Claflin University a quarter of a century. Truly a great man and a Prince has fallen in Israel. When he got too old and feeble to do active work in the ministry, he went from one appointment to another and assisted the brethren in their revival and camp meetings, and thereby accomplished a great deal of good in the salvation of many precious souls. A more companionable, sympathetic, fatherly and brotherly man we have never met than was Father Sasportas.

Respectfully submitted,
J. W. BROWN.

DISCIPLINARY QUESTIONS.

1. Are you in debt so as to embarrass you in the work of the ministry? No.
2. Will you wholly abstain from the use of tobacco? Yes.

REPORT OF THE COMMITTEE ON THE STATE OF THE COUNTRY AND THE CHURCH.

Your Committee on the State of the Country and the Church, beg leave to submit the following report:

After an exciting national campaign William McKinley, the standard-bearer of the Republican party, and an acceptable member of the Methodist Episcopal Church, was triumphantly elected President of these United States.

On the 4th of March last he took the oath of office as President. The country at that time was passing through one of the worst financial depressions experienced in years. This condition was a legacy from the preceding administration. As soon as practicable, after his inauguration, Mr. McKinley convened Congress in extraordinary session, for the expressed purpose of changing the tariff laws, in order to secure from their operation sufficient revenue for the maintenance of the Government without the issuance of bonds, and also for the protection of American manufacturing industries. In course of time a Bill, known as "The Dingley Bill," was introduced, and became the law governing the Revenue Department.

This action of Congress was succeeded by a wave of prosperity which visited the North and the West. The hum of machinery of the industries of the Eastern section of our country was chorused by the steady tramp and merry peals of laughter of the once idle, but now happy employees. The farmers of the Western section received full benefit of the "wave," in the shape of higher prices for their farm and dairy products, and are consequently happy.

Your Committee having heard so much of the "wave of prosperity," earnestly prayed and watched, and with anxiety awaited its coming to the South, where it was perhaps most needed.

After days and weeks and months of patient waiting, there is not a single wave in sight, and even the ordinary ripples of the commercial sea have subsided into a dead calm, that threatens stagnation to the sea itself, and a suspension of animation to the citizens of this section. The summer has passed, the harvests are ended, and our cotton crop, the staple product of our section, brought in the markets of the world an average of five cents per pound. "We are not saved"—not included in the sphere of the wave. We would therefore recommend and urge that each pastor, as far as it is practicable, insist upon our people to stop giving liens upon their crops, contracting unnecessary debts, running expensive excursions, conducting fruitless camp

meetings; practice a rigid economy, secure homes, and settle themselves, and thus create a "wave" that will be a home product and a permanent article for the whole country.

EPIDEMICS.—Certain parts of our country in the Southwest have been visited by the dreaded scourge Yellow Fever during a part of the year. We are grateful to our Heavenly Father that the type of this disease was very mild, and at no period did it become epidemic. The death rate per thousand was much below the ordinary average. The Angel of the Covenant has protected us, and now the usual healthfulness prevails.

Mob violence, like many epidemics, seems to be contagious. Not the South only, but the North, East and West attests the truth of our assertion. The mob has control, and Courts of Justice are held in low esteem in our highly civilized country. Among the so-called Pagans to the South of us (Mexico) there was a bold attempt to imitate our pernicious example. Arroyo, who attempted to assassinate the President of the Republic of Mexico, was lynched by a mob. The mob, many of whom were officers of the law, were arrested, tried and convicted, and ten of the number received the death penalty; the others long terms of imprisonment. Here is a notable and a noble example of the administration of justice. God hasten the day when justice in like manner shall prevail in our country. Noble Mexico, well done!

Our State is still controlled by the minority of its citizens, and the majority is taxed without representation. Though disfranchised we are not without hope, in view of the fact that our people are "stark mad" on the subject of education, and mind will inevitably assert its prerogative, overcome all obstructions, and surmount all barriers.

Our present Governor is, we are pleased to say, a high-toned, Christian gentleman. It was the privilege of a part of your Committee to wait upon him in the Executive Chamber during the past summer, in the interest of law and order. The reception tendered us was cordial; the attention given to our grievances earnest, and the promise made to do all in his power to stop the evil of mob violence. He mentioned the precaution he exercised to prevent a certain negro boy from falling into the hands of the mob. We are glad to report that the pulpit and the press are united in purpose and effort to suppress mob rule, and to re-establish rule by humane laws, enacted and administered for the welfare of the whole people.

We deem it our duty to call attention to the war in Cuba. For three years these brave patriots, under the leadership of Gomez, have been struggling against great odds for freedom. General Weyler (he of Spain) had determined to rivet the chains of slavery upon their limbs, and in a campaign of carnage and blood unparalleled in modern times, sought to execute his purpose. He has failed, thank God, and a man of more humane impulses has succeeded him as Governor-General. Blanco is succeeding to some extent in pacifying the patriots with "Autonomy," denied them by his predecessor; but the motto of the Cubans is; "Absolute Liberty; Just and True Liberty; Equal and Impartial Liberty!" They are willing to die for this. and your Committee believes that our Government should speedily concede them belligerant rights, and let them live or die.

THE CHURCH.—The Methodist Episcopal Church, of which we form a part, is we believe an integral part of the Church Militant, world wide in extent, and aggressive in movement. Among its adherents are men and women of every nation under heaven. We love her for her Christ-like spirit and her devotion to the welfare of humanity.

The immortal Abraham Lincoln said that the Methodist Episcopal Church sent more soldiers to the war, more sick nurses to the hospitals, and more prayers to the Throne of God, than any other denomination.

Before the cessation of strife, yea while the smoke was still ascending from the field of battle, and the blood of the slain was running warm in the trenches, the "Old Mother of Methodism" sent many of her sons and daughters into this Southland with the Hymn-Book and Bible in one hand, and the spelling book in the other, to help drive away the dark cloud of ignorance and superstition, which for centuries hung over us like a pall.

The enemies of our Church point to the fact that we, the colored membership, have no representation on the Board of Bishops.

Seeing this time has but little effect on us, they have added a chorus, saying "and you never will have one."

But in spite of this, the 43,000 members in South Carolina are still loyal; our faith in the old Church is still unshaken; we are here to stay; for we believe that the time will come when we shall be given representation in every department of the Church, even on the Board of Bishops.
