**United Way Campaign**

Esteemed Colleagues,

Yes, I want something from you. I am chairing the United Way campaign this year, and want your support. Of course you know generally what the United Way does, but if you would like more specific information I can arrange a lunch speaker(s) to talk about programs in a number of different areas (e.g., child abuse, parenting, senior services, wellness and safety, substance abuse, organ donation).

Also, you may not know that the United Way is staffed primarily with volunteers, so that only 10% of the funds go to their administrative costs. Thanks to grants the United Way has obtained, every dollar you donate becomes approximately $1.20.

Another thing you may not know is that you can specify ANY non-profit organization to receive your donation. If you designate the General Fund or an Area of Service (e.g., adult education), your money will serve an organization in Spartanburg or Union County. However, you may choose any specific organization anywhere in the country to receive your funds.

With the help of Carole Lister, I will be in touch later with pledge cards. For right now, however, I would appreciate any requests for speakers.

Thanks very much.
Cecile

PS: Supervisors of hourly employees: Would you please share this message with your supervisees?

**ACM Meeting and Pictures**

There will be an ACM meeting Monday, Nov. 11 at 2:30 in Olin 220. We will have a guest speaker, Ms. Deeann Hart, talk about her effort to teach computer literacy to senior citizens. It should be quite interesting. All computer science majors and those with an emphasis in computational science should attend. Yearbook pictures will also be taken at the meeting.
Heather Mitchell sings at Nacho Mama's 11/15

Wofford's own Heather Mitchell will be performing at Nacho Mama's, 1200 East Main Street (582-2800), on Friday, November 15 from 7-9pm. Heather puts her accomplished voice to work on a wide array of acoustic arrangements, both classic and contemporary. So, please come out and support her contribution to our local music scene!

Freshman Philosophy Classes this Spring

This spring, the philosophy department is pleased to be able to offer two sections of Introduction to Philosophy for Freshman only: PHI 201 B, MWF at 11:30, taught by Dr. Michelman, and PHI 201 C, MW at 1:00, taught by Dr. Dinkins. Each class is limited to 20 freshman students, and each fulfills a general education requirement.

For more information you may contact Dr. Michelman at michelmansa@wofford.edu or Dr. Dinkins at dinkinscs@wofford.edu.

Campus Calendar Submissions -- Reminder

A reminder -- please submit your campus events (club meetings, faculty talks, special events, etc.) to Laura Corbin at laura.corbin@wofford.edu so they can be included on the campus calendar on the Web. This acts as the official campus events calendar, and is routinely checked for booking events to try to avoid conflicts. Your submitting your event will help prevent having something booked on top of it.

Please include the details of the event, including time, date and day, location, speaker and topic, any cost, and contact person and number and/or email.

College Bowl

Wofford's College Bowl team took third place (out of seven teams) at the annual Early Bird Tournament at Berry College in Georgia on November 9th. For a small college this is an excellent result. Sophomore Ben Ingram's personal score placed him fourth out of the twenty-eight team members attending the tournament. Well done team!

Wesley Fellowship Picture

Wesley Fellowship picture will be taken for the Yearbook at the Wesley Fellowship meeting Wednesday at 5:00pm. We would love to have a good turn out for the picture. Everyone is welcome. Dr. Talmage Skinner will be the speaker this week. Get your tray and come on down to the AAAS Lounge.

American Landscape, Religion and Environmentalism

On Thursday, November 14, at 8 pm, in Olin Theater, Dr. Janice Simon, Associate Professor of Art History at the University of Georgia, will be on hand to deliver a talk entitled 'From the Sacred Forest to the Secular Clear-Cut: An Artistic Tale.' Her talk should have great appeal to anyone interested in landscape painting, American art, religion in America, or environmental issues. Dr. Simon will discuss how America's primeval forests were envisioned as 'sacred cathedrals' and gifts from God. Already in the 19th century, however, rapacious clear-cutting of wilderness areas contradicted this idealizing image. Her talk will demonstrate how landscape painters sought to acknowledge the seemingly-sacrilegious devastation being wrought on American forests.

A Bonfire/pep rally for our 9th Ranked Football Team will be held tonight (Nov. 14th) at 8pm in the Verandah Parking Lot (Richardson Bldg.). Everyone is invited so don't miss your chance to hear one of Coach Ayers' famous pep talks, enjoy hot chocolate and s'mores, get free stuff, and help to get our guys fired up for the big game this weekend!

**Art History Talk This Evening**

Tonight at 8pm in Olin Theater Dr. Janice Simon, Associate Professor of Art History at the University of Georgia, will be on hand to deliver a talk entitled “From the Sacred Forest to the Secular Clear-Cut: An Artistic Tale.” This lecture should have great appeal to anyone interested in landscape painting, American art, religion in America, or environmental issues. Dr. Simon will discuss how America's primeval forests were envisioned as 'sacred cathedrals' and gifts from God. Already in the 19th century, however, rapacious clear-cutting of wilderness areas contradicted this idealizing image. Her talk will demonstrate how landscape painters sought to acknowledge the seemingly-sacriligious devastation being wrought on American forests.

**Special Seminar on World War I**

This “learning community” will explore the history of the Great War. We shall examine the literature and art of 1914-1918. And we shall discuss the social and cultural implications of a conflict that killed more than 10,000,000 people. Tuesdays 1:00-5:30 and Thursdays 1:00-2:20. 6 hours credit: 3 hours can count towards the History major; 3 hours can count towards the English major. No prerequisites. Fisher, Krick-Aigner, Abercrombie.

Seniors - 24 companies are waiting for your resume

A reminder from Career Services to seniors that the SC Independent Colleges recruiting event is in Feb. in Columbia. This is your chance to submit resumes to 24 companies, many of them large organizations which do not visit small campuses. The deadline for sign up and submission of resumes is December 2.

Internet Performance

Information Technology has received numerous complaints about the slow Internet performance this semester. We monitor Wofford’s Internet traffic and have found that the increased use of peer-to-peer file sharing applications, such as Scour, KaZaA, Gnutella, and Audio Galaxy, has magnified the amount of our traffic. The constant transfer of bulky audio and video entertainment files is swamping our Internet connection, hobbling other users who want to use it for legitimate academic purposes.

We doubled Wofford’s Internet bandwidth capacity less than a year ago and will continue to take measures to optimize the use of our Internet connection. We will act in accordance with the Policy on the Responsible and Ethical Use of Wofford College Technology Resources as necessary to prevent abuse of Wofford's Internet bandwidth. The measures we take may include the discontinuation of network service to users who have been abusive in their consumption of network resources.
