Men's Basketball Hosts Davidson Tonight

The Wofford men's basketball team hosts Davidson tonight at 7 p.m. The Benjamin Johnson Arena is becoming known throughout the SoCon as one of the toughest places to play for visiting teams. The crowd support has been tremendous this season. Make sure to keep providing that home-court advantage for the Terriers when they face a very good Davidson team tonight at 7:00.

Campus Calendar

Please review the Campus Calendar at <http://www.wofford.edu/whatsnew/calendar.htm> and make sure that your events and schedules are correct. If you have corrections or additions, please email them to Laura Corbin at laura.corbin@wofford.edu.

Pay special attention to the 'Recurring Events & Meetings' at the top of the page. Many of those schedules were for Interim. Please let Laura know of changes for the spring semester.

Helping to keep the Campus Calendar up to date will assist everyone in making plans for programs and meetings.

Baseball Today

The baseball season starts today as the Terriers host a doubleheader against North Carolina A&T, starting at noon at Duncan Park.

Milliken Building hours

We will begin our normal semester hours of operation on Tuesday of next week. Those hours are:

Mon - Thu 8am to 2am

Fri 8am to 6pm

Sat 11am to 4pm

Sun 2pm to 2am

On this coming Monday, February 3, the building will be open 8am to 5pm.

Marion Peavey Announces Development Staff Changes

I am pleased to announce a new appointment and several organization changes within the Office of Development and Alumni Relations, which will enable the College to more efficiently prepare for a major new fund raising campaign.

Debbi Thompson, Class of 1988, has been named to the new position of Director of Special Alumni Projects/Assistant to the Senior Vice President for Development and College Relations. Debbi's primary responsibilities will involve organizing and implementing new programs for Class Reunions and Homecoming Weekend. In addition, Debbi will help expand the Annual Fund program through creation of major new fund raising efforts among each of the reunion classes. She will also assist with personal solicitation of other potential donors to the College's unrestricted annual fund. Debbi was formerly on the staff for 13 years, and returns to Wofford after serving on the staff of Spartanburg Regional Healthcare Foundation where she held both fund raising and special events responsibilities.

Ed Story, former Associate Director of Development at Wofford, has been promoted to Assistant Vice President and Director of Development. Ed will devote the majority of his time working with major gift prospects, and will also have additional responsibilities in the administration of the office. Ed has been on the Wofford staff for 10 years, has served as director of development at Lynchburg College and Converse College, and was Associate Vice President for Development at Guilford College.

Peggy Morrison, former campaign coordinator for Wofford, is now serving as Coordinator of Donor Relations. In this new position Peggy is responsible for tracking, organizing and implementing our communications, special events, and relationships with major donors. Among other duties, she is now planning Wofford's first annual scholarship dinner for endowment donors to be held later this year. This event will enable our student scholarship recipients to meet their scholarship donor and for the College to recognize each donor.

B.G. Stephens, former member of the faculty and dean of the College, and president of MacMurray College in Illinois, will continue to expand his efforts as the primary development officer overseeing foundation contacts and solicitation. B.G. had these duties for much of last year but will increase these responsibilities for 2003.

We are fortunate to be able to continue to build an excellent team of Development and Alumni officers for Wofford College.

Remembering Selma, Alabama

Tuesday nights at PSA are earlier now! Our students have decided to push PSA up 30 minutes meaning dinner begins at 7 pm, singing and announcements at 7:20, and our program begins at 7:30. This week's program is a rare treat for us all. Bob Lawrence, a retired PCUSA minister and grandfather to two of our PSA folks, is coming to share with us the reality of life during the time of the march in Selma, Alabama. You will not want to miss this time of sharing and answering questions.

Thank all of you for participating in our Campus Union Blood Drive on Tuesday. At a time when blood donations are at critical levels nationwide, Wofford College students gave more blood than ever before. The Piedmont Blood Bank told me that they usually receive around 20 volunteers per Wofford visit, but this time they received over 70 students volunteers.

Public Safety now has an official list of everyone who gave or attempted to donate blood. To receive credit for a future parking ticket, remove an existing parking violation, or to forego the \$25 vehicle registration fee, please visit the public safety office. Please express your appreciation to the Public Safety office for their support in allowing students to receive this extra incentive.

Message from Coach Young

On behalf of our basketball team, I would like to thank all of you for the tremendous support at our home games this season. Other SoCon coaches have publicly commented on how difficult it is for visiting teams to come into the Benjamin Johnson Arena. We have just two home games left this season and they're against schools I know you're very familiar with: Furman and The Citadel. Tomorrow night's Furman game will be televised in about eight million homes on FOX Sports Net South. This is a great opportunity for us to show the region what type of support we have at home games. We encourage all of you to come early, pack the arena, and show the TV cameras what Wofford is all about. Once again, we very much appreciate all your support for Wofford basketball this season. We look forward to seeing you tomorrow night.

Mike Young
Head Coach

Vision Care Correction Notice

Information about our vision care benefit was announced via blast email in November 2002. Divisions I, II, and III programs looking to forward their baseball career beyond college. To get a jump-start on a professional career, the CPL uses wooden bats exclusively. Not only do players jump-start a career in baseball, members of the front office 'team' can also gain valuable experience to further their careers in sports. By participating in the Stingers Internship Program, you can gain experience in group/season ticket sales, community night promotion set-up and sales, public/community relations, promotions, media relations, stadium operations. Internships are unpaid, however commissions on sales are offered. For more information contact: Spartanburg Stingers General Manager Lenny Mathis at 864-591-2250.
