Welcome Back

We are so glad that you are here!

Many improvements have been made to the campus this summer, and they will improve our lives here as soon as we adjust to them.

Parking Lots: Students are reminded not to park on the horseshoe drive behind Main Building. It is reserved for faculty and staff Monday - Friday. You are welcome to park in the grass lot across Evins Street from the mall area. Also, there is NO Parking at any point in the campus drive. Vehicles that are parked on the campus drive will be towed. The college will not be responsible for any damage or fines incurred in this process.

The Dining Room: ARAMARK has done a wonderful job of renovating the dining room. Please thank them for their investment in Wofford. The furniture cannot be moved. It is arranged for a more intimate setting, and we have to adhere to new fire code restrictions. The tables now are set in a manner that follow these fire codes. We appreciate your cooperation.

Additional Course- The American Revolution

Remember the movie, 'The Patriot' starring Mel Gibson? It is an intriguing blend of fact and fiction about the American Revolution in South Carolina. However, the real-life story behind 'The Patriot' is just as engaging as the Hollywood version and has had an enduring impact on the state and nation. This fall, President Emeritus Joe Lesesne will be leading a seminar on the Southern campaign of 1780-1781 that includes five trips to actual battlefields in the South Carolina Upstate. This class, History 480, meets on 14 Monday afternoons through the fall semester and carries three hours credit. It is designed for students majoring in all disciplines, and only a basic knowledge of United States history will be needed. For more information and a syllabus, call the Communications Office at extension 4182.

PSA cookout
Welcome Back to Spartanburg. We want to encourage you to come to PSA tomorrow night, Tuesday, at 7 p.m. for our first cookout. Bring your friends. Let's open up the PSA house with some great fun! Hope to see you! Look for us right across the street from the main entrance to Wofford. Travel down College Street a few feet and you will see our sign and PSA on the left. 582-5600.

Re: Wood Sculptures on Campus

Everyone has seen and most have read about the current display of eight sculptural installations on the central part of our campus. Following last year’s devastating ice storm, eight distinguished regional artists were invited to create works using portions of the trees destroyed by the storm. The works run the aesthetic gamut from whimsical to surreal, but all of them represent the contributions of serious and highly regarded artists. The fact that Wofford is hosting such an imaginative display is an important achievement for the college. That some in our community have found it amusing to vandalize these works is a mortifying disappointment. Please urge those who have stolen portions of the works to restore them. Please respect these works as you would your own best efforts.

Title: Network Access Blocked in the Residence Halls

Wofford’s Internet connection was clogged from Friday evening through Monday morning by Blaster Worm and Sobig virus traffic originating from computers in the residence halls. Because the absence of off-campus email and other Internet-related activities was disrupting the day-by-day operations of the college, on Monday morning we temporarily blocked access to the campus network from the residence halls.

The Information Technology and Residence Hall staff are working together to help the students patch and remove infections from their PCs, which must occur before we restore network access in the residence halls. We have set up a web page inside the residence hall network with the information and security patches needed to remove these infections. We also have furnished the Residence Hall staff with CDs containing these patches. Our goal is for all PC owners in the residence halls to have disinfected their computers by Wednesday so that we can restore network access as soon as possible.

Until network access to the residence halls is restored, students can use the Academic Computer Center in Olin 207 for assignments that require email or Internet access. The Academic Computer Center hours are:

M – Th: 7:30 am – 11:00 pm
Fri: 7:30 am – 5:00 pm
Sun: 3:30 pm – 11:00 pm

Student Research Meetings Continue

Let's meet to continue our work to 'institutionalize' student research. We want to create a formal place for it in our curriculum, provide for funding, workload credit and promotion/tenure credit for faculty, along with several other features.

We will review what we have done so far, the present status of student research, and decide on the next steps.

Dr. Maultsby and I have identified time for a luncheon meeting to determine how to proceed. The purpose of the luncheon is to learn what tangible and administrative support we need so that student research will be most effective:

Thursday, September 11, Holcombe room in Burwell building, 11:00 am lunch will be provided.

Interested students, faculty, and staff are invited.

If you wish to attend, please respond to me at scottdm@wofford.edu and I will forward an advance agenda of topics that must be considered. Also, I can get a head count (one head per person, please) so we can put enough goodies in the oven for everyone.

Wofford has attracted wide attention as the host for “A Tribute to Trees,” an exhibition of eight sculptural installations by artists of national and international renown. Late Saturday night, four of the sculptures were vandalized. One was damaged so badly that bolted logs were wrenched apart and fabric torn beyond repair. It is pointless to speculate about the motives of someone so indifferent to the work of others and so careless of the college’s reputation. Throughout history, unconventional works of art have prompted the scorn of ignorant yahoos, whether in jackboots or loafers, but it is infuriating to suppose the vandals might be members of the Wofford community. I have been approached by a number of students who tell me they are angry and ashamed. Let me assure you that Wofford is bigger and better than the actions of one or two stupid individuals.

To prove that point, I have only to cite yesterday’s Novel Experience Convocation. The prize-winning student essays, the questions from the floor, and the obvious enthusiasm of everyone present confirmed that, at Wofford, the joy of learning easily outweighs the loutishness of the few. By all means, let us celebrate what is good while deploring what is unworthy.

The Great Wofford Yard sale

As many of you know, Wofford storage areas are crowded with excess furniture items such as tables, chairs, student classroom and residence hall chairs, stools, dining room tables and chairs, abandoned furniture of unknown origin, and other miscellaneous items.

The purpose of this sale is to clean out items that are no longer of use to Wofford and to open up our storage space.

The sale will be conducted in four stages.

The initial stage will be to identify items required for Wofford use. All faculty and staff are asked to review a sample of items now on display in the East Concourse of the Arena and determine if there is anything desired for immediate (not to be stored for future use) placement in your office, classroom or lab. This stage will be completed by 4:00 pm Wednesday, September 24th. Items may be reviewed beginning 8:00 am Monday, September 22nd.

Stage two will be open sale of remaining items to members of the Wofford Community. These items will be sold on a “first come/first served” basis beginning 8:00 am Monday, September 22nd. Understand that we will not know what items will be available until stage one has been completed. Requests will be honored in the order they are received in writing (not email) by Ed Hall.

Stage three will consist of remaining items being sold to selected organizations.

Stage four will consist of donating unsold items to local charity organizations.

The sale will end at 4:00 pm Friday, September 26th.

Note: All items will be priced as marked. All items purchased for personal use are to be removed by the buyer not later than 4:00 pm September 26th. Checks are to be made payable to Wofford College.

Call Ed Hall at 4382 if you have questions.

Jamey is Home

So, Jamey and Megan are home!

To fill in anyone who may not have heard, Jamey was admitted into Mary Black Hospital on Sunday while Sophia and I were at church. I came home to discover that the doctors had already done a spinal tap on him and were hooking him up to an IV. They soon determined that he had an E.coli infection of the urinary tract and kidneys, and there was some concern about the Spinal fluid, since there was a heightened white blood cell count there. So, the waiting game began, as the doctors pumped him up with the strongest antibiotics they had.

Well, the fever got better, and Jamey perked up some, but the fever never vanished, and we still had no idea what was happening with the spinal fluid. And so, Wednesday, they moved Jamey (and Megan) to Greenville Memorial to put a more permanent IV (or shunt, I believe they call it) into his arm, since it looks like he will need antibiotics for another week or two. I admit I was panicking at that point, since one doctor suggested that we might have another 2 weeks in the hospital. But the spinal fluid, we have now determined, is clean, so quite suddenly they discharged Jamey on Thursday evening.

Jamey is not entirely well yet, but we believe his recovery is just a matter of time. Until then, life can return to some kind of normalcy, which is very important for our poor 2-year old Sophia, who has been missing her mom very much.

We appreciate all the prayers and words of encouragement that we have received in the last week.

Clayton Whisnant

Faculty/staff Photo Day

Each year, the Wofford Communications Office brings a commercial photographer to the campus to make an 'official' portrait of each member of the faculty and professional staff for use in official publications, the news service, and directories.

This year, the pictures will be made on Wednesday, Sept. 24, from 11 a.m. to 1 p.m. in the AAAS room in the Burwell Building. A free lunch in the faculty dining room will be provided for participating faculty and staff.

Not everyone needs to participate in this program every year- the goal is for everyone to have a photo on file that has made in the past three years, in color under studio lights and with a similar background. We would also appreciate it if the men would bring a coat or blazer and tie, and if women would wear appropriate business/casual attire.

If you have any questions, please call or e-mail Kathy Dowden in the Communications Office, ext. 4181, between 8:30 and 11:30 a.m.

Meningitis Vaccine

The Meningitis vaccine is now available at Health Services. To reserve your vaccine, call Health Services at #4370. The cost of the vaccine is $65.

**Ben McCraw Places First at College Bowl Tournament**

Sophomore Benjamin McCraw was awarded first place for the highest average score in his division at the Paul C. Parker NAQT Juniorbird Tournament where Wofford's College Bowl team opened its season this past weekend. The tournament, hosted by UGA, was for first- and second-year players only, and Wofford's team, consisting of Melia Brannon, Patrick Brennan, Drew Burriss and Diana Robinson, as well as Ben McCraw, performed exceptionally well. They got off to a slow start, losing three matches in the morning, but came back by winning the rest of their games in the round-robin to qualify for the playoffs for the first time at this tournament. For three of the five team members, this was their first college tournament.

Wofford's team will continue its season on October 5 at a tournament hosted by USC.

**Mind blowing film......**

For the second installment of the science fiction film series, the science fiction learning community brings you '2001 A Space Odyssey'. Considered one of the finest Sci-Fi films of all time, this film envelops the viewer with sights and sounds on the grandest scale. Presented on the big screen in the McMillan Theatre (Tonight at 7:00pm) this is an experience you just can not afford to miss. Hope to see you there.

**Theatre Workshop Auditions**

Auditions continue tonight for Steve Martin's hilarious and provocative play _Picasso at the Lapin Agile_ at the Tony White Theatre in the Campus Life Building at 7pm.

The play, an unlikely marriage of soaring philosophical subtlety and Steve Martin's classic off-color ridiculousness, concerns one extraordinary evening in 1904 at the 'Lapin Agile,' the infamous Montmartre cabaret and watering hole, when Einstein and Picasso meet by chance. In this uncanny confluence of art and science, all of the drama and potential of a new century are embodied by the revolutionary ideas of these two visionaries.

Roles:
4 women
8 men

Everyone in the campus community is encouraged to audition. Call Dr. Ferguson at x.4081 for more information.

**SC Broadcast Educator's Student Contest**
This contest is being held in conjunction with the SC Broadcasters Association Job Fair on November 13, 2003. Deadline for entries is October 15.
