Dear Wofford Family,

We are still working hard day after day to make sure that we satisfy all who we serve. This week the Board of Trustees came to visit our campus for their winter meeting. They never cease to amaze me with the amount of passion and energy that they show to the college and its students. We are truly blessed to have a board that really cares about student welfare. We recently held the Black and Gold ball, which was an extreme success. There was a kaleidoscope of students from athlete, non-athlete, Greek, non-Greek, minorities etc. It was one of the most diverse events that I have seen in years. All who made this a success I say “thank you” from the bottom of my heart. This term as an assembly is coming to a wonderful end and in that it has helped to sprout a new tomorrow. The new officers recently elected are more than qualified to bring this campus into a new year. Your soon to be President, Josh Whitley, will do all that he can to make sure that Wofford stays at the top of the academic, social, and college scene. The new officer cabinet for the 2004-2005 year will be a great addition to the leadership on campus. I know that Zachary, Ashley, and Laura will do all they can to make sure that the Campus Union Assembly remains in the forefront of campus life. The 2003-2004 Assembly’s last meeting will be this Monday, February 23, at 6:00 pm in the Olin Theatre. Please come out and join us as we continue to push Wofford into the next chapter of its magnificent life. Keep a look out for next week’s final copy of the 2003-2004 assembly newsletter. We will include all of the year’s accomplishments and the quest to continue the successes. Thank you so much for believing in us all. I can truthfully say that we have served the best college family in South Carolina and the nation. Thanks again.

Sincerely,

J.R. McNair

An Evening with C.S. Lewis

Tonight's performance with David Payne performing "An Evening with CS Lewis" is still on for 8pm in McMillan Theatre. Payne’s performance recently aired on British television and received outstanding reviews. Though British author C.S. Lewis has been dead for more than 40 years, almost all of his books are still in print and are selling better than they ever have. Lewis’s academic books remain essential reading for students of English literature, and his novels continue to sell in the thousands. His Christian books, which made him one of the 20th century’s foremost Christian Apologists, still have enormous sway. So, come out tonight at 8pm in McMillan for an unforgettable performance.

Thank you all for your prayers and thoughts during this past week. I have been so impressed with everyone here at Wofford. Even though I have been here a short period of time, you have embraced me as though I have been here for years. I cannot tell you how much that means to me and to my family.

I know that many of you want to know the circumstances regarding my mother's death. I know that many have heard that she was run over and the details are unclear. I am going to share with you the details of her accident in order to give you a better idea regarding her accident.

I am from a small town in Washington, Georgia which is a very small town between Athens and Augusta, Georgia. Washington was hit with a bad ice storm on Sunday, January 18th, the ice storm was very similar to the one we had in Spartanburg last year. On Monday, January 19th many limbs and trees had fallen. My mother was concerned that a limb was going to fall on her car. We think that around 3:00 that afternoon my mom decided to move the car from the front of the house around the back and put the car into the garage. We can only assume that it was around 3:00 because a neighbor had seen her around 2:30. When she was trying to put the car into the garage she saw that she was pulling in crooked and the car would not fit so she backed up to straighten up and pull the car in again. We think that the windows must have been iced or fogged and she was unable to see out of the back window. She opened the car door to see where she was going, as she was backing up she saw that she was going to hit the basketball goal that my parents had given my 8 year-old for Christmas. We think that when she saw she was going to hit the goal with her head she had a split second to stop and instead of hitting the break she hit the gas. The goal has to have water in the base to keep it grounded and the water had frozen; therefore, when she hit the goal the force in which she hit it with her head caused her to fall out of the car and we believe knocked her unconscious. When she fell out she then landed on the right side of her face. She had a very bad bruise on the left side of her face and a smaller one on the right side. Her body was under the front tire, but the car was not on her. The basketball goal was holding the door from rolling back on her. However, her right hip was at the front tire, but not on her. They did have to raise the car in order to pull her out. Due to the fact that the accident happened around 3:00 and she wasn't found until 7:52 Monday night they feel the cause of death was hypothermia. My dad did not want an autopsy done, but her body had to go to the crime lab in Augusta, Georgia to rule out foul play. The pathologist agreed that the cause of death was hypothermia as well, but without an autopsy he could only speculate what he thought the cause of death was. Our only comfort is to believe that she was unconscious and never woke up to suffer. My dad works in Athens, Georgia and was working when the accident occurred. When he couldn't get in touch with her after many, many attempts he had a good family friend go check on her and that was when he found her. After they took her to the Emergency Room in Washington and they tried their very best to get her to breath again and were unsuccessful. They pronounced her dead at 10:15 on Monday night.

Again, my only reason for sharing the details of my mother's death is to let you all know the exact circumstances in which she died. Our time is precious and we never know what is going to happen to our loved ones so don't let a day pass where you don't tell them that you love them. I spoke with my mom on the Sunday night before the accident and the last thing that I said to her was I love you.

I really do appreciate you prayers. Please keep my dad, Brooks Brown in your prayers, he is going to need it.

What is the Barking Brigade?

Over the last week, many of students have asked 'What is the 'Barking Brigade' and how does it work?'
Over the last week, many of students have asked 'What is the Barking Brigade and how does it work?'

Much like the 'Dawg Pound' from years past, this is the basketball/volleyball spirit group that kicked off in the middle of interim.

The rules of the 'Barking Brigade' are simple.
Be loud in support of your Terriers.
And wear the official 'Barking Brigade' t-shirt.

You can purchase a shirt by contacting Lenny Mathis at Ext. 4110 for only $5.00. With your purchase, you get a $5.00 gift certificate to Taco Dog for a free meal.

By design, the 'Barking Brigade' is not sport specific. As a way of promoting all teams that call Ben Johnson home, you will see and hear about the 'Brigade' not only during men's and women's hoops season, but during volleyball season in the fall.

Wofford students help to create a great home court advantage (in basketball and volleyball) and the 'Barking Brigade' is the new name for that spirit.

Remember...BE LOUD.
Wear the shirt.
Join the ranks.
The Benjamin Johnson Arena 'Barking Brigade.'

Lenny Mathis (Ext. 4110)

PS. Those wearing the 'Barking Brigade' shirt to Saturday's game with Furman get a free drink, compliments of Aramark.

**Holy Communion**

Feel the warmth of God's love in Mickel Chapel every Tuesday evening at 5:15 p.m. as we participate in Holy Communion.

So if you stayed here, did an internship, traveled, or made up your own, we want to know about it. Your pictures will be scanned and returned to you.
Please include: your name and CPO, the names and years of those in the picture, and where and what the picture is of.

The Goliard Ensemble

The Goliard Ensemble from New York will be in concert in McMillan Theatre tomorrow evening at 7 p.m. The group features a soloist, pianist, bassoonist, and cellist. Their repertoire will consist of compositions by Telemann, Mozart, Debussy, Schumann and Bernstein. The concert is free and is open to the public.

French Table

French Table is meeting again this semester, but under a different format. After discussions with students and other faculty members, we have decided to meet twice a month, on Wednesdays from 12 to 13 ish in Burwell; in some of the special downstairs dining rooms. Students and faculty will, of course, be able to use their meal plans to get in. We also have a few tickets to give away to guests and off-campus students. However, since the rooms are small and cannot accommodate more than a certain number of persons (and because the kitchen staff needs to know how many of us will attend) I will need to know who will come (this is for students and guests) by Tuesday early afternoon (each Tuesday before the meeting). Feel free to invite francophones/Francophiles that you know, the FL dept and the Dean of the College have agreed to pay for their lunches.

These are the dates when we will congregate:
Wednesday Feb. 25th in the President's Dinning Room. (it's tiny, but that's all I could get for this week).
Wednesday March 10th in the Dean's Dining Room
Wednesday March 24th in the Dean's Dining Room
Wednesday April 14th in the Dean's Dining Room
Wednesday April 28th in the Holcombe Room
Wednesday May 5th in the Dean's Dining Room
Elections

Judicial Elections will be held this Wednesday from 7:00AM to 7:00PM. After the tremendous success in voter turnout last week, the elections will be conducted online once again. Please be sure that your mailbox (inbox, deleted items folder, and sent items folder) is not over its size limit.

Photography Exhibition on Display through Friday

The current exhibition of photographs by Wofford professors D. R. Davis and Peter Schmunk will be on display through this week. If you have not yet been able to tour the show in the Sandor Teszler Library, you have an opportunity this week.

Next FCA Meeting

The next meeting of Fellowship of Christian Athletes will be Wednesday, February 24 in McMillan Theater. The meeting starts at 9:00pm. The Women's Basketball team will be recognized and your fellow students will share in worship with music and testimony.

An Evening with C.S. Lewis

Tonight's performance with David Payne performing "An Evening with CS Lewis" is still on for 8pm in McMillan Theatre. Payne’s performance recently aired on British television and received outstanding reviews. Though British author C.S. Lewis has been dead for more than 40 years, almost all of his books are still in print and are selling better than they ever have. Lewis’s academic books remain essential reading for students of English literature, and his novels continue to sell in the thousands. His Christian books, which made him one of the 20th century’s foremost Christian Apologists, still have enormous sway. So, come out tonight at 8pm in McMillan for an unforgettable performance.
