Doin’ Good in the Neighborhood

Help Park Hills Elementary and win a doughnut breakfast or individual gift certificates to Spartanburg restaurants.

Parks Hills Elementary is in desperate need of K-6th grade books for their library. Wofford's Social Psychology class is organizing a competition among different organizations (including the faculty/staff) and any unofficial groups (max of 100 people) on campus.

How it Works: When you turn in a book or money to Burwell, you will write down your name and your organization’s or unofficial group’s name on a slip of paper. Here is the catch: Books count as positive points for your group and money counts as negative points. The organization/group with the most points wins. Therefore, putting money in another team's box, will hurt them, and help your team.

Where: Boxes set up in the bottom of Burwell.
When: April 12-24
What you could win: The group with the most points will win a doughnut feast at a time and date of your choosing. A raffle will also be held to award individual prizes. (the more you give, the greater your chance of winning the raffle). Area restaurants such as Outback and Moe’s have donated gift certificates.

Are You a Photographer?

Wondering why you should turn off the tube? Come for a film viewing/discussion of 'Advertising and the End of the World' in McMillan Theater on Thursday. More Details to follow.

Doin’ Good in the Neighborhood

Help Park Hills Elementary and win a doughnut breakfast for your group or individual gift certificates to the Fresh Market and Spartanburg restaurants.

Parks Hills Elementary is in desperate need of K-6th grade books for their library. Wofford's Social Psychology class is organizing a competition among different organizations (including the faculty/staff) and any unofficial groups (max of 100 people) on campus.

How it Works: When you turn in a book to Burwell, you will write down your name and your organization’s or unofficial group’s name on a slip of paper. [McAninch, Cecile B.] Each book counts as one entry/point. If you don't have time to buy a book, donate money. Each $5 also counts as an entry or point, and all money should be given to Dr. Cecile McAninch in the Psychology Department.

Where: Boxes set up in the bottom of Burwell
When: April 12-23
What you could win: The group with the most points will win a doughnut feast at a time and date of your choosing. A raffle will also be held to award individual prizes. (the more you give, the greater your chance of winning the raffle). The Fresh Market and area restaurants such as Moe’s have donated gift certificates.

Theatre Class to be Offered in the Fall 2004 Semester

THEA 360 History of the Classical Theatre TTH 2.30-3.50pm.

Great drama arises where the theatre occupies an important place in the community. In many respects, Western understanding of drama originated in fifth century B.C.E. classical Athens, where the theatre played a central role in politics, religion and society. The Athenian stage saw the invention of forms of tragedy and comedy that persist to the present day. In turn violent, subversive, and sexy, the plays of Sophocles, Euripides, Aristophanes and others take on crucial issues which compel our attention even now. Among them the moral use of power, filial piety, love and betrayal, right action, and good government. This class will explore in depth the roots of Greek drama and touch on the history of classical Roman drama as well.

Helpful hints for using the new improved Wofford website

- The new site is completely searchable, and the search bar is located on the bottom right corner of every page. You can search by any word or person's name. If users type in words and do not find the appropriate page, please let the web office know so the search bar database may be improved. (Example: if you are looking for the President, you can search by “Benjamin”, “Dunlap”, “president”, “Bernie”, etc.)

- Quick links to Wofford Webmail and Banner Web are under the search bar on the front page.

- Below the search bar (on every page) appears the word “Directories.” This link leads to the Student Directory as well as the Faculty/Staff Directory. Users are able to search Wofford faculty/staff/students by first or last name as well as get a listing of persons grouped by administrative and academic departments. [http://www.wofford.edu/search/](http://www.wofford.edu/search/).

- The word “Wofford” or “Wofford College” in the title bars will always link back to the homepage. The section titles—Newsroom, Academics, Athletics, etc., will always link back to the section homepage. The black bar menu is present on every page. The library has its own black bar menu.

- Several news archives can be searched. These include: Newsroom archives, Wofford in the News archives, Athletics archives, Southern Seen archives, Through the Years archives, Advocate Methodist Obituary archives. [http://www.wofford.edu/search/](http://www.wofford.edu/search/).

Calendar Tips: [http://www.woffordcollege.info](http://www.woffordcollege.info)

- To view events by category (student activities, academics, campus ministry, etc.), use the drop down menu on the right side of the page.

- Scroll from month-to-month by clicking the arrow on either side of the month in the blue bar at the top.

- Users may export events to an MS Outlook calendar. Click on an event to view the details and choose "export event". When prompted, choose "open" and the event will export to your personal Outlook calendar.
