AAAS Changes its Name

The current members of the organization formerly known as the Association of African American Students (AAAS) are proud and excited to announce that we are changing its name to the Association of Multicultural Students (AMS). This decision was made based on the active transformation concerning diversity at Wofford College. AMS will now specifically aim at integrating all cultures that exist on campus including but not limited to Asian, Hispanic, Black, Caucasian, Native American and Indian. The name change reflects the expanding mission and purpose of the organization.

- **Cultural Enrichment** - provide cultural programs and activities that promote appreciation of diverse people and cultures
- **Social Enhancement** - coordinate social activities geared to ethnic minority student interests
- **Transitions** - assist first year students of color in the transition from high school to Wofford
- **Alumni Relations** - foster interaction with alumni of color to promote leadership development and create an additional support network
- **Community Outreach** - engage in community service activities that encourage a spirit of "giving back."

AMS is designed to enhance the collegiate experience of students of color and thereby build better interpersonal relationships across the entire campus community. All members of the Wofford College student body are eligible to be members of AAAS. Everyone is welcome to join us in our efforts to make Wofford College a place that strives for excellence not only academically, but in its social diversity as well.

Influenza Vaccine Shortage 2004

Please take the time to read the following information on:

- ◆ **National Shortage of Flu Vaccines**
- ◆ **Who should be vaccinated? High Risk Groups**
- ◆ **Wofford College Health Services Response to the Shortage**
- ◆ **Important Prevention Information**

National Shortage of Flu Vaccines.

Below you will find information from the CDC (Center for Disease Control) in Atlanta, Georgia.

Almost half of the nation's flu vaccine will not be delivered this year. Chiron, a major manufacturer of flu vaccine, will not be distributing any influenza vaccine this flu season. Chiron was to make 46-48 million doses vaccine for the United States.

Because of the vaccine shortage, CDC is changing its guidance about who should get vaccinated this season.

Who Should Be Vaccinated? High Risk Groups

The existing flu vaccine supplies should be given to protect people who are at greatest risk from serious complications from influenza disease.

Everyone in this group should seek vaccination:

- People 65 years of age and older
- Children ages 6 months to 23 months
- Adults and children 2 years of age and older with chronic lung or heart disorders including heart disease and asthma
- Pregnant women
- Adults and children 2 years of age and older with chronic metabolic diseases (including diabetes), kidney diseases, blood disorders (such as sickle cell anemia), or weakened immune systems, including persons with HIV/AIDS
- Children and teenagers, 6 months to 18 years of age, who take aspirin daily
- Residents of nursing homes and other chronic-care facilities
- Household members and out-of-home caregivers of infants under the age of 6 months (Children under the age of 6 months cannot be vaccinated.)
- Healthcare workers who provide direct, hands-on care to patients

Who should go without vaccination?

Healthy people 2 to 64 years of age are asked to not get vaccinated this year at all or to wait to get their vaccine after persons in priority groups in their area have had a chance to be vaccinated, so that available vaccine can go to protect those at greater risk for flu complications

Wofford College Health Services Response to the Shortage

Wofford College Health Services will be following the guidelines of the CDC as well as the American College Health Association in regards to vaccinating only high-risk individuals.

Individuals who fall into one of the categories described above need to contact Health Services as soon as possible in order to reserve a vaccine at extension 4370.

If you have already called to reserve a flu vaccine and you are 65 years or older, a vaccine has been reserved for you. If you would like to call and verify, you may do so by calling extension 4370.

Any member of the Wofford Community who has a chronic medical condition as outlined above, should call and discuss your situation with the nurse at extension 4370.

Flu vaccines will be given on October 19th and 20th from 11:30 a.m. – 1:30 p.m. in Health Services to high-risk individuals as outlined above.

All remaining vaccines will be sent to the Family Medical Center on October 22nd to be used for their high-risk patients.

If additional vaccines become available, we will notify the college community immediately.

Important Prevention Information

There are certain good health habits that can help prevent the spread of influenza.

- Avoid close contact with people who are sick. When you are sick, keep your distance from other to protect them from getting sick too.
- Cover your nose and mouth with a tissue when you cough or sneeze – and dispose of the tissue afterward.
- If you don't have a tissue, cough or sneeze into your sleeve.
- Wash your hands after you cough or sneeze – with soap and warm water, or an alcohol-based hand cleaner.
- If you get the flu, stay out of the classroom. You will help prevent others from getting the flu.
- Do not drink after one another.
- Look for information in the Residence Halls and bathrooms on prevention and signs and symptoms of influenza.

Please contact Health Services if you have any questions or concerns at extension 4370 or 4371. Websites containing more detailed information can be found at <http://www.cdc.gov/flu/protect/covercough.htm> and <http://www.cdc.gov/flu/protect/whoshouldget.htm>.

Subject: Homecoming Tailgating

From: The Dean of Students

Please know that students and chartered organizations are invited to tailgate before football games. The grassy lot on the corner of Cumming and McDowell streets has been designated for student tailgating. This corner lot is directly across the street from the main gates to the stadium. You are welcome to tailgate before home football games. **At kick-off everyone must enter the stadium or leave the lot.**

The Richardson Lot (or Verandah Room parking lot as some refer to it) has been designated for special donor parking by the Terrier Club. **The lot is not open to students and is not a designated drinking area for students.** The donors who have numbered parking spaces in this lot have been given a limited number of "guest passes" for each game. Whether you know or are related to one of the donors you cannot enter the lot without one of these "guest passes". You may only be admitted to this lot if you have your ID card, and you have an "invited guest pass". We appreciate your cooperation in supporting the Terrier Club's program. If you have any questions, please feel free to contact me or a member of the Athletic Department administration. Please come to the games, have a great time and support our football team.

Go Terriers!

In commemoration of Wofford College's 150th anniversary, the Terrier athletic department has invited all football alumni to participate in pre-game and halftime festivities at Saturday's 1:30 p.m. Homecoming game versus Western Carolina.

During a pre-game ceremony, former Terrier players will form the on-field tunnel for this year's squad to run through. Nearly 100 football alumni, dating back as far as 1946, have already

registered. At halftime, Wofford will honor its postseason teams from 1949, 1970, 1990 and 1991. Commemorative flags will be raised to join flags already flying to honor the 2003 Southern Conference championship and Division I-AA national semifinal appearance.

Returning to the front of Gibbs Stadium is TerrierLand from 11:30 a.m. to 1:10 p.m. The interactive area is adjacent to Cummings Street outside the stadium gates. Fans have the opportunity to meet members of the Wofford men's and women's golf team as well as Wofford mascots Boss, Lil Ruff and Blitz. The Wofford cheerleading squad will be on hand to conduct face painting for the kids. The inflatable moonbounce and the South Carolina Army National Guard's rock climbing wall also return.

The Spartanburg Humane Society will have terriers and terrier mixes available for adoption as the "Take Home a Terrier" campaign makes its first 2004 appearance at TerrierLand. Fans will also be able to pick up free Wofford football schedule magnets and posters. Nextel will display and distribute special "Nextel gold" shakers in the Wofford student section.

Dear Colleagues,

I want to thank all of you who volunteered for the Homecoming Street Party Friday night. It was cold and windy, and many of you were overwhelmed by the crowd. But in true Wofford style, you did not back down from the challenge and you always had a smile waiting for the next alumnus/alumnae. You were absolutely amazing! To paraphrase Churchill "This was our finest 3.5 hours!" For those who were there, you know that the street party was a huge success. It is unbelievable to think that Debbie Thompson and her staff manage to pull this off every year. If you have a chance, please thank them for their hard work!

The alumni really enjoyed seeing us there, and some made the comment that they came to the party for that reason. The looks on their faces when they recognized us was incredible. It was great to hear what they have been up to, and they love telling us about their successes. As Alliston Reid said "We made a lot of people very happy tonight!"

I promised last year that it would be bigger and better this year. I can't wait for next year. We need to build on this tradition. I have no doubt that in years to come, this will be yet another factor in what makes this place so special, and why people love it so much. I am proud that we made it happen.

Thanks again and see you next year.

John

Twin Towers Halloween Carnival

Dear Wofford Faculty and Staff,

The annual Twin Towers Halloween Carnival is coming up soon. We would like to extend an invitation to each of you to bring your children, nieces, nephews, neighbor's children, etc. to participate and join in the festivities. This event is a campus favorite because it allows the entire Wofford family to come together for fun and fellowship, while benefiting the community around us. The festival focuses on providing a safe environment for the area children to enjoy Halloween. This year the carnival will be on October 28 from 5:00 to 7:00 in Andrew's Fieldhouse. If you have any questions please contact Emily Sandifer or Lyn Pace. We look forward to seeing you there and don't forget your costumes!

Because of peculiarities in this year's calendar--and more particularly because so many work so hard and effectively all during the year--we are revising our holiday break over Christmas and New Year's. The break will begin at the end of the workday on Thursday, December 23rd, and extend until the beginning of the workday on Monday, January 3rd. Those offices to whom this cavil applies will need to maintain essential services.

The student paper portfolio is now available to receive papers for the fall term. The link is found on the Wofford Academics page as "Student Document Archive".

<http://www.woffordstudentpapers.org/>

We ask that you ask your students to deposit at least one paper from the courses listed below—preferably their major writing assignment for the course. (We understand that not all of the following courses are being taught during this fall term.) If it is possible please email me a copy of the paper assignment; having the assignment on file will improve the next analysis of the paper cache.

If you or your students have questions, please contact me at ext. 4300 or coburnoh@wofford.edu.

Thank you for your help.

A challenge has been issued by Coach Ayers: Meet the 2005-2006 Terrier football team on the football field this spring to decide once and for all who's got the greater grit. Grit's not to be measured with such transient things like final exams, class participation and the capacity for synthetic thought. No. It's on the field, baby. Grit is cleats, sweat, blood, yardage, hits.

Certain allowances will be made to protect the young & innocent. Faculty/Staff will be equipped with "gear" (helmets, pads, etc.), Terriers will not; Fac/Staff will be allowed to hit, Terriers will be leached. Defibrillators (sp?) will be on hand & EMS notified.

We need the following:

- 1) An appropriate name for the event itself
- 2) A (not so) appropriate name for the Fac/Staff team
- 3) Your talents on the field

Coach wants us to form a roster ("hit list," I think he called it) as soon as possible. If you're interested in playing, zap a note to Jim Neighbors (neighborsjr@wofford.edu) with position preference if any and playing history. The game will occur the morning of the annual Terrier spring scrimmage and will last however long we can stand it (no more than 2 quarters).

This is not a joke!
