Beginning Jan. 1, 2006, the standard mileage rates for the use of a car will be:
44.5 cents per mile for business miles driven

In September, the IRS made a special one-time adjustment for the last four months of 2005, raising the rate for business miles to 48.5 cents per mile in response to a sharp increase in gas prices. The IRS states that the new 2006 rate now reflects a decrease in gas prices.

All expense reimbursements beginning January 1, 2006 will be paid at the new rate of 44.5. The campus expense report has been adjusted to reflect this change.

Online Spring Books

The spring semester books are now listed online at www.wofford.bkstr.com. You can place your orders online, pay for them and then just pick them up at the bookstore. It's a great way avoid the any lines at the store.

A quick note about online orders. You have the option to substitute or not. All this means is you may select a used book and if we don't have it we will substitute a new one or vice versa. If you select do not substitute then we only fill what we can on the order. You will most likely get a call or an email verifying your choice if you select do not substitute.

Thank You

9:00 pm -- Sin City (McMillan Theater) - Murder, corruption and cover-ups are all part of Sin City's daily routine in this dark film that weaves three tales from Frank Miller's graphic novels. Marv (Mickey Rourke) is a psychotic outcast who seeks vengeance for Goldie's (Jaime King) murder; Dwight (Clive Owen) kills a cop and must cover it up; and nearly retired cop Hartigan (Bruce Willis) is accused of a crime he didn't commit.

NASCAR Night: A race like no other

NASCAR Night in the Commons was a grand event.

Thanks to all drivers, judges, pit crew members, media coordinators, the track design team, and spectators who made our first WOFFORD 300 a success. (Next time we will invest in more race

cars and less masking tape.)

If you were unable to attend you missed a show. The event concluded after an "track of doom" mini-race, trick car spinouts, ramp jumping, a DDR dance-off, and a foot race.

Thomas "Smell My Rubber" Pierce, international ballroom dance champ and remote control car expert, won the golden Hummer. He beat Terrance "The Falcon" Ware in a sudden death, trick jump finale. "The Falcon" was the winner of the foot race semifinal. A red Escalade was his consolation prize.

Jason "Thunder Goggles" McElveen stole the blue car. After his second place finish in the foot race, McElveen proved too fast to chase.

Honorable Mention goes to "Duct Tape" Fort the 14 year-old wonder boy. He is the new Tiger Woods of Collegiate Remote Control Car Races.

If you are interested in planning the next race night in the Commons, please contact neelykm@wofford.edu. A quality control team is sorely needed.

The Honorable James E. (Jim) Clyburn

The Honorable James E. (Jim) Clyburn, chair of the Democratic Caucus in the U.S. House of Representatives, will be the featured speaker at Wofford College's Martin Luther King Jr. Day Celebration at 11 a.m. on Monday, Jan. 16, 2006, in the Verandah Room in the Richardson Physical Activities Building. The public is invited to the free event.

Cultural Events Calendar/Poster for Spring

The Communications Office is preparing posters to announce the arts and cultural events for the spring semester and needs your help now. This is a reminder that we need you to post your events to the online campus calendar by Monday, Jan. 16, to be included in the poster. This is a firm deadline for our printer. Timely posting to the online calendar also helps avoid conflicts, and is a great way to promote your event. To post to the online calendar, go to the Wofford home page (www.wofford.edu) and click on Calendar. Click on "Add Event" and fill in the blanks. You must include a valid e-mail address (preferably your Wofford e-mail). Details are vital – especially date, time and location. Remember that posting to the online calendar does not reserve your room; you must make those reservations with the appropriate staff person. If you have problems posting your information, or have other questions, contact Laura Corbin at x4180 or laura.corbin@wofford.edu. Only events posted on the online calendar by Monday will be included on the poster. President Dunlap hopes to give all arts and cultural events on campus more prominence, and this earlier scheduling will help the Communications Office help you.

Dear Colleagues,

We're excited to offer a unique opportunity to Wofford students this Friday, January 20: A genuine hip hop concert! El Pus, an Atlanta-based band who've recently signed with Virgin Records and are appearing on MTV, will headline the event, and Da' Pharmacy, a local hip hop crew comprised primarily of Wofford alumni, will open the show. This is a first for Wofford and perhaps even for Spartanburg as a whole. All Wofford students are welcome -- free to anyone with a Wofford ID -- and it's certainly the case in hip hop that the greater the turn out, the better the show. The concert will be held in Tony White Theatre; doors will open at 8pm. Please be encouraged to attend as well, and feel free to contact either me (neighborsjr@wofford.edu) or Dan Mathewson (mathewsondb@wofford.edu) with any questions. Wofford's Fun Funds is sponsoring the event; our sincere gratitude to those of you on the Fun Funds committee for seeing the importance of this concert.

Many thanks,
Jim

Tonight in McMillan: Cinderella Man

Come on down to McMillan Theater tonight to watch "Cinderella Man" on the big screen.

Synopsis: Russell Crowe stars as pugilist Jim Braddock in this riveting biopic created by the Academy Award-winning team of producer Brian Grazer, director Ron Howard and screenwriter Akiva Goldsman. Braddock, who garnered boxing glory when he defeated champion Max Baer in a winner-takes-all bout, arrived on the scene during the Great Depression (a time when Americans were woefully in need of a hero) and rose to the occasion with a vengeance.

Saturday in McMillan: Red Eye

Come on down and catch a movie with your friends. Watch "Red Eye" at 9pm in McMillan Theater (Raines Center). With popcorn! Yay!

Synopsis: Terrified of flying, Lisa Reisert (Rachel McAdams) reluctantly hops a red-eye flight bound for Miami and buckles up for a bumpy ride. But her phobia morphs into terror when she learns that a fellow passenger (Cillian Murphy) has plans to murder the deputy secretary of Homeland Security -- and wants to use Lisa as part of the plot. Master of horror Wes Craven directs this psychological thriller set at 30,000 feet.

Sunday in McMillan: Charlie's Angels

Come on down and catch another movie with your friends. What a weekend! Watch "Charlie's Angels" at 9pm in McMillan Theater (Raines Center).

Synopsis: Aspects of director McG's take on the 1970s hit TV series are similar to the original show: Angels Dylan (Drew Barrymore), Natalie (Cameron Diaz) and Alex (Lucy Liu) still work for Charlie and interface with Bosley (Bill Murray). They still flip their hair, stop traffic with a smile and kick butt. The differences are the unsubtle humor, the martial arts training and the high-tech premise: This time, they're hot on the trail of stolen software.

Graffiti Exhibit in Raines Center

Graffiti projects made by students from the Hip Hop Interim are on display in the Game Room of the Raines Center. Come enjoy!

Re: **New Parking Regulations**

Welcome to the Spring Semester 2006. This is a great time to be at Wofford. The Board of Trustees has approved the construction of apartment style housing on the north side of the campus across Evins Street. These apartments are scheduled to open in September so construction will begin in a couple of weeks. The construction site includes the parking lots adjacent to the tennis center on Evins Street. Therefore, the lots on either side of Thomas Street will close soon, and we will need your cooperation when they do.

Students who live in Shipp Hall will be asked to park in the grass lot located across Evins Street from the mall behind the Main Building. Sometimes referred to as the ROTC lot, this lot is now called the Liberty Trail lot. Students who live in 121 Evins Hall and Wightman Hall are asked to park in the Shipp Hall parking lot in the rows closest to the Olin Building and along Evins Street. In addition, a few spaces will be available on the horseshoe. These spaces are reserved for faculty and staff only from 8:00 am -5:00 pm Monday-Friday.

Special Notes:

1. All students, faculty, and staff (all employees) must have a permit for their vehicle no matter where they park it. Permits can be obtained in the Campus Safety Office.
2. Students are reminded that the Traffic Commission voted to mark the parking spaces on the south side of the Shipp Hall lot for faculty and staff only from 8:00 am -5:00 pm Monday-Friday. Students are welcome to park in those spaces during the evening and weekend hours. Students who do not move their vehicles during the day Monday-Friday will be ticketed or have their vehicles towed.
3. The City of Spartanburg has given our Campus Safety officers the authority to issue college tickets for yellow curb violations, opposing direction violations, and/or any other parking offenses on Memorial Drive, Evins Street, and Cumming Streets.
4. Parking is not allowed on the Campus Drive. Students and staff who drive to Burwell should not park on the curb.
5. Current students, faculty and staff should not park in any spaces marked for visitors.
6. Students must have a Handicapped Permit to park in the spaces dedicated to people with special physical needs.
7. Occasionally, parking spaces are reserved for Special Guests of the College. Please do not remove the reserved signs or park in these spaces.
8. The two spaces on the right hand side of the Dean of Student's driveway are designated for off campus visitors to the Library. Students and faculty should not park in these spaces.
9. Commuting students, faculty, and staff members to use the parking lot in front of the Richardson Building and the Andrews/Baseball Field Lot

All violators (students, faculty and staff) must pay their traffic fines. Vehicles of repeat offenders will be booted and/or towed at the owner's expense.

Please contact me at 597-4371 or sartorla@wofford.edu if you have any questions or require further clarification. Thank you for your cooperation and assistance in keeping our campus safe.

**Attention Wofford Students
A New Program of Student Research**

**Live Free on Campus - Earn a Stipend
Summer 2006**

Wofford College is pleased to announce an exciting program for Wofford students. This summer students will have an opportunity to conduct research with faculty members, live on campus free, and earn a stipend for their work. The program is called "THE COMMUNITY OF SCHOLARS."

As many as twenty students may pursue research projects in the sciences, humanities, or social sciences this summer at Wofford. For the ten weeks of the summer school sessions, Fellows will work under the supervision of faculty Mentors who will themselves be engaged in research. During the ten weeks, all participants in the program will meet together each week for lunches and dinners allowing for cross-disciplinary discussions of their projects.

Student Fellows will be paid a stipend of \$2000, and will be given room and board over the period of research. Expenses for the research may be provided. In the first three weeks of the fall semester a symposium will be held as a campus-wide celebration of undergraduate research at Wofford. Each Fellow will present a summary of his or her project. One student in each area (science, humanities, social science) may be selected for a best project award of \$1000 and recognized at the fall symposium.

The names of students selected as Fellows by a faculty committee will be announced by March 10. Any student who will return to Wofford in the fall is eligible to apply for the program. Interested students should

- (1) obtain a more detailed description of the program from department chairs,
- (2) contact a faculty member to seek his or her agreement to serve as a Mentor,
- (3) complete an application (available from your department chair) outlining the proposed research, and submit the application to Dean Maultsby's office by March 1. The committee will announce the names of students selected as Fellows by March 10.

Research is an effective way to develop critical skills and presentational skills. It is an important achievement enhancing a resume and an individual's competitiveness for admission to graduate or professional schools and for employment after graduation from Wofford. The college is pleased to offer this special opportunity for Wofford students.
