A circular logo containing the letters "JP" in a serif font.

The Marketing and Communications Office this summer will be conducting a survey of all publications and other printed produced by Wofford College. The emphasis will be on evaluating cost-effectiveness and identifying graphic identity issues for Dr. Don Fowler.

To complete the project, we seek to employ a rising Wofford senior, junior, or sophomore who can work up to nine hours per week during normal college office hours (8:30 a.m. to 9 p.m.) until the project is completed.

If all goes well on this project, additional work may be available as we move through the summer.

Preference will be given to a student who is enrolled in summer school or a Spartanburg area student with demonstrated financial need. To set up an interview or make a referral, please contact Pat Smith in the Communications Office (ext. 4183) by Friday, June 16.

A message from Wofford Bonner, Michael Vaughn:

Hello all,

As some of you may already know, this upcoming Tuesday (June 27th) is National HIV Testing Day. As an intern at Piedmont Care, I have come to see how devastating ignorance can be in the Upstate community. Knowledge about HIV/AIDS and one's own HIV status are the key to staying healthy. The following is quoted from an article put out about South Carolinian efforts for National HIV Testing Day.

"The national Center for Disease Control and Prevention estimates that more than one million Americans are living with HIV, yet approximately 25 percent are unaware of their HIV infection. There are more than 13,600 people estimated to have HIV in South Carolina.

'In South Carolina, most people who are becoming infected with HIV are between the ages of 20 and 44,' Kettinger said. 'Every county has residents living with HIV and acquiring HIV each year. Many people, especially in rural parts of the state, might delay testing until they become ill with HIV.'

'DHEC and other health providers urge people to get tested early before becoming too sick to benefit from treatments that are available.'"

This report leaves out several of the most disturbing statistics about South Carolina's role in the HIV epidemic. South Carolina ranks ninth in the nation for total number of HIV infections and tenth for AIDS case rates. Spartanburg alone has more than 1,500 people living with HIV or AIDS

Sadly, none of the local HIV-testing facilities are sponsoring events for this "holiday." The most unfortunate part is that, while the network coverage of National HIV Testing day will be substantial, the Upstate media will have little to work with on a local level. This is unacceptable. Alongside HIV and AIDS in general, HIV testing itself has been stigmatized as crucial only for those who live reprehensible lifestyles. Not only is the avoidance of HIV testing ignorant, it is irresponsible. To counter this stigma and inaction, I am rallying as many folks together as I can to be tested on Tuesday and later in the week. We will be getting tested at the Spartanburg Alcohol and Drug Abuse Commission. So far, I've had seventeen people pledge to get tested on Tuesday or another date this week. We need more! Piedmont Care's executive director Tracey Jackson and I will be working with the media in the next several days to get our story covered. We want people in the Spartanburg community to know that HIV testing is readily available and extremely important in our area. You can help by pledging to get tested next week. Aside from learning your own HIV status if you are unaware of it, you will have the opportunity to make a positive impact in an at-risk community. The confidentiality rules at SADAC and any HIV/AIDS-related organization are very stringent and you are assured of complete privacy.

Remember, the higher the number of testing pledges is, the more media attention our effort will be likely to get. The more local attention that this movement gets, the more local lives can be saved.

The following is some information about SADAC's testing facility.

Cost: free of charge

Types of tests:

I. OraQuick Rapid Test - same day results

Testing Procedures:

1. Venipuncture: the fingertip is pricked with a lancet to get a small drop of blood.

2. Mouth Swab: using a swab, the inside of the cheek is rubbed and the swab is held in the

mouth for approximately 4 minutes.

II. OraSure - 7-10 day results

Testing procedure:

1. Mouth Swab: using a swab, the inside of the cheek is rubbed and the swab is held in the mouth for approximately 4 minutes.

All individuals receiving either of these tests must receive counseling both before being tested and upon receiving their test results.

Counseling for tests includes:

- Evaluate patient's readiness for being tested*
- Information about the importance of testing;*
- Ways to reduce the risk of becoming infected with HIV;*
- Next steps for people who have a reactive test result;*
- Need for additional testing in people who have had a recent exposure to HIV.*

Please feel free to call, e-mail, fax, or contact me in whatever means necessary to ask questions or make comments. If you are interested in being tested, contact me and I will arrange a time for you to go. The testing staff at SADAC is small; to allow for that, we will need to plan our visits carefully. I will need anyone who wants to be a part of our group to alert me by Monday at 12 p.m. I can definitively say that testing will be available from 8:30 a.m. until 11 a.m. and from 4 p.m. until 7 p.m. on Tuesday. It will also be available from 4 p.m. until 7 p.m. on Wednesday. Again, I would appreciate it if anyone who intends to go contacts me beforehand.

Thank you for your time and consideration. I very much am hoping to see you next week. As the National HIV Testing Day slogan goes, "Take pride in your life. Get tested."

Sincerely,

Michael Vaughn

Matt Morrison Fund to Benefit from Julie Roberts Concert in Camden

The Wofford community is invited to support student Matt Morrison and his family by attending a concert on Friday, July 14, featuring country music star Julie Roberts. A portion of the proceeds from ticket sales will go to Matt's family to help with medical expenses incurred after Matt was severely injured in a traffic accident in April. (The concert also will benefit Camden area firefighters and military personnel.)

A special VIP seating area for Matt's friends and family will be set aside at the concert at the Camden Equestrian Center in Camden, SC. Members of Matt's family are expected to attend the concert, which will include a special tribute to him.

Tickets are \$15 and \$10 for children under 10. Purchase tickets by calling the Camden Equestrian Center at (803) 432-9100. When ordering tickets, be certain to tell them you want to be seated in the Matt Morrison VIP area.

Gates open at 3 p.m.; the concert begins at 7 p.m.

Directions to the Camden Equestrian Center – Take I-20 from Columbia to Exit 101. At the top of the ramp, turn right. At the stop sign, turn left onto Cleveland School Road. The center is on the left at 443 Cleveland School Road.
