Speech Tonight on the Military Commissions Act
A new law came in to place recently called the Military Commissions Act. This act changes many ways our legal system works by letting the president define torture, use confessions from torture as evidence, and try citizens of all nations (including our own) in military courts. These military courts have no jury, no appeals, and you can be held for any amount of time without a trial. This is a controversial new law that everyone should know about. In that spirit Nathan Smith will be talking about it at 9 tonight, Thursday, Oct. 5, at the Pavilion, located behind Wightman and Lesesne Residence Halls. All faculty and students are invited. If you can’t make it be sure to find out more about this law yourself.

Then, on Saturday we will show “Sideways” at 7 p.m. Two men reaching middle age with not much to show but disappointment, embark on a weeklong road trip through California’s wine country, just as one is about to take a trip down the aisle. Watch this great cast, which includes Paul Giamatti, Thomas Haden Church, Virginia Madsen and Sandra Oh, as they embark on this romantic and adventure/comedy. Finally, on Sunday at 8 p.m. we kick-off the Arts Community’s movie night series with a comical horror in the spirit of October. From the makers of “South Park” comes a thrilling tale of how a miner's hunger for gold turns to flesh in the sing-along style that accompanies any self-respecting horror flick. Come see “Cannibal: The Musical.”

- Wanted: 20 Students for Black History Month Project
- Happy Birthday!

Spartanburg High School Football Game @ 7:30 tonight
Spartanburg High School will play Boling Springs High School at 7:30 tonight (Friday, Oct. 13) in Gibbs Stadium. Please be mindful of the increase in traffic on Evins and Cumming streets between the hours of 6 and 10 p.m. as a result of the football game.

Still here for Fall Break? Come to McMillan
Need something to do while waiting for classes to restart on Monday? Come watch some movies in the McMillan Theater. At 8 p.m. Friday, Oct. 13, we will show “Fear and Loathing in Las Vegas” (Runtime 118 min). Enjoy this comedy in which an oddball journalist and his psychopathic lawyer travel to Las Vegas for a series of psychedelic escapades. At 10 p.m., we will show “Firewall” (Runtime 105 min). This thriller shows the story of a security specialist who is forced into robbing the bank that he's protecting, as a bid to pay off his family's ransom.

On Saturday, Oct. 14, the movies will continue. At 8 p.m., we will “Tristan & Isolde” (Runtime 125 min). Before Romeo and Juliet, there were Tristan and Isolde. An affair between the second in line to Britain's throne and the princess of the feuding Irish spells doom for the young lovers. Finally on Saturday, we will show “Almost Famous” at 10:30 p.m. (Runtime 122 min). Come watch and see whether dreams can come true as a high-school boy is given the chance to write a story for Rolling Stone Magazine about an up-and-coming rock band as he accompanies it on their concert tour.

Sunday the Arts Community continues its film series with “A Tale of Two Sisters” at 8 p.m. (Runtime 115). This movie is a Korean horror/mystery with excellent directing and a handful of surprises. So grab your significant other and cling together under the light of "A Tale of Two Sisters" in McMillan.

Wanted: 20 Students for Black History Month Project
Wanted: Twenty self-motivated students who love literature and U.S. social history — to celebrate Black History Month by reading and analyzing a new novel, Seven Laurels, by Linda Busby Parker.

Set in Alabama immediately after WWII, this book traces the struggles of a small-town young black man in his quest for success (in career and family) amidst the challenges imposed by the Jim-Crow constraints he incessantly faces. This is a poignant yet realistic story, with inspirational characters and themes that are universally appealing.

Although no course credit will be provided, the substantial intrinsic rewards will include not only the joy of sharing a touching story with an intimate group of kindred-spirit campus mates, but also the honor of participating in an entire evening of personal interaction with the prize-winning author, who will visit Wofford expressly for the purpose of discussing her work with this seminar’s student members.

In December, Ms. Busby’s book will be provided gratis by Dean Maultsby so as to enable a conscientious holiday reading. It will be examined in depth with Dr. Machovec (plus several other
concentrated holiday reading. It will be examined in depth with Dr. Machovec (plus several other members of the campus staff and faculty, along with two guests from the local community) during two 4-6:30 p.m. symposia (on Feb. 15 and 21). The capstone meeting will feature the author, who will devote 4-6:30 p.m. of Feb. 22 to addressing the interests that have emerged among the group’s students during Sessions I and II. An open-campus reception for the author and the 20 seminar students will follow Session III at the home of the Dean or President, where the student members will informally describe to attendees the literary and historical insights they’ve gathered during the entire project.

If you would like to be part of this rewarding experience, please visit Dr. Machovec in Daniel 219. No phone calls or e-mails. Best times: MW mornings or TTh afternoons. If he is not in his office when you drop by, leave a hand-written note with your cell number so he can call you to arrange an appointment.

Re: Family Weekend, October 27 – 29, 2006

Once again, we are requesting that members of the Wofford faculty and staff participate in Family Weekend activities. Of the many scheduled activities, we especially would appreciate your participation in the faculty open house, scheduled for Saturday morning, October 28 from 9:00 – 11:00 am. Would you make yourself available at that time for the parents of our students to drop by and meet briefly with you? Of all the Family Weekend activities offered during past programs, this event is most often listed by Wofford parents as a highlight of the weekend. A full schedule of events is attached.

While most Wofford faculty will usually participate in this portion of the weekend, some may have conflicts that prevent their participation. If you can help us, please return the attached confirmation response in the campus mail or you may reply directly to me by email or telephone. A list of only the faculty who respond and the locations where they can be found will be compiled and made available to parents during registration on the Saturday morning of the event. We will print that list on Thursday afternoon, October 26.

In past years, some professors have indicated that certain procedures work better than others for their individual faculty-parent interactions. Rather than provide you with too narrow a framework, we ask that you make your students aware of the procedure(s) you wish for them follow when seeing you.

From 11:30 am until 1:00 pm, the traditional Family Weekend luncheon will be held on the lawn in front of Main Building. We would be very happy to have you (and your family) join us for lunch if this makes it easier for you to participate in the open house.

Thanks for your past support of Family Weekend activities. We hope that you will be able to help us again on October 28.

March of Dimes: Saving Babies, Together
The mission of the March of Dimes is to improve the health of babies by preventing birth defects, premature birth, and infant mortality.

Have you ever participated in WalkAmerica? Have you collected change at your school for March of Dimes? Were you born premature? Have you written to your Congressmen asking for support of the Preemie Bill? Do you have a desire to make the life of a baby happier and healthier by reducing prematurity and birth defects?

If so, then hopefully you will be interested in starting a March of Dimes organization at Wofford. A March of Dimes organization at the college level is called a Collegiate Council. Collegiate Councils organize community service endeavors, such as volunteering to rock babies at neonatal intensive care units (NICUs) or serving as supportive mentors to pregnant teenagers in the community. Councils also help plan and execute fund-raisers, such as WalkAmerica. A council also offers tremendous leadership opportunities.

If you have an interest to be a part of the Wofford Collegiate Council, please e-mail Drew Bryan, bryanha@wofford.edu.

Campus Civitan
The Campus Civitans will meet at noon Tuesday, Oct. 24, in The Commons of the Raines Center. Come and bring your lunch from Zach's. Anyone who wants to become involved in different types of community service is invited to join us.

A copy of the book will be provided to each participant. Please reply to wilsonca@wofford.edu so we will have a place and a book for you.

Sponsored by the Campus Ministry Center and the Office of Church Relations.

Trick-or-Treating for all Students

Student Affairs, Athletics, Communications, Health Services, Admission, Financial Aid, Alumni and Development, Business Office and the Olin Building will all have treats for you.

Armistice Day Presentation
The First World War: Forgotten Sacrifices? On Thursday, Nov. 9, from 2:30 to 3:30 p.m. in the Olin Teaching Theater, a fast-paced, well-illustrated presentation by Professor Frank Machovec will explore several lesser-known aspects of WWI, including its unmatched (before or since) casualty levels (and their role in creating staunch U.S. isolationism from 1919 to 1941); Gen. Pershing's astute compromise that enabled African-American soldiers to fight instead of being stevedores and truck drivers; the inordinately heavy burden carried by our northern neighbor, Canada, whose national spirit was cemented in the trenches of France; and the poignant poetry that emerged from the pens of front-line combatants. Two tokens of remembrance will be given to each attendee to deepen his or her appreciation of the lessons learned about the most horrible war in world history.

March of Dimes Collegiate Council  
Several students on campus have expressed interest in starting a March of Dimes organization on Wofford's campus. The purpose of this organization will go hand-in-hand with the mission of the March of Dimes: to improve the health of babies by preventing birth defects, premature birth, and infant mortality. Through programming, advocacy, fundraising, and service we will raise awareness and fight prematurity on and around our campus.

Did you know:  
268 out of 1,070 babies born this week in S.C. will be premature.  
500,000 babies are born premature in the U.S. every year.  
That is nearly 1 in every 8 children born premature!

November is Prematurity Awareness Month, and there are many fun projects that we can work on as the organization gets started. One potential event will be to light Main Building in pink and blue this November!

If you have an interest to be a part of the Wofford March of Dimes Collegiate Council, please e-mail Drew Bryan at bryanha@wofford.edu.

Wofford IFC Helping with Childhood Cancer Research  
Picture a classroom full of kids. Now picture the classroom next door full of kids. Every day, two classrooms of children – about 46 – learn that they have cancer. Pediatric cancer is the number one disease killer of children ages 0-20 in America.

The Wofford IFC (Interfraternity Council) is proud to join the Rally Foundation and sponsor a campuswide 4 Quarters 4 Research campaign benefiting childhood cancer research this week. South Carolina resident and former NFL Head Coach, Sam Wyche, is the national spokesperson for this campaign.
There are three ways you can make a difference in the Wofford IFC “4 Quarters 4 Research” campaign:

1) Members of sororities and fraternities on the Wofford campus can donate at their weekly chapter meeting. Just pass a bucket around at your chapter meeting and turn your donations in to Heather Morrow, Director of Greek Life.

2) Any student, organization, athletic team or faculty member can take their donation directly to Heather Morrow, Director of Greek Life. Her office is located on the second floor of the Raines Center.

3) On Saturday, Oct. 28, as part of Family Weekend festivities, the IFC will have a 4 Quarters 4 Research table setup inside “TerrierLand” – the interactive kids zone in front of Gibbs Stadium – and will be passing out information about the Rally Foundation and accepting donations. “TerrierLand” opens at 11:30 a.m. prior to the 1:30 p.m. kickoff between the Terriers and Western Carolina Catamounts.

Thanks for helping us score a touchdown for childhood cancer!

For more information, contact the Wofford College Interfraternity Council at CroweJR@wofford.edu.

QUINTESSENTIAL... A WOFFORD EDUCATION
To The Wofford Community –

I would like to share my deepest gratitude for keeping my friends and me in your thoughts and prayers over the past few months. I attribute your prayers to my speedy recovery. The power of prayer has been extraordinary. As many of you know I have taken an extended summer vacation and have skipped this semester, but will return this January for Interim. I’m very excited about my return and look forward to thanking as many of you in person as I possibly can.

I have learned that the world can be very small because as a Volunteer Firefighter I am accustomed to helping people out of vehicles which are involved in accidents and I couldn’t imagine that someday I would need that same assistance. Luckily I have made a speedy recovery and have made some close friendships along the way. In keeping with the Wofford tradition my recovery has set records, for which I am blessed. One of my favorite quotes from an elderly friend is “You can’t keep a good Wofford man down.” This rings true. I will ask one favor of you: please continue to keep my friends and me in your thoughts and prayers because it has worked well so far. Good luck with the rest of the semester.

Also as a reminder please try and take time out to attend the Haunted House tonight beginning at 8PM at the Pi Kappa Phi fraternity house. I have been in attendance for the last two nights and this seems to be one of the top haunted houses in the area perhaps even in the South. The brothers have done an extraordinary job and continue to work hard for a good cause. Congratulations to them for a job well done.

God Bless You and Forever Grateful,

Matt Morrison ’08

**Anime Club Interest**  
Japanese anime is a form of visual art that, like other film, has its best and worst productions. However, accredited directors such as Miyazaki have produced anime films that go beyond conventional efforts to produce beautiful, pain-staking films. Such animes that take years to produce contain moral messages that reach the audience through imaginative, often strange images.

The Anime Club aims to watch films such as “Princess Mononoke,” “The Tanuki Wars,” “Escaflowne,” “Millennium Actress,” “Steamboy,” “Spirited Away,” “Howl’s Moving Castle,” “My Neighbor Totoro,” and “Castle in the Sky.” Members are encouraged to suggest and bring in their own anime films.

If anyone is interested, please contact Katherine Turnage at turnagekc@wofford.edu. Express yourself, and appreciate that of others.

**Dance Society Interest**  
As there are many “underground artists” at Wofford, there also exist many dancers whose passion for learning different styles is in limbo. The Dance Society would gather to receive instruction on many forms of dance, such as modern, conventional ballet, tap, jazz, hip-hop, salsa, Indian, riverdance, Chinese, cultural dance, etc. The members also would be interested in fusing two or more dance styles together, and perhaps form their own personal style! While the Dance Society will initially birth as an entertaining extracurricular activity, the members may have the opportunity to choreograph their own production, based on the different styles they learn.

If at all interested, please contact Katherine Turnage at turnagekc@wofford.edu. Truly, a world without dance is chaos.

**Manga/Graphic Novel Discussion Group Interest**  
College students around the world spend most of their academic days reading textbooks and literature of past eras. Class discussions on the analysis of literature, while thought provoking, tend to leave one’s reading mind susceptible to the “butchering” of written works.

In this group, members will read works like V for Vendetta, 300, Watchmen, Deathnote, Y The Last Man, Fables, Sin City, The Tick, etc. Of course, members are encouraged to suggest other readings.
Meetings will include discussing the works, reading, and a few trips to Tangled Web.

Interested? Please contact Katherine Turnage at turnagekc@wofford.edu. This group will probably be independent, so "attendance" would be flexible.

**Performance Art Group**

On the Wofford campus exist many writers and actors that are involved in the Poetry Slam! and Theatre. However, as both art forms involve the expressing of lines and words, neither aims at expressing the feelings of the moment — “Spontaneous Perception.”

The Performance Art Group is intended for artists and others interested in utilizing personal ambition in the expression of personal notion, ideals and emotions. The group should take the matter seriously, as strong messages often can be displayed. The use of “foul words” and “disturbing images” are more than encouraged, yet not allowed in the context of offending individual groups out of loathe.

The Performance Art Group also will take a few meetings to study performance art history, that of the early 20th century and beyond.

Contact Katherine Turnage through turnagekc@wofford.edu if you're interested!

**Nip/Tuck Appreciation Night Interest**

Every Tuesday night at 10 p.m., for the season, those interested will gather and watch “Nip/Tuck,” hopefully in McMillan Theater. Although it is a provocative, superficial, and often times disturbing show, “Nip/Tuck” has many messages that are both hilarious and morally meaningful.

NOTE: Those interested in commenting during the premiers should not plan on attending. Although it is for entertainment and unwinding, this is not an opportunity for individuals to ignorantly display their immaturity at handling adult situations.

You are, of course, VERY interested, and thus you should obey your temptations and e-mail Katherine Turnage at turnagekc@wofford.edu.

**Wofford Art Exhibit – Interest**

Are you an artist at Wofford who commonly returns home to find their beloved artwork piled, alone, atop their bed or bedroom floor? Have you experienced such sad artistic debacles?

Artists at Wofford should not go unnoticed – therefore, if you are an artist and would like to publicly display your artwork in an exhibit, please contact Katherine Turnage at turnagekc@wofford.edu.

An interest meeting will be scheduled given the number of interested artists. The exhibit would be around the beginning of December. Naturally, any medium would be considered! Show your talent and the vitality that art plays in both personal and academic lives.

**Lost & Found**

Lost – A “Book Heretics of Dune.” Contact at Lawsonjk@wofford.edu or 216-1128.

To: The Wofford Community  
From: President Dunlap  

We all are grateful and proud of recent additions to Wofford's facilities. The care we take of these facilities encourages our donors to offer still greater support. However, the hand-crafted metal "W" that had just been attached to the chimney in our new Pavilion was stolen over the weekend. Yesterday, in the company of the donor, we suffered the embarrassment of discovering that it was missing. Our assumption is that, as in stealing a stop sign, the person or persons responsible thought it was more amusing at the time than it is in retrospect. All of us as members of the college will benefit if the "W" reappears.
