Subject: Test of the Wofford Emergency Alert System
Date: October 2, 2007 at 11:42 AM
To: Wofford Staff WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

To the Wofford Campus Community:

At 11 a.m. today (Tuesday, Oct. 2), we conducted a test of the Wofford Emergency Alert System. The system will be tested at this same time – 11 a.m. on the first Tuesday of each month – during the academic year.

Today's test generated a message delivered to **REGISTERED** cell phones, PDA, pagers, e-mails and Web browsers. You must be registered and validated through the new Wofford Emergency Alert System (through e2Campus) to have received the message. (This is a new, different system from the one used in the spring, so you must re-register if you have not already done so.)

- If you are registered and received the message on all registered devices, **NO RESPONSE** is needed.
- If you receive the message, but it was delayed by more than 15 minutes, please e-mail Laura Corbin and indicate the time you received the message and your service provider.
- If you are registered, but **DID NOT** receive the message on all registered devices, please log into your e2Campus account and check your "status." If your device has not been validated, you will not receive messages. Please validate your device. If you have problems with validation, or if you are registered and validated, but still did not receive the alert, please contact Laura Corbin at laura.corbin@wofford.edu. Please put "Emergency Alert System" in your subject line.
- If you have **NOT REGISTERED** to receive these messages, you are strongly urged to do so immediately at <http://www.wofford.edu/campusSafety/content.aspx?id=33330>.

Wofford's Emergency Alert System is an instant, mass notification system that enables students, parents, and members of the faculty and professional staff to receive updates and alerts via cell phones, personal data assistants (PDAs), e-mail accounts, and personal Web pages (such as Google, AOL, or Yahoo).

This service is part of our larger strategy to enhance communications during an emergency. Our goal is to increase safety on the Wofford College campus.

Wofford College Emergency Alert System is a **completely voluntary service** provided to the college community and is powered by Omnilert Network e2Campus. **No advertisements or non-emergency alerts will be sent to you. You must sign up for the service in order to receive alerts.** Because this is a voluntary service, you may choose to opt-in or opt-out of the service at any time.

You only have to register one time. Use either the cell phone or the e-mail sign up page, not both. Once you have an account, you can add to, or change, how you receive your messages.

Links on the page take you to the appropriate sign up page.

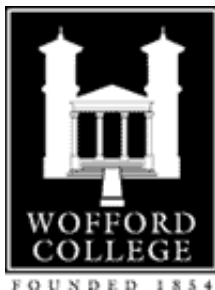

If you have problems or questions, contact Laura Corbin at x4180 or laura.corbin@wofford.edu.

WOFFORD COLLEGE Interfraternity Council

To: All Members of the Wofford College Community
From: The Officers of the Interfraternity Council

The Wofford College Interfraternity Council (IFC) invites you to our annual Bid Day festivities, beginning this Friday, October 5, 2007 at 5:00 pm at Fraternity Row. In order to make the weekend both fun and safe for all who participate, ***we respectfully request your adherence to the following rules***, in addition to all College policies that are not specifically mentioned:

- 1) Alcoholic beverages are only permitted in designated areas of campus. Additionally, the center of the Row and the fountain **ARE NOT** designated drinking areas for this event. This includes the front yards of all houses. Campus Safety officers will be writing alcohol violations for all those who do not adhere to this policy. In accordance with college and state policy, only those who are 21 years of age will be permitted to consume alcohol in these designated areas.
- 2) All students who are 21 years of age and choose to consume alcohol **MUST HAVE ON A WRIST BAND**. Wristbands will be distributed at the Burwell Building during lunch and at the top of the row after lunch.
- 3) Rushees who possess or consume alcohol will be escorted from the row and not receive their bids.
- 4) Bid Day Safety: Fraternity members and other students are reminded that certain behaviors will not be tolerated. Those behaviors include but are not limited to: fighting, public drunkenness, setting off fireworks, and jumping or leaping into the crowd. Students and their guests engaged in these activities will be taken to the Campus Safety Office and processed through the Judicial System. Remember to:
 - Be very careful when entering, exiting, or playing in the mud pits.
 - Exercise great caution in and around the college fountain. This year, no one will be permitted to climb on the center spout of the fountain or the sculpture in the fountain.
- 5) Glass beer bottles are not permitted at the row. The fine for EACH bottle found at the row will be \$25 per person, per bottle, along with a fine of \$100 dollars for anyone breaking or attempting to break any glass bottle. Campus Safety and IFC will enforce this rule by writing tickets to individuals and fraternities found in violation.
- 6) All non-Wofford students must be the invited guest of a Wofford Student, and must

be on the guest list(s) of the house(s) that they enter. No fraternity is permitted to have an open party, so please take steps to secure an invitation (verbal invitations are acceptable) from a chapter member and make sure that chapter member signs you in.

Thank you for your cooperation in making Bid Day safe.

Attention Freshmen: Spring 08 Learning Community

Details: This is the way the world ends! Announcing a learning community opportunity in Spring 2008: "A World on the Edge: Philosophical Perspectives on Contemporary Science." In two linked general education courses, we will explore philosophical questions that arise as we study science relating to potential cataclysmic or apocalyptic events. Some of this science is within humanity's control, such as overpopulation, pollution, dangerous scientific experimentation; and some we have little control over, such as the possibility of an alien invasion or deadly comets. For more information, see the learning community's website at <http://webs.wofford.edu/zidessb/LC%20Website/index.htm>. The linked courses are: Phil 120C (Dinkins), Phys 104A and 104AL (Zides). Changes in Interim Projects

Details: Students are reminded to check the interim website and BannerWeb before Interim Registration begins to review projects as prices or other details may have changed. Also, students with holds on their accounts should clear those holds this week so Interim registration will not be affected. Projects requiring overrides are listed as "instructor permission required" in the BannerWeb descriptions. Students must contact the sponsors this week for an override. An override alone does not register the student.

Registration for Interim Projects

Students are reminded to check the interim website and BannerWeb (Course Schedule – **View Catalog Entry**) before Interim Registration begins to review projects as prices or other details may have changed.

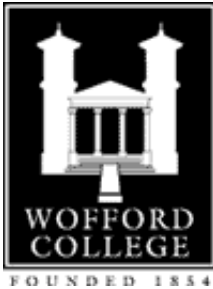

Students with **holds on their accounts** should clear those holds this week so Interim registration will not be affected.

Projects requiring overrides are listed as "**instructor permission required**" in the BannerWeb descriptions. Students must contact the sponsors this week to ask for an override. An override alone does not register the student.

Interim Registration is scheduled for Monday, Oct. 29 – (priority registration for seniors only) through Friday, Nov. 2. Sophomores, juniors, and freshmen will register together Tuesday-Friday. No time tickets will be issued this year; students will be able to register 7:30 a.m.-11 p.m. daily. For a tutorial for registration on BannerWeb, please see www.wofford.edu/technology/content.aspx?id=4906.

Attention Freshmen: Spring 08 Learning Community

Details: This is the way the world ends! Announcing a learning community opportunity in Spring 2008: "A World on the Edge: Philosophical Perspectives on Contemporary Science." In two linked general education courses, we will explore philosophical questions that arise as we study science relating to potential cataclysmic or apocalyptic events. Some of this science is within humanity's control, such as overpopulation, pollution, dangerous scientific experimentation; and some we have little control over, such as the possibility of an alien invasion or deadly comets. For more information, see the learning community's website at www.webs.wofford.edu/zidessb/LC%20Website/index.htm. The linked courses are: Phil 120C (Dinkins), Phys 104A and 104AL (Zides). Subject: From President Dunlap: Death of Bernie Brooks and Memorial Service Thursday on campus
Date: October 30, 2007 at 11:56 AM
To: Wofford Students WoffordStudents@Wofford.Edu, Wofford Staff WoffordStaff@Wofford.Edu

To the Wofford campus community:

Wofford College has lost a valued member of the Board of Trustees and a dear friend to us all, and the Spartanburg community has lost a great civic leader with the death over the weekend of Bernard E. Brooks. In the relatively short time that Bernie Brooks made his home in Spartanburg, he undertook enormous community leadership responsibilities and fulfilled them with integrity, wisdom and excellent judgment. He joined the Wofford Board of Trustees in 2000, and was serving as Secretary of the Board at the time of his death.

The college will host the memorial service for Mr. Brooks in Leonard Auditorium of Main Building on Thursday, November 1 at 2:00 pm. A large crowd of community citizens is expected to attend. We will direct those attending the service from the community to park in the gravel parking lot directly across Evins Street from the rear of Main Building, so that lot will be closed for the day on Thursday. Employees or students accustomed to parking in that lot need to have cars removed by Wednesday evening; the lot will reopen to campus personnel by 4:00 pm on Thursday.

Please join in remembering the Brooks family with our thoughts and prayers.

Upcoming Events

All Saints Day Tolling of the College Bell

Date/Time: 11/1/2007 12:00:00 PM

Location: Portico, Main Building

Details: Our Wofford College tradition of tolling the college bell in memory of Wofford Alumni and friends will be held at Noon on Thursday, Nov. 1. The names of those we remember will be read as the bell is tolled. Wofford College tolls the bell for students on three occasions: their first week on campus, the weekend they graduate, and the year of their deaths. Students, staff and faculty are invited to pause on the Yorke Portico (Main Building) for this important moment.
