Please help end the rumor that students will have to pay for Saturday’s game. Spread the word, Saturday’s game against Charleston Southern will operate as a normal Wofford home game. Contrary to reports earlier in the week, this is not Charleston Southern’s home game played at Gibbs. This is OUR home game.

Students can still sit in sections H1 and H2 and are admitted free with a valid Wofford ID. Faculty and staff with a valid ID are also admitted free plus one accompanying person.

With the exception that we’re pulling this off in two days, this is in every sense a Wofford home game and we hope the entire Wofford community will make plans to attend and be loud.

Kickoff has been set for 6:00 pm.

Thank you and Go Terriers!

Dear colleagues,

Please forgive me if I am adding unwanted email to your box, but the folks who attended the pre-session discussion on the Index of Learning Styles (ILS) might find this interesting. I'm attaching the information that I sent to my students reporting the results from the Biology 111 classes -- 167 of 185 students completed the ILS questionnaire.

To see (and try out for yourself) the actual ILS instrument you can go to http://www.engr.ncsu.edu/learningstyles/ilsweb.html.

My thanks to Jason Womick and Sean Brigadier for setting up an "in house" version so that Dave Kusher and I could try this out with our students and compile these results.

I'm happy to discuss the results with you if you are interested -- I certainly have some new insight into how my students learn.

Thanks,

Ellen Goldey

   b) Drives a vehicle that uses unleaded gasoline only (not diesel or hybrid)
   c) Does not carpool to work

If your habits do NOT meet this assumption, please contact Jason Burr at burrjh@wofford.edu with details as soon as possible (the initial report will be submitted on September 10).
To: The Wofford College Community  
From: President Dunlap

This Thursday at 11:00 am, we will hold the 2008 Wofford College Opening Convocation. On that occasion we will also award the third annual Sandor Teszler Award for Moral Courage and Service to Humankind. The recipient, who will also be awarded an honorary degree, is Vernon Baker, a truly heroic representative of “the Noblest Generation.” Lieutenant Baker was awarded the Congressional Medal of Honor for his deeds on the battlefield during World War II, but his entire career has been devoted to overcoming tyranny and bigotry. That this major event of the academic year should occur on September 11th is altogether appropriate. This will be a memorable occasion. All members of the Wofford community are invited and expected to attend.

What does it *really* take to be successful in the field of medicine? On September 23rd, one of the most talented and successful surgeons in the U.S. will answer that question as he shares his personal experiences during this hour-long presentation.

Dr. Barber will discuss the success factors in medicine that you may not have previously considered. How does a mentor, a spouse, or a partner impact your success? What are the keys to work-life balance?

He will also discuss how he started and why medicine is one of the greatest callings a person can answer. Finally, you will hear engaging stories about how rewarding a career in medicine can be in the form of thanks and gratitude received from patients.

Dr. Barber has been featured on CNN, authored numerous publications, and published a video for Time Life Books and Surgeon General C. Everett Koop. He was the first surgeon in the U.S. to perform an advanced technique for breast cancer surgery and also the first surgeon in the U.S. to write national standards for credentialing new surgeons to perform laparoscopic surgery.

To: The Wofford Community  
From: President Dunlap and Dean Wood

President Dunlap and Dean Wood are proud to announce an initiative to achieve 100% voter registration of college employees for the 2008 election. Wofford College believes strongly that college communities have the opportunity and responsibility to be an important part of the democratic process. To that end, the college will organize faculty and staff volunteers to assist all employees with the information and forms they need to register to vote by the October 4th deadline. In addition, the college will encourage employees to carry the momentum forward, inviting and helping friends and neighbors in their own home communities to register as well.
