DISCLAIMERS AND COMPLIANCE INFORMATION
While Wofford College reserves the right to make changes in its calendar, regulations, fees and expenses, and courses, the information in this Catalogue accurately reflects policy and states progress requirements for graduation effective September 1, 1985.

The College makes every attempt to enforce the provisions of the Family Educational Rights and Privacy Act of 1974. This law, as it applies to institutions of higher learning, ensures that students have access to certain records that pertain to them. It prohibits others, except faculty members or administrators who have "a need to know" and parents who claim their student as a dependent for tax purposes, from access to the student's records, unless that student signs a waiver. A policy statement is available upon request from the Registrar.

Wofford College's policy of non-discrimination on the basis of race, color, religion, national origin, sex, handicap, and age is in conformity with applicable federal laws and regulations.

Purpose Of The College

Founded in 1854 and related to the United Methodist Church, Wofford College is a privately supported four-year liberal arts college of approximately one thousand undergraduate men and women students.

The purpose of Wofford College is to function as a liberal arts institution of superior quality. Its chief concern is the development of an intellectual, spiritual, and aesthetic atmosphere in which serious and inquiring minds of students and faculty alike will be challenged to a common search for truth and freedom, wherever that search may lead, and in which each person may become aware of his or her own individual worth while aspiring to high standards of learning and morality.

In such an environment all members of the Wofford community should develop intellectual curiosity, independence of thought, maturity of judgment, self-discipline, religious faith, and moral character so that they will be ever sensitive to the duties and responsibilities of good citizenship and render effective leadership and generous service to the communities in which they live.

This concept of liberal education is in harmony with the ideals of the United Methodist Church, to which the college is related, and should lead to a Christian philosophy of life among all who study and teach and work here.

Adopted by the Faculty, September 10, 1965, and the Board of Trustees, October 5, 1965.

History Of The College

One of fewer than two hundred existing American colleges which opened before the Civil War, Wofford was founded in 1854 as a result of a bequest of $100,000 to the Methodist Church from a Spartanburg minister and businessman, Benjamin Wofford. The College's original Main Building with its distinctive twin towers remains in use today, and is listed in the National Register of Historic Places, along with four campus homes.

Wofford's first century was blessed by two outstanding presidents, both nationally recognized as educational leaders. James H. Carlisle, who headed the College from 1875 to 1902, was a man devoted to the idea of a liberal and Christian education, and made this spirit his legacy to the College. His successor, Henry Nelson Snyder, built on this firm foundation to give Wofford a reputation for academic excellence that was recognized in 1941 with a charter for a chapter of Phi Beta Kappa. Of almost 2,000 four-year colleges and universities in the United States, only 243 are Phi Beta Kappa schools, and only three of these are in South Carolina.

During the great era of higher education expansion after World War II, Wofford prospered. Around a core of historic buildings rose imposing new structures including the versatile Campus Life Building and the modern Sandor Teszler Library. Wofford Terrier athletic teams, with strong financial support from alumni and the Spartanburg community, competed successfully against much larger schools. Academic innovations included a January Interim, which gave students the freedom to pursue a variety of educational opportunities both on campus and around the world. Once a men's college, Wofford voluntarily opened its doors to racial minorities in the 1960s and to women in the 1970s. At the same time, the College remained true to its classical-college heritage by deliberately limiting enrollment to 1,000 undergraduates and refusing to step back from its emphasis on being "a liberal arts institution of superior quality."

In the 1980s, under President Joab M. Lesesne, Jr., Wofford faces the future with many strengths. The College has an outstanding faculty, a dedicated and talented administrative staff, and a bright and diverse student body. Most important of all, Wofford has a roster of outstanding alumni, including five Rhodes Scholars, four Truman Scholars, and almost 40 college presidents; a host of government leaders at every level, including more than 150 members and former members of the South Carolina General Assembly, fourteen generals and four admirals; and numerous leaders in medicine, religion, law, education, and business. Surely, Wofford's Latin motto, Intaminatis Fulget Honoribus ("Untarnished, she shines with honors"), has never been more true than it is today.

The Sandor Teszler Library

The Wofford library collections are housed in the Sandor Teszler Library, a three-level, air-conditioned building with seating accommodations for 385 readers. In service since the fall of 1969, the building was dedicated in 1971 and named for Sandor Teszler, a well-known textile leader.

The library's resources and materials—journals, periodicals and newspapers, microforms, audiovisual materials, books—are acquired and maintained to sustain the College's educational programs, to support research activities, and to provide access to information of current and continuing importance.

There are more than 200,000 volumes in the general collections, including bound journals and microfilmed materials. In special collections there are some 10,000 volumes, including important scholarly books of the 16th and 17th centuries.

Also housed in the library are the Wofford College Archives and the records and historical material of the South Carolina Conference of the United Methodist Church.

The various departments of the library are under the supervision of professional librarians, who are available to assist library users in locating material and in fully utilizing the library's resources.

Accreditation

Wofford was one of nine colleges which met in Atlanta in 1895 to form the
Southern Association of Colleges and Schools, and is fully accredited by this regional body today. The teacher education program is accredited by the South Carolina Department of Education under NASDTEC standards.

**Phi Beta Kappa Society**

Wofford is one of two private colleges in South Carolina with a chapter of Phi Beta Kappa. The College was granted its Phi Beta Kappa Charter in 1941. Eligibility for membership in the Phi Beta Kappa Society is based upon scholarly achievements, high character, and special extracurricular intellectual attainments.

**Degrees**

The College grants the degrees of Bachelor of Arts and Bachelor of Science, and also confers appropriate honorary degrees.

**The Academic Program**

The academic program is the primary means by which Wofford College seeks to realize its purpose. Study in a liberal arts curriculum is thought to be the most effective experience for developing persons' ability and motivation for lives of service and fulfillment. Liberal arts education emphasizes general knowledge and intellectual skills. It acquaints the student with the best of our cultural heritage and develops the abilities to think, to learn, to communicate, to judge, to adapt, and to solve problems. In a Christian community liberal education also promotes character, appreciation of values, and mature ethical choices. Such general knowledge, abilities, and appreciations are practical for careers of leadership and service and meaning.

The College recognizes that its stated purpose requires its students (1) to acquire knowledge of themselves, the environment, and social institutions and relationships; (2) to become competent learners; and (3) to discover a motivation for learning throughout their lives. The distinctive feature of a Wofford education is that it deals with attitudes and values, as well as with facts and skills, in an atmosphere of Christian community. Wofford has modified its programs to include new and relevant material and approaches, but there has been little, if any, change in Wofford's concept of the purpose of and the reason for a liberal education.

**The Curriculum**

Courses of study at Wofford express the College purpose and philosophy. The curriculum combines the traditional and the experimental. It exposes students to a broad range of knowledge and provides opportunity to achieve expertise in one or two fields.

**General Requirements**

All students are required to complete a core of general requirements to insure a broad exposure to our intellectual heritage. These studies are in English, fine arts, foreign languages, science, history, philosophy, religion, and physical education.

**Fields of Concentration**

The curriculum also provides that students, after completing the core of general requirements, major in one of several fields: accounting, art history, biology, business economics, chemistry, economics, English language and literature, finance, foreign languages, government, history, humanities, intercultural studies, mathematics, philosophy, physics, psychology, religion, and sociology. Course work is available also in seven fields in which majors are not offered: computer science, education, geology, military science, music, theatre, and physical education.

**Interim**

The academic year at Wofford is divided into three parts: a fall semester of four months; the Interim, which occupies a winter month between the two semesters; and a spring semester of four months.

The Interim program at Wofford frees faculty members and students from many of the usual class commitments of the semesters and permits each to concentrate for a month on a single study project of his or her choosing. Interim projects are designed to move beyond traditional classroom courses and teaching methods, to consider important topics in relevant ways and places, to observe issues in action, to develop capacities for independent learning, and to encourage the responsible self-direction of educational development.

In the semesters, students and faculty take part in an educational program that seeks to embody and build upon the best accepted and proved traditions for offering and obtaining a liberal education. While that itself involves substantial use of new materials and new approaches at Wofford, innovation and experiment are the keystones of the Interim. The Interim permits and encourages teachers and students to explore the new and untried, and in so doing to run risks that could not be justified in the semesters.

The combination of these two approaches, each with its own particular merits, offers students and faculty at Wofford the benefits of both.

Upon successful completion of an approved Interim project, the student is awarded four hours of credit toward graduation. The "grade" designations of Pass with Honors, Pass, and Fail are used in noting the quality of students' Interim work and accomplishments, and this system of evaluation, as well as the general philosophy of the Interim, allows students to participate in Interim...
projects for which they may not have full background, without incurring great risk of damaging the over-all picture of their academic performance.

Pre-Professional Preparation

Many students attend Wofford in order to prepare themselves for professional and other careers. The curriculum provides sound background for the world of work or for study in graduate or professional schools. Pre-professional advisors at Wofford assist students in planning a program of study appropriate to their interest. Pre-professional programs provided by the Wofford curriculum are: law, medicine, dentistry, veterinary science, engineering, and ministry. The program in education leads to secondary certification in biology, chemistry, English, French, Spanish, mathematics, physics, and social studies.

While selected combinations of courses may be recommended for specific objectives, any of the traditional disciplines is sound basic preparation for the world of work. For this reason, pre-professional students are expected to complete a major as part of their study.

Advanced Placement

Wofford grants advanced placement to students who have successfully participated in the Advanced Placement Program of the College Entrance Examination Board. This is a program of college-level courses and exams for secondary school students. Wofford awards credit and exemption to students whose AP examination grades are acceptable (see section on admissions). Study in AP courses increases students' chances of success in college. Wofford encourages enrollment of students with AP credits.

Cooperative Education

The Cooperative Education Program (Co-Op) is an educational opportunity combining study toward the Wofford degree with management training in business or industry. In most instances the program calls for students to alternate periods of full-time work and study, usually two semesters at work with one to three semesters of school in between. No academic credit is awarded for the period of training, but the combination of academic and management training provides exceptional preparation for careers.

Army Reserve Officer Training Corps

Completion of the ROTC program at Wofford College earns men and women commissions as second lieutenants in the Regular Army or the United States Army Reserve. The program prepares students for all branches of the Army, except for those requiring additional study on the graduate level (medical corps, for example). Delays may be granted to students who wish to attend graduate or professional school.

Participation in ROTC at Wofford is voluntary. It should be of interest, however, that among colleges and universities which offer ROTC on a voluntary-participation basis, Wofford has consistently been a leader in the percentage of students enrolled in the ROTC program. In academic year 1984-85, for example, almost a third of the Wofford student body participated in the program. Uniforms, textbooks, and equipment required for the ROTC program are provided at no expense to the student. For ROTC scholarship students, the Army pays tuition and certain other expenses (see Catalogue section on financial aid). The normal four-year sequence of ROTC instruction is divided into the Basic Program and the Advanced Program.

The Basic Program is normally taken during the freshman and sophomore years. It involves no obligation for military service. The four courses in the Basic Program are intended to introduce the student to military customs and organization, familiarize the student with selected weapons, and develop leadership. These courses combine for a total of six credit hours, all of which may be applied toward graduation.

The Advanced Program is offered for students selected on the basis of leadership potential who meet the academic and physical standards and who have successfully completed the six credit hours in the Basic Program. (Satisfactory completion of a six-week basic camp in the summer after the sophomore year, or suitable prior military experience, or three years of JROTC may substitute for the Basic Program for this purpose.) The Advanced Program, normally taken during the junior and senior years, offers a maximum of twelve credit hours. The four courses include instruction in leadership, tactics, military
law, administration, and exercise of command. Advanced Program cadets receive a tax-free allowance for ten months of the academic year, and are also paid during the six-week summer camp they are required to attend between the junior and senior year.

The Advanced Program cadet may elect to enter active duty for three years or participate in the Reserve Force Duty Program (RFD) as means for fulfilling the incurred obligation for military service. Under the RFD program, the student will be commissioned in either the National Guard or the U.S. Army Reserve for a total of eight years, during which time he or she attends monthly paid drill periods.

In addition to the Basic and Advanced Programs of classroom instruction, the Military Science Department at Wofford sponsors numerous extracurricular activities which are designed to complement skills learned in the classroom. Participation is voluntary and no academic credit is awarded. The activities presently offered are Rifle Team, Special Forces/Rangers, a chapter of the national military honor society of Scabbard and Blade, and adventure activities such as rappelling, orienteering, and mountaineering.

Cooperation With Other Institutions

The academic programs offered at Wofford are supplemented by a cooperative cross-registration arrangement between Wofford and neighboring Converse College. Students at either institution may register on a space-available basis for certain courses offered at the other college, and thus the number and types of courses available to students are considerably increased, efficient use of educational resources is developed, and a fuller relationship between two colleges of similar purpose is fostered.

In addition, Wofford has joint programs with Columbia University and Georgia Institute of Technology in two-degree, five-year curricula in liberal arts and engineering, and a cooperative program with the Emory University School of Nursing.

Further information about these programs is available elsewhere in the Catalogue or in the office of the Registrar or of the Dean of the College.

Foreign Study Opportunities

Qualified students are urged to consider opportunities for travel and study in other countries. A variety of foreign study programs are available which offer an invaluable addition to the Wofford education.

When the foreign study program calendar precludes the student's participation in the Wofford Interim, satisfactory completion of an approved foreign study program will stand in lieu of successful Interim participation for that year.

Wofford Programs for Foreign Study

Wofford College, as a member of the Council on International Educational Exchange, joins with other U.S. institutions in sponsoring cooperative study centers in France (University of Haute Bretagne, Rennes, Brittany) and Spain (Universities of Seville and Alicante).

These centers offer the following general and specialized programs:

**SPAIN**

**Seville: Liberal Arts**

Courses: Spanish language and literature, economics, fine arts, history, political science, sociology; teaching of English as a second language; 16-20 credit hours. Minimum language preparation: five semesters of college-level language or equivalent.

**Seville: Language and Society**

Courses: Spanish language and society, civilization and art, contemporary theater, politics; 12-16 credit hours. Minimum language preparation: three or four semesters of college-level language or equivalent.

**Alicante: Language and Area Studies**

Courses: Spanish language and area studies, Spanish history, contemporary society, culture and arts, international business and commerce; 16 credit hours. Minimum language preparation: one or two semesters of college-level language or equivalent.

**FRANCE**

**Rennes: Undergraduate Program in Brittany**

Courses: French language, literature, and culture, history and art, directed teaching of English at secondary level; 16-20 credit hours. Minimum language preparation: four semesters of college-level language or equivalent.

In addition to the minimum language preparation mentioned above, basic admission requirements for these programs include a 2.75 overall grade-point average, and a 3.0 grade-point average in the student's major area (not necessarily a foreign language). Credits in these programs are awarded by Wofford and are thus included in the computation of a student's cumulative grade-point average. Program costs are comparable to those of attending Wofford, plus international travel expenses; Wofford financial aid may be applied toward program costs.

Interested students should consult the Chairman of the Department of Foreign Languages for further information and application forms.
Other Foreign Study Programs

Wofford students may apply directly to other American colleges and universities which sponsor a wide variety of academic-year and summer foreign study programs in Europe, Latin America, Asia, and Africa. Interested students may consult the Department of Foreign Languages for information. Credits earned for courses in these programs may be accepted as transfer hours at Wofford if passed with a grade of C or higher. (Transfer credits do not affect the student's cumulative grade-point average.) Interested students should consult the Registrar at Wofford.

Wofford students have access also to various other opportunities for foreign study, such as travel/study projects in the Interim and a variety of occasional summer institutes.

Summer Session

The Summer Session, conducted in two terms of five weeks each, begins each year in early June and ends in mid-August. (Specific dates are indicated in the calendars appearing in this Catalogue.) The summer academic program reflects the same general purpose as that of the fall and spring semesters. It also provides special advantages in allowing both current and new students an opportunity to accelerate their work toward the bachelor's degree, in permitting students to make up academic deficiencies they may have incurred, and in providing an opportunity for rising high school seniors to take college courses and earn college credits during the summer. The Summer Session also provides for teachers and other professionals the opportunity to take undergraduate work for certification and recertification.

In each term, summer courses normally meet five times weekly, Monday through Friday, in daily class sessions of one hour and forty minutes per course. In addition, science courses have laboratories three afternoons a week. Most summer courses carry credit of three or four semester hours each, and students may undertake a maximum of two courses per term.

The certifying bodies of the various states have their own rules for granting professional credits toward teachers' certificates, and teachers should acquaint themselves with these rules before enrolling in the summer courses. The State Department of Education in South Carolina has established requirements which specify in some detail the educational training for certification. It should be noted that these requirements include professional courses in education and specialized training in content or subject matter.
The Deans and the Registrar exercise general supervision over the student services program. Services are available through the admissions office, the financial aid office, the residence halls, counseling and advising programs, health facilities, the office of the campus minister, and the center for career counseling, cooperative education, and placement. All of these are intended to help meet the needs and develop the capacities of students.

The student activities program is coordinated by the Campus Union through the office of the Dean of Students. All funds for student activities are allocated through the Campus Union. The Student Affairs Committee, composed of faculty and students, approves and regulates all student organizations.

Orientation

Because it is important that new students come to appreciate as soon as possible that they are members of the campus community and that such membership brings certain responsibilities and opportunities to them, Wofford conducts programs of orientation for freshmen and transfer students. During the periods of orientation, which are held in September and, on a lesser scale, in February, participation in a variety of planned activities and processes enables new students to become acquainted with each other and with upperclass student leaders, faculty members, advisors, the educational program, campus facilities, and Wofford traditions, standards, and policies.

The orientation programs are planned by a college committee of faculty members, students, and administrators, and are carried out under the supervision of the Dean of Students.

Guidance and Counseling Programs

Center For Career Services
(Counseling, Cooperative Education, Placement)

The Center offers a number of career services. It provides career guidance and counseling for Wofford students and prospective Wofford students; makes available to Wofford's constituencies a variety of information on the career relevance and importance of liberal arts studies; offers vocational preference testing; provides Wofford faculty advisors with career information which they may impart to their advisees; and maintains a collection of publications on careers and vocations. The Director also coordinates the Cooperative Education Program, an arrangement which permits students to work toward completion of degree requirements and of a management training program concurrently. This opportunity is described more fully elsewhere in this Catalogue.

The Center helps seniors and graduates locate employment positions in fields appropriate to their interests and abilities. Students seeking placement are invited to register with the Center early in their senior year. When they have done so, they have access to the Center's various services, which include assisting with the preparation of credentials, providing information regarding job opportunities, developing contacts with prospective employers, and arranging interviews with representatives of various businesses and industries which are invited to the campus.

The Office of the College Counselor and Campus Minister

The Office of the College Counselor and Campus Minister conducts a wide range of counseling and ministering activities. Ministry is available to all persons in the College community (students, faculty, administration, staff, non-academic employees, and parents). The Office administers programs which involve students in Christian service and witness.

Testing

Wofford College provides testing services to assist all students in realizing their potential. Vocational, aptitude, ability, and personality tests assist students in assessing their capacities and direction in life in order that they may take wise advantage of their academic and career opportunities.

Students interested in such testing should consult the Director of Career Services.

Faculty Advising for Freshmen and Sophomores

Before arriving at the College, each new student is assigned to a faculty advisor for the first two years at Wofford. Before each registration, freshmen and sophomores plan their academic programs with the assistance of their advisors, who are also available throughout the year to help with curricular or non-curricular guidance.

In order to take full advantage of advisors' abilities and interests in assisting them with sound, helpful counsel in the critical first two years of college, freshmen and sophomores should feel free to initiate contact with their advisors on any matters with which they need help.

Departmental Advising

Toward the end of the sophomore year, students are to specify the academic department in which they intend to major. When that step is taken, a faculty member in the intended major department (normally the Chairman) becomes
the student's advisor for the junior and senior years. During that time, students can and should consult their departmental advisors on all matters concerning their majors and related work.

**Student Health Services**

The College maintains on campus an infirmary staffed by a registered nurse, with College physicians on call. Preventive as well as remedial attention is given.

The comprehensive fee paid by resident students entitles them to medical care by the College nurse or College physicians in ordinary cases of sickness and accidents. Bed care in the infirmary is available for a limited time for minor illnesses when necessary. The fee does not provide, and the College does not assume, the cost of X-rays, special medications, special nurses, consulting physicians, surgical operations, laboratory tests, treatment of chronic conditions, convalescence from operations, or care in other hospitals.

A voluntary health and accident insurance program is available. Each student will receive details on this program prior to registration each fall.

**Student Employment**

A limited number of part-time jobs are available on the campus. Students interested in on-campus employment should contact the Director of Financial Aid. Also, there are opportunities for part-time off-campus employment in Spartanburg. Students who are interested in securing such employment should consult with the Director of Job Development in the Financial Aid Office.

While many Wofford students hold part-time jobs, experience has shown that in the freshman year only the most able students can hold regular outside employment of more than 10-20 hours per week and at the same time do satisfactory academic work. The first-year student therefore should be guided accordingly.

**Financial Aid Services**

Financial aid services are available in the Financial Aid Office (see Catalogue section on Finances). In addition, the chairmen of the academic departments can assist Wofford seniors by providing information regarding scholarships, fellowships, assistantships, and other financial aid for study in graduate and professional schools.

**Residence Halls**

The College operates five residence halls accommodating approximately eighty percent of the student body. Residence hall life is an important part of the educational experience at Wofford.

While a few single rooms are available, most residence hall rooms are designated for double occupancy. The rooms are equipped with basic furnishings: single beds, mattresses, dressers, desks, and chairs. Residents are expected to supply their own drapes, pictures, bedspreads, rugs, and lamps if they wish to have them. In addition, residents are responsible for furnishing their bed linens, blankets, and towels; these may be rented from a private firm which offers its service on the campus.

Students, including freshmen, insofar as facilities permit, are assigned with requested roommates. They are assisted in developing the residential community by hall counselors who live on each floor. These student staff members are selected for their ability to assist and advise their fellow students. Each resident assistant is alert to the needs of students who have academic or other personal problems. They work with the Dean of Students to create an atmosphere conducive to the well-being of all students. All students are responsible for maintaining this atmosphere.

Students are expected to maintain financial responsibility for the loss of personal belongings through fire or theft.

**Religious Opportunities**

Wofford College is a Christian institution related to the United Methodist Church. It strives to create an atmosphere congenial to the development of Christian character. It insists that members of the faculty be persons of integrity and that they cooperate sympathetically in maintaining and developing the religious life of the campus. In the matter of academic instruction, the departments of religion and philosophy offer appropriate courses in Bible, ethics, and Christian history and thought. In their own religious development, students receive encouragement and guidance from the faculty, worship services, religious programs and frequent public lectures, periods of religious emphasis, and the activities of student religious organizations.

**Student Regulations**

Wofford's regulations and policies regarding campus life and student conduct are stated in the Wofford College Student Handbook. Included are statements on such matters as the use of alcoholic beverages, the prohibition of illegal drugs, the campus judicial system, the rights of due process, and policies
regarding academic discipline and class attendance. The Handbook also contains in full the Code of Student Rights and Responsibilities. The Handbook is distributed to all students at the beginning of each academic year; all are expected to become familiar with the information in the Handbook and to keep it available for reference.

Automobile Regulations
A motor vehicle operated on campus must be registered with the Public Safety Department within two working days after the vehicle is brought on campus. At the time of registering a vehicle, the operator will be given a copy of campus parking and traffic regulations, with which all are expected to be familiar and in compliance.

Residence Regulations
All single full-time students, except those commuting daily from their homes or homes of relatives (i.e., grandparents, aunts, uncles, or married brothers and sisters) are required to live in the College residence halls and to take their meals in the College dining hall. Exceptions may be granted by the College, upon application, in the following cases:
1. A student who is in active military service or who is a veteran of two years of military service.
2. A student who is regularly employed thirty-five hours or more each week and whose schedule would make living in the residence halls or taking meals in the dining hall impractical.
3. A student who for reasons of health, certified by a physician or practicing psychologist, cannot accommodate to residence hall living or who cannot receive a proper diet in the dining hall.

Students taking fewer than nine hours in a semester must have special permission from the Dean of Students to live in the residence halls.

Each resident student must pay a $50 security deposit which is held by the College as long as the student resides in College housing. When there are residence hall damages for which students are responsible, the students will be charged for them and the charges will be deducted from their deposits. At the time a student ceases to reserve or reside in College housing, the balance of the deposit becomes refundable.

Resident students who wish to retain rooms for another year must notify the Director of Housing in writing and make a $100 room reservation deposit (as announced by the housing office) to obtain a room assignment for the next year. This deposit is refunded if the Director of Housing is notified in writing prior to June 1 that the student does not plan to return to the dormitory to live.

Student Activities
Wofford maintains a program of student activities which complement and support the academic program in achieving the College’s purpose. The Dean of Students administers the activities program.

Organizations
Formal recognition of student organizations may be granted upon application to the Student Affairs Committee. Named and described below are the organizations which are currently recognized.

Wofford College Campus Union: To coordinate the various aspects of campus life through the student assembly and its committees.
The social fraternities for women at Wofford are:

- Kappa Delta
- Delta Sigma Theta
- Zeta Phi Beta

Repreented at Wofford are three sororities affiliated with the National Pan Hellenic Conference. These are not Wofford College organizations, but there are chapters in the local area which accept members from all area colleges:

- Alpha Kappa Alpha
- Delta Sigma Theta
- Zeta Phi Beta

Musical Organizations

- Glee Club: To give qualified students the opportunity to develop and use choral music skills. The Glee Club makes numerous public appearances and participates in a spring tour.
- Concert Choir: A co-educational choral group which often appears with the Glee Club in addition to making separate public appearances.
- Pep Band: Designed to give students with previous instrumental experience an opportunity to develop their musical skills through rehearsals and public appearances.
- Wofford Singers: A show choir composed of selected students who perform regularly for College and civic functions.

Social Fraternities

Interfraternity Council is the executive body for seven of the eight national Greek fraternities on campus. The Council arbitrates fraternity disputes and handles all interfraternity social affairs in addition to administering fall rush.

The social fraternities for men at Wofford are:

- Alpha Phi Alpha
- Kappa Alpha
- Omega Psi Phi
- Pi Kappa Alpha
- Pi Kappa Phi
- Sigma Alpha Epsilon
- Sigma Nu

The Wofford College Panhellenic Council is composed of representatives from all eligible women's fraternities and sororities on campus. The Council (delegates from each chapter) is responsible for local panhellenic operation in accord with National Panhellenic Conference policies and procedures and for developing and maintaining fraternity life and interfraternity relations at a high level of accomplishment.

The social fraternities for women at Wofford are:

- Kappa Delta
- Zeta Tau Alpha

Athletics

Intramural Sports: This program provides for the organization and participation of intramural teams in various sports, including softball, touch football, basket ball, racquetball, tennis, and volleyball. All students are urged to participate in these sports because of their influence upon the building of healthy bodies and the development of character.

Intercollegiate Athletics: A program of intercollegiate athletics is recognized by Wofford as an important part of college life. The College believes in high amateur standards for intercollegiate athletics, and as a member of the National Association of Intercollegiate Athletics, conforms to the rules and requirements of that association. Wofford fields intercollegiate teams in football, basketball, baseball, tennis, golf, soccer, riflery, and volleyball.

Publications

The College Committee on Publications exercises financial control over the three principal student publications and elects their editors-in-chief and business managers. In addition, the Committee is at the service of the student staffs for suggestions or advice concerning their work.

Publications under the jurisdiction of the Committee are the Old Gold and Black, a campus newspaper; the Journal, a literary magazine; and the Bohemian, a yearbook.

The publications afford excellent training in journalism and in business management to those students who have special aptitude in those fields. Interested students are assisted and encouraged by the faculty in their efforts.

The Old Gold and Black, edited by the students, presents reports of news and happenings on the campus, together with editorial comments and interpretations of matters of special interest to students.

The Journal, established in 1889, is a magazine intended to represent the best intellectual life of the student body. It publishes stories, poetry, essays, drawings, and photographs. The method of treatment is literary in character. It is published once or twice during the school year.

The Bohemian is an illustrated volume published annually near the close of the year by the student body. It is a record of student activities and achieve-
ments for the year — literary, scholarly, athletic, social, and religious — and it includes photographs of various college organizations, campus scenes and buildings, and individual students, faculty, and staff.

Rules governing student publications are printed in the Code of Student Rights and Responsibilities.

**The William James McLeod Award:** A silver bowl and an honorarium presented annually to a graduating senior whose leadership contributions at Wofford College best typify the ideals of dedicated and responsible service exemplified by the life of William James McLeod, who was a merchant and
The farmer of Lynchburg, South Carolina, known for his service to his nation as an infantry officer, his state as a public official, the church as a Methodist layman, and Wofford College as a member of its first Board of Advisors from 1888 to 1890.

The Charles J. Bradshaw Award: A silver bowl presented annually to the senior varsity athlete whose academic, leadership, and citizenship contributions at Wofford College best typify the ideals and contributions of Charles J. Bradshaw, student body president in the Class of 1959, whose example as parent, churchman, public-spirited citizen, and practitioner of the American business system has brought honor to his alma mater.

The President's Award: Given in those years in which a senior has made unusual contributions to the College.
Wofford College admits men and women of good character who demonstrate the potential for successful academic work at Wofford. The College seeks students who are ready to assume responsibility for their personal behavior for their learning and who will contribute to the campus community. Wofford seeks students from diverse racial, cultural, economic, and geographic backgrounds.

**Dates Of Entrance**

Freshmen and transfer students may enter the College in September, January (Interim), February, June, or July.

**Application Procedures**

Students should write to the Director of Admissions for information on application procedures. Wofford's application packet, included in the Viewbook, contains all the necessary forms and instructions.

1. All persons seeking admission must complete the Application for Admission which is to be submitted to the Admissions Office with a $30 non-refundable application fee.

2. Transcripts of previous academic work are important indicators of academic potential. Applicants for the freshman class must have transcripts of their high school records sent to Wofford directly from the high schools attended. Transfer applicants must submit high school transcripts, college transcripts, and Information on Transfer Students form (obtained from the Admissions Office and completed by an official of each college attended).

3. The results of a student's performance on standardized tests are helpful in assessing potential for success at Wofford. All freshman and transfer applicants are required to submit the results from their performance on the Scholastic Aptitude Test (SAT) or the American College Testing Program (ACT). Achievement Tests in two fields of interest are recommended, but not required.

4. An evaluation from the guidance counselor is required for all freshman applicants. It should be sent to the College by the high school. In addition, it is helpful to have a letter of recommendation from a teacher or other respected adult who knows the applicant well. These may be sent to the Director of Admissions for freshman and transfer applicants.

After November 1, the Committee on Admissions acts on applications when they have been completed (as soon as application forms, fees, transcripts, test scores, and guidance counselors' evaluations have been received), and applicants are notified of the Committee's decision directly thereafter.

To help the College plan and to reserve a place in the class, accepted students who intend to enroll at Wofford are requested to notify the Director of Admissions as soon as possible. A written acceptance of admission must be accompanied by a $150 deposit for resident students and a $100 deposit for commuting students. Reservation deposits, credited against comprehensive fees for the first semester, are not refundable after May 1.

A Medical History and Physical Examination Form will be mailed at the time of acceptance. This form must be completed by a physician and mailed to the Admissions Office before the student enrolls in the College.

**Personal Interviews And Campus Visits**

Although the admissions process does not require personal interviews, they are helpful. Applicants and other interested students are urged to visit the campus and talk with representatives of the College. Visitors can be served more effectively if arrangements are made in advance. Interviews may be scheduled for weekdays from 9 a.m. to 4 p.m. and for Saturdays from 9 a.m. to noon. The Admissions Office telephone number is (803) 585-4821, extension 275. The office is located in the Hugh S. Black Building.

Twice a year the College holds hospitality visitation programs for invited high school juniors and seniors. Interested students and parents should contact the Director of Admissions for further information about these and other opportunities for visiting the campus.

**Requirements For Admission**

Students should prepare for the challenges of Wofford by taking a strong academic program in high school. Applicants should be in the senior year of high school, and normally must be high school graduates when they enroll at Wofford. While the College does not prescribe a rigid set of course requirements, it strongly recommends that applicants' high school study include the following:

- English: 4 years
- Mathematics: 4 years
- Laboratory Science: 3 years
- Foreign Language: 2 years
- Social Studies: 2 years

1985-87
Each applicant is judged on his or her merit as a potential Wofford student. In reaching each of its decisions, the Committee on Admissions pays particular attention not only to the applicant’s high school or college program, but also to class rank, test scores, grades, extracurricular leadership, and recommendations from the guidance counselor and the Wofford admissions counselor.

In unusual circumstances the College will admit applicants who desire to enter college without having previously obtained a high school diploma. Such applications are carefully reviewed by the Committee on Admissions, and admission may be granted on evidence of superior ability and maturity. Other persons who have obtained, by means other than the normal procedure, the equivalent of the requirements for admission will be considered on an individual basis.

College Study Opportunities For High School Juniors And Seniors

Wofford College makes it possible for qualified students to combine high school study with the freshman year in college in two ways.

For rising high school seniors, Wofford College offers the Summer Advancement Program. This is an opportunity for qualified students to attend Wofford, taking regular college courses, during the summer preceding their senior year. The experience acquaints them with college and can help in the selection of high school courses which will improve their background for future college-level work. Credits earned in the Summer Advancement Program may be applied toward the student’s record should he or she enter Wofford as a full-time student upon graduation from high school. Transfer to other colleges of credits earned in this program is subject to the approval of the other institutions. Eligibility for the Program is based upon high school academic performance and recommendations from guidance counselors and teachers, with additional consideration given to standardized test scores. Admission is granted on an individual basis, but a general guideline for eligibility is that the applicant should rank in the top quarter of his or her high school class. Application may be made by writing to the Director of Admissions. The Summer Advancement Program is offered within the same calendar, and for the same fees, as the Summer Session at Wofford.

In another way Wofford provides opportunity for high school students. Juniors and seniors are encouraged to take one or two courses each semester at Wofford. Credits earned in these courses are applied toward the degree at Wofford and may be transferred subject to the regulations of other institutions. Applicants for this program must be in college preparatory work in high school and must be recommended by their principal. Juniors must rank in the upper fifth of their class. Seniors must rank in the top fourth. The fee for taking Wofford courses through this program is $50 per semester-hour of work taken. If at a later time students want credits transferred to another college or university, they must pay the difference between the $50 per semester-hour fee and the regular charge per hour at the time they took the Wofford course(s). For those students who subsequently enroll at Wofford there will be no additional charge.

Transfer From Other Institutions Of Higher Learning

Candidates submitting evidence of studies successfully completed at other accredited institutions of higher learning may be considered for admission with advanced standing, provided they are eligible for readmission to the
Educational Opportunities For Non-Traditional Applicants

Wofford College encourages individuals who are beyond the traditional high school age and/or background, including military veterans or career military personnel, to pursue an educational program leading to an undergraduate degree. So that the College can outline specific academic programs and provide counsel in general, we urge people who are interested in these educational possibilities to confer on campus with the Director of Admissions and the Registrar, if possible, and to submit their credentials for evaluation in any event. Inquiries are welcomed by the Registrar, who provides the official evaluation of previously earned credits.
Fees

For each academic year, the College establishes comprehensive, or inclusive, fees for resident and commuting students. Comprehensive fees do not cover the entire cost of the College program. More than $1300 per student is provided each year from endowment and other investment earnings, and from annual gifts from United Methodist churches, alumni, parents, businesses, and other friends of the College. For the 1985-86 academic year, comprehensive fees were set at $7,920 for resident students, and $5,175 for day students.

The schedule for fee payment is as follows:

<table>
<thead>
<tr>
<th></th>
<th>First Payment Period</th>
<th>Second Payment Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident student</td>
<td>$4,400</td>
<td>$3,520</td>
</tr>
<tr>
<td>Commuting student</td>
<td>$2,875</td>
<td>$2,300</td>
</tr>
</tbody>
</table>

The first payment period includes the fall semester and the Interim. The fee is due prior to registration for the fall semester. A student who matriculates for the fall semester is responsible for payment for the entire period even if he or she elects not to attend the Interim. The second payment period is for the spring semester and payment is due prior to registration for that semester. The fee for students entering Wofford at the Interim and continuing through the spring semester is equal to that for the first payment period. It must be paid prior to matriculation for Interim.

The comprehensive fee includes tuition and student activities fees, and in the case of resident students includes room, board, and limited infirmary care. It provides for each student one copy of the college annual* and subscriptions to other student publications, admissions to home athletic events, and participation in all organizations and activities that are intended for the entire student body. No assessment by classes or by the student body can be made except by special permission of the Administration.

The comprehensive fee does not include the $50 security deposit which must be paid by each resident student. This deposit is held by the College as long as the student resides in college housing. When there are residence hall damages for which students are responsible, the students will be charged for them and the charges will be deducted from their deposits. At the time a student ceases to reserve or reside in college housing, the balance of the deposit becomes refundable.

The comprehensive fee also does not include coverage for the costs of travel, subsistence, or activities on foreign trips or other off-campus travel.

Students enrolled in courses totaling less than nine semester hours pay tuition on a credit-hour basis. The current charge per credit-hour may be obtained from the Registrar or the Business Office.

Persons other than full-time Wofford students are charged for auditing a course. The current charge may be obtained from the Registrar or the Business Office.

Summer fees are shown in the Summer Session brochure.

*The annual staff has the authority to make additional charges for personal photographs which appear in the yearbook.

Regulations Regarding Payments

1. All students must pay comprehensive fees before registering, and resident students must pay before being permitted to occupy college housing. Payment of fall semester fees by August 15 and spring semester fees by January 15 is recommended in order to avoid delays in registration or room assignments. Any scholarships or grants are credited to students' accounts at the beginning of each semester.

2. Return of any portion of the comprehensive fee will be made only in case of permanent withdrawal or other separation from the College and on the following basis:

<table>
<thead>
<tr>
<th>When the Student Has Been Enrolled</th>
<th>Portion of Refundable Comprehensive Fee Returned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Two weeks or less of the semester</td>
<td>80%</td>
</tr>
<tr>
<td>From two to four weeks of the semester</td>
<td>60%</td>
</tr>
<tr>
<td>From four to six weeks of the semester</td>
<td>40%</td>
</tr>
<tr>
<td>From six to eight weeks of the semester</td>
<td>20%</td>
</tr>
<tr>
<td>Over eight weeks of the semester</td>
<td>0</td>
</tr>
</tbody>
</table>

Room assignments are made on a semester basis. Therefore, there will be no refund of the portion of the comprehensive fee applicable to "room."

3. The Student Handbook explains policies related to fines, returned checks, and other miscellaneous charges which students may incur. Students who do not clear all debts to the College in accordance with stated policies will be separated from the College.

4. Transcripts will not be issued by the Registrar to or for students or former students who have not settled all financial obligations to the College, including timely payment of any loan fund notes.

5. In all laboratory courses, students are required to pay the cost of replacement of apparatus and materials broken or damaged.

Reservation Deposits

Both resident and commuting students are required to pay deposits to reserve their places in the student body for the next year. The amount of the required deposit is $150 for resident students and $100 for commuting students. The deposit is credited to the student's account and is therefore deducted from the comprehensive fee due at the time of payment for the fall semester.

Reservation deposits made by entering freshmen and transfer students are non-refundable after May 1.

Currently enrolled students who plan to return to the College for the fall semester are expected to pay their reservation deposits in the spring semester by the announced due date. No student may pre-register for fall semester courses unless the deposit has been paid. And in the case of resident students, room assignments for the fall semester will not be made before the deposits are paid. Because campus housing space is in demand, there are no guarantees
that rooms will be available for those who do not pay the deposit by the due date. Reservation deposits by currently enrolled students are refundable if the Dean of Students is notified in writing prior to June 1 that the student does not plan to return for the fall semester.

Financial Assistance

Wofford College helps many students meet their educational expenses. Wofford's financial aid program is supported by federal and state funds, by gifts from friends, and by the College's own resources. The aid program policies, and procedures are described in detail in a financial aid brochure available from the Admissions Office or the Financial Aid Office.

Most assistance at Wofford is awarded on the basis of financial need, but significant amounts are awarded on the basis of scholarship, academic ability, or career plans. Application for financial aid should be made through the Financial Aid Office, which will seek to arrange a grant, scholarship, loan, or employment, or a combination of these for which the student is eligible. Applicants for aid based on financial need must submit the financial information necessary to determine the assistance for which they are eligible. Appropriate forms are distributed by the College Scholarship Service and may be obtained from high school guidance offices or from the financial aid office at any college or university.

Through generous gifts by friends of the College, a number of academic scholarships have been established. The criteria for the scholarships vary, but most require recipients to maintain a grade-point average of 2.75 and demonstrate financial need not met by other scholarships or grants. Good citizenship is required to maintain any College scholarship.

During the semesters and Interim, aid is available in the form of scholarships, employment, and loans. Aid is limited for summer school although loans and work are sometimes available. Pell Grants may be used during the summer, although students are encouraged to spend that entitlement during the regular semesters. Wofford scholarships normally are not available in the summer. The exception may occur for students enrolled in Wofford's Cooperative Education Program if these students do not use their scholarship because they are working during a regular semester, they may use it to help meet their expenses for summer terms. A participant in Cooperative Education should consult the Director of Financial Aid on working out the details of his or her budget and aid for each year.

Aid based upon financial need may not be awarded in excess of the amount the student needs for educational expenses. For resident students, no Wofford scholarship or grant, or combination of grants which includes one from Wofford, may exceed the comprehensive fee; and normally, for commuting students, none will exceed tuition and fees. If a student's need is greater than these limits, the need may be met with a loan or work award.

Rule On Satisfactory Academic Progress

In order to receive aid from the federal aid programs (Pell Grants, Supplemental Grants, College Work-Study, National Direct Student Loans, Guaranteed Student Loans, Parent Loans for Undergraduate Students) or from aid programs funded by Wofford College and controlled by the Financial Aid Office, a student must not owe a refund on federal grants received, must not be in default on a loan from a student loan fund, and must maintain satisfactory progress in his or her course of study.

Satisfactory progress requires that the student's grades be above the level for exclusion. Academic exclusion is determined on the basis of the student's cumulative grade-point average, as explained elsewhere in this Catalogue.

In addition, satisfactory progress requires the student to earn 24 semester hours each academic year (September-August) if enrolled full-time. For the part-time student, the requirement of hours earned for satisfactory progress will be prorated based on the basis of the student's enrollment status (half-time, three-quarter-time, etc.). A student should consult the Director of Financial Aid to determine the number of hours required in his or her individual case.

Upon re-entering the College, the excluded student may re-establish satisfactory progress by earning grades which are high enough to bring the cumulative grade-point average above the exclusion level or by earning a 2.0 on at least 12 hours. The student will not be given federal or College funds controlled by the Financial Aid Office until that has been done. For this purpose, the student will be evaluated at the midpoint of the regular semester in which he or she re-enters the College, and if satisfactory progress has been re-established, payment of aid for which the student had otherwise been eligible will be made retroactively for the whole semester, provided funds are available at that time. If satisfactory progress is re-established in a summer term, the student is not eligible for aid until the beginning of the next term or the next semester. Awards will then be made if funds are available.

Further, awards to students of federal funds and Wofford funds controlled by the Financial Aid Office will be limited to ten semesters of enrollment (two summer terms count as one semester). Eligibility for less than full-time students will be prorated. For loan programs there are maximum amounts which can be borrowed while pursuing an undergraduate degree. Certain College funds (academic scholarships, tuition remission benefits, ministerial grants, and grants to sons and daughters of Methodist ministers) are limited to eight semesters.

Exceptions to exclusion granted through the appeal process to the Registrar will not reinstate financial aid until the student has re-established satisfactory
progress as outlined above. If a student feels that there are extenuating circumstances and wishes to appeal the withdrawal of aid, he or she must file a request in writing to the Director of Financial Aid within ten (10) days of being notified by the Director that he or she is no longer eligible for financial aid. The appeal will be reviewed by the Financial Aid Committee, and the student will be notified of the Committee's decision. The Financial Aid Committee is composed of the Director of Admissions, the Director of Financial Aid, the Dean of the College, and one faculty member.

Grants and Scholarships

The Scholars Programs — A number of major four-year scholarships ranging in value from $1,000 to almost $8,000 per year are awarded annually to selected incoming freshmen on the basis of exceptional scholarship and leadership. Financial need is not a consideration. Unless otherwise specified, the selection of the recipients of these scholarships is based on competition held during the fall of the applicant's last year in high school. Candidates may be nominated by participating high schools and by chapters of the Wofford College National Alumni Association. Students who think they may qualify for this scholarship program should inquire with their guidance counselors or with the Wofford Admissions Office.

Several major scholarships in the Wofford Scholars Programs are available to Wofford seniors and to juniors for two years. Selection of the recipients is based on exceptional scholarship and leadership.

The Scholars Programs are listed below and are described individually later in this section:

- Cleveland Scholars
- Crenshaw Scholars
- Daniel Scholars
- and Daniel Finalists
- Dean's Scholars
- Gosnell Scholars
- Hipp Scholars
- Holcombe Scholars
- Holloway Scholars
- Leonard Scholars
- Loftin Scholars
- McAlister Scholars
- and McAlister Finalists
- McCalla Scholars
- Springs Scholars
- Wickware Scholars
- Anna Todd Wofford Scholars
- Benjamin Wofford Scholars
- Wofford College Merit Scholarships — In cooperation with the National Merit Scholarship Corporation, Wofford College awards scholarships each year to National Merit Finalists who have designated Wofford as their first choice. Awards range from $500 to $2,000 per year depending upon need.

Wofford General Academic Scholarships — These awards range from $700 to $1,200 per year on the basis of financial need and grade average (2.75 minimum). They are awarded annually, but are renewable. They are funded in part by the general and endowed scholarships listed in this section.

Ministerial Scholarships — Ministerial students and children of United Methodist ministers may, upon application to the Director of Financial Aid, receive grants in accordance with the following schedule:

- Ministerial students, all denominations: $1,000 per school year
- Children of United Methodist ministers: $500 per school year

A student preparing for the ministry and accepting grants under the above provision will be required to sign notes which will be cancelled upon his or her being received into full connection with a United Methodist Conference or being commissioned under the General Board of Missions of the United Methodist Church or being ordained in churches of other denominations.

The term “United Methodist minister” refers to United Methodist ministers in full connection with a United Methodist Conference and to approved supply pastors currently serving full-time in the South Carolina Conference.

Athletic Grants — Athletic grants-in-aid are available in most sports. Applications should be made with the Director of Athletics.

Tuition Exchange — Tuition Exchange is a program whereby students whose parents are employed by other participating colleges and universities may receive a waiver of tuition to attend Wofford. Because a large number of students have chosen to attend Wofford under this program, the Exchange
has temporarily restricted the College from accepting additional students under this benefit.

**Army ROTC Scholarships** — The United States Army offers financial assistance to qualified students in the form of four-year, three-year, and two-year scholarships. These ROTC scholarships pay for college tuition, textbooks, laboratory fees, and other miscellaneous academic expenses. In addition, a scholarship student receives a tax-free allowance for up to ten months of each school year that the scholarship is in effect. The four-year scholarships are awarded on a competitive basis to high school seniors who are about to enter college as freshmen. Any full-time student at Wofford may apply to compete for the three-year and two-year scholarships. The key factors considered in the selection process for these scholarships include academic standing, leadership ability, and general motivation. The number of ROTC scholarships available at Wofford has steadily increased.

**Pell Grants** — Pell Grants are awarded directly to students by the federal government. The amount for which a student is eligible is determined individually by the U.S. Department of Education. Application is made on forms available from high school guidance offices or from college financial aid offices.

**Supplemental Educational Opportunity Grants (SEOG)** — These are awarded by the College from funds it receives from the federal government to a limited number of students with financial need.

**South Carolina Tuition Grants** — The Higher Education Tuition Grant Program is funded by the South Carolina General Assembly to assist South Carolina residents who are enrolled in independent colleges in the state. The awards are based on need and merit. Application forms are available through high schools, college financial aid offices, and the Tuition Grants Committee, P.O. Box 11638, Columbia, South Carolina 29211. Tuition grants are made for one year but may be renewed. Grants up to $2,430 may be made to students attending Wofford during the 1985-86 academic year. No grant can exceed the financial need of the applicant.

**Assistance to Veterans** — Certain veterans and children of deceased veterans are eligible for a monthly allowance from the Veterans Administration. An office of the Veterans Administration should be consulted for details.

**Vocational Rehabilitation Scholarships** — The S.C. Vocational Rehabilitation Department awards scholarships to certain persons having vocational handicaps due to physical disabilities.

**Private and Regional Grants**

*Milliken and Company Scholarships* — These grants provide $2,000 per year to employees or to sons or daughters of employees of Milliken and Company on the basis of scholarship promise, character, and need. They are awarded through the S.C. Foundation of Independent Colleges.

**Spartanburg County Foundation Scholarships** — Each year the Foundation awards six four-year scholarships to graduates of high schools in Spartanburg County. For students attending Wofford, the award pays $1,800 per year. Information can be obtained from the Spartanburg County Foundation.

**J.E. Sirrine Scholarships** — The Sirrine Scholarship Fund was established by Joseph E. Sirrine as a memorial to his parents. The Fund assists worthy students from Greenville County, S.C. Information can be obtained from the Sirrine Scholarship Program, P.O. Box 2848, Greenville, S.C. 29602.

**Kittie M. Fairley Scholarships** — This program was established by Mrs. Kittie M. Fairley to assist eligible students attending colleges and universities in South Carolina. The scholarships are administered by the Kittie M. Fairley Scholarship Fund, Trust Department, South Carolina National Bank, Columbia, S.C. 29202.

**C.G. Fuller Scholarships** — This fund was established by Mr. C.G. Fuller to assist deserving and needy students from South Carolina who are attending schools in the state. Information may be obtained from Bankers Trust of South Carolina, C.G. Fuller Scholarship Fund, Trust Division, P.O. Box 448, Columbia, S.C. 29202.

**Student Employment**

A number of part-time jobs for students are available on the campus. Application should be made to the Director of Financial Aid. The largest work program is known as College Work-Study. It is supported by federal funds and provides assistance to students who have financial need. A more limited number of jobs are available without regard to financial need.

**Student Loans**

Several loan programs are available to meet educational expenses and are administered on the basis of financial need through the Financial Aid Office. Inquiries should be made to the Director of Financial Aid.

**National Direct Student Loans (NDSL)** — This program provides loans for students who are enrolled at least half-time. Repayment of principal and 8 percent interest begins six months after the student leaves college.

**Guaranteed Student Loans** — This program allows middle-income students to borrow from a participating bank, state agency, or other financial institution. Repayment of principal and 8 percent interest begins six months after the student leaves college.
United Methodist Student Loans — Members of the United Methodist Church may borrow $700 per academic year.

The Pickett and Hatcher Endowment Fund — This fund provides interest-free loans for needy students studying the liberal arts. Information may be obtained by writing to the Pickett and Hatcher Educational Fund, P.O. Box 1238, Columbus, Ga. 31902.

Parents Loan for Undergraduate Students (PLUS) — This federal program permits parents to borrow up to $3,000 per year for each student. There are attractive provisions for repayment with periods extending up to ten years. Repayment begins sixty days after disbursement. The interest charge is variable.

Tuition Plan, Inc. — This program allows payment of tuition and fees on a monthly basis for up to four years. Information may be obtained by writing to the Tuition Plan, Inc., Concord, N.H. 03301.

Wofford College Loan Funds — Donors have sometimes given the College amounts to be used for student loans. These gifts have been used to provide the required matching funds for the National Direct Student Loan program.

Endowed Scholarships

Listed below are endowed funds at Wofford College from which annual scholarships are awarded. Each has its own standards. Each of these scholarships is part of the college’s permanent endowment, and awards are made from annual interest earned by the endowment. Some endowed scholarship funds were established before Wofford had an official policy for accepting endowed gifts, so the amount awarded varies in each case. Today, the minimum endowment required before the College will award a scholarship’s earnings is $10,000. A full scholarship (comprehensive fees for one student for one year) requires an endowment of $100,000. Those scholarships which have reached the $10,000 endowment level are described in the following list.

The John Pope Abney Memorial Scholarship Fund was established in 1983 with a gift of $500,000 from the Abney Foundation of Greenwood, South Carolina, in memory of John Pope Abney, a member of Wofford’s Class of 1904. Awards from this Fund may be made to students who demonstrate leadership potential and who meet part of their educational expenses through participation in the College’s work or athletic programs.

The George Cotton Smith Adams Endowed Scholarship Fund was established shortly after Dr. Adams’ death in 1981 by his widow, Mrs. Adahine Holiday Adams of Spartanburg, and their sons, Charles Edward Adams and George Holiday Adams. The family’s gift of property, and contributions which were received in memory of Dr. Adams, Chairman of the Department of Foreign Languages at Wofford from 1959 until his retirement in 1976, established this scholarship for an outstanding student of foreign languages. It is renewable, contingent upon outstanding academic performance by the recipient.

The Bernard M. Baruch Scholarship Fund was established by Mr. Bernard M. Baruch of New York, New York and Georgetown, South Carolina, in February 1939 for worthy students who possess outstanding qualities and promise.

The E. Talmage Bowen Endowed Scholarship Fund was established in 1981 with an unrestricted bequest from Mr. Bowen’s estate. Mr. Bowen was a member of Wofford’s Class of 1917. This scholarship is awarded annually to a student on the basis of need, character, and academic merit.

The Professor and Mrs. Charles E. Cauthen Scholarship Fund was established in memory of Professor and Mrs. Cauthen by their children. The Cauthens were beloved members of the Wofford community, where Professor Cauthen served on the faculty from 1943 to 1964. Income from the fund is awarded annually to a deserving and needy undergraduate student.

The Virginia L. Chaplin Endowed Scholarship Fund was established in 1983 by Alec H. Chaplin, a member of Wofford’s Class of 1961, in honor of his mother, Virginia L. Chaplin. Income from the fund is awarded annually on the basis of need and merit.

Dr. James Alburn Chiles, Sr., and Mrs. James A. Chiles, Jr., Memorial Scholarship Fund was established in the will of Marie D. Chiles. The income provides one or more scholarships for worthy students.

The Class of 1932 Endowed Scholarship Fund was established in 1982 by Edward K. Hardin, III and his fellow classmates from the Class of 1932 at the time of their 50th reunion. Scholarships from this fund are to be awarded to worthy students.

The John B. Cleveland Endowed Scholarship Fund was established in 1976 by Mrs. Agnes Sandifer Stackhouse in memory of her grandfather, John B. Cleveland, a distinguished benefactor of Wofford College. The fund provides a scholarship for a freshman science student and for a rising junior or senior science student. The junior or senior recipient is selected by the chairmen of the science departments.

The W. Scott Cogswell Scholarship Fund was established in 1978 in memory of W. Scott Cogswell, a graduate of the Class of 1968, a member of the football team, and an active alumni leader in Charleston, South Carolina. The award was established by his family and friends in recognition of his love for Wofford College. The scholarship is awarded annually to a member of the golf team.
whose character, scholastic achievement, and college service indicate a love and dedication to the ideals of Wofford College.

The Pierce Embree Cook Scholarship Fund was established by Mr. Robert J. Maxwell, Jr. of Greenville, South Carolina, in honor of the Reverend Pierce Embree Cook, to provide one or two scholarships to students aspiring to be Methodist ministers. Character, academic promise, and financial need are considered in awarding these scholarships.

The Alexander Copeland Memorial Endowed Scholarship Fund was established by Mrs. Kathleen Copeland in memory of her husband, Alexander Copeland, Class of 1908. This award is given to students with character, integrity, and need who show awareness that with receipt of this scholarship comes an obligation to help others enjoy similar benefits.

The W.J. Bryan Crenshaw Endowed Scholarship Fund was established in 1982 by members of Buncombe Street United Methodist Church and other friends of Dr. Crenshaw. The scholarship honors the Reverend Crenshaw for his service to the South Carolina United Methodist Conference and to Wofford College, his alma mater, where he gave leadership to the Board of Trustees as a member (1970-1982) and Chairman (1978-1982). Currently Dr. Crenshaw is serving again as Trustee to the college. Award of this scholarship is based upon academic excellence, Christian leadership, and promise of contribution to society.

The Ralph L. Crutchfield, Sr. Memorial Athletic Scholarship Fund was established in 1974 by Nell H. Crutchfield. The recipient is selected by the Athletic Scholarship Committee primarily on the basis of the need of a deserving candidate. The scholarship may be awarded to male varsity athletes in any sport on a year-to-year basis.

The Eleanor Naylor Dana Endowed Science Scholarship Fund was established in 1983 with a gift from the Eleanor Naylor Dana Charitable Trust of New York, New York. Awards from this fund are reserved for students pursuing a science-related major.

The Charles E. Daniel Scholarship Fund provides awards annually to two entering freshmen. As Daniel Scholars, they receive the full cost of tuition, fees, room, and board for a period of four years.

The late Mr. Charles E. Daniel, industrialist and statesman, was devoted to promoting the development of orderly industrialization, improved transportation, and expanded educational opportunities in South Carolina and the region. As a friend of youth and education, Mr. Daniel envisioned the future of the South in ways which have significantly influenced the views of a new generation of leadership. It is fitting, therefore, that this Wofford College scholarship for identifying and developing humane leadership for the "New South" be named in memory of Charles E. Daniel.

The College seeks leadership ability, experience in positions of leadership, intellectual ability, scholastic achievement, moral courage, and interest in mankind in those persons nominated to become Charles E. Daniel Scholars.

The Dilla H. Darby Endowed Scholarship Fund was established in 1979 by Colonel James E. Darby in memory of his mother, Dilla H. Darby. The scholarship is given annually to Wofford College students who have been residents of South Carolina for at least five years.

The Walter and Johanna Demopoulos Endowed Scholarship Fund was established in July 1979 by the family to perpetuate an annual scholarship program first initiated by the late Walter Demopoulos in 1954. Awards are based on demonstrated financial need, scholastic achievement, and character.

The Magruder Dent Scholarship Fund was established in 1968 by the Dent family of Spartanburg, South Carolina, to provide scholarships for employees or children of employees of Mayfair Mills or worthy students from textile-connected families as designated by a special committee appointed by the donors.

The Phil Dickens Endowed Athletic Scholarship Fund was established in 1985 by friends and family of Phil Dickens, Wofford's most successful football coach, who died in November 1983. Coach Dickens directed Wofford's football program from 1947-1952, and had a profound influence on his players, over 50 of whom have pursued coaching careers themselves. Awards from this fund are made annually to one or more outstanding student-athletes from the football team who exemplify strength of character, an attribute Coach Dickens instilled in all his players.

The Mrs. Alfred I. duPont Scholarship Fund was established by Mrs. Alfred I. duPont for worthy students.

The Ralph A. Durham Scholarship Fund was established in 1975 by friends of Mr. Durham in appreciation of his outstanding service to South Carolina public secondary education and to Wofford College, his alma mater, where he gave outstanding leadership for a number of years as a member and as chairman of the Board of Trustees. In addition to the initial funds, the scholarship was permanently endowed through a planned bequest by Mr. Durham. The scholarship is given annually to a deserving student from the public schools of South Carolina on the basis of character, promise, and financial need.

The Fred W. Felkel Endowed Scholarship Fund was established in 1982 from the bequest of Fred W. Felkel, a Wofford graduate in the Class of 1909.
As designated by his children and his widow of Anderson, South Carolina, the scholarship funds are for deserving students.

The J. Anthony White Endowed Scholarship Fund was established in 1980,
with the income to be awarded each year to a student indicating those traits of character and leadership which Dr. White exemplified. Dr. White served Wofford as president of the student body, Chairman of the Board of Trustees, and Chairman of the Building Committee. He was a leading physician, nationally recognized for his dedication to his family, and an outstanding civic and church leader.

The John Wiley and Rouvena Eaddy Williams Scholarship Fund was established by Mrs. Williams in 1974. This renewable scholarship is awarded annually to a Wofford student on the basis of character, financial need, and academic ability. Preference is given to citizens of South Carolina.

The Allen Owens Wood Memorial Endowed Scholarship Fund was established in 1983 by Mrs. Jeanette Brien Wood in memory of her husband, Allen Owens Wood, Class of 1940, who lost his life in defense of his country during World War II. The income from this endowment is to be awarded to an English major with demonstrated financial need. Preference is given to a student interested in journalism.

Other Endowed Scholarship Funds

These funds, which have not reached the $10,000 level of endowed scholarships, are divided into two categories. One contains those from which annual awards are currently being made. These active funds were established prior to the policy requiring a minimum level before awards are made to students. The other category contains funds which are building in accord with that policy. Annual earnings and new gifts are added to the fund until it reaches the level for an endowed scholarship.

General Scholarships

Scholarships listed in this category are awarded annually, and are not considered as part of the College's permanently endowed funds. These general funds exist through contributions given to Wofford for the purpose of making ongoing annual scholarship awards.

The Robert M. Carlisle Memorial Scholarship is made possible by the income on the Robert M. Carlisle Scholarship Fund held in trust by the Spartanburg County Foundation.

The Ruth B. Caudle Scholarship Fund was established in her will for the education of ministerial students or those preparing themselves for service in the United Methodist Church, preferably those students attending Spartanburg Methodist College and Wofford College. The trustees of the Caudle Fund generally make an annual award to a Wofford student.

The Daniel Finalist Scholarships are provided by the Romill Foundation in support of the Charles E. Daniel Scholars Program in order to extend its
impact. Awards are made to three students each year who are finalists in the competition for the Daniel Scholarships. The finalist awards equal the cost of tuition each year for a period of four years.

Dean's Award Scholarships, funded annually by Wofford College, are awarded on the basis of merit for one to four years to strong candidates in the Wofford Scholars competition. They were established to honor the recipients, who are among the most outstanding students enrolled at Wofford.

Epworth Home Scholarships of $1,000 per year are granted by Wofford College to graduates of the Epworth Home.

The Kiwanis Scholarship is a $500 award made annually by the Spartanburg Kiwanis Club to a worthy freshman from Spartanburg County, South Carolina.

The Daniel S. Lewis Athletic Scholarship Fund was established by the officers of the U.S. Shelter Corporation to memorialize Daniel Street Lewis, Class of 1962, and President of the Wofford National Alumni Association from 1973 through 1974, who passed away in November 1981. This annual award has been designated for a football player who embodies the ideals and accomplishments of Dan Lewis, who was also an exceptional campus citizen and athlete at Wofford from 1958 until 1962.

The McAlister Finalist Scholarships are provided by the Romill Foundation in support of the McAlister Scholarship Program because of its high aims and the high quality of the scholars in the program. The Romill contribution provides scholarships for two students each year who are finalists in the McAlister competition. The scholarships are equal to the cost of tuition each year for four years.

The Daniel Morgan Chapter, The Retired Officers Association, ROTC Scholarship Fund provides annual assistance to an outstanding third-year cadet enrolled in the Wofford ROTC program.

The Olney Scholarships for Spartanburg area students are made possible by the income earned on the Olney Educational Fund held in trust by the Spartanburg County Foundation.

The Neofytos Papadopoulos Scholarship, given by Dr. Constantinos N. Papadopoulos of Houston, Texas, provides $1,000 per year for a student from Greece, in memory of Dr. Papadopoulos' father.

The Rotary Club of Spartanburg Scholarship, supported by an annual gift of $1,000, is annually awarded to one or more Spartanburg County students. The scholarship is granted on the basis of need and scholastic promise.

The D.L. Scurry Foundation Scholarship is provided by the Scurry Foundation, Greenville, South Carolina, to assist deserving students.

The South Carolina Electric and Gas Company Scholarship is a one-year, $750 award made to a student in the upper one-third of his or her class who has demonstrated outstanding leadership qualities and who needs financial assistance toward achieving an education. Parents or guardians must be customers of South Carolina Electric and Gas Company or customers of the Department of Public Utilities of Orangeburg, Winnsboro, or McCormick counties.

The Spartanburg Area Commuter Scholarships are provided by a local foundation to assist students from Spartanburg County in attending Wofford as commuting students.

The Spartanburg High School Scholarship, renewable for four years, is awarded annually by Wofford College on the basis of scholastic attainment and character to a member of the graduating class of Spartanburg High School.

The Spartanburg Methodist College Scholarship, renewable for two years, is awarded annually by Wofford College on the basis of scholastic attainment and character to a member of the graduating class of Spartanburg Methodist College.

The Algeron Sydney Sullivan and Mary Mildred Sullivan Revolving Scholarships were established in 1969 by the Algeron Sydney Sullivan Foundation. Awards are made to students of character who have need and who show awareness that receipt of a scholarship carries with it a sense of obligation to strive eventually to return the aid received and thus help to make it possible for others to enjoy similar benefits.

The Terrier Club Grants are provided by members of the Terrier Club, Wofford's fund-raising organization for athletics. These scholarships are awarded to outstanding athletes each year.

The United Methodist Scholarships are awarded annually by the Board of Education of the United Methodist Church to outstanding Methodist students.

The Ruth Winn Wickware Scholarship and The Ruth Winn Wickware Foundation were established by the will of Ruth Winn Wickware of Laurens, South Carolina. One purpose of the Foundation is to promote the American system of free enterprise. This purpose is sought in assisting or training deserving young people who are interested in and dedicated to the perpetuation and growth of free enterprise. The Foundation awards scholarships each year for the pursuit of studies in the field of economics and business administration. The scholarships are awarded on the basis of character, leadership, and scholastic achievement, and are renewable for four years.

The Anna Todd Wofford Scholarships were established in 1973 to honor the memory of the first wife of Benjamin Wofford. Three scholarships of $3,000 per year for four years are awarded annually to female students nominated by their high schools and selected by Wofford College as possessing outstanding
qualities of scholarship, leadership, and character.

The Benjamin Wofford Scholarships are named in memory of the founder of Wofford College. Three scholarships of $3,000 per year for four years are awarded annually to male high school seniors who are nominated by their high schools and selected by Wofford College as possessing outstanding qualities of scholarship, leadership, and character.

Wofford College General Academic Scholarships are awarded annually on the basis of financial need and grade average. Some awards in this category are unnamed and are funded from the operating budget of the College. In other cases, students eligible for scholarships in this category receive one of the named scholarships described in this Catalogue.

Wofford College Merit Scholarships are awarded by the College as part of the National Merit Scholarship Program. A minimum of three Merit Scholarships are awarded each year to National Merit Finalists who have designated Wofford as their first college choice. Stipends range from $500 to $2,000, depending upon financial need.

Other Endowment Support

Through the years, contributions from alumni and other friends have enabled Wofford to build its permanent endowment. Examples of endowment gifts include scholarship funds (such as those listed in the previous section of the Catalogue), lecture series, professorships, endowed chairs, and unrestricted gifts to the endowment for operating support. The growth of Wofford's endowment has provided additional operating funds for the College, thereby giving financial stability to the academic program and alleviating considerable institutional dependence on income derived from student tuition and fees.

Noteworthy non-scholarship gifts to Wofford's endowment in excess of $50,000 include the Benjamin N. Duke Endowment Fund; the Ford Foundation Endowment Fund; the Kenan Charitable Trust Endowment Fund, which established the prestigious William R. Kenan, Jr., Professorship; the Kirksey Endowment Fund; the Larrabee Endowment Fund; the John A. McGraw Endowment Fund; the Albert C. Outler Professorship in Religion; and the T.B. Stackhouse Chair of Economics and Business Administration.
Calendar

The regular academic year is divided into two semesters and a four-week Interim. The official College calendar is printed in this Catalogue.

Matriculation, Registration, And Enrollment

On specified dates toward the end of each semester, currently enrolled students pre-register for courses for the following semester. Matriculation and final registration then take place at the beginning of the semesters on dates also indicated in the College calendar; at these times pre-registered students confirm (or may change) their course schedules, and newly entering students and others not pre-registered do their original registering for the semester. Late-registration fees are charged students who do not complete their registration or pre-registration on time. No student is permitted to register or add courses after the dates indicated in the calendar as the last for those procedures.

Freshman and sophomore schedules must be approved by the students' faculty advisors. Junior and senior schedules must be approved by the chairmen of the departments in which the students are majoring. All student schedules calling for more than the normal maximum permissible load (see the following section) must be approved by the Registrar.

Registration procedures for the Interim are undertaken mid-way in the fall semester.

To be permitted to register for classes, students must clear all financial obligations with the College, including the fees for the semester for which they are registering. In the spring semester, students must make their reservation deposits for the following year before pre-registering for the upcoming fall term.

Course Load

The normal course load for a student in a semester is four full courses (those of three or four semester hours credit each). In addition, sophomores are required to take a one-hour course in physical education each semester. Also in addition, students may take one-hour courses in music, and freshmen and sophomores may take one-hour or two-hour courses in military science. The normal (and maximum) load in Interim is one project.

First-semester freshmen may take no more than the four full courses, plus the one-hour options. All but one of the full courses are prescribed as indicated in the following outline.

Course Restrictions

Students who do not complete their General Education Requirements by the end of their sophomore year will not be guaranteed space in such courses when they are juniors and seniors. Juniors and seniors are not permitted to enroll in the 100- and 200-level Military Science courses unless they are under ROTC contract and then only if they are required to take the courses.

Grading System

The grading system is as follows: A—Superior; B—Good; C—Clearly Passing; D—Passable; F—Failure; I—Incomplete; WP—Withdrawal Passing; and WF—Withdrawal Failing. The WP is given only if the student officially withdraws from the course and is passing at the time of official withdrawal. Grades of Pass, Pass with Honors, and Fail are given for work done during the Interim and in required Physical Education courses.

An I or Incomplete indicates that the student has not completed all the work required in the course and a grade determination can not be made at the regular time. All Incompletes must be made up not later than mid-term of the following semester (including those of students not then enrolled), except under extremely extenuating circumstances as determined by the instructor and the Registrar. The notation I is used only rarely for Interim work, and then only with the expectation that it will be in effect for no longer than one week after the end of the Interim, by which time all work should be completed.
and final evaluation made. Incompletes not made up by these dates will be recorded as grades of F.

A quality point system is used to determine qualifications for graduation, honors, the Dean’s List, rank in class, academic probation and exclusion, and other matters. For the purpose of arriving at a grade-point average, the values of the grades (quality points) are as follows: A = 4; B = 3; C = 2; D = 1; F = 0; I = 0; WF = 0. The number of hours in each course attempted is multiplied by the quality points for the grade received in the course, and the total number of quality points is divided by the total number of hours attempted to determine the grade-point average. Interim projects, courses graded by the Pass/Fail system, and courses for which students receive grades of WP are not included in calculations of grade-point averages. All courses (except those graded by the Pass/Fail system) for which students receive the grade of WF are included in the calculations.

Examinations

Final examinations are held in December and May. A student who wishes to take an examination during the examination period at a time other than the scheduled time may do so only at the discretion of the course instructor. Under no circumstances may an examination be administered before or after the week-long examination periods without approval of the Dean of the College. Such approval is given for an individual student only in cases of illness, death in the family, or other extremely extenuating circumstance. In addition to approval by the Dean, an examination given for an individual outside the examination period requires a payment of $10 to the Business Office.

Reports On Academic Progress

At the end of each semester and Interim, grade reports will be sent to parents or guardians of all students in accordance with eligibility established under the Family Educational Rights and Privacy Act of 1974. Mid-semester progress reports will also be sent to parents or guardians of students.

Academic Honors

The Dean’s List

Compiled at the end of each semester, the Dean’s List recognizes eligible students who have achieved grade-point averages higher than 3.00 in the semester. To be eligible for consideration for the Dean’s List, the student must have attempted at least twelve hours in the semester, not counting courses graded on a Pass/Fail basis, and must not have failed any course or made a D in the semester.

Graduation Honors

Candidates for degrees who have achieved certain levels of academic excellence at Wofford College are graduated with one of the following honors: cum laude, magna cum laude, or summa cum laude. These honors are determined by using the traditional grade-point average, and the qualifications are: 3.25 — cum laude; 3.50 — magna cum laude; and 3.75 — summa cum laude.

Honors Courses

At the discretion of the Faculty, a senior student may be allowed to carry an honors course during the regular academic year. Honors courses are subject to the following regulations:

1. Approval by the department in which the honors course is taken is necessary before a student may undertake an honors course. Upon mutual consent of the department and the student, the department shall submit to the Curriculum Committee of the Faculty a request that the student be allowed to participate in an honors course. The request shall be accompanied by a detailed proposal setting forth clearly the work to be done and the format in which the results of the honors course will be presented. Normally, only students having grades of B or better in all courses taken at Wofford during the preceding two semesters shall be eligible to participate in honors courses.

2. An honors course may be undertaken only by a senior and will carry six hours of credit over the two semesters of the senior year and will receive a grade of Pass, Pass with Honors, or Fail. No partial credit will be given.
3. An honors course may count as part of the major requirements if the major department approves.

4. The course, if completed satisfactorily, shall be entered on the student's permanent record with a notation to the effect that it was an honors course.

5. A student may be removed from an honors program at any time if, in the judgment of the department, his or her work is not of sufficient merit to justify continuation.

6. Each student completing an honors course shall prepare and submit to the instructor three copies of a written report describing the work done in the course. The department shall then place one copy in the student's file and one copy in the college library. It is expected that the department will keep the third copy in its own files.

7. Application for the honors course should be made at least in time for consideration by the Curriculum Committee of the Faculty at its last scheduled meeting in the student's junior year.

8. A student who receives a grade of "Pass with Honors" in an honors course in his or her major department, and achieves at least a 3.75 grade-point average in his or her major courses, shall be mentioned at the commencement exercises as graduating with "High Honors" in his or her major and shall be so listed in a special section of the Catalogue. A student who receives a grade of "Pass" in an honors course in his or her major department, and achieves at least a 3.75 grade-point average in his or her major courses, shall be mentioned at the commencement exercises as graduating with "Honors" in his or her major and shall be so listed in a special section of the Catalogue. The same notation shall be recorded in his or her permanent record.

In-Course Honors

Qualified Wofford students may be permitted to attempt in-course honors in accordance with the following regulations:

1. The student must have had at least one previous semester at Wofford and must have attained a B average, either cumulative or current.

2. A written request for in-course honors must be presented to the course instructor and a planned program of study must be submitted before the end of the third week of the semester. (A special form for this purpose is available to the student in the Office of the Registrar. The completed form will be retained by the course instructor until the end of the semester and then used in preparing a report for the Dean of the College.) Approval of the application and program of study must be obtained from the course instructor, the Department Chairman, and the Dean of the College.

3. Honors work shall consist of independent study, under tutorial guidance; exhibit initiative, creativity, intellectual curiosity, critical thinking, and sound methodology; include a terminal essay which analyzes or exhibits the results of the study; and culminate in an oral examination by a committee, appointed by the Department Chairman, of three faculty members, including the course instructor (as chairman) and preferably one person from another discipline. The length of the examination generally shall not exceed one hour.

4. The student shall meet all the requirements of the regular course, including the final examination. Credit may not be given for in-course honors unless the student earns a grade of at least B on both the regular course and the in-course honors work. (The grade on one shall not affect the grade on the other.) Upon the student's satisfactory completion of in-course honors the instructor will report the regular course grade with the suffix H added to the course number and with the signatures of at least two of the examiners appearing on the report. The Registrar will add the H suffix to the course number on the student's record and allow one semester hour credit for the honors work in addition to the regular course credit.

5. No student may elect more than one in-course honors program per semester.

6. No student shall be penalized for failure to undertake honors work. Any student may, without honors, earn the grade of B or A in the regular course.

7. An individual faculty member may be unable to meet a student's request for in-course honors, and the College is not obligated to provide this opportunity in every course. No first-semester faculty member shall give in-course honors; he or she should direct the interested student to the Department Chairman for other possible arrangements.

Regulations For Adding Or Dropping Courses

During the add period, which in each semester extends from the day of registration to the date noted in the College calendar, the student wishing to add a course must obtain permission from the instructor who teaches that course. The permission slip is brought by the student to the Office of the Registrar. The drop period, the end of which is also announced in the calendar, is several days longer than the add period, and a course dropped during this period does not appear on the student's permanent record. The student who wishes to drop a course during the drop period must notify the instructor who teaches the course. The withdrawal or drop form must be initialied by the instructor involved, signed by the faculty advisor, and brought by the student to the Office of the Registrar.

After the drop period the student may drop a course at any time prior to the final examinations. But before doing so, the student should seek advice on the matter from his or her advisor and the
instructor, because courses dropped after the drop period will appear on students' permanent records, as will the grades (WP or WF) assigned by the instructors. The WP is never given, however, unless the student officially withdraws from the course and then only if the student is passing the course at the time of official withdrawal. The withdrawal form indicating the grade to be recorded is returned to the Registrar by the instructor and not by the student.

Some financial aid awards require that recipients be enrolled full-time. Students receiving assistance should consult the Director of Financial Aid before they drop any course.

Repeated Courses

Any course (except Humanities 101) may be repeated; however, credit-hours will be awarded only once. The student who repeats a course and makes a higher grade will receive the grade-point benefit of the higher grade; however, the original or lower grade itself will not be erased from the student's permanent record. In order to be awarded any benefits received in repeating a course, the student who repeats must complete a notification form available in the Registrar's Office.

Any student who has twice failed a course (or courses in the same department) required for graduation may appeal to be exempted from that requirement. The student must request before the end of the add period in the subsequent regular semester that the Dean of the College convene a committee to review the appeal. This committee's decision is final.

This appeal opportunity applies to courses taken to meet General Education requirements but not to courses taken as electives or to meet major requirements.

Class Standing

For a student to rank as a sophomore, he or she must have earned a minimum of 30 semester hours; as a junior, 60 semester hours; as a senior, 90 semester hours.

Courses At Other Institutions

Any student who wishes to take course work at another institution of higher education and apply this work toward the requirements for a degree from Wofford College must secure the advance approval of the Registrar and the chairman of the Wofford departments in which the courses desired would normally be offered. Any student who has accumulated 62 semester hours may take such work only at an accredited senior college or university.

Cooperative Education (Co-Op)

Cooperative Education is a program that combines work with learning and gives students the opportunity to explore work areas which will be options for them when they graduate. There are two Co-Op plans—parallel and alternating. In the parallel plan, the student enrolls half-time and is employed half-time. In the alternating plan, the student alternates semesters of work and school.

Students who register for and participate in full-time, off-campus Co-Op programs are considered to be full-time students. They are not required to pay tuition but they may pay residence charges and live in campus housing.

Withdrawal From The College

In the interest of the welfare of both the student and the institution, Wofford requires each student who withdraws from the College to have an exit interview with the Registrar. In extenuating circumstances, such interviews might be conducted by telephone.
means at least that students are expected to be making reasonable progress toward meeting the requirements for degrees. In situations in which such progress is not evident, as measured by the graduated qualitative standards shown below, Wofford places students on academic probation or academic exclusion, not only as a warning that their sub-par academic work is endangering their opportunity to continue, but also as an incentive to improve their performance. Students’ records are evaluated against these standards at the end of each semester.

Students who fail to achieve the minimum levels of performance required are accordingly placed on probationary status for the subsequent semester as a warning or are excluded (separated) from Wofford for the subsequent semester.

Also, a student is placed on exclusion for the subsequent semester if at the end of a third consecutive semester on academic probation his or her cumulative GPA has not risen above the probation level. The exception to this is that if the student makes the Dean’s List in that third consecutive semester on probation, he or she will be academically eligible to enroll for the subsequent semester even if the cumulative GPA standard for avoiding probation is not met.

On the other hand, at any point at which a student’s academic performance becomes extremely poor, the Dean may require, after consultation with the Registrar, the student, and the student’s faculty advisor, that the student withdraw from the College forthwith, whether or not the GPA standards required for good standing have been achieved.

Students who are excluded in or at the end of either semester must attempt the Wofford Summer Session to attempt to qualify for September readmission. Normally this attempt may be made in the first Summer Session following the student’s exclusion, but students who have been excluded more than one may be required to wait for periods as long as two years before they are considered for readmission, whether or not they are permitted to attempt any Summer Session work and regardless of the outcome of any such work they do attempt. Applications for the readmission of excluded students should be directed, when timely, to the Registrar.

Although excluded students may gain readmission for the next semester based on successful work in the Summer Session, they lose their priority for residence hall rooms and for financial aid when they are excluded (see Catalogue section on Financial Aid).

Permanent exclusion from the College is of course a very serious matter which is to be considered only after very thorough deliberation among the Dean, the Registrar, the student concerned, and the student’s faculty advisor. No specific regulations, therefore, are prescribed for such situations.
Wofford will not accept for credit any work undertaken at another institution by a student during the time he or she is on exclusion from Wofford. Normally this is also the policy in regard to students on probation, but in extenuating circumstances they may be granted waivers on the basis of written petitions to the Registrar.

Response to Communications from Faculty and Staff

Students are expected to respond to all communications from a member of the faculty or staff of the College. All students are required to have a campus mailbox where they may receive notices and requests from College personnel. Students are expected to check their mail regularly and to respond to faculty and staff during the next school day after they receive a request. Failure to comply may be grounds for academic or disciplinary sanction.
Degrees Offered

Wofford College offers the degrees of Bachelor of Arts (B.A.) and Bachelor of Science (B.S.).

Candidates who meet all requirements and successfully complete a major in accounting, art history, English, finance, foreign language, government, history, humanities, intercultural studies, philosophy, religion, or sociology qualify for the B.A. degree.

Candidates who meet all requirements and successfully complete a major in biology, chemistry, physics, or psychology qualify for the B.S.

Candidates who meet all requirements and successfully complete a major in economics, business economics, or mathematics qualify for the B.A. or the B.S. degree depending on how they meet the College’s natural science requirement (see below).

Candidates who successfully complete 154 hours and meet all requirements for each degree (including the successful completion of two appropriate majors) will qualify for the B.A. and the B.S. degrees.

Requirements For Degrees

Students must meet certain requirements to be eligible to receive degrees. The requirements are designed to guide students into academic work desirable for their growth and basic to later study in various professions. It is the responsibility of each student to know and meet his or her requirements for the completion of the degree.

Achievement of the bachelor’s degree is based on a broad distribution of studies among representative fields of liberal learning and a concentration of studies in one field. The object of distribution is to give the student a general view of our intellectual heritage and to broaden his or her outlook. The concentration provides opportunity for the student to achieve expertise in a particular field of scholarship.

Distribution of studies is provided for by requirements that students successfully complete courses in designated departments and programs. The concentration is provided for by the requirement that students complete a major in one academic discipline or program.

In all work done toward a degree a candidate’s grades must meet certain standards.

Degree requirements are outlined in this chapter. In addition to completing requirements outlined here, each student must be approved for the B.A. or B.S. degree by the faculty at a special meeting held prior to commencement. Those students who have met all requirements and been approved and who have met all financial obligations to the College are eligible for the degree.

Specifics of Distribution Requirements

General Education Requirements

Students with superior preparation in any of the courses included in the General Education requirements are encouraged (or may be required) to omit any of them on which, in the judgment of the department concerned, they demonstrate satisfactory proficiency. Students relieved of such required courses in this manner must still complete one hundred twenty-four hours in college. Hours earned through the Advanced Placement Program, the College-Level Examination Program, or College-sponsored achievement testing, however, may be included in the one hundred twenty-four.

ENGLISH

SIX SEMESTER HOURS

This requirement is met by successfully completing English 102 and a 200-level English course.*

FINE ARTS

THREE SEMESTER HOURS

This requirement is met by successfully completing three semester hours in the following courses:* Art 201, 202, 250, 302, 303, 401, or 403 Music 100, 101, and/or 200 (eight hours maximum) Music 201 or 202 Theatre 250, 350, or 351

FOREIGN LANGUAGES

SIX SEMESTER HOURS

This requirement is met by successfully completing one of the following combinations of courses or the equivalent:

French 101, 102 Greek 201-202
German 101, 102 Latin 101-102 (via course work at
Spanish 101, 102 another college or
appropriate testing)

*IMPORTANT NOTE: Wofford offers a year-long Humanities course (Humanities 201, 202), which carries twelve semester hours and. Successful completion of the full year of Humanities 201, 202 will count one course toward the general requirements in art in the area of English literature, fine arts, philosophy, and religion. It does not count toward the requirement in history.
HUMANITIES 101
This seminar course is normally required of every freshman. Those who fail the course are required to take and pass English 101 before moving on to English 102.

NATURAL SCIENCE, B.A. DEGREE
EIGHT SEMESTER HOURS
This requirement may be satisfied by the completion of two of the three courses in the Science 101, 102, 103 program in the freshman year. If for any reason this is not done, the requirement must be met by satisfactory completion of two semesters of course work, preferably in the same department, in courses chosen from the following list:
Biology 101, 102, 123, 124, 221, 222
Chemistry 123-124
Geology 111, 112
Physics 121, 122
Psychology 331, 332, 341, 342

NATURAL SCIENCE, B.S. DEGREE
SIXTEEN SEMESTER HOURS
This requirement is met by the satisfactory completion of two semesters of course work in each of two departments, in courses chosen from the following list:
Biology 101, 102, 123, 124, 221, 222
Chemistry 123-124
Geology 111, 112
Physics 121, 122
Psychology 331, 332, 341, 342

HISTORY, PHILOSOPHY, AND RELIGION, TWELVE SEMESTER HOURS
This requirement is met by successfully completing one applicable course (see below) in each of the three departments, plus one other course, chosen as indicated below, in one of the departments.6
History: Only 101 and 102 count toward the requirement. If the student wishes to apply one more history course toward the requirement, it too must be History 101 or 102.
Philosophy: Normally 201, 206, or 212 should be taken for the one course. If the student wishes to apply one more philosophy course toward the requirement, any 200-level or 300-level course in the department may be taken for that purpose.
Religion: Only 201, 202, or 203 count for the one course. If the student wishes to apply one more religion course toward the requirement, any 200-level or 300-level course in the department may be taken for that purpose.

6IMPORTANT NOTE: Wofford offers a year-long Humanities course (Humanities 201, 202) which carries twelve semester-hour credit. Successful completion of the full year of Humanities 201, 202 will count one course toward the general requirement in each of the areas of English literature, fine arts, philosophy, and religion. It does not count toward the requirement in history.

PHYSICAL EDUCATION, TWO SEMESTER HOURS
This requirement is met by successfully completing PE 101 and 102.

Major Work Requirements
At the close of the sophomore year, students normally select the academic area in which they will take their major work. At that point, the student completes the major work form, which is then approved by the Chairman of the student's major department and filed with the Registrar.

Major work involves the successful completion of substantial numbers of semester hours in one academic department or, under certain circumstances, in a selected combination of departments. The number of hours required for various majors ranges from eighteen to thirty-six (in addition to any prerequisite hours); the specific requirements for given majors may be found under the departmental listings in the Courses of Instruction chapter of this Catalogue.

Qualified students may achieve double majors by completing all the requirements of each of two separate majors if approved to do so.

Under normal circumstances, no student may take (to apply toward a bachelor's degree) more than thirty-six hours in any one department, with courses used to satisfy General Education requirements not included in calculating that total. Similarly, neither those courses open primarily to freshmen nor those used to meet General Education requirements may be applied toward completion of major work requirements.

A majority of the courses in a student's major must be taken and successfully completed at Wofford.

Interim Requirements
The graduation requirement for Interim has two parts; these deal with (1) the number of Interim projects in which students must participate, and (2) the number of projects they must pass. In general terms, the requirement is that each student must participate in four projects (one for each full-time year or equivalent at Wofford) and must pass at least three.

More specifically, each student must participate in one project for every twenty-seven credit hours of course work awarded or accepted by Wofford for the student after he or she matriculates at the College (except that students who complete all requirements for graduation in three years must each participate in only three projects).

The requirements regarding the numbers of projects which must be passed by transfer students and others who finish graduation requirements in less than four years (or the equivalent) at Wofford are that those students who are required to participate in three projects must pass at least two; those
required to participate in two projects must pass two; and those required to participate in one must pass one.

For students permitted one non-passing participation, credits lost through unsuccessful work in that one project may be regained in semester course hours; but the further credits lost when students fail more projects than is allowable can be regained only through successful project participation in subsequent winter Interim periods, during any of which only one project may be undertaken by any student, as is always the case.

Credit hours earned in Interim projects may be applied only toward Interim requirements; they cannot be used to satisfy any portion of General Education or major requirements.

A student who participates in a year-long or semester-long program of foreign study will generally find it impossible to take part that year in Wofford's Interim as ordinarily required. But when that is the case, satisfactory completion of the approved foreign study program will stand in lieu of successful Interim participation for that year.

When other extenuating circumstances in individual cases require such, the Coordinator of the Interim and the Registrar will determine whether the requirements for participation in Interim projects have been met. Normally, Interim grades of WP or WF would not signify acceptable participation.

Elective Requirements

In addition to the General Education, major, and Interim requirements, the student must pass sufficient elective courses to complete the 124 semester hours necessary for graduation.

Grade Requirements For Graduation

Candidates for degrees must complete 124 semester hours, including all general and major requirements and the prescribed number of Interim projects. The candidate must have at least a C average (2.0) on all course work attempted. Interim projects, courses graded on the Pass/Fail system, and courses for which students receive grades of WP are not included in calculations of grade-point averages. All courses (except those graded on the Pass/Fail system) for which students receive the grade of WF are included in the calculations.

A candidate may also qualify by presenting a number of hours of C's equal to the overall graduation requirement (124 semester hours) minus the number of hours accumulated in meeting the requirements for Interim and Physical Education and in other courses graded on the Pass/Fail system, but including all general and major requirements.

The quality of a student's major work must be such that he or she finishes with a grade average at the C level or higher in all work which could be applied toward the major or that he or she attains grades of at least C in the minimum number of hours and courses required for the major.

Grades transferred from other institutions, except Converse College grades earned when the cooperative program is in effect and grades earned in Wofford-sponsored programs in overseas institutions, will not be used in computing student's grade-point averages or in determining whether other grade requirements for graduation have been met.

Residency Requirement

The senior year of work (the final thirty hours) must be completed at Wofford College. In extremely extenuating circumstances (such as the unavailability in the senior year of required courses), students may be permitted to take up to eight of those hours at an accredited senior college or university other than Wofford. Before undertaking such work, the student must obtain the approval of the Registrar and the chairmen of the departments concerned.

Pre-Professional And Combined Programs

Combined Academic-Engineering Programs

Wofford College has agreements with two institutions which afford students an opportunity to become liberally educated engineers. After a student has completed General Education requirements and certain prescribed courses in mathematics and the physical sciences at Wofford and has been recommended
by the faculty, he or she is automatically accepted at the school of engineering at Columbia University or Georgia Institute of Technology. After successful completion of one year at the professional school, he or she may be awarded the bachelor's degree by Wofford, and after meeting requirements at the professional school (usually by the end of the second year there), the student is awarded the Bachelor of Science Degree in Engineering by that school.

These pre-engineering programs are rather tightly structured, and the requirements of the engineering schools differ slightly. Therefore, it is wise for those interested to consult early and frequently with the program advisor.

Cooperative Program In Nursing

In a cooperative program with the Emory University School of Nursing, Wofford offers pre-professional studies which prepare students for admission to the professional nursing program at Emory. To qualify for admission to the Emory program, the student must complete at least 60 semester hours of course work at Wofford (including general and specific requirements in humanities, social sciences, natural sciences, and mathematics) with a grade-point average of no less than 2.50. For students then admitted to the nursing program at Emory, the successful completion of seven quarters of professional nursing courses there leads to the degree of Bachelor of Science in Nursing from Emory.

Students who successfully complete the pre-professional studies at Wofford are interviewed by a member of the Baccalaureate Admissions Committee of the Emory School of Nursing and considered for admission by the School of Nursing faculty, which makes the final decision.

Interested students should consult the Wofford program advisor for information and advice as they plan their course work, including that of their first semester here.

Pre-Professional Programs:
Pre-Medicine, Pre-Dentistry, Pre-Ministry, Pre-Veterinary Science, and Pre-Law

Wofford College has an excellent reputation for preparing persons for the graduate study required for entry into medicine, dentistry, veterinary medicine, the Christian ministry, and law. In each of the academic major programs students can prepare for graduate study in that major; and, generally, any of the College's majors provides useful and appropriate background for students who wish to enter professional schools. There are, however, certain specific course requirements which must be met for admission to most professional and graduate schools. It is very important therefore that interested students stay in close and frequent contact with the appropriate program advisor at Wofford.

Students interested in studies in the health-care fields especially should be aware of course requirements for admission to schools of medicine, nursing, dentistry, or veterinary medicine. They should obtain the necessary information before choosing a major or deciding upon elective course work.

While there are no specific course requirements which must be met for admission to law schools, Wofford College wants students who wish to prepare for the practice of law to choose electives which include English, American history, government, accounting, economics, ethics, and public speaking. Statistics, logic, and religion are also recommended. Pre-law students should consult the Registrar and the appropriate pre-professional advisor early and often.

Teacher Education Program

For many years Wofford College has been educating well-qualified teachers for the schools of South Carolina and the nation. The purpose of the teacher education program at Wofford is to provide basic programs leading to certification in grades 9-12 (and grades 7 and 8, if organized by departments) in biology, chemistry, English, French, Spanish, mathematics, physics, and social studies (history, government, economics, sociology, and psychology). These programs have been approved by the State Board of Education using standards of the National Association of State Directors of Teacher Education and Certification (NASDTEC). Students successfully completing the teacher education program are recommended for certification in South Carolina and some 25 other states.

Careful planning and selection of courses are required in order to satisfy both College requirements and those of teacher certification agencies. The earlier in his or her college career a student registers interest in teaching with the Chairman of the Department of Education, the more readily can the planning be effected. The College can, within reason, assure students of opportunity for satisfactory fulfillment of certification requirements if they consult the Chairman of the Department of Education not later than the first semester of the sophomore year, and follow the prescribed courses in the teacher education program.

General Education

Teacher education candidates must satisfactorily complete all Wofford General Education requirements and, beginning with sophomores in 1985-86, must also satisfactorily complete one course in mathematics. Courses recommended
for teacher education students are art appreciation, music appreciation, United States history, and health education.

**Professional Education**

Required courses:
- Sophomores: Education 200
- Juniors: Education 300, Education 310, Education 332, Education 333
- Seniors: Education 410

**Teaching Area**

Each subject field requires specific courses and a minimum number of semester hours for teacher certification. For courses and hours required in each field, students should consult the Chairman of the Department of Education.

**Recommendation for Certification**

The College advises students as to the requirements of the teacher education and certification programs, and helps with scheduling the appropriate sequence of courses. Responsibility for starting the program and pursuing it to completion, however, rests upon the individual student. Deficiencies in preparation at the time the candidate applies for certification are not the responsibility of the College. Wofford College recommends for certification only those students who have completed satisfactorily all requirements of the program.
On the following pages are brief statements concerning course offerings, prerequisites, and major requirements. For fuller statements and more detailed explanations contact the appropriate departments or the Dean of the College directly.

Not all courses are offered each year. Department Chairmen should be consulted for scheduling information.

Wofford students should be aware that they may have access also to a number of courses offered at Converse College under the terms of a cross-registration agreement. The privileges of this arrangement are available to students who have a C average or better and who are otherwise in good standing, provided that there is space for their enrollment in the given courses. Wofford students may not take courses at Converse that are offered at Wofford nor may they take courses at Converse to meet Wofford's General Education requirements. Priority for classroom space for Wofford students at Converse is given to upperclass students. Freshmen may not take courses at Converse unless they have the permission of the Wofford Registrar.

Information as to the specific courses which are offered at Converse may be obtained from the Registrar at Wofford.

Numbering System

Courses numbered in the 100's and 200's are primarily for freshmen and sophomores.

Courses numbered in the 300's and 400's are primarily for juniors and seniors.

Course numbers separated by a colon (e.g.: 201:202) indicate a full year course for which credit is not given unless the work of both semesters is completed. Such a course may not be entered at the second semester.

Course numbers separated by a hyphen (e.g.: 201-202) indicate a year course for which credit for one semester may be given, but which may not be entered at the second semester.

Course numbers separated by a comma (e.g.: 201,202) indicate two one-semester courses, the second of which continues from the first; these courses may be entered at either semester.

Single course numbers (e.g.: 265) indicate one-semester courses.

In general, odd-numbered courses or half-courses are offered in the first semester and those with even numbers are offered in the second semester.

On the last line of individual course descriptions are three numbers (in parentheses) which indicate the number of class meeting hours or equivalent normally met each week, the number of laboratory hours or equivalent normally met each week, and the number of semester hours credit for the course.

Biology

W. RAY LEONARD, Department Chairman
H. DONALD DOBBS, WILLIAM B. HUBBARD, E. GIBBES PATTON

Major Prerequisites:
Biology 123, 124.

Major Requirements:
Biology 221, 222.
Six advanced courses chosen in consultation with the Department Chairman. One of these may be a three-hour, non-laboratory course. No prospective major should plan to take advanced courses until he or she has completed 123, 124, 221, and 222, or their equivalent as determined by the Department Chairman.

Departmental Reading Program in the junior year.
Comprehensive examination on courses 123, 124, 221, and 222 in the senior year.

Biology majors must complete all these requirements to the satisfaction of the departmental faculty, and must also complete the eight hours of laboratory courses in another science as required for the B.S. degree. Majors planning to complete degree requirements by the middle of their senior year should consult the Department Chairman by the beginning of the fall semester to determine whether all major requirements can have been met by the end of that semester.

Majors planning to apply to graduate schools should consult the Department Chairman as to courses they should take other than those specified for the major.

The department participates in teaching SCIENCE 101, 102, 103 — INVESTIGATION IN SCIENCE. See page 146 for course description.

*101. General Biology
Fundamental facts and principles of animal life.
(3-3-4) STAFF

*102. General Biology
Fundamental facts and principles of plant life.

Honors Courses and In-Course Honors
The Department of Biology encourages its students to undertake honors work. For further information, the student is referred to the sections on Honors Courses and In-Course Honors in this Catalogue.

Chemistry
WILLIAM P. CAVIN, Department Chairman
DONALD A. CASTILLO, JR., W. SCOT MORROW, DAVID M. WHISNANT

In order to allow flexibility in the major and to provide for differing professional goals, the chemistry department offers two different major programs. The Pre-Professional Chemistry Major is for students who plan to do graduate work leading to the M.S. or Ph.D. degree in chemistry or who plan to become industrial chemists. It is designed to conform to the criteria recommended by the American Chemical Society for undergraduate professional education in chemistry. The Liberal Arts Chemistry Major provides more flexibility in selecting courses within the major and in taking elective courses in other departments. It is designed to give a sound foundation in chemistry for pre-medical and pre-dental students or for students who are undecided between medical school and graduate school and who may want to take a number of biology courses. For the student who wishes to be certified for teaching, this major permits more time to meet other requirements for teacher certification.

Major Prerequisites for both Major Programs:
Chemistry 123-124; Physics 121, 122; Mathematics 181, 182; and Computer Science 110.

Major Requirements for both Major Programs:
Chemistry 201-202, 211, 212, and 311.
Departmental Reading Program in the junior year.
Comprehensive examination in the senior year.

Additional Requirements for the Pre-Professional Major:
Chemistry 301 or 302, and 312, 322, 410, and 420.
(Chemistry majors who plan to do graduate work in chemistry are strongly advised to take Mathematics 310 and to acquire a reading knowledge of German.)

Additional Requirements for the Liberal Arts Major:
Four of the following: Chemistry 301, 302, 312, 322, 410, 420.
(Pre-medical and pre-dental students will need to take a minimum of two semesters of biology to meet admission requirements of most professional schools.)

The department participates in teaching SCIENCE 101, 102, 103—INVESTIGATION IN SCIENCE. See page 146 for course description.

123-124. General Chemistry
A thorough treatment of the fundamentals of chemistry from a strictly modern point of view.
(3-3-4) each semester STAFF
201-202. Organic Chemistry
A study of the compounds of carbon with emphasis on structure and mechanisms. Prerequisite: Chemistry 123-124.
(3-3-4) each semester \textit{CAVIN}

211, 212. Introductory Analytical Chemistry
Fundamental theories and techniques of quantitative chemical analysis. Prerequisite: Chemistry 123-124
(1-3-2) each course \textit{CASTILLO}

220+. Introduction to Research
Elementary investigations in chemistry for students who wish to begin research early in their undergraduate studies. A maximum of 4 credit hours may be obtained in Chemistry 220+. Prerequisite: Chemistry 123-124 or permission of the department.
(0-3-1) \textit{STAFF}

260+. Selected Topics in Chemistry
Group or individual study of selected topics in chemistry at an intermediate level. Intended for non-chemistry majors as well as chemistry majors. Specific topics will vary with student interest and will be announced one semester in advance.
(1 to 5-0 to 3-1 to 4) \textit{STAFF}

301. Biochemistry
An introduction to modern biochemistry with an emphasis on the molecular basis of cellular structure and biological function. This course is specially designed to be of interest to students who are majoring in either chemistry or biology. A thorough treatment of the biochemical properties of informational macromolecules provides a sound basis for the study of bioenergetics and metabolic organization. Prerequisites: Chem 202, Physics 122. Recommended Chem 211, Biol 221.
(3-3-4) \textit{MORROW}

302. Advanced Biochemistry
An in-depth study of the more provocative topics introduced in Chem 301, e.g., transport, regulation, synthesis of man-made polymers, analytical methodology, physical biochemistry, chemistry, and biotechnology. Prerequisite: Chem 301 or permission of instructor. Recommended Chem 211, 212; Biol 221, 222, 501, 303.
(3-3-4) \textit{MORROW}

311, 312. Physical Chemistry
A study of the laws and theories of chemistry, thermodynamics, kinetics, quantum theory, molecular structure, etc., from a modern viewpoint. Emphasis on problem solving. Prerequisites: Chem 211, 212; Physics 122; Math 181, 182. Recommended: Computer Science 110, Math 310.
(3-3-4) each course \textit{WHISKANT}

322. Inorganic Chemistry
A survey of inorganic chemistry with emphasis on the periodicity of the elements and development of the modern theories of the relationships of chemical behavior and structure. Prerequisite: Chemistry 311.
(3-3-4) \textit{WHISKANT}

410. Chemical Instrumentation
Instruments and methods in absorption and emission spectrometry, gas chromatography, mass spectrometry, radiocarbon, and voltammetry. Prerequisites: Chemistry 211, 212, and 311.
(2-4-4) \textit{CASTILLO}

230. Structural Analysis of Organic Compounds
Integrated application of instrumental and classical techniques to research-oriented problems in structural organic chemistry. Application of IR, UV, NMR and mass spectrometry to organic structure determination. Some emphasis will be given to the structure and identification of polymers. Prerequisites: Chem 202, 211, 212.
(2-6-4) \textit{CAVIN}

451-452. Senior Research
Guided original research of a simple nature in the field of the student's interest. Introduction to basic research principles. Library and laboratory research leading to solution of the problem and a written report. Prerequisites: Permission of the instructor and the Department Chairman.
(0-6-4) \textit{STAFF}

480+. Advanced Topics in Chemistry
Group or individual study of special topics in chemistry at an advanced level. Topics will vary with student interest, but will be selected from advanced areas of analytical, organic, inorganic, physical, or biochemistry, and will be announced one semester in advance. Prerequisites: Introductory course in an area of study and permission of the instructor.
(3-0-3) \textit{STAFF}

Honors Courses, In-Course Honors, and Research
Chemistry majors are encouraged to participate in the honors programs and research opportunities that are available in the department. For further information see Chem 220+ and Chem 451-452 in the course descriptions above and the section on Honors Courses and In-Course Honors in this Catalogue, or consult the Department Chairman.

Computer Science

DANIEL W. OLDS, Department Chairman
DONALD A. CASTILLO, BENJAMIN F. VARN, JR.

The Wofford College program in Computer Science is offered in recognition of the significance of computers in our culture and the importance that knowledge of computers will have in the success of our graduates. The program is designed to provide flexible opportunities for the interested student to augment his or her major program with strength in Computer Science. The courses listed below provide basic computer concepts and skills. Helpful related courses are offered in such departments as Mathematics, Physics, Economics, and Accounting. Further opportunities for the construction of an individual curriculum exist in the Intern, the Co-Op program, and the special topics courses. The faculty welcomes discussion of student plans.

An undergraduate interested in later work with computers is advised to avoid early over-specialization. A major in Mathematics, Physics, Economics, or Accounting, depending on the nature of one's interest, can lead to a career in which computers are well established. Opportunities for creative career development exist in most other disciplines as well.

110. Computer Use
An introduction to the use of the Wofford College Computer Center and to elementary computer programming. Students will learn to use the equipment, system commands, and
library programs, and to write simple computer programs using the BASIC-PLUS language. Those who successfully complete this course should be able to use the computer as a tool in other courses. Meets for one-half of the semester only. Prerequisite: None.

\[ (3-0-1) \text{ STAFF} \]

120. Problem Solving and Computer Science
This course will introduce additional programming techniques and emphasize problem analysis, algorithm construction, and data structures. Through classroom demonstrations and practice problems, the students will gain experience in analyzing problems into components, devising a sequence of steps which will solve each component problem, combining its component solutions to yield a problem solution, writing and testing a computer program to implement the entire sequence. Prerequisite: Computer Science 110.

\[ (3-0-2) \text{ STAFF} \]

130. Applications of Computers
A study of a variety of computer uses, including realistic examples drawn from the humanities and social sciences. Emphasis will be placed on non-mathematical tasks such as text processing, sorting lists, maintaining records, and using data bases. Some attention will be given to using "library" programs, such as those on statistics. Students will develop their programming skills, while considering some of the social, philosophical, and ethical issues that computer applications raise. Prerequisite: Computer Science 110.

\[ (3-0-2) \text{ STAFF} \]

200. Computer Concepts
This course deals with the concepts of information, the development of digital information processors, and the functions and use of the modern electronic digital computer. The digital computer is examined from the point of view of its historical development, its logical functions, its information representations, its languages, its hardware components, and its present and future position in society. Emphasis is placed on exposure to a variety of computer information for the purpose of building a vocabulary of words and concepts. Prerequisite: None.

\[ (3-0-3) \text{ STAFF} \]

210. Programming Languages
An introduction to several commonly used programming languages. Language syntax and the features of these languages which make them appropriate for particular uses (e.g., text editing, scientific calculations, business records) will be studied. In the process, the basic concepts of the formal theory of language and computing will be developed. Prerequisite: Either Computer Science 120 or Computer Science 130.

\[ (3-0-3) \text{ STAFF} \]

280+. Selected Topics in Computer Science
Group or individual study of selected topics in Computer Science at an intermediate level. Students must present proposals for projects before the date of pre-registration. Projects may be for credits of one, two, or three semester hours and may be repeated for cumulative credit of up to six hours. A formal paper must be included in any three-hour project and for the first cumulative credit beyond three hours for a student with no such paper on file. Prerequisite: At least three semester hours of Computer Science; other requirements may be imposed by the instructor of any particular project.

\[ (9-0-1 to 3) \text{ STAFF} \]

**Economics**

MATTHEW A. STEPHENSON, Department Chairman

FRANK ELSTON, MATTHEW A. HENDERSON, RICHARD A. WALLACE

Two separate major programs are offered: Economics and Business Economics. For either major, students have a choice of receiving a B.A. degree or a B.S. degree (depending upon how they meet the College's natural science requirements).

**Major Prerequisites for both Major Programs:**

Mathematics 130, 140, 160 or 181, Computer Science 110.

**Economics Major Requirements:**

Economics 201, 202, 301, 302.

Fifteen additional semester hours of Economics.

**Business Economics Major Requirements:**

Economics 201, 202, 301, 302, Accounting 211, 212.

Two of the following courses: Economics 372, Finance 321, 331.

Two of the following courses: Economics 422, 432, 442, 451, or 480 (with permission of the Department Chairman).

**201. Principles of Economics I**

An introduction to microeconomics, the analysis of how a market economy allocates scarce resources to produce goods and services people want.

\[ (3-0-3) \text{ STAFF} \]

**202. Principles of Economics II**

An introduction to macroeconomics, a study of the theory of income and employment and of the policies that affect the level of income and employment. Prerequisite: Economics 201.

\[ (3-0-3) \text{ STAFF} \]

**301. Microeconomic Theory**

An intermediate-level course in the economic analysis of the allocation of scarce resources in a market economy. Prerequisites: Economics 201, Mathematics 130, 160 or 181.

\[ (3-0-3) \text{ STEPHENSON} \]

**302. Macroeconomic Theory**

An intermediate-level course in the economic analysis of the determination of income and employment. Prerequisites: Economics 201, 202, Mathematics 160 or 181.

\[ (3-0-3) \text{ ELSTON} \]

**311. Economic History of the United States**

A historical treatment of the economic development of America from colonial times to the present.

\[ (3-0-3) \text{ STEPHENSON} \]

**372. Business Law**

A study of basic legal principles applying to the conduct of business operations.

\[ (3-0-3) \text{ HENDERSON} \]
401. International Economics
   A study of the theory of international specialization and exchange, the making of international payments, and the relation of international transactions to national income. Prerequisite: Economics 301.
   (3-0-3) ELSTON

412. Public Finance
   A study of collective economic choice as to the level of public goods and an evaluation of alternative methods of financing public goods. Prerequisites: Economics 201, 202.
   (3-0-3) WALLACE

422. Money and Banking
   A study of the relationship between money and the level of economic activity, commercial and central banking, credit control under the Federal Reserve System, and the theory and objectives of monetary policy. Prerequisites: Economics 201, 202.
   (3-0-3) WALLACE

432. Managerial Economics
   The application of microeconomic theory and quantitative methods to managerial decisionmaking. Prerequisites: Economics 301, Mathematics 140.
   (3-0-3) WALLACE

442. Public Policy Toward Business
   A study of government regulation of business and antitrust policy. Prerequisite: Economics 301.
   (3-0-3) STEPHENSON

451. Labor Economics
   An applied microeconomic study of the market for labor services, with some emphasis on those features which make labor markets unique. Prerequisite: Economics 301.
   (3-0-3) WALLACE

461. Comparative Economic Systems
   A study of the nature and characteristics of a free market economy in comparison to controlled or managed economies such as socialism, communism, fascism, and mercantilism. Prerequisites: Economics 201, 202.
   (3-0-3) STEPHENSON

472. History of Economic Thought
   A study of the evolution of economic analysis, including a brief survey of the economic ideas of Aristotle, the scholastics, mercantilists, and physiocrats, and a more detailed study of the economic analysis of the classicists, Marxists, marginalists, and Keynesians. Prerequisite: Economics 301.
   (3-0-3) WALLACE

480. Special Topics in Economics
   Topics may vary from year to year.
   (3-0-3) STAFF

Education

DAVID H. PRINCE, Department Chairman
CAROLINE B. JOHNSTON, DUANE A. STOBER, DENO P. TRAKAS

There is no major in Education, but the department offers courses required for students who wish to prepare for certification as teachers in secondary schools. The teacher education program requires Education 200, 300, 310, 332, 333, and 410. For further information, consult the Catalogue section on teacher education.

300. Foundations of Education
   A study of the purposes, administrative organization, and operation of the total education program of the school. Observation experience in the public schools. To be taken in the sophomore year. Prerequisite to all other education courses.
   (3-0-3) JOHNSTON

301. Adolescent Psychology
   A study of the problems facing young people approaching maturity. Normally not open to seniors.
   (3-0-3) PRINCE

310. The Teaching of Reading
   Theories, methods, and materials for teaching reading on the secondary level. Special attention to diagnosis of reading disabilities and to remedial techniques and programs. Tutorial component for practical experience. Required of all teacher-education students. Offered in the fall semester of odd-numbered years.
   (3-0-3) TRAKAS

322. Educational Measurement
   A study of evaluation techniques used in the public schools.
   (3-0-3) PRINCE

332. Educational Psychology
   Psychological principles applied to classroom learning.
   (3-0-3) PRINCE

333. Practicum in Secondary School Methods
   Observation and participation in the instructional program of a public school under the supervision of a classroom teacher and college faculty members. Seminars, assigned readings, and attention to methods used will supplement the school experience. To be taken in the Interim of the junior year. Prerequisites: Education 200 and Education 300.
   (4 semester hours) STAFF

344. Adolescent Literature
   Principles for selection of works of literature appropriate for study at various levels in secondary schools; methods of teaching such works, including use of various media; analytical discussion of specific works from major genres. Required of teacher-education students preparing to teach English.
   (3-0-3) TRAKAS

400. Student Teaching
   Full-time observation, participation, and teaching in public schools for one semester under the supervision of public school personnel, the education faculty, and faculty from the...
student's teaching area. Weekly seminars. Usually taken in the spring semester of the senior year. Prerequisites: Education 200, Education 300, Education 332, and Education 333. (12 semester hours) FRENCH

418. Methods of Teaching Driver Education
Offered only in Summer Session and only for persons teaching or preparing to teach driver education in high schools.
(3-0-3) STOBER

419. Advanced Theories and Techniques in Driver Education
Offered only in Summer Session and only for persons teaching or preparing to teach driver education in high schools. Prerequisites: Six semester hours in education and Education 418; or by permission of the instructor. Students enrolled must have a valid state driver's license.
(3-0-3) STOBER

434. Current Problems in Education
Selected educational problems will be identified and discussed, and solutions explored.
(3-0-3) STAFF

English Language and Literature
GEORGE B. MARTIN, Department Chairman
DENNIS M. DOOLEY, VIVIAN FISHER, EDMUND HENRY, VINCENT E. MILLER, LINDA POWERS, DENO TRAKAS, CAROL B. WILSON

Major Prerequisites:
English 200, 201, and 202.

Major Requirements:
Eight advanced courses, including one from each of the following groups:
I. 301, 303, 305, 311, 313, 314, 317, 337.
III. 321, 322, 339.

Majors intending to do graduate work in English are advised to acquire a reading knowledge of French or German or both.

101. Reading for Meaning
Instruction and practice in the skills that are essential for understanding textbooks and other kinds of factual prose. No emphasis on "speed reading" but considerable emphasis on efficient reading for the sake of learning. Does not apply toward fulfillment of general or major requirements.
(3-0-3) TRAKAS

102. College Composition
A practical review of those elements of mechanics, grammar, and style that are most relevant to the writing of effective and attractive expository prose. The course will begin on the level of words and sentences, will move to paragraphs, to letters and reports, and then to short essays. Students will read and analyze the writing of contemporary prose stylists whose work can usefully serve as models. Does not apply toward fulfillment of general or major requirements.
(3-0-3) STAFF

103. Seminar in Literature and Composition
An in-depth study of some topic in literature. Reading and discussion will lead to written work and independent investigation. Objectives will be to read critically, think analytically, and communicate effectively. Several short papers and one documented paper will be written. Prerequisite: Humanities 101 or English 101.
(3-0-3) STAFF

104. Introduction to Literary Study
Designed to develop beyond the freshman level the student's ability to read literary classics with appreciation and understanding and with a sense of the traditions out of which they grew. There will be intensive exercise in the critical analysis of literary works from a variety of periods and genres. Required reading will include a classical work, a play of Shakespeare, and other works chosen by the instructor.
(3-0-3) STAFF

105. English Literature to 1800
A study of works representative of the major writers and periods from the Middle Ages through the eighteenth century, with emphasis on critical understanding of these works and on the influences that produced them.
(3-0-3) STAFF

106. English Literature Since 1800
A study of works representative of the major writers and periods from the Romantic movement to the present, with emphasis on critical understanding of these works and on the influences that produced them.
(3-0-3) STAFF

107. English Medieval Literature
Readings in Old and Middle English literature, in translated or modernized versions, through the end of the fifteenth century, excluding Chaucer.
(3-0-3) HENRY

108. Seventeenth Century English Literature to the Time of the Restoration
A study of important works of drama, lyric, and criticism from the period. Chief among the
authors studied will be Ben Jonson, Webster, Bacon, Donne, George Herbert, Vaughan, and Marvell.

(3-0-3) HENRY

305. English Literature of the Restoration and Eighteenth Century, 1660-1800
A study of important works from the literature of this period, selected from satire (poetry and prose), essay, lyric, biography, and the novel. The chief authors studied will be Dryden, Swift, Pope, Fielding, Gray, Johnson, and Boswell.

(3-0-3) HENRY

307. The Romantic Period
A consideration of the new creative spirit which shows itself in the poetry of Wordsworth, Coleridge, Shelley, Byron, and Keats, as well as in the minor writers of the age.

(3-0-3) FISHER

308. The Victorian Period
A study of representative British literature of the Victorian era, with emphasis on the poetry of Tennyson, Browning, and Arnold.

(3-0-3) FISHER

309. The Irish Revival
A study of the major writers of the period, with emphasis on the particular cultural and historical context in which the Irish Renaissance occurred. The chief figures to be studied include Synge, Yeats, Joyce, O'Casey, and Behan.

(3-0-3) DOOLEY

311. Chaucer
A study of Chaucer's major poetry, with some attention to the medieval background and to Chaucerian criticism.

(3-0-3) HENRY

313. Shakespeare (Early Plays)
A study of the principal plays of the first half of Shakespeare's career, including representative romantic comedies and histories.

(3-0-3) MARTIN

314. Shakespeare (Later Plays)
A study of the principal plays of the latter half of Shakespeare's career, including the major tragedies and romances.

(3-0-3) MARTIN

317. Milton
A study of most of Milton's poetry and selections from his prose.

(3-0-3) MARTIN

321. American Literature to the Civil War
A survey of American literature, from its beginning to the Civil War, with emphasis on the major writers.

(3-0-3) DOOLEY

322. American Literature Since the Civil War
A survey of American literature since the Civil War.

(3-0-3) DOOLEY

325. Contemporary Drama
A reading and analysis of modern dramas from Ibsen to the present.

(3-0-3) MILLER

327. The Early English Novel
A study of representative British novels of the eighteenth century and Romantic period.

(3-0-3) HENRY

328. The Later English Novel
A study of major novels of the Victorian and modern periods.

(3-0-3) FISHER

329. The Modern Novel
A critical consideration of selected American, British, and European novels from Flaubert to the present. The student should gain some insight both into the development of the modern novel as a genre and into the part the modern novel has played in the development of the modern mind. Specific selections will vary from year to year but will include such writers as James, Lawrence, Joyce, Faulkner, Hemingway, and Beckett.

(3-0-3) MILLER

341. Contemporary Literature
A study of major writers of the twentieth century in America and England.

(3-0-3) MILLER

343, 344. Comparative Literature
A comparative study of selected works from the great literatures of the world. The course is intended to allow the student to gain some sense of the breadth, nature, and importance of cultural heritage, so far as this can be done through a study of a few literary works in translation. The 343 course is not prerequisite to 344.

(3-0-3) each course MILLER
345. Principles of Literary Criticism
A study of the principles by which one distinguishes the best from the inferior in literature. Some attention will be given to the opinions of major critics, but the main part of the course will be practical and inductive, and concerned with the discussion of selected works. (3-0-3) MILLER

347. Development of Modern English
A study of the history of the English language, including the place of English in the Indo-European family of languages, the growth of English as a living language from the Old English period to the present, and the development of modern American English. (3-0-3) MARTIN

348. Modern English Grammar
An introduction to current trends in the study of the English language, with emphasis on generative-transformational grammar. Some attention will be given to the teaching of linguistically oriented materials in secondary schools. (3-0-3) TRAKAS

349-350. Workshop in the Writing of Fiction and Poetry
A year-long course in creative writing. The primary focus will be on the writing of short stories and poems. Other forms (drama, essay, and novel) will be secondary. A student may work predominately in a single genre if he or she chooses. Manuscripts will be read and discussed in class, and there will be individual conferences with the instructor. Does not count toward a major in English. (2-0-2) each semester TRAKAS

351. Introduction to Journalism
A study of newspaper reporting skills, with emphasis on the gathering and writing of news. Does not count toward a major in English. (3-0-3) POWERS

353. Public Speaking
An introduction. Students will be expected to prepare, deliver, and criticize various types of speeches. Does not count toward a major in English. (3-0-3) POWERS

354. Technical Writing
A practical course in writing and analyzing reports, instructions, letters, memoranda, and other material typical of business, industry, and the professions. Does not count toward a major in English. (3-0-3) FISHER

481. Special Topics in Literature
A seminar intended mainly for advanced English majors. Topics may vary from year to year. (3-0-3) STAFF

Finance
JAMES E. PROCTOR, Coordinator

The major in Finance can be used successfully as a background for graduate study or for a wide range of careers. The major is designed to serve those students interested in banking or other financial institutions, corporate finance, or government service. It integrates a thorough knowledge of the finance function with an emphasis on quantitative analyses, many of which are performed on the computer.

Major Prerequisites:
Accounting 211, 212; Computer Science 110; Economics 201, 202; Mathematics 130, 140, 181.

Major Requirements:
Accounting 471; Computer Science 200 or 280 +; Economics 372, 422; Finance 321-322, 411; one course from Finance 331, 450, 480 +, or Economics 412.

321-322. Business Finance I and II
A study of the fundamental concepts in financial management, to include present value, stock and bond valuation, financial analysis and forecasting, capital budgeting, and long-term financing decisions. The second course includes the study of multinational finance, mergers, bankruptcy and reorganization, leasing, and other long-term financing alternatives. It uses the Financial Analysis and Planning Package (FAPP) to assist in problem-solving on personal computers. Prerequisites: Accounting 211, Mathematics 140. (3-0-3) each semester PROCTOR

331. Management
A study of the history of management thought, including the classical school, the behavioral school, the management science school, and current emerging trends in management. The functions of management—planning, organizing, and controlling—will be studied in the context of each school of management. (3-0-3) PROCTOR

411. Investments
A study of investment instruments such as stocks, bonds, options, and commodities, and of the markets which provide for trading in these instruments. Groups of investments will be evaluated under portfolio theory. INVESTPAK, a set of computer programs, will be used to analyze many investment alternatives. Prerequisite: Finance 321. (3-0-3) PROCTOR

460. Capital Budgeting
A study of methods used to discriminate among investments in long-term assets, assuming that limited resources are available. Applications relying on present value analyses will be made for fixed assets, leases, and securities portfolios. Prerequisite: Finance 321. (3-0-3) PROCTOR

481+. Special Topics in Finance
These vary from offering to offering and may by used as partial fulfillment of the requirements of the finance major. (3-0-3) PROCTOR

Art

There is an Art History major offered in conjunction with Converse College. Certain courses will be offered at Wofford and certain courses at Converse. Students from either college may take the major. Those who successfully complete it and meet all other requirements will qualify for the B.A. degree.

Major Requirements:
Art 201, 202 (or 101-102 at Converse), Philosophy 310, Art 250, and five other art history courses.

201, 202. The History of Art
A survey of Western Art, beginning with the prehistoric cave paintings through Gothic Art. Renaissance Art up to present trends will be dealt with in the second course.
(3-0-3) each course ANTONSEN

250. Studio Art
Introduction to the basics of drawing, watercoloring, and oil painting.
(0-8-3) STAFF

302. Italian Renaissance Art
A study of the major art of the Italian Renaissance, intended to give background and develop appreciation for this significant era.
(3-0-3) ANTONSEN

303. Baroque and Rococo Art
A study of three major arts in Western Europe during the 17th and 18th centuries, showing both the Baroque and Rococo styles and the origins of those styles.
(3-0-3) ANTONSEN

401. Oriental Art
A survey of the art of the Orient, including major periods and examples in China, India, and Japan, studied against their cultural and historical background.
(3-0-3) ANTONSEN

403. A History of American Architecture
A study of American architecture from the seventeenth century to the post-modern period.
(3-0-3) ANTONSEN

404. Seminar in Medieval Art
The art of Europe from 150 to 1400 A.D. The course encompasses early Christian sculpture, painting, and manuscript illumination, the art of the Invasions, the Carolingian Renaissance, and the Romanesque and Gothic eras. It is intended to take the student from Roman to Renaissance art. Prerequisites: Art 201, 202, 302.
(2-0-2) ANTONSEN

480. Selected Topics in Art History
Topics to be announced each semester.
(3-0-3) STAFF

The following courses in art history are offered at Converse College.

301. Ancient and Classical Art
A study of the architecture, painting, sculpture, and minor arts of the civilizations of Egypt, the Near East, Greece, and Rome.
(3-0-3) STAFF

302. Renaissance Art
A study of the arts of Western Europe during the 15th and 16th centuries, emphasizing the similarities and differences of art forms in Italy, France, Germany, and the Lowlands.
(3-0-3) STAFF

303. Baroque and Rococo Art
A study of the arts of Western Europe during the 17th and early 18th centuries, emphasizing the similarities and differences of art forms in Italy, Spain, the Lowlands, France, England, and Germany.
(3-0-3) STAFF

304. Nineteenth Century Art
A study of the major developments of 19th century European architecture, painting, and sculpture.
(3-0-3) STAFF

305. Twentieth Century Art
A study of the major developments in the visual arts from the 20th century to the present.
(3-0-3) STAFF

402. American Art
A study of American art from the colonial period to the present.
(3-0-3) STAFF
Music

*100. Men's Glee Club
The study and performance of selected choral literature for men's voices from the Renaissance to the Contemporary Period. Additional activities include local concerts, Christmas concert, spring concert, and a spring tour. Prerequisite: Permission of the Director.
(2-1-1) BILANCHONE

*101. Concert Choir
The study and performance of selected choral literature for mixed voices from the Renaissance to the Contemporary Period. Additional activities include local concerts, Christmas concert, spring concert, and a spring tour. Prerequisite: Permission of the Director.

  (3-1-3) each course STAFF

301, 302. Conversation and Composition
- Intended to drill the student in the application of grammar and the idiomatic usage of German. Conducted in German. Prerequisite: German 202 or the equivalent.
  (3-0-3) each course STAFF

305, 306. German Literature of the Nineteenth Century
- The first semester will be spent principally studying the works of Goethe, and the second those of Lessing and Schiller. Conducted in German. Prerequisite: German 301 or 302 or the equivalent.
  (3-0-3) each course STAFF

307. German Civilization
- A study of significant aspects of the culture of the German-speaking peoples from their origins to the present. Conducted in German. Prerequisite: German 202 or permission of instructor.
  (3-0-3) STAFF

321, 322. Scientific German Readings
- Reading of scientific texts of standard difficulty intended for science majors who plan to enter graduate school. Prerequisite: German 202 or permission of instructor.
  (3-0-3) each course STAFF

**Spanish**

101, 102. Beginning Active Spanish
- A comprehensive introduction to the four skills of the language—speaking, aural comprehen-
307. Intermediate Active Spanish
An intensive review of the language, with emphasis on development of fluency in oral and written communication. Refinement of grammar, building vocabulary, and expansion of reading and writing skills. Oral communication will be stressed in class. Prerequisite: Spanish 102 or the equivalent.
(3-1-3) each course STAFF

301, 302. Conversation and Composition
Conversation and composition based on readings from modern prose writers. Conducted in Spanish. Prerequisite: Spanish 202 or the equivalent.
(3-0-3) each course STAFF

305. The Hispanic World: Spanish America
An introduction to the culture of Spanish America. A study of Spanish-American historical development and major aspects and issues of its social, artistic, intellectual, and political life today. Conducted in Spanish. Prerequisite: Spanish 202 or the equivalent.
(3-0-3) SEDYCIAS

308. The Hispanic World: Spain
An introduction to the culture of Spain, with emphasis on physical and human geography, historical development, and contemporary Spanish society. Conducted in Spanish. Prerequisite: Spanish 202 or permission of instructor.
(3-0-3) GRISWOLD

308. Modern Writers of the Hispanic World
An advanced language and introductory literature course emphasizing basic techniques of discerning reading and articulate writing. Readings will include poetry, novellas, and short stories by major Spanish and Spanish-American authors; short critical essays will provide practice in clear expository writing. Conducted in Spanish. Prerequisite: Spanish 301 or 302 or permission of instructor.
(3-0-3) GRISWOLD, SEDYCIAS

411. Cervantes’ Don Quijote de la Mancha
A careful reading of Don Quijote to enjoy and appreciate this major work of art and to gain insight into the novel’s central influence on the development of modern narrative forms. Within the eighteen hours, the following distribution requirement must be met:

Six semester hours in Division B (International Relations and Comparative Government) including either Government 340 or Government 345.

Three semester hours in Division C (Political Theory).

201. Introduction to Political Science
   An introduction to the study of politics surveying all the major subdivisions of the discipline.
   (3-0-3) SEITZ

450. Independent Study
   Intensive guided study and research on selected topics in any field of political science. The instructor, in consultation with the student, will establish the subject for study and the requirements. Enrollment normally is limited to senior majors of high academic standing. Prerequisite: Permission of instructor.
   (3-0-3) DUNSON

Division A: American Government

202. Introduction to American Government
   An introductory survey of American government with emphasis on the structure and powers of national governmental institutions.
   (3-0-3) DUNSON

330. American State and Local Government
   A study of the structure, functions, and powers of state and local governments including a survey of problems in intergovernmental relations.
   (3-0-3) DUNSON

Humanities

DANIEL H. HANK, Coordinator of 201, 202
WALTER E. HUDGINS, Coordinator of the Major

The humanities major offers a student the opportunity to design his or her own interdepartmental major in the general area of humanities. The details and specific content of such a major program are worked out and agreed upon in advance by the student and the Coordinator of the humanities major.

Major Prerequisites:
Humanities 201, 202.

Major Requirements:
Humanities 301, 401; and five additional 300-level or 400-level courses in humanities departments.

301. Freshman Seminar in Humanities and Composition
A course designed to engage the student, during his or her first semester, in a small-group seminar in humanistic inquiry, with special attention given to value questions and issues. The course includes substantial reading and group discussion, considerable work on English composition skills, and the writing of numerous short essays and other papers. Sections of the course are taught by members of the departments of English language and literature, fine arts, foreign languages, history, philosophy, and religion. Normally required of all freshman students.
(3-0-3) STAFF

301. 202. Values and Issues in the Humanities
Interdisciplinary courses, primarily for sophomores, designed to bring the value perspectives of major philosophical, religious, literary, and aesthetic traditions to bear on issues of moment in the life of contemporary man. Students who successfully complete the fall year's work (12 semester hours) may choose to distribute the credit so as to apply it to general education requirements in English literature, fine arts, philosophy, and religion (at the rate of one course to each area).

Mathematics

RICHARD L. ROBINSON, Department Chairman
CLARENCE L. ABERCROMBIE, CURTIS P. BELL, LEE O. HAGGLUND, JOHN M. PAULLING

Major Prerequisites:
Mathematics 181, 182 or equivalent.

Major Requirements:
Computer Science 110, 120; Mathematics 220, 240; one of Mathematics 260, 280, 330; either Mathematics 310 or 421; either Mathematics 431-432 or 441-442; and at least three additional courses numbered above 200.

Prospective graduate students in mathematics should acquire a reading knowledge of French or German.

100. Algebra-Trigonometry
A review of basic algebra and trigonometry needed for subsequent courses in mathematics or other quantitative disciplines. Not available to students who have earned a grade of C or higher in a calculus course or whose mathematics placement test indicates adequate knowledge of this material.
(3-0-3) STAFF

130. Finite Mathematics
A study of matrices, linear programming, finite probability theory, and applications of these topics to problems in the social, life, and management sciences.
(3-0-3) HAGGLUND, PAULLING

Intercultural Studies

THOMAS V. THOROUGHMAN, Coordinator

The intercultural studies major offers students an opportunity to develop an interdepartmental major in the general area of international/intercultural studies. It is intended primarily for students whose interests lie in the study of countries and cultures outside Europe and North America and whose undergraduate academic goals cannot be conveniently achieved through a major in one of the traditional academic departments. A student desiring to major in intercultural studies must work out a curriculum with the Coordinator before the beginning of the junior year.

The major requires the completion of 33 semester hours in advanced courses approved by the Coordinator from the offerings of the departments of economics, fine arts, foreign languages, government, history, religion, and sociology.
140. Statistics
An introduction to statistical thinking and the analysis of data using such methods as graphical descriptions, correlation and regression, estimation, hypothesis testing, and statistical models.
(3-0-3) PAULLING, ROBINSON, ABERCROMBIE

181. Calculus
A study of the theory and applications of the derivative of algebraic, exponential, and logarithmic functions, and an introduction to the theory of the integral. Suitable for students of both the natural and social sciences. Prerequisite: Satisfactory placement test score or Mathematics 100.
(3-0-3) BELL, ROBINSON

182. Calculus 2
A study of the theory, techniques, and applications of integration, the development and applications of trigonometric and inverse trigonometric functions, and an introduction to the theory of infinite sequences and series. Prerequisite: Mathematics 181 or equivalent.
(3-0-3) BELL, ROBINSON

220. Linear Algebra
The theory of finite dimensional vector spaces, linear transformations, and matrices with applications to such problems as linear programming, Markov chains, differential equations, game theory, and population growth. Prerequisite: Mathematics 182.
(3-0-3) BELL, PAULLING

240. Differential Equations
The theory and applications of first and second order differential equations and systems of equations. Analytical methods and an introduction to numerical techniques. Prerequisite: Mathematics 182.
(3-0-3) PAULLING

260. Operations Research
A study of some of the applications of mathematics to problems of industry. Topics include linear programming and applications, goal programming, dynamic programming, game theory, and computer implementation of algorithms for solving such problems. Prerequisites: Mathematics 181 and Computer Science 110 or equivalent.
(3-0-3) BELL

280. Discrete Mathematical Models
An introduction to some of the important models, techniques, and modes of reasoning of non-calculus mathematics. Emphasis on graph theory and combinatorics. Applications to computing, statistics, operations research, and the physical and behavioral sciences. Prerequisite: Mathematics 182 or permission of instructor.
(3-0-3) PAULLING

310. Multivariable Calculus
A study of the geometry of three-dimensional space and the calculus of functions of several variables. Prerequisite: Mathematics 182.
(3-0-3) PAULLING

330. Numerical Methods
A study of the theory and computer implementation of numerical methods. Topics include error analysis, zeros of polynomials, numerical differentiation and integration, and systems of linear equations. Prerequisites: Mathematics 182 and Computer Science 110.
(3-0-3) HAGGLUND

380. Geometry
A study of the foundations of Euclidean geometry with emphasis on the role of the parallel postulate. An introduction to non-Euclidean (hyperbolic) geometry and its intellectual implications.
(3-0-3) ROBINSON
421-422. Probability and Statistics
A study of probability models, random variables, estimation, hypothesis testing, and linear models with applications to problems in the physical and social sciences. Prerequisites: Mathematics 182 and Computer Science 110.

(3-0-3) each semester ROBINSON

431-432. Abstract Algebra
The axiomatic development of abstract algebraic systems including groups, rings, integral domains, fields, and vector spaces. Prerequisite: Mathematics 220.

(3-0-3) each semester HAGGLUND

441-442. Mathematical Analysis
A rigorous study of the fundamental concepts of analysis including limits, continuity, the derivative, the Riemann integral, and sequences and series. Prerequisite: Mathematics 182.

(3-0-3) each semester BELL

481+ Special Topics in Mathematics
Advanced topics in undergraduate mathematics offered occasionally to meet special needs. Typical topics include number theory, foundations of mathematics, topology, and complex variables.

Military Science

LTC JOHN W. ARRINGTON, PMS and Department Chairman
MAJOR MARK A. BUFFLER, MAJOR OLAND B. LITTLE, CAPTAIN CHRISTOPHER SYLVIA, CAPTAIN MICHAEL J. BLACKBURN, CAPTAIN PRENTICE C. PHILLIPS,

SERGEANT MAJOR LEONZA BEST, JR., SERGEANT FIRST CLASS MARY A. HOYLE

Military Science offers a basic program and an advanced program. Satisfactory completion of six semester hours in the basic program may qualify the student for selection for the advanced program. (Satisfactory completion of a six-week basic camp in the summer after the sophomore year, or suitable prior military experience, or three years of JROTC may substitute for the basic program as means of qualifying for the advanced program.) Successful completion of the advanced program, including the advanced camp in the summer between the junior and senior years, together with the bachelor's degree, qualifies the graduate for either a reserve or a regular commission as a Second Lieutenant in the United States Army.

Advanced program students are required to participate in a weekly military science laboratory. Students in the basic program are encouraged to participate in the department's adventure training activities, which are held periodically during the year. These activities include canoeing, rappelling, marksmanship, and the ranger platoon.

There is no military obligation associated with any of the basic program courses.

The Military Science Department does not offer a major.

Basic Program

11. Introduction to ROTC and the U.S. Army
This course, intended primarily for freshmen, provides a basic orientation to ROTC and the U.S. Army. Course topics include the role and structure of the Army, military customs and courtesies, and basic marksmanship.

(1-0-1) STAFF

32. Introduction to ROTC and the U.S. Army
This course, a continuation of MS 111, further introduces the student to the Army, basic military skills, and mountaineering/rough terrain skills. Topics include recent military operations, introduction to leadership, the Soviet threat, and basic mountaineering techniques.

(1-0-1) STAFF

21. ROTC Basic Military Skills
Designed for sophomores who have previously taken MS 111 and MS 112, this course introduces the student to the basic military skills utilized by all members of the military forces. Topics include first aid, communications, nuclear, biological, and chemical operations, and leadership techniques and applications.

(2-1-2) STAFF

22. ROTC Basic Military Skills
Topics in this course include military map reading, army weapons, and fundamentals of physical training.

(2-1-2) STAFF
Advanced Program

301. Military Science
Comprehensive instruction in map reading and land navigation, squad and platoon movement techniques, first aid, the Soviet soldier, and communications. There will be one weekend field exercise and a weekly leadership laboratory.
(3-1-3) STAFF

302. Military Science
Development of skills useful for advanced camp, including analysis of terrain, movement under fire and obstacles, squad defensive employment, adjustment of artillery fire, first aid, and the use of various weapons. There will be two weekend field exercises and a weekly leadership laboratory.
(3-1-3) STAFF

401. Military Science
A study of the officer personnel management system, military command and staff functions, military briefings, the Army training management system, military correspondence, the law of war, military ethics and professionalism, and personnel counseling. Students plan and conduct weekly leadership laboratories to include a field training exercise for MS 301 students. Mandatory laboratory each week.
(3-1-3) STAFF

402. Military Science
This is the last course in the Military Science requirements for commissioning. Subjects include military justice, history of warfare, military logistics, military intelligence, Army maintenance management, the role of the NCO and officer-enlisted relationships, Army battle doctrine, the National Defense Organization, the Army and society, Army customs and courtesies, and the transition from student to officer. Students plan and conduct weekly leadership laboratories and two field training exercises for MS 302 students. Mandatory laboratory each week.

Philosophy

JAMES A. KELLER, Department Chairman
DANIEL H. HANK, WALTER E. HUDGINS

Each of the 200-level courses—201, 206, and 212—is appropriate as a first course in philosophy; none presupposes any previous departmental courses. The satisfactory completion of one of these courses is, however, normally prerequisite to enrollment in 300-level courses in the department.

Major Requirements:
Twenty-four semester hours of course work in the department, chosen in consultation with the departmental advisor. The course or courses taken for completion of the General Education requirement may not be counted toward a major in philosophy.

201. Problems and Methods of Philosophy
Introduction to the process and methods of philosophical thinking, with discussion and analysis of selected classical and contemporary issues. Offered every semester.
(3-0-3) STAFF

206. Reasoning and Critical Thinking
A course aimed at developing the student's ability to evaluate arguments and other information and to construct arguments with greater cogency and effectiveness. The course does not employ any of the techniques of formal logic. Offered every year.
(3-0-3) KELLER

212. Social Ethics
A consideration of practical problems and alternative solutions incident to life in our modern world. Offered every year.
(3-0-3) HUDGINS

310. Aesthetics
A study of some fundamental issues in aesthetics, with particular reference to the fields of literature, painting, sculpture, and film. Problems discussed include the role of standards in criticism, aesthetic judgment, interpretation, and evaluation in the arts, meaning in the arts, art and truth, the arts and morality, and the death of art. Offered in 1985-86.
(3-0-3) HUDGINS

311. Principles of Ethics
A study of diverse value systems. Offered in 1986-87.
(3-0-3) HUDGINS

321. Formal Logic
An introduction to the techniques of modern formal logic, including Venn diagrams, propositional calculus, and first-order polyadic predicate calculus. Offered every semester on an auto-tutorial basis. Interested students should consult with the instructor.
(3-0-3) KELLER

332. Philosophy of the Natural and Social Sciences
An examination of the methods and aims of scientific inquiry; analysis of such topics as the nature of theories, models, laws, facts, and objectivity in science. The course will include a consideration of the relation between the natural sciences and the social sciences. Offered in 1985-86.
(3-0-3) KELLER

336. Existentialism
An examination of the doctrine that a person forms his or her own essence in the course of the life he or she chooses to lead. A study of such figures as Soren Kierkegaard, Albert Camus, and Jean-Paul Sartre. Offered in 1985-86.
(3-0-3) HUDGINS

332. Philosophy of Religion
An examination of the meaning of religious beliefs and of arguments about their truth or falsity. The course will focus on religious beliefs about God and will include some discussion of different ideas of God within the Western tradition. Offered in 1985-86.
(3-0-3) KELLER

347. Metaphysics
An examination of attempts to interrelate diverse elements in our experience and to gain a perspective on the world as a whole. Offered in 1984-85.
(3-0-3) KELLER

348. Epistemology
An examination, within the analytic tradition, of the possibilities of knowledge, the justification of belief, and the nature of our contact with reality. Offered in 1985-86.
(3-0-3) KELLER

351. Ancient and Medieval Philosophy
A study of the first 2000 years of philosophy, from the beginnings in myth and poetry, to the classical philosophies of Plato and Aristotle, through the transition of Plotinus, to the rich medieval systems of Augustine and Aquinas. Attention will be paid most to the coherence and, for its time, appropriateness, of each thinker's system. Offered in 1986-87.
(3-0-3) HANK
352. Early Modern Philosophy
A study of modern philosophy beginning with the rationalists—Descartes and Leibnitz—and the empiricists—Berkeley, Locke, and Hume—and extending to their attempted synthesis in Kant and post-Kantian German Idealism. Offered in 1986-87.
(3-0-3) HANK

353. Contemporary Continental Philosophy
A tracing of philosophy in Europe, mainly Germany (i.e., not Sartre and Camus), from the influence of Husserl to the later Heidegger and current thinking in semiotics and hermeneutics. Offered in 1985-86.
(3-0-3) HANK

480. Contemporary Topics
A study centered around one philosophical topic of current significance with attention given to recent philosophers. Prerequisite: Any 300-level course in philosophy or permission of the instructor. Offered every year.

Physics

DANIEL W. WELCH, Department Chairman
WILLIAM C. MADDOX, DANIEL W. OLDIS

Major Prerequisites:
Physics 121, 122.

Major Requirements:
The physics department offers two major programs to help prepare for a variety of careers. Both majors require Physics 121, 122 as prerequisites. Any physics course numbered 200 or higher may be counted toward either of the majors.

Industry/Education Major:
For those who plan to attend graduate school in a field other than physics or those who plan immediate employment in areas such as industry, government, or public schools. (Those who plan certification to teach in secondary schools should also see the Teacher Education Handbook.) The course requirements are Physics 253, two semesters of Physics 371+; Physics 261, 331, and 206, plus 12 more hours selected from other physics courses and Computer Science 120. Related work includes the second science courses required for the B.S. degree, Math 181, 182, 310, and Computer Science 110.
**Preprofessional Physics Major:**

For those who plan to enter graduate school in physics in preparation for a career in the field. The course requirements are Physics 253, two semesters of Physics 371+, Physics 261, 331, 431, and 442, plus 12 more hours selected from other physics courses. Related work includes the second science courses required for the B.S. degree, Math 181, 182, 310, at least one more semester of advanced math, and Computer Science 110.

The department participates in teaching SCIENCE 101, 102, 103—INVESTIGATION IN SCIENCE. See page 146 for course description.

108. Astronomy
A survey course in astronomy which includes observational astronomy, a study of the solar system, structure and evolution of stars and galaxies, and cosmology. Prerequisite: None.
(3-0-3) STAFF

121, 122. General Physics
A study of mechanics, heat, light, sound, electricity, magnetism, and modern physics. Prerequisite: Math 181 or equivalent.
(3-3-4) each course STAFF

203. Laboratory Applications of Microprocessors
The architecture and instruction set of a specific microprocessor are studied in sufficient detail that external sensing, measuring, and control functions appropriate to general laboratory environments can be designed, assembled, and tested. The lab is thus tightly coordinated with the lecture. General analog and digital electronic principles are introduced as appropriate, assuming only a background of basic DC network theory. The course concludes with a comparative analysis of several other microprocessors.
(3-3-4) STAFF

206. Electronics
An elementary course in the principles of electronic devices, circuits, and instruments intended for students of science who desire some understanding of the electronic instrumentation they use. Prerequisite: Physics 121.
(3-3-4) STAFF

253. Modern Physics
A study of the major developments in physics since 1895 with emphasis on the atom, the nucleus, and “elementary particles.” Prerequisites: Physics 121, 122.
(3-0-3) STAFF

261. Mechanics
Classical vector Newtonian analytical mechanics. Vector notation is introduced, particle kinematics is discussed, Newton’s laws of mechanics are stated and applied to several situations including rectilinear particle dynamics (especially oscillators), general particle dynamics, non-inertial reference frames, central forces, systems of particles, and mechanics of rigid bodies. Prerequisites: Physics 121, 122, and Math 182.
(3-0-3) STAFF

272. Thermodynamics
This course deals with the development and applications of basic concepts and methods useful in the understanding of thermal phenomena. The approach is divided into three basic branches: classical thermodynamics, kinetic theory, and statistical mechanics. Prerequisites: Physics 121, 122, and Math 182.
(3-0-3) STAFF

331. Electricity and Magnetism
The subject of this course is the physics and mathematics of the classical description of the electro-magnetic field and includes the experimental and theoretical background for each of Maxwell’s equations, the equation of continuity and the associated fields in the presence of matter. Prerequisites: Physics 261 and Math 182.
(3-0-3) STAFF

340. Contemporary Physics
This course will involve the student in reading articles on selected topics in the current physics literature in the library, and will include an introduction to the structure of the physics literature as well as introduce physics topics of current interest and topics with significant relationship to life outside the laboratory. A term paper is required. Prerequisite: Physics 253.
(3-0-3) STAFF

342. Optics
This course presents and demonstrates the proper use of several alternative models of the electromagnetic spectrum including the ray model, the wave model, and the quantum model. Prerequisite: Physics 331.
(3-0-3) STAFF

354. Quantum Physics
In this course the mathematical structure and physical meaning of quantum mechanics as a fundamental theory of physics are developed at the intermediate level. Problems are drawn from areas such as the structure of nuclei, atoms, molecules, and crystals. Prerequisites: Physics 253, Math 310.
(3-0-3) STAFF

371+. Advanced Laboratory
A series of four semesters of experiments and projects covering some of the basic experimental skills that a physics major should have. These include use of oscilloscopes, voltmeters, ammeters, some familiarity with shop tools and procedures, laboratory record keeping and report writing, and knowledge of ways in which basic physical quantities are measured. Prerequisites: Physics 121, 122.
(0-3-1) STAFF

442. Theoretical Physics
These courses, designed for students planning to attend graduate school in physics, are to be taken in the senior year at Wofford. Such students should consult with the instructor during the previous semester and thus influence the choice of topics and textbook. Prerequisites: Math 310, Physics 253, 261, and 331.
(3-0-3) each course STAFF
Research
A semester of active participation in one of the research projects currently conducted by the faculty. The student will be expected to spend a minimum of six hours per week in reading and laboratory work in connection with the project and write a detailed research report to be retained by the faculty member. Prerequisite: Permission of instructor.

(3-0-3) STAFF

Psychology
JAMES E. SEEGARS, JR., Department Chairman
JOHN W. PILLEY, DONALD M. SCOTT

Major Prerequisite:
None.

Major Requirements:
Psychology 321, 322, 331, 332, 341, 342, Math 140 or Psychology 360, and one senior seminar are the course requirements for the major. Courses from the advanced electives series may be included for determining the student's GPA in the major.

Psychology offers a B.S.-degree major only. Thus the major requires eight hours of laboratory science outside the psychology department (the Science 101, 102, 103 courses do not satisfy that requirement).

The department participates in teaching SCIENCE 101, 102, 103—INVESTIGATION IN SCIENCE. See page 146 for course description.

Introductory and General Elective Courses

110. Methods, Tools, and Techniques of Psychology
A general survey of what psychologists do, the tools they use, and problems of current attention.
(3-0-3) STAFF

201. Current Trends and Perspectives in Psychology
As academic psychology is a relatively young field with growth in many directions, this course provides an opportunity for students to review the current research and theoretical basis for much of the significant on-going research in major universities and medical centers. Current areas of emphasis include moral development, sociobiology, behavioral genetics, male/female differences, public education testing programs, brain lateralization, the changing scope of abnormal psychology, and biofeedback. From time to time, new topic areas may be introduced.
(3-0-3) STAFF

205. Human Learning: Experimental and Applied
A survey of the empirical data of human learning, including methodology, historical review, and contemporary views of learning as developed within the viewpoints of behavior and cognitive psychology. The course will also explore the application of human learning skills to problems such as academics, emotions, and adjustment.
(3-0-3) PILLEY

231. Biological Basis for Behavior
Review of “internal causes” of behavior as well as review of effects of drugs on behavior. Understanding the function of the nervous system emphasized as means for producing behavior and as mechanism for psychoactive drugs. Of particular interest to persons planning careers in human service such as religion, public health, social concerns, and youth activities.
(3-0-3) SCOTT

340. Human Sexuality
This course is divided into two areas of emphasis. First, it provides a much-needed dialogue in an area of strong human concern. There is a careful presentation of data on human development and sexual adjustment which provides a framework for behavior directed toward meaning and joy in human relationships. Second, there is a careful review of instruction techniques and available materials for those engaged in sex education courses at the junior and senior high school levels.
(3-0-3) SEEGARS

Core Program for the Major

321. Child Development
A study of the total development of the human organism from conception.
(3-0-3) SEEGARS

322. Behavior Pathology
The study of the cause of inappropriate behaviors (including mental illness) and techniques for re-directing them.
(3-0-3) SEEGARS

331. Sensory Psychophysiology
A study of the functions of sensory systems as they relate to behavior.
(3-3-4) SCOTT

332. Neuropsychology
An investigation of the central nervous system structures and their behavioral functions.
(3-3-4) SCOTT

341. Experimental Methods I
A survey of the empirical data of experimental psychology including psychophysics, psychophysical methodology, sensory and perceptual processes.
(3-3-4) PILLEY

342. Experimental Methods II
A continuation of Psychology 341. A survey of the empirical data of experimental psychology including learning, memory, and higher cognitive processes.
(3-3-4) PILLEY

380. Experimental Design
The application of statistics to the design of experiments in the behavioral sciences.
(3-0-3) SCOTT
451. Human and Animal Learning and Development I
A research-oriented seminar focusing on human and animal growth and development. The student will conduct a major experiment, particularly in the areas of learning, motivation, and perception.
(3-0-3) STAFF

452. Human and Animal Learning and Development II
A research-oriented seminar focusing primarily on personality and behavior problems in humans and learning and development in animals.
(3-0-3) STAFF

Advanced Electives Series

312. Group Dynamics
A review in academic and laboratory settings is used to acquaint the student with an understanding of human interaction in small group behavior. The course focuses on theoretical explanations for group interaction as well as current and empirical data. Students have the opportunity to participate in small group activities designed to enhance the classroom presentations. Topics include leadership, persuasion, group process, and propaganda.
(3-0-3) STAFF

320. Personality
The development and identification of personality from an experimental standpoint.
(3-0-3) PILLEY

350. The Exceptional Child
A study of the exceptional child. While primary focus is on the mentally and emotionally handicapped child, some study is made of the diagnosis and etiology of all aspects of exceptional children.
(3-0-3) SEEGARS

404. History of Psychology
Modern psychology draws its heritage largely from philosophy and the biological and physical sciences. In this course, students review the scientific and philosophical contributions that resulted in contemporary behavioral science. The diverse branches of modern psychology can then be understood as they relate to each other and to the culture of the student.
(3-0-3) STAFF

410. Industrial Psychology
A general course designed to acquaint students with the uses of psychology in industrial applications. Strong emphasis placed on interviewing, motivation, sales, brainstorming, and related aspects. Of special interest to students of business, law, and the ministry.
(3-0-3) SCOTT

450. Psychological Assessment
Standardized tests, their function, construction, and application as part of a broader approach to the assessment of the individual. Special emphasis on intelligence testing.
(3-0-3) STAFF

458. Psychology in the Community
A course in which students become involved in the practical application of psychological training. Students are expected to work a minimum of 10 hours a week in a community program under carefully selected supervisory conditions at such agencies as the Spartanburg Mental Health Center, The Broughton State Hospital, The Charles Lea Center, or The Spartanburg Alcohol and Drug Abuse Commission.
(1-4-3) STAFF

460. Independent Research
This course is designed to permit students to learn independent research techniques through actually planning and conducting an experiment. A final paper meeting APA Journal form requirements completes the experiment.
(3-0-2) STAFF
Major Requirements:
Twenty-four semester hours in courses selected from groups II-V, including at least one course from each of those four groups. Satisfactory completion of a 200-level course in Greek may be counted as three hours toward fulfillment of a religion major.

I. Introductory Courses

201. The Old Testament
The life and thought of ancient Israel as seen in a literary, historical, and theological analysis of the Old Testament and Apocrypha.
(3-0-3) STAFF

The emergence of Christianity in the world as seen from an analysis of the New Testament writings.
(3-0-3) STAFF

203. The Christian Faith
The major convictions of the Christian faith examined historically and in relation to their relevance for modern life.
(3-0-3) STAFF

205. Religions of the World
A historical introduction to the major living religions found throughout the world, including Hinduism, Judaism, Buddhism, Christianity, and Islam. Offered only in Summer Session.
(3-0-3) STAFF

II. The Bible

301. Jesus
An analysis of the Gospels with concern for Jesus' life and teachings and for earliest Christian understandings of him.
(3-0-3) MOUNT

302. Paul
A study of the New Testament evidence in search of an understanding of Paul and his place in Christianity.
(3-0-3) MOUNT

303. The Johannine Literature
A critical study of the Gospel, the Apocalypse, and the Letters traditionally ascribed to "John" in the light of the religious, historical, and literary issues which they raise.
(3-0-3) MOUNT

311. The Prophets of Israel
The religion of the Hebrew prophets studied in historical context with concern for its contemporary relevance.
(3-0-3) BULLARD

312. Israel's Poetry and Wisdom Literature
The religious and philosophical thought of Israel's Wisdom Movement as found in the books of Proverbs, Ecclesiastes, Job, and portions of the Apocrypha. Also, a study of the forms of Hebrew poetry analyzed with reference to the Psalter as the vehicle of ancient Israel's devotional life in a community of worship.
(3-0-3) BULLARD

315. Biblical Archaeology
An introduction to the science of archaeology and how it illuminates the religious, cultural, and historical background of the Bible.
(3-0-3) BULLARD

320. Biblical Theology
The major underlying themes of biblical thought and such related issues as the nature of inspiration and the Bible as Word of God.
(3-0-3) BULLARD

III. Theology and Ethics

321. Christian Theology: Practice and Method
A constructive analysis of the persistent human problems which make people theologians and of some responses to these problems which have been developed within the Christian circle of reference. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) BARRETT

322. Christian Theology: Themes and Development
A study of the history of Christian ideas which focuses particularly on those critical periods in which they underwent redefinition (e.g., the Constantinian era, the age of the Reformation, and the age of the Enlightenment).
(3-0-3) BARRETT

323. Religious Thought in the Twentieth Century
An examination of the thought of major contributors to contemporary theological discussion. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) BARRETT

324. New Frontiers in Christian Thought
An analysis of new approaches to persistent religious and theological problems. The course will begin with a study of Dietrich Bonhoeffer's idea of "religionless Christianity" and explore such subsequent phenomena as the God-is-dead theology, the Charismatic movement, and liberation thought.
(3-0-3) BARRETT

325. Christian Ethics
A study of Christian ethical perspectives as they have developed through history and as they bear on contemporary issues. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) STAFF

IV. Religious Traditions

332. Religion in America
Studies in the role played by Judeo-Christian tradition in the formation of American mores, thought, and culture, with due attention to the reciprocal impact of environment on faith. Prerequisite: One course in American history or permission of instructor.
(3-0-3) McGEHEE
The Religions of Western Asia
An introduction to the history of religions, beginning with philosophical and anthropological considerations and moving to a phenomenological examination of the four classical monotheistic religions in the Middle East: Judaism, Zoroastrianism, Christianity, and Islam.
(3-0-3) BULLARD

The Religions of South and East Asia
A cultural analysis (continuing Religion 355) of Hinduism, Hinayana and Mahayana Buddhism, Confucianism, Taoism, Shinto, and the new religions of Japan.
(3-0-3) BULLARD

V. Advanced Studies

452. Independent Research
Extensive investigation of an approved topic culminating in a full-length essay. Credit hours to be determined by the instructor. Normally offered for religion majors.
(0-0-1 to 3) STAFF

480+. Special Topics in Religion
A seminar in which a selected theme or problem is thoroughly studied. Emphasis on bibliography and methodology in research.
(3-0-3) STAFF

Sociology

GERALD T. THURMOND, Acting Department Chairman
CLARENCE L. ABERCROMBIE, TERRY A. FERGUSON, GERALD A. GINOCCHIO,
DAN B. MAULTSBY

Major Prerequisites:

Major Requirements:
Sociology 310, 320, 330, plus three electives in the department.

200. Introduction to Anthropology
An introduction to physical and cultural anthropology.
(3-0-3) FERGUSON

210. Introduction to Sociology
An introduction to the sociological perspective.
(3-0-3) GINOCCHIO

215. Sociology of Deviant Behavior
An application of the sociological perspective to "problem" behavior.
(3-0-3) GINOCCHIO

225. Human Ecology
An ecological approach to examine the relationships between natural resource bases and the human societies they support.
(3-0-3) ABERCROMBIE

232. Man and Culture
A study of human behavior in different societies.
(3-0-3) STAFF

250. Urban Sociology
An examination of the nature and development of the city and of types of social behavior characteristic of an urban environment.
(3-0-3) GINOCCHIO

260. Social Problems
An examination of social problems such as crime, poverty, inequality, and racism, emphasizing the interplay of the various institutions of society.
(3-0-3) THURMOND

310. The Development of Sociological Theory
A review and analysis of modern social thought and sociological theories.
(3-0-3) GINOCCHIO

315. Sociology of the Family
A study of the family as a social institution.
(3-0-3) THURMOND

320. Social Psychology
A study of the relationship between the individual and society.
(3-0-3) THURMOND
330. Social Research
An introduction to the methods and techniques of collecting and analyzing social data.
(3-0-3) THURMOND

480+. Special Topics
Independent research or exploration of a sub-specialty not offered above.
(3-0-3) STAFF

Non-Departmental Courses

Research 106. Introduction to Research Methods
This course focuses on methods of research and of presenting information. Students analyze essays by examining the validity of arguments, evaluating supporting evidence, and recognizing bias. The instructor may be drawn from one of a number of departments, including history, sociology, government, and philosophy. Offered in Summer Session only.
(3-0-3) STAFF

Science 101, 102, 103. Investigation in Science
Designed to develop in the student an appreciation of logical inquiry, observation, abstraction, generalization, analysis, and prediction by which scientists organize man’s understanding of nature. Emphasis on exemplifying science, rather than on acquiring familiarity with a specific body of content. Each instructor involves his or her students in a scientific area closely related to the instructor’s competence and enthusiasm. Sections of these courses are taught by members of the departments of biology, chemistry, geology, physics, psychology. The topic of Science 101 is physical science; 102, life science; and 103, both.
(3-3-4) each course STAFF
The Board of Trustees

Wofford College has twenty-seven trustees, who sit as the legal governing body of the College under the conditions of the will of the Reverend Benjamin Wofford and the state charter of 1851. Individual trustees are elected by the South Carolina Conference of the United Methodist Church every two years and may serve six consecutive two-year terms before rotating off the board.

The following listing includes those persons who served as trustees during the 1983-85 academic years and those who were elected to begin terms as trustees in 1985.

JOHN D. BOONE, JR.
Minister, New Francis Brown United Methodist Church
Charleston Heights, S.C.

DAN M. BYRD, JR., CHAIRMAN 1983-84 (Term expired 1984)
Attorney
Rock Hill, S.C.

MARSHALL CHAPMAN
President and Treasurer, Inman Mills
Inman, S.C.

ANNE SPRINGS CLOSE, CHAIRMAN 1984-1986
Businesswoman
Fort Mill, S.C.

ALLEN L. CODE, SR.
Retired Educator
Seneca, S.C.

BRYAN CRENSHAW
Minister, Buncombe Street United Methodist Church
Greenville, S.C.

ROGER HABISREUTINGER
Vice President, Champion, Inc.
Spartanburg, S.C.

JAMES G. HALFORD
Physician and Medical Educator
Anderson, S.C.

E. E. JENKINS (Term expired 1984)
Minister, Easley Charge, United Methodist Church
Easley, S.C.

CHARLES L. JOHNSON
Superintendent, Rock Hill District, United Methodist Church
Rock Hill, S.C.

PHIL M. JONES (Term expired 1984)
Minister, Bethel United Methodist Church
Charleston, S.C.

RUSSELL C. KING, JR., VICE-CHAIRMAN 1983-86
Vice President, Sonoco Products
Hartsville, S.C.

ROGER MILLIKEN
Chairman of the Board and Chief Executive Officer, Milliken & Company
Spartanburg, S.C.

FRANCIS NICHOLSON (Deceased 1984)
South Carolina Circuit Court Judge
Greenwood, S.C.

CONSTANTINOS N. PAPADOPOULOS
Chairman of the Board, Transworld Construction Corporation
Houston, Tex.

The Wofford College National Alumni Association consists of more than 10,000 persons who attended Wofford for one year or more. The purpose of the organization is to stimulate a permanent and informed interest of all alumni in the work of the College, encourage financial and moral support of the College, perpetuate the friendships formed in the college years, and promote the cause of Christian higher education.

The governing body of the National Alumni Association is the Alumni Board of Directors, which consists of approximately forty alumni elected to serve staggered four-year terms. The officers and members of the Board of Directors are identified below.

In addition to the elected members of the Board, there are several ex officio members. They are the Chairman of the Board of Trustees of Wofford College, the President of the College, the officers of the College development staff, a representative from the College faculty, the President of the Terrier Club (the fund-raising organization for athletics), the Chairmen of the Parents Advisory Council, and the Chairmen of the Alumni and Development Committee of the Campus Union.
