DISCLAIMER AND COMPLIANCE STATEMENTS

While Wofford College reserves the right to make changes in its calendar, policies, regulations, fees, prices, and curriculum, the information in this Catalogue accurately reflects policy and states progress requirements for graduation effective September 1, 1989.

The College makes every effort to enforce the provisions of the Family Educational Rights and Privacy Act of 1974. This Act, as it applies to institutions of higher learning, ensures that students have access to certain records that pertain to them and that unauthorized persons do not have access to such records. A full statement of Wofford policy regarding the implementation of the Act is available upon request to the Registrar.

Wofford College's policy of non-discrimination on the basis of race, color, religion, national origin, sex, handicap, and age is in conformity with applicable federal laws and regulations.

Purpose of the College

Founded in 1854 and related to the United Methodist Church, Wofford College is a privately supported four-year liberal arts college of approximately one thousand undergraduate men and women students.

The purpose of Wofford College is to function as a liberal arts institution of superior quality. Its chief concern is the development of an intellectual, spiritual, and aesthetic atmosphere in which serious and inquiring minds of students and faculty alike will be challenged to a common search for truth and freedom, wherever that search may lead, and in which each person may become aware of his or her own individual worth while aspiring to high standards of learning and morality.

In such an environment all members of the Wofford community should develop intellectual curiosity, independence of thought, maturity of judgment, self-discipline, religious faith, and moral character so that they will be ever sensitive to the duties and responsibilities of good citizenship and render effective leadership and generous service to the communities in which they live.

This concept of liberal education is in harmony with the ideals of the United Methodist Church, to which the College is related, and should lead to a Christian philosophy of life among all who study and teach and work here.

Adopted by the Faculty, September 10, 1965, and the Board of Trustees, October 5, 1965.

History of the College

One of fewer than two hundred existing American colleges which opened before the Civil War, Wofford was founded in 1854 as a result of a bequest of $100,000 to the Methodist Church from a Spartanburg minister and businessman, Benjamin Wofford. The College’s original Main Building, with its distinctive twin towers remains in use today, and is listed in the National Register of Historic Places, along with four campus homes.

Wofford’s first century was blessed by two outstanding presidents, both nationally recognized as educational leaders. James H. Carlisle, who headed the College from 1875 to 1902, was a man devoted to the idea of a liberal and Christian education, and made this spirit his legacy to the College. His successor, Henry Nelson Snyder, built on this foundation to give Wofford a reputation for academic excellence that was recognized in 1941 with a charter for a chapter of Phi Beta Kappa. Of almost two thousand four-year colleges and universities in the United States, fewer than 250 have Phi Beta Kappa chapters, and only three of these are in South Carolina.

During the great era of higher education expansion after World War II, Wofford prospered. Around a core of historic buildings rose imposing new structures including the Sandor Teszler Library, the Campus Life Building, and the Neofytos D. Papadopoulos complex. Wofford Terrier athletic teams, with strong financial support from alumni and the Spartanburg community, competed successfully against much larger schools. Academic innovations included a January Interim, which gave students the opportunity to pursue a variety of non-traditional educational opportunities both on campus and around the world. Once a men’s college, Wofford voluntarily opened its doors to racial minorities in the 1960s and to women in the 1970s. At the same time, the College remained true to its classical-college heritage by deliberately limiting enrollment to one thousand undergraduates and refusing to step back from its emphasis on being “a liberal arts institution of superior quality.”

In the 1980s, under President Joab M. Lesesne, Jr., Wofford faces the future with many strengths. The College has an outstanding faculty, a dedicated and talented administrative staff, and a bright and diverse student body. Most important of all, Wofford has a roster of outstanding alumni, including five Rhodes Scholars, four Truman Scholars, and almost forty college presidents; a host of government leaders at every level, including more than 150 members and former members of the South Carolina General Assembly; fourteen generals and four admirals; and numerous leaders in medicine, religion, law, education, and business. Surely, Wofford’s Latin motto, In Talibanis Fulget Honoribus (“Unharried, she shines with honor”), has never been more true than it is today.

Accreditation

Wofford was one of nine colleges which met in Atlanta in 1895 to form the Southern Association of Colleges and Schools, and is fully accredited by this regional body today.

Phi Beta Kappa

Having been granted a Phi Beta Kappa charter in 1941, Wofford is one of two private colleges in South Carolina with chapters of Phi Beta Kappa, a national honorary scholastic society. Eligibility for individual membership in Phi Beta Kappa is based upon scholarly achievements, high character, and special intellectual attainments.

Degrees

The College grants the degrees of Bachelor of Arts and Bachelor of Science, and also confers appropriate honorary degrees.

The Sandor Teszler Library

The Wofford library collections are housed in the Sandor Teszler Library, a three-level building with seating accommodations for 385 readers. In service since the fall of 1969 and named as one of the “Outstanding Buildings of the Year” by the South Carolina Chapter of the American Institute of Architects, the building was dedicated in 1971 and named for Sandor Teszler, a well-known textile leader.
The library's resources and materials—journals, newspapers, microforms, and books—are acquired and maintained to sustain the College's educational programs, to support research activities, and to provide access to information of current and continuing importance. There are more than 176,000 volumes in the collections, including bound journals and microform equivalents. In special collections are some ten thousand volumes, including scholarly materials from the fifteenth through the twentieth centuries.

All departments of the library are under the supervision of professional librarians who are available to assist library users. In addition to providing access to the resources housed in the library through regular reference assistance, the librarians also perform on-line computer searches on several databases for information requested by students and faculty. The library also provides access to a number of microcomputers for student use.

Housed in the library are the Wofford College Archives, the records and historical materials of the South Carolina Conference of the United Methodist Church, conference areas with media facilities, and a gallery with a changing schedule of exhibits through the course of each year.

In the summer of 1989 the library began a project which will convert its card catalog to an automated catalog to be accessible eventually from many points on the campus.

The Academic Program

The academic program, the primary means by which Wofford College seeks to realize its purpose, is based upon a liberal arts curriculum, which is thought to provide the most effective study experience for developing abilities and motivations for lives of service and fulfillment. Liberal arts education emphasizes general knowledge and intellectual skills. It acquaints students with the best of our cultural heritage and develops the abilities to think, to learn, to communicate, to judge, to adapt, and to solve problems. In a Christian community, liberal arts education also promotes character, appreciation of values, and mature ethical choices. All of these are qualities and attainments to which the College attaches great value.

Wofford has modified its programs over the years to include new and relevant material and approaches, but there has been little change, if any, in Wofford's concept of the purposes and reasons for a liberal arts education.

The Curriculum

The Wofford curriculum emphasizes the traditional but calls also for the experimental, always in accord with the liberal arts focus of the College. The curriculum exposes students to a broad range of knowledge and provides opportunity to achieve a deeper competence in one or two fields.

General Requirements

All student are to complete a core of general requirements to ensure a broad exposure to our intellectual heritage. These required studies are in English, fine arts, foreign languages, humanities, science, history, philosophy, religion, mathematics, and physical education.

Fields of Concentration

The curriculum also provides that, in addition to the core of general requirements, each student is to complete a major in one of several fields: accounting, art history, biology, business economics, chemistry, economics, English language and literature, finance, French, German, government, history, humanities, intercultural studies, mathematics, philosophy, physics, political economy and philosophy, psychology, religion, sociology, or Spanish. Course work is available also in seven fields in which majors are not offered: computer science, education, geology, military science, music, theatre, and physical education.

Interim

The academic year at Wofford is divided into three parts: a fall semester of four months; the Interim, which occupies a winter month between the two semesters; and a spring semester of four months.

In the semesters, students and faculty take part in an educational program that seeks to embody and build upon the best accepted and proved traditions for offering and obtaining a liberal arts education. While that itself involves substantial use of new materials and new approaches at Wofford, innovation and experiment are the keynotes of the Interim. The Interim permits and encourages teachers and students to explore the new and untried, and in so doing to run risks that could not be justified in the semesters.

Further, the Interim frees teachers and students from many of the usual class commitments of the semesters and permits each to concentrate for a month on a single study project of his or her choosing. Interim projects are designed to move beyond traditional classroom courses and teaching methods, to consider important topics in relevant ways and places, to observe
issues in action, to develop capacities for independent learning, and to encourage the responsible self-direction of educational development.

Upon successful completion of an approved Interim project, the student is awarded four hours of credit toward graduation. The grades of H (Pass with Honors), P (Pass), and F (Fail) are used in evaluating students' Interim work and accomplishments, and this system, together with the general philosophy of the Interim, allows students to participate in Interim projects in which they have interest but not full background, without incurring great risk of damaging the over-all picture of their academic performance.

Pre-Professional Preparation

Many students attend Wofford in order to prepare themselves for professional careers. The curriculum provides sound pre-professional background for the world of work or for graduate-school study in many disciplines or for study in professional schools of law, medicine, dentistry, nursing, veterinary science, engineering, and theology.

Pre-professional advisors at Wofford assist students in planning programs of study appropriate to their interests. While selected combinations of courses may be recommended for specific objectives, any of the traditional disciplines is sound basic preparation for the world of work. For this reason, pre-professional students are expected to complete majors as part of their study.

Advanced Placement

Wofford encourages the enrollment of students who have successfully participated in the Advanced Placement (AP) Program of the College Entrance Examination Board, a program of college-level courses and examinations for secondary school students. The College awards credit and exemption to students whose AP examination grades are at specified levels (see Catalogue chapter on Admissions).

Cooperative Education

The Cooperative Education Program (Co-Op) is an educational opportunity combining study toward the Wofford degree with management training in business or industry. In most instances the program calls for students to alternate periods of full-time work and study, usually two semesters at work with one to three semesters of school in between. No academic credit is awarded for the periods of work, but the combination of academic and management training provides exceptional preparation for careers.

Army Reserve Officer Training Corps

Completion of the ROTC program at Wofford College earns graduating men and women commissions as second lieutenants in the United States Regular Army or the United States Army Reserve. The program prepares students for all branches of the Army, except for those requiring additional study on the graduate- or professional-school level. Delays in beginning active service may be granted to commissioned students who wish to attend law, medical, or dental school.

Uniforms, textbooks, and equipment required for the ROTC program are provided at no expense to the student. For ROTC scholarship students, the Army pays tuition and certain other expenses (see Catalogue section on financial aid). The normal four-year sequence of ROTC instruction is divided into the Basic Program and the Advanced Program.

Participation in the Basic Program, normally undertaken in the freshman and sophomore years, is voluntary and involves no obligation for military service. The four courses in the Basic Program are intended to familiarize the student with military customs and organization, to introduce selected weapons, and to develop leadership. These courses combine for a total of six credit hours, all of which may be applied toward graduation.

The Advanced Program is offered for students who have successfully completed the six credit hours in the Basic Program, who meet the academic and physical standards, and who are selected on the further basis of leadership potential. (Satisfactory completion of a six-week basic camp in the summer after the sophomore year, or suitable prior military experience, or three years of JROTC may substitute for a portion of the Basic Program for this purpose.) The Advanced Program, normally taken during the junior and senior years, offers a total of twelve credit hours. The four courses include instruction in leadership, ethics, tactics, military law, administration, and exercise of command. Advanced Program cadets currently receive a tax-free allowance of $100 each month for ten months of the academic year, and are also paid during the six-week summer camp they are required to attend between the junior and senior years.

The Advanced Program cadet may elect to enter active duty for three years or participate in the Reserve Force Duty Program (RFD) as means for fulfilling the incurred obligation for military service. Under the RFD
program, the student is commissioned in either the National Guard or the U.S. Army Reserve.

In addition to the Basic and Advanced Programs of classroom instruction, the Military Science Department at Wofford sponsors numerous extracurricular activities which are designed to complement skills learned in the classroom. The activities currently offered are Rifle Team, Ranger Platoon, a chapter of the national military honor society Scabbard and Blade, and adventure activities such as rappelling, orienteering, and mountaineering. Participation is voluntary and no academic credit is awarded.

Cooperation With Other Institutions

The academic programs offered at Wofford are supplemented by a cooperative cross-registration arrangement between Wofford and neighboring Converse College. Students at either institution may register on a space-available basis for certain courses offered at the other college, and thus the number and types of courses available to students are considerably increased, efficient use of educational resources is developed, and a fuller relationship between two colleges of similar purpose is fostered.

In addition, Wofford has joint programs with Columbia University and Georgia Institute of Technology in two-degree, five-year curricula in liberal arts and engineering, and a cooperative program with the Emory University School of Nursing.

Further information about these programs is available elsewhere in the Catalogue or in the office of the Registrar or of the Dean of the College.

Foreign Study Opportunities

Qualified students are urged to consider opportunities for study and travel in other countries. Such experiences offer invaluable educational enhancement and help develop appreciation for other peoples and other cultures.

Several examples of available foreign study programs are outlined below. Interested students may consult the President or Dean of the College regarding the Presidential Scholar opportunity, and the Foreign Study Advisor and the Registrar for information about the others.

The Presidential Scholar

Through the generosity of a friend of the College, one rising junior or senior annually is given financial support for a full year of study and travel in developing nations of the world. The recipient, known as the Presidential Scholar, is expected to plan a program of research and experience in at least five different language areas in the developing nations. This special opportunity is intended to expose students to diverse world cultures and some of the problems which define the contemporary world. There is only one Presidential Scholar each year, but because the Scholar is expected to share his or her experience with others upon return to Wofford, the entire campus community is made more aware of the diversity of human experience and of the importance of taking the developing nations into account.

Wofford-Related Programs For Foreign Study

Wofford's association with the Council on International Education Exchange (CIEE), the American Institute for Foreign Study (AIFS), and the Institute of European Studies (IES) makes available to Wofford students a number of opportunities for year-long, semester-long, and summer programs of study abroad in Austria, France, Switzerland, Italy, Great Britain, Ireland, Germany, Spain, the USSR, Singapore, Japan, China, Australia, Costa Rica, and the Dominican Republic. These programs offer a wide variety of courses and specialized curricula; several do not require preparation in the language, but do require on-site language study. For the Wofford students who participate, credits in these programs are awarded by Wofford and are included in the computation of the cumulative grade-point averages of those students. Program costs are comparable to those of attending Wofford, plus international travel expenses; Wofford financial aid may be applied toward program costs.

Whether through Wofford or through another institution (see below), when a student undertakes an approved foreign study program whose calendar precludes his or her participation in the Wofford Interim as ordinarily required, satisfactory completion of the foreign study program will stand in lieu of successful Interim participation for that year.

Other Foreign Study Programs

Wofford students may apply directly to other American colleges and universities for participation in the variety of foreign study programs they sponsor in Europe, Latin America, Asia, and Africa. Credits awarded for courses passed with grades of C or higher in these programs may be accepted at Wofford as transfer hours (which do not affect the students' grade-point averages).

Wofford students have access also to various other opportunities for foreign study, such as travel/study projects in the Interim.
Summer Session

The summer session, conducted in two terms of five weeks each, begins each year in early June and ends in mid-August. (Specific dates are indicated in the calendars appearing in this Catalogue.) The summer academic program reflects the same general purpose as that of the fall and spring semesters. It also provides special advantages in allowing both current and new students an opportunity to accelerate their work toward the bachelor's degree, in permitting students to make up academic deficiencies they may have incurred, and in providing an opportunity for rising high school seniors to take college courses and earn college credits during the summer.

In each term, summer courses normally meet five times weekly, Monday through Friday, in daily class sessions of one hour and forty minutes per course. In addition, science courses have laboratories three afternoons a week. Most summer courses carry credit of three or four semester hours each, and students may undertake a maximum of two courses per term.

The teacher-certifying bodies of the various states, including South Carolina, have their own rules for applying course credits toward teachers' certificates, and teachers should acquaint themselves with these rules before enrolling in summer courses.
Wofford College admits men and women of good character who demonstrate the potential for successful academic work at Wofford. The College seeks students who are ready to assume responsibility for their personal behavior and for their learning and who will contribute to the campus community. Wofford welcomes students from diverse racial, cultural, economic, and geographic backgrounds.

Dates Of Entrance

Freshman and transfer students may enter the College in September, February, June, or July.

Application Procedures

Students interested in applying for admission should write to the Admissions Office for information and the application packet, which contains the necessary forms and instructions for freshman applicants. Transfer applicants will need in addition the College Evaluation Form for Transfer Students, which they may also obtain from the Admissions Office.

Here is a summary of application procedures and policies.

1. Each person seeking admission must complete the Application for Admission and submit it with a $25 non-refundable application fee to the Admissions Office.

2. Transcripts and other documents regarding previous academic work provide important information about students’ academic history and potential. For **freshman applicants**, secondary school transcripts and the Secondary School Report Form are required and are to be sent directly to the Admissions Office by the schools attended. For **transfer applicants**, transcripts of both secondary school and college work are required, as is the College Evaluation Form for Transfer Students, completed by appropriate officials of the colleges attended. All these materials are to be sent directly to the Admissions Office by the schools and colleges concerned.

3. The results of performance on standardized tests are helpful in assessing students’ potential for success at Wofford. **Freshman applicants** and **transfer applicants** are required to submit either Scholastic Aptitude Test (SAT) scores or American College Testing Program (ACT) scores. For any applicant, Achievement Tests in two fields of interest are recommended but not required.

4. Letters of recommendation from teachers or other respected adults who know freshman or transfer applicants well are helpful in providing references less impersonal than scores, transcripts, and official evaluations. Such letters may be sent to the Director of Admissions.

5. A Medical History and Physical Examination Form will be sent to each accepted applicant. This form must be completed by a physician and returned to the Admissions Office before the student enrolls in the College.

Admission Decisions

Because the number of spaces available in the Wofford student body is limited, it is advisable to apply early. The table below indicates the two admissions deadlines and the corresponding notification dates.

Students admitted for the fall semester may reserve space in the student body by submitting the required deposits on or before May 1. These deposits, which are **not refundable**, are $200 for resident students and $150 for commuting students. The deposits are applied toward the comprehensive fees due for the fall semester (or, for students entering Wofford in the spring semester, are applied toward the comprehensive fees due for that semester). Available spaces in campus residence halls are limited and assignments to them are made according to the dates the deposits are received by the Admissions Office. When on-campus housing is filled, space in temporary housing facilities will be utilized.
Interviews And Campus Visits

Applicants and other interested students are encouraged to visit the campus and talk with College representatives, who can serve visitors more effectively when arrangements are made in advance. Appointments for interviews, admissions presentations, and campus tours can be scheduled for weekdays between 9 a.m. and 4 p.m. and for Saturdays between 9 a.m. and noon. Also, twice each year the College hosts campus visitation programs for high school juniors and seniors. Interested students and parents should contact the Admissions Office for further information about these and other opportunities for visiting the campus. The Admissions Office telephone is (803) 585-4821, extension 275, and the Office is located in Hugh S. Black Hall.

Requirements For Admission

Students should prepare for the challenges at Wofford by taking strong academic programs in high school. Applicants should be in the senior year of high school, and normally must be high school graduates when they enroll at Wofford. While the College does not prescribe a rigid set of course requirements for admission, it is strongly recommended that applicants' high school study include the following:

- English: 4 years
- Mathematics: 4 years
- Laboratory Science: 3 years
- Foreign Language: 2 years
- Social Studies: 2 years

Each applicant is judged on his or her merit as a potential Wofford student. In reaching each of its decisions, the Committee on Admissions pays particular attention to the applicant's courses, level of curriculum, class rank, test scores, grades, extracurricular leadership, and recommendations from the guidance counselor and the Wofford admissions counselor.

The College will consider applicants whose educational circumstances are unusual. Students desiring to enter Wofford prior to obtaining a high school diploma, for example, and students who by non-traditional means have obtained the equivalent of admission requirements will be considered on an individual basis. The Committee on Admissions carefully reviews such applicants and may grant admission upon evidence of superior ability and maturity. An interview with the Director of Admissions is strongly suggested for these applicants.

Transfer From Other Institutions Of Higher Learning

Candidates submitting evidence of studies successfully completed at other accredited institutions of higher learning may be considered for admission with advanced standing, provided that they are eligible for readmission to the institutions they last attended and that they meet the regulations governing admission of students to Wofford College. To be eligible for admission, transfer applicants are expected to present grade-point averages of at least 2.50 from accredited four-year colleges or at least 3.00 from accredited two-year colleges. Students with unsatisfactory academic or conduct records at other institutions are considered only if there are extremely extenuating circumstances and/or time intervals (such as military or work experience) that would give clear evidence to the Committee on Admissions that admission might be warranted.

Transcripts of prior college work will be evaluated by the Registrar at Wofford. When questions arise regarding the equivalence of a course taken elsewhere to a course offered at Wofford, the chairman of the Wofford department concerned determines the acceptability of the course.

The maximum amount of credit acceptable upon transfer from a two-year college is sixty-two semester hours, exclusive of credit in basic military science. No more than two semester hours in physical education will be accepted. Transfer students should be reminded of Wofford's residency requirement, which stipulates that the senior year of work (at least thirty semester hours) must be completed at Wofford College if a Wofford degree is to be awarded.

Students who attend certain technical institutes in programs leading to Associate of Arts or Associate of Science degrees may receive credit toward a Wofford degree, but the College does not accept for credit any course work completed by correspondence, television, or extension. For further information consult the Registrar.
Readmission Of Former Students

A student who has withdrawn from Wofford and who wishes to return must apply, normally to the Registrar, for readmission. But former students who have attended other institutions of higher learning for more than two semesters since leaving Wofford must reapply through the Admissions Office, as transfer students. If any former student seeking readmission has attended any other institution(s) of higher learning during his or her absence from Wofford, official transcripts of work undertaken must be submitted, together with statements of honorable dismissal, by the other institution(s).

College Study Opportunities For High School Juniors And Seniors

Wofford College offers two programs through which qualified students may combine high school study with study in college. Application for either program may be made by writing to the Director of Admissions.

The Summer Advancement Program offers qualified rising high school seniors an opportunity to attend Wofford, taking regular courses, during the summer preceding their senior year. The experience acquaints them with college and can help in the selection of high school courses which will improve their background for future college work. Admission to the program is based upon high school academic performance, standardized test scores, and recommendations from guidance counselors and teachers. Eligible students should rank in the top quarter of their high school class. Credits earned in the Summer Advancement Program may be applied toward the student's record should he or she enter Wofford as a full-time student upon graduation from high school. Transfer of credits earned in the program is subject to the approval of the other institutions. The Summer Advancement Program is offered within the same calendar, and for the same fees, as the summer session at Wofford. Scholarships are available.

The other program, dual enrollment, provides opportunity for students to take semester courses at Wofford while they are still enrolled in high school as juniors or seniors. The limit is two such courses per semester, but normally the dual-enrollment student would take only one at a time. Credits earned in these courses are applied toward the degree at Wofford and may be transferred subject to the regulations of other institutions. Applicants for this program must be in college preparatory work in high school, must rank in the upper quarter of their class, and must be recommended by their principals. The course fees for students in this program in the 1989-90 academic year amount to $50 per semester hour of work taken. If at a later time students want the credits transferred to another college or university, they pay in addition the difference between the $50 per-semester-hour fee and the then-current full semester-hour fee. For those students who enroll at Wofford as full-time college students, there is no additional charge for these credits.

Examination-Based Credits

The College-Level Examination Program and the Advanced Placement Program, described below, are two testing programs through which students, particularly entering freshmen, may earn exemption and credit for required or elective college courses. Each of the programs accomplishes generally the same purpose and, therefore, it is not necessary to take the same test in more than one program. Students who need further information about the two programs and Wofford's policies regarding them may consult the Registrar.

Credits may also be awarded on the basis of DANTES and military experience and schools. Military personnel should contact the Registrar for information regarding Wofford's policy on awarding credit for these programs.

No more than thirty semester hours of credit may be awarded through any one program or combination of programs.

College-Level Examination Program (CLEP)

While Wofford does not accept CLEP General Examination scores for credit, it does award credit for successful work on the Subject Examinations. Successful Subject Examination scores must be presented to the Registrar prior to matriculation.

Advanced Placement Program (AP)

The College accepts for exemption and credit scores of 3 or higher on most tests in this program. But in chemistry a validation test is required before any credit is awarded, and in Physics C examinations students must complete and make acceptable scores on both tests to receive exemption and/ or credit. High school juniors or seniors should consult their guidance counselors about taking AP courses and tests.
The International Baccalaureate Program (IB)

Wofford recognizes the quality of the International Baccalaureate Program, and awards credit and advanced placement for IB Higher level courses passed with grades of 5 or higher. No credit is awarded for Subsidiary level courses.

Educational Opportunities For Non-Traditional Applicants

Wofford College encourages individuals who are not of traditional high school age or background, including military veterans or career military personnel, to pursue educational programs leading to the undergraduate degree. So that the College can outline specific academic programs and provide counsel in general, people who are interested in these educational possibilities are urged to confer with the Director of Admissions and the Registrar and to submit their credentials for evaluation.
The Deans and the Registrar exercise general supervision over the student services programs. Services are available through the financial aid office, the residence halls, counseling and advising programs, health facilities, the office of the Chaplain, and the office of career services and placement. All of these are intended to help meet the needs and develop the capacities of students.

The student activities program is coordinated by the Campus Union through the office of the Dean of Students. All funds for students activities are allocated through the Campus Union. The Student Affairs Committee, composed of faculty and students, approves and regulates all student organizations.

Orientation

Because it is important that new students come to appreciate as soon as possible that they are members of the campus community and that such membership brings certain responsibilities and opportunities to them, Wofford conducts programs of orientation for freshmen and new transfer students. During the periods of orientation, which are held at the opening of the fall and spring semesters, participation in programs of planned activities enables new students to become acquainted with each other and with upperclass student leaders, faculty members, advisors, the educational program, campus facilities, and Wofford traditions, standards, and policies.

The orientation programs are planned by a College committee of faculty members, students, and administrators, and are carried out under the supervision of the Dean of Students.

Guidance and Counseling Programs

Office of Career Services and Placement

The Office of Career Services and Placement offers a wide variety of career development services for Wofford students, prospective students, and alumni. To assist those making career decisions, the Office provides counseling and resources designed to enhance self-awareness, widen awareness of career possibilities, and develop opportunities for gaining work experience, including internships. The Office offers vocational preference tests, a comprehensive career library, reports of recent graduate trends, information about graduate and professional schools, and a career speakers series.

For upperclassmen or alumni who have decided upon goals for employment or further study, the Director and staff of the Office offer various services helpful to the pursuit of those goals. These services include assistance in the preparation of resumes and other useful documents, the development of interview skills, and the selection of appropriate potential employers or schools. Also, the Office refers job opportunity notices to interested parties, and coordinates Wofford campus interviewing by employers and professional schools.

The Director coordinates the Cooperative Education Program, an arrangement which permits students to work toward the completion of degree requirements and also have a full- or part-time career-related work experience. This opportunity is described more fully elsewhere in this Catalogue.

The Office of the Chaplain

The Chaplain is available to students and all other persons of the College community—faculty members, administrators, staff members, and parents—for personal counseling.

Faculty Advising for Freshmen and Sophomores

Each new student is assigned to a faculty advisor for the first two years at Wofford. Before each registration, freshmen and sophomores plan their academic programs with the assistance of their advisors, who are also available throughout the year to help with curricular or non-curricular guidance.

In order to take full advantage of advisors' abilities and interests in assisting them with sound, helpful counsel in the critical first two years of college, freshmen and sophomores should feel free to initiate contact with their advisors on any matters with which they need help. Special steps may be taken to ensure that students on academic probation avail themselves of advising services.

Departmental Advising

Toward the end of the sophomore year, students are to specify the academic department in which they intend to major. When that step is taken, a faculty member in the intended major department (normally the chairman) becomes the student's advisor for the junior and senior years. During that time, students can and should consult their departmental advisors on all matters concerning their majors and related work.

Advising for Transfer Students

The procedures and services described in the two sections immediately above also apply to students who enter Wofford on transfer from other institutions. The individual arrangements are specific to the stage at which the student enters.

Student Health Services

The College maintains on campus an infirmary staffed by a registered nurse, with College physicians on call. Preventive as well as remedial attention is given.
The comprehensive fee paid by resident students entitles them to medical care by the College nurse or College physicians in ordinary cases of sickness and accidents. Bed care in the infirmary is available for a limited time for minor illnesses when necessary. The fee does not provide, and the College does not assume, the cost of X-rays, special medications, special nurses, consulting physicians, surgical operations, laboratory tests, treatment of chronic conditions, convalescence from operations, or care in other hospitals. A voluntary health and accident insurance program is available and students receive details on the program prior to registration each fall.

Insofar as facilities permit, resident students, including freshmen, are assigned to rooms with requested roommates.

On each residence hall floor, student resident assistants, selected for their abilities to assist and advise their fellow students, help develop the residential community. They work with the Dean of Students to create an atmosphere conducive to the well-being of all students, and to develop among residents the recognition that they themselves must be responsible for maintaining such an atmosphere. Resident assistants also are alert to the needs of students who have academic or other personal problems. Students are expected to maintain financial responsibility for the loss of personal belongings through fire or theft.

**Religious Life**

As a Christian institution related to the United Methodist Church, Wofford seeks to create a campus atmosphere congenial to the development of Christian character. The Methodist heritage fosters on the campus an ecumenical appreciation of many denominations and a free exchange of ideas.

Religious life activities under the direction of the College Chaplain include regular Sunday morning worship services in Leonard Auditorium and weekly celebration of Holy Communion in Mickel Chapel. In addition, denominational groups have regular services and meetings, and periodic lectures, forums, and convocations dealing with issues of religion and ethics are made available to the campus community. Academic exposure of Wofford students to studies in religion and philosophy is assured by the requirement that each student successfully complete at least one course in each of the two departments before graduation. Each of the two also offers a major, as well as ample opportunity for students to take elective courses in the departments.

**Financial Aid Services**

Financial aid services are available in the Financial Aid Office (see Catalogue chapter on Finance). In addition, the chairmen of the academic departments can assist Wofford seniors by providing information regarding scholarships, fellowships, assistantships, and other financial aid for study in graduate and professional schools.

**Residence Halls**

The College operates five residence halls accommodating approximately eighty percent of the student body. Residence hall life is an important part of the educational experience at Wofford.

While a few single rooms are available, most residence hall rooms are designated for double occupancy. The rooms are equipped with basic furnishings: single beds, mattresses, dressers, desks, and chairs. Residents are expected to supply their own drapes, pictures, bedspreads, rugs, and lamps if they wish to have them. In addition, residents are responsible for furnishing their bed linens, blankets, and towels.
Student Regulations

Wofford's regulations and policies regarding campus life and student conduct are stated in the Wofford College Student Handbook. Included are statements on such matters as the use of alcoholic beverages, the prohibition of illegal drugs, the campus judicial system, the rights of due process, and policies regarding academic discipline and class attendance. The Handbook also contains in full the Code of Student Rights and Responsibilities. The Handbook is distributed to all students at the beginning of each academic year; all are expected to become familiar with the information in the Handbook and to keep it available for reference.

Automobile Regulations

A motor vehicle operated on the campus must be registered with the Public Safety Department within two working days after the vehicle is brought on campus. At the time of registering a vehicle, the operator will be given a copy of campus parking and traffic regulations, with which all are expected to be familiar and to comply.

Residence Regulations

All single full-time students, except those commuting daily from their parents' homes or the homes of other relatives (i.e., grandparents, aunts, uncles, or married brothers or sisters) are required to live in the College residence halls and to take their meals in the College dining hall. Exceptions may be granted by the College, upon application, to students who are in active military service or who are veterans of two years of military service, students who are regularly employed thirty-five hours or more each week and whose schedules would make living in the residence halls impractical, or students who for reasons of health, certified by a physician or practicing psychologist, have residence or dietary needs which could not be met in the residence halls or dining hall.

Students taking fewer than nine hours in a semester must have special permission from the Dean of Students to live in the residence halls.

Each resident student pays a $50 security deposit which is held by the College as long as the student reserves or resides in College housing. When there are residence hall damages for which a student is responsible, the student will be charged for them and the charges will be deducted from the deposit. At the time a student ceases to reserve or reside in College housing, the balance of the deposit becomes refundable.

Resident students who wish to retain rooms for another year must notify the Director of Housing in writing and make a non-refundable $200 room reservation deposit to obtain a room assignment for the next year.

Student Activities

Wofford maintains a program of student activities which complement and support the academic program in achieving the college’s purpose.

Student Volunteer Services

Because part of the goal of the Wofford experience is to lead students to prepare for lives of service to their communities and to people generally, the College fosters a comprehensive program of student volunteer services, developed and coordinated by the Office of the Chaplain. In this program, student volunteers serve in a number of Spartanburg social agencies which provide services and assistance to people in need.

Organizations

Formal recognition of student organizations may be granted upon application to the Student Affairs Committee. Named and described below are the organizations which are currently recognized.

Academic, Service, and Honorary Organizations

Accounting Society: To provide a forum for open discussion and advancement of accounting in business, to supplement classroom offerings and enable students to gain a better understanding of accounting and its role in the business world.

Adventurers Club: To promote appreciation for ecology and to develop outdoor skills including backpacking, camping, canoeing, and whitewater kayaking.

Alpha Phi Omega National Service Fraternity: To develop leadership, promote friendship, and provide service to humanity.

American Chemical Society, Student Affiliates: To promote and extend the understanding and study of chemistry through fellowship with those who are concerned with this field.

Association of Afro-American Students: To develop leadership, promote friendship, and provide service to humanity.

Pi Delta Phi: To recognize outstanding scholarship in French language and culture.

Pi Gamma Mu: To improve scholarship in social studies and inspire social service to humanity by an intelligent approach to the solution of social problems.

Pre-Medical Society: To acquaint pre-medical students with the field of medicine and further their interest in the profession.

Pre-Ministerial Society: To provide students with activities and information relating to careers in the ministry.

Psi Chi: To further interest and educational inquiry into all aspects of scientific psychology.

Scabband and Blade: To raise the standard of military education in American colleges and universities; to encourage and foster the essential qualities of effective officers; to promote fellowship among the cadet officers; and to sponsor civic, recreational, and charitable activities.

Senior Order of Gnomes: To gather together and recognize two to four of the most prominent and influential members of the senior class.

Sigma Delta Pi: To honor students for excellence in the study of the Spanish language.

Society of Physics Students: To advance and share knowledge of the science of physics and to encourage student interest in physics throughout the academic and local communities.

Musical Organizations

Glee Club: To give qualified students the opportunity to develop and use choral music skills. The Glee Club makes numerous public appearances and participates in a spring tour.

Women’s Ensemble: To give qualified students the opportunity to develop and use choral music skills. The Women’s Ensemble makes numerous public appearances and participates in a spring tour.

Concert Choir: To give qualified students the opportunity to develop and use choral music skills in a coeducational choir. The Concert Choir makes numerous public appearances and participates in a spring tour.

Pep Band: To give students with previous instrumental experience the opportunity to develop their musical skills through rehearsals and public appearances at athletic and other College events.

Wofford Singers: To give selected students the opportunity to perform in a show choir for College and civic functions.
Social Fraternities

Interfraternity Council is the executive body for six of the eight national Greek fraternities on campus. The Council arbitrates fraternity disputes and handles all interfraternity social affairs in addition to administering fall rush.

The social fraternities for men at Wofford are:
- Kappa Alpha
- Kappa Alpha Psi
- Kappa Sigma
- Omega Psi Phi
- Pi Kappa Alpha
- Pi Kappa Phi
- Sigma Alpha Epsilon
- Sigma Nu

The Wofford College Panhellenic Council is composed of representatives from all eligible women's fraternities and sororities on campus. The Council is responsible for local panhellenic operation in accord with National Panhellenic Conference policies and procedures and for developing and maintaining fraternity life and interfraternity relations at a high level of accomplishment.

The social fraternities for women at Wofford are:
- Kappa Alpha Theta
- Kappa Delta
- Zeta Tau Alpha

Represented at Wofford are three sororities affiliated with the National Panhellenic Conference. These are not Wofford College organizations, but are local chapters which accept members from all area colleges:
- Alpha Kappa Alpha
- Delta Sigma Theta
- Zeta Phi Beta

Athletics

Wofford's program of intramural sports provides for the organization and participation of intramural teams in various sports, including softball, touch football, basketball, racquetball, tennis, and volleyball. All students are urged to participate in these sports because of their influence upon the building of healthy bodies and the development of character.

Recognizing that a program of intercollegiate athletics conducted in accord with high amateur standards is also an important part of college life, Wofford fields intercollegiate teams in football, basketball, baseball, cross country, tennis, golf, soccer, and volleyball. The College is a member of the National Collegiate Athletic Association and conforms to its rules and requirements.

Publications

The Publications Board exercises financial control over the three principal student publications and elects their editors-in-chief and business managers. In addition, the Board is at the service of the student staffs for suggestions or advice concerning their work.

Publications under the jurisdiction of the Board are the Old Gold and Black, a campus newspaper; the Journal, a literary magazine; and the Bohemian, a yearbook.

The publications afford excellent training in journalism and in business management to those students who have special aptitude in those fields. Interested students are assisted and encouraged by the faculty in their efforts.

The Old Gold and Black, edited by the students, presents reports of news and happenings on the campus, together with editorial comments and interpretations of matters of special interest to students.
The Journal, established in 1889, is intended to represent the best intellectual life of the student body. It publishes stories, poetry, essays, drawings, and photographs. It is produced once or twice during the school year.

The Bohemian is published annually near the close of the year by the student body. It is a record of student activities and achievements for the year—literary, scholarly, athletic, social, and religious—and it includes photographs of various college organizations, campus scenes and buildings, and individual students, faculty, and staff.

Standards governing student publications are printed in the Code of Student Rights and Responsibilities.

**Awards**

The following awards are among those given through the College in recognition of excellence in various achievements and qualities:

**Academic Major Awards:** Given by faculty to outstanding seniors for academic excellence.

**The W. Norman Cochran Citation:** Given for excellence in the field of publications.

**Charles E. Cauthen Award:** Given to a member of the Kappa Alpha Order for academic achievement.

**Helmus Poetry Prizes:** Given for outstanding achievement in the writing of poetry.

**Journal Awards:** Given for outstanding achievement in the writing of short stories.

**Military Science Awards:** Awarded by various organizations to students enrolled in military science for outstanding character, performance, and potential for service.

**Music Awards:** Given for outstanding achievement in the performance of choral and instrumental music.

**American Legion Award:** Given to a senior for demonstration of academic excellence, courage, and campus citizenship.

**Outstanding Citizen Award:** Given to the senior who has made the greatest contribution in service to the College.

**Who's Who Among Students in American Universities and Colleges:** Bestowed upon a select group of seniors in recognition of excellence in scholarship, leadership, campus citizenship, service to the College, and promise of usefulness to business and society.

**The Algernon Sydney Sullivan Award:** Awarded annually by the College through the benefaction of the Southern Society of New York to two men, one a member of the senior class, the other a non-student, in recognition of nobleness and humanitarian qualities of character.

**The Mary Mildred Sullivan Award:** Awarded annually to two women, one a senior student, one a non-student, in recognition of humanitarian character and in memory of Mary Mildred Sullivan, a woman of rare gifts, overflowing love, and unending benevolence in the service of mankind.

**The William Stanley Hoole Award:** Named after William Stanley Hoole, class of 1924 and captain of the 1923 Wofford College football team, and awarded annually to the senior intercollegiate athlete with the highest academic average.

**The William James McLeod Award:** A silver bowl and an honorarium presented annually to a graduating senior whose leadership contributions at Wofford College best typify the ideals of dedicated and responsible service exemplified by the life of William James McLeod, who was a merchant and farmer of Lynchburg, South Carolina, known for his service to his nation as an infantry officer, his state as a public official, the church as a Methodist layman, and Wofford College as a member of its first Board of Advisors from 1888 to 1890.

**The Charles J. Bradshaw Award:** A silver bowl presented annually to the senior varsity athlete whose academic, leadership, and citizenship contributions at Wofford College best typify the ideals and contributions of Charles J. Bradshaw, student body president in the Class of 1959, whose example as parent, churchman, public-spirited citizen, and practitioner of the American business system has brought honor to his alma mater.

**The President's Award:** Given in those years in which a senior has made unusual contributions to the College.
The Walter E. Hudgins Award: A medallion and a cash prize from an endowment fund created with memorial gifts and a bequest from the estate of Dr. Walter Hudgins, who was Professor of Philosophy at Wofford from 1972 until his death in 1986, to honor students who not only perform well in class but also display intellectual curiosity and zest for learning and life outside the regular academic curriculum.

The Presidential Scholar Award: Given to a rising junior or senior selected annually to plan and conduct a year of study and travel in developing nations of the world. A stipend covers costs. This unique opportunity is provided by a friend of the College to expose students to the diversity of cultures and problems which define the contemporary world.

The Arthur B. and Ida Maie S. Rivers Award: Presented annually to the member of the senior class who most exemplifies traits of integrity, virtue, gentleness, and character. This award is supported by an endowment fund given by Colonel (Ret.) R. Stafford Rivers, of Columbia, South Carolina, in memory of his parents.

The Switzer Pi Kappa Phi Fraternity Leadership Award: Presented annually to the senior member of Zeta Chapter of Pi Kappa Phi who best exemplifies the standards of excellence in leadership, academics, and social responsibility that are the foundations of both Wofford College and the Fraternity. The award plaque and ring and the permanently displayed cup are given by James Layton Switzer, Class of 1980, and Paul Kent Switzer, Class of 1977.
Fees

For each academic year, the Board of Trustees of the College establishes comprehensive fees for resident and commuting students. These fees are set at the levels required for meeting the costs of the College’s program, after those costs have been offset at the rate of more than $2,000 per student by endowment and other investment earnings and annual gifts from alumni, parents, businesses, United Methodist churches, and other friends of the College.

The schedule for 1989-90 fee payment was set as follows:

<table>
<thead>
<tr>
<th></th>
<th>First Payment Period</th>
<th>Second Payment Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident student</td>
<td>$6,550</td>
<td>$5,235</td>
</tr>
<tr>
<td>Commuting student</td>
<td>$4,500</td>
<td>$3,585</td>
</tr>
</tbody>
</table>

The first payment period includes the fall semester and the Interim. The fee is due prior to registration for the fall semester. A student who matriculates for the fall semester is responsible for payment for the entire period even if he or she elects not to attend the Interim. The second payment period is for the spring semester and payment is due prior to registration for that semester.

The comprehensive fee includes tuition and student activities fees, and in the case of resident students, includes room, board, and limited infirm care. It provides for each student one copy of the College annual (but note that the staff of the annual has the authority to make additional charges for personal photographs appearing in it) and subscriptions to other student publications, admission to home athletic events, and participation in all organizations and activities that are intended for the entire student body. No assessment by classes or by the student body can be made except by special permission of the Vice President for Business.

The comprehensive fee does not include the $50 security deposit which must be paid by each resident student. This deposit is held by the College as long as the student reserves or resides in College housing. When there are residence hall damages for which students are responsible, the students will be charged for them and the charges will be deducted from their deposits. At the time a student ceases to reserve or reside in College housing, the balance of the deposit becomes refundable.

The comprehensive fee also does not include coverage for the costs of travel, subsistence, or activities on foreign trips or other off-campus travel.

Students enrolled in courses totaling less than nine semester hours pay tuition on a credit-hour basis. The current charge per credit-hour may be obtained from the Registrar or the Controller.

Persons other than full-time Wofford students are charged for auditing a course. The current charge may be obtained from the Registrar or the Controller.

Summer fees are shown in the summer session brochure.

Regulations Regarding Payments

1. All students must pay comprehensive fees before registering, and resident students must pay before being permitted to occupy College housing. Payment of fall semester fees by August 15 and spring semester fees by January 15 is recommended in order to avoid delays in registration or room assignments. Any scholarships or grants are credited to students’ accounts at the beginning of each semester.

2. Return of any portion of the comprehensive fee will be made only in the case of permanent withdrawal or other separation from the College and on the following basis:

<table>
<thead>
<tr>
<th>When the Student Has Been Enrolled</th>
<th>Portion of Refundable Comprehensive Fee Returned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Two weeks or less of the semester</td>
<td>80%</td>
</tr>
<tr>
<td>From two to four weeks of the semester</td>
<td>60%</td>
</tr>
<tr>
<td>From four to six weeks of the semester</td>
<td>40%</td>
</tr>
<tr>
<td>From six to eight weeks of the semester</td>
<td>20%</td>
</tr>
<tr>
<td>Over eight weeks of the semester</td>
<td>0</td>
</tr>
</tbody>
</table>

Room assignments are made on a semester basis. Therefore, there will be no refund of the portion of the comprehensive fee applicable to "room."

3. The Student Handbook explains policies related to fines, returned checks, and other miscellaneous charges which students may incur. Students who do not clear all debts to the College in accordance with stated policies will be separated from the College.

4. Transcripts will not be issued by the Registrar to or for students or former students who have financial obligations to the College, including payment due on any student loans made under federally governed programs administered by the College’s Financial Aid Office.

5. In all laboratory courses, students are required to pay the cost of replacement of apparatus and materials broken or damaged.

Reservation Deposits

Both resident and commuting students are required to pay non-refundable deposits to reserve their places in the student body for the next year. The amount of required deposit is $200 for resident students and $150 for commuting students. The deposit is credited to the student’s account and is therefore deducted from the comprehensive fee due at the time of payment for the fall semester.

All reservation deposits paid, including those paid by entering freshmen and transfer students, are non-refundable.

Currently enrolled students who plan to return to the College for the fall semester are expected to pay their reservation deposits in the spring semester by the announced due date. No student may pre-register for fall semester courses unless the deposit has been paid. In the case of resident students, room assignments for the fall semester will not be made before the deposits are paid. Because campus housing space is in demand, there are no guarantees that rooms will be available for those who do not pay the deposit by the due date.
Financial Assistance

Wofford College helps many students meet their educational expenses through its financial aid program, which is supported by federal and state funds, by gifts from friends, and by the College's own resources. The aid programs, policies, and procedures are described in detail in a financial aid brochure available from the Admissions Office or the Financial Aid Office.

Most assistance at Wofford is awarded on the basis of financial need, but significant amounts are awarded on the basis of scholarship, leadership, athletic ability, or career plans. Application for financial aid should be made through the Financial Aid Office, which will seek to arrange a grant, scholarship, loan, or employment, or a combination of these for which the student is eligible. Applicants for aid based on financial need must submit the financial information necessary to determine the assistance for which they are eligible. Appropriate forms may be obtained from high school guidance offices or from the financial aid office at any college or university.

Through generous gifts by friends of the College, a number of academic scholarships have been established. The criteria for the scholarships vary, but most require recipients to maintain a grade-point average of 2.75 and have financial need not met by other scholarships or grants. Good citizenship is required to maintain any College scholarship.

During the semesters and Interim, aid is available in the form of scholarships, grants, employment, and loans. Aid is limited for summer school although loans and work are sometimes available. Pell Grants may be used during the summer, although students are encouraged to spend that entitlement during the regular semesters. Wofford scholarships normally are not available in the summer. The exception may occur for students enrolled in Wofford's Cooperative Education Program. If these students do not use their scholarships because they are working (in Co-Op positions) during a regular semester, they may use them to help meet their expenses for summer terms. A participant in Cooperative Education should consult the Director of Financial Aid to work out the details of his or her budget and aid for each year.

Aid based on financial need may not be awarded in excess of the amount required for meeting the student's educational expenses. This means that for a resident student no Wofford scholarship or grant, and no combination of awards which includes a Wofford scholarship or grant, may exceed the total of the comprehensive fee and an allowance for books; and for a commuting student no such scholarship, grant, or combination of awards may exceed the total of tuition and fees and an allowance for books. In no case may the book allowance exceed the College's budgeted allowance for books and supplies.

Rule On Satisfactory Academic Progress

To receive assistance from the federal aid programs—Pell Grants, Supplemental Grants, College Work-Study, Perkins National Direct Student Loans, Stafford Student Loans (formerly called Guaranteed Student Loans), Parent Loans for Undergraduate Students—or from funds controlled by the Financial Aid Office, a student must not owe a refund on federal grants received, must not be in default on a student loan fund, and must maintain satisfactory progress in his or her course of study.

Satisfactory progress requires that the student's grades be above the level for exclusion. Academic exclusion is determined on the basis of the student's cumulative grade-point average, as explained elsewhere in this Catalogue.

In addition, satisfactory progress requires the student to earn twenty-four semester hours each academic year (September-August) if enrolled full-time. For the part-time student the requirement of hours earned for satisfactory progress will be prorated on the basis of the student's enrollment status (half-time, three-quarter time, etc.). A student should consult the Director of Financial Aid to determine the number of hours required in his or her individual case.

Upon re-entering the College, the excluded student may re-establish satisfactory progress by earning grades which are high enough to bring the cumulative grade-point average above the exclusion level or by earning a 2.0 on at least twelve hours. The student will not be given federal or College funds controlled by the Financial Aid Office until that has been done. The student will be evaluated at the midpoint of the regular semester in which he or she re-enters the College, and if satisfactory progress has been re-established, payment of aid for which the student had otherwise been eligible will be made retroactively for the whole semester, provided funds are available at that time. If satisfactory progress is re-established in a summer term, the student is not eligible for aid until the beginning of the next term or the next semester. Awards will then be made if funds are available.

Further, awards to students of federal funds and Wofford funds controlled by the Financial Aid Office will be limited to ten semesters of enrollment (two summer terms count as one semester). Eligibility for less than full-time students will be prorated. For loan programs there are maximum amounts which can be borrowed while pursuing an undergraduate degree. Certain College funds (academic scholarships, tuition remission benefits, ministerial grants, and grants to sons and daughters of Methodist ministers) are limited to eight semesters.

Exceptions to exclusion granted through the appeal process to the Registrar will not reinstate financial aid until the student has re-established satisfactory progress as outlined above. If a student feels that there are extenuating circumstances and wishes to appeal the withdrawal of aid, he or she must file a request in writing to the Director of Financial Aid within ten (10) days of being notified by the Director that he or she is no longer eligible for financial aid. The appeal will be reviewed by the Financial Aid Committee, and the student will be notified of the Committee's decision. The Financial Aid Committee is composed of the Director of Admissions, the Director of Financial Aid, the Vice President for Research and Enrollment, and one faculty member.

Grants and Scholarships

The Scholars Programs — A number of major four-year scholarships ranging in value from $1,000 to almost $12,000 per year are awarded
annually to selected incoming freshmen on the basis of exceptional scholarship and leadership. Financial need is not a consideration. Unless otherwise specified, the selection of the recipients of these scholarships is based on competition held during the applicant's last year in high school. Candidates may be nominated by participating high schools and by chapters of the Wofford College National Alumni Association. Students who think they may qualify for this scholarship program should ask their guidance counselors or the Wofford admissions staff for more information.

Several major scholarships in the Wofford Scholars Programs are available to Wofford seniors for one year and to juniors for two years. Selection of the recipients is based on exceptional scholarship and leadership.

The Scholars Programs are listed here and described individually later in this chapter:

- Cleveland Scholars
- Crenshaw Scholars
- Dana Scholars
- Daniel Scholars
- and Daniel Finalists
- Dean's Scholars
- Gosnell Scholars
- Harper Scholars
- Hipp Scholars
- Holcombe Scholars
- Holloway Scholars
- Leonard Scholars
- Loftin Scholars
- McAlister Scholars
- and McAlister Finalists
- McCalla Scholars
- Richardson Scholars
- Sessions Scholars
- Springs Scholars
- Switzer Scholars
- Wickware Scholars
- Witan Scholars
- Anna Todd Wofford Scholars
- Benjamin Wofford Scholars
- Wofford AAAS Scholars
- Wofford College Merit Scholarships — In cooperation with the National Merit Scholarship Corporation, Wofford College awards scholarships each year to National Merit Finalists who have designated Wofford as their first-choice college. Stipends range from $500 to $2,000 per year depending upon need.

- Wofford General Academic Scholarships — These awards range from $500 to $2,000 per year on the basis of financial need and grade-point average (2.5 minimum). They are awarded annually, but are renewable. They are funded in most part by the general and endowed scholarships listed in this section.

- Ministerial Scholarships — Ministerial students and children of United Methodist ministers may, upon application to the Director of Financial Aid, receive grants in accordance with the following schedule:

  - Ministerial students, all denominations: $1,000 per school year
  - Children of United Methodist ministers: $1,000 per school year

  A student preparing for the ministry and accepting grants under this provision will be required to sign notes which will be cancelled upon his or her being received into full connection with a United Methodist Conference or being commissioned under the General Board of Missions of the United Methodist Church or being ordained in a church of another denomination. The term "United Methodist minister" refers to United Methodist ministers in full connection with a United Methodist Conference and to approved supply pastors currently serving full-time in the South Carolina Conference.

- Athletic Grants — Athletic grants-in-aid are available in most sports. Applications should be made with the Director of Athletics.

- Tuition Exchange — Tuition Exchange is a program whereby students whose parents are employed by other participating colleges and universities may receive a waiver of tuition to attend Wofford. Because a large number of students have chosen to attend Wofford under Tuition Exchange, there is only a limited number of openings for additional students under the program.

- Army ROTC Scholarships — The United States Army offers financial assistance to qualified students in the form of four-year, three-year, and two-year scholarships. These ROTC scholarships pay for college tuition, textbooks, laboratory fees, and other miscellaneous academic expenses. In addition, a scholarship student receives a tax-free allowance for up to ten months of each school year that the scholarship is in effect. The four-year scholarships are awarded on a competitive basis to high school seniors who are about to enter college as freshmen. Any full-time student at Wofford may apply to compete for the three-year and two-year scholarships. The key factors considered in the selection process for these scholarships include academic standing, leadership ability, and general motivation.

- Pell Grants — Pell Grants are awarded directly to students by the federal government. The amount for which a student is eligible is determined individually by the U. S. Department of Education. Application is made on forms available from high school guidance offices or from college financial aid offices.

- Supplemental Educational Opportunity Grants (SEOG) — These grants are awarded by the College from funds it receives from the federal government to a limited number of students with financial need.

- South Carolina Tuition Grants — The Higher Education Tuition Grants Program is funded by the South Carolina General Assembly to assist South Carolina residents who are enrolled in independent colleges in the state. The awards are based on need and merit. Application forms are available through high schools, college financial aid offices, and the Tuition Grants Committee, P.O. Box 11638, Columbia, South Carolina 29211. Tuition grants are made for one year but may be renewed. Grants up to $3,350 may be made to students attending Wofford during the 1989-90 academic year. No grant can exceed the financial need of the applicant.

- Assistance to Veterans — Certain veterans and children of deceased veterans are eligible for a monthly allowance from the Veterans Administration. An office of the Veterans Administration should be consulted for details.

- Vocational Rehabilitation Scholarships — The South Carolina Vocational Rehabilitation Department awards scholarships to certain persons having vocational handicaps due to physical disabilities.
Private and Regional Grants —

Milliken & Company Scholarships — These grants provide $2,000 per year to employees or to sons or daughters of employees of Milliken & Company on the basis of scholarship, character, and need. They are awarded through the South Carolina Foundation of Independent Colleges.

Spartanburg County Foundation Scholarships — Each year the Foundation awards six four-year scholarships to graduates of high schools in Spartanburg County. For students attending Wofford, the award pays $1,800 per year. Information can be obtained from the Spartanburg County Foundation.

J. E. Sirrine Scholarships — The Sirrine Scholarship Fund was established by Joseph E. Sirrine as a memorial to his parents. The Fund assists worthy students from Greenville County, South Carolina. Information can be obtained from the Sirrine Scholarship Program, P.O. Box 2848, Greenville, South Carolina 29602.

Kittie M. Fairey Scholarships — This program was established by Mrs. Kittie M. Fairey to assist eligible students attending colleges and universities in South Carolina. The scholarships are administered by the Kittie M. Fairey Scholarship Fund, Trust Department, South Carolina National Bank, Columbia, South Carolina 29202.

C. G. Fuller Scholarships — This fund was established by Mr. C. G. Fuller to assist deserving and needy students from South Carolina who are attending schools in the state. Information may be obtained from the C. G. Fuller Scholarship Fund, NCNB National Bank of South Carolina, P.O. Box 2307, Columbia, South Carolina 29202.

Student Employment

A number of part-time jobs for students are available on the campus and in the community. Application should be made to the Coordinator of Job Location and Development in the Financial Aid Office. The largest work program is known as College Work-Study. It is supported by federal funds and provides assistance to students who have financial need. A more limited number of jobs are available without regard to financial need.

Student Loans

Several loan programs are available to meet educational expenses and are administered through the Financial Aid Office on the basis of financial need. Inquiries should be made to the Director of Financial Aid.

Carl D. Perkins National Direct Student Loans — This program provides loans for students who are enrolled at least half-time. Repayment of principal and five percent interest begins after the student leaves college.

Stafford Student Loans — This program, formerly called Guaranteed Student Loans, allows middle-income students to borrow from a participating bank, state agency, or other financial institution. Repayment of principal and eight percent interest begins six months after the student leaves college. The interest rate increases to ten percent beginning with the fifth year of repayment.

United Methodist Student Loans — Students who are members of the United Methodist Church may borrow $1000 per academic year.

The Pickett and Hatcher Endowment Fund — This fund provides low-interest loans for needy students studying the liberal arts. Information may be obtained by writing to the Pickett and Hatcher Educational Fund, P.O. Box 8169, Columbus, Georgia 31908.

Parents Loan for Undergraduate Students (PLUS) — This federal program permits parents to borrow up to $4,000 per year for each student. There are attractive provisions for repayment with periods extending up to ten years. Repayment begins sixty days after disbursement. The interest charge is variable.

Tuition Plan, Inc. — This program allows payment of tuition and fees on a monthly basis for up to four years. Information may be obtained by writing to the Tuition Plan, Inc., Concord, New Hampshire 03301.

Wofford College Loan Funds — Donors have sometimes given the College amounts to be used for student loans. These gifts have been used to provide the required matching funds for the Carl D. Perkins National Direct Student Loan program.
Endowed Scholarships

Following are the endowed funds at Wofford College from which annual scholarships are awarded. Each of these funds has its own standards, and each is part of the College's permanent endowment. Awards are made annually from interest earned by the endowment. Some endowed scholarship funds were established before Wofford had an official policy for accepting endowed gifts, so the amount awarded varies in each case. Today, the minimum endowment required before a scholarship fund's earnings may be awarded is $15,000. A full tuition scholarship for one student for one year requires an endowment of $150,000. Persons interested in information about the establishment of an endowed fund should contact the Development Office; those needing information about receiving a scholarship should contact the Financial Aid Office.

The John Pope Abney Memorial Scholarship Fund was established in 1983 with a gift of $500,000 from the Abney Foundation of Greenwood, South Carolina, in memory of John Pope Abney, a member of the Class of 1904. Awards from this fund may be made to students who demonstrate leadership potential and who meet part of their educational expenses through participation in the College's work or athletic programs.

The George Cotton Smith Adams Endowed Scholarship Fund was established shortly after Dr. Adams' death in 1981 by his widow, Adaline Holaday Adams, and their sons, Charles Edward Adams and George Holaday Adams. The family's gift of property, and contributions which were received in memory of Dr. Adams, Chairman of the Department of Foreign Languages at Wofford from 1959 until his retirement in 1976, established this scholarship for an outstanding student of foreign languages. It is renewable, contingent upon outstanding academic performance by the recipient.

The Eugene F. Alexander Memorial Endowed Scholarship Fund was established in 1986 by friends and family members in memory of Eugene F. Alexander, beloved head basketball coach at Wofford from 1958 to 1977. Preference for awards from this fund is given to members of the men's basketball team whose determination and desire for excellence reflect the characteristics of leadership instilled by Coach Alexander during his lifetime.

The Paul and Cathryn Anderson Endowed Scholarship Fund was established in 1987 by Paul and Cathryn Anderson of Farlington, Kansas. Mr. Anderson, a member of the Class of 1930 and a native of White Stone, South Carolina, and Mrs. Anderson, a native of Birmingham, Alabama, have been friends of Wofford for over fifty years.

The Bernard M. Baruch Scholarship Fund was established in 1986 by Mr. Bernard M. Baruch of New York, New York and Georgetown, South Carolina, in February 1939 for worthy students who possess outstanding qualities and promise.

The Robert P. Bethea Endowed Scholarship Fund was established in 1986 by Dr. Robert P. Bethea, Class of 1965, of Columbia, South Carolina. Proceeds from this fund are awarded annually to deserving students on the basis of outstanding character, academic achievement, leadership potential, and the promise of future contributions to society.

The Bishop-Booth Memorial Endowed Scholarship Fund was established in 1984 by Mr. and Mrs. S. Hart Booth, Jr., in memory of their parents, Mr. and Mrs. Robert Joseph Bishop, and the Reverend and Mrs. Stannie Hart Booth. Mr. Booth is a member of the Class of 1931. Awards from this fund are made annually to deserving students on the basis of financial need, outstanding character, and academic merit. The awards carry with them the desire of the donors that recipients feel a sense of obligation to repay the aid received, for the benefit of future students.

The E. Tal mage Bowen Endowed Scholarship Fund was established in 1981 with an unrestricted bequest from Mr. Bowen's estate. Mr. Bowen was a member of the Class of 1917. This scholarship is awarded annually to a student on the basis of need, character, and academic merit.

The Boys' Home of the South Endowed Scholarship Fund was created in 1985 with a bequest from Mrs. Byrd B. Holmes of Greenville, South Carolina. Her will stipulated that scholarships from this fund be designated for young men who have been living at the Boys' Home of the South in Belton, South Carolina.

The William H. Brabham Memorial Endowed Scholarship Fund was started in 1985 by family members and friends in memory of William H. Brabham, Class of 1971. Preference for awards from the fund is given to students who demonstrate financial need, have completed satisfactorily at least one semester at Wofford, and plan to major in history. Within these parameters, priority is given to children of United Methodist ministers. If no students meeting these requirements are available, the College may select recipients at its discretion, with emphasis upon history majors.

The Thomas N. Brittain Endowed Scholarship Fund was established in 1985 by members of the First United Methodist Church of Myrtle Beach, South Carolina, in honor of Tom Brittain, Class of 1947, who was minister there for many years. Priority for awards from this fund is given to United Methodist students with demonstrated financial need and interest in preministry.

The Albert Bryan Bullington, Sr., Memorial Endowed Athletic Scholarship Fund was established in 1987 by family members and friends in memory of A. B. Bullington, Class of 1933. Mr. Bullington played varsity basketball while a student at Wofford, and became one of the most loyal and generous of Terrier supporters as an alumnus. Priority for scholarships from this fund goes to students who participate in Wofford's intercollegiate basketball program.

The Professor and Mrs. Charles E. Cauthen Scholarship Fund was established in memory of Professor and Mrs. Cauthen by their children. The Cauthens were beloved members of the Wofford community, where Professor Cauthen, Class of 1917, served on the faculty from 1943 to 1964. Income from the fund is awarded annually to a deserving and needy student.

The Cecil Family Endowed Scholarship Fund was established in 1983 in memory of Levi Moffitt Cecil and Inez Folder Cecil by their son, Richard F.
Cecil, Class of 1934, and his brothers and son, all of whom attended Wofford College. They include Moffitt, Class of 1935; Charles, Class of 1939; Henry, Class of 1942; Robert, Class of 1945; and Richard F., Jr., Class of 1966. Awards from the fund are to be made to students especially deserving of an education.

The Virginia L. Chaplin Endowed Scholarship Fund was established in 1983 by Alec H. Chaplin, Class of 1961, in honor of his mother, Virginia L. Chaplin. Income from the fund is awarded annually on the basis of need and merit.

The Dr. James Alburn Chiles, Sr., and Dr. James A. Chiles, Jr., Memorial Scholarship Fund was established in the will of Marie D. Chiles. Dr. James A. Chiles, Jr. was a member of the Class of 1931. The income provides one or more scholarships for worthy students.

The Allen O. Clark Memorial Endowed Scholarship Fund was begun by friends and family members in memory of Allen O. Clark at the time of his death in 1980 and endowed by Mrs. Clark in 1986. Mr. Clark, Class of 1950, was a former president of the National Alumni Association and a loyal Wofford supporter. Awards from this fund are made to athletes who demonstrate outstanding character and leadership potential.

The Class of 1918 Endowed Scholarship Fund was established in 1988 in honor and memory of the members of the Class of 1918. The scholarship is awarded to deserving students.

The Senator Olin D. Johnston Memorial Scholarship Fund was established in 1968 by Mrs. Olin D. Johnston of Spartanburg, South Carolina, in memory of her husband, a member of the Class of 1921. Character, financial needs, and scholastic achievement are considered in awarding the scholarship.

The O. C. Kay Scholarship Fund was established in 1956 by the gift of Mr. O. C. Kay. Earnings are awarded annually on the basis of need, character, and academic merit.

The John G. Kelly Scholarship Fund was established in 1975 as a memorial to John G. Kelly, Class of 1913, by family and friends. Income from the fund is awarded annually as a scholarship based on merit and financial need.

The Ray M. and Mary Elizabeth Lee Foundation Scholarship Fund was established to provide an annual scholarship for needy students from the state of Georgia.

The Donald F. McCarter Memorial Scholarship Fund was established by Mr. and Mrs. James McCarter in memory of their son, Donald, Class of 1973, a much-loved member of the Wofford community.
The Claude Mark Melton Memorial Endowed Scholarship Fund was established by Mrs. Melton as a memorial to her husband, Dr. Claude Mark Melton, Class of 1898, who was a Shakespearean scholar and author. Income from this fund is awarded to deserving students interested in majoring in English.

The Mills Mill Scholarship Fund was established by Mills Mill of Woodruff, South Carolina, in 1943 to provide an award for an employee or a son or daughter of an employee of Mills Mill. When there is no such applicant, the scholarship may be awarded to some other worthy student.

The Euphrasia Ann Murph Scholarship Fund was established by her son, Mr. D. S. Murph of St. Andrews, South Carolina and Washington, D.C. The income is to be used to assist students of scholarship, character, and promise.

The W. F. Nettles, Jr., Endowed Scholarship Fund is a memorial to W. F. Nettles, Jr., Class of 1928. Proceeds are used to provide a scholarship for a student-athlete on the tennis team.

The William L. Ouzts Endowed Scholarship Fund was established by the late William L. Ouzts, Class of 1912, of Spartanburg, South Carolina. The income is applied to an athletic scholarship.

The Pacolet Manufacturing Company Scholarship Fund was established by Pacolet Manufacturing Company of Pacolet, South Carolina, in 1943 to assist students from Pacolet Manufacturing Company families. If there are no such applicants, the proceeds are granted to other worthy students.

The Darwin L. Reid Memorial Scholarship Fund was established in honor of Mr. Darwin L. Reid, Class of 1895, by Mrs. D. L. Reid of Sandy Springs, South Carolina, and her daughter, Mrs. John D. Rogers of Easley, South Carolina, in 1950.

The Sims-Lyles-Dawkins-Martin Scholarship Fund was established by Mr. and Mrs. T. P. Sims of Spartanburg, South Carolina, for orphaned students from Spartanburg, Union, and Fairfield counties in South Carolina.

The Snyder-DuPre Scholarship Fund was established by the Washington, D.C. Alumni Association in honor of President Henry Nelson Snyder and Dean Arthur Mason DuPre.

The Spartan Mills Scholarship Fund was established by Spartan Mills, Spartanburg, South Carolina, in 1943 to assist students from Spartan Mills families. If there are no such applicants, the proceeds are granted to other worthy students.

The James M. Swanson, Jr., Scholarship Fund was established by Mr. and Mrs. James M. Swanson of South Boston, Virginia, in 1964 as a memorial to their son, a 1961 graduate of Wofford College. The scholarship is awarded on the basis of character, leadership, and scholastic achievement.

The William R. Thomas, Jr., Memorial Scholarship Fund was established in 1968 by Mr. and Mrs. William R. Thomas of Virginia Beach, Virginia, as a memorial to their son, William R. Thomas, Jr., Class of 1970. Character, financial need, and scholastic achievement are considered in awarding the scholarship.

The Coleman B. Waller Scholarship Fund was established by Dr. Coleman B. Waller, Class of 1895 and Emeritus Professor of Chemistry at Wofford College, for the purpose of awarding scholarships to qualified and deserving Wofford students.

The D'Arcy P. Wannamaker Scholarship Fund was established by Mr. John E. Wannamaker, Class of 1872, in memory of his son, D'Arcy P. Wannamaker, Class of 1911, to assist students selected on the basis of character, scholarship, and need.

Wilbur D. White Memorial Scholarship Fund was established by Mr. and Mrs. R. W. Barnwell of Warner Robins, Georgia, in memory of Wilbur D. White, Class of 1919, the brother of Mrs. Barnwell. The grant is made annually to a deserving student, with priority given to naturalized citizens or children of naturalized citizens.

The John Mitchell Witsell Memorial Scholarship Fund was established in the will of Mrs. Edith D. Witsell as a memorial to her son, a member of the Class of 1927. The scholarship is awarded on the basis of character, leadership, and scholastic achievement.

The Wofford Memorial Scholarship Fund consists of memorials sent to the College as endowed scholarship funds.

General Scholarships

Scholarships listed in this category are awarded annually, but are not considered part of the College's permanently endowed funds. These general funds exist through contributions given to Wofford for the purpose of making ongoing annual scholarship awards.

The Robert M. Carlisle Memorial Scholarship is made possible by the income on the Robert M. Carlisle Scholarship Fund held in trust by the Spartanburg County Foundation. Mr. Carlisle was a member of the Class of 1926.

The Ruth B. Caudle Scholarship Fund was established in her will for the education of ministerial students or those preparing themselves for service in the United Methodist Church, preferably those students attending Spartanburg Methodist College and Wofford College. The trustees of the Caudle Fund generally make an annual award to a Wofford student.

The Daniel Finalist Scholarships are provided by the Romill Foundation and Wofford College in support of the Charles E. Daniel Scholars Program in order to extend its impact. Awards are made to three students each year who are finalists in the competition for the Daniel Scholarships. The finalist awards provide tuition each year for four years.

The Arthur Vining Davis Scholarships are made possible through a grant from the Arthur Vining Davis Foundations of Jacksonville, Florida.

Dean's Award Scholarships, funded annually by Wofford College, are awarded on the basis of merit for one to four years to strong candidates in the Wofford Scholars competition. They were established to honor the recipients, who are among the most outstanding students enrolled at Wofford.

Epworth Home Scholarships of $1,000 per year are granted by Wofford College to graduates of the Epworth Home.

The First Federal Savings and Loan Scholarship, given by First Federal Savings and Loan Association of Spartanburg, South Carolina, is awarded each year on the basis of need and academic achievement to one or more residents of Spartanburg County.

The Kiwanis Scholarship is awarded annually by the Spartanburg Kiwanis Club to a worthy freshman from Spartanburg County, South Carolina.

The Daniel S. Lewis Athletic Scholarship Fund was established by the officers of the U.S. Shelter Corporation to memorialize Daniel Street Lewis, Class of 1962, and president of the Wofford National Alumni Association, 1973-74, who died in November 1981. This annual award has been designated for a football player who embodies the ideals and accomplishments of Dan Lewis, who was an exceptional campus citizen and athlete at Wofford.

The McAlistor Finalist Scholarships are provided by the Romill Foundation and Wofford College in support of the McAlistor Scholarship Program because of its high aims and the high quality of the scholars in the program.
The Romill contribution provides scholarships for two students each year who are finalists in the McAlister competition. The scholarships provide tuition each year for four years.

The Daniel Morgan Chapter, The Retired Officers Association, ROTC Scholarship Fund provides annual assistance to an outstanding third-year ROTC cadet enrolled in the Wofford ROTC program.

The Olney Scholarships for Spartanburg-area students are made possible by the income earned on the Olney Educational Fund held in trust by the Spartanburg County Foundation.

The Neofyto Papadopoulos Scholarship, given by Dr. Constantinos N. Papadopoulos, Class of 1954, of Houston, Texas, provides $1,000 per year for a student from Greece, in memory of Dr. Papadopoulos’ father.

The Rotary Club of Spartanburg Scholarship, supported by an annual gift of $1,000, is annually awarded to one or more Spartanburg County students. The scholarship is granted on the basis of need and scholastic promise.

The D. L. Scurry Foundation Scholarship is provided by the Scurry Foundation, Greenville, South Carolina, to assist deserving students.

The South Carolina Electric and Gas Company Scholarship is a one-year $1,000 award made to a student in the upper one-third of his or her class who has demonstrated outstanding leadership qualities, who needs financial assistance toward achieving an education, and whose parents or guardians are customers of South Carolina Electric and Gas Company or customers of the Department of Public Utilities of Orangeburg, Winnsboro, or McCormick counties.

The Spartanburg High School Scholarship, renewable for four years, is awarded annually by Wofford College on the basis of scholastic attainment and character to a member of the graduating class of Spartanburg High School.

The Spartanburg Methodist College Scholarship, renewable for two years, is awarded annually by Wofford College on the basis of scholastic attainment and character to a member of the graduating class of Spartanburg Methodist College.

The D. W. Stacy Scholarship is made possible by a gift from Mr. Danny W. Stacy, Class of 1969, of Gaffney, South Carolina. It is awarded annually to a married upperclassman on the basis of financial need.

The Algernon Sydney Sullivan and Mary Mildred Sullivan Revolving Scholarships were established in 1969 by the Algernon Sydney Sullivan Foundation. Awards are made to students of character who have need and who show awareness that receipt of a scholarship carries with it a sense of obligation to strive eventually to return the aid received and thus help to make it possible for others to enjoy similar benefits.

The United Methodist Scholarships are awarded annually by the Board of Education of the United Methodist Church to outstanding Methodist students.

The Junie L. White Scholarship, given by Junie L. White of Spartanburg, South Carolina, is awarded each year on the basis of need and academic achievement to a student majoring in English.

The Lettie Pate Whitehead Scholarships, established by the Lettie Pate Whitehead Foundation of Atlanta, Georgia, are awarded annually to deserving women from the South.

The Ruth Winn Wickware Scholarship and the Ruth Winn Wickware Foundation were established by the will of Ruth Winn Wickware of Laurens, South Carolina. The Foundation awards scholarships each year for the pursuit of studies in the field of economics and business administration. The scholarships are awarded on the basis of character, leadership, and scholastic achievement, and are renewable for four years.

The David G. Williamson Football Scholarship Fund was established in 1988 by Mrs. David G. Williamson as a memorial to her late husband, a member of the Class of 1950. Preference in awarding the scholarship will be given to applicants who participate in the College’s intercollegiate football program and exhibit qualities of outstanding character, leadership, and service to others as exemplified in the life of Mr. Williamson.

The Anna Todd Wofford Scholarships were established in 1973 to honor the memory of the first wife of Benjamin Wofford. Three scholarships of $6,000 per year for four years are awarded annually to female students nominated by their high schools and selected by Wofford College as possessing outstanding qualities of scholarship, leadership, and character.

The Benjamin Wofford Scholarships are named in memory of the founder of Wofford College. Three scholarships of $6,000 per year for four years are awarded annually to male students nominated by their high schools and selected by Wofford College as possessing outstanding qualities of scholarship, leadership, and character.

The Wofford College AAAS Scholarships of $6,000 a year for four years are awarded through the campus chapter of the Association of Afro-American Students to three minority freshmen who show exceptional promise of contribution to society.

Wofford College General Academic Scholarships are awarded annually on the basis of financial need and grade average. Some awards in this category are unnamed and are funded from the operating budget of the College. In other cases, students eligible for scholarships in this category receive one of the named scholarships described in this Catalogue.

Wofford College Merit Scholarships are awarded by the College as part of the National Merit Scholarship Program. A minimum of three Merit Scholarships are awarded each year to National Merit Finalists who have designated Wofford as their first-choice college.
Other Endowment Support

Through the years, contributions from alumni and other friends have enabled Wofford to build its permanent endowment. Examples of endowment gifts include scholarship funds (such as those listed in the previous section of the Catalogue), lecture series, professorships, endowed chairs, and unrestricted gifts to the endowment for operating support. The growth of Wofford's endowment has provided additional operating funds for the College, thereby affording financial stability to the academic program and alleviating considerable institutional dependence on income derived from student tuition and fees.

Noteworthy non-scholarship gifts to Wofford's endowment in excess of $50,000 include the Athletic Endowment Fund; the Gertrude Bagwell Endowment Fund; the C. O. Bonnette Endowment Fund; the Benjamin N. Duke Endowment Fund; the Ford Foundation Endowment Fund; the Samuel Pate Gardiner Endowed Chair; the Peter Berly Hendrix Endowed Professorship in Religion; the Kenan Charitable Trust Endowment Fund, which established the prestigious William R. Kenan, Jr., Professorship; the Kirksey Endowment Fund; the Albert C. Ourlt Endowed Professorship in Religion; the Leon L. Patterson Endowment Fund; the Presidential Discretionary Endowed Fund for Faculty and Curricular Development and Institutional Self-Renewal; and the T. B. Stackhouse Chair of Economics and Business Administration.
Calendar

Wofford's September-May academic year is divided into two semesters and a four-week Interim. The official College calendars for 1989-90 and 1990-91, including summer sessions, are printed in this Catalogue.

Matriculation, Registration, And Enrollment

On specified dates toward the end of each semester, currently enrolled students pre-register for courses for the following semester. Matriculation and final registration then take place at the beginning of the new semesters on dates also indicated in the College calendar; at these times pre-registered students confirm (or may change) their course schedules, and newly entering students and others not pre-registered do their original registering for the semester. Late-registration fees are charged students who do not complete their registration or pre-registration on time. No student is permitted to register or add courses after the dates indicated in the calendar as the last for those procedures.

Freshman and sophomore schedules must be approved by the students' faculty advisors. Junior and senior schedules must be approved by the chairmen of the departments in which the students are majoring. Student schedules calling for more than the normal maximum permissible load (see the following section) can be carried only with the approval of the Registrar.

Registration procedures for the Interim are undertaken mid-way in the fall semester.

To be permitted to register for classes, students must clear all financial obligations with the College, including the fees for the semester for which they are registering. In the spring semester, students must make their reservation deposits for the following year before pre-registering for the upcoming fall term.

Course Load

The normal course load for a student in a semester is four full courses (those of three or four semester hours credit each). In addition, each sophomore is to take a one-hour course in physical education each semester. Also in addition, students may take one-hour courses in music, and freshmen and sophomores may take one-hour or two-hour courses in military science. The normal (and maximum) load in Interim is one project.

First-semester freshmen may take no more than the four full courses, plus the one-hour options. All but one of the full courses are prescribed as indicated in the following outline.

The Full-Year Course Sequence for Freshmen:

Any student other than a first-semester freshman or a student on academic probation may take up to seventeen hours in a semester. (A student on probation must obtain permission from the Registrar to take more than the normal four courses.) Students wishing to take more than seventeen hours must seek approval prior to the last day of the add period by completing a form that is available in the Office of the Registrar. Students with cumulative grade-point averages lower than 3.00 will not be allowed to carry more than seventeen hours.

Students who carry fewer than nine hours in a semester must have the permission of the Dean of Students in order to live in the residence halls, if they wish to do so.

Course Restrictions

Enrollment space in beginning-level foreign language courses and in general science courses (Science 101, 102, 103) is reserved for freshmen. Students who do not complete General Education requirements in those two areas by the end of their freshman year cannot be guaranteed space in those courses exactly when they want it later.

Juniors and seniors are not permitted to enroll in the 100- and 200-level military science courses unless they are under ROTC contract and are required to take the courses.

Students who receive credit for an advanced course in a foreign language normally may not take or repeat a less advanced course or a beginning course in the same language and receive credit or grade points for it. Students to whom this restriction may apply should not plan to enroll in 100- or 200-level foreign language courses without first seeking the approval of the Registrar and the Chairman of the Department of Foreign Languages.
Restrictions apply also to enrollment in Mathematics 100. Students should therefore seek the approval of the Chairman of the Department of Mathematics before making any plans to enroll in the course.

**Grading System**

The Wofford grading system includes the grades A (Superior) through A-, B+, B-, B, C+, C-, C, D, and F (Failure), and the grades I (Incomplete), WP (Withdrawal Passing), and WF (Withdrawal Failing). The WP is given only if the student officially withdraws from the course on or before the date specified in the College calendar as the last day to drop a course with a passing grade, and is passing at the time of official withdrawal. Grades of H (Pass with Honors), P (Pass), and F (Fail) are given for work done during the Interim and in required Physical Education courses.

An I or Incomplete indicates that for some legitimate reason not all the work the course required of the student has been completed and thus an A-F grade determination cannot be made. All Incompletes must be made up not later than mid-term of the following semester (including those of students not then enrolled), except under extremely extenuating circumstances as determined by the instructor and the Registrar. The notation I is used only rarely for Interim work, and then only with the expectation that it will be in effect for no longer than one week after the end of the Interim, by which time all work should be completed and final evaluation made. Incompletes not made up by these dates will be recorded as grades of F.

A system of grade-point averages is used to determine qualifications for graduation, honors, the Dean's List, rank in class, academic probation and exclusion, and other matters. The grade-point values of the grades are as follows: A = 4.0; A- = 3.7; B+ = 3.3; B = 3.0; B- = 2.7; C+ = 2.3; C = 2.0; C- = 1.7; D = 1.0; F = 0; I = 0; WF = 0. (Note, however, that any plus or minus designations appearing in the grades of students in the Classes of 1990, 1991, or 1992 have no impact on the grade points or grade-point averages for those students.)

To determine the grade-point average, the number of hours in each course attempted is multiplied by the grade points for the grade received in the course, and the total number of grade points is divided by the total number of hours attempted. Interim projects, courses graded by the Pass/Fail system, and courses for which students receive grades of WP are not included in calculations of grade-point averages. All courses (except those graded by the Pass/Fail system) for which students receive the grade of WF are included in the calculations.

**Examinations**

Final examinations are normally part of every course. A student who wishes to take an examination during the examination period at a time other than the scheduled time must make arrangements with the course instructor. Under no circumstances may an examination be administered before or after the established examination periods without the approval of the Dean of the College. Such approval is given for an individual student only in cases of illness, death in the family, or other extremely extenuating circumstance. In addition to approval by the Dean, an examination given for an individual outside the examination period requires a payment of $10 to the Business Office.

**Reports On Academic Progress**

At the end of each semester and Interim, grade reports will be sent to parents or guardians of all students in accordance with the eligibility established under the Family Educational Rights and Privacy Act of 1974. Mid-semester progress reports will also be sent to parents or guardians of students.

**Academic Honors**

**The Dean's List**

Compiled at the end of each semester, the Dean's List recognizes students' high achievement in their courses. To be eligible for the Dean's List a student must:
1. have attempted at least twelve hours in the semester (not counting repeated courses or courses graded on a Pass/Fail basis);
2. have achieved a grade-point average higher than 3.00 on the twelve or more hours specified in 1., above;
3. not have made a D or an F in any course taken in the semester (including repeated courses and/or courses graded on a Pass/Fail basis);
4. have achieved at least B in any repeated course taken in the semester.

**Graduation Honors**

Candidates for degrees who have achieved certain levels of academic excellence at Wofford College are graduated with one of the following honors: *cum laude*, *magna cum laude*, or *summa cum laude*. These honors are determined on the basis of the traditional grade-point average, and the averages required are 3.25 for *cum laude*, 3.50 for *magna cum laude*, and 3.75 for *summa cum laude*.

**Honors Courses**

At the discretion of the Faculty, a senior student may do an honors course during the regular academic year, subject to the following regulations:
1. An honors course may be undertaken only by an eligible senior. Normally, only seniors having grades of B or better in all courses taken at Wofford during the preceding two semesters are eligible.
2. Approval by the instructor and the Chairman of the department in which the honors course is to be done is necessary before a student may
undertake an honors course. Upon mutual consent of these persons and the student, the Chairman submits to the Curriculum Committee of the Faculty a request that the student be allowed to do honors course. The request is to be accompanied by a detailed proposal setting forth clearly the work to be done and the format in which the results will be presented.

3. An honors course will carry six hours of credit over the two semesters of the senior year and will receive a grade of Pass, Pass with Honors, or Fail. No partial credit will be given.

4. An honors course may count toward major requirements if the Chairman of the major department approves.

5. The course, if completed satisfactorily, will be entered on the student's permanent record with a notation to the effect that it was an honors course.

6. A student may be removed from an honors course at any time if, in the judgment of the instructor and the Chairman, his or her work is not of sufficient merit to justify continuation.

7. Each student completing an honors course is to prepare and submit to the instructor three copies of a written report describing the work done in the course. The Chairman then places one copy in the student's file, one copy in the College library, and the third copy in his or her own files.

8. Application for the honors course should be made at least in time for consideration by the Curriculum Committee of the Faculty at its last scheduled meeting in the student's junior year.

9. A student who receives a grade of Pass with Honors in an honors course in his or her major, and achieves at least a 3.75 grade-point average in his or her major courses, will be mentioned at the commencement exercises as being graduated with High Honors in his or her major and will be so listed in a special section of the Catalogue. A student who receives a grade of Pass in an honors course in his or her major, and achieves at least a 3.75 grade-point average in his or her major courses, will be mentioned at the commencement exercises as being graduated with Honors in his or her major and will be so listed in a special section of the Catalogue. The same notations will be recorded in the student's permanent records.

In-Course Honors

Qualified Wofford students may be permitted to attempt in-course honors in accordance with the following regulations:

1. The student must have had at least one previous semester at Wofford and must have attained a B average, either cumulative or current.

2. A written request for in-course honors and a planned program of study must be presented to the course instructor before the end of the third week of the semester. (A special form for this purpose is available to the student in the Office of the Registrar. The completed form will be retained by the course instructor until the end of the semester and then used in preparing a report for the Dean of the College.) Approval of the application and program of study must be obtained from the course instructor, the department Chairman, and the Dean of the College.

3. Honors work is to consist of independent study, under tutorial guidance; exhibit initiative, creativity, intellectual curiosity, critical thinking, and sound methodology; include a terminal essay which analyzes or exhibits the results of the study; and culminate in an oral examination by a committee, appointed by the department Chairman, of three faculty members, including the course instructor (as chairman) and preferably one person from another discipline. The length of the examination generally should not exceed one hour.

4. The student is to meet all the requirements of the regular course, including the final examination. Credit may not be given for in-course honors unless the student earns a grade of at least B on both the regular course and the in-course honors work. (The grade on one does not affect the grade on the other.) Upon the student's satisfactory completion of in-course honors the instructor will report the regular course grade with the suffix H added to the course number and with the signatures of at least two of the examiners appearing on the report. The Registrar will add the H suffix to the course number on the student's record and allow one semester hour of credit for the honors work in addition to the regular course credit.

5. No student may elect more than one in-course honors program per semester.

6. No student is to be penalized for failure to undertake honors work. Any student may, without honors, earn the grade of B or A in the regular course.

7. An individual faculty member may be unable to meet a student's request for in-course honors, and the College is not obligated to provide this opportunity in every course. No first-semester faculty member is to give in-course honors; he or she should direct the interested student to the department Chairman for other possible arrangements.

Adding Or Dropping Courses

At the start of each semester there is an official period during which students have opportunity to change their class schedules and course loads, within limits, by adding or dropping courses. During this add/drop period, which extends from registration day to the ending date noted in the College calendar, students obtain permission from instructors of courses they wish to add to their schedules and/or notify instructors of courses they wish to drop, and deliver to the Office of the Registrar add or drop slips initialed by the instructors to signify their permission or acknowledgement. For freshmen and sophomores, add or drop slips must also be signed by the students' faculty advisors.

Courses dropped during this official add/drop period do not appear on the students' permanent records.

Students may still drop courses (but may not add) after the end of the official add/drop period, but the consequences of doing so are quite different. Students wishing to drop courses should always seek advice on the matter from their advisors and instructors, but this is particularly so when the add/drop period has passed, because all courses dropped after that period will appear on the students' permanent records, with WP or WF grades. A course dropped after the official add/drop period but on or before the day four weeks prior to the last day of semester classes may be recorded with the grade WP
if the student carries out the official drop process and is passing the course at the time he or she officially drops; otherwise the grade WF will be recorded. The drop slip, properly initialed by the course instructor (and by the faculty advisor of a freshman or sophomore) and indicating the grade to be recorded, is returned to the Office of the Registrar by the instructor and not by the student. Students who drop courses during the last four weeks of semester classes will automatically and routinely be assigned grades of WF for those courses.

For the grade-point-average implications of the WF grade, refer to the Grading System section which appears earlier in this chapter of the Catalogue.

Some financial aid awards require that recipients be enrolled full-time. Students receiving awards should consult the Director of Financial Aid before they drop any course at any point in the semester.

Repeating Courses

Any course except Humanities 101 can be repeated, but, effective for students who enter Wofford after August 31, 1989, there are limitations on individual indulgence in that opportunity. The primary limitations are that such students may repeat only those of their courses for which final grades of D or F or WF were recorded in the prior attempt, and that in their careers at Wofford, the students may undertake no more than four such repeats without the course hours being counted again as hours attempted. Thus the student who undertakes four repeats or fewer and makes higher grades will receive the full grade-point value of the higher grades; but for repeats beyond four, all attempts in those courses will be included in the calculation of the grade-point average.

The primary limitations referred to in the paragraph above do not apply to students who entered Wofford on an officially matriculated basis before September 1, 1989.

In any instance in which a student repeats a course, he or she must complete and submit a notification form available at the Office of the Registrar. Otherwise, none of the benefits potentially to be derived from repeating will be gained. Note also that even though courses may be repeated, the prior attempts and grades are not removed from permanent records, and, of course, credit hours are awarded only once.

A student who has twice failed a course (or courses in the same department) needed for a General Education requirement for graduation may appeal to be exempted from that requirement. Before the end of the add/drop period in the semester following the second fail, the student wishing to appeal must request that the Dean of the College convene a committee to review his or her case and to decide whether to grant the exemption sought. The committee's decision is final. Although a similar appeal opportunity exists in relation to courses listed as prerequisites to majors in economics, business economics, finance, or accounting, there is no such opportunity regarding courses taken to earn elective hours or to meet requirements for majors.

Class Standing

For a student to rank as a sophomore, he or she must have earned a minimum of thirty semester hours; as a junior, sixty semester hours; as a senior, ninety semester hours.

Courses At Other Institutions

Any student who wishes to take course work at another college or university and apply this work toward the requirements for a degree from Wofford College must secure the advance approval of the Registrar and the chairmen of the Wofford departments in which the courses desired would normally be offered. Any student who has accumulated sixty-two semester hours may take such work only at an accredited senior college or university.

Cooperative Education (Co-Op)

Cooperative Education is a program that combines work with learning and gives students the opportunity to explore work areas which will be options for them after graduation. There are two Co-Op plans—parallel and alternating. In the parallel plan, the student enrolls half-time and is employed half-time. In the alternating plan, the student alternates semesters of work and school.

Students who register for and participate in full-time, off-campus Co-Op programs are considered to be full-time students. They are not required to pay tuition but they may pay residence charges and live in campus housing.

Auditing Courses

A student who wishes to audit a course may do so upon securing the permission of the instructor and the Registrar. Under no circumstances may an audit be changed to a registration for credit after the end of the add period, nor may a student taking a course for credit change to audit unless the student first obtains a passing withdrawal from the instructor and notifies the Registrar of his or her intent to audit the course. The notation "Audit" will be affixed to the student's permanent record only upon the student's request and only if the instructor submits at the end of the course a grade of Audit, indicating the student indeed audited the course satisfactorily.

An audit fee is charged each course-auditor who is not a full-time Wofford student.
Class Attendance

1. In class meetings, students not only receive instruction from their teachers, but in discussion give reactions and listen to the reactions of fellow students. In such a teaching/learning process both the student and the class suffer a loss when the student is absent from class.

2. Thus, all students are expected to attend all classes and activities scheduled for courses in which they are registered for credit, and they should understand that if they do not do so they must accept the academic consequences of that behavior.

3. Absences from class do not, of course, excuse students from the responsibility for fulfilling the academic requirements of their courses. Generally, course instructors will determine whether make-up work will be required or permitted for students who miss tests or other course work because of their absence from class for reasons other than participation in official College events. (A student who is absent from a final examination, however, must request permission from the Dean of the College to take such an examination at a later date; permission will be granted only in extremely extenuating circumstances.)

4. A student who is absent from classes of a given course too many times, particularly if he or she is also performing poorly academically, may be required to withdraw from the course under the following procedures:
   a. Through the Dean of the College, the instructor sends the student a Class Attendance Warning, requesting an interview.
   b. If the student fails to respond to that request, or if the interview is held but is unsatisfactory, or if the student fails to show satisfactory improvement in attendance and/or in academic performance, the instructor sends to the Dean of the College for approval a Required Class Withdrawal notice for the student. Upon approval, the Dean informs the instructor, the student, and other interested parties (including the student's parents) of the required withdrawal. The student is assigned a grade of WP or WF as determined by the instructor.

5. Student absences resulting from participation in official College events are generally to be considered excused. Both students and instructors bear important responsibility in the maintenance and implementation of this policy. Those responsibilities and other details of the policy may be reviewed in the Student Handbook or the Faculty Handbook.

Academic Probation And Exclusion

At all stages in the educational undertaking in which its students are engaged, Wofford College expects the students to be performing academically at levels which indicate that they are profiting from their opportunity. This means at least that the students are expected to be making reasonable progress toward attaining the grade-point average (GPA) required for degrees. In situations in which such progress is not evident, as measured by the graduated qualitative standards shown in the table below, Wofford places students on academic probation or academic exclusion, not only as notice that their sub-par academic work has endangered their opportunity to continue, but also as incentive to seek whatever motivation, discipline, and assistance may be necessary to improve their performance. Students' records are evaluated against these standards at the end of each semester and summer session.

The GPAs and attempted hours to which the table refers are cumulative figures and are based only on work undertaken at Wofford. They include all such work except hours graded on a Pass/Fail basis and courses in which the student receives the grade of WP.

Students who fail to achieve the minimum levels of performance required are placed on probation for the subsequent semester or are excluded from Wofford for the subsequent semester. Also, a student is excluded for the subsequent semester if at the end of a second consecutive semester on academic probation the student has not raised his or her cumulative GPA above the probation level. (For purposes of administering this provision, any summer session in which a student attempts as many as twelve semester hours, whether new or repeated, is considered to constitute a semester.)

Students who are excluded in or at the end of either semester and who wish to attempt to qualify (i.e., to reach the cumulative GPA required) for September reinstatement must attend the Wofford summer session to make that attempt. Students qualifying for reinstatement after being placed on exclusion will be required to be in good standing (i.e., liable neither for exclusion nor for probation) at the end of the reinstatement semester in order to continue. Those not meeting this requirement are excluded for the subsequent semester.

Any of the provisions above notwithstanding, however, any student, whether or not his or her cumulative GPA is at the level required for good standing, will be considered to be academically eligible to re-enroll following any semester or summer session in which he or she earns a current GPA of at least 2.50 on a full load of at least twelve new hours.

On the other hand, at any point at which a student's current academic performance becomes extremely poor, the Dean may require, after consultation with the Registrar, the student, and the student's faculty advisor, that the student withdraw from the College forthwith, whether or not his or her cumulative GPA meets the technical standard for good standing.
Normally, a student who is excluded may attempt to achieve good standing in the first summer session following his or her exclusion. But students who have been excluded more than once may be required to wait for periods as long as two years before they are considered for readmission, whether or not they are permitted to attempt any summer session work and regardless of the outcome of any such work they do attempt. Application for the readmission of excluded students should be directed, when timely, to the Registrar.

Although excluded students may regain good academic standing through successful work in summer session, they lose their priority for residence hall rooms and for financial aid when they are excluded. (See Catalogue section on Financial Aid.)

Permanent exclusion from the College is of course a very serious matter which is to be considered only after thorough deliberation among the Dean, the Registrar, the student concerned, and the student's faculty advisor. No specific regulations, therefore, are prescribed for those situations in which permanent exclusion might be a possibility.

Wofford will not accept for credit any work undertaken at other institutions by any student during his or her exclusion from Wofford. Normally this policy applies also to students on probation, but in very extenuating circumstances such students may be granted waivers on the basis of acceptable written petitions to the Registrar. Even in the event of such waivers, however, in no case is it likely that the work done or grades earned at the other institutions would be considered to have improved the students' probationary status at Wofford.

Response To Communications From Faculty And Staff

Students are expected to respond to all communications from members of the faculty or staff of the College. All students are required to have campus mail boxes where they may receive notices and requests from College personnel. Students are expected to check their mail daily and to respond to faculty and staff during the next school day after they receive a request. Failure to comply may be grounds for academic or disciplinary sanction.

Withdrawal From The College

In the interest of the welfare of both the student and the institution, Wofford expects each student who withdraws from the College to have an exit interview with the Registrar. In extenuating circumstances, such interviews may be conducted by telephone.
Degrees Offered

Wofford College offers the degrees of Bachelor of Arts (B.A.) and Bachelor of Science (B.S.).

Candidates who meet all requirements and successfully complete the major in art history, English, French, German, government, history, humanities, intercultural studies, philosophy, political economy and philosophy, religion, sociology, or Spanish qualify for the B.A. degree.

Candidates who meet all requirements and successfully complete the major in biology, chemistry, physics, or psychology qualify for the B.S. degree.

Candidates who meet all requirements and successfully complete the major in economics, business economics, accounting, finance, or mathematics qualify for the B.A. or the B.S. degree depending on how they meet the College’s natural science requirement (see below).

Candidates who successfully complete 154 hours and meet all requirements for each degree, including the successful completion of two appropriate majors, will qualify for the B.A. and the B.S. degrees. (Note, however, that double majors involving one B.A. field and one B.S. field do not ordinarily or necessarily require the completion or result in the award of two degrees.)

Requirements For Degrees

It is the responsibility of each student to know and meet the requirements for the completion of his or her degree.

Achievement of the bachelor's degree is based on a broad distribution of studies among representative fields of liberal arts learning and a concentration of studies in one field. The object of distribution, accomplished by requirements that each student successfully complete courses in designated departments and programs, is to give the student a general view of our intellectual heritage and to broaden his or her outlook. The concentration, provided for by the requirement that each student complete a major in one academic discipline or program, gives opportunity for the student to achieve a competence in a particular field of scholarship.

In all work done toward a degree a candidate’s grades must meet certain standards.

Degree requirements are outlined in this chapter. In addition to completing these requirements, each student must be approved for the B.A. or B.S. degree by the faculty at a special meeting held prior to commencement. Those students who have met all requirements and have been approved and have met all financial obligations to the College are eligible for degrees.

Specifics of Distribution Requirements

General Education Requirements

Students with superior preparation in any of the courses included in the General Education requirements are encouraged (or may be required) to omit those in whose content, in the judgment of the department concerned, they demonstrate satisfactory proficiency. Students relieved of such required courses in this manner must still complete 124 hours in college.

Hours credited through the Advanced Placement Program, the College-Level Examination Program, the International Baccalaureate Program, College-sponsored achievement testing, or certain other tests and experience, however, may be included in the 124 hours.

ENGLISH

This requirement is met by successfully completing English 102 and a 200-level English course.
FINE ARTS
THREE OR FOUR SEMESTER HOURS
This requirement is met by successfully completing one three-semester-hour 200-level course in Art, Music, or Theatre, or by successfully completing four semester hours in Music 100, 101, 102, and/or 200.

FOREIGN LANGUAGES
SIX SEMESTER HOURS
This requirement is met by successfully completing one of the following combinations of courses or by demonstrating equivalent proficiency:
- French 101, 102
- German 101, 102
- Spanish 101, 102

HUMANITIES 101
THREE SEMESTER HOURS
This course is normally required of every freshman. Those who fail it are required to take and pass English 101 before taking English 102.

NATURAL SCIENCE,
B.A. DEGREE
EIGHT SEMESTER HOURS
This requirement is met by successfully completing two semesters of course work, preferably in the same department or program, in courses chosen from the following:
- Biology 101, 102, 111, 112, 213, 214
- Chemistry 123-124
- Geology 111, 112
- Physics 121, 122, or 141, 142
- Psychology 331, 332, 341, 342
- Science 101, 102, 103

NATURAL SCIENCE,
B.S. DEGREE
SIXTEEN SEMESTER HOURS
This requirement is met by successfully completing two semesters of course work in each of two departments, in courses chosen from the following:
- Biology 101, 102, 111, 112, 213, 214
- Chemistry 123-124
- Geology 111, 112
- Physics 121, 122, or 141, 142
- Psychology 331, 332, 341, 342

HISTORY, PHILOSOPHY,
AND RELIGION
TWELVE SEMESTER HOURS
This requirement is met by successfully completing one applicable course (see below) in each of the three departments, plus one other course, chosen as indicated below, in one of the departments.

History: Only 101 and 102 count toward the requirement. If the student wishes to apply one more history course toward the requirement, it too must be History 101 or 102.

Philosophy: Normally 201, 206, or 210+ should be taken for the one course. If the student wishes to apply one more philosophy course toward the requirement, any 200-level or 300-level course in the department may be taken for that purpose.

Religion: Only 201, 202, or 203 count for the one course. If the student wishes to apply one more religion course toward the requirement, Religion 101 or any 200-level or 300-level course in the department may be taken for that purpose.

MATHEMATICS
THREE SEMESTER HOURS
This requirement is met by successfully completing three semester hours in mathematics in any course in the department except Mathematics 100.

PHYSICAL EDUCATION
TWO SEMESTER HOURS
This requirement is met by successfully completing PE 101 and 102.

Major Work Requirements
At the close of the sophomore year, students normally select the academic area in which they will take their major work. At that point, the student completes the major work form, which is then reviewed for approval by the Chairman of the student's major program and filed with the Registrar.

Major work involves the successful completion of substantial numbers of semester hours in one academic department or, under certain circumstances, in a selected combination of departments. The number of hours required for the various majors ranges from twenty-one to thirty-eight (in addition to any prerequisite hours); the specific requirements for given majors are found under the departmental headings in the Courses of Instruction chapter of this Catalogue.

Qualified students may achieve double majors by completing all the requirements of each of two separate majors.
Under normal circumstances, no student may take (to apply toward a bachelor's degree) more than thirty-six hours in any one department, with courses used to satisfy General Education requirements not included in calculating that total. Similarly, neither those courses open primarily to freshmen nor those used to meet General Education requirements may be applied toward completion of major work requirements under normal circumstances.

A majority of the courses in a student's major must be taken and successfully completed at Wofford.

**Interim Requirements**

The graduation requirement for Interim has two parts; these deal with (1) the number of Interim projects in which students must participate, and (2) the number of projects they must pass. In general terms, the requirement is that each student must participate in four projects (one for each full-time year or equivalent at Wofford) and must pass at least three.

More specifically, each student must participate in one project for every twenty-seven semester hours of course work awarded or accepted by Wofford for the student after he or she matriculates at the College (except that students who complete all requirements for graduation in three years must each participate in only three projects).

The requirements regarding the numbers of projects which must be passed by transfer students and others who finish graduation requirements in less than four years (or the equivalent) at Wofford are that those students who are required to participate in three projects must pass at least two; those required to participate in two projects must pass two; and those required to participate in one must pass one.

For students permitted on non-passing participation, credits lost through unsuccessful work in that one project may be regained in semester course hours; but the further credits lost when students fail more projects than is allowable can be regained only through successful project participation in subsequent winter Interim periods, during any of which only one project may be undertaken by any student, as is always the case.

Credit hours earned in Interim projects may be applied only toward Interim requirements; they cannot be used to satisfy any portion of General Education or major requirements.

When a student undertakes an approved foreign study program whose calendar precludes his or her participation in Wofford's Interim as ordinarily required, satisfactory completion of the foreign study program will stand in lieu of successful Interim participation for that year.

When other extenuating circumstances in individual cases require such, the Coordinator of the Interim and the Registrar will determine whether the requirements for participation in Interim projects have been met. Normally, Interim grades of WP or WF would not signify acceptable participation.

**Elective Requirements**

In addition to the General Education, major, and Interim requirements, the student must pass sufficient elective courses to complete the 124 semester hours necessary for graduation.

**Grade Requirements For Graduation**

Candidates for degrees must complete 124 semester hours, including all general and major requirements and the prescribed number of Interim projects. The candidate must have at least a C average (2.0) on all course work attempted. Interim projects, courses graded on the Pass/Fail system, and courses for which students receive grades of WP are not included in calculations of grade-point averages. All courses (except those graded on the Pass/Fail system) for which students receive the grade of WF are included in the calculations.

A candidate may also qualify by presenting a number of hours of C's equal to the overall graduation requirement (124 semester hours) minus the number of hours accumulated in meeting the requirements for Interim and Physical Education and in other courses graded on the Pass/Fail system, but including all general and major requirements.

The quality of a student's major work must be such that he or she finishes with a grade average at the C level or higher in all work which could be applied toward the major or that he or she attains grades of at least C in the minimum number of hours and specific courses required for the major.

Grades transferred from other institutions, except Converse College grades earned when the cross-registration program is in effect and grades earned in Wofford-related programs in overseas institutions, will not be used in computing students' grade-point averages or in determining whether other grade requirements for graduation have been met.

**Residency Requirement**

The senior year of work (at least thirty semester hours) must be completed at Wofford College. In extremely extenuating circumstances (such as the unavailability in the senior year of required courses), students may be permitted to take up to eight of those hours at an accredited senior college or university other than Wofford. Before undertaking such work, the student must obtain the approval of the Registrar and the chairmen of the departments concerned.
Pre-Professional And Combined Programs

Combined Academic-Engineering Programs

Wofford College has agreements with two institutions which afford students opportunity to become liberally educated engineers. After a student has completed General Education requirements and certain prescribed courses in mathematics and the physical sciences at Wofford and has been recommended by the faculty, he or she is automatically accepted at the school of engineering at Columbia University or Georgia Institute of Technology. After successful completion of one year at the professional school, he or she may be awarded the bachelor's degree by Wofford, and after meeting requirements at the professional school (usually by the end of the second year there), the student is awarded the Bachelor of Science Degree in Engineering by that school.

These pre-engineering programs are tightly structured, and the requirements of the engineering schools differ slightly. Therefore, it is wise for those interested to consult early and frequently with the program advisor.

Cooperative Program In Nursing

In a cooperative program with the Emory University School of Nursing, Wofford offers pre-professional studies which prepare students for admission to the professional nursing program at Emory. To qualify for admission to the Emory program, the student must complete at least sixty semester hours of course work at Wofford (including general and specific requirements in humanities, social sciences, natural sciences, and mathematics) with a grade-point average of no less than 2.50. For students then admitted to the nursing program at Emory, the successful completion of seven quarters of professional nursing courses there leads to the degree of Bachelor of Science in Nursing from Emory.

Students who successfully complete the pre-professional studies at Wofford are interviewed by a member of the Baccalaureate Admissions Committee of the Emory School of Nursing and considered for admission by the School of Nursing faculty, which makes the final decision regarding admission.

Interested students should consult the Wofford program advisor for information and advice as they plan their course work, including that of their first semester here.

Pre-Professional Programs:

Pre-Medicine, Pre-Dentistry, Pre-Ministry, Pre-Veterinary Science, and Pre-Law

Wofford College has an excellent reputation for preparing persons for the graduate study required for entry into medicine, dentistry, veterinary medicine, the Christian ministry, and law. In each of the academic major programs students can prepare for graduate study in that major, and generally, any of the College's majors provides useful and appropriate background for students who wish to enter professional schools. There are, however, certain specific course requirements which must be met for admission to most professional and graduate schools. It is very important therefore that interested students stay in close and frequent contact with the appropriate program advisors at Wofford.

Students interested in studies in the health-care fields especially should be aware of course requirements for admission to schools of medicine, nursing, dentistry, or veterinary medicine. They should obtain the necessary information before choosing a major or deciding upon elective coursework.

While there are no specific course requirements which must be met for admission to law schools, Wofford College wants students who wish to prepare for the practice of law to choose electives which include English, American history, government, accounting, economics, ethics, and public speaking. Statistics, logic, and religion are also recommended. Pre-law students should major in one of the humanities or social sciences.

In relatively rare instances, students have opportunity to transfer to accredited schools of medicine, dentistry, law, or veterinary medicine after having met undergraduate general requirements and certain other conditions, but before graduating from college. Wofford students who accept such opportunity may yet receive the Bachelor of Arts or Bachelor of Science degree from Wofford by completing certain requirements in the professional schools. Interested students should consult the Registrar and the appropriate pre-professional advisors early and often.
Teacher Education Program

For many years Wofford College has prepared well-qualified teachers for the secondary schools of South Carolina and the nation through a teacher education program approved by the South Carolina Board of Education using standards of the National Association of State Directors of Teacher Education and Certification (NASDTEC). Successful completion of the program led to recommendation for certification in South Carolina and some twenty-five other states.

Effective July 1, 1989, however, Wofford withdrew its teacher education program from consideration for approval by the state Board of Education, thus temporarily suspending the College's formal participation in teacher education and providing opportunity to begin the process of planning for a revised program which would not only meet state requirements but combine the strongest features and best opportunities of both liberal arts and professional education preparation. When this planning has been completed (probably in mid-1990), the College will seek Board of Education approval for the new program and thus for the resumption of teacher education at Wofford.

Students who need further information may contact the Chairman of the Department of Education at Wofford.
On the following pages are brief statements concerning course offerings, prerequisites, and major requirements. For fuller statements and more detailed explanations contact the department chairman or the Dean of the College.

Not all courses are offered each year. Department chairmen should be consulted for scheduling information.

Wofford students should be aware that, under the terms of a cross-registration agreement, they may have access also to a number of courses offered at Converse College. The privileges of this arrangement are available to students who have a C average or better and who are otherwise in good standing, provided that there is space for their enrollment in the given courses. Wofford students may not take at Converse courses that are offered at Wofford nor may they take courses at Converse to meet Wofford's General Education requirements. Priority for classroom space for Wofford students at Converse is given to upperclass students. Freshmen may not take courses at Converse unless they have the permission of the Wofford Registrar.

Information as to specific courses which are offered at Converse may be obtained from the Registrar at Wofford.

Numbering System

Courses numbered in the 100's and 200's are primarily for freshmen and sophomores; courses numbered in the 300's and 400's are primarily for juniors and seniors.

In general, courses numbered in the 450's are research courses, and those numbered in the 480's are special topics courses.

Course numbers separated by a colon (e.g.: 201:202) indicate a full year course for which credit is not given unless the work of both semesters is completed. Such a course may not be entered at the second semester.

Course numbers separated by a hyphen (e.g.: 201-202) indicate a year course for which credit for one semester may be given, but which may not be entered in the second semester.

Course numbers separated by a comma (e.g.: 201,202) indicate two one-semester courses, the second of which continues from the first; these courses may be entered at either semester.

Single course numbers (e.g.: 201) indicate one-semester courses.

In general, odd-numbered courses are offered in the fall semester and those with even numbers are offered in the spring semester.

On the last line of individual course descriptions are three numbers (in parentheses) which indicate, in turn, the number of class hours or equivalent normally met each week, the number of laboratory hours or equivalent normally met each week, and the number of semester hours credit for the course.

Course and Program Descriptions

Accounting

PHILIP S. KEENAN, Coordinator
EDWARD E. GREENE, SUSAN M. WILEY

Students majoring in Accounting have a choice of receiving the B.A. degree or the B.S. degree (depending upon how they meet the College's natural science requirements). Students may not major in both Accounting and Finance or Accounting and Business Economics.

Any student who has twice failed a course listed as an Accounting major prerequisite may appeal to be exempted from that prerequisite. The student must request before the end of the add period of the subsequent semester that the faculty of the Department of Economics and Accounting review the appeal. The Department faculty's decision is final.

Many of the upper-level courses are offered only once a year and must be taken in a prescribed sequence. Majors who delay taking Accounting 211 past the fall semester of their sophomore year will have to attend summer school, possibly at a college other than Wofford, in order to graduate on time.

Major Prerequisites:

Math 130, 140, 181; Computer Science 100; Economics 201, 202.

Major Requirements:

Accounting 211, 212, 351, 352; Finance 321; Economics 372; plus four (4) of the 400-level accounting courses as approved by the Coordinator of the Accounting major.

211. Accounting Principles I

An introduction to the basic concepts and methodology of financial accounting, with emphasis on the collection, analysis, and recording of business data. Includes financial statement preparation, with emphasis on assets and current liabilities.

(3-0-3) STAFF

212. Accounting Principles II

A continuation of Accounting 211, with emphasis on long-term debt and corporations. Also includes an introduction to managerial accounting, with emphasis on manufacturing costs and on management use of accounting data for planning, budgeting, and control. Prerequisite: Accounting 211.

(3-0-3) STAFF

351. Intermediate Accounting I

Study of accounting theory and concepts relating to net working capital, intangibles, and plant assets. Prerequisites: Accounting 211, 212.

(3-0-3) KEENAN

352. Intermediate Accounting II

A continuation of Accounting 351; study of accounting theory and concepts relating to the corporate capital structure. Additional topics such as pension accounting, cash flow statements, and accounting for leases. Prerequisites: Accounting 351, Finance 321.

(3-0-3) WILEY
441. Nonprofit Accounting
Generally accepted accounting principles as applied to not-for-profit organizations, including governmental units, hospitals, colleges, and voluntary health and welfare organizations. Prerequisites: Accounting 211, 212.
(3-0-3) WILEY

452. Cost Accounting
Basic consideration of cost principles and procedures applicable to manufacturing operations with emphasis on planning, controlling, and decision-making. Prerequisites: Accounting 211, 212; Mathematics 130, 140.
(3-0-3) KEENAN

461. Advanced Accounting
Advanced topics such as consolidated financial statements, partnerships, foreign currency issues, estate and trust accounting. Prerequisite: Accounting 352.
(3-0-3) WILEY

462. Auditing
Theory of auditing, using generally accepted auditing standards. Additional emphasis on practical application of auditing techniques. Prerequisite: Accounting 211, 212.
(3-0-3) WILEY

471. Tax Accounting
Theory and practice of federal income taxation for individuals and for corporations, with emphasis on property transactions. Prerequisites: Accounting 211, 212.
(4-0-4) KEENAN

480+. Special Topics in Accounting
Topics and credit may vary from year to year. Prerequisite: Permission of instructor.
(1 to 3-0-1 to 3) STAFF

Biology

W. Ray Leonard, Department Chairman
H. Donald Dobbs, William B. Hubbard, D. A. Rayner, George W. Shiflet, Jr.

Major Requirements:

Biology 111, 112, 213, 214

Six advanced courses chosen in consultation with the Department Chairman. Two of these may be three-hour, non-laboratory courses. No prospective major should take advanced courses before completing 111, 112, 213, and 214.

In the senior year, performance to the satisfaction of the department faculty on a comprehensive examination on courses 111, 112, 213, and 214.

As related work, eight hours of laboratory courses in another science as required for the B.S. degree.

101. General Biology
Fundamental facts and principles of animal life. Offered in summer session only; does not count toward a major in Biology.
(3-3-4) STAFF

102. General Biology
Fundamental facts and principles of plant life. Offered in summer session only; does not count toward a major in Biology.
(3-3-4) STAFF

111. Introductory Animal Biology
Study of animal life, with emphasis on form and functions.
(3-3-4) DOBBS

112. Introduction to Genetics and Development
Study of the basic concepts of heredity and subsequent development of organisms.
(3-3-4) HUBBARD

213. Introduction to Plants and Ecosystem
Study of the structure and function of the vascular-plant body; plants, animals, man, and the physical environment as an ecosystem.
(3-3-4) RAYNER

214. Introduction to Molecular and Cellular Biology
Introduction to morphological, biochemical, biophysical, and genetic studies of living cells.
(3-3-4) LEONARD, SHIFLET

301. Genetics
Study of the principles of heredity with emphasis on the more recent experimental work.
(3-3-4) SHIFLET

302. Vertebrate Morphogenesis
Study of vertebrate anatomy and embryology.
(3-3-4) DOBBS

303. Microbiology
Study of the biology of microorganisms. Emphasis on bacteria and viruses.
(3-3-4) SHIFLET

304. Invertebrate Zoology and Animal Parasitism
Study of selected invertebrates, with emphasis on symbiotic relationships and species parasitic in man.
(3-3-4) DOBBS

307. Ecology
Study of the environmental interactions that determine the distribution and abundance of organisms. Ecological principles discussed at the level of the organism, the population, and the community.
(3-3-4) RAYNER

310. Field Biology
Introduction to the natural history of selected groups of native animals and plants. Emphasis on techniques for field capture and identification of animals and collection and identification of non-vascular plants.
(3-3-4) RAYNER
311. Teaching Biology
Study of topics of biology, presentation methods, practical laboratory activities, resources, and equipment. Normally does not apply toward Biology major. Offered in fall semester of odd-numbered years.
(3-0-3) HUBBARD

313. Plant Physiology
Introduction to the basic principles of plant physiology, including pioneering research, both recent and classical. Topics include basic background material, the physical processes at work in plants, plant biochemistry and metabolism, and plant growth and development.
(3-3-4) LEONARD

315. The Plant Kingdom
Study of body structure, life cycles, and relationships in the major groups of plants.
(3-3-4) RAYNER

317. Field Botany
Principles and practices in identifying, naming, and classifying vascular plants. Taxonomic principles, descriptive terminology, and use of keys in plant identification will be the lecture emphasis. Lab will involve the study of vascular plants in their natural environment.
(3-3-4) RAYNER

401. History of Biology
Study of the development of the biological sciences from antiquity to the present.
(3-0-3) DOBBS

404. Animal Physiological Principles
Study of the leading ideas and concepts of the physiology of animals.
(3-3-4) LEONARD

407. Mammalian Histology
Microscopic study of the cellular structure of tissues and organs.
(3-3-4) LEONARD

453. Evolution
Introduction to the principles that determine how plant and animal populations adapt to their environment, and study of the facts and concepts of the synthetic theory or organic evolution. In-depth discussion of the current creationist movement is included.
(3-0-3) RAYNER

481. Selected Topics in Biology
The topic for any semester may be one of special interest, special need, or special content. Topics taught in recent semesters have included immunology, human genetics, human embryology, endocrinology, advanced molecular biology, and research topics.

Honors Courses and In-Course Honors
The Department of Biology encourages its students to undertake honors work. For further information, the student is referred to the sections on Honors Course and In-Course Honors in this Catalogue.

Chemistry
DONALD A. CASTILLO, JR., Department Chairman
CHARLES G. BASS, W. SCOT MORROW, DAVID M. WHISNANT

In order to allow flexibility in the major and to provide for differing professional goals, the chemistry department offers two different major programs. The Pre-Professional Chemistry Major is for students who plan to do graduate work leading to the M.S. or Ph.D. degree in chemistry or who plan to become industrial chemists. It is designed to conform to the criteria recommended by the American Chemical Society for undergraduate professional education in chemistry. The Liberal Arts Chemistry Major provides more flexibility in selecting courses within the major and in taking elective courses in other departments. It is designed to give a sound foundation in chemistry for pre-medical and pre-dental students or for students who are undecided between medical school and graduate school and who may want to take a number of biology courses.

Both majors call for the related work of eight hours of laboratory courses in another science as required for the B.S. degree.

Major Prerequisites for either Major Program:
Chemistry 123-124; Physics 141, 142; Mathematics 181, 182.

Major Requirements for either Major Program:
Chemistry 201-202, 213, and 311.
Participation in departmental seminars in junior and senior years.
Comprehensive examination in the senior year.

Additional Requirements for the Pre-Professional Major:
Chemistry 301 or 302, and 312, 322, 410, and 420.
(Chemistry majors who plan to do graduate work in chemistry are strongly advised to take Mathematics 310 and to acquire a reading knowledge of German.)

Additional Requirements for the Liberal Arts Major:
Four of the following (including at least one 400-level course): Chemistry 301, 302, 312, 322, 410, 420.
(Pre-medical and pre-dental students will need to take a minimum of two semesters of biology to meet admission requirements of most professional schools.)

123-124. General Chemistry
A thorough treatment of the fundamentals of chemistry from a strictly modern point of view.
(3-3-4) each semester STAFF

201-202. Organic Chemistry
A study of the major classes of organic compounds, with emphasis on structure and mechanisms. Prerequisite: Chemistry 123-124.
(3-3-4) each semester BASS
213. Introductory Analytical Chemistry  
Fundamental theories and techniques of quantitative chemical analysis. 
Prerequisite: Chemistry 123-124. 
(3-3-4) CASTILLO

250+. Introduction to Research  
Elementary investigations in chemistry for students who wish to begin 
research early in their undergraduate studies. A maximum of 4 semester 
hours may be earned in Chemistry 250+. Prerequisite: Chemistry 123-124 or 
permission of the department faculty. 
(0-3-1) STAFF

280+. Selected Topics in Chemistry  
Group or individual study of selected topics in chemistry at an intermediate 
level. Intended for non-chemists as well as chemistry majors. Specific topics 
will vary with student interest and will be announced one semester in advance. 
(1 to 3-0 to 3-1 to 4) STAFF

301. Biochemistry  
An introduction to modern biochemistry with an emphasis on the molecular 
basis of cellular structure and biological function. A thorough treatment of the 
physico-chemical properties of informational macromolecules provides a sound 
basis for the study of bioenergetics and metabolic organization. Designed to be 
of interest to students who are majoring in either chemistry or biology. 
Prerequisites: Chemistry 202; Physics 141, 142. Recommended: Chemistry 
213, Biology 214. 
(3-3-4) MORROW

302. Advanced Biochemistry  
An in-depth study of the more provocative topics introduced in Chemistry 301, 
e.g., transport, regulation, synthesis of man-made polymers, analytical meth­ 
dology, physical biochemistry, chemotherapy, and biotechnology. Prerequisite: 
Chemistry 301 or permission of instructor. Recommended: Chemistry 
213, Biology 112, 214, 301, 303. 
(3-3-4) MORROW

303. Biochemistry  
Identical in content to Chemistry 301 but has no laboratory component. Same 
prerequisites apply. 
(3-0-3) MORROW

304. Advanced Biochemistry  
Identical in content to Chemistry 302 but has no laboratory component. Same 
prerequisites apply. 
(3-0-3) MORROW

311,312. Physical Chemistry  
A study of the laws and theories of chemistry, thermodynamics, kinetics, 
quantum theory, molecular structure, etc., from a modern viewpoint. Empha­ 
sis on problem solving. Prerequisites: Chemistry 213; Physics 141, 142; 
(3-3-4) each course WHISNANT

322. Inorganic Chemistry  
A survey of inorganic chemistry with emphasis on the periodicity of the 
elements and development of the modern theories of the relationships of 
chemical behavior and structure. Prerequisite: Chemistry 311. 
(3-3-4) WHISNANT

410. Chemical Instrumentation  
Instruments and methods in absorption and emission spectrometry, gas 
chromatography, mass spectrometry, radioisotope and electrometric mea­ 
urements. Prerequisites: Chemistry 213, 311. 
(2-6-4) CASTILLO

420. Structural Analysis of Organic Compounds  
Integrated application of instrumental and classical techniques to research­ 
oriented problems in structural organic chemistry. Application of IR, UV, 
NMR and mass spectroscopy to organic structure determinations. Some 
emphasis will be given to the structure and identification of polymers. 
Prerequisites: Chemistry 202, 213. 
(2-6-4) BASS

451:452. Senior Research  
Guided original research of a simple nature in the field of the student's 
interest. Introduction to basic research principles. Library and laboratory 
research leading to solution of the problem and a written report. Prerequisites: 
Permission of instructor and Department Chairman. 
(0-6-4) STAFF

480+. Advanced Topics in Chemistry  
Group or individual study of special topics in chemistry at an advanced level. 
Topics will vary with student interest, but will be selected from advanced area 
of analytical, organic, inorganic, physical, or biochemistry, and will be an­ 
nounced one semester in advance. Prerequisites: Introductory course in area 
of study and permission of instructor. 
(3-0-3) STAFF

Honors Courses, In-Course Honors, and Research  
Chemistry majors are encouraged to participate in the honors programs and 
research opportunities that are available in the department. For further 
information see Chemistry 250+ and Chemistry 451:452 in the course descrip­ 
tions above and the section on Honors Courses and In-Course Honors in this 
Catalogue, or consult the Department Chairman.

Computer Science  

DANIEL W. OLDS, Department Chairman  
ANGELA B. SHIPLET, BENJAMIN F. VARN, JR., DAVID M. WHISNANT

The program in Computer Science is offered in recognition of the 
significance of computers in our culture and the importance that knowledge 
of computers will have in the success of our graduates. The program is 
designed to provide flexible opportunities for the interested student to 
augment his or her major program with strength in Computer Science. The 
courses listed below provide basic computer concepts and skills. Helpful 
related courses are offered in such departments as Mathematics, Physics, 
Economics, and Accounting. Opportunities for the construction of individual 
curricula exist in the Interim and the special topics courses. The faculty 
welcomes discussion of student plans.

An undergraduate interested in later work with computers is advised to 
avoid early over-specialization. A major in Mathematics, Physics, Economics, 
or Accounting, depending on the nature of one's interest, can lead to a 
career in which computers are well established. Opportunities for creative 
career development exist in most other disciplines as well.
100. An Introduction to Computers
This course is an introduction to the general field of data processing and to the capabilities of Wofford's time-sharing computer system and micro-computers. Topics covered are the influence of the computer, computer hardware and software, input/output devices, and auxiliary storage devices. "Hands-on" experience is gained by working with software on the time-sharing system and on the micros. Software for word processing, electronic spreadsheets, and database management will be given particular emphasis, as will the graphics capability of the computer. 
(3-0-3) STAFF

210. Programming in BASIC
In this course students are to learn to write computer programs using the BASIC language. Programming topics dealt with are program logic, flowcharting techniques, data entry and retrieval, arrays and tables, matrix manipulation, and the preparation and processing of files. Prerequisite: Computer Science 100, or a programming course, or an A on mathematics placement test.
(3-0-3) STAFF

220. Programming Mathematics and Science Applications in FORTRAN
In this course students are to learn to flowchart, write, and debug computer programs using the FORTRAN language and emphasizing mathematics and science applications. Prerequisite: Computer Science 100, or a programming course, or an A on mathematics placement test.
(3-0-3) STAFF

230. Programming Business Applications in COBOL
In this course students are to learn to plan, write, and debug computer programs using the COBOL language and emphasizing business applications. Prerequisite: Computer Science 100, or a programming course, or an A on mathematics placement test.
(3-0-3) STAFF

240. Programming Computer Science Applications in Pascal
In this course students are to learn to write computer programs using the Pascal language. Topics dealt with include string processing, list processing, searching and sorting recursion, and data types and structures. Students are introduced to problem solving and algorithm development, with emphasis on good programming style and data-structuring techniques. Prerequisite: Computer Science 100, or a programming course, or an A on mathematics placement test.
(3-0-3) STAFF

260. Development of Information Systems
In this course students are to learn the methods and techniques of the analysis, design, and development of computer-based information systems. The course includes work with database management systems using systems software. Prerequisite: Computer Science 100.
(3-0-3) STAFF

280+. Selected Topics in Computer Science
The 280+ courses provide opportunity for group or individual study of selected topics in computer science at an intermediate or advanced level. Students must present proposals for their study projects before the date for preregistration. Projects for one, two, or three semester hours may be proposed and repeated for cumulative credit up to six hours. A formal paper must be included in any three-hour project and for the first cumulative credit beyond three hours for a student with no such paper on file. Prerequisite: Normally, at least three credit hours in computer science, but this may be waived by unanimous consent of the Computer Science faculty; other prerequisites may be set by the instructor of any project.
(0-0-1 to 3) STAFF

350. Data Structures
This course is an introduction to the formal study of data structures such as arrays, stacks, queues, lists, and trees along with algorithm design and analysis of efficiency.

Economics
MATTHEW A. STEPHENSON, Department Chairman
MICHAEL A. DEVINE, FRANK M. MACHOVEC, RICHARD M. WALLACE

Two separate major programs are offered: Economics and Business Economics. For either major, students have a choice of receiving the B.A. degree or the B.S. degree (depending upon how they meet the College's natural science requirements). Students may major in both Economics and Accounting, but they may not major in both Economics and Finance. Students may not major in both Business Economics and Economics, or Finance, or Accounting.

Any student who has twice failed a course listed as an Economics/Business Economics major prerequisite may appeal to be exempted from that prerequisite. The student must request before the end of the add period of the subsequent semester that the faculty of the Department of Economics Accounting review the appeal. The Department faculty’s decision is final.

Major Prerequisites for either Major Program:
Mathematics 130, 140, 181; Computer Science 100.

Economics Major Requirements:
Economics 201, 202, 301, 302; grades of C or better in Economics 201 and 202.
Fifteen additional semester hours of Economics.
Business Economics Major Requirements:

Economics 201, 202, 301, 302; Accounting 211, 212; grades of C or better in Economics 201 and 202.
Two of the following courses: Economics 372, Finance 321, 331.
Two additional courses in Economics (excluding Economics 372).

201. Principles of Microeconomics
An introduction to the economic way of thinking and a study of market processes.
(3-0-3) STAFF

202. Principles of Macroeconomics
An introduction to macroeconomics, a study of the theory of income and employment and of the policies that affect the level of income and employment. Prerequisite: Economics 201.
(3-0-3) STAFF

301. Microeconomic Theory
An intermediate-level course in the economic analysis of market processes. Prerequisites: Economics 201; Mathematics 130, 181; a grade of C or better in Economics 201.
(3-0-3) STEPHENSON

302. Macroeconomic Theory
An intermediate-level course in the economic analysis of the determination of income and employment. Prerequisites: Economics 201, 202; Mathematics 181; grades of C or better in Economics 201 and 202.
(3-0-3) MACHOVEC

311. Economic History of the United States
A historical treatment of the economic development of America from colonial times to the present.
(3-0-3) STEPHENSON

372. Business Law
A study of basic legal principles applying to commercial relationships.
(3-0-3) DEVINE

401. International Economics
A study of the theory of international specialization and exchange, the making of international payments, and the relation of international transactions to national income. Prerequisite: Economics 301.
(3-0-3) MACHOVEC

412. Public Choice
A study of collective economic choice as to government activities and the influence of institutional structure on such choice. Prerequisites: Economics 201, 202.
(3-0-3) WALLACE

422. Money and Banking
A study of the relationship between money and the level of economic activity, commercial and central banking, credit control under the Federal Reserve System, and the theory and objectives of monetary policy. Prerequisites: Economics 201, 202.
(3-0-3) MACHOVEC

432. Managerial Economics
The application of microeconomic theory and quantitative methods to managerial decision-making. Prerequisites: Economics 301, Mathematics 140.
(3-0-3) WALLACE

442. Public Policy Toward Business
A study of government regulation of business and antitrust policy. Prerequisite: Economics 301.
(3-0-3) STEPHENSON

451. Labor Economics
An applied microeconomic study of the market for labor services, with some emphasis on those features which make labor markets unique. Prerequisite: Economics 301.
(3-0-3) WALLACE

461. Comparative Economic Systems
A study of the nature and characteristics of a free market economy in comparison to controlled or managed economies such as socialism, communism, fascism, and mercantilism. Prerequisites: Economics 201, 202.
(3-0-3) MACHOVEC

472. History of Economic Thought
A study of the evolution of economic analysis, including a brief survey of the economic ideas of Aristotle, the scholastics, mercantilists, and physiocrats, and a more detailed study of the economic analysis of the classicists, Marxists, marginalists, and Keynesians. Prerequisite: Economics 301.
(3-0-3) WALLACE

480+. Special Topics in Economics
Topics may vary from year to year.
(3-0-3) STAFF

Education

DAVID H. PRINCE, Department Chairman
CAROLINE B. JOHNSTON, DENO P. TRAKAS

The Education Department does not offer a major.

200. Foundations of Education
A study of the purposes, administrative organization, and operation of the total education program of the school. Observation experience in the public schools. To be taken in the sophomore year. Prerequisite to all other education courses.
(3-0-3) JOHNSTON

300. Adolescent Psychology
A study of the problems facing young people approaching maturity. Normally not open to seniors.
(3-0-3) PRINCE

310. The Teaching of Reading
Theories, methods, and materials for teaching reading on the secondary level. Special attention to diagnosis of reading disabilities and to remedial techniques and programs. Tutorial component for practical experience. Offered in the fall semester of odd-numbered years.
(3-0-3) TRAKAS
332. Educational Measurement
A study of evaluation techniques used in the public schools (3-0-3) PRINCE

332. Educational Psychology
Psychological principles applied to classroom learning. (3-0-3) PRINCE

333. Practicum in Secondary/School Methods
Observation and participation in the instructional program of a public school under the supervision of a classroom teacher and college faculty members. Seminars, assigned readings, and attention to methods used will supplement the school experiences. To be taken in the interim of the junior year. Prerequisites: Education 300 and Education 300. (4 semester hours) STAFF

410. Student Teaching
Full-time observation, participation, and teaching in public schools for one semester under the supervision of public school personnel, the education faculty, and faculty from the student's teaching area. Weekly seminars. Usually taken in the spring semester of the senior year. Prerequisites: Education 200, Education 300, Education 332, and Education 333. (12 semester hours) STAFF

434. Current Problems in Education
Selected educational problems will be identified and discussed, and solutions explored. (3-0-3) STAFF

English Language and Literature

GEORGE B. MARTIN, Department Chairman
DENNIS M. DOOLEY, VIVIAN FISHER, EDMUND HENRY,
JOHN E. LANE, WARREN LEAMON, LINDA POWERS, DENO TRAKAS,
CAROL B. WILSON

Major Prerequisites:
English 200, 201, and 202.

Major Requirements:

Eight advanced courses, including one from each of the following groups:

I. 301, 303, 305, 311, 313, 314, 317, 337.
II. 307, 308, 309, 332, 335, 341.
III. 321, 322, 339.

Majors intending to do graduate work in English are advised to acquire a reading knowledge of French or German or both.

101. College Composition
A practical review of those elements of mechanics, grammar, and style that are most relevant to the writing of effective and attractive expository prose. The course will begin on the level of words and sentences, will move to paragraphs, to letters and reports, and then to short essays. Students will read and analyze the writing of contemporary prose stylists whose work can usefully serve as models. Does not apply toward fulfillment of general or major requirements. (3-0-3) STAFF

102. Seminar in Literature and Composition
An in-depth study of some topic in literature. Reading and discussion will lead to written work and independent investigation. Objectives will be to read critically, think analytically, and communicate effectively. Several short papers and one documented paper will be written. Prerequisite: Humanities 101 or English 101. (3-0-3) STAFF

200. Introduction to Literary Study
Designed to develop beyond the freshman level the student's ability to read literary classics with appreciation and understanding and with a sense of the traditions out of which they grew. There will be intensive exercise in the critical analysis of literary works from a variety of periods and genres. Required reading will include a classical work, a play of Shakespeare, and other works chosen by the instructor. (3-0-3) STAFF

201. English Literature to 1800
A study of works representative of the major writers and periods from the Middle Ages through the eighteenth century, with emphasis on critical understanding of these works and on the influences that produced them. (3-0-3) STAFF

202. English Literature Since 1800
A study of works representative of the major writers and periods from the Romantic movement to the present, with emphasis on critical understanding of these works and on the influences that produced them. (3-0-3) STAFF

301. English Medieval Literature
Readings in Old and Middle English literature, in translated or modernized versions, through the end of the fifteenth century, excluding Chaucer. (3-0-3) HENRY

303. Seventeenth-Century English Literature to the Time of the Restoration
A study of important works of drama, lyric, and criticism from the period. Chief among the authors studied will be Ben Jonson, Webster, Bacon, Donne, George Herbert, Vaughan, and Marvell. (3-0-3) HENRY

305. English Literature of the Restoration and Eighteenth Century, 1660-1800
A study of important works from the literature of this period, selected from satire (poetry and prose), essay, lyric, biography, and the novel. The chief authors studied will be Dryden, Swift, Pope, Fielding, Gray, Johnson, and Boswell. (3-0-3) HENRY

307. The Romantic Period
A consideration of the new creative spirit which shows itself in the poetry of Wordsworth, Coleridge, Shelley, Byron, and Keats, as well as in the minor writers of the age. (3-0-3) FISHER

308. The Victorian Period
A study of representative British literature of the Victorian era, with emphasis on the poetry of Tennyson, Browning, and Arnold. (3-0-3) FISHER
309. The Irish Revival
A study of the major writers of the period, with emphasis on the particular
cultural and historical context in which the Irish Renaissance occurred. The
chief figures to be studied include Synge, Yeats, Joyce, O'Casey, and Behan.
(3-0-3) DOOLEY

311. Chaucer
A study of Chaucer's major poetry, with some attention to the medieval
background and to Chaucerian criticism.
(3-0-3) HENRY

313. Shakespeare (Early Plays)
A study of the principal plays of the first half of Shakespeare's career, including
representative romantic comedies and histories.
(3-0-3) MARTIN

314. Shakespeare (Later Plays)
A study of the principal plays of the latter half of Shakespeare's career,
including the major tragedies and romances.
(3-0-3) MARTIN

317. Milton
A study of most of Milton's poetry and selections from his prose.
(3-0-3) MARTIN

321. American Literature to the Civil War
A survey of American literature, from its beginning to the Civil War.
(3-0-3) DOOLEY

322. American Literature Since the Civil War
A survey of American literature since the Civil War.
(3-0-3) DOOLEY

327. Adolescent Literature
Principles for selection of works of literature appropriate for study at various
levels in secondary schools; methods of teaching such works, including use of
various media; analytical discussion of specific works from major genres.
(3-0-3) TRAKAS

332. Contemporary Drama
A reading and analysis of modern dramas from Ibsen to the present.
(3-0-3) STAFF

337. The Early English Novel
A study of representative British novels of the eighteenth century and
Romantic period.
(3-0-3) HENRY

338. The Later English Novel
A study of major novels of the Victorian and modern periods.
(3-0-3) FISHER

339. The Modern Novel
A critical consideration of selected American, British, and European novels
from Flaubert to the present. The student should gain some insight both into
the development of the modern novel as a genre and into the part the modern
novel has played in the development of the modern mind. Specific selections
will vary from year to year but will include such writers as James, Lawrence,
Joyce, Faulkner, Hemingway, and Beckett.
(3-0-3) STAFF

341. Contemporary Literature
A study of major writers of the twentieth century in America and England.
(3-0-3) STAFF

343, 344. Comparative Literature
Comparative studies of selected works from the great literatures of the world.
The courses are intended to allow the student to gain some sense of the
breadth, nature, and importance of cultural heritage, so far as this can be done
through a study of a few literary works in translation. The 343 course is not
prerequisite to 344.
(3-0-3) each course: STAFF

345. Principles of Literary Criticism
A study of the principles by which one distinguishes the best from the inferior
in literature. Some attention will be given to the opinions of major critics, but
the main part of the course will be practical and inductive, and concerned with
the discussion of selected works.
(3-0-3) STAFF

347. Development of Modern English
A study of the history of the English language, including the place of English
in the Indo-European family of languages, the growth of English as a living
language from the Old English period to the present, and the development of
modern American English.
(3-0-3) MARTIN

348. Modern English Grammar
An introduction to current trends in the study of the English language, with
emphasis on generative-transformational grammar. Some attention will be
given to the teaching of linguistically oriented materials in secondary schools.
(3-0-3) STAFF

349-350. Workshop in the Writing of Fiction and Poetry
A year-long course in creative writing. The primary focus will be on the writing
of short stories and poems. Other forms (drama, essay, and novel) will be
secondary. A student may work predominantly in a single genre if he or she
chooses. Manuscripts will be read and discussed in class, and there will be
individual conferences with the instructor. Does not count toward a major in
English.
(2-0-2) each semester: TRAKAS

351. Introduction to Journalism
A study of newspaper reporting skills, with emphasis on the writing of straight
news stories. Does not count toward a major in English.
(3-0-3) POWERS

353. Public Speaking
An introduction. Students will be expected to prepare, deliver, and criticize
various types of speeches. Does not count toward a major in English.
(3-0-3) POWERS

354. Technical Writing
A practical course in writing and analyzing reports, instructions, letters,
memoranda, and other materials typical of business, industry, and the profes-
sions. Does not count toward a major in English.
(3-0-3) FISHER

481. Special Topics in Literature
A seminar intended mainly for advanced English majors. Topics may vary
from year to year.
(3-0-3) STAFF
Finance

JAMES E. PROCTOR, Coordinator

The major in Finance provides a background for graduate study or for a wide range of careers. It integrates a thorough knowledge of the finance function with an emphasis on quantitative analyses, many of which are performed on the computer.

Students majoring in Finance have a choice of receiving the B.A. degree or the B.S. degree (depending upon how they meet the College’s natural science requirements). Finance majors may not major also in Economics, Business Economics, or Accounting.

Any student who has twice failed a course listed as a Finance major prerequisite may request an exemption from that prerequisite. The request must be made to the Coordinator of the Finance major before the end of the add period of the subsequent semester. The faculty of the Department of Economics and Accounting will rule on the request. Its decision will be final.

Major Prerequisites:

Accounting 211, 212; Computer Science 100; Economics 201, 202; Mathematics 130, 140, 181.

Major Requirements:

Economics 422; Finance 321-322, 411, 440, 450; and one course from Accounting 471, Economics 372, or Finance 331. When offered, Finance 480+ may be substituted for Finance 440 or 450.

321-322. Business Finance I and II

A study of the fundamental concepts in financial management, including present value, stock and bond valuation, financial analysis and forecasting, capital budgeting, and long-term financing alternatives. In the second semester an electronic spreadsheet is used for problem solving. Prerequisite: Accounting 211. (3-0-3) each semester PROCTOR

331. Management

A study of management, including such major topics as performance, worker productivity, social responsibilities, managerial skills, organizational theory, and strategy. Both historical and contemporary examples are used to illustrate important concepts. The course contains a significant writing component that is used to analyze current issues in management. (3-0-3) PROCTOR

411. Investments

A study of investment alternatives such as stocks, bonds, options, and futures, and of the markets which provide for trading in these instruments. Modern portfolio theory will be studied and applied using groups of investment possibilities. Using a computer software package, students will construct several portfolios and track their performance throughout the semester. Prerequisite: Finance 321. (3-0-3) PROCTOR

440. International Finance

A course covering the essentials of international finance, including international portfolio analysis, capital markets, investment instruments, and contemporary geopolitical events affecting foreign investments. Prerequisite: Finance 321. (3-0-3) PROCTOR

450. Capital Budgeting

A study of methods used to discriminate among investments in long-term assets, assuming that limited resources are available. Art

The major in Art History is offered in conjunction with Converse College. Students from either college may take the major. Some courses are offered only at Wofford and some courses only at Converse, while others are available at both schools. In addition to the major requirements listed below, a semester or Interim spent in study abroad is strongly recommended.

Major Requirements:

Art 201, 202 (or 101-102 at Converse), Philosophy 310, Art 250, and five other art history courses.

201,202. Introduction to the History of Western Art

An introductory survey of Western art and its major monuments, artists, techniques, styles, and themes. Art 201 encompasses the art of prehistory, the ancient world, and the Middle Ages; 202 surveys the art from the Renaissance to the present. (3-0-3) each course SCHMUNK

210. Principles and Styles of Architecture

An introduction to the study of architecture through an examination of the principles that underlie architectural design and experience and a survey of the major styles that comprise the history of architecture. (3-0-3) SCHMUNK

240. Oriental Art

A survey of the art of the Orient with particular emphasis on that of China. The course opens with an examination of ancient Chinese bronzes and concludes with contemporary Chinese painting. Indian sculpture and Japanese painting and architecture will be scanned for their contributions to or derivation from the art of China. (3-0-3) ANTONSEN
250. Studio Art
For both beginning and more advanced students, this course provides instruction in a variety of techniques basic to drawing and painting with oil and watercolor.
(0-8-3) WAGNER

301. Ancient and Classical Art
A study of the greatest of the ancient art traditions, that of Greece, against a background of its Egyptian and Near Eastern origins. The course concludes with a brief treatment of the art of the Etruscans and a more extensive examination of Roman painting, sculpture, and architecture.
(3-0-3) ANTONSEN

302. Medieval Art
A study of the major developments in the visual arts during the Middle Ages, including the art of Constantinian Rome and Byzantium, the pre-Christian art of the North and its assimilation into the Christian tradition, the artistic expression of monasticism and pilgrimage, and the Gothic flowering of art in cathedral construction, sculpture, and manuscript illumination.
(3-0-3) SCHMUNK

303. Italian Renaissance Art
A study of the development of art in the first period of modern realism. The status of the three major arts in 1300 will be touched upon to establish the ground upon which the Renaissance grew to its climax with Michelangelo. The great sculptors, painters, and architects of Italy will be examined, for it is here that the Renaissance produced its most beautiful and significant works.
(3-0-3) ANTONSEN

304. Baroque and Rococo Art
A study of the various individual, national, and period styles practiced during the seventeenth and eighteenth centuries, a period encompassing the artistic expression of absolute monarchy, Catholic encouragement vs. Protestant rejection of liturgical art, the foundation of academies of art, and the revelatory works of Bernini, Rubens, Velazquez, and Rembrandt.
(3-0-3) SCHMUNK

305. Nineteenth-Century Art
A study of the principal styles and artists that distinguish the art produced just prior to and throughout the nineteenth century, seen against the background of significant cultural developments: political and industrial revolutions, nationalism, secularism, and the waning influence of the academies vs. the emergent concept of the avant-garde.
(3-0-3) SCHMUNK

310. A History of American Architecture
A study of the art which most closely surrounds us, from Spanish and New England colonial architecture, to the most current manifestations of contemporary architecture.

The South since the Civil War; a continuation of History 307.
(3-0-3) RACINE

309. American Colonial Society to 1763
A study of American colonials as members of the British Empire, as settlers of the new frontier, and as innovators in institutions and ideas.
(3-0-3) RACINE

310. American Military History
A study of Americans at war, with emphasis on the twentieth century.
(3-0-3) RACINE

311. American Social and Intellectual History, 1763-1865
An exploration of American society, thought, and culture from the Revolution through the Civil War.
(3-0-3) SIMPSON

312. American Social and Intellectual History Since 1865
The history of ideas in the United States, emphasizing the relationship between ideas and society. Topics: religion, education, literature, science and technology, immigration, philosophy, theology, and social reform.
(3-0-3) KILLIAN
313. Constitutional History of the United States
Framing of the Constitution of the United States, major constitutional doctrines, and judicial controversies over the meaning of constitutional provisions.
(3-0-3) KILLIAN

314. American Civil War
A study of the Civil War years, 1861-1865.
(3-0-3) RACINE

316. History of Black Americans
A study of the black experience in America from the seventeenth century to the present.
(3-0-3) KILLIAN

317. American Political History, 1763-1920
The ideas, institutions, issues, and individuals of American politics from the Revolution to the Progressive Era.
(3-0-3) SIMPSON

319. Seminar in the History of American Women
Explores the experience of women in their public and private roles throughout American history.
(3-0-3) SIMPSON

320. American Diplomatic History
A history of American foreign policy from national independence to the status of international superpower.
(3-0-3) SIMPSON

324. Twentieth-Century America
History of the United States since 1914.
(3-0-3) KILLIAN

330. The Ancient World
A study of the emergence and development of the early river valley civilizations, the Greek city-states, the Hellenistic Age, and the Roman world.
(3-0-3) BAYARD

340. History of the Middle Ages
A survey of medieval civilization, with emphasis on cultural and institutional developments.
(3-0-3) THOROUGHMAN

350. Renaissance and Reformation
A study of Western Europe from about 1300 to about 1600
(3-0-3) THOROUGHMAN

360. Europe in the Seventeenth and Eighteenth Centuries
A consideration of the social, economic, political, and intellectual development of Europe from 1600 to 1789. Special emphasis on the emergence of the nation-state, the rise of modern science, and the intellectual milieu of the Enlightenment.
(3-0-3) THOROUGHMAN

370. Europe, 1789-1870
A survey of the growth of nationalism and democracy in modern Europe, with consideration also being given to social conditions and intellectual climate.
(3-0-3) BAYARD

380. Europe, 1870-1918
A survey of Europe, with attention to social conditions, the new states, the rise of imperialism, world politics, and the struggle for power.
(3-0-3) BAYARD

381. Europe and the World, 1918-1935
This course and its sequel, History 382, are designed to furnish historical background for better understanding of complex contemporary world problems.
(3-0-3) BAYARD

382. The World Since 1935: New Age of Conflict
A continuation of History 381.
(3-0-3) BAYARD

389. Tropical Africa Since 1870
A survey of tropical Africa from the late nineteenth century to the present, including the impact of European imperialism, the growth of nationalism, the establishment of nation states, and the problems faced by those new states in the contemporary era.
(3-0-3) BAYARD

391. Modern Middle East
A survey of the history of the Middle East, with emphasis on Islamic traditions and culture, the emergence of nationalism, and the achievement of independence and statehood.
(3-0-3) THOROUGHMAN

392. Modern East Asia
A survey of the history of East Asia since the beginning of the nineteenth century.
(3-0-3) THOROUGHMAN

393. Seminar in Latin American History
Selected problems, periods, or issues in Latin American history, including colonialism, nationalism, and modernization.
(3-0-3) SIMPSON

394. Russia Since Peter the Great
A survey of the growth of modern Russia, both geographically and politically. Beginning with the westernization of Russia under Peter the Great, the survey reviews domestic and foreign policies in the eighteenth and nineteenth centuries. The focus of the twentieth century is upon the Communist Revolution and its impact upon the nation, its policies, and its international relations.

450. Independent Study in United States History
Opportunity is offered to the student to develop projects of special interest. After approval of the topic by the instructor, the student is expected to engage in general bibliographical study, to report on reading, and to produce papers as directed by the instructor. Periodic conferences with the instructor. Pre-requisites: junior or senior standing, approval of the department faculty, and permission of instructor. Such programs are to be approved at least six weeks prior to registration day.
(1-0-3) STAFF

460. Independent Study in European History
Same as History 450, except in the European field.
(1-0-3) STAFF
101. Freshman Seminar in Humanities and Composition
A course designed to engage the student, during his or her first semester, in a small-group seminar in humanistic inquiry, with special attention given to value questions and issues. The course includes substantial reading and group discussion, considerable work on English composition skills, and the writing of numerous short essays and other papers. Sections of the course are taught by members of the departments of English language and literature, fine arts, foreign languages, history, philosophy, and religion. Normally required of all freshmen. Students may not repeat Humanities 101.
(3-0-3) STAFF

481+. Special Topics in United States History
Selected problems, periods, or trends for intensive study and extensive reading. Subject matter will vary and each topic will be assigned a specific number when announced. Prerequisite: Permission of instructor.

Humanities
JAMES A. KELLER, Coordinator

The humanities major is intended for students with specific interests which cut across the existing majors offered in humanities disciplines: art, history, English, foreign languages, history, philosophy, and religion. It offers students who have this sort of interest the opportunity to design their major, but it also requires of these students extra initiative to do so. Students considering this major should understand that it is not intended for those who simply have a broad interest in the humanities; such students offer students who have this sort of interest the opportunity to design their major, but it also requires of these students extra initiative to do so. Students considering this major should understand that it is not intended for those who simply have a broad interest in the humanities; such students should major in one of the humanities departments and take electives in the others.

Any student interested in this major should see the Coordinator, who will discuss the suitability of the major for the student's interests and will help in selecting faculty members who might appropriately serve as a committee to direct the student's major.

Major Prerequisites:
A 3.0 cumulative GPA for at least three semesters or recommendation for the major by three faculty members from different humanities departments.

Major Requirements:
Eight 300-level courses from at least three different humanities departments and one three-hour independent study. The independent study should be taken during the senior year (normally in the spring semester) and should integrate work from the various departments; the study would be supervised and evaluated by one faculty member from each of the departments, with one serving as chair and primary supervisor. (A six-hour senior honors project with the same interdepartmental structure may be substituted for the three-hour course.)

100. Algebra-Trigonometry
A review of basic algebra and trigonometry needed for subsequent courses in mathematics or other quantitative disciplines. Not available to students who have earned a grade of C or higher in a calculus course or whose mathematics placement test indicates adequate knowledge of this material.
(3-0-3) STAFF
180. **Finite Mathematics**  
A study of matrices, linear programming, finite probability theory, and applications of these topics to problems in the social, life, and management sciences.  
(3-0-3) STAFF

181. **Calculus 1**  
A study of the theory and applications of the derivative of algebraic, exponential, and logarithmic functions, and an introduction to the theory of the integral. Suitable for students of both the natural and the social sciences. Prerequisite: Satisfactory placement test score or Mathematics 182.  
(3-0-3) STAFF

182. **Calculus 2**  
A study of the theory, techniques, and applications of integration, the development and applications of trigonometric and inverse trigonometric functions, and an introduction to the theory of infinite sequences and series. Prerequisite: Mathematics 181 or equivalent.  
(3-0-3) STAFF

220. **Linear Algebra**  
The theory of finite dimensional vector spaces, linear transformations, and matrices with applications to such problems as systems of linear equations, Markov chains, differential equations, and linear regression. Prerequisite: Mathematics 182.  
(3-0-3) ROBINSON

240. **Differential Equations**  
The theory and applications of first and second order differential equations and systems of equations. Analytical methods and an introduction to numerical techniques. Prerequisite: Mathematics 182.  
(3-0-3) PAULLING

260. **Operations Research**  
A study of some of the applications of mathematics to problems of industry. Topics include linear programming and applications, goal programming, dynamic programming, game theory, and computer implementation of algorithms for solving such problems. Prerequisite: Computer Science 100.  
(3-0-3) BELL

250. **Discrete Mathematical Models**  
An introduction to some of the important models, techniques, and modes of reasoning of non-calculus mathematics. Emphasis on graph theory and combinatorics. Applications to computing, statistics, operations research, and the physical and behavioral sciences. Prerequisite: Mathematics 182 or permission of instructor.  
(3-0-3) SHIPLET

300. **History, Philosophy, and Role of Mathematics**  
A study of the development of mathematics as a major component of culture, the philosophy of mathematics, the axiomatic method, and the role of mathematics as both a tool of science and a creative art. Prerequisite: Mathematics 182.  
(3-0-3) ROBINSON

310. **Multivariable Calculus**  
A study of the geometry of three-dimensional space and the calculus of functions of several variables. Prerequisite: Mathematics 182.  
(3-0-3) PAULLING

330. **Numerical Methods**  
A study of the theory and computer implementation of numerical methods. Topics include error analysis, zeros of polynomials, numerical differentiation and integration, and systems of linear equations. Prerequisites: Mathematics 182 and computer programming ability.  
(3-0-3) HAGGLUND

390. **Geometry**  
A study of the foundations of Euclidean geometry with emphasis on the role of the parallel postulate. An introduction to non-Euclidean (hyperbolic) geometry and its intellectual implications.  
(3-0-3) HAGGLUND

421-422. **Probability and Statistics**  
A study of probability models, random variables, estimation, hypothesis testing, and linear models with applications to problems in the physical and social sciences. Prerequisite: Mathematics 182.  
(3-0-3) each semester PAULLING

431-432. **Abstract Algebra**  
The axiomatic development of abstract algebraic systems, including groups, rings, integral domains, fields, and vector spaces. Prerequisite: Mathematics 220.  
(3-0-3) each semester HAGGLUND

441-442. **Mathematical Analysis**  
A rigorous study of the fundamental concepts of analysis, including limits, continuity, the derivative, the Riemann integral, and sequences and series. Prerequisites: Mathematics 182 and Mathematics 220 or 280.  
(3-0-3) each semester BELL

461+. **Special Topics in Mathematics**  
Advanced topics in undergraduate mathematics offered occasionally to meet special needs. Typical topics include number theory, foundations of mathematics, topology, and complex variables.

**Military Science**

LTC MICHAEL H. BISHOP, Department Chairman  
MAJOR ROBERT BLACK, MAJOR STEPHEN C. SCOTT

Military Science offers a basic program and an advanced program. Satisfactory completion of six semester hours in the basic program may qualify the student for selection for the advanced program. (Satisfactory completion of a six-week basic camp in the summer after the sophomore year, or suitable prior military experience, or three years of JROTC may substitute for a portion of the basic program as means of qualifying for the advanced program.) Successful completion of the bachelor’s degree and the advanced program, including the advanced camp in the summer between the junior and senior years, a military history course, and computer and mathematics literacy courses, qualifies the graduate for either a reserve or a regular commission as a Second Lieutenant in the United States Army.
Advanced program students are required to participate in a weekly military science laboratory. Students in the basic program are encouraged to participate in the department’s adventure training activities, which are held periodically during the year. These activities include canoeing, rappelling, marksmanship, and the ranger platoon.

There is no military obligation associated with any of the basic program courses.

The Military Science Department does not offer a major.

**Basic Program**

111. Introduction to ROTC and the U.S. Army
This course, intended primarily for freshmen, provides a basic orientation to ROTC and the U.S. Army. Course topics include the role and structure of the Army, basic military customs and courtesies, and basic marksmanship. Optional laboratory each week.

112. Introduction to ROTC and the U.S. Army
This course, a continuation of MS 111, further introduces the student to the Army, basic military skills, and mountaineering/rough terrain skills. Topics include recent military operations, introduction to leadership, the Soviet threat, and basic mountaineering techniques. Optional laboratory each week.

211. ROTC Basic Military Skills

Designed for sophomores who have previously taken MS 111 and MS 112, this course introduces the student to the basic military skills utilized by all members of the military forces. Topics include first aid, communications, nuclear, biological, and chemical operations, and leadership techniques and applications. Optional laboratory each week.

212. ROTC Basic Military Skills

Topics in this course include military map reading, army weapons, and fundamentals of physical training. Mandatory laboratory each week.

**Advanced Program**

301. Military Science

Comprehensive instruction in map reading and land navigation, squad and platoon movement techniques, first aid, the Soviet soldier, and communications. One weekend field-exercise and a weekly leadership laboratory.

302. Military Science

Development of skills useful for advanced camp, including analysis of terrain, movement under fire and obstacles, squad defensive employment, adjustment of artillery fire, first aid, and use of various weapons. One weekend field-exercise and a weekly leadership laboratory.

301. Military Science

A study of the officer personnel management system, military command and staff functions, military briefings, the military training management system, military correspondence, the law of war, military ethics and professionalism, and personnel counseling. Students plan and conduct weekly leadership laboratories and a field training exercise for MS 301 students. Mandatory laboratory each week.

**Philosophy**

JAMES A. KELLER, Department Chairman
CHARLES D. KAY, MARK PACKER

Any one of the 200-level courses is appropriate as a first course in philosophy; none presupposes any previous departmental courses. The satisfactory completion of one of these courses is, however, normally prerequisite to enrollment in 300-level courses in the department.

**Major Requirements:**

Twenty-four semester hours of course work in the department, chosen in consultation with the Department Chairman. At least eighteen of the hours must be at the 300-level or above. The course or courses taken for completion of the General Education requirement may not be counted toward a major in philosophy.

201. Introduction to Philosophy
Introduction to the process and methods of philosophical thinking, with discussion and analysis of selected classical and contemporary issues. Offered every semester.

206. Reasoning and Critical Thinking
A course aimed at developing the student’s ability to evaluate arguments and other informative prose and to construct arguments with greater cogency and effectiveness. The course does not employ any of the techniques of formal logic. Offered every semester.

210+. Philosophy and Contemporary Issues
An introduction to philosophy through the philosophical analysis of issues in some area of contemporary concern, such as medical ethics, business ethics, religion and science, and artificial intelligence. The course will include the reading and discussion of recent philosophical writings on the topic and classical writings which help set the background for the more recent writings. Each time the course is offered, a particular topic will be selected; students should consult the class schedule or a member of the department for information about the topic for a particular section. The course may be repeated for credit provided a different topic is taken, but philosophy majors may not use
301. Philosophy of Law
Traditional and contemporary essays in jurisprudence will introduce the student to several basic issues in the philosophy of law, such as the relation between legal norms and moral values, methods of legal reasoning, and the scope and foundations of rights. Seminal concepts of concern to law will be analyzed including "contract," "liberty," and "justice." Assigned readings will be from works by Austin, Hart, Rawls, Dworkin, and Feinberg, among others, in addition to selected Supreme Court decisions. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered every year.
(3-0-3) PACKER

310. Aesthetics
An examination of traditional and contemporary issues in the arts and in art criticism and education, including the possibility of objective standards of aesthetic value, the significance of the emotions for judgments about art, and the relation between aesthetic standards and other normative criteria. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered in 1990-91.
(3-0-3) PACKER

311. Principles of Ethics
A study of the major systems of ethical thought, both ancient and modern, and their development. Emphasis will be on the critical examination and understanding of key texts by such authors as Aristotle, Kant, Mill, and Nietzsche. Offered in 1990-91.
(3-0-3) KAY

321. Formal Logic
An introduction to the techniques of modern formal logic, including Venn diagrams, propositional calculus, and first-order predicate calculus. Offered every semester on an auto-tutorial basis. Interested students should consult with the instructor.
(3-0-3) KELLER

323. Philosophy of Science
An examination of the methods, aims, and limits of scientific inquiry, exploring the logic of scientific evidence, the nature of scientific laws, explanations, and theories, and scientific change. Offered in 1989-90.
(3-0-3) KAY

342. Philosophy of Religion
An examination of the meaning of religious beliefs and of arguments about their truth or falsity. The course will focus on religious beliefs about God and will include some discussions of different ideas of God within the Western tradition. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered in 1989-90.
(3-0-3) KELLER

345. Metaphysics and Epistemology
A systematic survey of issues in the two fields and of their interrelations. The course will consider the fundamental concepts in terms of which we think about the world and the nature of knowledge and of justified belief. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered in 1990-91.
(3-0-3) KELLER

351. Ancient and Medieval Philosophy
A study of several classical texts from Greek, Roman, and early Medieval sources, with emphasis on their historical continuity. Readings will be drawn from the works of selected pre-Socratics, Plato and Aristotle, the post-Aristotelian schools of Greece and Rome, and representative thinkers of the Christian, Jewish, and Islamic traditions from the late Roman Empire through the thirteenth century. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered in 1989-90.
(3-0-3) PACKER

352. Early Modern Philosophy
A historical survey of the rise of modern philosophy in its cultural setting during the seventeenth and eighteenth centuries. Emphasis will be on the study of selected texts, from Descartes to Hume, in relation to the philosophical, religious, and scientific thought of their day. Prerequisite: Any two courses in philosophy or permission of instructor. Offered in 1990-91.
(3-0-3) KAY

353. Nineteenth- and Twentieth-Century Continental Philosophy
A historical survey of seminal writings primarily in the French and German traditions of the nineteenth and twentieth centuries. Works by Kant, Hegel, Kierkegaard, Nietzsche, Heidegger, Sartre, and Merleau-Ponty will be read. Topics to be discussed include the relative significance of reason and passion for constituting the world, the ontological priority of the person, and the value of art for philosophical questioning and interpretation. Prerequisite: At least one previous philosophy course is strongly recommended, or permission of instructor. Offered in 1989-90.
(3-0-3) PACKER

450. Independent Study in Philosophy
This course allows the student to pursue independently, under the guidance of a member of the department, some topic in philosophy which is of special interest to him or her. Normally open only to seniors, it is intended primarily to allow further study of topics introduced in courses in the regular curriculum and secondarily to allow the study of topics not covered in the regular curriculum. Only one independent study may be counted toward satisfying the major requirements, and it may not be counted toward those requirements if a student does a senior honors project.
(0-0-3) STAFF

480+. Contemporary Topics
A study centered around a philosophical topic of current significance with attention given to recent philosophers. Prerequisite: Any 300-level course in philosophy or permission of instructor. Offered every year.
(3-0-3) STAFF
any more than two courses under this heading for their General Education and major requirements; additional courses would receive only general elective credit. Offered every semester.

(3-0-3) STAFF

Physical Education

MARK LINE, Department Chairman
MICHAIL W. AYERS, THOMAS W. BRYANT, PAUL M. HAMILTON, JR., RICHARD A. JOHNSON, A. WADE LANG, CRYSTAL C. SHARPE, NATHAN W. WOODY

The successful completion of courses 101 and 102 is a General Education requirement for graduation.

The Physical Education Department does not offer a major.

101,102. Lifetime Sports and Fitness Activities
Participation in each semester of the sophomore year in lifetime sports and/or fitness activities. The various sports and activities are offered in sections as follows: basic aerobics; advanced aerobics; beginning weightlifting; advanced weightlifting; golf; swimming; lifesaving; softball; racquetball. Students may not repeat sections.

108. Astronomy
A survey course in astronomy which includes observational astronomy, the solar system, structure and evolution of stars and galaxies, and cosmology.

Physics

DANIEL W. WELCH, Department Chairman
J. DANIEL LEJEUNE, C. RANDOLPH MAHFFEY, JR., DANIEL W. OLDS

Major Prerequisites:
Physics 141, 142

Major Requirements:
The physics department offers two major programs to help prepare for a variety of careers. Both majors require Physics 141, 142 as prerequisites. Additional requirements for each major are listed below.

Industry/Education Physics Major:
This program is for those who plan to attend graduate school in a field other than physics and those who plan immediate employment in areas such as industry or government. The course requirements are Physics 253, two semesters of Physics 370+, Physics 261, 331, and 206, plus twelve more hours selected from other physics courses. Related work includes Chemistry 123, 124, Mathematics 181, 182, 310, 240, and Computer Science 100.

Preprofessional Physics Major:
This program is for those who plan to enter graduate school in physics in preparation for a career in the field. The course requirements are Physics 253, two semesters of Physics 370+, Physics 261, 331, 431, and 442, plus twelve more hours selected from other physics courses. Related work includes the second science courses required for the B.S. degree, Mathematics 181, 182, 310, 240, and Computer Science 100.

121,122. General Physics
A study of mechanics, heat, light, sound, electricity, magnetism, and modern physics. Prerequisite: Mathematics 181.
(3-3-4) each course STAFF

141,142. Physics for Science and Engineering
A calculus-based study of mechanics, heat, light, sound, electricity, magnetism, and modern physics suitable for those majoring in areas such as physics or chemistry and for those undertaking pre-engineering programs. Prerequisite: Mathematics 181 or the equivalent.
(3-3-4) each course STAFF

203. Laboratory Applications of Microprocessors
The architecture and instruction set of a specific microprocessor are studied in enough detail to design, assemble, and test external sensing, measuring, and control functions appropriate for general laboratory environments. The lab is tightly coordinated with the lecture. The course concludes with a comparative analysis of several other microprocessors.
(3-3-4) STAFF

206. Electronics
An elementary course in the principles of electronic devices, circuits, and instruments. It is intended for students of science who desire some understanding of the electronic instrumentation they use. Prerequisite: Physics 122 or Physics 142.
(3-3-4) STAFF

253. Modern Physics
A study of the major developments in physics since 1895 with emphasis on the atom, the nucleus, and "elementary particles." Prerequisites: Physics 121, 122 or Physics 141, 142.
(3-0-3) STAFF

261. Mechanics
Classical Newtonian analytical mechanics. Newton's laws are used together with vector analysis to analyze problems in statics and dynamics, with emphasis upon the latter. Problem-solving situations include rectilinear particle dynamics (especially oscillators), general particle dynamics, non-inertial reference frames, central forces, systems of particles, and mechanics of rigid bodies. Prerequisites: Physics 121, 122 or Physics 141, 142, and Mathematics 182.
(3-0-3) STAFF

272. Thermodynamics
Development and application of basic concepts and methods useful in understanding thermal phenomena. The approach is divided into three basic branches: classical thermodynamics, kinetic theory, and statistical mechanics. Prerequisites: Physics 121, 122 or Physics 141, 142, and Mathematics 182.
(3-0-3) STAFF

331. Electricity and Magnetism
The physics and mathematics of the classical description of the electromagnetic field. This includes the experimental and theoretical background for each of Maxwell's equations, in vacuum and in matter. Prerequisites: Physics 261 and Mathematics 182.
(3-0-3) STAFF

340. Contemporary Physics
This course involves the student in reading articles on selected topics in the current physics publications in the library. The structure of the physics literature is introduced together with search methods for accessing that
Prerequisites: Physics 253 and Mathematics 310.

The physics background of the student is developed as the readings taken from physics topics of current interest demonstrate the proper use of several alternative magnetic spectrum including the ray model, the wave model. Prerequisites: Physics 121, 122 or Physics

Prerequisites: Physics 253 and Mathematics 310.

Political Economy and Philosophy

MARK PACKER, DAVID H. TYNER, RICHARD M. WALLACE, Coordinators

The major in Political Economy and Philosophy offers students the opportunity to undertake an interdisciplinary major which is designed to afford an appreciation of the nature of a free society, of its philosophical foundations, and of its political, economic, and legal institutions.

Thirty-three hours are required for the major. Of these, twenty-one hours are devoted to a core requirement for all students in the major: Government 202, 392, and 411; Economics 201 and 412; Philosophy 301; and Political Economy and Philosophy 450.

For the other twelve hours required by the major, students are to complete four courses chosen from among Economics 202, 301, 311, 372, 442, 461; Government 391, 451; and Philosophy 206, 311. Conditions governing the selection of the four courses are that no course or courses used by a student to satisfy General Education requirements or the requirements of another major can count toward the major in Political Economy and Philosophy for that student; that at least two of the four courses must be numbered above 300; and that no more than two of the four may be in the same department.

450. Senior Seminar in Political Economy and Philosophy
A seminar designed to integrate the core major courses and to allow applications of the other major elective courses with an emphasis on critical reasoning and writing skills.

Psychology

JAMES E. SEEPIARS, JR., Department Chairman
JOHN W. PILLEY, DONALD M. SCOTT

Major Requirements:

Psychology 321, 322, 331, 332, 341, 342, Mathematics 140 or Psychology 360, and one senior seminar are the course requirements for the major. Courses from the advanced electives series may be included for determining the student’s grade-point average in the major.

Psychology offers a B.S.-degree major only. Thus the major requires eight hours of laboratory science outside the psychology department (the Science 101, 102, 103 courses do not satisfy that requirement).

Introductory and General Elective Courses

110. Introductory Psychology
A general survey of what psychologists do, the tools they use, and problems of current attention.

(3-0-3) STAFF

201. Current Trends and Perspectives in Psychology
Academic psychology is a relatively young field with growth in many directions. This course provides an opportunity for students to review the current
342. Optics
This course presents and demonstrates the proper use of several alternative models of the electromagnetic spectrum including the ray model, the wave model, and the quantum model. Prerequisites: Physics 121, 122 or Physics 141, 142.
(3-0-3) STAFF

364. Quantum Physics
The mathematical structure and physical meaning of quantum mechanics as a fundamental theory of physics are developed at the intermediate level. Problems are drawn from areas such as the structure of nuclei, atoms, molecules, and crystals. Prerequisites: Physics 253 and Mathematics 310.
(3-0-3) STAFF

370+. Advanced Laboratory
A series of four semesters of experiments and projects covering some of the basic experimental skills that a physics major should have. These include use of standard physics instrumentation, some familiarity with shop tools and procedures, laboratory record-keeping and report-writing, and knowledge of ways in which basic physical quantities are measured. The various semesters may be taken in any order. Prerequisite: Physics 253.
(0-3-1) STAFF

380+. Special Topics in Physics
An intermediate-level opportunity to work on an approved topic of special interest in physics selected by the student. Students planning to take this course should consult with the instructor during the previous semester. From these discussions and other preparations, a written proposal is to be submitted covering the topic selected and indicating the scope and expected nature of the term paper to be written. Prerequisites: Physics 253 and permission of instructor and department chairman.
(0 to 3-0 to 3-1) STAFF

431,442. Theoretical Physics
These courses are designed for students planning to attend graduate school and are to be taken in the senior year at Wofford. Such students should consult with the instructor during the previous semester and thus influence the choice of topics and textbook. Prerequisites: Mathematics 310, 240 and Physics 253, 261, 331.
(3-0-3) STAFF

460+. Research
A semester of active participation in one of the research projects currently conducted by the faculty. The student is expected to maintain a regular weekly schedule of laboratory and library work in connection with this project, keep a notebook in standard format, and write a detailed research report to be retained by the faculty member. Prerequisite: Permission of instructor.

Introductory and General Elective Courses
110. Introductory Psychology
A general survey of what psychologists do, the tools they use, and problems of current attention.
(3-0-3) STAFF

201. Current Trends and Perspectives in Psychology
Academic psychology is a relatively young field with growth in many directions. This course provides an opportunity for students to review the current
research and theoretical basis for much of the significant on-going research in major universities and medical centers. Current areas of emphasis include moral development, sociobiology, behavioral genetics, male/female differences, public education testing programs, brain lateralization, the changing scope of abnormal psychology, and biofeedback. From time to time, new topic areas may be introduced.

(3-0-3) STAFF

205. Human Learning: Experimental and Applied
A survey of the empirical data of human learning, including methodology, historical review, and contemporary views of learning as developed within the viewpoints of behavior and cognitive psychology. The course will also explore the application of human learning skills to problems such as academics, emotions, and adjustment.
(3-0-3) PILLEY

231. Biological Basis for Behavior
Review of "internal causes" of behavior as well as review of effects of drugs on behavior. Understanding the function of the nervous system as means for producing behavior and as mechanism for psychoactive drugs. Of particular interest to persons planning careers in human service fields such as religion, public health, social concerns, and youth activities.
(3-0-3) SCOTT

340. Human Sexuality
This course provides, first, a much-needed dialogue in an area of strong human concern. There is a careful presentation of data on human development and sexual adjustment which provides a framework for behavior directed toward meaning and joy in human relationships. Second, the course provides a careful review of instruction techniques and available materials for those engaged in sex education courses at the junior and senior high school levels.
(3-0-3) SEEGARS

Core Program for the Major

321. Child Development
A study of the total development of the human organism from conception.
(3-0-3) SEEGARS

322. Behavior Pathology
The study of the cause of inappropriate behaviors (including mental illness) and techniques for re-directing them.
(3-0-3) SEEGARS

331. Sensory Psychophysiology
A study of the functions of sensory systems as they relate to behavior.
(3-3-4) SCOTT

332. Neuropsychology
An investigation of the central nervous system structures and their behavioral functions.
(3-3-4) SCOTT

341. Experimental Methods I
A survey of the empirical data of experimental psychology including psychophysics, psychophysical methodology, sensory and perceptual processes.
(3-3-4) PILLEY

Advanced Electives Series

342. Experimental Methods II
A continuation of Psychology 341. A survey of the empirical data of experimental psychology including learning, memory, and higher cognitive processes.
(3-0-3) PILLEY

360. Experimental Design
The application of statistics to the design of experiments in the behavioral sciences.
(3-0-3) SCOTT

451. Human and Animal Learning and Development I
A research-oriented seminar focusing on human and animal growth and development. The student will conduct a major experiment, particularly in the areas of learning, motivation, and perception.
(3-0-3) STAFF

452. Human and Animal Learning and Development II
A research-oriented seminar focusing primarily on personality and behavior problems in humans and learning and development in animals.
(3-0-3) STAFF
II. The Bible

301. Jesus
An analysis of the Gospels with concern for Jesus’ life and teachings and for earliest Christian understandings of him.
(3-0-3) MOUNT

302. Paul
A study of the New Testament evidence in search of an understanding of Paul and his place in Christianity.
(3-0-3) MOUNT

303. The Johannine Literature
A critical study of the Gospel, the Apocalypse, and the Letters traditionally ascribed to “John” in the light of the religious, historical, and literary issues which they raise.
(3-0-3) MOUNT

310. The Formation and Authority of Christian Scripture
A study of the formation of Christian Scripture, especially the New Testament canon, with attention to the development of its authority within the emerging Christian Church of the first three centuries.
(3-0-3) MOUNT

311. The Prophets of Israel
The religion of the Hebrew prophets studied in historical context with concern for its contemporary relevance.
(3-0-3) BULLARD

312. Israel’s Poetry and Wisdom Literature
The religious and philosophical thought of Israel’s Wisdom Movement as found in the books of Proverbs, Ecclesiastes, Job, and portions of the Apocalypse. Also, a study of the forms of Hebrew poetry analyzed with reference to the Psalter as the vehicle of ancient Israel’s devotional life in a community of worship.
(3-0-3) MOUNT

315. Biblical Archaeology
An introduction to the science of archaeology and how it illuminates the religious, cultural, and historical background of the Bible.
(3-0-3) BULLARD

320. Biblical Theology
The major unifying themes of biblical thought and such related issues as the nature of inspiration and the Bible as Word of God.
(3-0-3) BULLARD

III. Theology and Ethics

321. Christian Theology: Practice and Method
A constructive analysis of the persistent human problems which make people theologians and of some responses to these problems which have been developed within the Christian circle of reference. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) BARRETT
332. Christian Theology: Themes and Development
A study of the history of Christian ideas which focuses particularly on those critical periods in time in which they underwent redefinition (e.g., the Constantinian era, the age of the Reformation, and the age of the Enlightenment).
(3-0-3) BARRETT

333. Religious Thought in the Twentieth Century
An examination of the thought of major contributors to contemporary theological discussion. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) BARRETT

334. New Frontiers in Christian Thought
An analysis of new approaches to persistent religious and theological problems. The course begins with a study of Dietrich Bonhoeffer's idea of "religion-less Christianity" and explores such subsequent phenomena as the God-is-dead theology, the Charismatic movement, and liberation thought.
(3-0-3) BARRETT

335. Christian Ethics
A study of Christian ethical perspectives as they have developed through history and as they bear on contemporary issues. Prerequisite: Philosophy 201 or permission of instructor.
(3-0-3) STAFF

IV. Religious Traditions

332. Religion in America
Studies in the role played by the Judaeo-Christian tradition in the formation of American mores, thought, and culture, with due attention to the reciprocal impact of environment on faith. Prerequisite: One course in American history or permission of instructor.
(3-0-3) McGEHEE

335. The Religions of Western Asia
An introduction to the history of religions, beginning with philosophical and anthropological considerations and moving to a phenomenological examination of the four classical monotheistic religions originating in the Middle East: Judaism, Zoroastrianism, Christianity, and Islam.
(3-0-3) BULLARD

356. The Religions of South and East Asia
A cultural analysis (continuing Religion 355) of Hinduism, Hinayana and Mahayana Buddhism, Confucianism, Taoism, Shinto, and the new religions of Japan.
(3-0-3) BULLARD

V. Advanced Studies

452. Independent Research
Extensive investigation of an approved topic culminating in a full-length essay. Credit hours to be determined by the instructor. Normally offered for Religion majors.
(0-0-1 to 3) STAFF

480+. Special Topics in Religion
A seminar in which a selected theme or problem is thoroughly studied. Emphasis on bibliography and methodology in research.
(3-0-3) STAFF

Science
DAVID M. WHISNANT, Coordinator

As the course description below suggests, the Science program and courses are presented primarily for students who are not oriented toward science majors or science-related professions. The successful completion of two of the three courses fulfills the General Education requirement in natural science for the B.A. degree. None of the three counts, however, toward science requirements for the B.S. degree or toward the requirements or related work for any major.

Science 101,102,103. Investigation in Science
Designed to develop in students an appreciation of the procedures of logical inquiry, observation, abstraction, generalization, analysis, and prediction by which scientists organize man's understanding of nature, these courses place emphasis on exemplifying science, rather than on acquiring familiarity with a specific body of content. The instructors involve their students in science studies closely related to the instructors' fields of competence and enthusiasm. Sections of the courses are taught by members of the departments of biology, chemistry, geology, physics, and psychology. The topics of Science 101 deal with physical sciences; 102, life sciences; and 103, a combination.

Wofford College National Alumni Association Board of Directors, 1989

The Wofford College National Alumni Association consists of more than 10,000 persons who attended Wofford for one year or more. The Association is organized to stimulate a permanent and informed interest of all alumni in the work of the College, encourage financial and moral support of the College, perpetuate the friendships formed in the college years, and promote the cause of Christian higher education.

The governing body of the National Alumni Association is the Alumni Board of Directors, which consists of approximately forty alumni appointed to serve staggered four-year terms. The officers and members of the Board of Directors are identified below.

In addition to the elected members of the Board, there are several ex-officio members. They are the Chairman of the Board of Trustees of Wofford College, the President of the College, the officers of the development staff, a representative from the faculty, the President of the Terrier Club (the fund-raising organization for athletics), the Chairman of the Parents' Advisory Council, the Chairman of the Alumni and Development Committee of the Campus Union, and the Director of Career Services and Placement.
