Vendors will deliver furniture to DuPre Hall tomorrow morning, Wednesday, Aug. 17. Trucks will unload furniture at the back curb of the residence hall in the DuPre parking lot. Campus Safety will block off spaces to give the trucks room to maneuver. Trucks will also unload furniture on the front side of DuPre on the horseshoe. The horseshoe has not been opened to our parking yet so please do not attempt to park there. Campus Safety will block off the drive in order for the large trucks to unload the furniture. To: Wofford Faculty & Staff

Wofford's viewbook is a primary communications piece aimed at our prospective students. It is vitally important in marketing the college, so it has to look good.

Our Admission Office contracts with Whipp marketing firm in Spartanburg to create and design the viewbook, along with other marketing pieces for the college. Genesis Press in Greer prints the majority of that office's publications, including the viewbook.

Genesis Press recently received a Pewter Award in Direct Mail for their printing of Wofford's viewbook in the Gold Ink Awards, the industry's most prestigious print competition.

Congratulations to the Admission Office, Whipp and Genesis Press on a job well done!

From: Aften Blackwell, editor, Old Gold & Black

This spring when the OG&B issued a survey asking students what they'd like to see in the newspaper, 81% indicated that they wanted a column written by professors. This could take the form of advice or an introduction (where you're from, your family, what interests you about the subject that you teach, etc.). Each semester we try to have 7 issues of the newspaper, meaning that I need 7 professors to volunteer to write an article at some point during the fall. These are our tentative release dates:

September 13th (freshman edition)
September 27th
October 11th
October 25th
November 8th
November 22nd
December 6th

If you are interested in writing, please email me your name and the issue that you are interested in writing for. For those that agree to write, I'll send you an email reminder about your article 10 days before it's due.

Thanks,

Subject: MESSAGE FROM SCOTT COCHRAN AND JENNIFER DILLENGER: The Center for Professional Excellence - Team Additions

Date: August 22, 2011 at 4:29 PM

To: Wofford Staff WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

The Center for Professional Excellence has gone through a number changes over the summer. We've had people retire, change assignments within Wofford, and decide to move on to other opportunities outside of Wofford. Because of these changes we have a couple of additions to our team that we want to share.

Courtney Shelton is now the Director of the Success Initiative. Previously Courtney was the Assistant Dean of Students for Student Involvement. Her experience in student affairs provided valuable project management and leadership experience that is directly applicable to her new role. In addition to SI, Courtney will be involved with a number of other programs within the Center including the Boston Terrier Consulting Group and Venture, our entrepreneurial group. Courtney holds a degree in religion and biology from Presbyterian College and a Master of Education in Higher Education and Student Affairs from USC.

Matt Hammett will be the Assistant Director of Career Services. Matt is transitioning from his role as Assistant Director of Residence Life. With a Master of Counselor Education from Clemson University, Matt will be able to help students develop and execute a career strategy that aligns with their passions and interests. Matt earned his undergraduate degree in Mass Communications and Theater from Lander University.

Kelly French is joining our team as the Center's Administrative Assistant. She is transitioning from an administrative assistant role in financial aid. Kelly's polished professionalism will be front and center in our new facilities in Phase V. Kelly is currently completing her degree at Wofford College.

And to wrap things up... we want to mention one addition that we announced early in July. Lisa Ware joined the Center July 1st as the Director of Outreach Programs and has already made a positive impact. Lisa holds a Master of English Language and Literature from the University of North Carolina at Wilmington.

Please join us in congratulating our newest team members.

Best regards,

Scott Cochran and Jennifer Dillenger

Subject: Power Outage

To: Wofford Staff WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

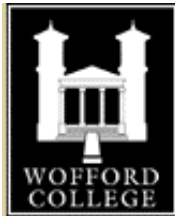

To all Faculty, Staff and Students:

Wofford has experiences a power outage for a number of buildings.

Wofford has three high voltage lines that come from a cabinet behind the library that serve Snyder, DuPre, Main, Shipp, DuPre Admin, Presidents home and the Dean's home. Two of the lines have failed. The lines as far as we know are 50 plus years old. All three will have to be replaced. Our crews along with Blakely Electrical and Square D Electrical will be working until the job is complete. As early as we can today we will be working to locate the parts and wire needed for the repair plus digging a new pathway for the wire. If all goes well we hope to have the power restored by Friday evening.

Progress reports will be forthcoming.
