WHEREAS, the appointment and assignment of pastors in the South Carolina Annual Conference has traditionally been made, except in emergency cases, at the time of the annual Conference session;

WHEREAS, the growth in the size of the number of pastors and churches has increased so that no church in the Conference can house the Conference delegates;

WHEREAS, the size and growth in the number of pastors and churches has increasingly created a log-jam of appointments;

WHEREAS, there is an expressed desire from the cabinet and the pastors that there be more consultation with pastors and churches before appointments are made;

THEREFORE, be it resolved that: we as delegates to the 186th session of the South Carolina Conference of the United Methodist Church, 1785, go on record as respectfully requesting the Bishop and the Cabinet to consider and work toward making appointments of pastors to charges in the interim between Conference sessions.

RESOLUTIONS AND APPEALS—F. T. Cunningham presented resolutions on Wofford College. The Orville Methodist Church resolution was not read since its essence was included in the following resolution:

WHEREAS, Wofford College was established as a Christian institution of higher education and dedicated to the ideals and propagation of the Christian Gospel; and

WHEREAS, Wofford College is owned by the South Carolina Annual Conference 1785 of the United Methodist Church and therefore a solemn obligation rests upon both the Conference and the college to maintain a unique Christian witness and stance at Wofford; and

WHEREAS, it is now apparent that Wofford no longer maintains a uniquely Christian position and witness, neither to the world at large, nor in the sight of large numbers of concerned United Methodists; and

WHEREAS, this is evidenced most recently by action of the trustees in reversing the college's historic ban on alcoholic beverages, which action contravenes both the Discipline of the United Methodist Church, the heritage of the Church, and is a denial of what should be the Church's present and actvie involvement in the great social and moral issues of the day; and

WHEREAS, the present policy concerning alcoholic beverages is a reflection of basic attitudes of many of the administration, faculty, students and trustees, which indicate failure on the part of the church and college alike to discover and receive in living experience the abundant life promised in Jesus Christ which makes unnecessary participation in such evils as consumption of alcoholic beverages; and

WHEREAS, this state of affairs is not the result of one administration or simply the present student body, but is rather a result of years of decaying spirituality, denial and neglect of the authority of the Holy Scriptures, and retreat from many of the fundamental verities of the Christian faith;

THEREFORE, BE IT RESOLVED:

1. That the South Carolina Annual Conference confess its failures in this regard, repent for having neglected the spiritual welfare of the college, and pray for our own genuine spiritual renewal and for a genuine spiritual renewal among students, faculty and administration; and
2. That the Board of Trustees of Wofford College rescind the action which they took last fall in allowing alcoholic beverages in dormitories and fraternity houses and that the administration seek to develop an atmosphere in which alcoholic beverages are no longer deemed necessary and take seriously the responsibility of seeing that students who do drink alcoholic beverages shall be disciplined; and
3. That the faculty and administration take steps to lead themselves and the students of the college into a commitment to the Articles of Religion and the General Rules of the United Methodist Church as listed in the Book of Discipline; and
4. That in the future only those administrators and teachers be employed who are committed to Christian ethics and to the basic tenets of the Christian faith. While it is to be understood that not all such persons shall be Methodists, it shall be expected that they shall be in sympathy with the Articles of Religion and the General Rules in the Book of Discipline; and
5. That a study committee be elected from the floor of Annual Conference, composed of six ministers and six laymen, none of whom shall be presently trustees of the college, to study the direction in which the college is moving and recommend further steps which might be taken to make the college uniquely Christian. This committee shall report to the next session of Annual Conference.

MINUTES — COMMITTEE OF THE WHOLE
S. C. Annual Conference (1785)
June 9-10, 1971

The Committee of the Whole authorized by the S. C. Annual Conference (1785) to consider the question of merger following the defeat of the proposed Plan of Merger convened at the evening session on June 9, 1971. Bishop Hardin was elected chairman and Ralph Cannon was elected as secretary.

Various members of the committee cited their particular objections to the Plan of Merger which had been defeated earlier in the day, and also expressed their general feelings and convictions concerning the whole question of conference merger.

The secretary was asked to compile the objections and other observations and to present a summary at the next committee session. The committee then adjourned for the evening.

The Committee of the Whole reconvened on June 10 at the afternoon session of the Annual Conference. Walker Breland was elected chairman and Allan Broome was elected secretary. At Mr. Broome's request Ralph Cannon continued to serve as acting secretary.

Rhett Jackson introduced Dr. Matthew McCollom, co-chairman of the Joint Committee on Merger from the '66 Conference, who spoke concerning the feelings of the '66 Conference regarding the Plan of Merger.

Lewis Jamison moved that as a procedure, the committee take the complaints voiced in last night's committee session and consider them one by one, in order. DeArmand Canaday moved to amend the motion so that the items might be considered in the order listed by last night's secretary, who had arranged them in categories. This amendment and the original motion passed, and Mr. Cannon presented the following summary.

The objections expressed by various spokesmen fell into several categories:

I. **Insufficient information and understanding:**
   - A. Need to hear some of the "agony" felt by members of the '66 Conference.
   - B. More clear-cut, unimpeachable information about the cost of merger; how much from Temporary General Aid Fund.
   - C. How appointments will be made.
   - D. How our proposed Plan differed from plans already adopted in other areas.
   - E. What would be the effect of merger on ministers of the '66 Conference who also hold secular employment ("moonlighting")?

II. **Problems of legal interpretation:**
   - A. Need for a ruling on the constitutionality of designating chairmanships according to the former conference an individual belonged to.
   - B. Clarification by the bishop concerning **just how** we are now in violation of the Constitution of the United Methodist Church.

III. **Objections to the substance of the Plan and suggested alterations:**
   - A. Proportional representation ("guarantees") is "racist in nature."
   - B. Plan contains too many "favorable leanings" toward the '66 Conference.
   - C. On other hand, many blacks feel there are not enough safeguards for them, particularly after the first twelve years.
   - D. Objection to the fact that many aspects of the Plan apply for a special twelve-year period.
   - E. The Plan should contain the actual Standing Rules of the new conference; "incomprehensible that the new conference cannot change its Standing Rules for twelve years."
   - F. Changes related to matter of districts and their superintendents:
     1. Two rather than three black superintendents (and cut whites also).
     2. Gradual scale—one black district superintendent first quadrennium, two the second, three the third.
     3. Merger in two steps—conference boards, etc.; first, while districts remain unmerged for an initial period of years.

IV. **General objections:**

A. Cannot afford it at this time.

B. Many object to merger itself, not just the Plan of Merger.

Following the secretary's summation, the committee proceeded to seek answers or clarifications related to the various objections.

It was noted that "objection I A" had been spoken to by Dr. McCollom and other representatives of the '66 Conference.

The "cost of merger" (I B) was then discussed. Harry Kent presented his personal estimates:

Insurance—added cost of $26,000, with no outside help.

Minimum Salary—added cost of $90,000.

Pensions—added cost of $234,000.

Adlai C. Holler and several other persons pointed out the estimated savings that would result from decreasing the number of districts. They believed that $126,000 could be saved during the first year of merger, and $46,000 each year thereafter. (The figure for the first year includes $90,000 to be realized from sale of district parsonages.)

Harris Parker observed that the "cost of merger" to each member in the two conferences would be 93¢. This was disputed by another delegate.

On the question of how appointments will be made (I C), Bishop Hardin answered that they would be made as they are now, in accordance with the Discipline. The pertinent Disciplinary paragraphs were read. Bishop Hardin further stated that every bishop wants to make effective and acceptable appointments.

Answering the question as to how our proposed Plan differed from plans in other conferences (I D), Rhett Jackson observed that our Plan was similar in most respects. Wallace Fridy, who had made a comprehensive study of the various plans, stated that ours was the most detailed, complete and far-reaching of all the plans he studied.

George Dufiie, Sr., asked whether other plans had "guarantees." Rhett Jackson indicated that some plans had forms of guarantees, and also cited the Methodist-E.U.B. merger as a precedent.

On the subject of "moonlighting" ministers (I E), Bishop Hardin stated that merger would not bring anything new to this situation. Nobody can draw minimum salary who isn't full-time.

Are designated chairmanships constitutional? (II A) Bishop Hardin stated that he knows of nothing in the Constitution that forbids such "gentlemen's agreements" as this.

Thereon Few asked if there was anything in the proposed Plan that was unconstitutional, and Bishop Hardin said he knew of nothing.

As the allotted time for the committee session drew near, Donald O'Dell moved that the committee's report to the parent body include a copy of the original Plan of Merger, with a recommendation that the conference consider and vote on the Plan section by section. The motion passed.

DeArmand Canaday moved that we ask the conference to extend the time of the committee in order to hear the representatives of the '66 Conference on the question of "guarantees." The motion passed.

At 4:00 p.m., as stated in the motion authorizing the committee session, the Committee of the Whole adjourned.

Respectfully submitted,

RALPH A. CANNON, Secretary

SECTION VI

Board Of CHRISTIAN SOCIAL CONCERNS

A. SUMMARY:

From Roaring Tiger to Purring Kitten! ! !

As I sit and reflect upon the work of our board during the year and compare this with past years, I do not see any actions or statements that would put our church into any tension. As this is a far different condition from that which resulted from board actions a few years ago, I can only ponder why. Has your board become timid? Has the church moved farther to the left? Does the average church member now accept the role of the church in the world of social action? Have we accommodated our prophetic voice to the least Christian among us? Is the composition of the membership of your Board of Christian Social Concerns more conservative than it was a few years ago? Has the new church structure boxed us in? I do not know, but we shall spend some time and study on this during the coming year.

In board sessions we have pondered the problems of church property, private schools, the draft, ecology, drugs, alcohol, armament, military mind-sets, race, population, abortions, social legislation, political duplicity, world peace, hunger, and poverty. With such a tremendous accumulation of problems we can only be ashamed of what follows in this report.

During the year, we did:

1. Distribute a statement on the unitary school situation. It read as follows:

We, the Boards of Christian Social Concerns of the South Carolina Conferences (1785 and 1866) of the United Methdoist Church, meeting in joint session this 18th day of September 1970 at Myrtle Beach First United Methodist Church, declare our feeling of gratitude for the following evidences of the reality of the Kingdom of God as manifested in the apparent orderly transition to a unitary system of public schools in South Carolina.

We are grateful for the strong positive leadership of persons representing the body politic, business and industrial interests, and special task forces formed to achieve this goal.

We are further grateful for the evidence of youth's ability to respond so positively to the challenge to produce a society based on giving full worth to every person. We applaud the courage of parents who place their children in the trust of the public school system.

We rejoice in the willingness of the members of our state's delegation to the 92nd Congress to join in re-setting the nation's priorities as evidenced in the override of the veto of their educational appropriations bill and we encourage them to continue to engage in a serious total re-evaluation of our value systems.

We affirm the frustrations of those in areas of our state where order is still a goal and pledge our support to persons of integrity desiring the peace we and others seek.

Realizing that the Kingdom is evercoming, as well as present, we wish to challenge the people of South Carolina to adopt a criteria for evaluating the quality of our education system based on human worth rather than economic potential.

We also challenge persons who administer systems of transportation to deal more creatively with the problem of exposing children to the cruelty of excessively long school days and the harshness of winter's cold and damp morning hours.

We challenge state and local school boards to design personnel policies that protect the integrity of educators and supportive employees in the system of our state.

We challenge the electorate of the State of South Carolina to seriously consider the conflict of interests of persons serving as school board or ad-

visory committee members who contribute their selves, means and children to private schools ostensibly formed to avoid dissolution of a non-unitary system.

2. We did support several efforts to get a drug crisis center opened in Columbia.

3. We did develop an effective model of study in the field of Christian Social Concerns for the Christian Workers' Schools.

4. We did distribute a study package on the merger plan to pastors, retired ministers, and work area chairman.

5. We did have people from our board attend the jurisdictional study on Christian Social Concerns.

6. We sponsored several participants in the Southeastern School for Alcohol Study.

7. We did issue a resolution on racism in political campaigns and distributed it to the constitutional candidates. It read as follows:

We, the Boards of Christian Social Concerns of the South Carolina Conferences (1785 and 1866) of the United Methodist Church meeting in joint session this 18th day of September, 1970 at Myrtle Beach United Methodist Church, declare our feeling of gratitude for those persons who offer themselves as candidates for the constitutional offices of the State of South Carolina.

We are grateful for the statements of political platforms which have as their intent the serving of all the citizens of our State.

We call on all candidates to refrain from statements which can be interpreted as racism. Especially do we call on all candidates to reflect in manner and speech the intent to serve all persons—regardless of race.

8. We did encourage a conference study on stewardship, suggested title being, "What Determines Your Way of Life?"

9. We did continue to support the ministry to migrants in S. C. areas.

10. We did recommend to the S. C. Legislature that they continue to study the problem of constitutional revision.

11. We did continue to add support to the current Literacy Campaign.

12. We advised all ministers in the conference of the services provided by the Christian Action Council to locate all of the community service agencies.

As those of us on the board seek to review the year, we find a new resolve to be more effective in the year to come. As the Program Council concept has really begun to become effective in the work of our conference, we can become optimistic about the future work of our board as it ties into the whole accumulation of conference efforts. In closing this summary I would be remiss if I did not express appreciation to the tireless work of Dr. Wallace Fridy and the staff of the Program Council. These people make a fine and continuing contribution to South Carolina Methodism.

INFORMATION

1. "In the spirit of Christian Brotherhood we enthusiastically support the proposed Plan of Merger of the 1785 and 1866 Conferences."

2. "Resolve that the Board of Christian Social Concerns call to the attention of every local congregation, the men serving in Viet Nam, those in the prisoner of war camps and those in their homes. Specifics will be prepared by this board to be mailed out to the churches prior to Veterans day (November 11)."

3. "We request that the "Summerville Plan", prepared by The Reverend C. D. Williams, be mailed to all ministers. This plan outlines details for a community-wide observance of United Nations Week."

4. "The Board of Christian Social Concerns requests that George S. Duffie, Jr., campus minister at University of South Carolina, be requested to bring study papers and proposals on the issue of problem pregnancies and specifically, on the abortion issue, for consideration at the next meeting of the Board of Christian Social Concerns."

RECOMMENDATIONS

1. "In light of our belief as Christians that we do not favor in any form the use and sale of alcoholic beverages, we therefore go on record as requesting the Annual Conference to state its opposition to the proposed legislation in the South Carolina General Assembly regarding liquor by the drink.

We petition the General Assembly to implement a more intensive program of rehabilitation of alcoholics and drug addicts in this state making these resources more readily available."

2. "We commend the task group working through the Columbia Urban Service Center which is planning to establish a walk-in crisis center which treats persons involved in drug use and abuse, and we commend also those legislative committees in the state who are spearheading this concept of treatment."

3. "We appreciate the difficulties involved in the present transition taking place in our public schools. Our teachers and school administrators bear the chief responsibilities for leadership during this difficult period.

We feel that a realistic teacher pay raise must be considerably in excess of $250.00. We also call for continued public support for our school system."

Report of the Commission

CLERGY DISSATISFACTION

Background

The recent turbulence within Christendom has, as we might have foreseen, profoundly affected priests and ministers. The so-called exodus of the clergy from the church visible has been the subject of articles, in religious and secular papers, of studies by denominations, of the general talk. It should have been no surprise, therefore, that the South Carolina Conference of the United Methodist Church would itself have manifested the turbulence. Discussions, vigorous and sometimes, to our discomfort, bitter, have left no aspect of the minister's life unexamined. Discussions became official, so to speak, at the 1970 session of the Annual Conference when theretofore routine proceedings relating to ministerial qualifications, leaves, and Conference relationships and appointments became the focus for expressing feelings and debating issues. Clearly there was discontentment among our brethren. Not all were vocal, nor did all have specific grievances, but it was **noteworthy that the dissatisfaction of a few apparently received the sympathy of the many.**

The ministers of the Conference responded favorably to a motion to establish for one year a Commission on Clergy Dissatisfaction, whose purpose would be to ascertain and to adjudge the causes of our unrest. The Commission, composed of a representative elected by his ministerial colleagues from each district of the Conference, was convened with the help of the Board of Ministry.

In addition to their own written resources, the Commission read a report titled **Clergy Disaffection,** prepared by the Earl Blue Management Consultants in San Francisco. This report was gathered by this secular agency as a guide for the ministers in their exodus into what was obviously to them the promised land of secular, non-church related vocations. An entire session was given over to hearing the conclusions of Dr. Iverson Graham of the Conference Pastoral Counseling Service as they were related to our task. Letters were sent to the last known addresses of several who had left the parish ministry

requesting their statements pertaining to their participation in the exodus. Each district representative made himself available to ministers of the Conference in his district for consideration and sharing of all items pertaining to clergy dissatisfaction.

Ninety ministers over the Conference came to their respective district meetings. Twenty-one responded by mail. Two wives of ministers shared their concerns. We were impressed that they included those from all age groups, all types of appointments, all levels of Conference achievement, all theological orientations. Of special interest to the Committee was the fact that no ministers who had left the parish for another occupation nor any who had left to serve in other locuses of our church's ministry responded to our invitation to offer their opinions and insights. In this instance our memories of their grievances previously expressed had to suffice. The Commission met periodically together to share interpretations and conclusions (once, incidentally, at our own expense, as the Conference fund apportioned to us had run out). What follows is a summary of our findings and recommendations.

Dissatisfaction, Not Collapse

We were not professionals so far as analyzing the data on hand was concerned and, with the exception of our session with Dr. Graham, sought no such professional advice. It is interesting, nevertheless, that his conclusions were often similar to our own. Moreover, questions abounded, such as, for example, How representative are those who came of those who did not come? And why did others not come? What significance can be given to the absence of contact with us of those who had apparently left the parish for other vocations or other ministries? Are there patterns and similarities among the disburbed? What criteria could we assume for judging whether the causes of grievances are objective or subjective, the fault of the man who is a minister or of conditions outside such a man—his family, his relation to the structures of his church, and the values of his culture? How could we dare evaluate a brother's dissatisfactions at all?

In all the turbulence we mentioned at the outset, if there is any one overall finding, it would be the legitimacy of applying to the United Methodist ministry in the South Carolina Conference the conclusion of a recent study of the Roman Catholic priesthood sponsored by American Catholic bishops: "We have discovered no evidence that the . . . priesthood is in a state of collapse or even near collapse." Moreover, for all the proclamations in today's market places concerning the death of the deity, unbelief regarding the central doctrines of the Faith, and indifference to religious questions as such, the faith of our brotherhood continues strong. Not, to be sure, in meaningless repetition of tradition. But disavowal of the faith once delivered is not primarily at stake either, even among the children of the so-called exodus. Unrest among our ministers appears in questions of faith, if it appears there at all, in the conflicts that emerge in attempts to interpret the faith for the edification of contemporary man.

On the other hand, as the Catholic study also observed in relation to the Catholic priesthood, there are very serious problems needing serious consideration.

The Problems of the Inner Man

We confess that our remarks here are hesitant, tentative, and probing involving the searching of our own hearts most deeply of all. Very few, if any of those who shared their dissatisfactions suggested that the causes might sometimes lie within themselves. But in trying to hear them honestly, we felt at times it was to the point to wonder, Are there unexplored psychological motivations that make a person dissatisfied when conditions seem not to warrant it. The Catholic study suggested that unresolved problems toward authority operate at times in the priesthood. A similar question in our opinion might in connection with Methodist authority figures: Is our discontent solely to be blamed on our relations with authority itself or with those persons who are in authority? Might not the first signal a different problem than that posed by the second?

May not our conflicts be due in part at times to our inability to recognize and to accept the voluntarism of the layman's attachment to the church and that neither his attendance nor his support can be forced? What does it say about our self-understanding that we had rather command those we serve than persuade them? Also relevant to this query is the renewed awareness of Christians in these days of responsibility, freedom, maturity, growth, so lucidly suggested by Harvey Cox. Yet those of us who share fantasies of the "secular city" often appear unwilling on occasion to encourage those qualities in our laymen, daring to let them fail or even, as it were, "to sin boldly" in the process.

And why, it may further be wondered, are we so distrustful, so fearful of honesty toward those we say we are committed to serve in ministry?

The problem of self-acceptance was raised as a general problem of ministers by Dr. Graham, who, it need hardly be said, referred to no specific persons or consultations. Are problems causing clergy malcontentment related to how the man feels about himself, for which no one in authority can be ultimately held accountable? The point is underlined by Professor James Dittes in **Minister on the Spot.** Several of our number complained of administrative tasks demanding more time than the "real" work of clergy and church. One man with half a ministerial career behind him wondered about the worth of most of it, the reason he gave for his wondering being whether he had given time to the "right" things. Now no one would question the legitimacy of a concern over stewardship of time. Each of us promised in our founder's words not to be "trifilingly employed." Yet, Dr. Dittes urges, at times some of us may chastise ourselves for administrative work that is both necessary and worthy **because we have not experienced self-worth.** We would denigrate **anything with which we are involved because we feel unworthy.**

One last word in our consideration of the inner man may be handled by reference to a dialogue within our group when the matter was being discussed. One of us remembered the words of St. Paul about having learned to be "content" whatever state he was in (Phil. 4:11), and suggested that often we have failed to accept the full measure of Christian hardship and suffering, to receive the truth that the ministry is hard. Another replied in contradiction that it was Unnecessary hardships forming the substance of our dissatisfaction: that commitment in ministry does not mean acceptance of injustice, either toward oneself or toward others.

The rest of us agreed that each had a point. Some of us indeed are dissatisfied because of inner conflicts and values, because of our lack of self-understanding, and because of unresolved dilemmas relating to our inability to love both others and ourselves. That outward conditions are crucial cannot, however, be ignored and are crucial.

The Problem of Outward Conditions

The Commission was in total agreement that neither laymen nor, especially, the Bishop and his cabinet are always accountable for the burdens borne by the brethren. And nothing written here should imply that we are insensitive to the burdens of the "hierarchy," which we commonly understand to mean "bishop and cabinet" and, sometimes, the rather vague impression that they are agents of something more—the "church," the "General Conference," etc.—working to constrict ministerial freedom and personhood. Three former District Superintendents on the Commission were invaluable to us in interpreting matters as seen from the perspective of the "hierarchy."

All that to the contrary, our own discoveries as regards our inquiry into dissatisfaction among the clergy are well summarized in the phrase from the Earl Blue document: "Job dissatisfaction." Methodist procedures necessitate special considerations, and the quotation here focuses upon the "exodus." It is well-taken, nonetheless: "It has been our experience that job satisfaction is often diffuse enough to keep him (a minister) in, and that job satisfaction can be enough to out-weigh all the factors prompting him to leave." (Printed in the report in italics.)

Which leads to our own bold summary: **The United Methodist itinerant system as now administered by the bishop and cabinet in our Conference needs**

careful consideration so that those who have bound themselves to the itinerancy may be treated with more dignity as persons, with recognition of their maturity, with appreciation of their abilities and training, and perhaps above all else, with rigorous honesty as between equals.

The problems suggested here are not, we feel, due to anyone's evil intent. Nor do we wish to ignore the agonies of effecting change in the church which no one in any hierarchy can help us escape; we are all, to a degree and in a certain sense, victims of contemporary history. Nor do we deny that often, perhaps on the whole, the itinerant system has worked well, released prophetic and priestly talents and energies, and edified the people of God. At stake here are **avoidable** mistakes, errors, and, we dare-say, wrong-doing, which may never vanish, but which may surely be reduced.

It is risky business to try by summarizing statements to do justice to the uniqueness of each one who divulged the depth of his concern and hurt. We shall, however, try.

CONFUSION ON CRITERIA FOR APPOINTMENTS. The collapse in our time of acceptance by young and old of aribtrary authority may be an interesting speculation as to the cause of such confusion. That makes no significant difference here. Let it simply be said that if Methodism's clergy ever easily went "where sent" out of a belief in the inherent authority of the office of bishop and superintendent, it no longer is the case and may hardly be expected to become so ever again. And if conflicts with such authority may be traced in some instances to problems lying "within," they are contrariwise often rooted in a minister's newly emerging sense of idenity, self-worth, and dignity. Ministers may even wonder about whether a new cabinet member or a new bishop is himself victim of the temptations of power, or a kind of neurotic urge to dominate! But theirs, they are coming more and more to insist, is to reason why. And when they reason, they are confused. Few of us are ready in this era of our Lord's reign to sit lightly or humbly(!) as twelve men in executive session ponder and debate the destinies of our precious lives and ministries.

Interestingly enough in this connection, some brethren of liberal persuasion thought their liberalism would adversely affect their appointments. Some of **conservative persuasion thought their conservatism would adversely affect theirs.** We should probably never, all of us, agree on the right criteria. The point here is the elusiveness of anything articulate with which to agree or disagree. Obviously, one man's opinion that appointments are made with the aim of "plugging all the holes" instead of on the basis of a pastor's "talents, interest, strength, weaknesses" was to most of us unfair. But the opinion does serve to remind us that the confusion in criteria may encourage such unfair notions. Granted the validity of "talents, interest, etc.," in appointment making, **what** talent, what strength, etc.?

Confusion is shown in INCONSISTENCIES, AT LEAST AS OFFICIALLY EXPLAINED, OF REASONS FOR APPOINTMENTS. Here are some we remember; many more could be listed.

A district superintendent promises a salary if a new appointment is taken. A man arrives and is told the salary, which is not what he was promised. The discrepancy has been reported in one case to have run to eight hundred dollars.

A minister is told a salary raise is too much for him. Another of apparently equal experience and ability gets a salary raise higher than the one mentioned with the former!

A minister is "demoted" because of age. In another case, it makes no difference.

A minister is told by his laymen they wish his reappointment. He finds out that his D. S. knows better! From another minister, or D. S.! A minister is moved and "demoted" because he creates dissension in his church, another is "promoted" despite dissension he caused.

A minister feels he is not told the **real** reason for his removal, so far as the Cabinet is involved.

INCONSISTENCES IN CONSULTATION. We do not intend to overlap another committee's report. Their task was to study procedures; we are noting dissatisfaction with what procedures now exist. Time after time differences among districts as to the nature and manner of consultation procedure were noted. Men were distraught that no clear answers could be had for such questions as, Does consultation mean just "discussion"? Does it mean selectivity of churches by a minister and **vice versa**? If so, with whom does the final authority lie? How would a Cabinet operate in such a system? Some have more time for consultation given over to them than others, even within the same district. As a general conclusion, **we believe that consultation cannot be clarified until the question of criteria is resolved.**

DISTRUST AMONG MINISTERS. If any word was heard around our tables of sharing and brotherly concern, it was "distrust." So definitely was this the case that we considered giving it even more priority in this report. That the bishop and district superintendents carry a huge burden of distrust cannot be gainsaid. Fair or unfair, true or untrue, we cannot avoid stating the prevalence of this feeling among perhaps, the majority of those who were the subjects of our study. Of no less interest to us, however, was the lack of brotherhood among all of us. Dr. Graham stressed this. We gained little insight on the causes of our distrust, though our remarks about consistency in appointments and criteria for same would help, so far as the "hierarchy" is involved. Some wondered, furthermore, if the itinerancy fostered competitiveness.

Be that as it may, several expressed regret that they could not be honest with their colleagues as to what they genuinely believed. Worry was expressed over rumors and falsehoods deliberately (?) circulated by us about one another. In crisis, it was agreed, we are helpful; otherwise, our relationships are too often superficial and untrustworthy.

PROBLEMS WITH LAYMEN. None of us was unmindful of the deep friendships we often have with those we are committed to serve. Issues were brought forward, nevertheless, involving the failure of laymen to let ministers be themselves and express their profound convictions even in opposition to their congregations without penalty. Also, the tendency of parsonage committees whose former responsibility now belongs to the Committee on Pastor-Parish Relations to go beyond the bounds of propriety was mentioned. Some committees wish to require more than the responsible use of the parsonage by the minister and family, to the extent, for example, of dictating exactly **how** that responsible use, such as placing of furniture, should be exercised. Some committees "snoop" to see how the parsonage is kept!

As might be expected, polorization of ministers and laymen over social issues was mentioned. Dr. Graham underlined this as a reflection of his counseling. The problem of adequate salaries remains, though some division of thinking was expressed in our group as to the contribution of economic pressures to ministerial dissatisfaction.

RECOMMENDATIONS

We could say more if there were time and room. Some dissatisfactions must go untouched. Our main intention in this report is to stimulate thought and action beyond this beginning and to become together more sensitive to those factors making for more disturbance among our brothers than in more recent periods of church history. We recommend the following for discussion by appropriate personnel:

That the Bishop and Cabinet make efforts to show and to interpret how appointments are made; that this be done in a systematic fashion.

That a unified method of consultation be articulated carefully and adhered to.

That the Board of Ministry request compliance with the **Discipline** by the Bishop and the Cabinet by appointing Counseling Elders according to procedures stipulated in the **Discipline.**

That the possibility of continual appointment making be explored, instead of the usual restriction to appointments in June, as is now customary.

That Pastor-Parish Relations Committees comply with the Discipline by assuming the previous functions of Parsonage Committees as formerly required by the **Discipline,** especially with concern for the respect of the dignity and privacy of the minister's home and family.

We are aware, not only that the needs and hurts of the most committed and faithful servants of our church are subsumed in our report, but that some are servants with our freshest, youngest, and most creative minds. Methodism needs their full attention and serenity as we move over the rough seas of these days. Ours is a heritage of glory. Our report is offered in the hope that we may go from "one glory to another."

Report of the Committee on
CONSULTATION

The itinerant ministry, by Episcopal appointment, has contributed significantly to the uniqueness and strength of historic Methodism. At this juncture in our history, we in the South Carolina conference feel that there is a need both for reaffirming our faith in this method of ministerial assignment and for a clearer understanding of the appointive process as it involves consultation.

Such a reaffirmation and understanding will strengthen the appointive system, and should lead to a deeper commitment to the mission of the church in our time.

Acknowledging that consultation is advisory and that the final authority in the appointive system rests with the Episcopal office, we respectfully submit the following to be adopted as the sense of this conference as it applies to consultation:

1. That in order to make consultation effective, there be a clear understanding on the part of all concerned that consultation shall take place on a uniform basis in all of the Districts of the Annual Conference.

2. That there be a specific on-going process of counseling and evaluation among the district superintendent, the Pastor-Parish Relations Committee, and the minister, and that this counseling and evaluation process be seen as essential to consultation.

A. This process should include the following at appropriate times during each conference year as requested:
   (1) a meeting of the district superintendent with the Pastor-Parish Relations Committee of the charge:
   (2) a meeting of the district superintendent with the minister:
   (3) a meeting of the district superintendent with both together if deemed necessary.

B. These meetings should include a discussion of at least the following Matters:
   (1) a mutual assessment of the strengths and weaknesses of the pastor's ministry in his present appointment:
   (2) an examination of the minister's training, experience, interests, abilities, and demonstrated competence that bear upon his present appointment;
   (3) an evaluation of the history, direction, opportunities and unique or pressing needs in the charge;
   (4) a listing of the social, emotional, and economic factors within the minister's family that might have some bearing upon his appointment.

C. That each district superintendent should schedule annually one or more workshops on the duties, responsibilities, and role of the Pastor-Parish Relations Committee (Para. 161.2), and of the pastor (Para. 350).

3. That when a change in pastoral appointment seems to be indicated, consultation should include the following:

A. As soon as a change seems apparent, the district superintendent should consult with the Pastor-Parish Relations Committee, in order to (1) delineate the pastoral needs of the charge, (2) describe the personal and

pastoral gifts necessary to enable the charge to fulfill its mission, and (3) to define limiting factors such as parsonage size, salary, and travel requirements.

B. In the ongoing process of making appointments, the district superintendent should counsel with the minister concerning the possibilities that the cabinet is considering for him. This will allow the minister to respond to each possible appointment as to his strengths for, weaknesses in, and feelings about each situation.

C. As soon as the appointments for the ensuing conference year have been tentatively made, the district superintendent should disclose to each minister and each charge the proposed appointment. This disclosure should include a sharing of the cabinet's perception of (1) the mission of the Kingrom in that charge of (2) the gifts of the minister as they relate to the mission of that particular charge.

D. The confidential nature of consultation as defined above should be strictly respected by all concerned, including the ministers, the district superintendents, and the Pastor-Parish Relations Committee to request a reconsideration of proposed appointments is affirmed, with full acknowledgement and appreciation that final authority and responsibility for appointments rests with the bishop.

4. The right of both pastor and Pastor-Parish Relations Committee to request a reconsideration of proposed appointments is affirmed, with full acknowledgement and appreciation that final authority and responsibility for appointments rests with the bishop.

The Conference Committee on
CREATIVE MINISTRIES

The Committee on Creative Ministries wishes to report that during the year we have worked closely with the Cabinet and with the District Committees on Creative Ministries in exploring new forms of ministry.

We wish to commend the Cabinet for its concern in these new forms and urge that they continue to explore and implement all possibilities in this area.

We urge the Cabinet to support—this coming year—any pilot program within the field of cooperative ministries that is ready for development. We also urge that the Cabinet stress the importance of training for any man appointed to serve as a Director of a Larger Parish .

We recommend that the District Committees on Creative Ministries be continued and that they work closely with all charges that feel the need of developing some form of cooperative ministry.

We further recommend that the Conference Committee on Creative Ministries be discontinued and that in its place a voluntary Consultant on Creative Ministries be appointed.

We recommend that Charles Inabinet be named as this Voluntary Consultant: and that the sum of $500 be apportioned for his use in training, travel and expense—as needed. Upon appointment, he will be available to the Districts for counsel, and will be expected to make periodic reports to the Cabinet and the Board of Missions.

After due consideration and careful consultation with a special Committee from the Cabinet, we submit the following as a **Creative Ministries Policy Statement:**

1. That the South Carolina United Methodist Conference, 1785, encourages her people, laymen and pastors, to be intent in terms of local needs to new relationships between congregations.
2. This may mean:
   (a) cooperation among all churches of each urban area and within each community base (school district—voting district, etc.)
   (b) cooperation in all areas between all churches within a local charge structure.
   (c) staffing of the larger parish as a special appointment.
   (d) the establishing of the enlarged charge.
   (e) the establishment of the group ministry.
   (f) the establishment of the extended ministry or other existing or new options.
3. That the ministers of the conference assure their fellow ministers, appointed to one of these ministries, of their support and backing with respect to their appointment status; and that the Bishop and the Cabinet affirm their conviction of the importance of these appointments.
4. Initiative for these ministries rests with local churches in the light of their needs. Local churches are assured of support of the District and Conference levels in the development of Creative Ministries.

Report of the
DISTRICT SUPERINTENDENTS

"The Past is Prelude"—so it has been said, but who can understand the present without some comprehension of the past—its problems, its achievements, its failures, and its dreams. History tells us so much about the life of institutions and those who were involved in their development that we must give our attention to its pages if we are to know how we got where we are.

My task is not to unfold the musty pages of the distant past nor to look at a variety of institutions, but to try to see what we in South Carolina, the United Methodist Church, Conference 1785, have done, tried to do or failed to do during the last twelve months.

In his report a year ago, Dr. F. S. James gave an excellent appraisal of the religious scene as he saw it, telling us that out of Biblical backgrounds there has arisen the necessity for moving from one period to another, to speak forthrightly, using a language understandable by modern man, to recognize the gap between generations, that some youth are in revolt and that some preachers and laymen seem to be at such odds with each other that there is a polarization which defies accurate description. Within the Conference our interests are about the same as they were last year. Some signs point to the easing of tensions and a willingness to stop yelling long enough to hear what someone else is crying about.

When we take a look at the churches as they have come through the past year we are aware of a dilemma. Outward signs indicate a flourishing church which tends to hearten the most hopeful minister. While on the darker side there is a stubborn resistance of so many to become involved, to yield to the Holy Spirit, to give a vital evidence of Faith. We are grieved to have to report that it is obvious that many are in the church but not of it. These nominal members give the minister a tremendous challenge to teach and lead them into the commitment to the commands of the gospel, and to engage in an earnest search for the direction of God in their lives.

As we contend with empty forms and irrelevant busyness, which satisfies the half-commitment of so many people, the impatient minister or dedicated Christian toys with the idea of forsaking the organized church of our day with the hope of finding a more relevant mission. Our attitude as we face these important points of view will determine whether we miss the chance to lead our United Methodist people in the Way of Christ or not. During the year many honest efforts have been made by many persons and churches to become aware of the complex problems of Merger of the two South Carolina Conferences. Some have made head-on attacks, trying to catalogue every obstacle standing in the way, listing the favorable and unfavorable items as a sort of balance sheet, then after a hard look at the facts attempted to come to a mathematical or logical conclusion. Others have allowed sentiment, feelings, or long entrenched habits and customs to be the background factor as they have faced the issue.

For Christian people to allow "percentages" and a fear of some added costs to cause them to close all areas of understanding is sad, when we consider that we are all trying to work for the same ends—That of helping each to achieve the full and abundant life in Christ. However, many have taken the New Testament seriously and are making an effort to put all ancient animosities

and antagonisms out of heart and mind in an approach characterized by love, understanding, forbearance, brotherhood and a willingness to go a "second mile" in reconciliation. "May their tribe increase!"

The year has had good features as well as discouraging ones. We have had an excellent Pastors' School at Myrtle Beach shared in by both the "66" and "85" conferences. There have been many inter-church and inter-group meetings. Some of us have given serious study to the Mission of the Church as well as our involvement in Missions at home and world-wide. We have tried to see what is being done in our colleges, encouraged our young men and young women to accept responsibilities and to act responsibly. We are very proud of the fact that our young people have shown us that they are a part of the total church and responsibly want to assume their rightful place in the life of the church—not a preferential place without regard for the total good.

In January the Bishop's Convocation On Evangelism held in Columbia was well attended. From every District of both the "85" and the "66" Conferences, lay persons and ministers gathered to hear outstanding leaders speak, to engage in dialogue, and to resolve that we must be about Methodism's continuing task —that of winning persons for Christ.

We have seen a genuine response on the part of local churches to seriously study their mission. More are becoming aware of the fact that no one can do for them, what they must do in their own local community.

Improvements in facilities at Epworth, The Methodist Home at Orangeburg, and the opening of the new Nursing Home at Greenwood have enabled us to move out in our preparation to more adequately care for the dependent child, the aged and the infirm. With costs rising, our churches are trying to help ease the pressure on all of our institutions.

A series of informational meetings were sponsored by the Board of Pensions for the purpose of laying plans to move support for Conference Claimants to a funded program. In the beginning it will be more expensive but future generations will thank us for not passing on to them unfunded obligations.

In a new brochure, entitled, "You Are The Target," Dr. Ezra Jones, a Research Associate in the National Division of the Board of Missions has described the polarization of American Society, pointing out that the methods and motives of both the Right and Left extremes seems to point at the church and the institutions which the church sponsors. A reason for this is that each extreme group considers the other as full of crackpots. Thus the Church and The Methodist Church in particular seems to be caught in this middle and can no longer ignore these extremes or their tactics.

We as Christians are called upon to find realistic alternatives, lest we become a part of the problem. Let us determine to continue our advocacy of concern for people, and love which seeks to share both spiritual and material things without resort to bigotry, racism, pride, greed and short-sightedness.

William Cowper, in "THE TASK", describes the character of a true minister.

"I would express him simple, grave, sincere;
In doctrine uncorrupt; in language plain,
And plain in manner; decent, solemn, chase,
And natural in gesture; much impress'd
Himself, as conscious of his awful charge,
And anxious mainly that the flock he feeds
May feel it too; affectionate in look,
And tender in address, as well becomes
A messenger of grace to guilty men."

I wish I could truthfully say that all of us as ministers sat for such a portrait by the word artist. But I can say that in every instance coming under my observation as a District Superintendent this is the impression that our ministers would like to make as they have gone about their task of reconciliation.

We come to the end of the year feeling that we have not done enough; rightfully so, I believe, so long as it is still possible that we have something to contribute. Instead of crying because there is a burden to bear, let us rejoice that there is more than ever that we as United Methodists can do to become better persons and to help make a better community.

To dream is easy, but to translate into reality is difficult and can be achieved only by hard work and dedicated people. May we be that people!

Commission on
ECUMENICAL AFFAIRS

I. **Statement of Purpose:**

The Conference Commission on Ecumenical Affairs is now completing its third year in existence. These early years have been difficult ones because there were no guidelines for operation or procedure. One of the main purposes of the Commission during these early years has been to determine the direction we should follow. Because of this, much of our time has been spent in seeking purpose and direction rather than the promotion of any particular program. As a result of this intensive search for meaning and purpose the Commission has adopted two basic principles of operation. The first is to aid the local church in discovering unity in mission to the needs of the community. Second is to examine our Conference Programs for ecumenical possibilities in regard to stewardship and unity. The Commission has adopted a broad concept of ecumenism and is not bound in any way to any one idea of the ecumenical movement.

II. **Summary of This Year's Work:**

A. District Directors named and trained for the first time.
B. Distribution of 1200 copies of COCU proposals at Annual Conference.
C. The Presentation of Dr. William Benfield at the 1970 Annual Conference for the discussion of the COCU proposal.
D. Participation with other churches in the study of COCU proposals.
E. The promotion of ecumenical activities at the 'grass roots level' through the District Program Councils.
F. The continuation of dialogue contacts across denominational lines.
G. Tapes of ecumenical ventures made available to local churches and districts.
H. Conference wide survey of ecumenical activities in South Carolina report made through The Advocate.

III. **Goals for Next Year:**

A. To continue the survey of ecumenical possibilities in the State.
B. To encourage such ecumenical activities as: Free Time Biblical studies in the public schools, ecumenical use of abandoned schools for benefit of local communities, etc.
C. To cooperate with the conference goal of stewardship by lifting up ecumenical possibilities in relationship to the use of time, talents and money.
D. To better inform and equip our Conference Board and District Directors through participating in ecumenical programs, conferences, etc.

Board of EDUCATION REPORT NO. 1

The following reports and projections of goals are but limited indications of the countless hours of planning, discussing, sharing, questioning, researching, debating, praying, and working that have expressed the discipleship of those most closely involved in Christian education in all its facets in the South Carolina Conference. What is involved here is more than Christian education. It involves Christian discipleship—witnessing, sacrificing, worshiping, loving, teaching, growing, and searching.

Our desire is to do the Father's will in the Name of His Son, Our Lord, as we understand it in its relationship to Christian education.

Without the invaluable services and dedication of the Program Council Staff, particularly those most directly involved in Christian Education, these accomplishments and projections would not have been possible, neither would they have been possible without the dedication and creative work of the committees and sub-committees related to the Board of Education. We acknowledge, too, the valuable service of the secretaries in the Program Council office.

We are grateful to the able Presidents of Columbia and Wofford Colleges, to their trustees, staffs, and faculties for their continuing leadership and dedication. We owe a terrific debt to our Boards of Directors of our Wesley Foundations and Campus Ministers for the pioneer work being done in this great mission field for Christ.

We are committed as a Board to a co-ordinated Conference program through the Program Council, and we look forward to enlarging co-operative ventures hand in hand with the other boards and agencies of the Conference in our co-ordinated striving after the Master's will for those for whom we are responsible.

The scope of the program is so extensive that a brief report must of necessity be limited to a few significant highlights. Report number one will, therefore, deal almost exclusively with these highlights. Other reports will deal with ongoing phases of the Board's program of Christian Education.

Children's Ministry was characterized by greater involvement in weekday ministries including nursery, kindergarten, and day care programs. There is a marked increase in these programs in United Methodist Churches. The Co-ordinator of Children's ministry has given effective leadership in this area both in initiating programs and in serving as a resource person to existing programs.

There has, also, been considerable progress in ecumenical ventures in the area of weekday ministries for children, especially in the Columbia area.

Vacation church school workshops in the districts offered day camp training where the need existed.

"A bright spot in the summer program," reports Mr. W. T. Ross, Chairman of the Committee on Camping, "has been the development of the 'Low Income Camping.' This was started in 1970 and shows considerable merit. For those churches that participated in it, the plan furnished a real means of building a relevant ministry in their community."

Youth Ministry is being greatly strengthened by the redesigning of the Council on Youth Ministry to include youth representatives from the eleven districts as well as the district coordinators. The recognition of youth as full participants in decision making is affirming youth as responsible churchmen and resulting in valuable contributions from them.

The services of the Reverend Joe Alley as part-time Coordinator has brought a new dimension of vitality and creativity to ministry on this age level.

The participation of the Reverend Bryan Carroll, Tommy Jackson, and the Reverend Hawley Lynn in a regional conference on Youth Ministry has resulted in new insights and plans which promise much for the future of this ministry in South Carolina.

Innovations in **Adult Ministry** include a training enterprise in older adult ministry and participation in a young adult project, both conducted on an ecumenical basis.

Four workshops in the field of **Family Ministry** have been held in areas of the Conference. These were workshops on pre-marital counseling, for pastors and their wives.

A "Study on the Church's Responsibility to **College Students**" was launched and feedback was received from the various districts. After due consideration, plans reflecting some of the insights resulting from this study have been approved by the Board and will appear elsewhere as "recommendations."

Great effort has been made to render a service to our college students on state university campuses worthy of the demands of this day in history. This has been extremely difficult to do on the totally inadequate financial resources available for this purpose. Heroic and effective work is being done by our part time and (one) full time directors of Campus Ministry. Christian Higher Education as it has taken form on the campuses of our two four-year colleges is given elsewhere in reports from the presidents of these institutions.

The record of Conference support for Higher Education for the past two years and the first part of this year is as follows:

HIGHER EDUCATION CONTRIBUTIONS

	1968-69	1969-70
Paid Wofford	$ 135,170.58	$ 127,055.54
Paid Columbia	$ 135,170.58	$ 127,055.54
Paid Campus Ministry	$ 60,829.40	$ 57,177.52
	$ 331,170.56	$ 311,288.60

CURRENT REPORT ON HIGHER EDUCATION CONTRIBUTIONS

June 1 — February 1

1968-69	1969-70	1970-71
$164,939.63	$150,061.05	$127,985.63

Columbia College	$ 51,194.25
Wofford College	$ 51,194.25
Campus Ministry	$ 25,597.13

The **United Methodist Camp** continues to be used to capacity by district and local church groups during the fall, winter, and spring months. The formal Summer Camping Program continued in the summer of 1970 to slump, following the national trend of falling attendance.

Chairman Ross reports the following statistics for the past three years:

CAMP	1968	1969	1970
Elementary	525	480	317
Junior High	362	258	209
Midlander	78	29	52
Senior	22	7	---
Tenting & Hiking	---	6	7
TOTAL	987	780	585

New programs are being designed for 1971 and new and more creative methods of promotion are being employed. It is expected that there will be

this spring a real breakthrough in interpreting summer activities to the local church.

Mr. Ross observes that the current financial climate does not permit any large-scale capital building program. Contributions from the local churches for 1968-69 were $41,239.00; for 1969-70, they were $39,676.00; and for 1970-71 to February 1, they were $21,878.60. For the same period last year, contributions amounted to $22,039.52.

A house and lot valued at approximtely $15,500.00, located in Asheville, North Carolina, has been donated to the Board of Education, the proceeds from which will be used in constructing a much needed maintenance building. This generous gift by Mr. Harry W. Mims of Orangeburg was made in memory of his aunt, Frances L. McCullough, who was born in Greenville, South Carolina, June 1, 1889 and who died September 13, 1969.

The Board of Education sponsored during the fall 23 workshops on Confirmation, for pastors and others who are responsible for preparing youth and adults for churchmanship. These were in every district and were jointly sponsored with the Conference of '66.

Several new approaches to leadership training and development have been tried within the Conference this year. In quality the results have been somewhat gratifying. We know that many who need training are not availing themselves of the opportunities which are within their reach. The recommendations which follow contain a proposed study which is designed to deal with this problem.

A complete report on training enterprises and of nominations for which the staff and the Board of Education are responsible will be presented at the time of the Annual Conference.

   The specific goal is to provide in-service training for local church age-level coordinators which would provide motels, tools, skills and motivation for discovering the needs of persons and working with the council on ministries to then meet the needs, as fully as possible, of the persons for whom we are responsible as servants of Jesus Christ.

   For: Teachers of these children, Local Church Coordinators of Children's Ministers, and Pastors.

6. **Training for Church and Community Leaders in Older Adult Ministry**
   An ecumenically planned training program which will equip participants with the skill needed for designing a comprehensive community ministry for older adults to be held at Columbia College on June 14-16, 1971.

7. **A Laboratory Enterprise**
   For the eleven District Coordinators of Youth Ministry.
   The laboratory will provide opportunity for the district coordinators to internalize the skills necessary for leadership in the Administrative setting in youth ministry in the local church; will enable the district coordinators to plan workshops for their own districts wherein local church leaders in youth ministry may develop skills necessary to use the Administrative setting for youth ministry effectively; and will provide training opportunities whereby each district coordinator of youth ministry will receive insights into his responsibility and opportunity as a district coordinator of youth ministry.

7A. **District or Area (Sub-district) Workshops**

For: Ministers and their wives
This retreat is tentatively planned for the Anderson District in October, 1971.
The retreat is designed to minister to the enrichment of parsonage families directly and to the families of the parish indirectly.
A recent survey of ministers in another denomination showed that the most frequent underlying reason for ministers leaving the ministry was dissatisfaction on the part of the wives.

REPORT NO. 2

REPORT OF THE PRESIDENT OF COLUMBIA COLLEGE

It is myprivilege to present to you my twentieth Annual Report as President of Columbia College.

Let me reflect briefly upon events of the past year. Such statements are necessary for records and history. The major emphasis of this report, however, is to be on future plans and projections for Columbia College.

In recent years we have narrowed the scope of our committee work of the Board of Trustees to three important areas: Academic Affairs, Student Affairs, and Business Affairs. My statements will relate to these areas of Columbia College's life and work.

ACADEMIC AFFAIRS

This institution is making significant progress in improving educational programs. The term "quality education" has been used as a cliche very often. I prefer the term "quality of life" (to borrow a book title from Michener and to consider academic programs as instruments of change and improvement of the total college life. By no means have we attained utopia, but I do believe we have a good college and that our educational programs are sound, meaningful, and, best of all, improving from year to year.

Efforts to build a faculty are paying great dividends. We are having less faculty replacements, and, when we do have to replace a faculty member, because of retirement or the faculty member is leaving Columbia College, the professional teaching market has much more to offer than in former years. We can now become more selective. At the same time, we must not become apathetic with reference to faculty salaries, and we must meet the increased financial needs of the faculty we have been able to retain across the years. This college is proud of the competence, creativity, and innovative power of the academic staff! It takes no prophet to predict, however, that we will need to continue our salary improvement program if we expect to retain these competent people!

All of our academic programs are under scrutiny this year, particularly because we have been involved in a thorough Self-Study. This careful examination of all of our programs—and indeed the entire campus life—is required every ten years by the Southern Association of Colleges and Secondary Schools, our regional accrediting agency. In this study, great emphasis is given to the type institution Columbia College ought to be during the 1970's. While it has been interesting to look over our shoulder to the '60's, it has been even more helpful to have students, staff, trustees, and alumnae share thoughts about the real mission of the college during the next decade and beyond.

STUDENT AFFAIRS

One of the great opportunities of the small church-related colleges in these times is the ability to relate closely to students. The name of the game is still communications!

The Administrative Staff Council makes many efforts to speak directly with students on various issues. In 1969, the administration, the faculty, and the Board of Trustees invited student participation at the faculty and Board of Trustees level. We have one student, the President of Student Senate, who sits with the faculty and trustees with voice but without vote. The students have had opportunity to meet, in large numbers, with the Board of Trustees to discuss openly and frankly many concerns. The President of the college makes it a point to talk with students in the dining room at least once each week, at which time the students feel free to ask him questions and to discuss any matters of importance to them.

One of our major concerns is in the area of counseling. The program of guidance must be strengthened, and we are making plans now to improve this situation for the 1971-72 college year. We have been under-staffed in this area for some time, and the college has depended too greatly upon faculty members and staff members who do not have adequate time to give to this important concern. It is contemplated that for the next few years we will need at least one additional top-level staff member who will be devoting full-time to guidance and counselling. This will be our effort to deal with one of the glaring weaknesses of the college as shown in the current Self-Study.

One of the missions of a small college in these days is to listen to what its students are saying. Of course, there must be balanced guidance on the part of the faculty and staff, but we must listen! With reference to new freedoms proposed, we must know the thoughts and concerns of student leaders, never hesitating to share with them our concerns and information. This administration has been very much impressed with the growing maturity of students on our campus, and their willingness to have available all helpful information before they or the administration take steps to initiate new styles of life. A good illustration of this is to be found in the recent statement on alcohol and other drug abuse. The statement is as follows:

> "In keeping with the spirit of traditional Methodism and in the interest of Christian living and good conduct, this committee recommends to the Board of Trustees that the policy henceforth be as follows: Students, guests, and college personnel alike will be expected to refrain from the use, possession, or sale of alcoholic beverages and other drugs while on campus or at any Columbia College-sponsored functions. Since this policy is to apply to students, guests, and college personnel, the committee further recommends that this statement be included in appropriate publications of the college.
>
> The recommendation was unanimously adopted."

This statement was arrived at after thorough study over a period of several months, during which time trustees, students, parents, faculty, and alumnae were consulted. This statement was adopted by the Board of Trustees on June 23, 1970. We have been very proud of the general acceptance by the Columbia College family. It has been written into the Code of Conduct of our student organizations on campus.

At the present time, a special committee, composed of students, administrators, alumnae, and parents, is studying a proposal by Student Senate that some of our students no longer observe regulated hours with reference to their residency at the college, but that they need observe only self-regulated hours. When this committee has made a study and researched the matter carefully, a decision will be made by the administration on this whole matter.

BUSINESS AFFAIRS

It is a well known fact that this college, like many other small church-related institutions, faces difficult days ahead because of growing financial burdens. Recently a proposed Tuition Grant plan has been unsuccessful, because of an adverse decision from the State Supreme Court, indicating that

such a program would be unconstitutional. Now, efforts will be made to get the necessary constitutional change, so that aid may be available in the future to students desiring to attend our type college, and also that there be money available to assist our colleges by payment for services rendered, and perhaps other avenues of support for the independent college.

Our audit for the year, which closed July 31, 1970, indicates that this college operated in the clear, and, in fact, was able to reduce our current fund deficit by approximately $94,000. We expect about the same situation will prevail this year. We do not intend to raise fees for the year 1971-72. But it is rather obvious that the following year, 1972-73, will mean another increase in tuition unless we get some strong support through state funds.

It is apparent that we must either get substantial income during the next decade from additional endowment, or the church, or we will be forced to increase tuition sharply. Our pool of applicants has been declining as costs have been rising. This means, of course, that this college will be forced to seek a more affluent student population, unless we can get additional income for operation. Also, it is going to be necessary for students who are not wealthy to get some state or federal aid.

It is easy to predict that financial needs of this college during the next decade demand decided improvement in our endowment fund. We have been working for some months for this improvement and we have some encouragements to note in that we have been able to secure commitments for several substantial, deferred gifts. These and others which we will continue to work for will mean a great deal to Columbia College's solvency in the next decade.

We have now occupied the splendid new Physical Education Center which is called "Godbold Center." Housed in one complex are the "Porter Gymnasium," the "Jacque Greer Natatorium," the dance studio, and a number of rooms to be used by the Music Department and the Physical Education Department for educational purposes.

APPRECIATION

The work in our college community this year calls forth our deep gratitude and praise. Our student leaders, faculty, staff, Board of Trustees, and our Alumnae Council have cooperated in an excellent manner to move our college toward some important goals. This is particularly true as we have come through the Self-Study which should prove most valuable as we look toward the next decade. The leadership of the South Carolina United Methodist Conference—Bishop Paul Hardin, Jr., the Cabinet, the Board of Laity, and other boards and agencies of the Conference—have undergirded us at every point, and we are most appreciative.

We regret that we shall be losing the services of two trustees who have rendered valuable service to Columbia College: Dr. A. C. Holler will be retiring this year, and the Honorable Marshall Parker has requested replacement on our Board because of business reasons. To both of these gentlemen we express our continuing gratitude.

REPORT NO. 3

The Annual Report of the President of Wofford College

In my report to you last year I began a new practice which I hope meets with your approval. Instead of giving you a chronological report of the year's activities or a detailed financial statement, I propose to discuss with you in each of my Annual Reports the issues and questions which really are central to Christian Higher Education or to the relationship between Wofford College and the United Methodist Church. Of course, our audited financial reports are in the hands of the Conference secretary, and we shall be glad to make available to you, on request, any other information which you should desire.

All of us who feel that Wofford College badly needs the United Methodist Church and that the Church badly needs Wofford found three matters to be particularly perplexing during this Conference year. First, from the beginning of the year until the end the financial support given by the Annual Conference to Columbia College, Wofford College, and our campus ministry ran behind the support given to those same causes last year. Second, certain chnages made by our Board of Trustees in the rules governing the possession and use of alcoholic beverages created much comment during this Conference year. Third, in March the South Carolina Supreme Court ruled that tuition equalization grants could not be made to young South Carolinians attending church-related colleges. Let's devote a paragraph or two to each of these concerns.

Our colleges and our campus ministry badly need and richly deserve the support of South Carolina United Methodist. The colleges badly need this support so that they can keep fees as low as possible and enable your sons and daughters and other wonderful young people to take advantage of the fine educational programs and rewarding campus life available at Wofford and

Columbia. The campus ministry needs this support because it represents our United Methodist Church on state-supported campuses. It has no funds except those provided by those of us who call ourselves Methodists.

The Methodist-related colleges and the campus ministry **deserve** our support because they are doing a fine job for our young people and for our Church. Having recently attended a management conference for college and university presidents, I can testify that the trustees of Wofford College are managing scarce financial resources almost miraculously well. When most private schools are sliding into deeper and deeper deficits, we have Wofford operating in the black and are keeping fee increases below the rate of inflation. We are making sure that the economies required by our times do not impair the quality of our educational program. In fact, we strive daily to make it better and better. Finally, our trustees and the other people with whom it is my privilege to work are prayerfully and conscientiously working to help our young people attain responsible maturity and to narrow or bridge the gaps that exist between our college-age young people and the "folks back home."

When college officials try to bridge gaps between the pew and campus, they naturally find themselves "in the middle." This is what happened to Wofford officials on the alcohol regulations. Since the Methodist Advocate has explored the issue so fully, it would be pointless to repeat all the arguments for and against the decision made by our Board of Trustees last October. Let me simply testify that I have never seen Christian men wrestle more honestly with a difficult issue. They were sensitive at every moment to their primary obligation to the students of Wofford College. They were also sensitive to the honest feelings and concerns of parents, the people in our churches, and all other off-campus publics. No one who heard their deliberations could question their sincerity or charge them justly with favoring or condoning the use of alcohol.

All of us—parents, churches, and schools—who love and serve young people of college age must help them move from a situation in which many or

even most of their decisions are made by others to the post-graduate situation where they answer only to God, their consciences, and the law of the land. Honest men and women can hold differing opinions on when and under what circumstances and on what issues we permit these young persons to move to the ethic of individual responsibility; in my opinion no one can honestly deny that we do face this responsibility. Our trustees and administrative officials are trying conscientiously to reduce the amount of drinking done by Wofford students, on or off campus; and they have shown the courage to adopt whatever strategies they think are wisest even if they are not traditional or popular. The fact that our trustees have put alcohol and drug violations under administrative jurisdiction and taken them from the student court has not been popular with many students. The fact that the trustees have left students in their private living areas to follow their consciences within state law has not been well understood or popular with many church people. We can report that all of us continue to watch the situation very closely and that there is much less evidence of alcohol abuse this year than in past years at Wofford. I can also report that we care very deeply how each one of you feels about what we are doing.

The decision of the Supreme Court of South Carolina was a grave setback for church-related higher education. It was an even more serious setback to the citizens and taxpayers of South Carolina. Appropriations for public college and universities in this state have risen by 360 percent during the past decade. Obviously, endowment, church support, and other gift support to our private colleges cannot keep pace with this galloping inflation. Furthermore, public institutions have begun to court private philanthrophy. In fact, many Methodists and Baptists in our state are contributing far more heavily to public institutions than they are to those related to their own denominations.

All of our states will have to find ways to narrow the cost-gap between private and public higher education. This can be done by making grants to the students who attend private colleges, by making direct appropriations to private institutions such as are now made to public, or by decreasing relatively the appropriations to public institutions so that consumers who can afford to pay will bear a greater portion of the cost of education. Until the Supreme Court rendered its decision, South Carolina was among the leaders in our country in solving this difficult problem. Our cause has been delayed, but it must not be defeated. All of us will eventually have an opportunity to vote for an amendment to our State Constitution affecting the relationship between our state government and students who wish to attend our church-related colleges. If you have any questions about the proposed amendment, please discuss it with someone who is well informed. We can devise ways of employing public funds for the benefit of students attending church-related colleges without sacrificing the independent governance and spiritual values inherent in those colleges. On the other hand, if some such financial aid is not soon forthcoming, we have very little chance of maintaining our strong dual system of higher education.

The responsibilities with which the trustees of Wofford College have charged me are more challenging than I had ever imagined. In fact, they sometimes seem overwhelming. Nevertheless, hard work in pursuit of a great cause is exhilarating. I wish many of you could have the same opportunity I have to compare Wofford College with institutions all across this nation. This is a far better school than I had once thought. Whatever your estimate of it may be, it probably is well short of the mark. This is not "puffing." If I did not honestly believe what I am saying, if I did not honestly believe in what we are trying to accomplish at Wofford, this would be my last report to you. I have every hope of writing many more in the years to come as all of us work together in our respective Christian vocations. Thank you for Wofford College and for the privilege of reporting to you on her progress.

The Commission on
ENLISTMENT FOR CHURCH OCCUPATIONS

Recruitment involves many things, whether this recruitment be for voluntary work or specific occupational callings. It involves a person feeling a desire to be of service within his life. It involves an assessment of his capabilities. It involves a need in the field considered, so the applicant can feel needed. It also involves an enthusiastic respect for the work done by those already involved in the field.

Today, because of much criticism about the church and forecasts of the demise of the church, young people are not being too readily challenged to accept the call of God to full time Church Occupations. There is a feeling that if those who are now in the work don't like their work, then why should others bother to get involved. There is also a feeling that many fields outside the organized church offer greater opportunities for service to people than those within the church.

The Commission on Enlistment for Church Occupations does not believe that the Church is dying. "The Church is of God, and will be preserved to the end of time, for the conduct of worship and the due administration of his Word and Sacraments, the maintenance of Christian fellowship and discipline, the edification of believers, and the conversion of the world. All, of every age and station, stand in need of the means of grace which it alone supplies." (The Order For Confirmation and Reception Into The Church)

We do not believe that church occupations offer dead ends for persons responding to the call of God. We believe that there is challenge and service available through the Church and that God is still calling persons to respond with their lives in obedience to his call to service within the Church.

In this thinking, the Commission on Enlistment for Church Occupations has called for ministers, and others involved in church occupations to reveal the joy and satisfaction that comes from commitment to the work of the Church of Jesus Christ. We urge laymen to lift up to their children the validity of God's Call to service within Church Occupations. Far too many churches depend upon the conference to provide their ministers each year but say to their youth, "Don't go into church work. It doesn't pay enough." When the vision of greatness found in church-related occupations is grasped, recruitment becomes easier to accomplish.

The first is a ministry of young adults involving a Mission to Greenville, S. C. This mission under the direction of the Rev. Harlan Wilson will involve 6-8 college age young adults in service through the churches of Greenville. In both cases those involved will get an opportunity to see the church at work within the world and test themselves in a form of internship. We hope that response to these endeavors will encourage commitment to some church-related occupation. Funds for these two programs have been provided by World Service and Conference Benevolences.

The Commission provided a display of vocational materials and pictorial presentation of church-related occupations at Youth Night at the Annual Conference last year. We have worked with the Adult Coordinator of the Program Council in providing a link between churches seeking summer workers and college students interested in such opportunities.

The Commission has provided resource materials for District Directors to use as they are called upon by persons with needs in local churches. Many of our District Directors have answered such calls. The District Directors have also lifted up the needs of Church Occupations and ways to recruit through district conferences and meetings. The Chairman represented the Annual Conference at the meeting of Conference Chairman of Commissions on Enlistment for Church Occupations in Nashville. The Commission provided expenses for representation from our conference of two of our deaconesses.

The Commission has pondered ways in which recruitment may be realistically presented. We are of the opinion that recruitment begins in the church schools at early ages and we urge the use of materials relating to Christian Vocations which begin in Kindergarten materials of our curriculum and go throughout all age groups.

We have recommended to the Board of Ministry through their member on our Commission that personal contact be maintained and supervision given with seminary students for the purpose of acquainting the students with various aspects of the ministry and also to provide the personal touch between the Conference and men heading into the Conference.

We have sought the names of persons in colleges preparing for church-related occupations and have contacted those known to be pursuing plans for church related occupations letting them know our interest in them. We hope to enlarge this by including all those who receive license to preach through their district committees.

We have pondered the question of just how we may be effective as an interboard agency for the purpose of recruitment and information. We stand ready to give our support to any agency or board seeking to promote the calling of God to individuals for service in church-related areas.

Our Commission is appreciative of the financial support given us by the churches through World Service and Conference Benevolences. We have sought to utilize our funds to the best advantage to the conference and to reduce our budget when we felt it possible. We trust that we have been faithful in our stewardship.

RECOMMENDATIONS FOR NEXT YEAR'S WORK:

1. We recommend that a speaker's service be set up to program in the local churches persons who have served in volunteer capacities in our summer projects. This program will give the local churches an opportunity to hear first hand some of the work the church is doing. We will seek to set dates and provide expenses for these speakers. Publicity of this service will be done through THE ADVOCATE and the co-ordinated mailings. We feel that these young adults giving personal witness to their experiences can be invaluable to local churches.

2. We recommend that three Confirmation Institutes be held in South Carolina during the Lenten season, 1972. The purpose of these institutes will be to give the young confirmees a chance to see the work of the church first hand. Theme for the institutes will be "Confirmed to Life." The event will include personal contact with persons involved in various church-related occupations and tours to view the work of the church in different areas. Places for the Institutes will be Greenville, Columbia, and Charleston. Dates are Feb. 19, 26, March 4, 1972. The day will close with a meal at which an outstanding leader will speak.

3. We recommend that the Bishop's Convocation on Stewardship or Minister's Conference on Stewardship a portion of the time be devoted to the stewardship of time and talent—lifting up the need for persons in church-related occupations and how to recruit persons. We will seek to follow up this program through the districts reaching those ministers not in attendance at the Convocation. We recommend persons who have been successful in recruitment to be used as resource persons.

Conclusion: In this year of emphasis upon stewardship within the church, we covet the attention of the local churches to the area of recruitment to church related vocations. A church that has never had a son or daughter go into one of the ministries of the Church should ponder greatly their stewardship of manpower and human resources. Have they depended upon other churches to provide for them what they are unwilling to provide for Christ?

We deeply appreciate the supportive help that has been given us by the Program Council Staff. They have been faithful in performing their duties to us and the many other agencies of the Conference.

Respectfully submitted,
HENRY M. THOMSON, Chairman
F. BUNDY BYNUM, JR.,
Secretary-Treasurer

EVANGELISM PROGRAM HIGHLIGHTS FOR 1970-71

REPORT NO. 1

The S. C. Conference Board of

The following is a summary of the activities of our Conference Board of Evangelism for 1970-71.

1. A joint Committee on Lay Witness Mission of the Board of Evangelism and the Board of the Laity met November 23, 1970, to (a) undergird the Lay Witness Mission in S. C., (b) to conserve the value of the Lay Witness Mission.

Rev. Ben Johnson met with the above Committee to help us develop a reporting procedure to use in order to develop open lines of communication between our Conference and the Lay Renewal Institute in Atlanta.

At least one Lay Renewal Conference will be held by Rev. Ben Johnson and his staff in our Conference in cooperation with the Board of Evangelism and the Board of the Laity during the summer of 1971.

2. **Training Opportunities:**

The Board of Evangelism will continue its practice of sending the Directors of Evangelism to the Candler Camp Meeting and Southeastern Jurisdiction Conference on Evangelism at Lake Junaluska and will, at the same time, continue subscriptions for these directors and officers of the Board in the Tidings subscription service, keeping these key persons informed of the official releases of all new books published by the official publishing arm of the General Board of Evangelism.

3. The Congress on Evangelism held in New Orleans, January 4-8, 1971, was attended by the Chairman of the Conference Board and Rev. Paul Petty. The Chairman used a great deal of the information received at this inspiring meeting to assist in a retreat of the ministers of the Spartanburg District. Tapes were made of all that happened at the Congress on Evangelism. Some of these will be used in implementing the work of Evangelism in the Conference.

4. Summer Evangelistic Mission:

Campground Ministry: During the summer months of 1970, five chaplains (Baptist, Episcopal, Lutheran, Methodist and Presbyterian) ministered to some 40,000 summer residents and vacationers in the Grand Starnd area of our state making this project the largest of any of its kind in the United States. Our Board pays the $900 salary of the Methodist chaplain.

Lake Murray Ministry: This project has been carried out by a seminary student from the Candler School of Theology of Emory University. The program includes activities in the following areas: outreach, worship, recreation, fellowship, and visitation, with attendance at the weekly worship service numbering between 70 and 170. The Lake Murray Ministry is truly ecumenical in outreach with participants from almost every faith. Our Board contributes $500 to the Lake Murray Ministry.

5. Our Youth Night at the 1970 Conference under the direction of our Board and assisted by The Shepherds was the highlight of the Conference. We had great speakers. About 2500 young people attended.

6. Our plans are about complete for a special youth service June 6, at Columbia College. Small group discussion will be used as well as a keynote speaker. We are expecting to have Dr. Sam Kamaleson of India as our speaker.

7. A committee has been appointed to plan a giant youth rally with about 10,000 attending in the University of S. C. Coliseum during the Conference year of 1971-72.

8. The Bishop's Convocation on Evangelism was held January 15-17, 1971. This Convocation was planned by the '85 and '66 Boards of Evangelism in cooperation with Bishop Paul Hardin, Jr. and other boards and agencies of our Conference. We felt that this was one of the great happenings in our Conference. Those who attended were inspired and thrilled.

9. A Committee composed of Rev. James Hall, Mr. B. F. Poole, and Rev. Robert J. Howell will visit our seminaries in our jurisdiction concerning the possibility of establishing a chair of Evangelism in these seminaries.

10. Our Board provides $550 for our District Directors of Evangelism for the evangelistic needs of their districts.

11. The Board of Evangelism contributes $125 to the Candler Camp Meeting and the Conference for District Directors and Conference Leaders held each summer at Lake Junaluska.

12. The S. C. Conference Board of Evangelism also contributes $100 to the Council on Evangelism.

13. Our Board has been contributing $1200 each year for payments and upkeep for the parsonage of the Program Council Chairman.

REPORT NO. 2

Evangelism Defined

Evangelism is the winning of persons to Jesus Christ as Savior and Lord. it is an attitude, a spirit, and a living faith that finds expression in a continuous cooperative effort on the part of the Holy Spirit and man to bring the individual into vital relationship with God and his fellowmen through faith in Jesus Christ, God's Son. It results in a definite personal experience of salvation, a growing sensitivity to the social relevance of the gospel, and a progressive building of Christlike character. It seeks to bring man into complete harmony with the will of God, into the fellowship of the Church, and into involvement in the world to be God's servant of reconciliation. It helps him to grow spiritually through the means of grace and to serve God in daily living.

Evangelism is the task of the whole Church. Every minister, department, agency, local church, and member of the United Methodist Church is responsible for its accomplishment.

The Report of the
FISCAL YEAR COMMITTEE

The Fiscal Year Committee of the Annual Conference '85, appointed by the Bishop upon recommendation of the Annual Conference of 1970, consists of the following: Dr. J. Carlisle Smiley, World Service; Dr. Wallace Fridy, Program Council; Reverend David Reese, Cabinet; Mr. Harry Kent and Mr. W. Judson Ready, Lay Activities; Dr. Allan Broome, Secretary The Annual Conference; Mr. S. C. Clarkson, Treasurer; Reverend Theus W. Rogers, Statistician; and Reverend D. E. Canaday, Rules Committee.

The duty of this committee is to consider the Calendar Year as The Fiscal and The Program Year to take effect January 1, 1973.

In view of the action as recommended by the General Conference of 1970, we present our recommendations. The Resolution from the General Conference is as follows:

The Calendar Year as the Program Year

WHEREAS: The adoption of the calendar year as the program year for The United Methodist Church would provide lead time for the implementation of program recommendations established at annual conference sessions in both the annual conferences and local churches;

WHEREAS: Program planning for the new year in local churches could take place in the summer months;

WHEREAS: Fiscal planning and a financial campaign could take place in the fall months;

WHEREAS: A minister newly appointed to a local church in May or June would have time to participate in the development and planning of the program for the new calendar year;

WHEREAS: The general church and the annual conference fiscal years are now the calendar year with many local churches moving to the calendar year as their fiscal year, since finances and statistics must now be reported on a calendar year;

WHEREAS: The programs planned for any program year are dependent upon the budget provided for their implementation, thus making it desirable for the program year and the fiscal year to correspond;

WHEREAS: It is highly desirable to have a common program year for the entire denomination;

RESOLVED: That effective January 1, 1973 the Program Year of The United Methodist Church shall correspond with the calendar year, and that this action shall be effective for all general, jurisdictional and annual conference boards and agencies and for local churches.

I. We recommend that the South Carolina Annual Conference '85 adopt the Calendar Year as the Fiscal and Program Year beginning January 1, 1973.

II. Accordingly, the Committee recommends that the following schedule be adopted leading up to January 1, 1973:

(A) The June 1971—May 1972 year to run from June 1, 1971 to May 31, 1972.

(B) A short year consisting of Seven Months to run from June 1, 1972 to December 31, 1972.

(C) The First Calendar Year to run from January 1, 1973 to December 31, 1973.

FUND FOR RECONCILIATION
RESOLUTION TO SOUTH CAROLINA
ANNUAL CONFERENCE '85

Whereas the General Conference adopted as the Quadrennial Emphasis, 1968-72, A NEW CHURCH FOR A NEW WORLD and recommended raising a special fund to be known as the Fund for Reconciliation in the amount of not less than $20,000,000, an over and above contribution from every member and congregation in United Methodism;

And, whereas 50 percent of the amount raised is to be retained by each episcopal area, and 50 percent is to be placed with the treasurer of the Council on World Service and Finance to be used at the direction of the Council of Bishops and the special Quadrennial Emphasis Committee for meeting emergency needs growing out of the crisis in the United States as well as for like emergency needs related to the mission of the church overseas, such as reconstruction in war ravaged areas;

And, whereas approximately $10,000,000 of this has been raised and paid with approximately $6,000,000 additional pledged, leaving an amount of $4,000,000 of new giving needed to achieve the $20,000,000 goal:

Be it resolved that the South Carolina Annual Conference reaffirms its participation in and support for the Fund for Reconciliation, and through its members and congregations seek to raise its fair share and more before the General Conference in Atlanta;

And, further, that it will in addition to other processes undergird its commitment by the following:

1. Urging churches and individuals who have pledged to the Fund to pay their pledges in full:
2. In appreciation for the concern of our Bishop for the raising of the Fund, urging that through the good offices of Bishop Paul Hardin Jr. and the District Superintendents, the claims of the Fund be brought to the attention of each church with the purpose of involving every member and congregation in the support of the Fund.
3. And in support of this need, making World Order Sunday, October 17, 1971, a day for emphasizing the Fund in each United Methodist Church, and where appropriate urging all pastors and churches to use this Sunday for pledge paying and additional giving in support of the Fund. (ie—Some churches indicated an intent to take up an offering each year of the quadrennium for the Fund)
4. Urging all churches to engage in the recommended study on **The Life and Teachings of Jesus.**
5. And, finally, reaffirming the South Carolina Conference's commitment to reconciliation as the mission of the church in the world, and to support of the Quadrennial Emphasis, A NEW CHURCH FOR A NEW WORLD.

HEALTH AND WELFARE MINISTRIES
REPORT NO. 1

Epworth Children's Home

On January 20, 1971 Epworth Children's Home observed its 75th birthday. On that day the second seventy-five years began its history and the first quarter of a century of service began to move toward one hundred years of "creative child care." On that day the Board of Trustees of Epworth Children's Home adopted resolutions recognizing this as the SEVENTY-FIFTH ANNIVERSARY YEAR OF EPWORTH CHILDREN'S HOME and newly inaugurated Governor of South Carolina, the Honorable John C. West, made it his first official act in office to recognize the service which Epworth has rendered during these years and to issue a challenge for the future.

These seventy-five years have not all been easy ones. From its meager beginning in 1896, it has grown, to be sure. Its outreach has greatly expanded. Its service has grown in quality. Its resources and good will has multiplied. But

a look at the history of Epworth reveals many hard and trying times as well as the good and prospreous. There have been times when its doors almost closed. It has struggled through wars and depressions, investigations and suspicions, indebtedness and want. On the other hand its history is filled with stories of lives of dedicated service, sacrifiicial and generous gifts, and lives of thousands made a little "more abundant" because it has lived and served.

What shall this last twenty-five years of a century of service bring forth? God only knows, but you and I hold in our grasp the full potential to make it still more glorious than all the rest. It is a new day because we have the means with which to support it, the understanding of the needs of those it serves to be of real help, and the knowledge of that which we have already done to give us the assurance that we can do that much more.

This has been a different year at Epworth. Different in that the service and scope of the program is different. Services have been broadened and expanded, and others have moved into finer quality. Additional services added in recent years have now been tested and tried and are proving themselves to be a part of the answer to the needs confronted.

During the year requests were received to assist a total of 284 children. Eighty of these became actual applications of service; 11 were referred to other agencies that could render a service more suitable to their needs; 86 were withdrawn: and 107 were closed. The 193 requests that were withdrawn and closed represent a part of the different in the program of Epworth in these days. Most of these were either withdrawn or closed, not because service could not be rendered, but because quality service was rendered and through long hours of work family problems were relieved and thus were kept together. The need to separate the children from family was thus removed.

Of those 80 requests that became actual applications, 32 of these were finally removed from their homes and families and provided care within the services of Epworth. But with additional work an additional 28 were kept within their own families. One of this number was referred to another agency for specialized care.

This past year represented the first full year of a temporary care service. This service is designed to give immediate care to the child that must be removed from his living situation immediately. The year was begun with only five children receiving service of this type but an additional 39 children were added during the full year of operation. Of this number, 13 were finally placed back with their own families, one was admitted to a treatment center; and 14 were admitted into other regular services of Epworth. This is proving to be one of the most valuable services Epworth has to offer.

One hundred fifty-three were cared for in the campus program (group care) during the year. Thirty-one children were admitted; three were discharged; one moved into family care; 25 transferred to post placement service; and there to higher education.

Another new service just under way is that of Family Home Care. This would better be recognized by many as Foster Home Care, but the different name is designed to describe a more complete service in this area. Epworth Children's Home is one of less than half a dozen in the nation who renders this type of service. The distinctive nature of this service is the actual employment of family homes which carries with it greater responsibility, more professional type of care, extensive training and supervision of family homes, and much greater stability. Because of the greater requirements these homes have been difficult to locate. The year was begun with only eight children in this type of placement but now that more homes are becoming available there will soon be a top number of 25 children in this type of care.

The 51 children who received service within their own families is still another addition to the services of Epworth of very recent years. No longer does Epworth send children home to relatives or dismiss them from group care, but Epworth goes home with them. When family problems are so severe that it becomes necessary to remove a child from relatives it is always an uphill climb to return the child and reestablish the stability of the family. During this period of time Epworth stays with the family and helps to make the best of the situation. Very often this service must continue for months and even years before the family can be "cut loose" to make it on its own.

The Family Counseling Service of Epworth, now in its second full year of operation, has centered on counseling, personal adjustment, and psychotherapy. Over 800 sessions have been held: 409 with families, 101 with adults, 264 with children, 21 with ministers, and 38 others. Even though there has been only one counselor available some 117 persons have been receiving assistance during the year from this service. There is much work in additional areas for this counselor and he has now reached the saturation point of service which he can render.

Through Epworth Children's Home, the Methodist Church in South Carolina is now providing service for dependent children and their families in a large variety of ways: temporary care, family services, group care, family counseling, psychotherapy with children and adolescents, post placement assistance, care and training for the retarded, work with the less-severe emotionally disturbed, higher education, vocational training, medical service, spiritual guidance, special education, education, recreational and leisure time activities, and referral services. No longer is it possible for the child with special needs to be fitted into a set pattern for relief, but the special need must be met with that which can overcome the difficulty.

Looking back over the seventy-five years of Epworth history there were times when it was nothing more than a place where neglected children could be placed and forgotten. The fare was meager and the days were long. The surroundings were bare and very often "more flour was taken from the bottom of the barrel than was being added to the top." This is not the Epworth of today. Every effort is put forth to make it a desirable place to live, even though the child or young person makes it a secnod choice. The Bishop, the District Superintendents, ministers and laymen seek it out as a desirable place to carry on much of their work. Children and adults, in countless numbers, worship in the Epworth Memorial Chapel, enjoy a good meal, and visit the beautiful campus. At Epworth The Methodist Family, and families of The Methodist Church needing help, get together more often, perhaps, than any where else in the bounds of South Carolina Methodism. It is a place of service for many. It is a place where a share of that which we have can be placed to make one of the great works of the church prosper and grow and become even a greater and more wonderful gift to all who share in its blessings.

REPORT NO. 2

THE METHODIST HOME—ORANGEBURG, SOUTH CAROLINA

Administrator is the correct title for the administrative officer of The Methodist Home, Orangeburg. The change became effective at the meeting of the Board of Trustees on September 8, 1970. Superintendent was the original title. The change is in line with the terminology used by governmental licensing agencies and the governing Boards of the United Methodist Church.

Construction on the new buildings is progressing satisfactorily. Residents, staff members and visitors observe these buildings as they take shape from day to day. This is a time of excitement and great anticipation. July 1, 1971 seems to be a conservative guesstimate for the opening date. A number of applications for the new facilities have already been received. They are anxiously awaiting the opening date. Some of these persons visit us frequently and inspect the progress of the construction.

The payment of Campaign pledges is essential if the Home is to pay commitments made for the building and furnishing of four new facilities and a mechanical building. Methodist of South Carolina pledged $2,500,000.00 to the Methodist Homes Campaign. A total of 60 percent of all pledges has been paid through February, 1971.

The Methodist Home, Orangeburg, floated a $500,000.00 bond issue to cover the difference between the total cost of construction and the anticipated revenue from the Campaign. The amount of bonds sold through February, 1971 is $304,700.00. It should be kept in mind that revenue from the bonds does not replace the campaign funds. Pledges must be paid in order to keep this Home from being responsible for a larger indebtedness.

It is our aim to make living at The Methodist Home a meaningful experience for all who desire to become a part of our family. This can be achieved in a Christian atmosphere as we give ourselves to unselfish service and as we recognize the dignity of each individual. One must look around us for a partial achievement of this goal. An example is a resident who entered the Home on May 1, 1962. She reared her family in Saluda County and her six children live in many parts of the world. She flies from one country to another on visits with her children. She returns with cheerful messages and she is always a good advocate of our ministry. Then, there is the former officer in the Chase Manhattan Bank, New York City, who said, "I do not know what would happen to me if it had not been for the little church in the community where I reared my family." One can never forget the ninety-five year old, with a rich background and a keen sense of humor, who placed her hand on the writer's shoulder and said, "Let's go and get a snort. You have been accused of everything else and you may as well be accused of being drunk."

Accommodations for retired persons will continue to be one of our principal services. The new facilities contain fifty-six (56) air-conditioned rooms and four (4) apartments for residential living. In addition, four (4) of the existing buildings, with seventy-eight (78) beds, will be used for this purpose. Harmon Hall, with thirty-four (34) beds will continue to serve as a personal care facility.

Intermediate care is a fairly new concept in the services provided older persons. This level is designed to give partial assistance to older persons who are not ready for nursing care, but who are unable to live in the residential care area. We began to experiment with this level in 1966, when Whetsell Hall became the center of this activity. Later, Harmon Hall became the facility for this project. The new Intermediate care facility has been approved by the State Board of Health. It will have forty-four (44) beds. Our services in this area will be enlarged and improved. The goal is a licensed nurse on each shift and a minimum of fifteen (15) aides. This is more than the minimum staff required for licensing this facility.

Nursing Care is essential in the operation of an agency for older persons. We will continue to operate our fifty-one (51) bed licensed nursing home, commonly known as "Hoffmeyer" Infirmary. We have ten (10) full-time and three (3) part-time licensed nurses on our staff. One of these is a full-time Director of Nursing Services. There are twenty-one (21) full-time and four (4) part-time orderlies and aides on our staff. The Medical Committee of the Board of Trustees has made plans for a "Director of Nursing Services" for all levels of care in our Home. Also, both the nursing home and the intermediate care facility will be supervised by a registered nurse. All of this will be in addition to the other staff members, plus two staff physicians.

Good nutrition is also essential in the operation of a facility for older persons. A licensed dietician will serve as dietary consultant. This program will be under a food supervisor. All meals will be prepared in a central kitchen. Dining areas have been prepared for each level of care. We will move away from regimentation in food service. Meal service will be staggered so that residents will have some freedom of choice as to the time they will eat a particular meal. There will also be a larger selection from which to choose. Our old American plan gives little freedom of choice in time or food selection.

Religious services have always been a part of the life of this Home. We conduct Church School and Worship Services in the Chapel each Sunday morning. There is also a noon-day Chapel Service each Wednesday. Numerous discussion and prayer groups are held on the campus each week. Some are initiated by the residents and others are under the supervision of the Chaplain, a hostess or some interested person. Many church, civic and community groups bring a variety of interesting programs to the Home. These visitors always receive a warm welcome from the residents.

The Board of Trustees has asked the Bishop and his Cabinet to assign a full-time Chaplain-Program Director to the Home for the ensuing Conference year. This person would improve and enlarge the religious services and all programs designed to enrich the lives of our people. One area of special emphasis will be the improvement of arts and crafts for which special space will be provided in the new facilities. It is our hope that older persons living alone

in the greater Orangeburg area can be encouraged to visit the Home daily where they can participate in the program and receive one hot meal each day.

The Support Fund, special gifts, memorials and bequests are the means by which this Home is able to provide care for older persons receiving a restricted income.

CELLIS L. WOODARD, Administrator

REPORT NO. 3

Greenwood Methodist Home

It is a pleasure and a privilege to present to the Annual Conference this third report of the Greenwood Methodist Home. It has been a year of exciting work, some frustrations, but always a time of thanksgiving for what this new arm of South Carolina Methodism is and can become! Permit me to share with you a few of the highlights of this year.

Report of the Board of Trustees

This has been another year of hard work for our Board of Trustees. Policies have been established, rates for the nursing service set, and a course for the future has been carefully charted. Although the Home's By-Laws provide for at least two meetings of the Board each year, the Board has met four times in order to accomplish the great volume of work relating to these early stages of the Home's development. Truly, this a **working** Board!

Officers elected to lead the Board in its work for the second year were: W. Harry Chandler, President; Bruce R. Sigmon, Vice-Chairman; R. B. Carry, Jr., Secretary; and Brooks S. Stuart, Treasurer.

The Annual Conference has responsibility for the election of the Trustees of the Greenwood Home, on nomination from the Conference Board of Health and Welfare Ministries. Both the Conference Board and the Annual Conference can take pride in and feel a sense of security in the exceptional group of men elected to constitute the Board of Trustees of the Greenwood Home!

Nursing Center Operations

The first unit of the Greenwood Methodist Home—the Nursing Center—was completed and placed in service during April. Our original timetable called for the facility to be opened for service in January, but unforeseen delays forced us to postpone the reception of patients.

Completion of this splendid health care facility at a cost of more than $2,400,000.00, and opening it for service debt-free, represents a modern-day miracle! This Nursing Center and the service it renders are unexcelled anywhere in South Carolina; this greatly needed ministry to the aging is one to which South Carolina Methodism can point with pride.

It is early in our first year of operations for us to hazard a guess on how successful we will be in offering quality care at a moderate cost. The daily rate for service in the Nursing Center has been set at $16.50 for a private room with private bath, $16.00 for a private room with shared bath. The rate provides for room and board and all services except the patient's personal physician, prescribed drugs and prescribed physical therapy, and personal laundry. As a comparison, it can be pointed out that many nursing homes, both non-profit and profit-making, charge $25.00 per day for the same service. At this point we cannot say whether we can "stay out of the red" with our rates, but we intend to give it our best effort for the need for this service is great and the resources of most elderly nursing patients are severely limited.

Next Steps in the Development Plan

A long-range "Development Plan," prepared at the Direction of the Board of Trustees, was completed earlier this Spring by LBC&W Associates of Columbia. This "Development Plan" sets forth the "concepts" which will govern the orderly growth of the Greenwood Home over the next two decades. The plan envisions the growth of the Home from its first building (the Nursing Center) to completion of a wide variety of residential accommodations that will equip the Home to render a broad ministry to the aging through a modern Retirement Center. The theme enunciated by the plan is that the Greenwood Methodist Home is an attractive setting in which persons can find the fulfillment of life in the retirement years; it is not a "staging area" where the elderly sit out life's end, waiting to die.

It is the intention of the Board of Trustees to move into the construction of residential facilities as quickly as necessary architectural and engineering plans can be completed and as soon as sound methods of financing specific projects can be arranged. It is anticipated that several cottages will be constructed before the end of 1971, and study is now being given to erecting some additional type of accommodation, perhaps the first of the Central Residence Buildings. Careful planning requires great amounts of time, but such planning is the prerequisite for success; the Greenwood Home's Trustees will plan with care and implement plans with caution, mindful that everything cannot be done in the brief span of a year or two.

Interpreting This Ministry and Giving It Support

As we face the years immediately ahead there is going to be an increasing demand for the unique ministry which our Church-owned Homes for the Aging are equipped to offer. Correspondingly, there is going to be an ever-increasing need for interpreting this ministry and for encouraging its support. Our Homes for the Aging must be enabled by our support to offer a life-enriching Christian ministry on their campuses, both for those persons who can "pay their way" and for those who cannot. In addition, our Homes for the Aging need to take the steps that our Children's Homes are beginning to take: the extension of vital, life-giving services beyond the bounds of the Home's campus! We cannot hope to care for every retiree and every elderly person in an institutional setting, but with bold, new, imaginative programs we can enable many of these persons to live in comfort and dignity in their own homes off the campus.

To undergird our Homes for vital services, we need to re-double our efforts to produce monies for the Support Fund; we need to tackle anew the task of attaining the $2,500,000.00 goal of the Methodist Homes Campaign; we need to make a place in our Wills and Bequests for those "gifts that continue to give." While it is true that money is not everything and will not do everything, we have not yet discovered ways to get along without it. Our Methodist Homes need generous, continuing financial support to fulfill the ministries committed to them.

In Appreciation

In conclusion, let me say on behalf of our Board of Trustees that we are genuinely grateful for every measure of help that has been directed to the Greenwood Methodist Home: service, counsel, gifts large and small, patience, understanding. We feel the sure Hand of Providence guiding the life of this fledgling institution, and as the President of our Board has often commented, the early years of the Greenwood Home's life were fraught with problems that would have brought failure had we been relying on the works of man! But God has blessed us on our way and has given us a mission and a ministry! We acknowledge this in a spirit of thanksgiving for what He has done and for what you have done.

Respectfully submitted,

REPORT NO. 4

Methodist Homes Campaign Continuing Committee

The Conference has assigned to the Methodist Homes Campaign Continuing Committee responsibility for promoting the successful completion of capital funds drive for the benefit of our Methodist Homes at Orangeburg and Greenwood. Authorized by the Annual Conference in session at Charleston in June 1967, the Campaign was launched with a subscription drive in the Spring of 1968. The original plan for the Campaign envisioned the "paying out" of pledges over a three year period.

The Continuing Committee has sought to discharge its responsibility during Conference Year 1970-71 by:

(1) Maintaining an office, on a part-time basis, at The Methodist Home, Orangeburg, with Mrs. Nancy T. Faulling serving as Director;

(2) Issuing Quarterly Reports to the Churches of the Conference in order to keep them informed on their progress toward fulfillment of their pledges to the Campaign;

(3) Preparation and distribution of promotional materials for use in every local Church during March, 1971, which was a time of Methodist Homes Campaign Emphasis; and

(4) In cooperation with Staff Members of the Methodist Homes, serving as a leadership resource to local Churches in promoting the cause of the Campaign and of the Homes.

Campaign Goals

At the conclusion of the Pledge Period in May 1968, a total of $2,594,658.50 had been subscribed to the Methodist Homes Campaign. Under the terms of the Campaign, 25 percent of the total was designated for the new Greenwood Methodist Home and 75 percent was designated for the new construction to be undertaken at The Methodist Home, Orangeburg.

Campaign Performance

Through March 31, 1971, payments to the Methodist Homes Campaign have Totaled $1,589,394.51. With collections averaging approximately $40,000.00 per month, it is apparent that the goal of the Campaign will not have been realized by the close of the 1970-71 Conference Year.

The Urgency of the Need

The Trustees of our Methodist Homes have undertaken bold, imaginative, inspiring construction plans which will equip the Homes with the facilities required for an adequate ministry to the aging. This construction represents an investment of nearly four and one half million dollars, and **it has been undertaken primarily on the faith that the goal of the Methodist Homes Campaign will be realized!** At Orangeburg it has been necessary to borrow funds and sell bonds in order to meet construction obligations; at Greenwood, the Nursing Center of the Home has begun its operation without the funds needed to meet anticipated deficits during initial months of service. The need for keeping faith with the pledges made to the Homes in the Campaign is urgent!

Recommendations

In the light of urgent need for the construction funds represented by the Methodist Homes Campaign, and in consideration of the fact that the goal of the Campaign has not been attained, the Continuing Committee recommends to the Conference that:

(1) Promotional efforts to realize the goal of the Campaign be continued through the coming Conference year until the goal has been realized in full, or until it becomes apparent that such efforts are costing more than they are producing;

(2) Conference Year 1971-72 be designated a "year of renewal and recommitment" on the part of every Methodist and every local Church, to the end that total Campaign contributions will reach a minimum level of $2,250,000.00 by May 31, 1972;

(3) Every South Carolina Methodist be encouraged to examine his personal pledge (or that of his local Church) with a view to devising a plan for the payment of the pledge in full; or if the pledge has already been paid in full, consider the possibility of continued contributions so that the Conference goal can be met in full; and

(4) The service of the Continuing Committee be continued to keep alive the commitment we have all made to our Methodist Homes through the Campaign.

Operating Budget for the Committee for 1971-72

For the ensuing Conference Year, the Continuing Committee submits the following Operating Budget:

Salaries and Office Expense	$2,000.00

Five nursing scholarships of $300 each, are provided by Golden Cross. We feel this is an excellent way to minister to the health and welfare needs of Methodists in South Carolina. Funds from Golden Cross are used to help with medical assistance for needy Methodists in our conference. Funds are used for repair, upkeep, and insurance of our eleven homes for retired ministers. Each church is asked to place Golden Cross in their budget or to receive an offering for Golden Cross, the first week in December.

Commission on INSURANCE

REPORT NO. 1

The Conference Insurance Program

The Insurance Program of the South Carolina Conference is designed to provide the ministerial members of the Conference and their dependents a comprehensive plan for major medical and life insurance. The program is administered through a group plan underwritten by The Prudential Insurance Company of America and supervised by the Commission on Insurance. Eligible for coverage under the program are all ministerial members of the Conference, whether active, retired, or seminarians, and qualified dependents of these Conference members. Certain lay persons, who are full time employees of the Conference, are also granted coverage. In seeking coverage, an applicant is required to give proof of insurability. Eligibility requirements are set forth in detail in a guidebook, **Your Group Insurance Plan**, published by the Commission. This guidebook is available free of charge from the Office of Ministerial Affairs, Post Office Box 11284, Columbia, South Carolina 29211.

Since an objective of the Insurance Program is to provide a plan of comprehensive insurance coverage, the requirement is made that all participants in the Program enroll for both life insurance and major medical/hospital insurance.

This Insurance Program is continuously reviewed and analyzed by the Commission on Insurance, the Administrator of Ministerial Affairs, and the Prudential Insurance Company of America. Coverage is upgraded periodically in order to keep the Program strong and in order to provide coverage that is adequate to meet the financial demands of a changing economy.

REPORT NO. 3

Major Medical/Hospital Insurance Benefits

The Major Medical/Hospital Plan of the Conference Insurance Program provides benefits for reasonable charges incurred by the insured or a covered dependent while receiving hospital services, treatments and supplies ordered by a physician. The plan provides for payment of the first $1,000 of eligible expenses, and 80 percent of all other eligible expenses over $1,000, up to a lifetime maximum of $30,000 for each employee and each insured dependent covered under the plan. Provision is also made for coverage for certain services rendered outside of the hospital, accidental injury and maternity benefits.

The coverage for retired ministers is reduced to a lifetime maximum of $15,000 for the insured and each eligible dependent, or to the remaining unused portion of the $30,000 benefit limit provided before retirement, whichever is the lesser amount.

Other details of the Major Medical Expense Plan are contained in the guidebook, "Your Group Insurance Plan."

REPORT NO. 4

Medicare Benefits

Medicare is a Federal health insurance plan, administered under the Social Security Act, for the benefit of persons 65 years of age or older. The Medicare Program consists of two parts: (A) Hospital Insurance, designed to pay for hospital and related health services; and (B) Medical Insurance, designed to pay for physicians' services and related medical services. Under terms of the Medicare Program, Hospital Insurance (Part A) is provided for all persons insured under the plan; the Medical Insurance (Part B) is an optional feature for which the insured pays a stated monthly premium.

The Conference Insurance Program is so designed that it provides certain benefits which begin at the point where Medicare coverage terminates, and, in addition, makes provision for some benefits not covered by Medicare at all. Therefore, it is expected that all ministers 65 and over, or whose wives are 65 and over, will enroll in the health insurance plan provided by Medicare. Further, it is expected that those eligible for Medicare will enroll in the full program (Part A and Part B) in order to derive the maximum benefit afforded by Medicare.

Inasmuch as insurance coverage for eligible retirees is provided for them by the Conference without cost to the insured, it is imperative that all retirees seek Medicare coverage upon attaining the age of 65.

A handbook explaining the provisions of Medicare is available from any District Office of the Social Security Administration.

REPORT NO. 5

Administrative Procedures

Billing: The Administrator of Ministerial Affairs sends a quarterly statement to everyone enrolled in the Conference Insurance Program. Statements are mailed in February, May, August and November. Although statements are mailed quarterly, payments for premiums may be made on a monthly basis. Bank drafts and post-dated checks may be used in making premium payments, if desired.

Cancellation of Coverage: It is imperative that each participant in the Conference Insurance Program keep his premium payments current. The Commission on Insurance has instructed the Administrator of Ministerial Affairs to cancel the insurance coverage of any participant who does not pay his premium by the end of the Quarter for which he has been billed.

Ministers Serving Special Appointments: For purpose of proper cost analysis, it is required that all Conference Boards and Agencies, served by ministers and others eligible for insurance, pay for the "institutional share" of the insured's premium (the "institutional share" for ministers serving Churches is paid through the World Service and Finance appropriation directed to the Conference Insurance Program). This provision shall apply to the District Superintendents, those serving Methodist colleges and other institutions and agencies operating under Boards of Trustees, and those serving institutions and agencies outside the Annual Conference should they elect coverage under the Conference Insurance Program. This requirement shall apply also to ministerial students who attend graduate schools for studies beyond the basic seminary degree level i. e., the B. D. Degree or its equivalent). In every case the full cost of coverage must be paid by the insured, his employer, or through the combined payments of the insured and his employer.

Premium Payments: Premium payments shall be made in accordance with the instructions printed on the Quarterly "Statement of Account."

Application for Insurance Coverage: Applications for enrollment in the Conference Insurance Program are available from the Administrator of Ministerial Affairs. No medical examination will be required for new members of the Conference, provided they make application for coverage within 31 days after they become eligible for participation in the Conference Insurance Program. Individuals making less than $5,000 per annum will be covered by $2,000 Life Insurance but will not be eligible for Term and Paid-Up coverage.

Coverage under the Major Medical/Hospital Insurance shall be the same as for all other persons covered, and all provisions governing eligibility for the Conference Insurance Program shall apply.

Claims Procedure: The cost of medical care continues to rise, therefore, the Office of Ministerial Affairs and The Prudential Insurance Company of America audit every claim with great care. Conference Insurance Program participants can render valuable assistance in the claims process by: (1) making certain that they have received all of the services for which they are requesting payment; (2) supplying the documentation required to validate their claims; and (3) refraining from asking reimbursement for services clearly excluded under terms of the Insurance Program.

REPORT NO. 6

Coverage for Lay Employees

The Commission on Insurance receives, from time to time, requests from Conference boards and agencies for insurance coverage for lay employees. Accordingly, the Commission has adopted the following policy in this connection:

Conference Insurance coverage is available to all employees of the United Methodist Church directly related to the South Carolina Annual Conference, who are not under the direction of a Board of Trustees, provided the employee (the insured) and the agency concerned bear their full share of the cost of the insurance.

Individuals making less than $5,000 per annum will be covered by $2,000 Life Insurance but will not be eligible for Term and Paid-Up coverage.

Coverage under the Major Medical Hospital Insurance shall be the same as for all other persons covered, and all provisions governing eligibility for the Conference Insurance Program shall apply.

REPORT NO. 7

Coordination of Benefits

The purpose of health care insurance is to help meet actual expenses. In line with that purpose, the Conference Insurance Program contains a non-profit provision which coordinates our plan with other plans under which an individual is covered so that the total benefits available will not exceed 100 percent of the allowable expenses. Under this plan if a dependent, employee's wife is covered by another group plan, application for insurance benefits should first be made under the employee's own policy; then application may be made to the Conference Insurance Program for any additional benefits that might be due.

Strict adherence to this policy is essential if we are to maintain good benefits under our Program, at a reasonable cost. A detailed explanation of the "Coordination" provision is contained in "Your Group Insurance Plan."

REPORT NO. 8

Election of Administrator

In accordance with the Conference Standing Rules, Section XII, Paragraph 42, Donald A. Foster has been elected Administrator of Ministerial Affairs with responsibility for administering the Conference Insurance Program and the Conference Pension Program.

Board of the LAITY

REPORT NO. 1

The basic objective of the church as accepted by the General Board of the Laity is that all persons be aware of and grow in their understanding of God, especially of his redeeming love as revealed in Jesus Christ, and that they respond in faith and love—to the end that they may know who they

are and what their human situation means, increasingly identify themselves as sons of God and members of the Christian Community, live in the spirit of God in every relationship, fulfill their common discipleship in the world, and abide in the Christian hope.

The organization of the Conference Board of the Laity is established to reach for this objective, and within the bounds of this objective the Conference Board has, in past years, set goals. Some of these goals can be analyzed to determine the extent of accomplishment; with other goals, it is difficult to obtain the information necessary to analyze.

As an example of the successful attainment of a set goal, the recommendation by this Board that the Annual Conference give consideration to the adoption of calendar year basis for program and finance will be favorably reported to the Annual Conference this year by the special committee appointed to consider the idea. The Program Council has designated next year as a Year of Stewardship, following a recommendation by this Board, and the Council's report will be permeated with this idea as a theme for our work for the next conference year. The idea of a Bishop's Convocation on Stewardship is consistent with this general theme, and has been approved by a special committee appointed for this purpose.

We acknowledge the debt which the conference owes for the time and effort expended by our laymen in promoting the program of the church, and we thank Bishop Hardin and the members of his cabinet for their active support.

PROPOSED PLAN OF MERGER OF THE SOUTH CAROLINA CONFERENCE (1785) SOUTH CAROLINA CONFERENCE (1866) OF THE SOUTHEASTERN JURISDICTION THE UNITED METHODIST CHURCH

FOREWORD

You will find in the foreword a statement developed by all members of the merger committee who were present and voting at the last joint meeting. Those present agreed upon this statement, and voted to have their names listed with the statement. You will find their names listed herein.

This Proposed Plan of Merger is a product of the two South Carolina Conferences of the United Methodist Church. It was created out of the plans, the prayers and the persistent dialogue of 80 men and women who were appointed by the two bishops of the two conferences, to draw up a fair and equitable plan for the merging of those conferences after the General Conference voted to dissolve the Central jurisdiction and after the majority of the members, laymen and ministers, of all the annual conferences of the United Methodist Church ratified the action of the General Conference.

The action leading to the appointment of the Joint Committee on Merger was taken in the '85 (white) Conference on June 16, 1966. It is reported on page 94 of the Journal of that Conference.

Later, Bishop Paul Hardin, Jr., appointed 41 representatives of the '85 Conference, and Bishop Charles F. Golden appointed 39 representatives of the '66 Conference to draw up a fair and reasonable plan of merger which they would recommend to their respective conferences.

The names were published February 9, 1967.

Almost every provision of this plan has undergone repeated debate, discussion, amendment and refinement by these representatives of these two conferences, first in subcommittees representing various Conference boards and agencies and subsequently in the full Joint Committee on Merger. There have been numerous adjustments, changes and compromises ON BOTH SIDES to arrive at the first "PROPOSED PLAN OF MERGER."

This first proposed plan was submitted to all members of the two Annual Conferences at the Conference sessions of 1970, with the request that they be studied IN LOCAL CHURCHES, DISTRICT AND SUB-DISTRICTS GROUPS. Over 9,000 copies were distributed to the Methodists of South Carolina, in addition to its distribution in 27,000 copies of the **South Carolina Methodist Advocate.** It was suggested that black and white church leaders study and discuss these provisions IN JOINT SESSIONS. It was requested that any congregation, any church board or committee, any individual, might submit amendments, changes, substitutions to provisions contained in the plan.

Over 200 such communications suggesting modifications of the first proposed plan were received by the Joint Committee on Merger by December 31, 1970. In addition, part of two days was given to hearings by the Joint Committee FROM ANY AND ALL WHO WISHED TO MAKE RECOMMENDATIONS PERSONALLY.

All these were read, heard, examined and classified by members of the Joint Committee and the WHOLE PLAN was again reviewed in the light of these suggestions.

This present plan represents refinements and further amendments made by the 80 members of these two committees chosen by the two bishops to represent the members of the two South Carolina Conferences. It is a PROPOSED AGREEMENT arrived at jointly. AFTER GIVING OPPORTUNITY TO ANY AND EVERY UNITED METHODIST IN SOUTH CAROLINA AN OPPORTUNITY, EVEN A SOLICITATION, to recommend changes. In the light of this extensive deliberation, adjustment and refinement, we the members of the Joint Committee on Merger submit this Proposed Plan of Merger, revised and adjusted in keeping with recommendations solicited from the 240,000 members of the two South Carolina Conferences, to the members of those Conferences. We commend it to our fellow Conference members under whose directions and instruction we have labored and prayed over these months since 1966, as the fairest and most considerate plan we could devise on your behalf. We ask you to consider it in the spirit of reason and humility that enabled us to develop it together. We recommend that it be adopted by both Conferences.

I. PREAMBLE

As we prepare for the merger of the two South Carolina Conferences of The United Methodist Church, the question of "Why" is more important than "How." For if we see clearly why it should be done, men of good will and Christians of honest intent will work diligently and faithfully in achieving merger.

Our history we cannot escape and our differences as a people we cannot ignore, but of greater significance is our bond in Christ. Out of a past of separateness, the South Carolina Conferences of The United Methodist Church seek to serve the demands of the present age. As people of God, will respond in love to His Word and His will as we seek our way in a new Church.

Our emerging understanding of the commission of our Lord and His prayer: "That they may all be one; as Thou, Father, art in me, and I in Thee, that they may also be one in us: THAT THE WORLD MAY BELIEVE THAT THOU HAST SENT ME" (John 17:21) daily confronts us with spiritually searching questions about our separateness:

1. Will not wholeness more effectively witness as "the body of Christ" and win men to Him as Lord and Savior in a secularistic world? (Romans 12)
2. Would not open doors to brotherhood be more conducive to the full presence of the Holy Spirit and the enrichment of the spiritual lives of our brethren of both races? (Ephesians 4:1-7)
3. Will not a united Church work more effectively in developing a climate of support which will make universal equality and justice a reality? (Galations 5:13-26)
4. Are there not qualities of mind and heart within each race which are needed by the other for growth toward spiritual maturity and mutual trust and respect? (Philippians 2:1-11)

As Biblical foundations for our movement toward an inclusive Church we cite the following passages from The Word of God:

"Our Father" from the Lord's Prayer. (Mathew 6:9)

The High Priestly Prayer in John 17 ". . . that they may be one."

"(God) . . . hath made of one blood all nations of men for to dwell on all the face of the earth" in which we find our common origin (Acts 17:26)

"By this shall all men know that ye are my disciples, if ye have love one to another" in which Jesus establishes the one proper relationship between His followers. (John 13:35)

". . . If any one is in Christ, he is a new creation: the old has passed away, behold, the new has come. All this is from God, who through Christ reconciled us to himself and gave us the ministry of reconciliation; that is, God was in Christ reconciling the world to himself, not counting their trespasses against them, and entrusting to us the message of reconciliation." (II Cor. 5:17-19)

We concur in the statement of purpose of the Board of Education and the objectives of the Board of Education and the objectives of the Board of the Laity as expressed in **The Book of Discipline,** both of which state: ". . . that all persons be aware of and grow in their understanding of God, especially of His redeeming love as revealed in Jesus Christ, and that they respond in faith and love, to the end that they may know who they are and what their human situation means, increasingly identify themselves as sons of God in every relationship, fulfill their common discipleship in the world, and abide in the Christian hope."

We reaffirm the spirit and intent expressed in Article IV of the Constitution that "The United Methodist Church is a part of the Church Universal which is one Body in Christ. Therefore all persons, without regard to race, color, national origin, or economic condition, shall be eligible to attend its worship services, to participate in its programs, and, when they take the appropriate vows, to be admitted into its membership in any local church in the connection. In The United Methodist Church no conference or other

organizational unit of the Church shall be structured so as to exclude any member or any constituent body of the Church because of race, color, national origin, or economic condition." (**The Book of Discipline,** The Constitution, Part I. Division I, Article IV.)

With the foregoing as a basis for our concern, we proceed with faith in the task before us "to move men to live in awareness of the presence and life-giving power of God's Holy Spirit, in acknowledgement of His rule over earthly history and in confident expectation of the ultimate consummation of His purpose." (**The Book of Discipline,** Par. 1277.5)

Therefore, we, the people of The United Methodist Church residing in the Columbia Episcopal Area, serving one Lord whose Gospel declares that in Christ there is neither Greek nor barbarian, bond nor free, male nor female, but that all of us are without distinction the children of God whose love is all-inclusive, do now declare our earnest hope that The United Methodist Church in our Area shall truly become an inclusive Church, and that together, under the Holy Spirit, the participating Conferences may find God's will for a better way of service.

II. PROPOSED RESOLUTION OF MERGER

Whereas, The United Methodist Church has declared its intention to eliminate all forms of racial structure from its organizations and to work toward a truly inclusive fellowship; and further, the annual conferences of the Columbia Episcopal Area have resolved to work toward merger; and whereas merger of these Conferences should preserve the historical and religious integrity and heritage of the peoples making up these conferences; therefore be it resolved that,

A. The South Carolina Conference of 1785 and the South Carolina Conference of 1866 shall be merged into one annual conference to be known as the South Carolina Annual Conference of The United Methodist Church.

B. This merger shall be accomplished in accordance with the provisions of the Plan of Merger which accompanies this resolution.

C. Merger shall be celebrated and become effective at a uniting conference called by the presiding Bishop. The new Annual Conference shall be organized in accordance with **The Book of Discipline** of The United Methodist Church and the Plan of Merger herewith submitted.

III. PLAN OF MERGER

A. Conference Structure

1. a. In the beginning of merger elective members of the conference boards, commissions, committees, and lay and ministerial delegates to General and Jurisdictional Conferences, shall be on a ratio of the approximate percentage of members of the former 1785 and 1866 conferences for a period of twelve years. Nothing herein shall preclude laymen joining a church of the conference after merger or clerical members joining the conference after merger from becoming members of any board, commission, or committee so long as the ratio of majority and minority groups is maintained. During this period, in the election of district lay leaders and two associates for each district (who become members of the Conference Board of the Laity), at least one of the three shall be elected from each of the former conferences, where feasible.

   b. The General and Jurisdictional Conference delegates as elected in 1971 shall be the delegates for the 1972-1976 quadrennium.

2. Until the new annual conference's standing rules are adopted the Committee on Nominations shall consist of the two Committees on Nominations of the merging conferences.

The presiding Bishop is requested to appoint a follow-up Committee on Merger, with representation from the two former conferences, to consider emerging concerns and developments relating to merger of the two conferences which have not been anticipated or provided for in the Plan of Merger.

IV. PURPOSE AND USE OF THIS DOCUMENT

A. The Plan of Merger is to provide a basis for responsible study and discussion by members of the annual conferences and by all members of The United Methodist Church in South Carolina at district, sub-district, and local church levels. At the 1971 sessions, this plan will be presented for consideration and action by the annual conferences. Merger, if voted affirmatively by both of the conferences, would then be celebrated and organization of the new annual conference completed at a special session called by the presiding bishop.

B. This is the final revised document, and is now submitted for all lay and clerical delegates (and all Methodists) to study prior to vote at upcoming sessions of annual conference.

V. STEPS TOWARD MERGER

VI. SCOPE OF MERGER

A. By adopting this plan of merger, the two conferences of the Columbia Episcopal Area, under the authority of action by the Southeastern Jurisdictional Conference, create one new conference, to be named the South Carolina Annual Conference.

B. Merger of local churches and charges is a matter for action on the part of the congregations involved and for consideration under appropriate provisions of **The Book of Discipline** Par. 1547, 1548.

C. The question of the inclusiveness of the local church is covered under already existing provisions of **The Book of Discipline** Par. 107.

VII. ADDENDA

A. Financial Estimates

This Committee (listed below) met on Friday, February 19, 1971 to arrive at a fairly accurate estimate of the cost of merger insofar as the pension, insurance, and minimum salary costs are concerned. The figure we quote is as follows:

1. Insurance $26,000.00
2. Minimum salary $90,000.00
3. Pension $121,000.00

Total estimated cost of merger $237,000.00

The above figure has been determined after taking into consideration the TGAF Aid in the approximate amount of $107,000.00, and upon further assumption that the combined conference would meet their TGAF apportionment amounting to 13 cents per member. These figures projected on the basis of present method of operation. The proposed transition from the present Current Income Pension Program to the Ministers Reserve Pension Fund is not taken into consideration in the quoted figures.

B. PROCEDURAL SUGGESTIONS

The Merger Study Committee recommends to each conference that this Plan of Merger, after thorough study, be adopted. It is a good plan, it has been carefully worked out. Compromises and safeguards have been carefully placed in the plan. We know it is the best plan we can develop. We believe Methodism in South Carolina and United Methodism, in general, will be stronger and richer as we gain skills in working together.

The Merger Study Committee makes the following recommendations to the South Carolina Annual Conferences 1785 and 1866 of the United Methodist Church:

1. Submit plan to both conferences. The plan as presently amended is the result of over four years study by committees from each conference, of wide discussion among the churches within each conference, and of careful review of all proposed changes. In its present form it is under consideration by each conference.
2. After discussion and debate on the merits of this plan we strongly recommend that the conferences vote on the plan as it is. Identical plans must pass each conference prior to merger.
3. If the Plan of Merger passes both conferences, the presiding bishop will call a uniting conference to complete the contract and the Plan of Merger will constitute the guidelines.
4. If the Plan of Merger fails to pass either conference, the Merger Study Committee recommends that the following procedure be followed:
   a. The conference so voting shall proceed in its current session to propose and pass a plan section by section.
   b. The conference shall then name a committee to work jointly with a corresponding committee from the other conference to develop a plan for presentation either to the conferences meeting separately or in a joint session meeting as separate conferences.

THE METHODIST NEWS CENTER, FOR THE COLUMBIA AREA OFFICE, METHODIST INFORMATION

The Rev. Barbee Parsons was elected chairman, replacing John Davenport who resigned at the time of his retirement from the Conference.

The Committee requests that World Service and Fniance Commission appropriate $1,000 for its work in 1971-72.

The Committee requests the privilege of submitting an additional report at the 1971 Annual Conference.

A. McKAY BRABHAM, JR.
Director, Columbia Area
Methodist Information

The Commission on

PUBLIC RELATIONS AND METHODIST INFORMATION

HISTORICAL PERSPECTIVE OF THE COMMISSION ON PUBLIC RELATIONS AND METHODIST INFORMATION:

At the Annual Conference session in Greenville, S. C., June, 1961, a report from a Special Study Committee on Promotion and Cultivation was adopted by the Conference which established the office of Director of Public Relations. The report reads:

> "It is recommended that the Editor of the Advocate become Director of Public Relations of Methodism in South Carolina, and that the Advocate office be a clearing house for the dissemination of information about Methodist churches and activities to all available news media in the state." **(p. 187, Journal and Yearbook of the S. C. Annual Conference of the Methodist Church, 1785.)**

When the Annual Conference took this action in June, 1961, the newly elected editor of the Advocate, was also serving as Chairman of the Television, Radio and Film Commission in the Annual Conference.

Following the adoption of the Special Study Committee report, the editor of the Advocate, the Conference Television, Radio and Film Commission and The Director of Public Relations were under the chairmanship of the same person. The dissemination of information about Methodist Churches and activities was therefore a coordinated activity.

At the General Conference Session in Dallas, Texas, April, 1968, the following legislation was adopted on behalf of the General Church structure:

> "There shall be a Commission on Public Relations and Methodist Information, which shall gather news of public interest concerning United Methodist activities and opinion and disseminate it through the secular press, the religious press, radio, television, and other legitimate media of public information; . . . . Care should be taken to nominate persons whose experience in public relations, journalism, advertising, radio, television, business or the church particularly qualifies them for this service . . . ." (pp. 443- , Par. 1392, **Discipline,** 1968)

> "The Commission shall be THE OFFICIAL GENERAL NEWS GATHERING AND DISTRIBUTING AGENCY FOR THE UNITED METHODIST CHURCH AND ITS GENERAL AGENCIES. It may arrange with other agencies for some persons in those organizations to represent the Commission in direct release of United Methodist news items to the religious and/or secular press." (p. 444, Par. 1395, **Discipline,** 1968.)

Provision for an Annual Conference Commission or Committee on Public Relations and Methodist Information was provided in the following manner:

> "There may be area, conference, and district Commissions or Committees on Public Relations and Methodist Information to be constituted or organized as the respective governing bodies may determine. Such Commissions or Committees shall be related to the general Commission. (p. 445, Par. 1936, **Discipline,** 1968.)

The South Carolina Conference, 1785, in session at Wofford College, June, 1968, exercised this authority and established the Commission on Public Relations and Methodist Information in accordance with the provisions of the Discipline. (See page 20, **Journal and Yearbook,** 1968.) At this same Annual Conference, the name of the Television, Radio, and Film Commission was changed to Television, Radio, and Film Communication and it became an auxiliary committee of the Conference Program Council.

Since 1968, the Director of Public Relations, the Conference Committee on TRAFCO, and the Commission on Public Relations and Methodist Information have attempted to define the separate areas of responsibility and coordinate the efforts of the three areas of concern for the purpose of disseminating information and cultivating public relations.

To comply with the new directives of the 1968 **Book of The Discipline,** the Committee on Interpretation was established as a mandatory committee of the Annual Conferences Program Council. The **Discipline** states:

> "In each Annual Conference Program Council, chosen by it there shall be a Committee on Interpretation.
>
> 1. Function. It shall in cooperation with the Council, promote the program of World Service and other general benevolence causes in the pastoral charges of the conference in cooperation with the Division of Interpretation of the General Program Council. It shall coordinate the promotion of all approved general and conference benevolence causes, including general and conference Advance Specials, the One Great Hour of Sharing, the Fellowship of Suffering and Service, the Interdenominational Cooperation Fund, and other general benevolence causes except as otherwise directed by the General Conference, and shall assign the responsibility for the promotion of approved causes that do not clearly belong to an existing agency. (P. 219, Par., 842, **Discipline,** 1968.)

IT IS NOW OBVIOUS THAT THERE IS DEFINITE NEED FOR A CLEAR, DESCRIPTIVE STATEMENT OF THE AREAS OF RESPONSIBILITY OF EACH OF THESE AGENCIES OF THE CHURCH.

IT IS THE PURPOSE OF THIS REPORT TO CLARIFY AREAS OF RESPONSIBILITY AND TO DEFINE RELATIONSHIPS IN ORDER THAT RESPONSIBLE GROUPS MAY SERVE THE NEEDS OF THE CHURCH COOPERATIVELY AND NOT COMPETITIVELY.

THE FOLLOWING INTERPRETATIONS ARE THEREFORE SUBMITTED ON THE BASIS OF THIS COMMISSION'S READING OF THE LEGISLATION OF THE GENERAL CHURCH RECORDED IN **THE BOOK OF THE DISCIPLINE, 1968.**

FIRST: THE COMMITTEE ON TELEVISION, RADIO AND FILM COMMUNICATION, commonly known as TRAFCO:

This Committee is understood as a technical service agency operating as a mandatory committee of the Program Council of the Annual Conference. (See Par. 843, P. 220, **Discipline.**)

SECOND: THE COMMITTEE ON INTERPRETATION:

The Committee on Interpretation is understood as a mandatory Committee of the Program Council of the Annual Conference charged with the interpretation and promotion of the benevolent program of the church in terms of financial support for the program of the conference. (Par. 842, pp. 219-220 **Discipline.**)

THIRD: THE DIRECTOR OF PUBLIC RELATIONS OF METHODISM IN SOUTH CAROLINA:

The Annual Conference of 1961, in authorizing the Editor of the Advocate to serve as Director of Public Relations of Methodism in South Carolina, united the two responsibilities of Methodist Information and Public Relations and the editorship of the Advocate in one person. According to the established custom, he is elected as Editor by the Board of Trustees of the South Carolina Methodist Advocate and he is appointed to this office by the Bishop.

In fulfilling the dual task assigned to him, the office has become that of Director-Editor. In this capacity, he describes his understanding of this relationship and the responsibilities as follows:

"My role as DIRECTOR-EDITOR is understood to be first: That of interpreting the life and work of the church to the world at large, and second: That of interpreting the national and ecumenical life and work of the church to South Carolina Methodist.

"First: As an interpretation of the life and work of the church to the world at large, a news service known as The Methodist News Center has been developed and maintained. Through this Center the secular press and broadcast media in South Carolina, and adjoining states, have been provided with news releases. Also, subscriptions to the S. C. Methodist Advocate have been provided for all radio and television stations, and daily and weekly newspapers, in South Carolina from the budget of the News Center.

"As Press Secretary of the Annual Conference, press facilities have been maintained during Annual Conference sessions, serving the secular media, and in cooperation with TRAFCO, assisting the broadcast media.

"A professional working relationship has been sought with the secular press and broadcast media through membership in the South Carolina Press Association, and the South Carolina Broadcasters Association, and through other personal contacts as a member of the press.

"Information has also been supplied to the Bureaus of the General Commission on Public Relations and Methodist Information.

"Second: Interpretation of the National and Ecumenical Life and Work of the church to South Carolina Methodists:

"As Editor of the South Carolina Methodist Advocate, the effort has been made to see that the wider constituency of the United Methodist Church in South Carolina has been faced with the implications of membership in the world Christian fellowship. At the same time, an attempt has been made to fulfill the Conference mandate contained in the "EDITORIAL POLICY" adopted by the Annual Conference in 1964 for the Advocate which calls for the Advocate to be an open forum for the discussion of issues facing the church."

IN ORDER TO REALIZE THE GOAL OF THE COMMISSION ON PUBLIC RELATIONS AND METHODIST INFORMATION FOR THE SEVERAL INTERESTED GROUPS INVOLVED IN THE ACQUISITION AND THE DISSEMINATION OF INFORMATION IN THE ANNUAL CONFERENCE, THE FOLLOWING RECOMMENDATION IS SUBMITTED TO THE ANNUAL CONFERENCE:

"WE RECOMMEND THE FORMATION OF AN AD HOC COMMITTEE ON COMMUNICATIONS WHICH WILL REPORT TO THE ANNUAL CONFERENCE OF 1972. THE PURPOSE OF THIS COMMITTEE SHALL BE TO REVIEW THE NEED FOR A UNIFORM AND EFFECTIVE COMMUNICATIONS POLICY TAKING INTO ACCOUNT THE SEVERAL AGENCIES WITHIN THE ANNUAL CONFERENCE INVOLVED IN THE ACQUISITION AND DISSEMINATION OF INFORMATION AND PROVIDE THE ANNUAL CONFERENCE WITH A RECOMMENDATION THAT WILL UNITE THE CONCERNS OF THESE GROUPS AND ENABLE THEM TO SERVE THE NEEDS OF THE UNITED METHODIST CHURCH IN SOUTH CAROLINA MORE EFFECTIVELY. THE MEMBERSHIP OF THIS AD HOC COMMITTEE IS TO BE MADE UP OF THE FOLLOWING PERSONS:

The Chairman of the Board of Trustees of The South Carolina Methodist Advocate, or a representative from the board named by him.

The Chairman of the Committee on Television, Radio, and Film Communication of the Program Council, or a representative of this Committee named by him.

The Chairman of the Conference Committee on Publishing Interests or a representative of this Committee named by him.

The Chairman and Vice Chairman of the Conference Program Council.

The Chairman of the Committee on Interpretation of the Program Council or a representative of this committee named by him.

The Editor of the South Carolina Methodist Advocate.

The Chairman of the Commission on Methodist Information and Public Relations, or a representative of this Commission named by him.

THE COST OF THE AD HOC COMMITTEE TO BE BORN BY THE RESPECTIVE BOARDS AND AGENCIES OF THE MEMBERS OF THE COMMITTEE.

THE CHAIRMAN OF THE COMMISSION ON PUBLIC RELATIONS AND METHODIST INFORMATION WILL SERVE AS CONVENER OF THE COMMITTEE.

THE COMMITTEE WILL MEET AT 10:00 A.M., IN THE CONFERENCE ROOM OF THE METHODIST BUILDING, 1420 LADY STREET, ON THURSDAY, SEPTEMBER 23rd, 1971.

Respectfully submitted,
BARBEE O. PARSONS, Chairman

Report of the Commission on

MINIMUM SALARY

Whereas, the DISCIPLINE of 1968, paragraph 920, provides for fixing a minimum salary by the Annual Conference, therefore be it resolved: That the South Carolina Annual Conference fix its minimum salary according to this following scale to become effective on the adjournment of this conference session and continue until changed by the Annual Conference.

The Commission on Minimum Salary looking to the future of South Carolina Methodist recommends the following simplified salary scale which will enable all churches and ministers to easily ascertain the Minimum Salary Schedule:

A. 1. Minimum Salary of Effective Member of Annual Conference will be $7,500 plus $500 for travel, making a total of $8,000.

2. Minimum Salary for Probationary Members will be $6,500 plus $500 for travel, making a total of $7,000.

3. Minimum Salary for Associate Member will be $6,000 plus $500 for travel, making a total of $6,500.

4. Minimum Salary for Lay Pastor will be $5,000 plus $500 for travel, making a total of $5,500.

5. If a man has been in the Conference for fifteen years as an Effective Member, $500 will be added to his Minimum making a total of $8,500.

The new schedule means the average man on Minimum Salary will receive an approximate $500 increase. No minister will receive less in '71-'72 Minimum Salary than he is receiving during 1970-'71.

The Commission on Minimum Salary will not assist churches who employ Assistant or Associate Pastors.

Student pastors will be considered by the District Superintendent and the Commission on Minimum Salary as separate cases and according to situations.

B. The District Superintendent shall recommend the adjusted amounts which must be approved by the Commission on Minimum Salary before payment can be made. Any person shall be considered a student pastor if he is enrolled in an accredited college or seminary for a degree.

C. It is recommended that if a charge is to receive Minimum Salary help, it should have a minimum of 150 members for a student pastor or 300 members for full time pastor, except in the case of a church extension situation approved by the Board of Missions and Church Extension as such or an urban work situation approved by the Urban Work Committee of the Board of Missions. Also, neither side of a split charge should be on Minimum Salary unless one side is clearly designated church extension situation, approved by the Board of Missions and Church Extension.

(a) It is the policy of Minimum Salary to support a church for three years. Exceptional cases for an extended period will be considered upon recommendation of the District Superintendent to the Commission on Minimum Salary. (This will not apply to church extension situations.)

D. Be it resolved that the Annual Conference through its Minimum Salary funds shall not pay in excess of 35 percent of the above amounts. The local churches shall be encouraged to pay the other 65 percent, but this resolution will not hinder the Board of Missions and Church Extension or other agencies of the church from making appropriations from its discretionary funds. Exception to this resolution will be allowed under the following conditions:

(a) The church must meet all the requirements of Minimum Salary Commission.

(b) The official board of the said church must declare in writing to the District Superintendent that the above requirement having been met, it cannot pay the 65 percent.

(c) The District Superintendent and the Cabinet must recommend this exception unanimously.

E. Be it further resolved that $2,000 be set aside as a discretionary fund to be administered by the Commission on Minimum Salary on application of the District Superintendent.

F. Minimum Salary funds shall be dispersed at the end of each month, and shall be given only to the minister involved.

4th Year: The salary for the fourth year depends on the amount received the third year. At the beginning of the fourth year, the newly established work must assume three-fourths of the Director's salary, if possible.

Respectfully submitted,
MICHAEL WATSON, Chairman
JOHN W. ROBINSON, Secretary

The Committee on
MINISTERIAL EDUCATION—THE BOARD OF THE MINISTRY

"I will finish school this year, and my family will be coming back to the South Carolina Conference for an appointment. I do not believe we could have made it financially without help from the Ministerial Education Fund."

The above quote is heard very often as we visit the Duke and Emory students in seminary. Many of our local churches look upon this giving as "Just another item". Please do not feel this way. This is some of the best money we invest in our total program.

Our committee has granted aid to 25 students for a total of more than $15,000. (Our number of students was down this year.) Our income was approximately $18,000. Our total giving under the 2 percent and the 1-1/2 percent was about a $25,000 increase.

We have cancelled notes for 13 men who have met the requirement of serving in our conference for four years in Full Connection. This total amount was $16,510.

Next year we hope to be able to offer several substantial scholarship grants to students who desire to be full-time students.

Our appreciation to all Methodist and their pastors who have helped in promoting the Ministerial Education Fund.

Respectfully submitted,
THOMAS N. BRITTAIN, Chm. (Mef)

2. Reverend Edward A. Holmes, missionary to Haiti will visit our conference April 18 through May 2, 1971. Reverend Mr. Holmes is superintendent of the Jeremie Project.

C. **SHORT TERM VOLUNTEER SERVICE**—Reverend Robert Davenport, Chairman

The first phase of the JEREMIE PROJECT which has been undertaken by the Board of Missions of the South Carolina Conference under the direction of Dr. Michael Watson and Reverend George Strait, has been completed in that teams of two went for two weeks at a time for several months to serve in an immunization project to alleviate the threat of teatums. These teams consisted of the following medical doctors and ministers and laymen: Dr. Michael Watson, Bamberg, Dr. D. M. Evans, Jr., Lake City, Dr. Marion Dwight, Bamberg, Dr. James Smithwick, Sullivans Island, Dr. "Chuck" Jacobs, dentist of Spartanburg, Mr. John A. Black, Mr. Joe Watson, Ridge Spring, Reverend Thomas Evatt, Bennettsville, Reverend George Strait, Lake City and Reverend Lloyd Hatton. During this time 36,000 doses were given and 54,000 left to be administered by the people there. Our dentist worked in Port-au-Prince and pulled 600 teeth a day.

The need for the future is money and equipment given through UMCOR.

The hope is to eventually secure a permanent doctor for this needy area.

PROJECTIONS

1. To provide a quantity of disposable obstetrical kits for the nurse at the Jeremie Project to distribute to the native midwives.
2. To gather together surgical teams to go into Jeremie to operate in the hospital there. A team may consist of two surgeons, an anaesthesiologist, a laboratory technician, one or two nurses and others if needed.
3. To take teams of ophthalmologists into Jeremie for surgery and refractions.
4. To construct a clinic building at the Jeremie project to provide a space that is needed for a dental clinic as well as space for beginning a training program for native Rural Health Workers.
5. To send dentists to Jeremie on a more or less regular basis. Dr. "Chuck" Jacobs of Spartanburg is lending his technical advice and we are to start sending the necessary equipment to Jeremie in the next few weeks.
6. The immunization program is continuing in Jeremie under the direction of the people that were trained by John Black. UMCOR is hoping that we can start another such campaign on the island of LaGonave in the Gulf west of Port-au-Prince. We will decide about this later.

This committee recommends with all available enthusiasm that every member of the United Methodist Church in South Carolina volunteer for a short term project using his talents and means in fulfillment of the divine commission.

Council and Financial assistance is provided for the following situations.

a. Church lots for new congregations. The first $1,000 is provided.
b. Church Buildings for new congregations. An initial donation of $5,000 is made and another five thousand ($5,000) raised by the local or the district is matched by the conference.
c. Aid in relocation or for an engulfed situation. Usually the sum of $4,000 is provided in these cases.
d. Aid with new parsonages for new congregations in the maximum amount of $2,500. Aid is furnished for parsonages in relocations, engulfed situations or split charges in the maximum amount of $1,000.
e. In rare instances aid is furnished in emergency cases. Each one of these is considered on its merit with no general policy. These funds are provided by a $10,000 grant and by advance specials.

DEFINITIONS OF TERMS IN GUIDELINES

RELOCATE—The word "relocate" very simply put means that a church physically moves from one location to another and thereby places itself in a position to serve a new community of people. This move may be a matter of a few blocks or several miles. In its relocation it relates itself to people which it was unable to relate before.

ENGULFED—"Engulfed" means essentially the same as relocation except that the people move in and change the character of the community and give the church new opportunities to serve new people and the responsibility for such service.

EMERGENCY—This term should be used very sparingly. There have been one or two relative to fires or other tragic events in the life of a church. This word should be used as little as possible—many things can be called emergencies.

REPORT NO. 5

Report of the President of Spartanburg Junior College

During these past few months friends in the church and in education circles, who are not entirely familiar with the history of Spartanburg Junior College as a missional institution. In reply, I have attempted some articulation of our place in the structure of United Methodism contemporary mission thrust. The substance of my first report to you is an attempt to address the theme.

This school was organized and founded to meet critical problems that no other church or public agency was attempting to solve. Today, we are working at the same task. In the beginning, those served by this institution were men and women who had been neglected in the onward movement of education, social change and industrial development. Our initial clientele was heavily recruited from the agricultural and textile communities. Textile Industrial Institute, the forerunner of Spartanburg Junior College, provided a way for these men and women to accomplish their educational goals and be self sustaining. The passage of revised labor legislation and historical developments dictated institutional program changes. The school was viable enough to meet the challenge of change. The academy concept was discontinued and this school became the first accredited Junior College in South Carolina. In taking this step, the college did not neglect those who needed a special purpose institution and so continued the program of work and study that had provided an educational opportunity for those who wanted it.

Today, we face a new era in education along with new forms of social change and human need. To continue mission oriented (on the "cutting edge"), Spartanburg Junior College is working to meet these new demands. We are identifying those critical areas where our service is valuable and we are creating these structures that can be appropriated within our given framework as an accredited Junior College of The United Methodist Church.

The establishment of programs in Criminal Justice, preparatory studies, counseling services, special opportunities for the disadvantaged, community improvement and new forms of vital religious activity all point to our opportunities as a missional expression of the church in higher education. We are doing a good job and we are getting better all the time. The effective service of need has been the substance of our heritage. We intend to continue this service as our contemporary missional task.

We will make the resources and programs of the college available to all who can benefit from our educational ministry. "A college with an open door", is the phrase often used in educational circles to describe our stance. This description is not altogether adequate. The majority of private colleges are now accepting almost every student who applies. This loosening of admissions requirements has been dictated both by cost and the proliferation of public colleges and universities. We differ from many of our sister institutions in that our objective is to assure that an open door does not lead to a dead end street. We provide those supportive and academic services that will assure each student a reasonable chance to succeed. Spartanburg Junior College now serves a student body that represents the entire ability range. In our college, we have young adults with exceptional ability and those who need exceptional help. We intend to serve both with utmost creativity. To accomplish this objective demands high performance from an institution, as it demands increasing dedication from the learner.

Spartanburg Junior College relies on the understanding and support of our United Methodist patrons to sustain progress and make the aforementioned services and programs available.

To my knowledge, this school has never denied admission to a student for financial reasons. The college now provides either work opportunities or direct scholarship assistance for 63 percent of the student body. One hundred fifty two students in the 1970-71 student body are entirely dependent on the college to arrange total financial support for their higher education.

To adequately provide for these needs, the college needs help; help that comes through the support of local churches in Mission Special contributions. In 1969-70, United Methodists in South Carolina contributed an average of $.38 a member to Spartanburg Junior College. The college, in the same period of time, served the educational needs of 1,328 different students. A high level of enrollment, coupled with cases of extreme need, exhausts the resources of the college that can be applied to financial aid for students. Our ability to assist students is directly proportionate to the financial support we receive from the local church. Our meager endowment produces only $2,400.00 each year. The need is acute and our dependence on the church is real.

As Spartanburg Junior College looks to the future, many exciting developments are on the horizon. A new calendar, the 4-4-2, combines the finest qualities of the semester and quarter systems in a comprehensive innovative pattern that will promote sound educational experiences. Further emphasis on student services is indicated by the growing number of students who turn to our staff for counseling and guidance. Constant examination and revision of the educational program will keep the college in a role of academic leadership. The new

"Saturday College" will provide opportunities for adults to improve skills and embark on new careers. Our concern for the disadvantaged will find expression in the continuation of developmental studies and special programs. Our covering objective is to present the values of the Christian faith as the highest possible life style.

Dr. Evelyn Berry, recently addressed the trustees of the college and used these words, "I am impressed by the total concept of service in this college. Spartanburg is doing those things that the Board of Missions wants done".

To say it very plainly, in Spartanburg Junior College, the United Methodists of South Carolina have a direct avenue of ministry to the world. Spartanburg Junior College is far more than just another teaching institution. Spartanburg Junior College allows and promotes learning and growth. Spartanburg Junior College is clear about her task, but flexible enough to meet the changing needs of students and society. It may sound old hat, but Spartanburg Junior College is concerned with educating human beings who can leave the campus better equipped not only for a vocation but for life, not only to receive what the world can give but in turn to serve the world. Spartanburg Junior College is where the action is. As United Methodists, we want you to have a "piece of that action".

The Board of
PENSIONS
REPORT NO. 1

I. (A) The Board of Pensions requests that the South Carolina Annual Conference fix $85.00 per service year as the rate for annuity payments to retired ministers which shall include approved supply time prior to admission into full connection. In the case of special Conference Claimants, the rate shall be 100% of the rate for Conference Members. The Board requests that the annuity rate for widows be 75% of the husbands rate: (1) based on ten years if her approved years are fewer; (2) for her approved years of service if less than 15 but more than 10; (3) for her husband's total years of service if her service years are more than 15. The Board requests that the annuity rate of dependent children of deceased ministers be 25% of the father's annuity rate, with payments based on his years of approved service, with a minimum of 10 years credit.

Provisions of paragraphs 3451, 3452, and 3471 of the Pension Manual are to be followed in making these payments.

(B) The Board requests that an appropriation be made that will give The Board of Pensions (Conference Claimants) $950,000.00 for the pensions program of the Conference for the fiscal year ending May 31, 1972 and that this sum be apportioned to the charges of the Conference on the basis established in continuing resolutions.

(C) The Board requests the Annual Conference to order the pensions record to be printed in two columns in the 1971-1972 Journal and Yearbook; Column 1 to be the amount assessed the ministers; column 2 to be the amount paid.

(D) The Conference Board of Pensions of the S. C. Annual Conference, Southeastern Jurisdiction, of the United Methodist Church, hereby designates $2 to $1800 for pension payments to retired ministers and ministers on disability leave be designated as housing allowance.

II. (A) The Board has approved, and recommends for Conference approval the following institutions and organizations for annuity credits: Wofford College, Columbia College, Spartanburg Junior College, The South Carolina Methodist Advocate, Epworth Children's Home, The Methodist Homes, Columbia Urban Service Center, Associated Christian Training and Service (Memphis), Greenville Urban Ministry and Spartanburg Inner City Ministers.

(B) We hereby approve any recognized institution of our church to which a member of the South Carolina Conference may be given an Episcopal appointment, outside of the state, as an institution to which ministers so appointed may receive pension credit, PROVIDED the minister pays his institutional assessments, if the institution fails to make such payments.

(C) Each institution or organization to which a minister is appointed with annuity responsibility shall pay to the Conference Board of Pension an amount equal to 9% of the average salary of the South Carolina Annual Conference for each minister. This is the amount the Conference has to pay the General Board of Pensions for this coverage for each year thus appointed.

(D) With reference to annuity credit for service to approved institutions indicated in above sections, The Board of Pensions recommends that no pension credit be given if these institutions fail to pay the assessments required unless the minister serving these institutions himself pays the assessments in addition to his personal obligations. The minister should apply to the Board of Pensions for the proper clearance as early as possible to avoid mounting interest charged as a penalty on arrears.

III. The Board of Pensions is the Committee on Proportionate Payment as set forth in the Discipline, Par. 1380.6, and shall compare the records of amounts paid on support of pastor and Conference Claimants and keep a permanent record of defaults for the purpose of making deduction from annuity in such cases as have not been rectified.

IV. The fiscal year of the Board of Pensions shall be the same as that of the Annual Conference.

V. (A) We recommend that the Conference approve the distribution which the Board of Pensions has made to claimants during the year as set forth in detail by our report No. 4.

(B) We request approval and the privilege of ordering to record without reading the detailed distribution to claimants.

1. That the South Carolina Annual Conference (1785) of The United Methodist Church, hereafter referred to as "the Conference", in session at Columbia College, Columbia, South Carolina, this, the 10th of June, 1971, does agree to enter the Ministers Reserve Pension Fund, hereafter referred to as "the Fund", on a Full Transition Basis of Participation, to accept the conditions as set forth in Paragraphs 1374, 1377, 357.3-4, and 665.24c of **The Book of Discipline** of The United Methodist Church and the RULES AND REGULATIONS of the Ministers Reserve Pension Fund as set forth in DIVISION II-A of the PENSION MANUAL of The United Methodist Church, to participate in the Fund as hereafter set forth in this resolution, and to enter its qualified previous entrants, new entrants (not previously entered) and full-time lay pastors who are eligible under the provisions of **The Book of Discipline.** The Pension Manual, and who are approved by the conference for enrollment; and
2. That service annuity on account of approved service rendered on and after July 1, 1971 shall be determined according to the tables of annuity rates for such purpose in use by the General Board of Pensions at the time of entering into the annuity and the amount in the Service Annuity Account at that time, provided that the South Carolina Annual Conference (1785) will provide, through the Conference Account and the Annual Reserve Requirement, any additional amounts which may be necessary to provide a service annuity for such service at a rate equivalent to $85.00 per year of approved service with 75% continued to the

surviving widow, if any, or at such rate as the Conference may from time to time approve; and

3. That the conference, in accordance with the disciplinary provisions and the rules and regulations of the Fund, shall contribute annually to the Fund an amount equivalent to nine percent (9%) of the conference average salary on behalf of each member of the Fund on account of current service rendered on and subsequent to the closing date of the 1971 conference session, when such service is with annuity claim on the conference, such contributions being allocated to the Service Annuity Account of each eligible member and to the Disability and Survivor Benefit Fund as provided in the Rules and Regulations of the Ministers Reserve Pension Fund, and that such member shall be given the opportunity to make voluntary contributions on and after July 1, 1971 for credit to the member's Personal Contributions Accumulation Account to provide, at the time of entering upon a service annuity or the granting of a disability leave by the conference, a lump-sum payment to such member in the amount of his personal contributions and interest credited thereon, or upon having entered upon such service annuity the member may elect to enter upon an Income Annuity on a Joint and 75% basis which shall be the actuarial equivalent of the member's personal contributions accumulation and interest credited thereon; and

4. That required personal contributions which were due prior to July 1, 1971 shall remain in the Fund to be applied to the cost of providing the member's pension based on the annuity rate of the conference; and

5. That the conference shall remit to the General Board the initial deposit of $943,232.00, due as of July 1, 1971, to apply to the credit of the South Carolina Conference (1785) Deposit Account to reduce the accrued liability of $9,432,320.00 by the amount of this payment; and

6. That the conference shall deposit $606,354.00 each January 1 for 30 years, the first deposit due as of January 1, 1972, or until such time as the actual cost of funding the accrued prior service obligation shall have been met. Future actuarial studies shall be made in cooperation with the General Board of Pensions for the consideration of the conference in making possible adjustments in the funded service annuity rate, annual prior service funding requirements and the number of years during which annual prior service funding deposits will be required; and

7. (a) That the General Board of Pensions is authorized to establish a South Carolina (1785) **Conference Account** to which the annual reserve requirements of the Conference shall be credited and to which shall be charged (A) the transfers made to the Annuity Reserve Account of the Ministers Reserve Pension Fund for service annuities not otherwise provided for including those payable to (1) Previous Entrants already retired, (2) future widows of such Previous Entrants, and (3) present widows and dependent children of deceased Previous Entrants, and (B) Accrued Service Obligation at a service annuity rate equivalent to $85.00 per year of approved service or at such higher rate as the Conference may from time to time approve:

(b) The Conference may deposit with the board at any time or from time to time, during any fiscal year, all or any part of the annual reserve requirement becoming due on the following January 1 and all or any part of the amount for current funding of the 9% contributions which will become due to the following January 1; such amounts so deposited with the General Board of Pensions shall be placed in the account known as the South Carolina (1785) Conference **Deposit** Account:

(c) The General Board of Pensions is authorized to transfer from the Deposit Account to the Conference Account such amounts as may be necessary as payments may become due on the annual reserve requirement, for the individual Service Annuity, the Disability and Survivor Benefit Fund, and the amounts required for the funding of current service; provided, however, that the Conference Board will retain the right to request adjustments in the amounts charged for current funding on the basis of the extent to which the Conference may have assumed annuity responsibility during the year for a member of the Fund;

(d) When a member of the Fund, not retired as of July 1, 1971, or the widow or a child of such member, becomes eligible for pension after July 1, 1971, or when additional amounts are required from the Conference to provide a service annuity as indicated in number 2 above, the General Board is authorized to charge the Conference Account and transfer into the Annuity Reserve Account, on the basis of the annuity tables then in use by the Board, the sum required to pay a pension to such person in accordance with the provisions of the Fund at an annuity rate equivalent to $85.00 per year of approved service for which the Conference assumes annuity responsibility. The General Board of Pensions shall assume the Conference obligations aforesaid to the extent only to which the funding of same has actually been consummated; and

8. That effective as of July 1, 1971, the funded service annuity rate for the conference shall be set at $85.00 with 75% to qualified widows, and that all pension payments shall be made by the General Board in accordance with the instructions of the Conference Board of Pensions and in accordance with the provisions of the Rules and Regulations of the Fund; and

9. That the Board of Pensions of the South Carolina Annual Conference (1785) be and is hereby authorized, empowered and instructed to effect all arrangements with the General Board of Pensions of The United Methodist Church and to do all things necessary to give full force and effect to the intent and purpose of this resolution.

Respectfully submitted by the Pension Study Committee and the Conference Board of Pensions.

PROGRAM COUNCIL

REPORT NO. 1

REPORT OF PROGRAM DIRECTOR

As we come to the close of the third year that the Program Council of our conference has been in existence, I report to you in confidence that our Program Council has in a measure "come of age." The leadership of our first chairman, Dr. J. Carlisle Holler, and now our second chairman, Professor Walker Breland, cannot be adequately measured. They have made a tremendous contribution to the development of our Program Council and life of our church. It has been a long, and oftentimes difficult road, but I do believe that during this year we have discovered who we are and what our role is. We have had a freedom to actually be a Program Council and I think have functioned as such.

It has been a source of satisfaction to serve with the members of our staff and secretarial assistants who have in reality been members of our team, with one major concern, to serve this Annual Conference and our United Methodist Church in the name of Christ. Never have I found a more cooperative group and one more willing to be spent day in and day out in gruelling tasks, most of which are behind the scenes. Complete reports of their weekly and daily activity and involvement have been filed with the Chairman of the Program Council, who is also chairman of the Personnel Committee.

Dr. Hilbert J. Berger, a recent visitor to our Conference, wrote concerning our staff the following in a letter received last week:

"I want you to know how much I appreciated the opportunity to work with you for several days this last weekend. I particularly appreciated the

open and forthright way in which your staff dealt with some of the future concerns of the conference related to stewardship. You should be extremely proud that you have put together such a cooperative staff and that they are ready to forsake some Kingdom building of their own in order to get busy with the task of stewardship education."

This year our Committee on Interpretation, Reverend T. H. Vickery, Chairman, has continued to function in attempting to interpret the benevolent program of our church. Through their instigation I have started a weekly column in the South Carolina Methodist Advocate on **Faith at Work** which will attempt to highlight various activities and concerns of our people. It will be a brief form of writing with a positive approach. Boards and agencies have been asked by the Chairman of this committee to feed in material which may be of interest to our people.

I am convinced, sitting where I do, that the United Methodist Church in South Carolina is moving forward in mission and ministry, and we need to tell the story to our people.

The Committee on Research and Planning, Dr. James S. Barrett, Chairman, has been organized and is now functioning with effectiveness. Two full meetings of the committees have been held. This committee has looked at issues, trends and needs in our area and focused our attention on priorities which should claim our attention and energies in the next two years. The committee has challenged us with this theme, approved by the Program Council and recommended to the Annual Conference:
Stewardship: Developing our Resources For Ministry and Mission in South Carolina.

The Committee on Coordination, Mr. Douglas Broome, Chairman, has done a monumental job in fulfilling their function. It was a revelation to us to sit down as a representative committee of some 31 persons and reflect on and react to recommendations for program for the year ahead. History was made as this committee wrestled with the concerns which face us—in light of our resources. During these hours together it was exciting to see come alive the function and task of a Program Council—to receive and coordinate the program of the Annual Conference. This committee took separate proposals from 13 different agencies and looked at them as one whole program, to be presented to the Annual Conference through the Program Council.

I think we understand now clearer than ever the validity of the council concept, all the way from the local church council on ministries, the Distict Program Council to the Conference Program Council. We see ourselves as one family with one task to perform, enriched by the various concerns represented, but dedicated to one mission under the demands of one Gospel. As a family we share the concerns of each but give ourselves in loyalty to the whole.

In this process it has been an inspiration to see the cooperative spirit of all our boards and agencies in working toward a common purpose. We are beginning to function as a Program Council.

One evidence of this is the concern being manifest in the District Program Councils. We are all beginning to see the vital role which this council is playing and can play in the life of the local church. Its closeness to the local church and its awareness of need add to its importance. You will note in the reports that follow the willingness of boards and agencies to channel some of their resources through these councils. As a staff we share this concern and pledge our utmost to further enhance the usefulness and effectiveness of the District Program Council. Some leaders in District Program Councils have told us that the Workshop for The District Program Council held at the Lutheran Southern Seminary, September 24-27, 1970, started them on the way.

I suggest that early in the new conference year the District Superintendents with one key pastor and one key layman from each district, meet together to share and to plan for a more comprehensive district program, using the new resources which we hope will be at their disposal. In some districts great progress has already been made and this will be of help and encouragement.

The Committee on Data Processing and Systems Analysis, Reverend George Fields, Chairman, has been faithful and constructive in giving leader-

ship to our conference. We hope that in time the implementation of their recommendations will bear much fruit for our conference. The members of this committee have labored long and hard and the successor Steering Committee will guide us into helpful channels.

There are so many happenings of significance which I could call to your attention, but cannot in the interest of space. However, I must site two significant events which have added a positive dimension to the life of our Church, namely, the two convocations—The Bishop's Convocation on Mission and The Bishop's Convocation on Evangelism. The Program Cuncil played a key role in these two events, which made history in South Carolina. No one can adequately measure the positive good which came from these experiences, but expressions of appreciation from members of both conferences lead me to believe that we are indeed richer as a people and more spiritually mature than before.

As we have moved along in the process of our planning over untried territory we have been fortunate to have the guidance of knowledgable leaders from our general church: Dr. Paul Church, Dr. Alex Porteus, Dr. Jerry Clapsaddle, Dr. Virgil Sexton, Dr. Wayne Lindecker, Dr. Hilbert Berger, Mr. Vernon L. Sidler and others. To all of these we are appreciative. For the encouragement and support of our bishop, the entire Program Council, the district superintendents and pastors, and the laity of the church, I speak in behalf of the Staff our gratitude.

Respectfully submitted,
WALLACE FRIDY,
Conference Program Director

REPORT NO. 2

REPORT OF THE COMMITTEE ON RESEARCH AND PLANNING

The following recommendations were made to the Program Council on March 12 and 13, 1971. These recommendations were approved and are offered in brief form by way of this report to Annual Conference.

I. We recommend that a system be developed by which the accomplishments and programs of each Board and Agency be reviewed in light of their goals stated to the Annual Conference. After the project is accomplished (or in process) a report based on the "Program Proposal Form" could assist in reviewing the accomplishments.

II. Committee on Research and Planning feels that the 1971-72 theme of "Stewardship" cannot adequately be dealt with in the short time of one Conference year. Therefore, we recommend that it be extended to at least '72-'73.
It is further recommended that the extension of the theme into '72-'73 be focused on helping the local church discover and minister to real human needs.

III. We commend Program Council for developing a process for 1971-72 program proposals. We feel this process should be reviewed and refined regularly.

IV. We recommend the Program Council should identify those administrative and program areas where decisions of such moment must be made as to indicate the need for formal research undertakings.
Further, it is suggested that as these are identified as potentially requiring formal research, that they be referred to the Committee on Research and Planning.

V. We recommend that a serious on-going effort be made to bring to the attention of the various boards, agencies and officials of the church the currently published materials related to their field and work for establishment of continuing liaison between them and the public and private agencies related to their fields. The attached list of (1) currently available studies and (2) heads of public agencies with their addresses, is a sample of the material and agencies with which the church should be intimately familiar for its work.

VI. We recommend to the Program Council the detailed analysis, done by Ted McEachern, "United Methodism in South Carolina". We recommend that this analysis be employed in a process to help the church come to grips with the relevant research and information in South Carolina. More specifically, it could be included as a resource in either of the following approaches suggested by Mr. James H. Davis, Department of Research and Survey, National Division of the Board of Missions:

A. "A consultative technical panel on the 'world' of South Carolina. There are laymen whose profession it is to study South Carolina from a variety of points of view: business, community development, schools, health, care, planning, politics, mental health, etc. Many of them are Methodists. The Committee could identify the resource people, find a person with savvy and stature to chair the meeting, and ask the Bishop to convene 'The Bishop's Panel of Consultants' or some jazzy title. The experts would probably be flattered to be asked by the Bishop, and be very willing to help 'their church.' If properly drawn out by a moderator who knows both the church and the state, they might provide some very good insights. As far as I know, this has never been tried. Nevertheless, I believe it is feasible, based on my conversations with laymen of this calibre. Whether the Church knows how to ask good questions is another matter".

B. "Produce a document 'South Carolina Methodism in the 1970's', or some such title. Collect the available research from a variety of sources—a Methodist version of the Moody Report,—for sreious study at district and local church levels. This document might be a product of your research committee, rather than asking a professional researcher to do it. The process of collecting the materials, translating them into meaningful data for the church, and presenting them in a readily communicable form could be a valuable process in itself. I have come to believe that we researchers have underestimated what people can do for themselves. I am having good luck with having people write their own reports—with training, guidance, and supervision, of course".

Respectfully submitted,
JAMES BARRETT, Chairman
B. B. BROWN, Secretary

REPORT NO. 5

The Task Force on Systems Analysis and Data Processing

The Task Force on Systems Analysis and Data Processing is composed of three ministers, two Annual Conference Administrators, one District Superintendent, and five laymen. For eighteen months it has studied the system by which the churches and agencies of the Annual Conference communicate and coordinate with each other by reports and forms of administration. A detailed systems study was conducted for the Task Force by Mr. Vernon Sidler, Systems and Procedure Coordinator of the General Council on World Service and Finance in Evanston, Illinois, at no cost to the Annual Conference. Mr. Sidler spent a week in the offices of our Conference and did an outstanding job.

The study prompted the Task Force to make recommendations to the Boards and Agencies on changes, as follows:

1. The Annual Conference restructure its business affairs beneath one executive, Treasurer/Business Manager, by the centralization of related business and administrative functions which are presently done by staffs in several boards and agencies. The office of Treasurer/Business Manager would be responsible for and organized to accomplish the following: Annual Conference Treasurer, centralized accounting for all agencies, ministerial affairs, administrative supervision of centralized operations, such as mailing, duplicating, etc., for services to agencies in the Methodist Center, and management of the Methodist Center property.

   This change could lower the present administrative cost and also have many benefits which are not in the present system by better utilization of Conference owned equipment and also structuring the administrative procedures in a form for rapid machine processing.
2. The Annual Conference Administration would be greatly strengthened by the use of modern data processing techniques and computers. The Task Force finds this feasible from a technical point of view and already in practice in many annual conferences.
3. Other recommendations were made regarding routine administrative procedures which would lead to efficiency and cost saving. These recommendations have been referred to proper boards and agencies for feasibility study and implementation.

The systems study and recommendations from the Task Force have been thoroughly studied by the boards and agencies concerned. The Task Force

has sent teams to each involved Board for explanation. Bishop Paul Hardin, Jr., has called two joint meetings of the executive committees from these boards and agencies. From these meetings, the following guidelines for implementation of recommendations to the Annual Conference were ratified:

1. The recommendations on the administrative restructuring in the Systems Analysis study should be ready for implementation by June 11, 1972, as appears feasible by a steering committee and approved by the Annual Conference, and also, the steernig committee to coordinate this process of administrative restructuring shall be the following:
   "The chairmen of the Commission on World Service and Finance, Board of Pensions, Credit Union, Program Council, South Carolina Methodist Advocate Board, Secretary of Commission on Insurance, chairman and one technically trained layman from the Task Force, a District Superintendent and the Bishop. This steering committee should be advisory to the Commission on World Service and Finance in the nomination of the Treasurer/Business Manager."
2. The Annual Conference shall begin Data Processing June 1, 1971, with the reports and accounting between the local church and Conference executives on the Connectional and Benevolence Funds.
3. The recommendations from the Systems Analysis report on routine administrative procedures were referred to the proper Annual Conference boards and commissions for implementation.

The Task Force was given an exciting area of study and analysis. We are grateful for the opportunity, and for the cooperation from the boards and agencies involved in the study. We are hopeful that our work will strengthen the future work of our Annual Conference.

REPORT NO. 6

Report From Program Council Chairman

The 1970-71 Conference year has been an active one for the Program Council and its Executive Committee. Though we began on a note of regret (with the resignation of Dr. Carlisle Holler as chairman), the year is coming to a close with real excitement over the blessings of this annual period and the prospects of potential progress for the future.

Most exciting is the way in which the various boards and agencies represented on the Council have formed a united approach to carry out the work of our Lord in this conference. Truly the Spirit works in marvelous ways!

Detailed accounts of the program activities of the member agencies of the Program Council family are found throughout the pre-conference reports and we share each others enthusiasm for the work that has been done.

The Executive Committee, acting as the interim voice of the Council and as its Personnel Agency, has attempted to keep abreast of administritive needs of the Council and its staff. Approval was given to the Office Space Committee report suggesting a better use of our Program Council facilities at 1420 Lady Street.

The Planning Process Chart was approved and has been in effective operation during the year.

The Reverend Joe Alley was elected and has served most effectively this year as Part-Time Youth Counselor.

Following through the request of the Annual Conference, the Program Council set aside November 29, 1970, as Cokesbury Offering Day.

The Executive Committee approved with pleasure Dr. Fridy's request to serve as an official delegate of the World Methodist Council from the United States to the Consultation on Evangelism held in Frankfurt, Germany, in December 1970.

Interim program requests came to the Executive Committee for approval and implementation:

1. The Fellowship of Methodist Musicians 2-day Church Seminar
2. The Convocation Family Life (February 22-25)
3. "The Executive Committee of the Program Council looks with favor upon having youth Night at Annual Conference 1971 with the following motions:
   1. The Executive Committee of the Conference Program Council recommends to the Board of Evangelism that any plans for a Youth Night at Annual Conference, 1971 include the Youth Council members and that it be coordinated with the Annual Conference Program Committee and be held on Sunday night June 6 at Columbia College.
   2. The Program Council looks with favor upon another youth program of extraordinary size. It should be carefully planned far enough in advance for everybody to be in on the planning—such as eighteen months.

Indicating our interest in the work of our Program Council Staff and our responsibility of good stewardship to the Conference, the Executive Committee has on file a log of all Program Council Staff activities for the conference year. It is thrilling to know how effectively Dr. Fridy and his staff are carrying out their mission in our conference!

At the annual spring meeting of the Council, the following recommendations are made to the Annuity Conference:

1. We reaffirm our conviction of the place and significance of the District Program Councils and pledge our continued effort to strengthen and undergird these councils.
2. The Program Council reviewed the goals and program proposals of the Boards and Agencies of the Council (as found in various reports) and commend them to the annual Conference and recommend their adoption.
3. To carry out the mission and ministry, as recommended by the Boards and Agencies to this Annual Conference, the Program Council recommends that the Conference Staff for 1971-72 remain six full-time persons.

Your Program Council made up of a representative group has tried to be faithful to the tasks asigned to it in formulating a workable and effective instrument to assist the church to be in mission and ministry in our state and conference. It has tried to be open and listen to the concerns and needs of our people, and has honestly sought to present to this conference its findings and best judgment for our time. We are convinced of the significant place and role such a council can play in the life of our church, and we look to the future with hope and trust, to the end that together, under the leadership of the Holy Spirit, we may truly be the Church, the People of God.

THE STATE OF THE CHURCH ADDRESS

By BISHOP PAUL HARDIN, JR.

Each year I try to bring to you some message relative to the state of the Church, which is in itself an elusive and somewhat indefinable thing, depending largely upon one's viewpoint and attitude, for the Church in the eyes of some is in a sad and regrettable state—while to others she is still "of God" and will yet be preserved until the end of time.

Upon this at least we can all agree, that the Church is not like it was forty years ago. Furthermore it will never again be as it was forty years ago! Where it once was a haven of peace, it is now at times a place of turmoil, but so it was in New Testament days. Where once the emphasis was almost solely on personal salvation, now the question of paramount importance is how does the saved person relate to persons and society around him. Saved, yes—but saved for what? Today the key word is mission, and countless young people who formerly would have gone into the ministry or the mission field are finding their life's mission outside the Church—in the ghettos, working with retarded children or in adult education or in some other similar area of service. A recent article on 1971 college graduates, which appeared in a current magazine,

tells of their rejecting the life and material values of their parents. Ivy league students are turning away from the normal pursuits and careers expected of Ivy League graduates to choose jobs that even include manual labor. Many young people are restless and unhappy with the world of our creation.

What does the Church have to offer to such disillusioned youth? The gospel of Jesus Christ has everything to offer—but what about the Church?

Certainly the Church of my youth would never have adequate answers for the problems of today. The Church of the Sunday morning hour, missions in far away Africa and the Sunday school picnic could never deal effectively with War, Race, Brotherhood, Ecology and Poverty. A Church which must be forced into following in the areas in which it should be leading cannot long survive as an effective influence for good in our modern world.

Let nothing that I am saying be interpreted as discounting the value, yea the necessity of personal salvation. But personal salvation is an experience to be shared, a power to motivate us, a guide to direct us. Indeed a spiritual experience that leaves us content with ourselves and the world around us needs to be reexamined in the light of the life and teachings of Jesus.

Years ago Henry Grady wrote and spoke inspiringly of the New South and in these latter days we truly see that new south arising, with our own state of South Carolina emerging as a center of nuclear power, with an industrial development such as our forefathers never pictured in their fondest dreams, with doors of equal rights and equal opportunities swinging wide on every hand. Economically tomorrow beckons—and there is no going back to yesterday. What is true economically is also true religiously—there must a "New South" in the Church and in personal relationships.

All of us realize that there are many matters of great importance confronting the United Methodist Church in South Carolina and I am deeply concerned about all of them. Let me call attention to several.

There is the decline of evangelistic outreach. While we debate theories and techniques our membership decreases. While some of our ministers discount the value and importance of "statistics", when a suggested change of pastorates is mentioned the first thing that they do is pick up the Conference Journal (our book of statistics) to see if they are ascending or descending the status ladder.

If I appear to be unduly harsh toward some ministers let me hasten to say that when efforts are being made to create larger parishes in order to strengthen charges and give qualified ministers a reasonable work load and a living salary without Conference assistance, we encounter stiff opposition from some laymen who regard the addition of another church to their charge as a demotion from station status. In both Waynesville and Wadesboro, N. C., fairly strong station appointments, I had a mission church in the country. It never occurred to me that I had been put on a circuit. Too many of us, ministers and laymen alike, are filled with a false pride that shackles the program and economy of the Church.

Additions on profession of faith are important to the life and mission of the Church, for no church can be truly in mission whose minister and members are not committed to the principles of salvation and service. I strongly recommend our rededication to the propogation of the gospel by both word and deed. Let the approaching "Year of Stewardship" be a time of self-examination on the part of all of us, as we rearrange our priorities in thought and living. As for supporting the Church financially, when I stood at the altar and promised to support it by my prayers, my presence, my gifts and my service, I did not add "as long as I agree with everything that is done."

I am concerned that Methodists give strong support to what I would call the purifying of our lives and their environment. There is so much filth in and around us. Inner filth shows up in thought, speech, books theater, entertainment and the glorification of sex. Some of the pictures being shown on some screens today are a disgrace to all who have anything to do with their production or showing, and an insult to decent society. Outward filth is reflected in the pollution of air, water and earth. Unless we give corrective attention to these matters our descendents will be stifled inwardly and outwardly.

Perhaps the most acute problem, at least in the minds of our youth, is that of war. Intelligent people all over the world are recognizing both the horror and the futility of war as a means of settling disputes between nations. The

Church must give leadership in the evaluation of things that belong to our peace.

For many years we have faced the problem of intemperance and now we have added to that the even graver problems of drugs. Nothing so points up the breakdown of family life as the vast numbers of teen-agers who are succumbing to the drug habit, often during hours when their parents have no idea where they are or what they are doing. As their parents have been caught in the trap of social drinking, so the children are caught in the trap of taking pot. Drinking parents shouldn't be too surprised to discover that their children have gone beyond drink to dope. Let the Church lift up before all people of every age and both sexes the Christian concept of the sanctity of the human body, which sexual permissiveness cheapens, while alcohol and dope destroy it. The Bible teaches us that our minds and bodies are the temples of the Holy Spirit. Let us regard and respect them as such!

Here at this one hundred and eighty sixth session of our Annual Conference we face a decision of a plan of merger which would unite the two South Carolina Annual Conferences into one. Our black fellow Methodists have approved the plan overwhelmingly. Now a decision is squarely up to the '5 Conference. In my opinion individual decisions will be determined by whether we regard merger as a problem or as an opportunity. For those to whom it is primarily a problem, it will be fairly easy to find real or fancied reasons to vote against it; while for those who see merger as an opportunity for the Methodist Church in South Carolina to make its greatest witness in this century even major obstacles will appear to be blown out of proportion. In the aloneness and sacredness of his own conscience, every delegate must make his own decision. This is not a time for parliamentary maneuvering or emotional outbursts—it is simply an hour of decision which we cannot avoid. I pray that every delegate will earnestly seek the guidance of God's Spirit.

I cannot close this inadequate presentation on the state of the Church without expressing to you my genuine and heartfelt affection for the Methodist people of South Carolina. By circumstance it has fallen my lot to be your bishop during eleven of the most turbulent years in the history of our Church and State. You have not always agreed with me, nor I with you, but my genuine affection for you has never wavered. After one more year together we will part company officially. I ask your cooperation in making this coming Conference year one that will be highly significant in the spiritual life of our Church and our State. Blessings on you!

TELEVISION, RADIO AND FILM COMMUNICATION

REPORT NO. 1

The Conference Audiovisual Library operated by TRAFCO under contract with Dr. A. McKay Brabham, Jr. and the S. C. Advocate, has been updated in every department. TRAFCO has paid rent on space occupied from March 1970, and has paid for a part-time secretary to handle scheduling and shipping of AV materials requested. More than 1,100 films and filmstrips were ordered and used by local churches of both Conferences in the year ending May 1st. The AV Library has also paid part-time salary for film repairs, and previewing work. Additional films (16mm sound) have been placed in the AV Library at the request of Conference Boards and agencies. Several popular films have been replaced due to excessive usage damage. One Hundred and fourteen local church $10-a-Year-Film-Clubs enrolled for the year 1970-1971. These may use films without a rental fee, paying only the service fee of $2. Non-Club members pay rental fees of from $5 to $9 plus service fee. Plans for immediate removal of the AV Library into larger quarters in the Methodist Center are underway. Mr. Fletcher Carter, Program Council Counselor for TRAFCO, will direct the Conference AV Library starting in July 1971.

TRAFCO thanks Mrs. Thompson for part-time service in the Library for the past three years, scheduling and mailing AV materials ordered.

Also, TRAFCO thanks Dr. A. McKay Brabham, Jr. for operating the Audiovisual Library under contract with TRAFCO. His untiring work, and invaluable advice have made the AV Library effective the past 5 years.

TRAFCO has sponsored taping of Annual Conference 1970, and the Bishop's Convocations in 1970 and 1971; Duke Seminar in November, the Pastors' School in September, and the WSCS School of Missions Merger Report by Rev. McCollom ('66 Conf.), Dr. J. C. Holler, and Mr. Rhett Jackson in August 1970; and other Conference-related events. Orders for all or portions of these events were filled for laymen and ministers of both 1785 and 1866 Conferences. More than 256 individual orders were filled, totaling 432 tapes and cassettes. This project was personally financed by Grady Newman, chairman of TRAFCO, with the approval of the Conference Program Council.

"WORD AND MUSIC" programs in current production on radio stations in the Conference are listed in report No. 2. There are nine programs on the air currently, with ten host-producers involved.

"The Place", a local radio broadcast with teens and adult moderators in music-talk on the current TOP 40 Tunes, number 3 in the Conference. This is an ecumenical production in every locality.

TRAFCO planned a TV production for use of ETV, emphasing the Conference Theme on "STEWARDSHIP" in 1971. The production is progressing and will be in use immediately after this Conference. Included in the TV production there will be packets of films/filmstrips for use by local churches in studying and implementing the Stewardship theme.

Frequent contacts have been made with station managers of major TV outlets in the Conference, and adjacent states. These contacts have produced and maintained friendly relations between the United Methodist Church (TRAFCO) and the TV stations. Many of them have aired productions of conference news and features, or have assisted in production of such events. TRAFCO thanks WFBC, WIS, WUSN, WSPA, WBTV, WBTW for this cooperation.

During Annual Conference in 1970 a team of newsmen members of TRAFCO produced news reports of interest to Methodists and non-Methodists over the state and reported these daily, Monday through Friday by long distance telephone directly to the news rooms of Thirty radio stations in major areas of S. C. These items were aired by many radio stations four times each day, and 11 others at least twice daily. This radio net is being fed during this Conference also, to 34 radio stations in major areas.

This is considered one of the PRIMARY functions of the Conference Committee on Television, Radio and Film Communication, TRAFCO. Each of the areas we have reported on is also of major concern to TRAFCO as a mandatory committee of the Program Council, but radio and TV productions have a special appeal because these give the S. C. Conference of the United Methodist Church an OUTREACH which can be effective, in advancing the Church's influence and develop ecumenical interests, as well as getting into the lives of non-church people through TV and radio media.

Total approved by Program Council	$4,500.00 -Expected from World Service, and Finance.

See report no. 1 for accomplishments in 1970-1971. The above Budget outlines our goals and projections for 1971-1972. Much of the above is "on-going", but we are finding improved methods of doing most of what is "on-going".

The Audiovisual Library is serving the Conference better through improved techniques, and more skilled personnel. Plans have been made for even greater efficiency: The AV Library materials, equipment, and scheduling secretary will be moved to another floor in the Methodist Center, and installed in larger quarters. The operation will be under Program Council Personnel, supervised by Mr. Fletcher Carter, TRAFCO Counselor.

Again we thank Dr. A. McKay Brabham, Jr. for his supervision in the past ten years, as he worked under contract with TRAFCO. We thank Mrs. Thompson who served effectively as secretary on a part time basis.

The Radio Ministries of "WORD AND MUSIC" and "THE PLACE" will continue with anticipated additional stations being added, see report no. 2.

TRAFCO will complete the TV production on the theme "Stewardship" as requested by the Board of the Laity. There will be also utilization kits of slides, tapes, and 8mm movies in addition to the TV productions. See Budget.

A major function of TRAFCO for the past Ten years has been the radio coverage of the sessions of Annual Conference each day. We began mailing recorded tapes, but we abandoned that plan in favor of direct telephone calls to the NEWS ROOMS of the radio stations daily, by long distance. This plan has been enthusiastically approved and will be used in covering the 1972 Conference sessions. Funds are in doubt as to source, but TRAFCO intends to continue this plan which has been so thorough in taking the information to Methodists and to non-Methodists all over South Carolina and into neighboring states. This is considered a primary function of TRAFCO on equality with other projects in the fields of Radio, Television, AV/Communications, and TV Production, Training in the better uses of AV materials in the Local Church.

TRAFCO maintains the closest association with the office of News and Methodist Information of the Advocate directed by Dr. A. McKay Brabham, Jr., and hopefully through the new editor of the Advocate.

Taping of Annual Conference and related events is described in the Report No. 1. This will be continued in 1971-1972 on the same basis as previously performed AS A SERVICE TO CONFERENCE BOARDS, CHURCHES, AND INDIVIDUALS OF 1785 and 1866 CONFERENCES, to disseminate information, sources of materials, and inspiration, and promotion of approved projects of the Conferences of South Carolina Methodism.

". . . . A proposed activity of TRAFCO is a Film Festival at which time dozens of the latest 16mm films and 35mm films and 35mm filmstrips will be previewed in a day-long session. Several projectors will be available so that groups and/or individuals may see what is offered to assist local churches select Stewardship audiovisuals for the Conference Theme in 1971-1972. Dates and location to be announced.

TRAFCO will conduct an Audiovisual Workshop as a part of the WSCS "School of Missions" in August 1971. Also the highlights of the School of Missions will be taped by TRAFCO."

Respectfully submitted,
W. GRADY NEWMAN, Chairman
EDITH MAE JOHNSON, Secretary

THE TOWN AND COUNTRY COMMITTEE OF THE BOARD OF MISSIONS TO THE SOUTH CAROLINA ANNUAL CONFERENCE

The mission of the Town and Country Committee, of the Board of Missions, is to work for the most effective ministry to God's people in non-metropolitan areas. Although, our state is following the national trend of urbanization most of our churches are still in areas under 10,000 population. These churches are our special concern.

A-SPECIAL GOALS FOR THE YEAR—

1. The publishing of a PASTOR'S STUDY AND CHURCH OFFICE STANDARDS for distribution to the churches of the Annual Conference.
2. The training of ministers directly involved in the Larger Parish Ministry.
3. Special training for Disrtict Directors in the work of the Larger Parish and Co-operative Ministry work.

B-OUR CONTINUING GOALS—

1. Rural Life Sunday

We request all churches to observe Rural Life Sunday the fifth Sunday after Easter each year. All of us are dependent on rural areas for food and other necessities of life. Materials are made available to each church.

2. Moving Expense

We recommend that the Church or Charge pay the moving expenses of its incoming preacher, including a maximum of $50.00 for packing expenses ,and that the I.C.C. rates be the basis upon which the minister's moving expenses be paid and that the maximum of 7,500 pounds be the weight limit. We recommend that a bonded mover be employed to move the minister's possessions which, while they may not be many, are sometimes costly. We recommend that the incoming minister be informed whether the moving expenses are to be

paid and arrangements made with him. The lay delegate to the Annual Conference should have this information for the new minister.

3. The Parsonage Standards

We recommend that our Churchs be guided by the latest revised edition of PARSONAGE STANDARDS in building, furnishing, landscaping, maintaining and remodeling of parsonages; and that both churches and parsonage families give careful consideration to the "Standards" in all matter pertaining to the minister's home. Furthermore, we recommend that any future proposals concerning parsonage standards be referred to the Parsonage Standards Committee for study and recommendation.

4. Hinton Rural Life Center

We encourage the continued support of the Hinton Rural Life Center at Hayesville, N. C. as a Mission Special.

5. Rural Community

We shall continue to seek new ways to best serve the needs of the rural community utilizing resources and manpower through:

1-The Larger Parish

This is an enlarged charge of several congregations with a multiple staff of ministerial and professional leaders. They need not all be of the same denomination. Normally there is formal organization with a council made up of representatives from all cooperating congregations. Such an organization provides all of the people within the geographical area with a total and effective religiuos program.

2-The Extended Ministry

This type of cooperation results where a strong—often city or large town church shares its ministry with a smaller congregation nearby. This is a practical expression of the connectional system of Methodism.

3-The Group Ministry

This is where two or more pastoral charges work together for the development of the Church in a given area. Each pastor is responsible for his charge but all cooperate closely. Activities are guided by a council made up of lay and clerical workers. Each group has its own budget and carries out its own specialized activities but all contribute to a central budget for group activities.

4-The Consolidated Church

This is the result of the uniting of two, or more, congregations. Frequently there is objection to such action on the part of a church which thus loses its identity. This is especially likely if the move is sponsored by out side interests or authority. A substantial number may withdraw from the church. Therefore, uniting action should be taken where the reason is obvious and readily acceptable to all concerned.

5-The Enlarged Charge

Sometimes called the Larger or Cooperative Charge, exists where two or more congregations are served by one pastor and operate as a unit. This is similar to our present circuit but there is more group action on the part of the cooperating churches. Each maintains its identity but all share in many activities. They are thus enabled to provide a much more complete program than could the several churches working individually.

WOMEN'S SOCIETY OF CHRISTIAN SERVICE

de Tocqueville said over a century ago, "If I were asked to what singular prosperity the growing strength of the people of the United States of America ought mainly to be attributed, I should reply: To the superiority of their women." Similarly, I would say that one of the greatest powers in the prosperity and growth of United Methodism is in her women who are seeking to grow in the knowledge and experience of God as revealed in Jesus Christ.

CHOOSE LIFE was the challenge given to women who attended The First Assembly of the Women's Society of Christian Service in Houston, Texas after they had taken a long, hard look at the issues in the world which the church is being called to face. This made for quite a controversial meeting, but many women proved their faith to be greater than their despair as they accepted the challenge to "Choose Life" and have passed the challenge on to others.

MERGER has been and will continue to be "a venture in faith." It was observed by a resource person at the School of Christian Mission and Study Weekend that the South Carolina women "feel a deeper commitment to Christ than they do to human history." This has been a continuing observation as women have worked to prepare themselves and others to accept the policy of inclusiveness in our church.

AN INNER-CONFERENCE AND COOPERATIVE SCHOOL OF CHRISTIAN MISSION AND STUDY WEEKEND brought new experiences to many people. Words such as "I wouldn't have missed it if I could possibly help it" speak the feelings of those who attended this program of study, fellowship, program interpretation, leadership development, and officer training. This program has been extended to the district and local levels through those who attended.

LIVE NOW is the theme of the Third Annual Meeting of the Women's Society of Christian Service and Wesleyan Service Guild. For the first time the society members and guild members are meeting together in an Annual Meeting. The program will present contemporary music, a panel of young people with Dr. Richard Bauer (Executive Secretary of the Committee on Enlistment for Church Occupations) as moderator, an Agape Feast, a "communication" from Alaska, and a presentation of the Migrant Ministry by a representative of Church Women United.

WOMEN constitute 51 percent of the membership of the United Methodist Church. In South Carolina, according to the 1970 Yearbook and Journal of the Annual Conference, there is approximately 10 percent representation of women on boards, agencies, and committees. Women must become aware of their unused talents; the church should recognize this neglected source of leadership, and ways should be found to release to the total church the gifts of our women.

MONEY is woman's unique way of being in mission in places where her arms cannot reach. This outreach is seen in: (1) $205,000 pledged to the Board of Missions, (2) $1,000 given to Bethlehem Center, Columbia, (3) $1,000 given to Bethlehem Center, Spartanburg, (4) $1,000 advanced for a School of Christian Mission and Study Weekend, (5) $500 contributed to the Bishop's Convocation on Evangelism, (6) $200 given to the Summer Young Adult Missional Program, (7) $500 contributed to the Urban Ministry in Spartanburg, and (8) other contributions to organizations, institutions, and projects involved in mission in our conference.

WE have reached out to the world in faith through prayer, study, witness, service, fellowship, and giving, hoping that the kingdom of God may come closer to being on earth.

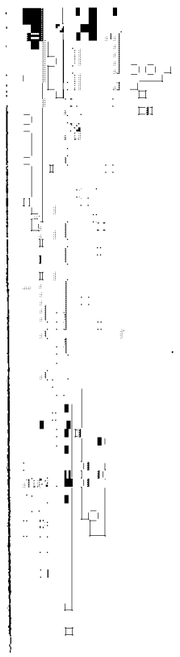
MRS. W. ROY PARKER,
Conference President

The Commission on
WORLD SERVICE AND FINANCE
REPORT NO. 1

Institutions

1. CHRISTIAN HIGHER EDUCATION: We approve the Christian Higher Education Fund. We recommend that this be distributed among the churches at the rate of 5.7 percent of the net total funds raised for the 1969-70 Conference year, with the same formula for division among Columbia College, Wofford College, and Campus Ministry being used as was the case for the past conference year, the ratio of distribution being 40 percent, 40 percent, 20 percent for Columbia College, Wofford College and Campus Ministry respectfully.
2. EPWORTH CHILDREN'S HOME: We recommend that the third Sunday in September be set aside as Annual Work Day and that a special free will offering be received in all churches of the South Carolina Conference on this day for Epworth Children's Home; and also that a special free will offering shall be received on Mother's Day in all churches in South Carolina for Epworth Children's Home; and that the Church Schools of the South Carolina Conference shall be requested to give the offering received on the first Sunday of each month to the support of Epworth Children's Home.

We further recommend that each District of the South Carolina Annual Conference accept a quota of not less than the following:



Anderson	$28,950.00
Charleston	45,704.00
Columbia	56,294.00
Greenville	39,006.00
Greenwood	36,290.00
Hartsville	30,822.00

Marion	27,404.00
Orangeburg	25,906.00
Rock Hill	32,092.00
Spartanburg	35,432.00

We further recommend that a goal be sent to the various churches of the district by the District Superintendent in consultation with the local church. It is recommended that this quota be apportioned on the basis of ability and willingness of the local churches to make the reaching of this quota possible. It is understood that the offerings received on Mother's Day, Annual Work Day and the first Sunday of each month in the Church Schools may be used to assist them in reaching their requested quota.

3. THE METHODIST HOME: We recommend that Thanksgiving Week be designated for a special freewill offering for the Methodist Homes, and that each local church set a goal of $1.50 per member either thorugh this special offering or through the budget. We further recommend that this support fund be divided on the basis of 75 percent for the Orangeburg Home and 25 percent for the Greenwood Home respectively.
4. SOUTH CAROLINA CAMP FUND: We recommend that an offering be taken on October 24, 1971 for the Conference Camp Development and Maintenance Program. Each church is requested a goal of $1.00 per church school member.

REPORT NO. 2

Special Day Offerings

1. RACE RELATIONS DAY: We recommend that the churches of the Conferences observe Race Relations Day the 2nd Sunday in February and take a voluntary offering and further that the Conference Treasurer in reporting these funds to the treasurer of the General Board of Education in Nashville, Tennessee, ask that they be directed to Paine College.
2. CHRISTIAN EDUCATION SUNDAY: We recommend the observance of Christian Education Sunday, Nov. 7, 1971, and that the offering taken be an amount equal to 2 percent of the pastor's and the associate pastor's total cash salary including travel and expense fund and Social Security payments in order to conform to Standing Rules addition for the current year.
3. GOLDEN CROSS: In accord with a request of the Board of Health and Welfare Ministries, we recommend that each church receive a special freewill offering for Golden Cross on the 1st or 2nd Sunday in December.
4. We approve the request of the Television, Radio, and Film Commission that each church be authorized to take an offering or place an amount in the budget for the "Methodist TV-Radio Ministry."
5. We recommend that Sunday, November 14, 1971 be designated as "Drug, Alcohol and Prisoner Rehabilitation Sunday," and that each local church use this occasion not only for receiving an offering for these causes, but that it become an occasion for education of our people to the work being done in the area of rehabilitation.

REPORT NO. 3

1. We recommend that the District Superintendents and the District Stewards be allowed to make adjustments in salary items (District Superintendents, Conference Claimants, and Minimum Salary) where there is evidence of inequity in these items. However, no changes affecting district totals may be made.
2. We recommend that every active minister who is a member of the Annual Conference, and not on MRPF, pay 2 percent of his total cash salary, including travel and expense fund and Social Security to the Conference Claimants Fund. This applies to Lay pastors.
3. The fiscal year for which all recommendations are to be operative shall be June 11, 1971 through May 31, 1972.
4. During the first six months of the Conference year, we recommend that the Conference Treasurer be authorized to advance from available funds amounts not to exceed $5,000.00 or 50 percent of the annual appropriations, whichever is lower, to the several commissions and committees of the Conference for the purpose of meeting current expenses where the appropriation has not been received from current collections. However, the Committee on Conference Journal and Yearbook shall be allowed to withdraw its full amount at any time during the year when the bills come due, since all of its funds are needed for the printing of the Annual Conference Journal and Yearbook in the early part of the year.
5. We urge each pastor to check with his treasurer (or treasurers) before sending his report to the statistician to see that all amounts reported paid have been remitted.
6. We recommend that at the close of the fiscal year of the South Carolina Annual Conference the Statistical Secretary bring his records into conformity with the records of the Treasurer of the South Carolina Annual Conference. (The minister should be notified immediately where adjustments have to be made in the records of a local church.)
7. The Commission on World Service and Finance recommends a bond of $250,000.00 for the Conference Treasurer, Mr. S. D. Clarkson. He will serve as Treasurer for all Boards, Commissions and Agencies as outlined in Paragraph No. 914 of the 1968 Discipline and shall submit to each board or agency, monthly, a statement showing the amount of the disbursement.
8. We approve the recommendation of the Conference Board of Missions and Church Extension that all local churches be urged and encouraged to include in their Advance Special giving a share for Conference and District Church Extension needs.
9. All Boards, Committees or Commissions receiving funds from the Conference Treasurer shall with each voucher submit adequate supporting data.
10. Boards, Agencies, and Conference Institutions which are allowed to withdraw lump sums from the Conference Treasurer shall submit an audit by a Certified Public Accountant to the World Service Commission.
11. It is the recommendation of the World Service and Finance Commission that all Boards, Commissions, and Agencies of the church pay a standard rate of 8 cents per mile when a representative travels on church business and that other actual expenses be paid.
12. We recommend that all District Superintendents, Pastors, and Laymen take advantage of every appropriate opportunity to encourage will and bequest support of our churches, church colleges, Epworth Children's Home, The Methodist Homes, World Service causes, Missions and any other church related agency or cause the donor may desire to support and that information concerning such bequests be published in the South Carolina Methodist Advocate as information and inspiration to others.
13. We recommend to the Annual Conference that $2.00 per resident family be placed in the local budget to provide subscriptions to the Advocate for families of that church, and that this money be paid directly to the Advocate on at least a quarterly basis.

The Commission On
WORSHIP

A. SUMMARY

The Commission on Worship realizes that we have not been good stewards of our worship life. We again offer any help needed to local churches, district program councils or any Conference board or agency where it is needed. We gave advice or assistance to 37 local churches during the past year. Four of our members took part in additional training at Lake Junaluska. We helped in a small way with the Bishop's Convocation on Evangelism. We did some study of local church needs and made plans for this year to meet some of them. The services of Holy Communion for Annual Conference were planned during the past Conference year. In order to be good stewards we have asked for the minimal amount for meetings and place our emphasis upon training for service in the local church through district program councils.

B. Inservice training in innovative worship ..... $ 2,000.00
Administration 475.00

Recommendations:

1. The encouragement of services of worship that are ecumenical in nature;
2. The encouragement of private and family worship;
3. The encouragement of the use of meaningful music in our churches.

THOMAS LYLE BRYSON

June 7, 1886-May 6, 1971

The Reverend Thomas Lyle Bryson, 84, died May 6, in a Greenville hospital. He was born June 7, 1886 at Spring City, Tennessee, son of Thomas Simpson and Alice (Carpenter) Bryson. He received his college training at Emory and Henry College, Virginia.

Licensed to preach in 1913, he was that year admitted on trial into the Louisiana Conference; in full connection and ordained deacon in 1915; ordained elder in 1919. He also served in the Holston Conference, and was admitted into the (Upper) now S. C. Conference in 1923.

Charges served: Arcadia, La.; Evangeline, Miss.; Haughton, and Jasper, Tenn.; Lyerly, Ga.; LaFouche Mission, La. In South Carolina he served Blackstock, Rock Hill Ct., Pendleton, Piedmont, Orrville in Anderson, Swansea, Prosperity, Warrenville, Greenwood Ct., Travelers Rest, Wagener, Ellloree, Lewis Chapel-Zoar.

He was married to Miss Mary Belle Brown of Rhea Springs, Tenn., August 23, 1908. She died March 23, 1968. Surviving are two daughters, Mrs. L. J. Bonnette (Pearl) of Aiken, and Mrs. H. H. Watkins (Alice Marie) of Greenville; and a son Bruce Lyle Bryson of Charlotte, N. C.

During his retirement years he was an active and faithful member of Saint Matthew United Methodist Charge Conference, Greenville, S. C. Last year through his interest in work with the elderly needy of Greenville, he organized the Samaritan Fund within the Church and community. He gave much of his own personal funds and tireless efforts thereby aiding many of Greenville's senior citizens. The funeral was conducted May 8th by Reverend E. W. Rogers in Saint Matthew Church, Greenville. Burial was in Laurel Wood Cemetery, Rock Hill.

What was said of His Lord, could justifiably be said of him, "He went about doing good".

LESTER HUBERT COLLOMS

1903-1970

Dr. Lester H. Colloms, retired minister of the South Carolina Conference of the United Methodist Church, died November 13, 1970 at Ada, Ohio, where he was Professor of Philosophy in Ohio Northern University. Born February 28, 1903, at Calhoun, Tenn., son of William Henderson and Frances (West) Colloms, he attended high school and college at Hiwasse College; Emory and Henry College, Virginia, (A.B., 1926); Vanderbilt University Divinity School (1928-29); Candler Divinity School of Theology, Emory University (B.D., 1931); summer schools at Emory and University of Tennessee; Duke University (Ph.D., 1942).

He was licensed to preach in 1923; admitted on trial by the Holston Conference, 1931; ordained deacon and received into full connection, 1933, and was ordained elder in 1935.

Charges served: Henrys Cross Roads, Tennessee; War, W. Virginia; Rural Retreat, Virginia; Instructor, Duke University; Associate Munsey Memorial, Johnson City, Tennessee; Newport, Tennessee; Trinity, Athens, Tennessee, and also College Chaplain at Tennessee Wesleyan College; Associate Professor of Philosophy, Hendrix College, Arkansas; Professor of Religion and Philosophy, Union College, Kentucky; Professor Philosophy at Wofford College, Spartanburg, S. C., 1950-68; Professor Philosophy, Ohio Northern University, 1968-70; Author of a book, "Wilbur Fiske Tillett Christian Educator," 1949. Dr. Colloms retired from the active roll of the South Carolina Conference in 1969.

Dr. Colloms married Miss Zula Johnson, Madisonville, Tennessee, May 7, 1927, deceased 1934; child, Anna Jean, deceased. Married Mrs. Vergene Jenkins Jones of Dahlgren, Illinois, Jan. 9, 1946. She with their daughter, Beverly Jo (Mrs. Tyrone Folk), survives.

Funeral services were conducted by his pastor, the Rev. John Williams, and the Rev. R. C. Griffith, in Floyd's North Street Chapel in Spartanburg, S. C., Nov. 16, 1970, with burial in Greenlawn Memorial Gardens, Spartanburg.

Dr. Colloms was a man of excellent training and ability, whose education came to him through long years of exacting toil. He was well versed in his chosen field of philosophy and was loved and highly respected by both his students and his fellow-teachers. During his career he attained listings in several nationally important publications: "Personalities of the South," "Who's Who in the South and Southwest," "Dictionary of International Biography," "Two Thousand Men of Achievement," "Who's Who in American Education," "Who's Who in the Methodist Church," and "Community Leaders of America."

The writer of this memoir enjoyed the friendship of Lester Colloms almost from the beginning of his professorship at Wofford College in 1950. As fellow-ministers we have enjoyed many lunches together and occasional visits in each other's homes. His passing has left a loneliness in the hearts of his friends, of which he had many. He seemed to especially enjoy his work at Ohio Northern University, and often wrote glowing reports about it to friends in South Carolina. On the day he passed away, he ate a hearty breakfast, shaved and dressed for the classroom. On the way out he stopped and stretched out on the living room sofa and gently left this earthly scene. How fitting to go at the high tide of one's enjoyment of his chosen profession!

ROBERT CARL GRIFFITH

JOHN WOFFORD COOLEY

John Wofford Cooley gave his life to Christ and then to the South Carolina Conference of the United Methodist Church and was loyal to both until his death on August 28, 1970. No year of his service could have been richer or more self-giving than the last fourteen months of his life, even though most of this was spent quietly and with limited physical activity. On June 28, 1969, he underwent surgery at the York General Hospital in Rock Hill, South Carolina. The word was that much dreaded sound—"Cancer". John Cooley continued his ministry to others in as fine a way as he had ever done throughout his ministry. His family, friends, and much of the membership of Woodland United Methodist Church became his congregation to comfort. In his ebbing strength, he gave strength, faith, and courage to all about him. During this time, he celebrated his fiftieth Wedding Anniversary; returned to the worship services of Woodland Church; participated in the opening of the new sanctuary; began to drive again; continued his life long habit of study; encouraged his Pastor and refused to be pitied. Surely, this could have been his "finest hour."

John Wofford Cooley was born May 23, 1898, in Laurens County, South Carolina, a son of John Young and Luck Adams Cooley. He graduated from Leesville High School and Wofford College, receiving his A.B. and M.A. Degrees from the latter in 1917 and 1932. He was licensed to preach in the Methodist Church in May 1920 and was admitted to the Upper South Carolina Conference on trial, November 1920. He was ordained deacon and was received into full connection November 12, 1922; two years later on November 9, he was ordained an elder. He served the following charges: Ridgeway, Swansea; Toxaway, Anderson; Park and Ogden, Rock Hill; Richburg; Hickory Grove; Cowpens; Wagner; Cameron; Pleasant Hill; Fort Mill; and Estill.

During World War II, John left the Conference to answer the call of his nation as a United States Army Chaplain. Prior to joining the Conference, he had served the U. S. Navy as an enlisted man during World War I.

Following his retirement in 1962, he moved to Rock Hill and established his own home, which he enjoyed remodeling and beautifying. During this time, however, he again answered the call of his church and served the following churches as a retired supply in the Rock Hill District—Rocky Mount, Zoar, and Pleasant Grove. He is survived by his wife, the former Bernice Williams of Spartanburg, South Carolina; Mrs. D. A. Funderburke (Emily Lucille); Mrs. James Risher (Virginia); and William Huntley Cooley. Their first born, John Wofford, Jr., died as a young adult.

To know John Cooley as a friend and brother minister, confidant and counselor during the last five years of his life was a blessing and joy for me. To continue as Pastor and friend to his family is a privilege.

RAY P. HOOK

JESSE CLARK CUNNINGHAM

Rev. Jesse Clark Cunningham died January 7 in Modesto, California—his home since 1950—after a short illness. He was born in Santa Ana, California, in 1890. His mother also was born in California in a home on a trail that became the Redwood Highway. His father came to California first around Cape Horn and the second time on the first train after the Gold Spike was laid. His father's boyhood home was the first brick house in northern California and is part of the historical tour of Monterey, capitol of California during Spanish control.

Unable to finish high school because of ill health, Mr. Cunningham entered Wofford on condition in 1912 and received his AB degree in June 1915 with no summer school work. He also won the Hart Moss History Essay Medal. He later pursued divinity studies at Candler School of Theology, Emory University and Asbury Theological Seminary, and administrative studies at Claremont Colleges, Inc., and the Universities of South Carolina, Oregon and Kentucky.

Admitted on trial into the California Conference of the Methodist Episcopal Church, Mr. Cunningham transferred to the Upper South Carolina Conference in 1916. He served Woodlake, California; North Spartanburg, Chesnee, Langley, and Cokesbury, South Carolina; organized the church at Allenhurst, Georgia; also served Bethel, Greenville; Galt, California; Myrtle Creek, Oregon; Princeton and West Kershaw, South Carolina. From 1956-64 he served as counselor at Lakewood Memorial Park, where he is buried.

To Mr. Cunningham, one of the greatest evidences of God's hand on his life was his marriage in 1921 to Mary Lillian Puckett of Greenwood. Having loved history always, his favorite boyhood pastime was reading stories of the ante-bellum South. "His fondest dreams of romance was the Southern planter's daughter." When he married her, he learned that as a girl sitting in "her shrine" —a special pine tree at dusk, something deep within led her to ask God to bless whatever it was of destiny the land of the setting sun held for her.

Mr. Cunningham's final earthly event was participating—as the oldest living minister—in the dedication of the restored Cokesbury Conference School—the history of which had intrigued him since his appointment there in 1922 as a new groom—with Bishop Hardin and Governor-elect John Carl West. It held extra significance since this was the initial event of his wife's home county to the Tri-Centennial Celebration and his daughter who had been a high school mate of both Mr. and Mrs. West, painted the portrait of Susanna Wesley which now is hanging in the chapel.

Mr. Cunningham's memorial service—more properly called a "Psalm of Praise" was held January 10, 1971, in Centenary United Methodist Church, Modesto, California, and was conducted by Reverend Ed Cunningham, minister of First Congregational Church, Eureka, California.

MISS MARY H. CUNNINGHAM

EDWARD PEEPLES HAMMOND

Edward Peeples Hammond was born in Anderson, S. C. January 24, 1921, and died November 20, 1970 as the result of an automobile accident near Waynesville, N. C. He was the son of Mary Alma and the late Clifton H. Hammond. He was married to Elizabeth (Betty) Holroyd August 19, 1940, and they have three children: Mrs. R. W. Conley, Edward Peeples Hammond, and Holroyd Clifton Hammond.

He was educated in the Anderson public schools, attended The Citadel, and received the A. B. Degree from Erskine College in 1949 and the B. D. Degree from Candler School of Theology, Emory University in 1952. He was licensed to preach May 15, 1946; admitted on trial in the South Carolina Conference in 1950; ordained deacon in 1951, ordained elder in 1952, and was admitted in full connection in the South Carolina Conference the same year.

Pete, as he was affectionately known by his friends, served pastorates in Easley and Greenville before entering the Naval Chaplaincy in August of 1953 where he served until shortly before his death. His honors as a Naval Chaplain were numerous. He attained the rank of Commander, was the fourth Chaplain in the history of the Navy Chaplains Corp to qualify as a Naval Parachutist,

the second Methodist Chaplain to spend a year on the Antarctic Continent as a member of the Navy's "Operation-Dee-Freeze Tour." Chaplain Hammond served aboard the USS Newport News 1961—63, and the USS Franklin D. Roosevelt 1965—67. His last duty assignment was as Senior Chaplain, Naval Communications Training Center, Pensacola, Florida. He retired from the Navy Chaplains Corp August 31, 1970. Pete's service with the Navy took him away from South Carolina for most of the years between 1953 and 1970, but it was good to be pastor of the church where he and his family maintained contact, and to have his family present during the times when duty called him to extended absences.

His tragic death took him from our midst, and though he was not here we knew that he was in the same service and his strong and massive image will be missed. Edward Peeples Hammond has turned in his uniform, as we all must, and his judgment, as ours, is in the hands of the God and Father of our Lord Jesus Christ.

WILLIAM R. KINNETT

DALTRUM HOLMES POSTON

The Reverend Daltrum H. Poston stood tall among us. Born May 30, 1919, in Poston, South Carolina, the son of Mack Kenzie and Carrie Yulee Poston, he was reared in a Christian home. He received the Bachelor of Arts degree from Wofford College in 1959 and completed his Conference Course of Study at Duke Divinity School. On July 15, 1954, he was licensed to preach and ordained to the ministry of the United Methodist Church, South Carolina Conference, in 1956. His pastorates include Kingstree Circuit; Glendale; St. Paul, Spartanburg; Stephenson Memorial, Greer; and Associate Minister at Buncombe Street until his death in the afternoon of August 2, 1970. Dal married Miss Grace Helen Nunn, a native of Texas on March 10, 1944. The children are Karry Sue (Mrs. George Lynn), Lynda Anne, Clara Joe, and Daltrum Holmes, Jr.

Dal, while rearing his family, added the challenge of completing his college work while pastor at Glendale. The latter part of his college work was completed while he was organizing and building Saint Paul which grew into a promising suburban church under his leadership. As Parish Minister of Buncombe Street, Dal Found a ministry that gave him deep satisfaction. He knew that he was welcome in every home and his very life was a testimony of his faith.

Dal was impressed with the depth of Christianity of his brothers and sisters and enjoyed telling us about their participation in the affairs of the various churches to which they belonged. He loved the church and climbed above the pettiness of people, seeking to find the best within them and bring it out. He demanded much of himself and of his family.

Dal was a big man, gentle in manner, unique in compassion, and Christian in every sense of the word. To his family we give our love, our prayers and our sympathy. We shall follow them through these days with care and concern.

To have walked with Dal as a fellow minister, to have shared with him the joys, burdens, and anxieties of this membership has been a very wonderful experience. Looking at a beautiful memory we can only say of him, "Servant of God, well done!"

ROBERT N. DuBOSE

THE REV. WILLIAM GLENN SMITH, SR.

Here is a sketch of the life and work of the Rev. Glenn Smith, given in a recent number of the **South Carolina United Methodist Advocate:**

"The Rev. William Glenn Smith, 78, died April 26, in a Newberry Hospital. He was born Oct. 14, 1892, in Franklin County, Georgia, son of Charles Ranson and Jeannette (Sheriff) Smith. He was the first student to enroll in the Textile Industrial Institute, now the Spartanburg Junior College. He was an A.B. graduate of Wofford College, 1920.

"Licensed to preach in 1918, he was admitted on trial into the Upper S. C. (now S.C.) Conference, 1920; in full connection and ordained deacon, 1922; ordained elder, 1924. His pastorates were Buffalo; Newberry Circuit; Hickory

Grove; Ft. Lawn; Townville; Toxaway; Enoree; Epting-Lewis, Newberry; East Lancaster, Piedmont; Greeleyville-Lane; Liberty; Iva; Oliver Gospel Mission, Columbia. He retired in 1958, served another year at Oliver Gospel Mission, and then moved to Greenwood.

"His first wife, Mrs. Irma Wade Smith, died in 1963.

"Surviving are his widow, Mrs. Bettie Durst Mitchell Smith; three daughters, Mrs. Margaret Clark of Greenwood, Mrs. Annie Ruth Callis of Saginaw, Mich., and Mrs. Jeannette Plyler of Lancaster; a son, Chaplain W. Glenn Smith, Jr., of Key West, Fla.; two stepsons, Ralph and Rayon Mitchell of Newberry; and a sister, Mrs. Pauline Lewis of Los Angeles, Cal. After his second marriage the Rev. Mr. and Mrs. Smith made their home in Newberry.

"The funeral service was conducted in Main Street United Methodist Church, Greenwood, April 28, by the Rev. James A. Merchant and the Rev. W. Harry Chandler. Burial was in Greenwood Memorial Gardens."

Brother Glenn Smith was an unusual type of man. Two incidents reveal to me two of his outstanding characteristics. One was during his early ministry and the other was near the close. In 1921 my family and I came back from Brazil for our first missionary furlough and were residing in Spartanburg. During this time Billy Sunday came to Spartanburg for one of his evangelistic campaigns. I was anxious to attend the meeting but not being a member of the ministers of the city, I was having some trouble getting an entrance ticket. Brother Smith, whom I did not know at that time, heard of my difficulty, came and offered me his service. He took me to the office of the crusade and left the manager with no doubts as to his feelings. I had no more trouble attending the Billy Sunday meeting. I saw then that Glenn Smith liked to HELP people. This characterized the whole of his ministry.

The second incident was near the close of Brother Smith's ministry. He was then superintendent of the Oliver Gospel Mission. Dr. John Paul was conducting a revival meeting at the mission and I went to one of the services. At the close of the service Dr. Paul made an altar call. A number of people responded, going to the altar for prayer. I saw Brother Smith going around to the side of some poor sinner who was kneeling at the altar. There kneeling on the hard floor, he poured out his heart to the good Lord in a strong, clear voice, asking that the sinner be pardoned and given a new life in Christ. This passion for the souls of men characterized the ministry of Glenn Smith throughout his long years as a Methodist preacher.

The Reverend Glenn Smith loved his family and he and his good wife made ample provision for the education of their children. All went to good schools and are now honoring the church with lives of dedication and service to the Master.

Bishop Cyrus B. Dawsey

JOHN WILLIAM HENDRICK

It is difficult to put into form the content of a man's earthly pilgrimage. Words are poor messengers of the heart; yet, our only way to convey deep gratitude to our Heavenly Father as we share together in celebration of Bill Hendrick's witness and ministry in the world. His was not a long ministry in the high-steepled churches of our conference; rather, it was a short ministry in the small churches among the rural people of our State whom he loved deeply. These churches included Shiloh, Columbia District; Heath Memorial, Rock Hill District; Bethlehem-Salem, Lake City District; and Ridgeville, Charleston District. In 1969 he retired because of his failing health.

Long before Bill committed himself to the full-time supply ministry of The United Methodist Church, he was a man in mission. His grocery store in Columbia was a mission station for the Lord. Often he fed the hungry without expectation of recompense, ministering to the least of God's children—the hungry, the thirsty, the needy. He literally knew how to give and not to count the cost! Edgar Frank must have known a man like Bill when he wrote:

A man I know has made an altar of his factory bench,
And one has turned the counter in his store,
Into a place of sacrifice and holy ministry.
Another still has changed his office-desk,

Into a pulpit-desk, from which to speak and write,
Transforming commonplace affairs
Into the business of the King.

As Bill Hendrick continued to grow in grace and love, he became restless until he could give his whole life to the professional ministry of the Church. He alone knew what his life's mission was, and he was willing to make whatever sacrifices were necessary in order to fulfill God's will for his life. He stood firm in the faith that God would be with him to supply him with the needed strength and grace to meet the opportunity for ministry. He caught the real meaning of Vikter Frankl's words: "Everyone has his own specific vocation or mission in life; everyone must carry out a concrete assignment that demands fulfillment. Therein he cannot be replaced, nor can his life be repeated—he can only answer to life by answering for his own life; to life he can only respond by being responsible."

Bill is survived by his wife, Mrs. Nita Roberts Hendrick and three sons: John William, Jr., Samuel Pinckney, and Richard Marion. The funeral service was conducted by The Rev. Carl D. Clary in College Place United Methodist Church, Columbia, on January 4, 1971, with the interment in Elmwood Cemetery.

CARL D. CLARY

JAMES PORCHER ROBERTSON, JR.

A miniature church is placed in the yard of the parsonage of Jamestown Charge just a few feet away from the busy highway. The little church was made by James Porcher Robertson, Jr. and placed there. He wanted it known that here lived a minister of the Gospel and that he was ready to serve human needs. He was, indeed, a man who wanted to live in his house by the side of the road and be a friend of man, to be in the pulpit on the Lord's Day and proclaim the life in Christ, to lead congregations in being God's people.

James, when a mature adult, became a Christian and soon thereafter found himself called to the Methodist ministry. A skilled craftsman, husband and father, not much formal education, he offered himself to the Conference as a lay preacher. At the Annual Conference of 1967 he was appointed part-time lay pastor of the Jamestown Charge in the Lake City District.

He loved his people and served them devotedly. They worshipped in three small churches along the highway and the Methodist brand of church life was enriched.

"Shassie," as he was called by his friends, eagerly pursued the Course of Study and was in the Class of the Third Year. At the 1970 Annual Conference sessions he was ordained a deacon by Bishop Paul Hardin, Jr. Even during the week of Conference he was in poor health and shortly after the new year began, he was being prepared for surgery. For six months before his death he was in and out of the hospital, but during that time of terminal illness he visited every home in his parish and conducted services as often as his health allowed. He was born April 29, 1934. Such a tragedy for the young minister, so dedicated, so effective, so fond of his family! But such a glory that one found real purpose for his life and gave himself for it before the end of his earthly experience.

He is survived by his wife, Mary, whom he married Setpember 13, 1953, and by four children, James Porcher, III, Olivia Rose, Charles Bernard, and Mary Lynn, and his parents, two brothers and three sisters.

Funeral services were conducted January 7, 1971 in Saint James United Methodist Church in Jamestown, by his district superintendent and The Reverend William B. Love.

JOEL E. CANNON

MRS. JOE KIRKPATRICK BROWN

Jean Carolyn Morrison (Brown) was born in Ware Shoals, S. C. March 26, 1928 to Jabos R. and Eva Ruth Poore Morrison. She moved with her family to Fairforest, S. C. as a young child; was educated in the public schools of Fairforest, and attended Spartanburg Junior College. She was married to Joe K. Brown October 19, 1950 and is survived by her husband, a daughter, Patricia Ruth, and a son, Kirk.

Death came upon Jean gently in her sleep on January 19, 1971. Her funeral was planned by her husband and children as an affirmation of her faith and was a genuine service of worship. Her pastor the Rev. H. R. Reynolds; and former pastor and close friend, the Rev. Jack Crandall officiated at the service. The service was held at Clemson United Methodist Church January 20, 1971, and the burial was in the Old Stone Church Cemetery.

Jean's unpretensious presence is deeply missed, but how do you say it? Our feelings are expressed in the prayer of the Rev. Jack Crandall:

> "Father as you well know, when hurt invades the life of persons close to us, our fallibility and frailty spill all over the place—especially when one who means much to us is forced to gaze into that shadowy valley called death. We flit about on the periphery of the ones in pain . . . we stammer, mumble, paw the ground, even embrace and utter such things as "I'm sorry", or "Can I do anything?"—all just awkward, feeble attempts to say "I love you . . . I hurt with you". But thank goodness, Father, our guarded, safe attempts to ease someone else's hurt, when our fumblings are in your hands, can become harbingers of your Love. For this family and those others here who ache this day, may they become such. In Jesus' name we ask it. Amen"

We are fortunate when we come upon those persons who with warm humanity accept us as we are and ask little else in return. They are a rare find and are perhaps more appreciated in the losing than in the finding.

WILLIAM R. KINNETT

MRS. LARKIN AUGUSTUS CARTER

Mrs. Rebecca Rogers Carter went to be with her Lord early in the morning of February 18, 1971. She was the daughter of Robert James and Mary David Rogers, and was born at Brownsville, Marlboro County, South Carolina, on January 19, 1879.

As a young girl she graduated from Bennettsville High School, continued her education at Limestone College in Gaffney, and served as a teacher in the public school system.

On December 20, 1917, she married Reverend L. A. Carter, who at that time was a school principal, but who later became a member of the Annual Conference of the Methodist Church in South Carolina.

Mrs. Carter was a devotional and virtuous woman. With her gentle hand and willing heart she constantly endeavored to do the bidding of the Divine will on behalf of Christ's holy church. Thus motivated, her life's influence in several churches of the South Carolina Conference (teaching in church schools, acting as president of various missionary societies, and assisting in the busy pastoral ministry of her husband) cultivated a hallowed affection of many people—many of whom looked upon her as the "ideal pastor's wife" and example of Christian discipleship.

Her mortal remains were interred in the family cemetery at Bluecheim, South Carolina.

"She hath done what she could. . ." ". . .let her own works praise her in the gates." Mark 14:8; Proverbs 31:31

ALTON L. WAGNER

MRS. DAVID NORRIS BUSBEE, SR.

There is a family of descriptive adjectives commonly employed to express our respect for and appreciation of a lovely lady. All of these could be used honestly in paying tribute to Mrs. Lillian Ann Shealy Busbee, but only by adding the prefix "Christian" could our words attain sufficiency; for the alpha and the omega of her life were her absolute dedication to her Lord and Master. To paraphrase the words of the Apostle Paul: "she lived, and yet, not she but Christ lived in her".

Born in Lexington County, most of her life was lived in Methodist parsonages. Daughter of the Reverend Henry W. and Alice Taylor Shealy, she became the wife of the Reverend David Norris Busbee on October 27, 1907. Born to this union were one son and three daughters: David Norris, Jr.; Lillian (Mrs. H. G. Turner) (deceased); Sarah (Mrs. P. M. Kozma); and Mary Beth (Mrs. W. M. Kirkland).

For sixty-three years she served nobly as a tower of strength for her husband, her children, and her countless friends.

On September 8, 1970, the eternal gates swung open to receive one of heaven's fairest daughters.

> "Well done, thou good and faithful servant . . . Enter thou into the joy of thy Lord." Matt. 25:21

A memorial service was held on Thursday, September 10, at her church, Trinity, West Columbia. Conducting the service were Bishop Paul Hardin, Jr.; the Reverend David W. Reece, Jr.; and her pastor, the Reverend Leon Thompson. Interment was in Columbia.

MRS. R. C. EMORY

Mrs. Irene Chastain Emory whose sudden death occurred at her parsonage home in Inman, S. C. June 3, 1971 was the wife of Rev. R. C. Emory. She was active and busy in her duties as wife and mother, caring for her family unaware that her earthly life would cease so abruptly. She participated in all phases of church work in her community, giving special interest to the Women's Society of Christian Service of which she was a Life Member. During the past year she served as Treasurer of Spartanburg District Pastor's Wives Club. Mrs. Emory served with her pastor—husband 28 years in the ministry of the Methodist Church in South Carolina contributing greatly with her talents and love for her church.

Irene was the oldest daughter of Mr. and Mrs. A. M. Chastain. She was born on September 9, 1917 in Murphy, N. C. She spent her childhood and youth in Clifton, S. C. attending school there and graduated from Cowpens High School, Cowpens, S. C. She is survived by her husband, Rev. R. C. "In a graveyard where the dead rest forever, this I read, 'She made home happy'—not another word about that wife, that mother. Polished phrases, proud metaphor could not pay one tribute more than the simple stone that stood. Eloquence of Motherhood. 'She made home happy.'."

(b) Beginning with the close of the 1966-67 fiscal year all past due amounts will bear 6% interest, chargeable on the first day of the new Conference year. (See Discipline, 1968, Par. 1381.c). However, interest on arrears will be waived at the end of any year in which the minister pays his current two percent and a minimum of 10% of his arrears as of May 31, 1968 or who pays his current two percent and a minimum of 10% of his present total arrears, whichever is the larger.

(c) The ministers shall be required to remit at least quarterly to the Conference Treasurer. If a minister on trial is discontinued, any amount paid by him on the two percent fund may be refunded to him at his request.

(d) The Board of Pensions shall render statements at least annually to all ministers.

E. Conference Funds

(a) Offering for Church School Rally Day, Methodist Student Day, Race Relations Day, Golden Cross; Fellowship of Suffering and Service, Overseas Relief, Methodist Youth Fund, Fourth Sunday World Service Offering, Veteran's Day, Town and Country Work, District Superintendent's Salary, the two percent of the pastor's salaries, Temperance, and other funds not specifically directed shall be sent to the Conference Treasurer.

(b) The Commission on World Service and Finance shall include in the askings for conference work an amount sufficient to cover the travel and other expenses of those persons elected from the Conference to serve on the General Board and the General Assembly of the National Council of Churches, of Christ in the United States of America, if funds are not otherwise provided.

F. Local Church Financial Reporting

(a) The pastor's report to Annual Conference shall include all expenditures of a local church for the period June 1 through May 31, regardless of the local Church's own fiscal year. All conference appointments and askings are to cover the same period, June 1 through May 31.

(b) The pastor's report to the Annual Conference shall be sent to the Conference Statistician so as to reach that office not later than fifteen days after the close of the Conference year.

(c) Beginning in the calendar year 1973 and each year thereafter, pastors' reports to the Annual Conference shall cover the calendar year (January 1-December 31st) and shall be sent to the Conference Statistician so as to reach that office not later than January 15th of the year following. A seven month reporting period shall be observed from June 1, 1972-December 31, 1972 with reports due not later than January 15, 1973.

G. Commission on Minimum Salary 1971-1972

Whereas, the DISCIPLINE of 1968, paragraph 920, provides for fixing a minimum salary by the Annual Conference, therefore be it resolved: That the South Carolina Annual Conference fix its minimum salary according to this following scale to become effective on the adjournment of this conference session and continue until changed by the Annual Conference.

The Commission on Minimum Salary looking to the future of South Carolina Methodism recommends the following simplified salary scale which will enable all churches and ministers to easily ascertain the Minimum Salary Schedule:

A. 1. Minimum Salary of Effective Member of Annual Conference will be $7,500 plus $500 for travel, making a total of $8,000.
2. Minimum Salary for Probationary Member will be $6,500 plus $500 for travel, making a total of $7,000.
3. Minimum Salary for Associate Member will be $6,000 plus $500 for travel, making a total of $6,500.
4. Minimum Salary for Lay Pastor will be $5,000 plus $500 for travel, making a total of $5,500.
5. If a man has been in the Conference for fifteen years as an Effective Member, $500 will be added to his Minimum making a total of $8,500.

The new schedule means the average man on Minimum Salary will receive an approximate $500 increase. No minister will receive less in '71-'72 Minimum Salary than he is receiving during 1970-'71.

The Commission on Minimum Salary will not assist churches who employ Assistant or Associate Pastors.

Student pastors will be considered by the District Superintendent and the Commission on Minimum Salary as separate cases and according to situations.

B. The District Superintendent shall recommend the adjusted amounts which must be approved by the Commission on Minimum Salary before payment can be made. Any person shall be considered a student pastor if he is enrolled in an accredited college or seminary for a degree.

C. It is recommended that if a charge is to receive Minimum Salary help, it should have a minimum of 150 members for a student pastor or 300 members for full time pastor, except in the case of a church extension situation approved by the Board of Missions and Church Extension as such or an urban work situation approved by the Urban Work Committee of the Board of Missions. Also, neither side of a split charge should be on Minimum Salary unless one side is clearly designated church extension situation, approved by the Board of Missions and Church Extension.

(a) It is the policy of Minimum Salary to support a church for three years. Exceptional cases for an extended period will be considered upon recommendation of the District Superintendent to the Commission on Minimum Salary. (This will not apply to church extension situations.)

D. Be it resolved that the Annual Conference through its Minimum Salary funds shall not pay in excess of 35 percent of the above amounts. The local

churches shall be encouraged to pay the other 65 percent, but this resolution will not hinder the Board of Missions and Church Extension or other agencies of the church from making appropriations from its discretionary funds. Exception to this resolution will be allowed under the following conditions:

(a) The church must meet all the requirements of Minimum Salary Commission.

(b) The official board of the said church must declare in writing to the District Superintendent that the above requirement having been met, it cannot pay the 65 percent.

(c) The District Superintendent and the Cabinet must recommend this exception unanimously.

E. Be it further resolved that $2,000 be set aside as a discretionary fund to be administered by the Commission on Minimum Salary on application of the District Superintendent.

F. Minimum Salary funds shall be dispersed at the end of each month, and shall be given only to the minister involved.

MINIMUM SALARY NEWLY SET-UP WORK ON URBAN WORK
1971-72

Schedule A

Notes: 1. Schedule A applies to ministers serving first pastorates.
2. These schedules apply to ministers serving on trial or in full connection only. In case of the appointment of an approved supply, the salary will be the responsibility of the Minimum Salary Commission.
3. First full year of the church's organization.

1st Year: The salary shall be the top amount allowed under existing Minimum Salary Commission regulations applied to one in this category. The local church from its funds may increase this amount by not more than $300 without reducing the minimum salary appropriation.

2nd Year: The salary of the second year will depend upon that paid the first year and may be increased by not more than $300, but the local church must assume one-fourth of the total salary paid.

3rd Year: The salary of the third year will depend upon that paid the second year and may be increased by not more than $300, but the local church must assume one-half of the total salary paid.

4th Year: The salary of the fourth year will depend upon that paid the third year and may be increased by not more than $300, but the local church must assume three-fourths of the total salary paid.

Schedule B

Notes: 1. Schedule B applies to ministers who are on trial or in full connection and who have had a minimum of four full years of service prior this appointment. Time served in this present appointment under Schedule A does not count as a part of the four years' experience required under Schedule B.

1st Year: Note: First full year of church's organization.
The Minimum Salary shall be according to the minister's category.
Special Note: The District Superintendent may apply to the Church Extension Section of the Board of Missions for a salary that is more in keeping with the amount received by this minister in his previous appointment.

2nd Year: The salary depends on amount received first year. At the beginning of the second year, the newly established church must assume one-fourth of the minister's salary.

3rd Year: The salary for the third year depends on amount received second year. At the beginning of the third year, the newly established church must assume one-half of the minister's salary.

4th Year: The salary for the fourth year depends upon the amount received the third year. At the beginning of the fourth year, the newly established church must assume three-fourths of the minister's salary.

Notes: 1. Except where the administrators of this salary schedule feel an extreme case of hardship exists, no salary funds will be granted to a church after the fourth full year.
2. A "new church" may be interpreted to mean an "engulfed" situation or a relocation project, if it is determined to be a church extension responsibility by the Church Extension Section of the Board of Missions.
3. The local church share of this salary schedule is interpreted to mean salary plus any travel and utility allowances.
4. These figures are maximums, and any amount of funds from any source in any guise added to these figures will be subtracted from the Conference support given.
5. In all cases where a newly set-up work is attached to an existing charge, these become charge figures.

Schedule C

Notes: 1. Schedule C applies to ministers serving as Directors of Urban Work who are members of the Annual Conference.
2. The Directors of Urban Work shall be eligible for the full Minimum Salary which is approved by the Annual Conference.
3. The salaries shall be based on recommendation of the District Superintendent of the District in which the urban work is located, after consultation with the Urban Work Committee.

or 3. The salaries shall be based on the recommendation of the Conference Urban Work Committee, after consultation with the District Superintendent of the District in which the urban work is located.

1st Year: The Minimum Salary shall be according to the minister's category.
Special Note: The District Superintendent may apply to the Church Extension Section of the Board of Missions for a salary that is more in keeping with the amount received by this minister in his previous appointment.

2nd Year: The salary depends on the amount received the first year. At the beginning of the second year, the newly established work must assume one-fourth of the Director's salary, if possible.

3rd Year: The salary for the third year depends on the amount received the second year. At the beginning of the third year, the newly established work must assume one-half of the Director's salary, if possible.

4th Year: The salary for the fourth year depends on the amount received the third year. At the beginning of the fourth year, the newly established work must assume three-fourths of the Director's salary, if possible.
