October 1, 2013

Dear Colleagues,

I want to invite you to join me in making your mark on our community by taking part in Wofford's 2013 United Way Campaign.

Your donation to the United Way of the Piedmont is distributed to over 70 non-profit agencies throughout Spartanburg, Cherokee and Union counties. The needs in our community are great, but these agencies – such as St. Luke's Free Medical Clinic, Boys and Girls Clubs, Children's Shelter, Salvation Army Community Center, and many more – help people in our community tackle difficult challenges in their lives.

This year our United Way Campaign will feature, for the first time, a secure online giving option, as well as a campaign website dedicated to Wofford College. You will be able to track our progress toward the campaign goal, as well as access important information about the United Way of the Piedmont. If you prefer to participate using the traditional paper pledge form, that option is available as well. Please contact our United Way Campaign Chair Ryan Johnson at johnsonra1@wofford.edu with any campaign questions. The secure link to our campaign website will be provided to you by email later this morning. It will also be accessible through the "Employee" tab in myWofford.

Your participation, regardless of the amount, is much appreciated. Please join me in making a difference in our community by supporting the United Way.

Thank you so much,

Nayef Samhat
President

United Way of
the Piedmont
Connect2myCommunity.org

Dear Colleagues:

Today kicks off our annual United Way campaign at Wofford!

The United Way of the Piedmont supports over 70 programs across Spartanburg, Cherokee, and Union counties. For most of these recipient organizations, United Way funding is a critical source of year-to-year financial stability. Every organization supported by the United Way of the Piedmont undergoes a rigorous review process to ensure efficient and effective use of donor contributions. These programs work together to address the many issues faced by families and individuals in our community.

United Way of the Piedmont works locally to build a more financially stable, better educated and healthier community. They do that by bringing together the experts, resources, volunteers and partners needed to get things done.

Please join with me and the rest of the Wofford community in supporting the United Way of the Piedmont. You can begin by [clicking here](#).

Thank you, and sincerely,
Ryan Johnson

Viva Klezmer! in Concert

Date/Time: 10/7/2013 7:00:00 PM

Location: McMillan Theater, Campus Life Building

Cost: None

Details: Viva Klezmer! is a Charlotte based group of musicians who perform traditional Klezmer music. Klezmer has been described by some as "Jewish jazz." Although Klezmer may contain some jazz elements, Viva Klezmer! feels that style, inflection, and ornamentation are the key elements in Klezmer performance. The musicians' varied backgrounds (three are members of the Charlotte Symphony; all are classically trained) enable them to draw upon a variety of sources for repertoire. In addition to traditional Klezmer music, Viva Klezmer! Performs their own "klezmerized" versions of symphonic and American music.

Language: Spanish (English subtitles) "In 1988, Chilean military dictator Augusto Pinochet, due to international pressure, is forced to call a plebiscite on his presidency. The country will vote YES or NO to Pinochet extending his rule for another eight years. Opposition leaders for the NO persuade a brash young advertising executive, Rene Saavedra (Gael Garcia Bernal), to spearhead their campaign. Visually and emotionally the film is both horrific and beautiful: an interplay of human interest and political wake-up call. But it ends on a message of hope: showing how the risks to our survival can easily be averted through sustainable approaches that provide far more employment than the current 'waste industry'. Following the movie there will be a panel discussion (Ron Robinson of Wofford, Shelley Robbins of Upstate Forever, and Gary Poliakoff, an environmental lawyer. The panel will be led by Rabbi Yossi Leibowitz.

To: Wofford Campus Community

This Monday and Tuesday, October 14-15, the Board of Trustees will be meeting on campus. Spaces will be reserved for their use in the back portion of the Admission lot. Also, because of so many fall breaks and Columbus Day holidays throughout public and private schools around the country, we anticipate an overflow of campus visitors through the Admission office on Monday as well. Therefore, faculty and staff members accustomed to parking in the Admission lot are strongly urged to find alternate locations in which to park on Monday.

Thanks for your cooperation!

Find a Job or Internship without Leaving Campus or Sending an Email. First Access

Networking & Interview Event

Date/Time: 10/8/2013 10:30:00 AM

Location: Great Oaks Hall

Cost: Free

Details: Find an internship or job without leaving campus or sending out emails!

Networking begins at 10:30 a.m. and continues until 1 p.m. (drop in anytime!). Interviews will be scheduled by employers. Be sure to dress professionally and bring copies of your resume to hand to the companies you are interested in speaking with. Check out the list of companies and their positions to decide where to spend the majority of your time and energy, but don't necessarily cross out companies because they don't initially interest you- it may be worth it to talk to employers outside of your comfort zone or interest level.

Many companies will be conducting interviews on campus that afternoon. Those that do will be scheduling times with students they are interested in during the networking portion of the event. Others may schedule times at a later date, off campus. Find a list of employers and their open positions here: <http://www.wofford.edu/thespace/firstaccessDA>

Be sure to stop by and get your professional photo taken between 10 a.m. and 1 p.m. by Mark Olencki to use on your social media profiles like LinkedIn and About.me.

Employers constantly list unprofessional photos as a reason to drop a potential candidate from their interview process.

To: Wofford Staff WoffordStaff@Wofford.Edu

Dear Colleagues across the Wofford community,

In the short span of 12 days all of us in the Wofford community hosted Family Weekend, Homecoming Weekend, and a meeting of our Board of Trustees. What an extraordinary time of meetings, gatherings, parties of all types, classes without quizzes, presentations, awards, socializing, remembering and celebrating.

And what extraordinary effort by so many people to make these events seamless for all, especially for our families, alumni, and Trustees. Prema and I certainly enjoyed each and every moment. We want to thank everyone across the College who made these weekends and the Board meeting such a resounding success. An institution, a community, is only as strong as the people who constitute it. And Wofford is so very fortunate to be in the hands of so many in every area of the institution who care and are committed to excellence, and providing one of the finest experiences to be found at any liberal arts college in the land.

I thank each and every one of you for making this time special and successful.

To the Wofford Community

Sometimes in the process of doing our daily work, we lose sight of familiar college policy and procedures that govern some important activities. Realizing that we are in the process of searching for a new marketing and communications manager, we may anticipate some changes, but for the moment, please review the two attached directives and keep them in mind.

- 1) A consistent graphic identity is an essential component in any program of branding and marketing that has as its goal not just being better known, but better understood. These simple instructions (attached) explain how we hope to go about using the basic Wofford message and our logo and other graphic marks. It is very important to show a consistency in our use of the college logo and seal across all our potential audiences, including the campus community (individual students and organizations); trustees, alumni and friends; prospective students; and the general public. The all-important brand name, for example, is “WOFFORD.” Please note that the Wofford College Non-Discrimination Statement was updated in Sept. 2013 and that Wofford is required to include the notice in any bulletins, announcements, publications, catalogs, application forms or other recruitment materials that are made available to participants, students, applicants or employees.
- 2) Wofford College is private property; therefore, there are certain state and federal laws that have an impact on the campus activities of commercial photographers and videographers. Because of potential liability issues, the college reserves the right to schedule and regulate their work. The attached photography/videography policy describes how we should respond to requests for permission to create visual images and how finished works may be sold or distributed (the licensing program).

Questions and other issues related to the material attached may be directed to any member of the Communications and Marketing staff.

What is a brand?

A brand is any combination of words, colors or symbols that set it apart from anything else.

Why is a brand important?

A brand is important because it adds focus, meaning and impact to all communications. Wofford College operates in a competitive environment and must leverage any advantage to tell its story most effectively. A strong brand provides such a lever.

What is a Brand Voice?

A Brand Voice is all things that communicate the Wofford message. In addition to our website, admissions literature and videos, other mediums such as campus tours, personal interactions with campus guests and even our food service contribute to our Brand Voice.

College Mission

“Wofford’s mission is to provide superior liberal arts education that prepares its students for extraordinary and positive contributions to society. The focus of Wofford’s mission is upon fostering commitment to excellence in character, performance, leadership, service to others and life-long learning.”

**WOFFORD COLLEGE POLICY
COMMERCIAL PHOTOGRAPHY/VIDEOGRAPHY
AND NEWS MEDIA PHOTOGRAPHY/VIDEOGRAPHY
Office of Communications and Marketing
Updated October 2012**

The following policies pertain to commercial photographers, videographers and members of the news media.

Commercial photographers or videographers and news media must request permission to photograph or videotape on the college grounds, even when photographing members of the campus community or alumni. All such photography/videography must be coordinated through the News Services staff of the Office of Communications and Marketing by contacting Laura Corbin, director of news services, at 864-597-4180 or laura.corbin@wofford.edu. *(See note below regarding coverage of athletics events and events hosted by outside parties.)*

This includes photographers/videographers hired for engagement, wedding or family photographs/video. Exception: Photography and video taken on the date of an on-campus wedding duly scheduled through the Office of Campus Ministry is permitted without additional permission from the Office of Communications and Marketing; these activities will be approved and/or monitored by the Office of Campus Ministry as appropriate.

The News Services staff is responsible for coordinating the appropriate date, time and location of commercial photography/videography, taking into account other on-campus events, such as weddings, student gatherings, Homecoming and Commencement events, and other such events. Commercial photography/videography cannot interfere with or disrupt any such campus events.

The News Services staff will inform the Office of Campus Safety when commercial and/or news media photography and/or videography has been approved, indicating the time, date, location, duration and purpose of such activity.

Photography and videotaping are prohibited in residence halls. Photography and videotaping inside any other campus building must be approved by the News Services staff and photographers/videographers must be escorted by an appropriate staff person. This requirement includes news photography and videography.

Any campus personnel who duly contract for photography or videography should notify the News Services office and the Campus Safety Office of their presence and will be responsible for providing the appropriate escort where necessary.

Photographers or videographers who are under contract with the college or a sanctioned campus organization must display appropriate identification and/or credentials, and must produce such

identification and/or credentials when requested by a member of the Office of Communications, Campus Safety Office or member of the President's Cabinet. Photographers or videographers who fail to produce appropriate identification and/or credentials may be asked to leave the campus immediately. This includes, but is not limited to, photographers/videographers engaged on behalf of fraternities and sororities to document their events and activities. Copies of contracts between these organizations and the photographers must be provided to the Office of Communications before the date of these events.

Wofford restrooms or other facilities may not be used as dressing or preparation areas, except as approved for day-of preparations for duly scheduled weddings through the Office of Campus Ministry.

As a private institution, Wofford reserves the copyright/trademark on all of our buildings and grounds, and commercial photography/videography of these features must be licensed through Licensing Resource Group (LRG), Wofford's licensing agent. Contact Debbi Thompson in the Office of Alumni and Development at thompsondn@wofford.edu or 864-597-4208 for more information. Any offer for sale or sale of such photography/videography must be approved. Such photographs/video may not be used for advertising or other commercial purposes.

Photographers and videographers, including news media, for athletics events must follow the procedures and guidelines set forth by the Athletics Department. Contact Brent Williamson, assistant athletics director for media relations, at 864-597-4093 or williamsondb@wofford.edu for details, credentials or permissions.

Photographers and videographers, including news media, on campus for events being hosted by outside parties (example, the Republican Presidential Candidates Debate in November 2011), will abide by policies and procedure established by those outside parties in collaboration with the Office of Communications and Marketing as appropriate.

None of the above policies is intended to prohibit or hinder our faculty, staff, students, alumni or members of the general public from photographing or videotaping on campus for their personal use, so long as doing so does not interfere with campus activities or personnel.

Members of the campus community (students, faculty, staff) observing unescorted photographers or videographers, including members of the news media, operating on campus – whether outside or inside buildings – are asked to immediately notify the News Services office (597-4180) or Campus Safety Office (x4911).

For questions regarding these policies and procedures, contact Laura Corbin, director of news services, at 864-597-4180 or laura.corbin@wofford.edu.

He also uses measures of heart rate as an index of attentiveness, and use EEG to record brain activity. This presentation illustrates the use of a neurodevelopmental MRI database,

cortical source analysis of event-related potentials using head models derived from individual participant structural MRIs, and the effects of attention on infant "covert orienting" and "covert attention".
