Cognitive Dissonance

When: January 26 to March 25 , 2016, Tues. - Sat. 10 am- 5pm, Sun. 1-5 pm

Admission: FREE

Spartanburg Art Museum

Cognitive Dissonance collects [nine] artists who hold a contrary view. It does not matter how perfect the political system, how egalitarian the access for information or how baroque the manners and mores of a society—it remains imperfect. Humans are the brick with which any society is constructed—and this necessary element is imperfect. People are as corrupt, superstitious and altruistic today as they were when the first man painted buffalo's on a cave in Lascaux, France.

Society is only as perfect as the material it is forged from. Just as ceramics is only as pure as the material it is made from. Faced with this assertion, nihilism becomes seductive. The artists selected to be in Cognitive Dissonance all eschew this assumption. Their works affirm that imperfection is not only essential but in some ways glorious. As such, the lively experiment started in Rhode Island, continues today and perpetually.

Subject: IMPORTANT ANNOUNCEMENT FROM PRESIDENT SAMHAT: New provost appointed
Date: March 7, 2016 at 1:51 PM
To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

Dear Wofford Faculty, Students and Staff,

I am pleased to announce to you today that Dr. Michael J. (Mike) Sosulski, associate provost at Kalamazoo College in Michigan, has been named as our new provost, effective July 1, 2016.

Dr. Sosulski brings a wealth of experience and knowledge to Wofford. He has a firm grasp of Wofford's commitment to providing transformative educational experiences for students both inside and outside of the classroom. We look forward to his leadership as we continue to advance our academic programs to give our students the best liberal arts education and provide them opportunities to see and experience the world.

Dr. Sosulski, who received his Ph.D. in Germanic Studies at the University of Chicago, also serves as chair of the Department of German Studies at Kalamazoo College. Previously, he taught at Pacific Lutheran University in Tacoma, Wash., and Valparaiso University in northwest Indiana. At Kalamazoo College, he has served in a number of other academic leadership posts, including a term as director of media studies and later was dean of the sophomore class.

His scholarly interests center on performance studies, ranging from in-depth explorations of early modern German theatrical traditions to the transculturation of American hip-hop music in German-speaking Europe. His article "From Broadway to Berlin: Transformative Learning through German Hip-Hop" (Die Unterrichtspraxis / Teaching German 46 [1] Spring 2013) was awarded Best Article in UP for that year. He currently is at work on a study of vocation in the writings of Johann Wolfgang von Goethe and the early German Romantics. He has taught courses that cover all aspects of German language acquisition, as well as German theatre and film.

He is a native of West Chicago, Ill., where he grew up with his parents and three younger siblings, and where he acquired his lifelong passion for the Cubs. As a one-time saxophone performance student, music also has played a big part in his life, and he continues to enjoy listening to and playing jazz. He and his wife, Dr. Cori Crane, have two teenage sons.

I want to thank Dr. Kara Bopp, chair of the Search Committee, and the entire committee – along with everyone who provided input into the selection process – for their great work, time and resources.

Also, many thanks to Dr. Dennis Wiseman, who has served as interim provost since July 2014 and who will retire at the end of this academic year. We will miss him!

Please join me in thanking Kara and Dennis as well as in welcoming Dr. Sosulski to our campus in July.

All the best.

EPHEMERAL FLIGHTS: Works by Jessica Elaine Blinkhorn, Martha Cloud Chapman Gallery

EPHEMERAL FLIGHTS juxtaposes the hyper-sexualized with the desexualized. The forms are paired with balloons, which function as a surrogate for life. The exhibit is intended to show that form does not matter, and that socially integrated expectations can be damaging to the individual. Through **EPHEMERAL FLIGHTS**, Blinkhorn shows that life is short and at times unfair, but it still offers opportunities to tell our story.

Cognitive Dissonance

When: January 26 to March 25, 2016, Tues. - Sat. 10 am- 5pm, Sun. 1-5 pm

Admission: FREE

Spartanburg Art Museum

Cognitive Dissonance collects [nine] artists who hold a contrary view. It does not matter how perfect the political system, how egalitarian the access for information or how baroque the manners and mores of a society—it remains imperfect. Humans are the brick with which any society is constructed—and this necessary element is imperfect. People are as corrupt, superstitious and altruistic today as they were when the first man painted buffalo's on a cave in Lascaux, France.

Society is only as perfect as the material it is forged from. Just as ceramics is only as pure as the material it is made from. Faced with this assertion, nihilism becomes seductive. The artists selected to be in Cognitive Dissonance all eschew this assumption. Their works affirm that imperfection is not only essential but in some ways glorious. As such, the lively experiment started in Rhode Island, continues today and perpetually.

ART² is an experimental event in which SAM invites non-visual artists to enter the museum and present their own interpretation of the works on display. This second installment, "Taking Tea", written by local performance artist Anna Abhau Elliott and directed by Spartanburg Little Theatre regular Patric Phillips, presents a live performance inspired by our current exhibition Cognitive Dissonance. Elliott says, "while Cognitive Dissonance presents deconstructions of traditional ceramic vessels, 'Taking Tea' is a durational performance piece that imagines what ceremonies would emerge from these deconstructed objects."

To: Wofford Faculty and Staff
Re: Yammer

Wofford faculty and staff now have a new way of collaborating within a closed “Wofford” environment – Yammer. Some of you already are familiar with the program and are using it.

Yammer is an element of Office 365, which Wofford uses for web mail and other purposes.

Please note that Yammer will not be a replacement for or supplement to official campus channels of communications, including Daily Announcements, the online calendar and myWofford.

To join Yammer, log into myWofford and click on the “email” icon in the upper right-hand corner. You may be asked to log into Office 365 as well. This will take you to your web mail. Click on the checkerboard icon at the upper left and select Yammer. That will take you to the Yammer site.

(If you already use web mail, click on the checkerboard icon and select Yammer.)

To see groups already created, click on Wofford.edu Groups in the left-hand menu; some groups already appear in the left-hand menu. You may join any open/public group by clicking “Join.”

You may create new groups by clicking “Create a New Group” at the bottom left. You can select whether you wish your group to be public or private. You can invite your colleagues to join your groups by clicking the plus sign in the upper right to “add members;” then search for your colleagues using their Wofford email addresses.

Note that you may only invite or add colleagues with Wofford email addresses; this is a closed system and users must have a valid Wofford email address. (Student email addresses will not allow access.)

Within your groups, you may have discussions/conversations regarding whatever topics you wish to post.

All public groups and conversations will be viewable by all members of Wofford Yammer.

Attached is a guide for getting started.

Start using Yammer

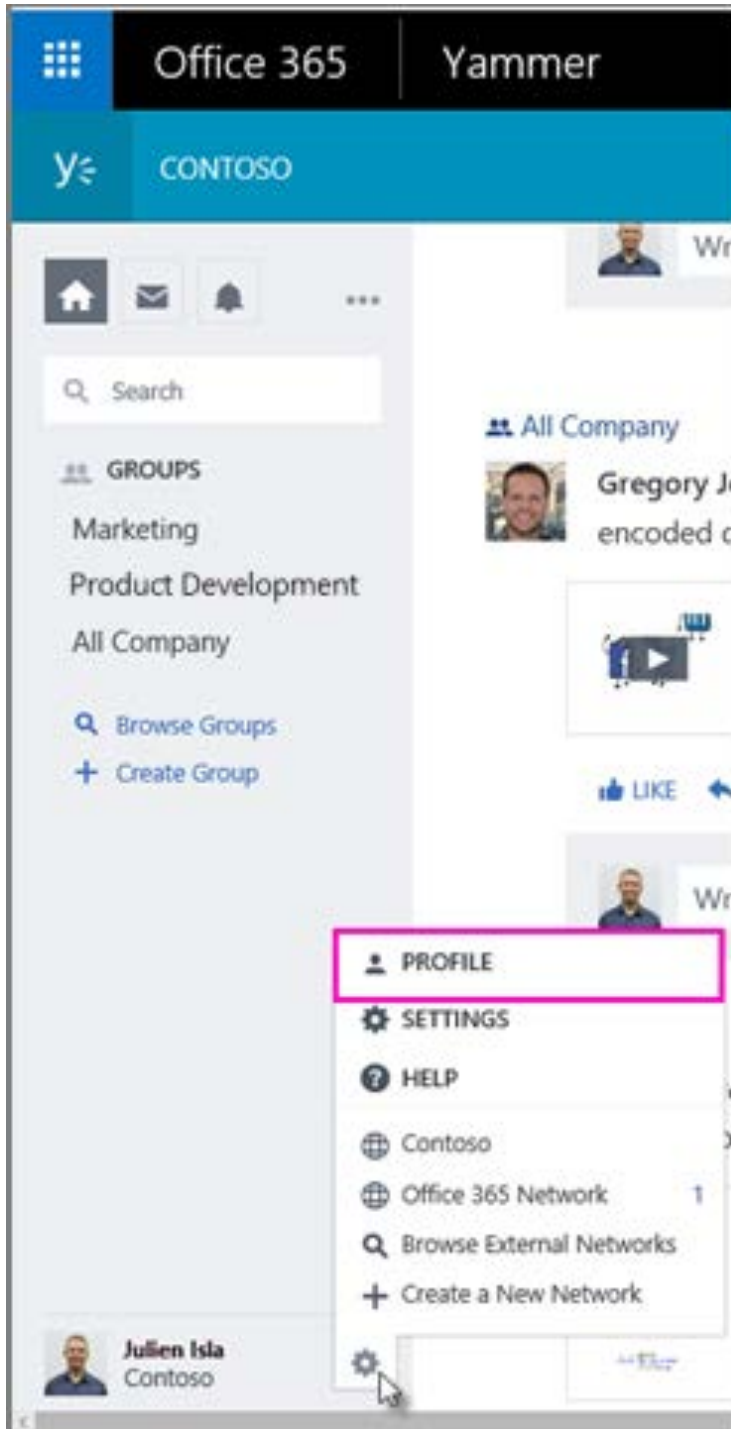

Get started using Yammer

The basic first steps to using Yammer are:

- **Complete your profile**, to help people you want to work with find you.
- **Set up or join groups**, to bring together the people and information you need to get things done collaboratively.
- **Join the conversation**, to connect and collaborate.

Complete your profile

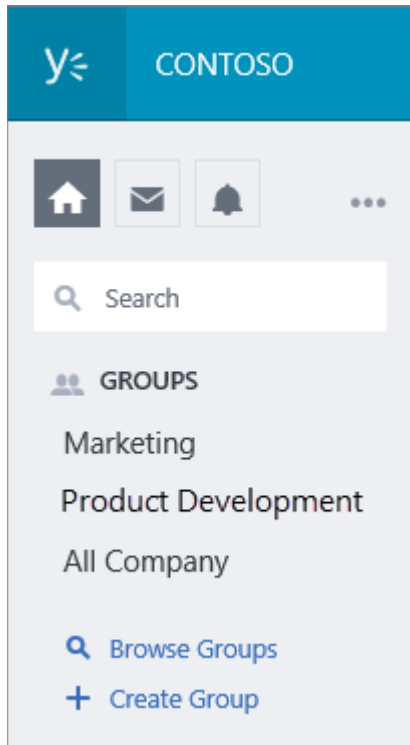

1. In Yammer, in the navigation pane (on the left), find your account name and click **Settings** , then click **Profile**.

2. Click **Edit Profile** to add information about you, your background and your work experience. Some comes from your Office 365 information, but adding more helps people find the right person to work with. Adding a photo is great.
3. Click **Save**.

Bring people together with groups

1. In Yammer, in the navigation pane, click **Create Group**.

2. In the **What's This Group For?** box, select whether the group is internal to your organization or will include people from elsewhere. then enter a group name and add the names of people you want to invite as members.

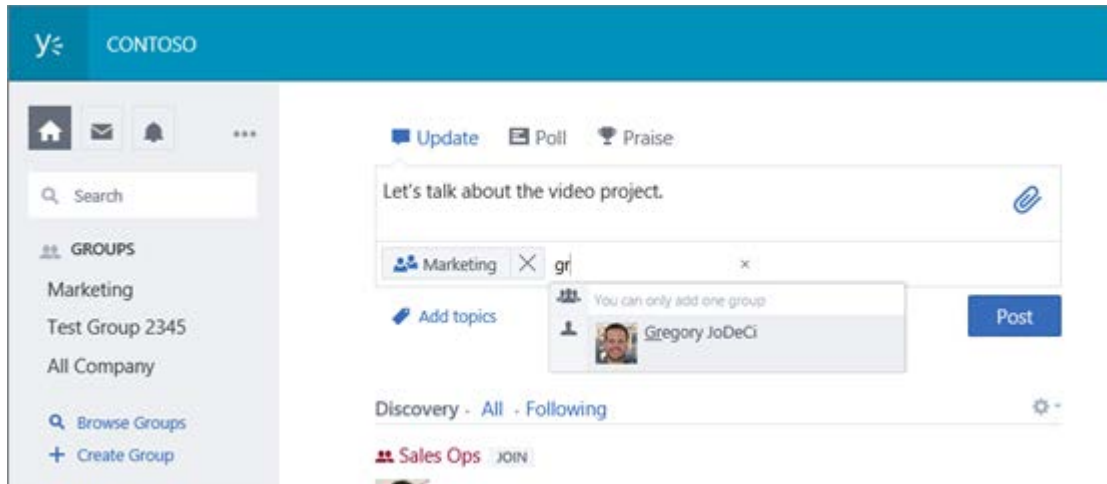

Under **Who can view content?**, select **Public** if it's OK for anyone in your organization to see or contribute to the group's Yammer conversations. Select **Private** if the group's conversations are intended only for a limited group, for example, a project team or taskforce.

TIP Useful groups might already exist in your organization. In the navigation pane, click **Groups** to see some **Suggested Groups**, based on your profile. You can also click **Browse Groups** to look through all of the groups in your organization, or use the **Search** box.

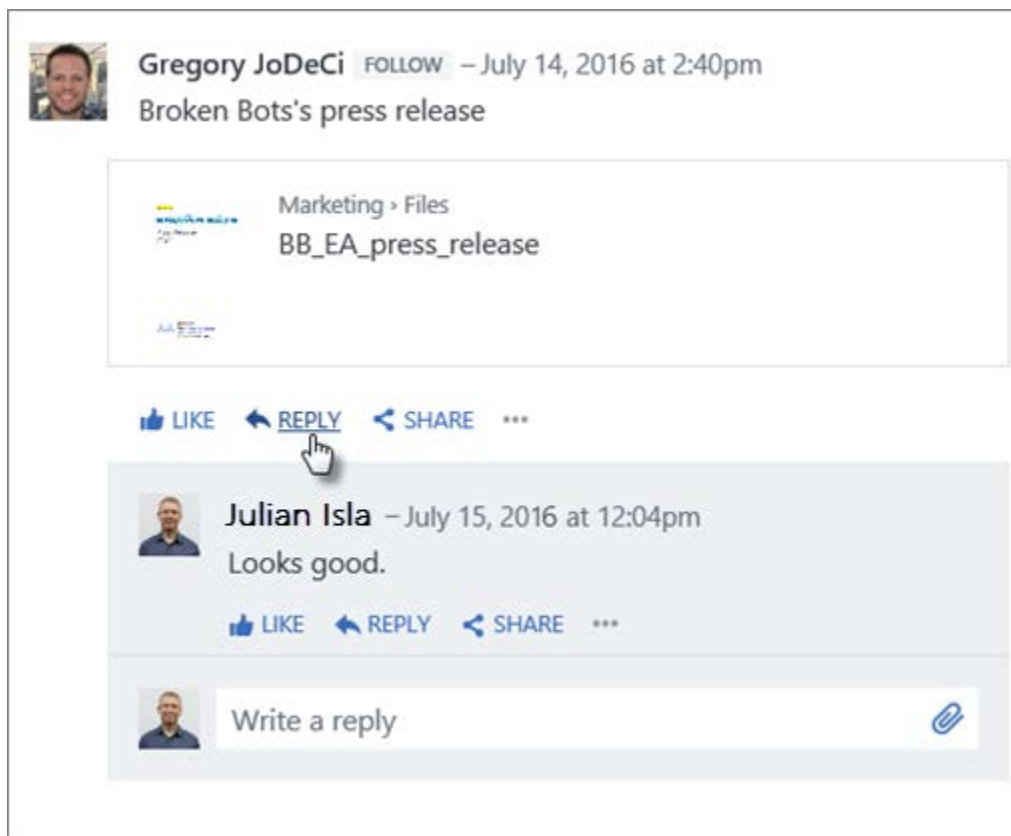

Join a conversation - here are a few ways

- **Your Yammer home page** - Type in the box that says, **What are you working on?**

NOTE By default, this posts your message in the All Company group, meaning everyone in your organization can see it. If you want a smaller audience, remove the **All Company** tag from the message, and enter the groups or individual recipients.

- **A group page** - Type in the box that says, **Share something with this group...** The post will only be seen by members of this group.
- **Reply to another post** - Type in the box that says, **Write a reply** to respond to the last message in the conversation. Respond to an earlier post by clicking **Reply** directly below the post you want to respond to.

Subject: IMPORTANT MESSAGE: Burwell back stairway
Date: March 18, 2016 at 9:26 AM
To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu

To: Wofford Faculty and Staff
From: Jason Davidson and Jason Burr
Re: Back stairway to upstairs dining hall

We have experienced several incidents in which Aramark staff members have encountered faculty or staff members in the back stairwell from the Burwell dining hall kitchen to the faculty/staff dining room downstairs. This is not only inconvenient – with Aramark staff carrying food and/or trays having to maneuver around others in the stairwell – but it has proven hazardous. One chef was burned severely while carrying hot food when he ran into a non-Aramark staff member using the back stairs.

We ask that faculty and staff refrain from using the back stairway and service elevator; instead, please use the front stairway. The elevator remains available for handicap access between the two floors.

We appreciate your understanding and thank you for following this request.

EPHEMERAL FLIGHTS juxtaposes the hyper-sexualized with the desexualized. The forms are paired with balloons, which function as a surrogate for life. Cognitive Dissonance

When: January 26 to March 25, 2016, Tues. - Sat. 10 am- 5pm, Sun. 1-5 pm

Admission: FREE

Spartanburg Art Museum

Cognitive Dissonance collects [nine] artists who hold a contrary view. It does not matter how perfect the political system, how egalitarian the access for information or how baroque the manners and mores of a society—it remains imperfect. Humans are the brick with which any society is constructed—and this necessary element is imperfect. People are as corrupt, superstitious and altruistic today as they were when the first man painted buffalo's on a cave in Lascaux, France.

Society is only as perfect as the material it is forged from. Just as ceramics is only as pure as the material it is made from. Faced with this assertion, nihilism becomes seductive. The artists selected to be in Cognitive Dissonance all eschew this assumption. Their works affirm that imperfection is not only essential but in some ways glorious. As such, the lively experiment started in Rhode Island, continues today and perpetually.

Please nominate students who deserve to be recognized for their leadership, service and overall contributions to our college community. Do not presume that others will nominate

a senior just because they made a significant contribution. The submission of more than one nomination provides an important indication to the committee of community respect for that nominee. Descriptions of the awards and the nomination form can be found at the following link: <http://www.wofford.edu/campuslife/form.aspx?ekfrm=39194>. You may nominate more than one student for each award. However, you must complete one form per student. The deadline is Monday, April 18 at 4 p.m.

EPHEMERAL FLIGHTS: Works by Jessica Elaine Blinkhorn, Martha Cloud Chapman Gallery

EPHEMERAL FLIGHTS juxtaposes the hyper-sexualized with the desexualized. The forms are paired with balloons, which function as a surrogate for life. The exhibit is intended to show that form does not matter, and that socially integrated expectations can be damaging to the individual. Through EPHEMERAL FLIGHTS, Blinkhorn shows that life is short and at times unfair, but it still offers opportunities to tell our story.

The exhibition will be on display until April 16, 2016 during normal business hours. WMAC is open from 10 until 6 Tuesday through Friday, and from 10 until 4 on Saturdays. For more information visit www.westmainartists.org or www.facebook.com/westmaincoop/.
