Dear Wofford Family,

Happy New Year! Wofford College enjoyed a productive fall semester with topping out ceremonies for two new buildings, the opening of the Stewart H. Johnson Greek Village and the announcement of several prestigious grants. The college was listed again in Open Doors among the nation's Top 10 colleges for the percentage of students who study abroad for credit, and Kiplinger's Personal Finance just ranked Wofford nationally (and first in South Carolina) as a 2017 ‘Best College Value.’

Before the winter break, I enjoyed hearing from students, faculty and staff who were planning to spend some of their holiday traveling. We all enjoy a good vacation and change of scenery, but the thing that strikes me most each time I travel is how interconnected our world has become. Global markets, politics, crime and environmental issues affect us here in the United States, and we, in turn, have an impact on other nations as well.

This is the world that will greet Wofford College graduates, and preparing them to live, work, serve and lead in that world is our priority. I say often that I don't want our graduates to be surprised by what they find beyond the safety and shelter of Wofford. That's why in the coming month, during the January Interim, our students will be studying abroad, completing internships and exploring a wide range of subjects, all so they will be prepared for what's next. For example, we have students participating in internships on Capitol Hill and with attorneys, dentists, doctors, teachers and business executives. Groups led by faculty mentors will be on site studying the sustainability of Southern African ecosystems in Namibia, agritourism and ecotourism in Ecuador, the cultural significance of Rome, World War II and its aftermath in Berlin, and the ancient cultures of Vietnam, Laos and Cambodia. On campus students will be learning about computer animation, reading Dickens, writing short stories, studying American foreign policy, and discussing just about every topic under the sun. We will continue to give our students transformative educational opportunities during the spring semester as well.

Also during the spring we will be completing our campus-wide assessment of diversity and inclusion, hiring new faculty as part of the Milliken Sustainability Initiative at Wofford College, and opening the Rosalind Sallenger Richardson Center for the Arts. We'll be doing this while recruiting a new class of Terriers and sending the seniors who have spent the past four years preparing for their futures out into the world.

I'm proud to be a part of Wofford College during these exciting times, and I'm grateful for your partnership.

Go, Terriers!

Nayef Samhat

Dear Campus Community,

As part of the Campus Climate Assessment focused on diversity and inclusion, all students, faculty and staff will have an opportunity to participate in a focus group session during January or February. These focus groups will be small – ideally between six and 12 participants – who share a common background. All participants in the focus group sessions will be asked a series of questions regarding issues of diversity and inclusion at Wofford. Participant responses will remain strictly confidential. In some cases, an external facilitator will lead the session.

Please complete the questionnaire at the link below to indicate your interest and your focus group selection by no later than Wednesday, Jan. 11, 2017.

**Volunteer Opportunity: VITA Clinics**
**Details:** If you are looking for a way to give back beyond the Holiday season, The Center for Community-Based Learning will be Working with Impact America this tax season. Every tax season, America's hardest-working families rely on their tax refund to support their children by helping to pay down debts and put food on the table. Unfortunately, they face exorbitant, negligent, and sometimes fraudulent preparers that cost our communities millions in fees. If you are interested in being a part of changing that and getting these families the most out of their tax returns, please contact our VISTA at teamertc@wofford.edu or 864-597-4405.

Re: Inclement Weather Preparations and Information

A winter storm warning for heavy snow for Spartanburg and surrounding areas has been issued by the National Weather Service (NWS) effective from 7 p.m. today (Friday, Jan. 6) to 1 p.m. Saturday, Jan. 7. Please note that this forecast may be updated periodically; check your local news stations, online sources or the NSW website at www.weather.gov/gsp.

Rain is expected to change to a mix of snow and sleet late this afternoon before changing to all snow late this evening. Snow is expected to continue overnight and taper off Saturday morning. Accumulations of 4 to 7 inches of snow are expected, with isolated higher amounts. The heavy snow will make many roads impassable and may produce widespread power outages due to the weight of the snow on tree limbs and power lines.

Temperatures are expected to be in the lower 30s and winds are expected to be out of the north at 10 to 15 mph with gusts of up to 25 mph.

Please make note of Wofford’s inclement weather policy:

Wofford College ordinarily does not close because of weather that brings snow and ice to the area. Every effort will be made to hold classes and to have offices open. Commuting students and employees should understand that classes are held, but that they are to run no unreasonable risk to get to the campus. Students will be expected to make up missed work.
If an exception is made to this policy, notice will be given through the Wofford email system, Wofford web site, Wofford official Facebook page, and if the situation warrants, through the Wofford Emergency Alert System (Rave). Notice also will be provided to local television and radio stations.
If there is no cancellation or delay notice on these sources, it is safe to assume that the college is open and conducting classes as usual.

We caution students, faculty and staff who remain on campus to be aware of falling ice from trees, buildings and building awnings, and of tree branches that may fall or become downed due to the ice/snow or the wind. Our facilities staff will work diligently to clear major sidewalks and roads/drives through campus, but please be cautious when walking or driving on campus. We urge you to stay indoors as much as possible, and urge students to remain on campus rather than risk taking vehicles on hazardous roads.

Students are reminded that they will have NO access to any of the campus athletics facilities for sledding or other similar activities. Students also are reminded that they are NOT ALLOWED to pull anyone or anything behind their vehicles in the ice and snow. These activities are dangerous, and we have had a number of accidents and injuries in the past.

Please report any problems to Campus Safety at 864-597-4911.

FOOD SERVICE: Wofford Dining Services will CLOSE The Galleria at 9 tonight (Friday). Zach’s will close at its normal time, 8 p.m.
Planned schedules for Saturday, Jan. 7:
Zach’s – 10:30 a.m. to 8 p.m.
The Galleria – 11 a.m. to 9 p.m.

Planned schedule for Sunday, Jan. 8:
Burwell Dining Hall – 10:30 a.m. to 8 p.m.

Should the weather necessitate changes to these schedules, we will try to keep students updated via email and/or signage at each location. Each venue has signs with hours for ALL venues.

REMINDER to the Campus Community,

As part of the Campus Climate Assessment focused on diversity and inclusion, all students, faculty and staff will have an opportunity to participate in a focus group session during January or February. These focus groups will be small – ideally between six and 12 participants – who share a common background. All participants in the focus group sessions will be asked a series of questions regarding issues of diversity and inclusion at Wofford. Participant responses will remain strictly confidential. In some cases, an external facilitator will lead the session.

Please complete the questionnaire at the link below to indicate your interest and your focus group selection by no later than Wednesday, Jan. 11.

To the Campus Community:

We are experiencing a power outage in these buildings:
   Burwell
   Black Science
   Roger Milliken Science Center

Also impacted is the energy hub that serves heating/cooling in Greene, Marsh and Carlisle Halls.

Wofford Dining Services is offering a CONTINENTAL BREAKFAST in the Burwell Building this morning. We will update you soon regarding food service operations for lunch.

It is anticipated that Duke Energy will have power restored by early afternoon, but we will provide updates as we learn more.

Math Talk: "What Makes a Five Star Athlete?"
Date/Time: 1/12/2017 4:00:00 PM
Location: Olin 218
Cost: Free
Details: Math Department job candidate, Dr. Roy Bower, will give a talk on Thursday, Jan. 12, at 4 p.m. titled "What Makes a Five Star Athlete?" Following the talk, refreshments will be served in Olin 204. Abstract: Statistics is the language and grammar of research that spans all academic disciplines; it is essential to our daily lives and the decisions that we make. Deploying a mixed-methods approach, my colleagues and I analyzed 6,600 scouting reports (over a 10-year period) available online from four high-profile media outlets which offer 'expert' analyses of athletes' body characteristics, performance, and potential when recruiting high school football athletes for college football. One of the sociologist's main objectives was to determine the most important traits paramount to evaluating high school football players. Furthermore, are objective measurements more important than subjective assessments, as we might expect? This type of inquiry required amalgamation of data from multiple sources, ensuring that data integrity is maintained, selecting appropriate models and providing meaningful and understandable analysis.

Math Talk: "The Basic Paradigm of Statistics"
Details: A Department of Mathematics job candidate, Dr. Deidra Coleman, will give a talk at 4 p.m. Monday, Jan. 16, in Olin 218 titled "The Basic Paradigm of Statistics". Following the talk, refreshments will be served in Olin 204. Abstract: In this talk, the basic paradigm of statistics will be discussed, as a cycle that is grounded in the combination of the notions that curiosity drives research and much of research requires data and the analysis thereof. Some necessary vocabulary to properly consider the basic paradigm of statistics will be considered and the need for sampling will be illuminated. A variety of lower level sampling designs will be discussed to give some exposure to how and why sampling designs might differ. An overview of the components of the paradigm that results in the descriptive statistics branch will emerge from this talk and a preview of inferential statistics and its connection to the cycle will be provided.

Date/Time: 1/19/2017 6:00:00 PM
Location: Meadors Multicultural House
Cost: Free. Food provided
Details: Hey guys! So today is the first meeting for this club! If you are tired of eating on campus, but are too broke for anything else, then this event is for you. Now, I know you're reading this and are like ehhh... maybe, you just wanna pre-party for Friday. I totally get it. But this is the one meeting you really don't want to miss. Miss all the other ones if you have to. This meeting is super important for you to understand what this club is even about. We are going to be doing a bunch of stuff: planning events, discussing ideas, and even have our own little Bollywood dance party. Don't worry. I won't make you dance if you don't want to and I will make sure the food isn't too spicy. Grab your friends and drop by for a fun time! (Seriously. Plz come. I'd appreciate it.) Kay. Bye!!!

PARKING CHANGES FOR THURSDAY, JANUARY 26

Tomorrow morning (Thurs., Jan. 26) the Wofford Department of Athletics will be hosting over 1,500 elementary school children from a dozen schools across Spartanburg and Cherokee counties for the annual “Education Day” women’s basketball game. Tip off for the Terriers and Chattanooga Mocs is at 11 a.m.

The following parking changes must be made to accommodate the large number of school buses on our campus tomorrow.

The Verandah Lot will be CLOSED from TONIGHT at 10 p.m., through Thursday at 1:30 p.m.
Cars that would normally park in the Verandah Lot will have access to the grass parking area across from the Joe E. Taylor Center on Cumming Street on Thursday. Parking returns to normal after 1:30 p.m. on Thursday.

Thank you for your cooperation.

Thinking Like an Island Sustainability Student Presentations
Date/Time: 2/1/2017 1:00:00 PM
Location: Olin Theater
Cost: Free
Details: This January, 20 students spent the last three weeks developing models for potential sustainability projects that could be implemented within the current parameters and design for the future projects of the Northside Development Group. The students studied and gained hands on learning of best practices in sustainability from experts on three Hawaiian Islands, a state in our union that is leading the way in sustainability measures. Five groups of students will present their models to the community on Wednesday, Feb. 1, at 1 p.m., in the Olin Theater on the Wofford campus. The topics for sustainability practices in the Northside community include: School Garden Program at Cleveland Academy of Leadership; Watershed restoration for daylighting of Butterfly Creek; Emergency resiliency and energy efficiency for new T.K. Gregg recreation center; Community Infrastructure: internet access and locations for use; Community Infrastructure: personal dwellings energy independence / efficiency; Community social cohesion: organic playgrounds. I hope you will be able to attend and invite others to join you. As they say in Hawaii, mahalo nui (thank you very much) for your time, and aloha (best wishes).

Dear Wofford community,

Wofford College stands in solidarity with other colleges and universities across the country that are supporting the Association of American Universities request that “the administration’s new order barring the entry or return of individuals from certain countries … end as quickly as possible.” We urge the United States to “welcome the most talented individuals from all countries to study, teach, and carry out research and scholarship” at our colleges and universities.

Wofford College’s mission is to provide a superior liberal arts education that prepares students for extraordinary and positive contributions to society. The focus of Wofford's mission is upon fostering commitment to excellence in character, performance, leadership, service to others and lifelong learning. The participation and influence of students, faculty, staff and alumni who have come to our campus from around the globe is integral to our success in providing this breadth and depth of learning. While national security concerns and the strength of our country’s visa system remain important topics of discussion and debate, this executive order is in direct conflict with the values we hold dear at Wofford College.

Let me also assure you that Wofford College cannot and will not share confidential student, faculty or staff information with law enforcement agencies without a subpoena.

As a community, we deeply regret the toll that this executive order is having, especially on those directly impacted and those with family and friends in affected countries. The Office of International Programs, the counselors in the Wellness Center and the Rev. Ron Robinson all are available for counseling and support. The Office of International Programs is closely monitoring the situation, and I encourage anyone considering international travel under the current ban to consult with that office.

Since it was founded in 1854, Wofford College has shared good times and challenging times with the surrounding city, state and nation. We do so again now as we voice our welcome to citizens of the world — the artists, scientists, scholars, engineers, teachers, thinkers and doers from every background and nationality.

Sincerely,

Nayef

**Thinking Like an Island Sustainability Student Presentations**

**Date/Time:** 2/1/2017 1:00:00 PM  
**Location:** Olin Theater  
**Cost:** Free  
**Details:** This January, 20 students spent the last three weeks developing models for potential sustainability projects that could be implemented within the current parameters and design for the future projects of the Northside Development Group. The students studied and gained hands on learning of best practices in sustainability from experts on three Hawaiian Islands, a state in our union that is leading the way in sustainability measures. Five groups of students will present their models to the community on Wednesday, Feb. 1. at 1 p.m. in the Olin Theater on the Wofford campus. The topics for
Wednesday, Feb. 1, at 1 p.m., in the Olin Theater on the Wofford campus. The topics for sustainability practices in the Northside community include: School Garden Program at Cleveland Academy of Leadership; Watershed restoration for daylighting of Butterfly Creek; Emergency resiliency and energy efficiency for new T.K. Gregg recreation center; Community Infrastructure: internet access and locations for use; Community Infrastructure: personal dwellings energy independence / efficiency; Community social cohesion: organic playgrounds. I hope you will be able to attend and invite others to join you. As they say in Hawaii, mahalo nui (thank you very much) for your time, and aloha (best wishes).
