To: Wofford Faculty and Staff
From: Stacey Hettes, Associate Provost for Faculty Development
Re: FERPA – the Federal Education Rights and Privacy Act

As we have just completed Week 4 of classes this academic semester, many faculty member have or soon will administer tests and collect our first major assignments. This also probably is when those who oversee student workers must submit their time cards and other documents.

It seems like a good time for a reminder about FERPA. The U.S. Department of Education has numerous legally mandated statutes to ensure that student records remain private. This includes personal information, such as ID numbers, as well as performance information, such as grades.

Jennifer Allison, our registrar, is well-versed in FERPA-related issues and can serve as a great resource. She also has developed the attached easy reference handout for faculty and staff regarding frequently asked questions about FERPA regulations. You also can reference more about FERPA on the Registrar's website at <http://www.wofford.edu/registrar/>.

The Department of Education provides free online training known as FERPA 101: For Colleges and Universities. The training takes about 40 minutes to complete. Go to <https://studentprivacy.ed.gov/training/ferpa-101-colleges-universities>. Faculty and staff will need to set up login information, including name, email and college affiliation.

Faculty who attended Jennifer's training session in August should be up to date on this information. Those who were unable to attend should review the materials attached and complete the training.

If you have questions, please contact me at hettessr@wofford.edu or ext. 4659.

Thanks,
Stacey

Staff H...out.pdf

It's your world.

FERPA: What Faculty Members Need to Know

It's the Law

FERPA (Family Educational Rights and Privacy Act), also known as the Buckley Amendment, was passed by Congress in 1974. FERPA applies to all current and former students of the college. It grants four specific rights to a postsecondary student:

1. To see the information that the institution is keeping on the student.
2. To seek amendment to those records and in certain cases append a statement to the record.
3. To consent to disclosure of his/her records.
4. To file a complaint with the FERPA Office in Washington.

***FERPA applies to all educational agencies or institutions that receive funds under any program administered by the U.S. Secretary of Education, including Wofford College. FERPA governs what may be released but does not require that any information be released.*

It's Your Responsibility

As a faculty member, **you have a legal responsibility under FERPA to protect the confidentiality of the student educational records in your possession.** You have access to student information only for legitimate use in the completion of your responsibilities as a college employee. "Need to know" is the basic principle. Your access to student information, including directory information, is based on your role within the college. You may not release lists or files with student information to any third party outside your department. Student educational records (other than directory information) are considered confidential and may not be released without written consent of the student. Student information stored in electronic format must be secure and available only to those entitled to access that information. If you need to verify a request for student information, contact the Office of the Registrar (x4030).

DIRECTORY INFORMATION

"Directory information is... information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed." (FERPA Regulations, 34CFR, Part 99.3.) Directory information is considered public and can be released without the student's written permission. However, the student may opt to keep this information confidential. Directory information can NEVER include Social Security Number, student identification number (W-Number), race, ethnicity, nationality, or gender.

Directory information (i.e. disclosable without the student's written permission) at Wofford College is defined as:

- Student's full name
- Local and permanent address
- Local and permanent telephone number
- Email address
- Hometown
- Dates of attendance
- Major and minor fields of study
- Enrollment status
- Class standing (e.g. junior)
- Previous educational institutions attended
- Participation in officially recognized sports and activities
- Height and weight of student athletes
- Awards and honors (e.g. Dean's List)
- Degree(s) conferred
- Photographic or videotaped images of the student

Directory or public information CANNOT always be released. Students can request to withhold directory information by contacting the Office of the Registrar. If the student has requested that directory information be withheld, no information can be released.

If the student does not have a restriction on the release of directory information, it MAY be released. Note that FERPA does not require that directory information be released. College faculty who have a need to know may obtain directory information for a student with a confidentiality restriction, but would need to acquire this information from the Office of the Registrar and would not be permitted to release the information to anyone.

RECORDS THAT ARE FERPA PROTECTED

- Grades
- Test scores
- I.D. and social security numbers
- Financial records
- Disciplinary records
- Class schedules

Disclosure of information from confidential educational records is limited to the eligible student or to others:

1. To whom the eligible student releases the records.
2. Who have a "legitimate educational interest."
3. Who are entitled or permitted to know the content of the records by virtue of one or more FERPA "exceptions."

****Items 2 and 3 above are strictly defined under FERPA. You should check with the Office of the Registrar before releasing any information.*

RECORDS NOT PROTECTED BY FERPA

- Sole possession records
- Law enforcement unit records
- Employment records
- Medical records (*protected by HIPAA*)
- Post-attendance records

PARENTAL RIGHTS UNDER FERPA

When a student reaches the age of 18 or begins attending a postsecondary institution regardless of age, FERPA rights transfer to the student. Parents may obtain directory information at the discretion of the institution.

Parents may obtain non-directory information (grades, GPA, etc.) at the discretion of the institution AND after it has been determined that the student is legally their dependent. Parents should be referred to the Office of the Registrar. The Registrar will explain the process, contact the student, and ask the student to come by the Office and sign a consent form granting permission to release the requested information to the parent. It is generally the College's practice not to make disclosures from a student's educational records involving academic matters to parents without the student's written consent.

FERPA Danger Zones

- Circulating a printed class list with student name, ID number, and/or grades as an attendance roster.
- Discussing the progress of any student with anyone other than the student without the consent of the student (e.g. parents, employers, other students).
- Providing anyone with lists of students enrolled in your classes for any commercial purpose.
- Providing anyone with student schedules or assisting anyone other than college employees in finding a student on campus.
- Giving out directory information about a student who has requested confidentiality.
- Re-disclosing confidential information to a third party without authorization.
- Including personally identifiable information about student "A" in student "B's" record without student "A's" permission.
- Including FERPA protected information in a letter of reference without the student's written permission (this includes the student's GPA or grade in your class).

To Avoid FERPA Danger Zones

- **NEVER** leave graded tests in a stack for students to pick up by sorting through the papers of all students. You may leave them with an administrative assistant to give out to the student OR you may place each test in a sealed envelope with the student's name on it.
- **NEVER** require students to use social security numbers, student ID numbers, birthdays, phone numbers, auto tag numbers, or derivatives of those numbers.
- **NEVER** link the name of a student with that student's ID number in any public manner.
- **NEVER** post the grades, even if coded, in alphabetical order or any other recognizable order. Post grades only for students who have given written consent for such a posting.
- **NEVER** mail grades to students UNLESS consent is received and a self-addressed envelope (no post cards) is supplied by the student.
- Use e-mail as a last resort. While emailing grades is permissible under FERPA, the Department of Ed has ruled that an institution will be held responsible for a violation if any unauthorized individual sees the grade via your electronic transmission.
- If you are giving out grades or other FERPA protected information over the phone, make sure that the person you are speaking to is your student. Ask questions that only the student could answer, such as the name of the course, an example of an assignment from the course, or questions that were on the final exam.
- **NEVER** access the records of ANY student for personal reasons.

On Thursday, Sept. 28, a denial of service attack affected some internal campus network resources. ITS staff traced the attack to a student-owned laptop connected to the Terrier wireless network. The attack was caused by a known issue with certain models of Lenovo laptop computers. Anyone using a Lenovo laptop running Windows 8.1 should click on the link below to ensure their laptop does not cause a similar issue. If you have any questions, please contact the ITS Help Center at 864-597-HELP or help@wofford.edu.

Warning: It's a little strange But it's still fun, and there will be pizza! And even more fun, there'll be an optional short discussion afterward. So come and see this movie and then talk about it. It's going to be on Friday, Oct. 6, in McMillan Theater in Campus Life at 6 p.m. If you don't know where McMillan Theater is, look for me. I'll direct you in. If you don't know where Campus Life is...how long have you been going here? Ask any random student. I know there's a volleyball game that weekend and if you want to go...great! Go support our Terriers. If you don't want to go to a volleyball game and you don't want to come to this...cool. Live ya life. But just know...you have us, and we have a movie and pizza.

Dear Members of the Wofford College Community:

Wofford College is pleased to announce that it has received a grant from The Andrew W. Mellon Foundation. The \$500,000 grant will, over the next three years, facilitate and support continued work with which the faculty and staff have been engaged since 2015: reviewing and revitalizing Wofford's General Education curriculum. Generous support from Mellon will allow Wofford's faculty to pilot the new concepts they have been developing, then assess their efficacy as part of the ongoing process of reviewing general education.

The Wofford community knows that meeting the needs of tomorrow's students involves careful deliberation and planning. This past May, after many months of inclusive dialogue, meaningful examination of options, and deliberative care, the Wofford College faculty approved resolutions that authorize further exploration and experimentation with the General Education curriculum. Support from the Mellon Foundation will be crucial to helping Wofford achieve its ambitious curricular goals by removing barriers – both conceptual and financial – to experimentation and growth. Mellon support will allow the college to pilot and test some of the concepts approved by the faculty in May 2017 while continuing to discuss, assess, refine and ultimately approve those deemed effective.

Specifically, The Mellon Foundation has agreed to support Wofford's work on general education through a three-year, \$500,000 grant that will assist the college in the following ways:

1. Providing funding for faculty to design and pilot new courses (or enhance existing ones); experiment with creative pedagogies; and collaborate in new ways
2. Providing faculty the opportunity to dedicate time, especially during the summer months, to creative curricular development in general education, including inclusive pedagogies
3. Allowing Wofford to create new faculty leadership roles in general education, and empower faculty to take them on
4. Facilitating faculty and staff's reimagining of Wofford's approach to pre-major advising and advisor training, with the knowledge that we have the resources to pilot and implement ideas for revised processes
5. Enhancing Wofford's ability to support faculty who are interested in professional development in teaching and scholarship
6. Enhancing Wofford's ability to disseminate our work within the broader academic community

The generous support of the Mellon Foundation comes at an opportune time. Wofford

College finds itself in the midst of some historic changes. A top-100 liberal arts college, Wofford has a bold new Strategic Vision (wofford.edu/strategicvision) for the college's future; energetic new senior academic leadership; steady enrollment; a strong endowment, with a promising campaign in its early stages; and a highly engaged faculty and staff that has eagerly co-authored that ambitious vision for the college's future.

This grant from The Andrew W. Mellon Foundation will facilitate Wofford College's continued exploration and implementation of a revitalized general education model by funding occasions and means to unravel knotted issues in creative and collaborative ways; by facilitating a context that supports more experimentation and calculated risk-taking; and the unfettered time for faculty to draft and implement thoughtful solutions.

Wofford College is indeed honored to receive this wonderful support in recognition of the strong and inclusive work completed to date on Wofford's general education curriculum, and we look forward to the important, ongoing work to come.

Sincerely,

Dr. Mike Sosulski
Provost

To: Wofford Campus Community
From: Wofford Emergency Preparedness Committee
Re: Emergency notifications and warnings

With the dangerous weather the region experienced yesterday and last night, we thought it would be good to remind the campus community about our emergency notifications and warnings, and what you should do in such emergencies.

Yesterday afternoon's tornado warning warranted an alert through Wofford's Rave Mobile Safety emergency alert system to campus, sending text and email alerts to registered users at around 5 p.m. An extension of the tornado warning by the National Weather Service necessitated a second alert. Then, an "all clear" message was sent when the warning expired, at about 6:15 p.m.

Wofford College takes the safety and wellbeing of our students, faculty, staff and visitors very seriously. We will send emergency alerts in situations in which the National Weather Service has issued a **tornado warning** for our area.

A tornado warning is issued to warn the public that severe thunderstorms with tornadoes are imminent or occurring. It can be issued after a tornado, a funnel cloud or rotation in the clouds has been spotted by the public, storm chasers, emergency management personnel or law enforcement. Sirens, such as the one located on Wofford's campus and those located nearby operated by Spartanburg County Emergency Management, may sound; note that sirens are not intended to be heard indoors. The issuance of a tornado warning indicates that you should take immediate safety precautions. A tornado warning is a higher level of alert than a tornado watch.

We take this opportunity to remind students, faculty and staff to update their Rave accounts if needed to include their cell phone numbers and second cell phone number and additional email addresses as allowed by the system. We remind all staff who have a Wofford-issued cell phone that they are required to register their numbers in their Rave accounts. All members of the campus community automatically are registered in Rave with their Wofford email addresses, and first-year students' cell phone numbers on record also are included. (If you need help with updating your account or logging in, please contact Laura Corbin at laura.corbin@wofford.edu or at ext. 4180.)

We also remind you to familiarize yourselves with tornado warning procedures to help ensure your safety (<http://www.wofford.edu/campusSafety/tornadoWarning/>):

If you are on Wofford's campus, and can safely do so, proceed to the designated emergency location in the building you're in or the closets building, if you are outside.

Take shelter inside a building, away from windows and doors. Make sure there are as many walls and floors between you and the outside as possible. Note that vehicles and mobile homes should be abandoned for sturdier shelter.

See the attached for the up-to-date list of designated shelter-in-place locations

See the attached for the up to date list of designated shelter-in-place locations.

We urge you to take tornado and other severe weather warnings seriously; even if Wofford has not yet issued an emergency alert, if you become aware of such warnings through social media, television, radio or other means, take precautions. Please review this information found at www.wofford.edu/campussafety/tornadowarning/ and familiarize yourself with the procedures and designated shelter-in-place locations. Remember that you may not be in your residence hall or office when these emergencies occur, so familiarize yourself with appropriate sheltering locations in buildings on campus you frequent, such as academic buildings, the library or dining facilities. If a building captain or floor warden is present, follow their instructions on locating appropriate shelter.

If you have questions or concerns, please contact Randy Hall, director of Campus Safety, at halljr@wofford.edu or ext. 4350.

Seven New On-Campus Interims Added

Details: What do graphic novels, Aikido, wrasslin', entrepreneurs, theme parks, fire, and the finer things all have in common? Maybe many things (?), but for the purposes of this announcement what they share is that they're the themes of the newest additions to the listing of on-campus interims. You can check them out, along with the other January courses, at the following link (they're #s 352-358):

Wofford Theatre Box Office Volunteers

Details: Need Volunteer Hours? Enjoy Theatre? Want to add to your resume? The Wofford Theatre is calling all theatre enthusiasts to volunteer as box office workers and ushers for the upcoming show, Antigone. As a box office worker, you will be selling tickets at the door, managing sales, and attending to patron needs. As an usher, you will be the welcoming face taking people's tickets and escorting people to their seats. These volunteer positions make great additions to your resume, and as an added bonus, you also get to see the show for free! The show runs the first two weekends of November (Nov 2-4 and Nov 8-11), but you do not have to work all the shows. Just email me at lindseyej@email.wofford.edu by this Friday (Oct. 13) , and let me know your availability and how many shows you can work! All shows start at 8 p.m. Box office volunteers will be called at 6:30 p.m., and ushers will be called at 7 p.m.

Campus Safety Crime Prevention Initiative

Details: Campus Safety would like to inform all students, faculty, and staff that we have started a new crime prevention initiative aimed at deterring Car Breakings. Campus Safety

would like to remind everyone to lock your vehicles at all times and secure any and all belongings. Most thefts are crimes of opportunity. In my experience the vast majority of thefts from automobiles occur when vehicles are left unsecured. Several times each year we have groups of criminals that come onto our campus, target the parking lots, and pull on car door handles. These criminals then steal anything that is not locked up. Campus Safety always notifies the campus community when these incidents occur and encourage all people to secure their vehicles. In an effort to encourage the campus community to secure their vehicles Campus Safety will be conducting vehicle checks in all parking lots on campus. Officers will patrol parking lots and check to see if vehicles are locked. If Officers find a vehicle unlocked they will leave a written reminder inside the vehicle. This written reminder left inside the vehicle will notify the owner that the vehicle was left unsecured and also remind them to secure their vehicle and belongings. Please contact Investigator Saar or Chief Hall if you have any questions about this crime prevention initiative.

Faculty Talk Series

Date/Time: 10/23/2017 12:00:00 PM

Location: Gray-Jones Room, Burwell Bldg.

Cost: Free

Details: Dr. Christine Dinkins (Philosophy) will present, "Socratic Pedagogy as a Response to the Crisis in Nursing Education." The talk is about how hospitals across the U.S. are finding that new nurses are easily overwhelmed in the clinical setting. They have the necessary knowledge but lack the required skills in critical thinking and clinical judgment. The National League for Nursing issued a call for more interactive pedagogy to teach students to think like nurses. Socratic pedagogy is ideally suited to answer that call. The talk will end before 1 p.m. Hope to see you there!

Wofford College Alert! The National Weather Service in Greenville-Spartanburg has issued a TORNADO WARNING for our area until 3:30 p.m. Take shelter inside a building, away from windows and doors.

Put as many walls and floors as possible between you and the outside. Note that vehicles and mobile homes should be abandoned for sturdier shelter.

If you are on Wofford's campus and can safely do so, proceed to the designated emergency location in the building you're in or the closest building, if you are outside.

See www.wofford.edu/campusSafety/TornadoWarning for safe locations.

Await further information and instructions. Remain sheltered until you receive an "all clear" alert/message.

A tornado warning is issued when a tornado is indicated by radar or sighted by spotters. A tornado is a violently rotating column of air with circulation reaching the ground. It nearly always starts as a funnel cloud and may be accompanied by a loud roaring noise. On a local scale, it is the most destructive of all atmospheric phenomena.

Subject: MESSAGE FROM CAMPUS SAFETY: Update on Sunday's armed robbery
Date: October 23, 2017 at 5:43 PM
To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

Wofford College Campus Community:

This email is to provide you with updated information regarding the armed robbery that occurred early Sunday morning on campus.

Campus Safety investigators continue to investigate the incident. The two male victims and the suspects involved in the incident were not Wofford students, employees or alumni. There were no injuries during the incident, which occurred at the entrance to the DuPre/Campus Life parking lot. The only items taken were two cell phones.

Campus Safety has video of what is believed to be the subjects' vehicle leaving campus via Evins Street. The video will be shared with the Spartanburg County Sheriff's Office for regional distribution. Also, officers continue to work with the victims to gather descriptions of the suspects and are attempting to identify them on video recordings.

By way of explanation, the time lag between sending the initial emergency alert regarding the incident early Sunday morning and sending the "all clear" message occurred because Campus Safety officers were patrolling throughout campus to be certain the perpetrators in the incident were not still on campus and possibly still a threat.

Campus Safety officers patrol campus 24 hours a day, seven days a week in an effort to keep the campus community and visitors safe.

We remind all members of the campus community to be aware of their surroundings and alert to suspicious persons. If you see any suspicious persons or activity on campus, immediately contact Campus Safety at 864-597-4911 or local law enforcement at 911. If you see something, say something!

We also remind you to lock your vehicle doors when you leave your vehicle or when you are traveling in it. Do not leave valuable items in your vehicle; if you do, you should conceal them in the trunk or other hidden location. Also lock your residence hall doors whether you are inside or not.

REMINDER: Campus Safety is available 24/7 to provide escorts for anyone on campus. Call 864-597-4350 or 864-597-4911.

Subject: Board of Trustees Update

Date: October 24, 2017 at 9:14 AM

To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

To: Wofford Campus Community

From: President Nayef Samhat

The Wofford College Board of Trustees met on campus Oct. 16-17 and began what will be a yearlong conversation on positioning the college for the future as a distinctive, premier, national liberal arts college. With three major building projects complete as well as expanded student-success programming, a new strategic enrollment plan, an assessment of diversity and inclusion, a new wave of endowment support and the continuation of an initiative to reimagine the general education curriculum, we are well on our way toward completion of the strategic vision. The conversations we will have over the next year will help us prepare for the upcoming capital campaign and the good things to come for our college.

Below are other highlights from the board meeting:

- Tuition, fees, room and board were approved at \$56,530 for the 2018-19 academic year. Letters went out to student families on Friday.
- Culminating a yearlong discussion of the teacher-scholar model of faculty engagement, the board updated the bylaws of the college to reflect current practice and affirm teaching, scholarly engagement and service to the college as the primary domains of faculty work.
- The board approved plans for the renovation of Zach's, including an expansion of and upgrade to the Chick-fil-A and Boar's Head counters.
- The board voted to approve changes in language to the Code of Student Rights and Responsibilities. The new language will more effectively differentiate Wofford and its strong student-led judicial system from the criminal court system.

We have experienced incredible momentum and growth over the past four years, and that does not come without student, faculty and staff commitment, hard work and patience. Thank you all for your dedication to Wofford College and its mission.

Subject: Board of Trustees Update

Date: October 24, 2017 at 9:14 AM

To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

To: Wofford Campus Community

From: President Nayef Samhat

The Wofford College Board of Trustees met on campus Oct. 16-17 and began what will be a yearlong conversation on positioning the college for the future as a distinctive, premier, national liberal arts college. With three major building projects complete as well as expanded student-success programming, a new strategic enrollment plan, an assessment of diversity and inclusion, a new wave of endowment support and the continuation of an initiative to reimagine the general education curriculum, we are well on our way toward completion of the strategic vision. The conversations we will have over the next year will help us prepare for the upcoming capital campaign and the good things to come for our college.

Below are other highlights from the board meeting:

- Tuition, fees, room and board were approved at \$56,530 for the 2018-19 academic year. Letters went out to student families on Friday.
- Culminating a yearlong discussion of the teacher-scholar model of faculty engagement, the board updated the bylaws of the college to reflect current practice and affirm teaching, scholarly engagement and service to the college as the primary domains of faculty work.
- The board approved plans for the renovation of Zach's, including an expansion of and upgrade to the Chick-fil-A and Boar's Head counters.
- The board voted to approve changes in language to the Code of Student Rights and Responsibilities. The new language will more effectively differentiate Wofford and its strong student-led judicial system from the criminal court system.

We have experienced incredible momentum and growth over the past four years, and that does not come without student, faculty and staff commitment, hard work and patience. Thank you all for your dedication to Wofford College and its mission.

Date: October 25, 2017 at 1:29 PM
To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

Members of the campus community,

Thanks for your patience while we recovered from Monday's storm. The provider of our failed Internet connection restored service after 11 last night. Both campus Internet connections now are operating, and we have our full Internet bandwidth available. I'm grateful for the work of our ITS network staff who handled the outage with minimal disruption of campus Internet service.

If you have questions about any campus IT service, please contact the IT Help Center at 864 597 4357 or email help@wofford.edu

Sincerely,

Fred Miller

Antigone Tickets Now on Sale Student Price Only \$5

Details: Tickets are now on sale for Wofford Theatre's fall production, Antigone, running Nov. 2-4 and 8-11, at 8 p.m. each night. This show serves as the Theatre Department's inaugural performance in the Jerome Johnson Richardson Theatre in the Rosalind Sallenger Richardson Center for the Arts. This haunting play tells the story of a kingdom ripped apart by civil war and violent discord within its royal family. As a new king attempts to assert his sovereignty, the power of the crown clashes with the strength of a fearless young woman's convictions. Two and a half millennia after Antigone was first performed, its driving question is no less relevant? how do we enact justice in a world where what is right and what is law are not always the same? Student tickets are \$5; Faculty tickets are \$12; General public tickets \$15. To purchase tickets, go to www.wofford.edu/boxoffice or to the Wofford Theatre Facebook page. The box office opens on the ground floor of the RSRCA an hour before showtime, but patrons are strongly encouraged to reserve seats in advance in order to ensure availability! Questions? Antigone Tickets on Sale Now! Student Price Only \$5

Details: Tickets are now on sale for Wofford Theatre's fall production, Antigone, running Nov. 2-4 and 8-11, at 8 p.m. each night. This show serves as the Theatre Department's inaugural performance in the Jerome Johnson Richardson Theatre in the new Rosalind Sallenger Richardson Center for the Arts. This haunting play tells the story of a kingdom ripped apart by civil war and violent discord within its royal family. As a new king attempts to assert his sovereignty, the power of the crown clashes with the strength of a fearless young woman's convictions. Two and a half millennia after Antigone was first performed, its driving question is no less relevant? how do we enact justice in a world where what is right and what is law are not always the same? Student tickets are \$5 Faculty tickets are \$12 General public tickets \$15 To purchase tickets, go to www.wofford.edu/boxoffice or to the Wofford Theatre Facebook page. The box office opens on the ground floor of the RSRCA an hour before showtime, but patrons are strongly encouraged to reserve seats in advance in order to ensure availability! Questions? Southern Teachers Agency Interviews and Resume Drop

Details: Southern Teachers will be on campus Nov. 8, to interview students interested in teaching. ST works with almost 600 schools around the South, and they list thousands of jobs with us each year. While successful progress through a teacher-education program is essential for some of these jobs (e.g., for elementary teachers), for many positions a teaching certificate is not required. Math majors can be hired to teach math; Spanish majors can teach Spanish, etc. Deadline to submit resumes is Nov. 5. Submit resume to John Coleman via email.

Date: October 27, 2017 at 1:58 PM
To: Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

To: Wofford Campus Community
From: Roberta Bigger, dean of students

Six of our students were injured last night (Thursday, Oct. 26) when an aerosol can placed too close to a gas grill exploded, causing burns to all six. The accident occurred around 7:40 p.m. on the patio of one of the houses at the Greek Village.

Four students were transported to the Augusta burn center, where they underwent surgery this morning. Their conditions have not been released at this time.

Two students sustained minor injuries and were treated at Spartanburg Medical Center's emergency department last night and released.

We remain in touch with the families of the students at the burn center to monitor their progress. Please keep them all in your thoughts.

Physics speaker Dr. Sriparna Bhattacharya discusses Novel Materials for Optimal Thermoelectric Performance

Date/Time: 11/3/2017 2:00:00 PM

Location: RMSC 122 - The Pit

Cost: Free

Details: Dr. Sriparna Bhattacharya, Department of Physics, will be discussing the methods of optimizing the thermoelectric performance of two classic thermoelectric material systems, viz., PbTe, and SnSe. Contrary to the general understanding about the effects of homogeneity of a material, the incorporation of heterogeneous structures (micro- and nanostructures in a PbTe nanocube matrix) enabled us to enhance the TE performance. Furthermore, the effect of low mass density of SnSe on thermoelectric efficiency will be discussed.

Lost and Found

Lost: ALERT! BIKE THIEF! My bike was stolen from my apt yesterday afternoon! It is a blue beach cruiser with brown leather handlebars and a brown leather seat. It has a green bike lock hooked to the handles and balloon strings hanging from the handlebars (with deflated balloons) I love it very much and would love for it to return home safely! Please let me know if you have seen it and if you stole it please return it safely!!!!
