Faculty, please join us for a hot breakfast and enriching conversation with other civic-minded Wofford faculty and CCBL staff- about how you can get involved (or deepen your involvement) in academic civic engagement, to the deep mutual benefit of your students, yourself, and society.

**Location:** TBD

**Cost:**

**Details:** Mental Health First Aid is an 8-hour training course designed to give members of the public key skills to help someone who is developing a mental health problem or experiencing a mental health crisis. Just as CPR training helps a layperson without medical training assist an individual following a heart attack, Mental Health First Aid training helps a layperson assist someone experiencing a mental health crisis, learning about risk factors and warning signs for mental health and addiction concerns in both crisis and non-crisis situations. MHFA is an evidence-based public education course designed for anyone, from the layperson to a mental health professional. Upon completion of the training, you will walk away with a 3-year MHFA Certification. Thanks to a generous grant from the Substance Abuse and Mental Health Services Administration (SAMHSA), SC Thrive currently offers this training - valued at \$170 - for FREE to those who live, work, serve, or worship with individuals from Spartanburg County. Mental Health First Aid training will be on Monday, March 26, & Wednesday, March 28, from 2 - 6 p.m. at Wofford. One or two more opportunities will be available during the semester if this one is not convenient. All faculty, staff, and students are invited. Follow this link to register.

This film explores the double standard placed on female athletes to be the best players on the field and the sexiest off of it. Through stories of the women who have faced and tackled this question including Mary Lou Retton, Chris Evert, Lolo Jones, and Gabby Reece, "Branded" explores the question: can women's sports ever gain an equal footing with their male counterparts or will sex appeal always override achievement?" Here is the message from HR from a few weeks ago about the holiday calendar for 2018.

Good Friday has always been an administrative, but not an academic holiday. That used to happen with Labor Day and Independence Day, too, but we've evolved away from that in several ways.

Dear Wofford community:

With Spring Break just a day away, I want to wish all of you a safe and relaxing respite before the sprint to the end of the semester. Wofford's academic, co-curricular and social calendar is overflowing after the break with arts programming, theatre performances, lectures, panel discussions, athletics events and Greek life socials, not to mention the regular demands of Wofford's rigorous, nationally ranked academic program. Having access to all of these enriching activities is an important part of the college experience, and I encourage everyone to attend as many events as they can successfully manage. Many of these events are free and open to the public, and I always appreciate the opportunity to welcome area residents as well as the extended Wofford community to campus to expand the college's impact.

Already this semester Wofford has:

- Celebrated Black History Month and Women's History month with student-led programming and a variety of outstanding speakers.
- Welcomed Dr. Ab Abercrombie, professor emeritus, back to campus for the Phi Beta Kappa lecture. He gave an exciting "biodiversity sermon" complete with a live snake, several skulls and the tooth of a mastodon. We also welcomed back graduates Margaret Key '96, CEO, Asia Pacific for Burson-Marsteller, who spoke with students as part of the lunch and learn series sponsored by The Space in the Mungo Center, and Dr. Nicole Redmond '96, a medical officer in the Clinical Applications and Prevention Branch of the National Heart, Lung and Blood Institute, who spoke on racial/ethnic and geographic disparities and how they affect health.
- Packed the house for Wofford Theatre's outstanding performance of "True West" in the new Rosalind Sallenger Richardson Center for the Arts.
- Enjoyed Spanish colonial and religious art from the collection of Dr. and Mrs. Francis Robicsek.
- Embraced the return of Presidential International Scholar Victoria Nwankudu and other students who spent the fall semester or Interim abroad.
- Cheered during the inaugural women's lacrosse match, a new edition to Wofford and the Southern Conference.
- Commended Greek life leadership on bringing safety and privacy issues to light and then taking the initiative to collaborate more closely with Student Affairs and Campus Safety on student security.
- Helped dozens of students secure internships for the summer, experience community-based learning and prepare for international travel and study.

It's a busy and exciting time to be a part of the Wofford College community, and I thank each of you for engaging fully in Wofford's mission.

Enjoy your break!

Nayef
