**To:** Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

## **Wofford Campus Community:**

Several students reported this afternoon to Campus Safety that their vehicles had been broken into overnight Saturday, April 7, into this morning. No items were taken, but the vehicles had been ransacked. The vehicles were parked in the Village parking lot.

Campus Safety reminds everyone to follow these safety tips:

- Always lock your vehicle, even when you plan to return in a short period of time.
- Never leave the keys or a spare key in the vehicle. Keep a spare in your room.
- Never leave your car running or the keys in the ignition when you're away from it, even for briefly.
- Always close windows and lock the car, even if it's in front of your residence hall or home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.
- Park in busy, well-lighted areas if possible.
- Carry the registration and insurance card with you. Do not leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave only the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.

Also, if you observe a crime or suspicious activities or persons on campus, immediately contact Campus Safety at 864-597-4911. Also, remember to call Campus Safety for a safety escort to your destination if you find yourself alone in a remote parking lot or other area of campus at night.

Wofford Students, Staff and Faculty:

Beginning today, Wofford is participating in the Higher Education Data Sharing Consortium (HEDS) Sexual Assault Campus Climate survey. Our goal in implementing this survey is to hear from all of you about your perception of how the College addresses reports of sexual and gender-based misconduct, whether you have experienced sexual or gender-based misconduct, and how we can improve our policies and training programs.

Each of you received an email invitation this morning through HEDS from our Title IX Coordinator Amanda Estabrook. The survey is open from today, April 9, through April 30. Survey responses are anonymous. All information collected by HEDS will be reviewed and any identifying information removed before we receive the data.

Your feedback is essential as we continue to strengthen our policies, responses, resources, and educational programs to ensure a safe and supportive environment for all Wofford community members.

Sincerely,  
Nayef Samhat

**Date:** April 9, 2019 at 4:56 PM  
**To:** Wofford Staff and Faculty WoffordStaff@Wofford.Edu

Wofford faculty and staff members:

Wofford's Search Advocate program has made a positive impact on faculty and staff searches since it began a year ago. We are continuing the process of incorporating Search Advocates into our regular process for hiring administrative, salaried staff and faculty positions this year and are seeking individuals who are willing to become advocates. Search Advocates are colleagues trained in these processes who serve as members of search committees to enhance the fairness, validity and diversity of college search and selection efforts.

I write to invite you to become one of Wofford's trained Search Advocates. These advocates are prepared to work with search committees from position development through integration of the new employee. Training for Search Advocates begins with a workshop based on current research, theory and practical strategies.

The next training sessions will take place on:

Tuesday/Thursday, April 16/18, 3-5 p.m.  
Saturday, April 20, 9 a.m.-3 p.m.

All faculty and staff members are welcome. Jim Neighbors and Camille Bethea will lead the workshops. Trained individuals then will serve on search committees as their schedules allow.

**If you are interested and are available to participate, please contact Jim Neighbors ([neighborsjr@wofford.edu](mailto:neighborsjr@wofford.edu)) or Camille Bethea ([betheacl@wofford.edu](mailto:betheacl@wofford.edu)) by Friday, April 12, to indicate which training session you'll be able to attend.**

Arendt (1906-1975) undertook her own personal and political journey, including romance, betrayal, three narrow escapes, flight as a refugee across land and sea, a productive and controversial exile in America, and many intense, transformational friendships. Along the way, Arendt made a series of judgments, not only practical judgments of what to do, but also piercing, retrospective recognitions-judgments of her experience of what had occurred and what was there in front of us. Lunch provided for faculty just let the AVI folks know.

You are receiving this email because Wofford College is conducting a survey to assess tobacco product use and policies on our campus. We sent one link to our survey before spring break, and if you already have participated in the survey, please disregard this message.

Our smoking policy at Wofford has not been updated in a number of years, and prior to making any recommendations the tobacco committee would like faculty and staff input.

Please take this opportunity to give us that input.

Thank you for completing this survey.

**Details:** Dr. William DeMars (Government and International Affairs) will present, "Hannah Arendt: In Search of Insights on Deliberation and Judgment" Abstract: In search of insights on deliberation, both personal and political, I have turned to Hannah Arendt as a companion on the journey rather than for an overarching theory. Arendt (1906-1975) undertook her own personal and political journey, including romance, betrayal, three narrow escapes, flight as a refugee across land and sea, a productive and controversial exile in America, and many intense, transformational friendships. Along the way, Arendt made a series of judgments, not only practical judgments of what to do, but also piercing, retrospective recognitions-judgments of her experience of what had occurred and what was there in front of us. Lunch provided for faculty just let the AVI folks know.

## Timely Warning

Timely Warnings are issued in an effort to make the Wofford College community aware of situations that present a potential threat to the safety and well-being of our community members and in compliance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act of 1990. Per federal law, the College issues Timely Warnings based on when the College receives a report, *not when the incident reportedly occurred*. For more information about the Clery Act, please visit [www.clerycenter.org](http://www.clerycenter.org). Wofford College takes all reports seriously and encourages victims of any crime to make a report to campus officials. Contact information is provided in "On-Campus Assistance" below.

## Reported Offenses: Sexual Assault (fondling)

The College received a report yesterday evening (Monday, April 22) that a Wofford student was sexually assaulted by another Wofford student in a campus residence hall on April 18, 2019. The College is addressing this report in accordance with College policies.

## Individual Safety Tips

1. Consent must be clear and unambiguous for each participant at every stage of a physical or sexual encounter.
2. The absence of "no" should not be understood to mean that consent is present.
3. Learn about consent, communication and healthy interactions and ensure that you are acting in a respectful manner at all times.
4. Students should only enter the residential spaces of others when invited.
5. Students should keep their doors locked, especially when sleeping or not present (apartment and room/cube).
6. Trust your instincts. If you feel unsafe, take actions that you feel are necessary to leave the situation.

## Community Safety Tips

As a community, we are responsible for taking care of each other. Please be aware of your surroundings. If you notice someone being victimized or become aware of a situation that you think has the potential to impact someone's safety and well-being, safely intervene or contact Campus Safety at 864-597-4911 immediately. Review the "It's On Us" [Bystander Intervention Tips](#) to learn how you can be an active bystander.

## On-Campus Assistance

For immediate assistance, please contact Campus Safety at 864-597-4350 (available 24 hours a day, seven days a week). If you or someone you know has experienced sexual or gender-based misconduct, consider contacting the Title IX coordinator or the Wellness Center; contact information is available on Wofford's [Title IX](#) web page. To learn about your rights and options on campus and in the community, please visit the Wofford

your rights and options for campus and in the community, please visit the University of

## Announcements

### Mathematics Colloquium

**Details:** Dr. Anne Catlla will give a talk titled, "How Mathematicians Can Detect Gerrymandering". In recent years, mathematicians have found themselves invited into a new room - the courtroom. As lawyers and judges attempt to answer the question of how much gerrymandering is too much gerrymandering, mathematicians have stepped up with tools based on Markov Chain Monte Carlo methods, random walks, and statistics. In this talk, we will examine three mathematical tools that have appeared in recent gerrymandering court cases: the efficiency gap and two outlier analyses. For each of these techniques, we will see how the approach works in light of certain democratic values and how each has been received by the courts, and we will delve more deeply into the mathematics of the random walk analysis. There will be a reception from 2:30-3 p.m. in Olin 204, followed by the talk from 3 - 4 p.m. in Olin 101.

**Date/Time:** 4/30/2019 4:00:00 PM

**Location:** RSRCA 112

**Cost:** Free

**Details:** The question of the existence of God (or some kind of Ultimate Reality) has long concerned both philosophers and non-philosophers, and rightly so. In this lecture Professor Ribeiro (UC Foundation Professor of Philosophy, University of Tennessee at Chattanooga) will cover four major types of anti-theistic arguments; these four arguments are the most central and most powerful arguments against belief in God. Thus, atheists and agnostics will find strong arguments to be used in debating with believers, and believers will hear (and be given the chance to critically evaluate) the best available arguments in favor of unbelief. Topics to be addressed include the traditional problem of evil (in two forms), the problems of error and religious error, the problem of divine hiddenness (in several forms), and a collection of moral objections to various theistic views.

**Subject:** TIMELY WARNING: Sexual Assault reported

**Date:** April 29, 2019 at 1:17 PM

**To:** Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

## Timely Warning

Timely Warnings are issued in an effort to make the Wofford College community aware of situations that present a potential threat to the safety and well-being of our community members and in compliance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act of 1990. Per federal law, the College issues Timely Warnings based on when the College receives a report, *not when the incident reportedly occurred*. For more information about the Clery Act, please visit [www.clerycenter.org](http://www.clerycenter.org). Wofford College takes all reports seriously and encourages victims of any crime to make a report to campus officials. Contact information is provided in "On-Campus Assistance" below.

## Reported Offenses: Sexual Assault

The College received a report yesterday that a Wofford student was sexually assaulted by another Wofford student in a campus residence hall on April 27, 2019. The College is aware of the identities of both students and is addressing this report in accordance with College policies.

## Individual Safety Tips

1. Engage in physical intimacy or sexual activity only after obtaining consent. Consent must be clear and unambiguous for each participant at every stage of a physical or sexual encounter. To learn about consent, please visit [Love is Respect](#).
2. Consent cannot be obtained when an individual is incapacitated.
3. The absence of "no" should not be understood to mean that consent is present.
4. Do not coerce or force anyone to consume alcohol or drugs.
5. Trust your instincts. If you feel unsafe, take actions that you feel are necessary to leave the situation.
6. Make a plan with your friends to keep an eye out for each other before you go out, and review the "It's On Us" [Bystander Intervention Tips](#) to learn how to safely intervene if a friend should need help.

## Community Safety Tips

As a community, we are responsible for taking care of each other. Please be aware of your surroundings. If you notice someone being victimized or become aware of a situation that you think has the potential to impact someone's safety and well-being, safely intervene or contact Campus Safety at 864-597-4911 immediately. Review the "It's On Us" [Bystander Intervention Tips](#) to learn how you can be an active bystander.

## On-Campus Assistance

For immediate assistance, please contact Campus Safety at 864-597-4350 (available 24 hours a day, seven days a week). If you or someone you know has experienced sexual or gender-based misconduct, consider contacting the Title IX coordinator or the Wellness Center; contact information is available on Wofford's [Title IX](#) web page. To learn about your rights and options on campus and in the community, please visit the Wofford College's Sexual and Gender-Based Misconduct Policy or the FAQs available on the [Title IX](#) web page.

Dear Faculty and Staff Colleagues,

A few important announcements as we come to the busy end of the semester:

It has been a tradition at Wofford since 1855 to give each graduating senior a Bible signed by the faculty and staff. Autographing these mementos is not only a meaningful activity for members of the college community, but a significant social occasion in the final days of the academic year.

The signing of the Bibles will take place beginning **Tuesday, May 7, in the first floor conference room in the DuPré Administration Building**. Signing will continue through **2 p.m. Friday, May 17**. This year there once again will be an alternative option, *Wofford College*, for students who have chosen this book. Faculty and staff are reminded to sign these as well.

In other good news, Campus Union and the DHEC Recycling Grant committee will be hosting an end-of-the-year faculty and staff appreciation picnic on **Thursday, May 2 from 11 a.m. to 1 p.m. in Zach's Plaza**. For my faculty colleagues, this means a delicious—and complimentary!—lunch after Thursday's faculty meeting in appreciation of your good work! On behalf of Campus Union and the DHEC Recycling Grant committee I hope you will be able to attend.

Regards,

Mike Sosulski  
Provost

**Details:** The question of the existence of God (or some kind of Ultimate Reality) has long concerned both philosophers and non-philosophers, and rightly so. In this lecture Professor Ribeiro (UC Foundation Professor of Philosophy, University of Tennessee at Chattanooga) will cover four major types of anti-theistic arguments; these four arguments are the most central and most powerful arguments against belief in God. Thus, atheists and agnostics will find strong arguments to be used in debating with believers, and believers will hear (and be given the chance to critically evaluate) the best available arguments in favor of unbelief. Topics to be addressed include the traditional problem of evil (in two forms), the problems of error and religious error, the problem of divine hiddenness (in several forms), and a collection of moral objections to various theistic views.
