Dear colleagues,

Please let us all consider the workday over at 1 p.m. tomorrow, Friday, July 2. Enjoy your holiday weekend.

Thank you for your service to the college!

Nayef
Memorandum
To: Wofford Students; Wofford Staff and Faculty
From: Roberta Hurley, Dean of Students
Date: July 2, 2021
Re: Important Fourth of July Information

Wofford is proud to assist the City of Spartanburg with its annual Red, White & Boom celebration Sunday, July 4. If you live on campus or plan to come to campus, please know that several campus streets and parking lots will be closed Sunday. Please plan accordingly if you are going to be on campus and parking over the weekend.

Beginning Sunday at 3 p.m., Cumming Street at East Wood Street, McDowell Street, Twitty Street and both parking lots for the Jerry Richardson Indoor Stadium will be closed.

Beginning Sunday at 4 p.m., Evins Street will be blocked off at Shipp Hall, Campus Drive and East Cleveland Street will be closed. Both parking lots for the Richardson Activities Building will also close.
Have you checked-in through the COVID-19 Symptom Tracker? This is a daily requirement before reporting to campus or leaving residence halls.

Re: Campus Life & Student Development

The Division of Campus Life and Student Development has reorganized to better serve our students and college community. An exciting part of this plan is the designation of a “dean” for each class. That means each class will have a staff member designated to coordinate new programs and services designed to increase student success, retention and satisfaction in the Wofford experience.

Brian Lemere has accepted a position as associate dean for student development and dean of the junior class. Brian has more than 30 years experience in higher education and residence life and has directed Wofford’s residence life program for the past 16 years.

Allen Lollis ’15 accepted a promotion to assistant dean of students for residence life and dean of the sophomore class. Allen holds a master’s degree in marriage and family therapy and has worked with the college’s residence life program for six years. He is also a Title IX hearing officer and a search advocate and serves as chair of the college’s Staff Advisory Council.

Talicia Murphy has accepted a promotion to director of student activities and the Mungo Center. She is pursuing a master’s degree in higher education and student affairs. Since 2018 Talicia has enjoyed working with the college’s 80+ student organizations, college committees and student government to develop a robust campus life program. She also serves as a member of the National Coalition Building Institute (NCBI) team at Wofford.

John Blair, director of conference services, will work closely with the new residence life team. He holds a master’s degree in education and has years of teaching and coaching experience. His work is vital to organizing the logistics for all programs, meetings and conferences on campus.

Matthew Hammett is now serving as assistant dean of students for fraternity and sorority life and leadership programs as well as dean of the senior class. Matthew’s career in student development spans over 16 years and covers a number of functional areas, including work with Title IX. As an institutional equity case coordinator, he is focused on increasing attention and awareness for sexual and gender-based misconduct. He holds a master’s degree in counselor education from Clemson University and will begin a doctorate of education program for professional leadership at Converse University in the fall.

Beth Wallace ’82, associate vice president, will continue to direct programs and services for first year students, including orientation. She also supervises the Wellness Center. Beth has served the college for 30 years, building a comprehensive wellness program for students and a medical program for employees.
We will be hiring a new assistant director for residence life, a director of inclusive engagement and coordinators for campus recreation, intramurals and club sports, residence life and student engagement.

These exciting changes will be reflected on our website soon with more information on our enhanced services for students.

Remember to get vaccinated!

Memorandum
To: Wofford Students, Wofford Staff and Faculty
From: Mike Sosulski, Provost
Date: July 12, 2021
Re: Dr. John Miles

Dr. John Miles, dean of institutional effectiveness and academic planning and associate professor of English, has accepted the role of vice president for academic affairs at Reinhardt University. He will begin work with Reinhardt, which is in Waleska, Georgia, on Aug. 9.

John has served Wofford since 2008. During his time at Wofford, he has led the successful 10-year Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) reaccreditation, held a prestigious American Council of Education (ACE) Fellowship, championed the use of data for equity in student outcomes, collaboratively led academic assessment and worked with others across campus to engage with the Association of American Colleges & Universities’ Truth Racial Healing and Transformation (TRHT) project to establish the process on Wofford’s campus.

Details are forthcoming regarding the search for John’s successor.

Please join me in heartily congratulating John on his new position and thanking him for his tremendous service to Wofford College.

July 16, 2021

Greetings:

In less than 50 days, we will start a new academic year, and we are all excited about engaging orientation programs, the newly renovated Mungo Student Center and Burwell Building, and the possibility of expanded social events in the Stewart H. Johnson Greek Village.

As of today, about 35% of students and 78% of faculty and staff have uploaded their COVID-19 proof of vaccination. At this time, the percentage of vaccinated students is too low to allow us to return to the social activities and large group gatherings that are such an important part of the Wofford experience. All classes and labs, however, will be held in person, and remote learning options will not be available. We all have a responsibility to our community of learners, so please consider how you can do your part.

Why get the vaccine NOW?

- The Delta variant is more contagious and is affecting more people in the 18-24 age range. The COVID-19 shot is proven to be effective against this new strain of the virus.
- If a minimum of 70% of the student body uploads proof of vaccination, we will reopen the Stewart H. Johnson Greek Village for social events, and we can allow large social gatherings.
- Students can win prizes (25 $1,000 cash prizes and one $5,000 cash prize will be awarded in August for students who have uploaded their proof of vaccination for COVID-19). Faculty and staff who upload vaccine proof also will be registered for prizes including extra vacation days.
- Being vaccinated means students are far less likely to have the academic, athletics and social experiences interrupted.
- The greater Spartanburg community loves Wofford students and will appreciate us doing our part to keep our community safe.
- Students who are vaccinated do not have to undergo required weekly COVID-19 testing.
- The vaccines are safe! Here’s a link to the CDC science behind the shots.

Think about how much we have to look forward to: Orientation! Homecoming! Family Weekend! Athletics events! Tailgating! Organizational gatherings! Sorority and fraternity formals! Hanging out with friends without a mask!

After you get the vaccine, upload your proof of vaccination to the Wellness Center.
After you get the vaccine, upload your proof of vaccination to the Wellness Center Patient portal (upload tab) at my.Wofford.edu. If you have difficulty uploading, email covid@wofford.edu. If you choose not to get the vaccine for medical or religious reasons, you may complete and upload the exemption request form and the waiver of immunization. Students who are unvaccinated are responsible for their own quarantine and isolation housing, and they must work individually with faculty to make up missed class time and assignments. For a variety of reasons, faculty may require students (regardless of vaccination status) to wear masks in class.

We urge you to get vaccinated as soon as possible. We can do this!

Roberta Hurley, dean of students and vice president for campus life and student development

Mike Sosulski, provost

Memorandum

To: Wofford Students; Wofford Staff and Faculty  
From: Randy Hall, Director of Campus Safety  
Date: July 26, 2021

The NFL's Carolina Panthers will return to campus this week for training camp. Students, staff and faculty will need to display hang tags when parking on campus July 28 through Aug. 19. Each department will receive hang tags by the close of business Tuesday, July 27. The campus community should park in the parking lot for Rosalind Sallenger Richardson Center for the Arts, located off Memorial Drive, and the college's designated spaces in the parking lot for the Spartanburg Memorial Auditorium, also off Memorial Drive. Please be aware that the Shipp Lot will be more congested than usual because of the team's staff rooming in nearby residence halls. Staff working in the Mungo Student Center will receive hang tags for the DuPre Lot, which will have a limited number of spaces available. Please avoid the Verandah, Jerry Richardson Indoor Stadium and Cumming Street parking lots.
On the fence about whether to get vaccinated for COVID-19? Want accurate information from a physician who understand your concerns? Then join the Wofford Wellness Center for this informative Zoom webinar.

Thursday, July 29, 4 p.m.

Dr. Lisa Carlson, a Department of Health and Environmental Control physician, will answer questions pre-submitted by Wofford students about vaccine safety and effectiveness.

Register in advance for this webinar: wofford.zoom.us/webinar/register/WN_m909z5RgS7mS9aEsq26wUQ

After registering, you will receive a confirmation email containing information about joining the webinar.
Dear Richard,

Over the past year, the Wofford College community has taken a close look at justice, equity, diversity and inclusion through the lens of our past, present and future. Like other private colleges founded in the pre-Civil War South, Wofford has a complicated history with both shining moments and times during which we did not live up to our mission and core values.

Frankly, it is all too easy to be thin skinned when our college receives criticism of any sort, but Wofford College did not get to be a nationally ranked liberal arts college by allowing defensiveness to cloud self-reflection, inquiry and progress.

In August, the college’s Board of Trustees will meet to carefully consider the 30 recommendations of the Justice, Equity, Diversity and Inclusion steering committee. I have worked with the board for the past eight years, and I could not be more proud of the direction in which they have led our college. Their leadership has yielded a successful $470 million comprehensive campaign, the renovation or construction of 11 campus facilities, record diversity and academic excellence in enrollment, and increased engagement in the Spartanburg community. I know they will thoughtfully review the JEDI report with the same keen focus on Wofford’s future. The college will share next steps following the retreat.

For now, I ask for your continued support, encouragement and faith in our process. At times it has not been easy, but I continue to be grateful for the individuals and groups who clearly have the college’s best interest at heart.

Misinformation continues to abound, but know this: Wofford College remains committed to its mission and core values, and the academic program, student experience and physical campus will only improve with our efforts.

With gratitude,

Nayef Samhat
Daily Announcements

Thursday, July 29, 2021

Have you checked-in through the COVID-19 Symptom Tracker?
This is a daily requirement before reporting to campus or leaving residence halls.

Today's Events

- DHEC COVID-19 Vaccine Info Session

Upcoming Events

- COVID Vaccine Clinic at The Wellness Center

Announcements

- Apply for an Interim 2022 Travel/Study Project
- Upload your COVID-19 vaccine!

Link: ZOOM Link
Contact: Lisa Lefebvre (Phone/Ext 4367)

Upcoming Events

COVID Vaccine Clinic at The Wellness Center
Date/Time: 2021-07-30 09:00 AM
Location: Wellness Center
Cost: Free
Details: South Carolina DHEC will hold a COVID Vaccine Clinic this Friday, July 30, 9 a.m. - 1 p.m., at the Wellness Center. You will need your driver's license or a picture ID. Please enter through the side entrance (parking lot entrance) when you arrive. No appointment is necessary. The Johnson & Johnson and the Moderna vaccines will be offered.
Contact: Lisa Lefebvre (Phone/Ext 4367)

Announcements

Apply for an Interim 2022 Travel/Study Project
Details: Want to study abroad this upcoming Interim 2022? The Interim 2022 travel/study projects are live and accepting applications on a rolling basis until the final deadline of Sunday, Sept. 19. Visit the Office of International Programs' website for a list of available programs and begin your application today!
Link: Interim Travel/Study Project Availability
Contact: International Programs (Phone/Ext 4430)

Upload your COVID-19 vaccine!
Details: Vaccinate now so everyone can enjoy the Wofford experience to the fullest. After you get the vaccine, upload your proof of vaccination to the Wellness Center Patient portal (upload tab) at my.Wofford.edu. The Wellness Center needs vaccine confirmation or completed exemption waivers by 5 p.m. on July 30. Students who upload their proof of vaccine will be registered for a drawing for large cash prizes. Faculty and staff who upload their proof of vaccination will also be registered for drawings for extra vacation days.

Contact: Wofford Wellness Center (Phone/Ext 864-597-4370)

Wellness Center: Nurse Practitioner Schedule
Details: The Nurse Practitioner will be out of the office Monday, Aug. 2 - Friday, Aug. 6. If you need a new prescription or refill, please make an appointment on the following days: Friday, Aug. 23, Monday, Aug. 25, Tuesday, Aug. 27 and Friday, Aug. 30.
Link: Wellness Center Patient Portal
Contact: Pamela Michaels (Phone/Ext 4370)
Interest Fair Registration
Details: The FYI Orientation and Student Involvement Interest Fair will be held on Sept. 7 from 5 - 7 p.m. and the Fraternity and Sorority Life Interest Fair will be held on Sept. 9 from 5 - 6:30 p.m. If you would like to participate in either of these events, please follow the link to register. Registration will close on Aug. 23 at 5 p.m. There will also be a Community Interest Fair that will take place on Sept. 14.
Link: Interest Fair Registration
Contact: Talicia Murphy (Phone/Ext 4043)

Faculty/Staff Yoga cancelled
Details: Faculty/staff yoga is cancelled until the middle of August. There will be a notice in the Daily Announcements when classes resume.
Contact: Lisa Lefebvre (Phone/Ext 864-597-4370)

Employee Screenings
Details: Employee wellness screenings will be held Aug. 25, 26, 27 and Sept. 15, 16 and 17. Sign up now at the SignUpGenius link attached. If you would rather not have blood drawn or if you already have your labs, please schedule an appointment with the Employee Wellness Clinic through the Wellness Center portal at myWofford, beginning mid to late August.

Greetings!

We have had an amazing response to our request for students to upload their COVID-19 vaccine information by 5 p.m. tomorrow, Friday, July 30. We now have documentation from 58% of the Wofford student body, and we continue to hear from others who are in the process of getting their vaccines. Thank you!

This afternoon (Thursday, July 29) we are holding a Zoom webinar at 4 p.m. about the safety and efficacy of COVID-19 vaccines. Join Dr. Lisa Carlson, a DHEC physician who also holds a master’s degree in public health, to get answers to questions pre-submitted by Wofford students. Anyone can attend this webinar. Register in advance HERE. If you have questions that are not answered during this event, please submit them to Covid@wofford.edu, and staff in the college’s Wellness Center will answer them soon on a FAQ page.

Remember, we still intend to require the vaccine pending full regulatory approval, and students who have not been vaccinated must find their own quarantine or isolation space off campus. All classes will be held in person. Vaccine approval is expected within the next few months, so go ahead and take care of this now so we can begin the year with limited social restrictions. Enter the Wellness Center’s Patient Portal at my.Wofford.edu and use the UPLOAD tab to send your proof of vaccination. If you’ve just gotten your first shot and are waiting for your second, go ahead and upload your first dose. You can upload your second dose when you complete your vaccination process. If you are in the Spartanburg area, drop by the campus tomorrow (Friday, July 30) for a vaccine clinic in the Wofford Wellness Center. The clinic runs for 9 a.m.-1 p.m. No appointment is necessary. Bring your driver’s license or a picture ID and enter through the side/parking lot entrance. The Moderna and Johnson & Johnson vaccines will be offered.

Students who choose to forego vaccination for COVID-19 must complete and submit a medical or religious exemption form (attached). These must also be uploaded to the Wellness Center Patient Portal at my.Wofford.edu. In addition, students who choose not to get vaccinated must read and sign the Waiver of Immunization Against COVID-19 (attached).

The winners of this week’s random cash drawings for students are:
$250  
Emmett Ball  
Samuel Smith  
Katelyn Lee  
Eliana Davis

$500  
Lucas Mahlstedt  
Cameron Davis

$1,000  
Lauren Harrell

Please email me at DeanofStudents@wofford.edu to make arrangements to receive your prizes.

Thanks for uploading! We’re getting close!

Exemption Request Form

Section I: To be completed by student or guardian (if student is under 18).

Name

Last                       First                      Middle Initial

Student Email ___________________________ Wofford ID # __________________

Date of Birth ___________________________

Signature ___________________________ Date ___________________________

Student or guardian if the student is under 18.

Section II: Medical Exemption Request (to be completed by medical provider) Medical Provider

Certification of Contraindication: I certify that my patient (named above) should not be vaccinated against COVID-19 because the patient has one of the following contraindications:

☐ Documented anaphylactic allergic reaction or other severe adverse reaction to any COVID-19 vaccine (For example, cardiovascular changes, respiratory distress or history of treatment with epinephrine or other emergency medical attention to control symptoms. This, generally, does not include gastro-intestinal symptoms as the sole presentation of allergy.) Describe the specific reaction:

____________________________________________________________________________________

____________________________________________________________________________________

☐ Documented allergy to a component of the vaccine; does not include sore arm, local reaction or subsequent respiratory tract infection. Describe the specific reaction:

____________________________________________________________________________________

____________________________________________________________________________________

☐ Another documented contraindication. (Information to be reviewed by infectious disease consultants for approval.) Please explain:

____________________________________________________________________________________

____________________________________________________________________________________

Healthcare Provider (please print) ___________________________

Address/Clinic Stamp ___________________________

Signature ___________________________

Phone ___________________________

Once completed, students should upload the signed form to the forms section of your Student Health Portal.
WOFFORD COLLEGE
Exemption Request Form

Section III: Religious Beliefs Exemption Request (to be completed by student or guardian if under 18). The Religious Exemption form should be used by those who in the past have NOT been vaccinated due to religious beliefs. Requests for exemption based on religious beliefs: if the bona fide religious beliefs of a student (or the parent, guardian if under age 18) are contrary to the immunization requirement for a COVID-19 vaccine, the student will be exempt of the requirement upon submission of a written statement below of the bona fide religious beliefs and opposition to the immunization requirement.

Student statement:

____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

In order to minimize risk of viral spread, unvaccinated individuals will be required to do the following:
- Undergo weekly COVID-19 surveillance testing on campus (for as long as the testing is offered) or off campus at your own expense.
- Upload the results of their weekly test by 11 a.m. each Friday morning to the Wellness Center patient portal.
- Quarantine or isolate off campus at your own expense should you be identified as a close contact or contract COVID-19.
- Follow other community safety guidelines determined by the college, which will be communicated to students in August.

Unvaccinated students who do not comply with these four requirements will be subject to sanctions. Sanctions may include health and safety education, social probation and, ultimately, suspension.

Signature ___________________________________________ Date __________________________
Student or guardian if student is under 18.

Once completed, students should upload the signed form to the forms section of your Student Health Portal.
WAIVER OF IMMUNIZATION AGAINST COVID-19

COVID-19 is a highly contagious respiratory virus that affects individuals. Anyone, regardless of age, can experience long-term medical problems and death. This virus spreads through respiratory secretions related to speaking, singing, yelling, coughing and sneezing. Infected individuals can spread the virus to others.

Prevention strategies include wearing a mask and maintaining physical distance when around others. These strategies affect what is accepted as “normal life,” which makes them an additional challenge.

The COVID-19 vaccines are very safe and highly effective at preventing death and hospitalization. When large numbers within a population are immunized, viral spread will be significantly limited. Everyone within a community contributes to this protective approach.

Side effects related to vaccination primarily include pain at the injection site, headache, fever and chills, and/or body aches that last for about 24 hours.

Choosing to forego vaccination puts one at risk for getting the disease with the associated risk of long-term medical problems or death. Individuals who elect not to be vaccinated against COVID-19 may put others they interact with at risk as well. By choosing not to be vaccinated, you run a greater risk of becoming ill with COVID-19 and will be required to isolate per CDC guidelines if you become infected. If you have chosen not to vaccinate for COVID-19, you will be responsible for securing your own quarantine and isolation space off campus should you be exposed to the virus. The college follows CDC guidelines for isolation and quarantine after exposure to COVID-19.

To minimize risk of viral spread, **unvaccinated** individuals will be required to do the following:

- Undergo weekly COVID-19 surveillance testing on campus (for as long as the testing is offered) or off campus at your own expense.
- Upload the results of their weekly test by 11 a.m. each Friday morning to the Wellness Center patient portal.
- Quarantine or isolate off campus at your own expense should you be identified as a close contact or contract COVID-19.
- Follow other community safety guidelines determined by the college, which will be communicated to students in August.

I HAVE READ and reviewed the information provided above concerning the risks and benefits of the COVID-19 vaccine. For personal reasons, I have chosen NOT to be vaccinated and, therefore, accept the potential consequences associated with this decision. This includes, but is not limited to, the responsibility to isolate or quarantine off campus, to undergo regular screening for COVID-19 and wear a mask. Unvaccinated students who do not comply with these four requirements will be subject to sanctions. Sanctions may include health and safety education, social probation and, ultimately, suspension.
