Dear Phillip,

We are one month from the November 1 deadline for all members of our community to submit verification for the college’s required COVID-19 vaccination or a legitimate religious or medical waiver. I’m pleased to report that our community vaccination rate is at nearly 90 percent. That’s outstanding, Terriers! I’m so proud that so many have made the choice to protect our community.

The Wofford Wellness Center has been contacting students, and Human Resources is contacting employees who have not submitted proof of vaccination or a medical or religious exemption to inform them of the steps they must take and the consequences for not meeting them. Appropriate staff members are contacting people individually because we want everyone to remain a part of the Wofford community. Community membership, however, requires a commitment to the greater good. Getting vaccinated is a way to protect yours and others. It’s also the way to ensure that we can gather, interact and enjoy the Wofford experience to its fullest.

While the vaccines have been proven to be safe and effective across numerous medical trials and studies, our own experience at Wofford underscores the value of the vaccine in keeping our community safe. In fact, we have experienced some of the lowest case counts of the entire pandemic since the start of the 2021-22 academic year, even while our state was experiencing some of the highest prevalence of COVID-19 that it had experienced at any stage of the pandemic.

If you remain concerned about getting your COVID-19 vaccination, contact your physician or the staff in the Wofford Wellness Center or visit the Centers for Disease Control and Prevention COVID-19 website for information.
Best,

Nayef Samhat

Wofford College has never been happy to rest on its accomplishments. We take pride on how well we prepare our students and are intentional in our efforts to improve ourselves community and our world. The generous gift from Jerry Richardson ’59 will transform the entire community, and it is up to all of us to guide how we want our community to change.

As was announced during the opening session in August, we have developed a concept to help foster a purpose-driven experience for students at Wofford around “Expedition Wofford… Where Thought Leads: People, Planet, Peace.” A visioning team has been called that includes members from across our community. The members include Trent Bunn, Anne Catlla, Mark Ferguson, Vicki Gilbert, Amy Lancaster, Curt McPhail, Elizabeth Rabb, Kay Savage, James Stukes and Megan Tyler. Jo Ann Brasington and John Lefebvre will serve as coordinators.

This visioning group is charged with the development of a framework that is intended to further cultivate a purposeful educational experience for students at Wofford. This will in the choice of curricular and co-curricular opportunities. The framework will also encourage students to think about ways that they can grow as servant leaders and lifelong learners prepared to address human needs in an increasingly complex world.

Members of our community are already engaging in transformative practices and have considered how to accomplish the goals of this project, so we want to spend the next few months listening, learning and synthesizing the ideas generated. The goal is to have a draft of the framework available for discussion and refinement during the spring semester.

Please watch for opportunities to participate.

I know our community will fully collaborate on this project, sharing ideas, insights and experiences with openness and creativity to ensure our students are equipped to change the world.
expertise, and I want to thank all of you — in whatever role you play — for your service and commitment to our college.

Best,

Memorandum

To: Wofford Staff and Faculty
From: Cherie Tyger, Resident Director of Culinary Services
Date: October 13, 2021
Re: AVI Catering Services

It has been a busy fall semester, and the holiday season is just around the corner. If you are planning events requiring AVI catering services, please make requests two weeks ahead of time. This will help AVI with staffing and planning in the event of supply shortages.

Catering requests can be made by contacting Director of Catering Michael Piccone at mpiccone@avifoodsystems.com.

AVI is looking for additional staff. If you would like a part-time job or know someone who is looking for employment, contact Director of Campus Dining Operations Keith Tyger at ktyger@avifoodsystems.com.

CIL Teaching Innovation Grants
Details: CIL Teaching Innovation Grants deadline approaching (Oct. 15). We anticipate being able to offer around five grants of about $300 each, this fall semester to be used by instructors for classroom materials, webinar fees, offsetting costs of attending a conference or workshop, class community building, or other ideas that we haven’t thought of yet. This semester, applications should be submitted by Oct. 15 for funds to be used by the end of the spring 2022 semester. If there are more requests than funds available, priority will be given to those who have not received funding through the CIL recently and to requests that have the potential for a greater impact in terms of number of departments, programs, or students affected. Applications should answer the questions below. Please focus on pedagogy over course content. What is the amount requested and what will the funds be used for? Which of your courses would be impacted by your receiving a grant? How many students do you expect to be impacted? What is the anticipated impact on your teaching and/or your students’ learning and/or teaching and learning more broadly at Wofford? Please email cil@wofford.edu to apply or with any questions.

Timely Warning

Timely Warnings are issued in an effort to make the Wofford College community aware of situations that present a potential threat to the safety and well-being of our community members and in compliance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act of 1990.

Wofford College takes all reports seriously, and we encourage people who experience or witness a crime to report.

Reported Offense

At around 1 a.m. on Sunday, Oct. 17, a non-student stole a golf cart, assaulted a student who accepted the offer of a ride and wrecked the golf cart. The student is safe. The non-student was apprehended and arrested by Campus Safety.

Safety Tips

Timely Warnings give us the opportunity to become more aware of our surroundings. We are responsible for taking care of each other, so if you notice someone being victimized or become aware of a situation that you think has the potential to impact someone’s safety and well-being, safely intervene or contact Campus Safety at 864-597-4911.

1. Contact Campus Safety for a ride on campus anytime you feel uncomfortable walking alone.
2. Verify rides, whether Uber, Lyft or golf cart, and do not get in the vehicle until you know who is driving.
3. Trust your instincts. If you feel unsafe, take actions that you feel are necessary to leave the situation.
4. Make a plan with your friends to keep an eye out for each other before you go out, and review the “It’s On Us” Bystander Intervention Tips to learn how to safely intervene if a friend should need help.

Download the free Rave Guardian app from the App Store or Google Play. Enter Wofford College when you open it, and you will have access to an alert button, a virtual escort, a chat with the officers and a list of helpful numbers.

Memorandum
To: Wofford Students; Wofford Staff and Faculty
From: Chris Gardner, Chief Financial Officer
Date: October 20, 2021
Re: Interim Chief Information Officer

Chief Information Officer Dr. Baz Abouelenin has resigned effective immediately. Brian Rawlinson, director of network services, has agreed to serve as the college’s interim chief information officer.

Please join me in thanking Brian for agreeing to serve in this important role for the college. Brian has worked in the Office of Information Technology Services (ITS) since 1997. He is a 1995 Wofford graduate.

Any projects that Baz was involved with will now be handled by Brian.

The long-term direction for leadership of ITS will be evaluated within the coming weeks.

Teach.Equity.Now Workshop 1: Community Building & Defining Racism
Date/Time: 2021-10-29 02:00 PM
Location: Zoom
Cost: Free
Details: This workshop series is designed to ground participants in a shared language, a shared framework, and a shared history to inform strong racial equity practice. Each workshop is scheduled for 2.5 hours and is designed as an interactive on-line environment. Every workshop includes reflection and application - how does this learning apply to me and to us and how am I and how are we going to apply what we’re learning? This initial workshop begins the task of building the learning community as it delves into defining racism as more than personal, as institutional, cultural, systemic and pervasive. This four-part fall workshop series is open to all faculty and staff. Participation in all four events is strongly encouraged but not required.
