Wofford College is honored to host the 44th Annual Tri State Sculptors Conference! This year's theme, "The Shape I'm In," was inspired by a stray lyric from a country-folk song. We like that it has many interpretations, from the fleshy forms we inhabit to our present mental and emotional states, from the architecture that surrounds us to our resistance to creative fatigue.

Conterminous Elegies investigates the process of grieving as a space, not solely for consideration of loss and mourning but an equal opportunity for the exploration of playfulness and joy. The experience of transitions within the course of any human life implies the sharing of and the shifting of boundaries; borders between the materially present and what is remembered; between imagination and the corporeal; between things and ideas.

## Memorandum

To: Wofford Students; Wofford Staff and Faculty

From: President Nayef Samhat

Date: September 6, 2022

Re: Title IX policies and support

As we return to campus and welcome new faculty, staff and students for the 2022-23 academic year, it is an opportune time to remind everyone that we all share responsibility for ensuring that our community is open to classroom and peer-to-peer conversations about different beliefs and experiences in an environment free from discrimination, sexual and gender-based violence, and harassment of any kind.

Unfortunately, Wofford is not immune from an issue that colleges and universities around the country face every day: sexual assault and harassment. National statistics from the Centers for Disease Control and Prevention (CDC) indicate that more than 20% of college women and one in 16 men have been victims of sexual assault while on campus. The CDC estimates that the number is actually higher for both women and men because a projected 90% of victims on college campuses do not report the assault.

Wofford has implemented a policy that addresses discrimination and harassment for our entire community: the [Nondiscrimination and Anti-Harassment Policy](#). The policy explains the college's response processes, reporting options and available resources. An annotated step-by-step guide to the policy can be found on the Title IX office's website under the [FAQs tab](#).

The college encourages anyone who experiences or witnesses discrimination, sexual or gender-based violence, or harassment to file a report with the college. Students may submit anonymous reports online [here](#). College faculty and staff should submit their reports using the Responsible Employee Reporting Form [here](#). The college follows all policies and procedures mandated by law. The college will protect those who express concerns about the conduct of any employee or student.

To learn more about Wofford's response to reports of discrimination and harassment, contact Matthew Hammett, the director of civil rights, Title IX and student risk assessment. The [Title IX website](#) also provides valuable information.

In a community like Wofford, we take care of each other. We look forward to working with you this year as we continue expanding our educational efforts and strengthening our community.

Re: Parking

Attached to this email is a campus parking map. Please review it to make your parking choices.

Some areas of the Wofford campus have more parking than others. The college has many open parking spaces in the Cummings Street and Jerry Richardson Indoor Stadium lots except during home football games.

Individuals who park in lots on the periphery of campus may use the opportunity to exercise or contact Campus Safety (864-597-4350) for a ride.

Below are a few frequently asked questions about parking.

**Is parking legal on Memorial Drive?**

Yes. Parking on Memorial Drive is legal except near entrances to the campus and parking areas. These no-parking zones are painted yellow, and vehicles parked in them illegally are subject to ticketing and towing by the City of Spartanburg. Campus Safety cannot help you with a ticket issued by the city. Please be advised that vehicles parked near Russell C. King Field at Switzer Stadium are in danger of being damaged by fly balls. Neither the college nor the city is responsible for damage to your vehicle.

**Are students allowed to park in the Admission lot when dining at the Burwell Building?**

No. The Admission parking lot is reserved for visitors, faculty and staff.

**Are student-athletes allowed to park in the Verandah lot for team meetings or workouts?**

No. The Verandah parking lot is reserved for visitors, faculty and staff.

**Are students and employees allowed to park on Campus Drive?**

No, but there are a few exceptions:

1. There are two accessible parking spaces near the Burwell Building on Campus Drive. An accessible parking permit must be visible to park in those spots.
2. Facilities staff may park on Campus Drive temporarily while completing work in the vicinity, and AVI may park the Road Boss food truck on Campus Drive while serving meals.

3. Vehicles may park temporarily on Campus Drive when students are moving into or out of residence halls.

### **What is the penalty for a parking violation?**

The fine for parking in an unauthorized space is \$50. Parking in an accessible space without a proper permit or in a fire lane carries a \$100 fine. Students, faculty and staff may pay a ticket within 72 hours for a \$20 reduction (\$30 instead of \$50, for example). Students must clear all parking violations to register for classes or receive a diploma. Faculty and staff should resolve parking issues as soon as possible but may choose to have their parking violations deducted from their final paycheck of the academic year. To avoid these fines, park in designated spaces.

### **Has the college considered prohibiting first-year students from bringing vehicles to campus?**

Because Wofford has sufficient parking, first-year students may bring cars. There are no plans to change this policy.

### **Each year there are vehicle thefts, thefts from vehicles and instances of vandalism in campus parking areas. How does the college work to prevent this?**

Campus Safety officers regularly patrol campus parking lots. Students, faculty and staff can do their part by locking car doors and removing keys and valuables. According to Campus Safety Director Dwayne Harris '86, "Every incident this year has involved an unlocked vehicle. On surveillance videos, we've witnessed people walking through parking lots pulling door handles. We need our campus community to help us protect our people and property."

### **Who should I contact for further information?**

Contact Director of Campus Safety Dwayne Harris '86 at [harrisde@wofford.edu](mailto:harrisde@wofford.edu), 864-597-4350, with questions about parking. The Department of Campus Safety is located in the Mungo Student Center. Officers are on duty 24 hours a day, seven days a week.
