Michaela Pilar Brown | CONTERMINOUS Elegies

Conterminous Elegies investigates the process of grieving as a space, not solely for consideration of loss and mourning but an equal opportunity for the exploration of playfulness and joy. The experience of transitions within the course of any human life implies the sharing of and the shifting of boundaries; borders between the materially present and what is remembered; between imagination and the corporeal; between things and ideas.

Re: New assistant director of human resources

I am pleased to announce that Courtney Dobbins has agreed to join us as assistant director of human resources, beginning Monday, Dec. 12, 2022. Courtney will work closely with Shannon Knupp during Shannon’s transition out as interim director of human resources. Courtney will manage several functional areas of human resources in the beginning, then eventually lead the team and department as director following Shannon’s departure.

Courtney has more than 20 years of experience in human resources and joins Wofford from Spartanburg Methodist College, where she is currently the director of human resources. Prior to SMC, Courtney was with Spartanburg Water for 10 years. She holds a bachelor’s degree in business administration with a concentration in marketing from the University of South Carolina, Spartanburg (now USC Upstate). She also holds Professional in Human Resources and Society of Human Resources Management Certified Professional certifications.

Join me in thanking the search committee — Chris Gardner, Megan Tyler and Shannon Knupp — for their excellent advice, support and insight. I also want to thank all of those who participated and provided feedback during the search process.

I look forward to seeing the Department of Human Resources continue to evolve and add support and value to every area of our college community under Courtney’s leadership. Please welcome her.

Details: CIL Lunches are an opportunity to get together to talk about teaching: to share things you're doing in your classes, to seek input or advice on things you're considering doing, or to listen to what others are doing. Lunches don't have a specific agenda: what we talk about at any given lunch depends on the interests of those present. Come for 15 minutes or 60. Come every week or only once. Whatever works for you. The CIL will cover the cost of lunch for participants.

McCallum & Halsey: At Home and Abroad

Details: McCallum & Halsey: At Home and Abroad
Sept. 1-Dec. 15
Richardson Family Art Museum, Upper Level
Married for 60 years, the artists Corrie McCallum (1914–2009) and William Halsey (1915–1999) forged artistic paths both individually, and at times undeniably parallel. At Home and Abroad invites viewers to experience the familiar imagery of the Carolina Lowcountry and, as noted in the pair's 1971 published A Travel Sketchbook, the "people and places around the world" which influenced their groundbreaking careers.

**Details:** Michaela Pilar Brown | CONTERMINOUS Elegies. Sept. 1-Dec. 15. Richardson Family Art Museum, Lower Level.  
Conterminous Elegies investigates the process of grieving as a space, not solely for consideration of loss and mourning but an equal opportunity for the exploration of playfulness and joy. The experience of transitions within the course of any human life implies the sharing of and the shifting of boundaries; borders between the materially present and what is remembered; between imagination and the corporeal; between things and ideas.

At Home and Abroad invites viewers to experience the familiar imagery of the Carolina Lowcountry and, as noted in the pair’s 1971 published A Travel Sketchbook, the “people and places around the world” which influenced their groundbreaking careers.

Students, faculty and staff,

As part of an ongoing effort to foster the increased communication and promotion of our Campus Union Assembly’s initiatives for the college, this email serves the purpose of reporting relevant updates as to items of business that have been passed by our assembly thus far in the 2022-23 academic year.

With the help of many faculty, staff and students, several pieces of business were expedited during the fall semester:

2. Bringing the return of various food items in the Mungo Student Center both at Chick-Fil-A and Boar’s Head.
3. Providing more ice machines in some of the residence halls, as well as assisting in the installation of a pickle ball court in the Mungo Student Center.

To date, our assembly has additionally passed the following items, many of which have been instituted conventionally on campus already:

1. Resolution to Expedite the Process of Senior Village Housing Floor Plans.
2. Proposal to Form the Student Survey Ad-Hoc Committee.

10. Resolution to Formally Recommend a Smoothie Bar in the Burwell Dining Hall.
10. Resolution to Recommend a Smoothie Bar in the Burwell Dining Hall.

In addition, several pieces of business are on tab for the coming months. These proposals and resolutions have not yet been passed but will be up for consideration appropriately:

1. Proposal to Provide Indoor Recycling Bins in the Senior Village Apartments.
2. Proposal to Provide Takeout Boxes in Burwell Dining Hall.
5. Resolution to Formally Recommend the Purchase of Virtual Wofford ID Cards.

Campus Union meets Monday nights at 6:30 p.m. in Olin Theater. All meetings are overseen by a parliamentarian, as well as Dr. Sandra Rouse, vice president for campus life and student development and dean of students. Regularly, higher level administrators have attended our forums, including President Samhat, Chaplain Ronald Robinson, Provost Tim Schmitz, Chief Equity Officer Dwain Pruitt and Chief Financial Officer Chris Gardner. Students who are not part of our Campus Union Assembly likewise frequently attend meetings. Regular updates are announced via the Campus Union Instagram (@campusunion) on a weekly basis. With any inquiries, always feel free to reach out on social media or via email campusunion@wofford.edu.

Our assembly is proud of the progress made in the duration of this first semester. It has been my privilege to serve as your student body president, and we will continue our advocacy for the evolving wants and needs of those here at Wofford throughout the second semester.

We wish all students success on final exams, a happy holiday season and great January Interim.

Our best,

Re: Experience Wofford

As promised at our last faculty meeting, I’m writing with more information about the progress of Experience Wofford (XW).

Early during the spring semester, XW will have a presence on the college’s website with more information and a link to the XW Fellows application. If you already have strong first- or second-year students in mind, please alert them to keep an eye out for the applications process opening in mid-February.

The projected timeline for the XW Fellowship is as follows:

- **Online application process open:** Feb. 13 through March 3  
- **Review/interview process:** March 3 through April 14  
- **Pilot year cohort announced:** April 21

Again, students selected as XW Fellows will participate in supervised summer reading, mentoring, educational modules and a retreat.

As a reminder, here are the highlights of the plan:

**Experience Wofford:**

Experience Wofford (XW) is an initiative with four pillars focused on making the full range of the Wofford educational experience available to every student. Our work prioritizes experiential learning, equity and the liberal arts.

1. **Support for existing experiential programs**

   XW will serve as a pipeline through which increased funding will flow to existing experiential learning initiatives in the service of increasing equity on campus. Based on financial need, XW will significantly increase the monies available to the Career Center’s Summer Internship Fund, the Office of International Program’s travel grants and other experiential learning opportunities. These means-tested, successful, long-standing initiatives already have application procedures and methods for ensuring that students with financial need have preference for resources.

2. **Support for short-term student experiences**

   XW will provide support for students who would like to attend academic or professional conferences or other short-term educational opportunities in their areas of study or interest that are not otherwise covered by college or departmental funds. This fund will encourage students to participate in academic and professional conversations they care about while
students to participate in academic and professional conversations they care about while they are still undergraduates. For example, students may apply to attend the Innocence Network Conference or The New York Times Student Journalism Institute. Recipients will publicly share their conference experiences at a special campus event each semester.

3. Support for faculty-led travel

XW will support off-campus student experiences led by Wofford faculty. These experiences are intended to happen outside of the January Interim and will generally be tied to semester-long classes. (Optional consideration: Students can take the class but are not obligated to participate in the trip.) For example, faculty could teach a class on Middle Eastern politics and then take students to the region to meet with politicians and activists, participate in the culture and see first-hand what they’ve spent a semester studying.

4. XW Fellowship

Rooted in the liberal arts, XW will support 20 fellows as they develop and refine purposeful, ambitious, experiential projects that engage with global issues. Fellows may apply starting in mid-February, and the first cohort will be announced by the end of April 2023, following a review/interview process. Faculty and staff are encouraged to nominate students. Support for these fellows will include cohort building, discernment work, general and project-specific reading lists, alumni/faculty/staff mentoring and targeted educational modules. Projects will generally occur the summer following a student’s second or third year and will fall into one of four categories:

- Social justice/community engagement.
- Entrepreneurial problem solving.
- Artistic or creative undertakings.
- Scientific research.

Returning fellows will present at the XW Fellows Symposium during Family Weekend and serve as reciprocal mentors for subsequent cohorts.

Dear Wofford community,

It’s been another extraordinary semester at Wofford College, and I’d like to extend my gratitude to all in our community of learners. One of the best things about living and working on a college campus is the energy and intentionality devoted to learning and growth. There’s always something new to discover or explore, and I appreciate the commitment of all of you — students, faculty, staff and coaches — to ensuring that we fulfil our mission and core values.

Enjoy a well-deserved break, Terriers. Merry Christmas, Happy Holidays and Happy New Year to all.

I look forward to another successful Interim and semester in 2023.

Warmest wishes,

Nayef

Re: Jay McAuley steps down

Jay McAuley has stepped down as head coach of the Wofford men’s basketball program. McAuley was an assistant coach for the Terriers from 2008-10, returned as associate head coach of the Terriers from 2017-19, and took over as head coach in April 2019. Wofford basketball is thankful for his service and leadership, and we wish he and his family well in future endeavors.
