From: President's Office PresidentsOffice@wofford.edu
Subject: United Way 2023 campaign announcement
Date: April 10, 2023 at 10:06 AM
To: stonerp@wofford.edu

PO

Dear colleagues:

I want to invite you to join me in making your mark on our community by taking part in Wofford's 2023 United Way Campaign, April 10-21.

The United Way of the Piedmont makes an impact on the health, education and economic mobility of the citizens of Spartanburg, Cherokee and Union counties. The needs are great, but the United Way is moving the needle through philanthropy and community-engagement, and our Wofford community has the opportunity to be a part of that.

Our Terriers Unite Campaign features a secure online giving option as well as a campaign website dedicated to Wofford College. Please contribute at www.give2uwp.org/wofford; faculty and staff may select the option for an ongoing or one-time payroll deduction for the upcoming year or make a one-time gift via credit or debit card. If you prefer to participate using the traditional paper pledge form, that option is available as well.

As a new element of our campaign this year, there are a few perks available to those who choose to participate. For non-exempt staff, the college will host a cookout for all who make a donation. Any employee who designates a monthly payroll deduction during the campaign will be entered into a raffle to win fantastic prizes donated by our campus partners including Wofford Bookstore merchandise, family ticket packages to basketball and football games, AVI Terrier Bucks gift cards and Wofford athletics swag.

Over the next few weeks, you will receive additional information from our United Way volunteer committee, led by Ashley Owen, associate dean of students

(owenam@wofford.edu); Roberta Hurley, senior vice president of administration and secretary to the board of trustees (hurleyrl@wofford.edu); Dr. Jameica Hill, associate provost for administration and professor of chemistry; and Dr. Laura Barbas Rhoden, professor of Spanish. Ashley, Roberta, Jameica and Laura have worked hard to make this an educational and productive campaign, and I appreciate their time and diligence. Please contact any of them with questions or to learn more about how you can participate.

In our community, one in four people struggle to meet their basic needs. As you consider your contribution for the year, please know that the planning committee chairs, along with Prema and me, have pledged to match the first \$5,000 in gifts. Through the United Way, we can all make a difference, so please join us in supporting the Wofford College United Way Campaign.

Thank you!

This event will be held in the Martha Cloud Chapman Gallery in the Sandor Teszler Library.

Subject: Wofford United Way Campaign- Let's Finish Strong

United Way of the Piedmont

There's still time to give before our annual Wofford United Way campaign concludes **TODAY**. During the past 10 days, 23 donors have contributed an amazing \$7,089. Let's keep the momentum going by visiting www.give2uwp.org/wofford to give.

Why our United Way chairs give?

“For me, the multi-pronged approach of the United Way of the Piedmont (UWP) represents a compelling, strategic response to troubling realities in our community. Twenty-seven percent of families living here cannot cover basic monthly expenses such as housing, utilities, food and healthcare without assistance. The UWP Homeless Prevention Fund helps keep people housed (128 individuals and families assisted and stabilized last year); Community resource coordinators provide expert case management (1,919 hours benefitting over 650 families last year fiscal year); and the advocacy agenda elevates policy work that can further structural change for greater well-being.”

-Dr. Laura Barbas-Rhoden
Professor of Spanish and United Way of the Piedmont Board Member

“The United Way provides opportunities to those who might not have access otherwise. My work with the African American Leadership Society of the United Way of the Piedmont provides an opportunity for me to contribute to the readiness of students in our community to be enrolled and successfully matriculate in post-secondary education.”

-Dr. Jameica Hill
Associate Provost of Administration and Professor of Chemistry
United Way African American Leadership Society Member

“Supporting the United Way is an easy decision for me to make because I have known former students and employees who have directly benefitted from the organizations that the United Way funds. I appreciate that Wofford allows us to donate through payroll deduction to the

United Way and to Wofford College. Please join me in helping others.”

-Roberta Hurley

Senior Vice President of Administration and Secretary to the Board of Trustees Member of the United Way Women United

“It is not lost on me that our campus, with so many resources and such privilege, is nestled in a community where many often struggle to meet basic needs. I give to the United Way because I am consistently impressed with ways in which they support our local non-profit partners in their organizational needs and in their direct impact on the individuals who live in the neighborhoods in which we get to work and live.”

-Ashley Owen

Associate Dean of Students

Visit www.give2uwp.org/wofford to make your own community-wide or donor choice impact by payroll deduction, credit card or debit card. Donations by payroll deduction will run for one year, from May 2023 to May 2024.

Thank you for taking this opportunity to give back to our community.

Best regards,

Ashley, Roberta, Jameica and Laura

Materiality and the Divine: Baroque art across Europe

Details: This exhibition, including works from Wofford's collection along with loans from the Bob Jones University Museum and Gallery, explores the dynamic and revolutionary art of the Baroque era in Europe. The deeply moving art of this period, C. 1600-1750, with its dynamic and monumental compositions, deep color, realistic detail and dramatic light, reflects seismic changes happening across Europe during religious upheaval and global exploitation. This exhibit is free and open to the public. Located in the Lower Level Richardson Family Art Museum.

Intersecting Methods: 2020 Portfolio

Details: As a process for creating art, printmaking has many similarities to the scientific method. Printmakers dream up the imagery, experiment with their mediums, proof their plates, manipulate the variables (one at a time) and proof again to be able to create the desired results in the final edition. Intersecting Methods is a portfolio that brings together the arts and the science to create collaborative prints by partnering a printmaker with a collaborator. This event will be held in the Martha Cloud Chapman Gallery in the Sandor Teszler Library.

CETL lunches

Details: Center for Excellence in Teaching and Learning lunches occur every Wednesday from 11:30 a.m. to 1 p.m. in the faculty/staff dining room. They're an opportunity to get together to talk about teaching; to share things you're doing in your classes, to seek input or advice on things you're considering doing or to listen to what others are doing. Lunches don't have a specific agenda. What we talk about at any given lunch depends on the interests of those present. Come for 15 minutes or 90. Come every week or only once. Whatever works for you. The CETL will cover the cost of lunch for participants.
